

others who work for the rights of the poor. Hundreds of thousands of Latin Americans have been victims of SOA graduates.

A particularly egregious example shows Americans have been affected too. In 1980, Sisters Dorothy and Jean Donovan of Cleveland, along with two other churchwomen from the U.S., Sister Maura Clarke and Sister Ita Forde, were raped and murdered by members of the armed forces of El Salvador. Three of the five officers involved were graduates of the School of the Americas.

I oppose the continuation of funding for the Merida Initiative and expansion of this flawed program to the Caribbean countries. Time and again, research has demonstrated that illicit drug production in developing countries stems from pervasive rural poverty and lack of sustainable sources of income. More money for guns and other tools of destruction will do nothing to ease the suffering of those struggling with addiction or alleviate the social problems that compel people to produce and/or traffic drugs.

I also oppose the Import-Export Bank provision in Section 7043 of the bill regarding Iran. Sanctions can be an effective diplomatic tool in the right circumstances. However, sanctions are meant to cripple economies and as such can have disastrous consequences for the citizens of any sanctioned country. Iran is experiencing extreme turmoil among its citizens. Recent events make it very clear that the people of Iran are to be commended for their courage, not strangled by an increasingly crippled economy as the fabric of their society is being ripped apart. Furthermore, the provision will undoubtedly target countries that are our allies who will have a role to play as the U.S. moves forward diplomatically with Iran and in the region generally. With the global economic crisis, this policy will cause the U.S. to fall far short of our diplomatic goals in the region.

These are policies that take us down the wrong path. I cannot support this bill.

EARMARK DECLARATION

HON. THOMAS E. PETRI

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 14, 2009

Mr. PETRI. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3183 Energy and Water Development and Related Agencies Appropriations Act, 2010:

Requesting Member: The Honorable THOMAS E. PETRI

Bill Number: H.R. 3183

Account: Department of Energy; Energy, Efficiency, and Renewable Energy (EERE)

Legal Name of Requesting Entity: University of Wisconsin Oshkosh

Address of Requesting Entity: 800 Algoma Blvd, Oshkosh, Wisconsin 54901

Description of Request: The \$500,000 appropriation will be used by UW Oshkosh to establish a program for biomass recycling to be housed on their campus. This project is in conjunction with several private and public entities in the State of Wisconsin. The EERE account provides federal funds to strengthen the United States' energy security, environmental

quality, and economic vitality in public-private partnerships. This project is expected to both reduce organic waste sent to the landfill and produce alternative fuels to replace fossil-fuel generated energy for campus operations. The University believes it will save approximately \$150,000 annually in energy savings. Schools, nursing homes, and other community institutions and households will gain a means to dispose of biomass waste in an environmentally responsible manner and the entire community will benefit from reduced demand on landfill capacity. Funding will be used to acquire the anaerobic digesting plant equipment, plan and engineer the installation of the digester plant, and educate the Oshkosh area community about this new technology. This project supports the University's plan to develop alternative sustainable energy sources and follow the Governor of Wisconsin's directive to eliminate dependence on fossil fuels.

Account: U.S. Army Corps of Engineers, Section 1135

Legal Name of Requesting Entity: U.S. Army Corps of Engineers, Detroit Division

Address of Requesting Entity: P.O. Box 1027, Detroit, MI 48231

Description of Request: \$150,000 for the Corps of Engineers' assistance to participate in an investigation to determine the extent of the Corps' water level management strategy on the depletion of fish and other aquatic habitat within Lake Poygan, Winnebago County, Wisconsin. Lake Poygan once provided abundant high quality habitat for water fowl and other birds, furbearers, and warm water fishery. Much of this habitat has deteriorated in recent years. The existing water level management strategy is being reviewed to determine its role in the degradation. Water levels at Lake Poygan have been managed under the U.S. Army Corps of Engineers' Fox River project since 1872. The project would involve the construction of a break wall on Lake Poygan for the purpose of protecting, improving, and restoring fish and other aquatic life habitat. FY 2010 funding would be used to continue the feasibility phase.

Account: U.S. Army Corps of Engineers—Construction

Legal Name of Requesting Entity: U.S. Army Engineer District, Chicago

Address of Requesting Entity: 111 North Canal Street, Suite 600, Chicago, IL 60606.

Description of Request: The appropriation will provide \$7.275 million in the FY 10 Energy and Water Development Appropriations bill, Construction account for the Chicago Sanitary & Ship Canal. The funding would be used for the construction and operation of the electric dispersal barriers in the canal as well as a study to consider alternative approaches to prevent inter-basin transfers of aquatic nuisance species. This request was made with numerous Members and Senators of the Congressional Great Lakes Task Force, along with a request from President Obama.

Account: U.S. Army Corps of Engineers—Construction

Legal Name of Requesting Entity: U.S. Army Engineer District, Great Lakes & Ohio River Division

Address of Requesting Entity: 550 Main Street, Room 10032, Cincinnati, OH 45202

Description of Request: The appropriation will provide \$3.2 million in the FY 10 Energy and Water Development Appropriations bill, for restoration projects under the Great Lakes

Fishery & Ecosystem Restoration program. The funding would be used in coordination with other federal, state, and local agencies and the Great Lakes Fishery Commission to plan, implement, and evaluate projects supporting the restoration of the fishery, ecosystem, and beneficial uses of the Great Lakes. This request was made with numerous Members and Senators of the Congressional Great Lakes Task Force.

Account: U.S. Army Corps of Engineers—Investigations

Legal Name of Requesting Entity: U.S. Army Engineer District, Great Lakes & Ohio River Division

Address of Requesting Entity: 550 Main Street, Room 10032, Cincinnati, OH 45202

Description of Request: The appropriation will provide \$4 million in the FY 10 Energy and Water Development Appropriations bill, General Investigations account for Remedial Action Plan (RAP) Committees. The funding would be used for RAPs to identify specific actions to resolve pollution problems by coordinating with the Corps of Engineers in dredging and sediment cleanups. This request was made with numerous Members and Senators of the Congressional Great Lakes Task Force.
