EARMARK DECLARATION

**HON. ROBERT B. ADERHOLT**

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 16, 2009*

Mr. ADERHOLT. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3170, the Financial Services and General Government Appropriations Bill:

Requesting Member: ADERHOLT

Bill Number: H.R. 3170

Account: Small Business Administration (SBA), Salaries and Expenses

Legal Name of Requesting Entity: Alabama Small Business Institute of Commerce, Rainbow City, AL

Address of Requesting Entity: P.M.B. 172, 3331 Rainbow Drive, Suite E, Rainbow City, AL 35906

Description of Request: "For small business training, \$100,000"

The funding would be used to provide education and workforce training to Alabama's workforce. The Alabama Small Business Institute and PTAC will partner together to provide assistance to Alabama small business owners with education and workforce development geared towards procuring government contracts. The Industrial Systems Technology and Machining Training will help meet the Federal government's mission of increasing training opportunities to create qualified workers through the nation's community college system. Approximately \$65,000 will be allocated for salaries and \$35,000 for equipment, supplies, travel and related costs.

Requesting Member: ADERHOLT

Bill Number: H.R. 3170

Account: Small Business Administration (SBA), Salaries and Expenses

Legal Name of Requesting Entity: Alabama Technology Network, Birmingham, AL

Address of Requesting Entity: 500 Beacon Parkway West, Birmingham, AL 35209

Description of Request: "For the Alabama Center for Advanced Woodworking Technology, \$350,000"

The funding would be used to assist with the renovation, wiring, and expansion of an existing building. The renovation would provide a new location in the facility to house the woodworking facility. The funds would also be used to provide for the physical relocation of the equipment from its current location. The purpose of the funding is to facilitate the growth and development of Alabama's secondary wood processing industries and be a part of local, state and national efforts to recruit, train and retain wood related industries. \$257,500 will be used to disassemble, relocate, reassemble, install, and purchase any additional equipment, materials, supplies, and services to allow ACAWT to renovate and operate in the new facility. \$92,500 will be allocated towards any renovations including additional equipment, services, marketing, and costs necessary to restart operations.

Requesting Member: ADERHOLT

Bill Number: H.R. 3170

Account: Small Business Administration (SBA), Salaries and Expenses

Legal Name of Requesting Entity: Northeast Alabama Community College, Rainsville, AL

Address of Requesting Entity: 138 Alabama Highway 35, Rainsville, AL 35986

Description of Request: "For industrial systems technology and machining training, \$335,000"

The funding would be used to assist with the renovation and equipping of a building purchased by Northeast Alabama Community College that will provide the necessary facilities for instruction in the areas of welding, machining, and industrial systems technology (maintenance). \$280,000 will be used for equipment and \$55,000 will be used for salaries.

EARMARK DECLARATION

**HON. DEAN HELLER**

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 16, 2009*

Mr. HELLER. Madam Speaker, Pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3183—Energy and Water Development and Related Agencies Appropriations Act, 2010:

Requesting Member: Congressman DEAN HELLER

Bill Number: H.R. 3183

Account: Corps of Engineers—Construction—Rural Nevada

Legal Name of Requesting Entity: Nevada Statewide: Washoe County Dept of Water Resources, The City of Fernley, Nevada

Address of Requesting Entity: 4930 Energy Way, Reno, NV 89502; 595 Silver Lace Blvd., Fernley, NV 89408

Description of Request: \$3,000,000. Funds will be used to support Sec. 595 of WRDA 1999 to provide rural localities in Nevada with funding for the design and construction of water supply, wastewater treatment, environmental restoration and surface water protection projects.

Specifically, the Washoe County Department of Water Resources will use some of these funds for a multi-phased project that will provide water service to residents currently using domestic wells. Declining water levels and deteriorating water quality are resulting in domestic well failures. In addition, on-site septic systems are contributing contaminants to the groundwater, resulting in residents consuming water that does not meet federal and state water quality standards. The Washoe Department of Water Resources has been working in phases to construct a community water system which will provide residents with a reliable supply of water that meets all state and federal drinking water standards.

Additionally, the City of Fernley, Nevada will use some of these funds for a project that includes the design, property acquisition, and construction of a surface water intake for the Fernley Water Treatment Plant. The plant currently utilizes groundwater as its only source of water, so this project will increase the flexibility in the management of Fernley's water re-

sources. The City of Fernley currently holds approximately 10,000 acre-feet of surface water rights that cannot be utilized without such a facility. This project allows the City of Fernley to utilize a source of water that increases the flexibility of Fernley's water resources. This project enhances Fernley's drought tolerance and introduces surface water to its potable water customers with a lower concentration of arsenic than Fernley's groundwater.

Requesting Member: Congressman DEAN HELLER

Bill Number: H.R. 3183

Account: Department of Energy—Science

Legal Name of Requesting Entity: Desert Research Institute

Address of Requesting Entity: 2215 Raggio Parkway, Reno, NV 89512

Description of Request: \$750,000. This funding will help the Desert Research Institute create a statewide center to house and use all available data needed to better understand the current and potential future distribution of water resources within Nevada. Water has become, and will continue to be, the most important limiting resource for the semi-arid urbanizing western United States. This project seeks to fully understand current distribution of water, while also being able to predict accurately the impacts of future conditions (e.g., growth and climate change) on the availability of water.

TRIBUTE TO DR. RAPHAEL KATZEN

**HON. STEVE DRIEHAUS**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 16, 2009*

Mr. DRIEHAUS. Madam Speaker, today we celebrate the life of Dr. Raphael Katzen as well as his 60-year career and vast accomplishments in the biofuel industry.

Called the "biofuel world champion" by a dear friend, Raphael Katzen was a pioneer in the ethanol industry. Dr. Katzen saw ethanol grow from a World War II emergency measure to a five billion-gallon industry. Beside establishing Raphael Katzen Associates International, Inc., a company well known and respected for its focus on innovation and next-generation technology, Dr. Katzen was named a fellow of both the American Institute of Chemical Engineers and the American Institute of Chemists. Among his many accolades, Dr. Katzen received the prestigious Professional Practice Award of the American Institute of Chemical Engineers, an award that earned him recognition by the Ohio House of Representatives. He also received the C.D. Scott Award of the Symposium on Biotechnology and Bioengineering. In 1996 Dr. Katzen was honored for his lifetime of achievements in bioengineering by election to the National Academy of Engineering.

While all of Dr. Katzen's accomplishments are impressive, perhaps most memorable will be his timeless drive and innovation that kept him on the cutting edge of technology development. Even in his 90s, he could still be found asking tough questions and pushing the envelope at industry conferences.

On behalf of the Congress of the United States and the citizens of Ohio's First Congressional District, it is an honor to recognize the life and career of this remarkable man.
