GENERAL LEAVE

Mr. OLVER. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include tabular and extraneous material on H.R. 3288.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Massachusetts?

There was no objection.

TRANSPORTATION, HOUSING AND URBAN DEVELOPMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2010

The SPEAKER pro tempore. Pursuant to House Resolution 669 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the State of the Union for the consideration of the bill, H.R. 3288.

□ 1255

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the State of the Union for the consideration of the bill (H.R. 3288) making appropriations for the Departments of Transportation, and Housing and Urban Development, and related agencies for the fiscal year ending September 30, 2010, and for other purposes, with Mr. SNYDER in the chair.

The Clerk read the title of the bill.

The CHAIR. Pursuant to the rule, the bill is considered read the first time. The gentleman from Massachusetts (Mr. OLVER) and the gentleman from Iowa (Mr. LATHAM) each will control 30 minutes.

The Chair recognizes the gentleman from Massachusetts.

Mr. OLVER. Mr. Chairman, I yield myself such time as I may consume, and hopefully that will be less than 5 minutes.

Mr. Chairman, it is my privilege and pleasure to present the fiscal year 2010 Transportation, Housing and Urban Development, and Related Agencies Appropriations bill to the House. This bill is the product of many hours of hear-

ings and briefings, always with bipartisan input and excellent subcommittee member participation. I especially would like to recognize the important contributions of my ranking member, TOM LATHAM, in putting this bill together. And as with any healthy relationship, we do not always agree, but I greatly appreciate his partnership, and his input has made the bill better.

I also want to take a moment to recognize the hard work of staff, specifically on the minority side, Dena Baron, David Gibbons, Allison Fox and Doug Bobbitt; and on the majority side, Kate Hallahan, Laura Hogshead, Dave Napoliello, Lisa Pena, Alex Gillen, Janine Scianna, Andrew Burton and Blair Anderson. They have spent many late nights putting this bill together, and we would not be here today without their dedication.

There has been close communication and coordination between the minority and the majority staffs throughout this process, and the bill is better for that input.

Recognizing that today may be long, my remarks will be brief. This is a non-partisan bill, as bills related to transportation and housing should be. It invests in our Nation's infrastructure during a transformational period for both the Department of Transportation and the Department of Housing and Urban Development. The bill provides \$123.1 billion in total budgetary resources, \$48 million below the President's budget request. Within Housing and Urban Development, this bill recognizes that foreclosure rates remain high and the current economic climate

and weak job market have increased demand for affordable housing. To that extent, this bill provides \$47.1 billion for HUD and targets most of the \$1.6 billion increase over the President's budget to programs that the previous administration repeatedly attempted to reduce or zero out and thus have not kept up with the need.

In contrast, Transportation is a budget in flux, largely covering programs that are in transition with major surface and aviation authorizations pending. The authorizing committees of jurisdiction in both the House and Senate have either passed or begun marking up multi-year legislation to reform and extend these important infrastructure programs. In that regard, the bill includes \$75.8 billion in transportation infrastructure investments. That is \$1.66 billion below the President's request.

Last, I want to note that in supporting the transformations taking place at each Department, this bill has emphasized investments in five key areas: one, building healthy communities with environmentally sustainable solutions; two, maintaining services in rural communities; three, supporting vulnerable populations; four, investing in the national infrastructure; and, five, ensuring transportation safety.

In conclusion, we worked hard to balance many competing needs to produce a bill that reflects the bipartisan needs of transportation and housing. I'm pleased with the product, and I urge Members to support it.
