

closest to the people where it really matters and makes a difference.

That service included time as President of the Kiwanis Club, many years on the City Library Board, work as Chairman of the Smithfield Historical Heritage Society and multiple terms on the Smithfield City Council.

He was an active member of the Cache Valley Council of the Boy Scouts of America, and in 1961 received the Silver Beaver Award in recognition of his long time service in the scouting program.

The Smithfield Lion's Club honored Hazen in 1974 with its Outstanding Citizen of the Year award.

Hazen Hillyard was appointed Postmaster of Smithfield in 1934. At the time of his appointment, there was no house-to-house mail delivery in the city, so residents were required to go to the Post Office for their mail. Hazen enjoyed interacting with the people as they stopped at the general delivery window for their mail and for other mail services. He was very involved in the Utah chapter of the National Postmasters Association and was even elected President of the state chapter in 1952. He visited all of the post offices in Utah during that year of service.

As the population of Smithfield increased, Mr. Hillyard recognized the need for expanded and better postal facilities. He was successful in getting a new, larger building for the post office in 1957. In 1963 he completed arrangements for city delivery of the mail to houses in Smithfield.

A letter from the city manager of Smithfield says, "The citizens of Smithfield City have long appreciated and admired the legacy of W. Hazen Hillyard. As a city we strongly encourage and support an effort to rename the Smithfield Post Office in recognition of his lifetime of service and achievement."

When Hazen grew older he still was very interested in the improvement and advancement of Smithfield. His life and service clearly prove that he loved the people and the community, and I'm honored to help the United States House of Representatives acknowledge and recognize that.

COMMENDING CENTURYLINK'S
COMMITMENT TO LOUISIANA

HON. RODNEY ALEXANDER

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 19, 2009

Mr. ALEXANDER. Madam Speaker, it is with deep appreciation for this company's many contributions to Louisiana that I rise today to commend CenturyLink.

The telecommunications provider has an impressive track record of success. In July, CenturyLink was formed through the acquisition of Embarq Corporation by CenturyTel Inc., becoming the nation's fourth largest traditional telephone company. It is currently one of three Fortune 500 companies headquartered in Louisiana, and more importantly, it has been one of the state's top private-sector employers for many years.

CenturyLink, which has approximately 20,000 employees in 33 states, announced yesterday it will add 350 jobs in Louisiana while maintaining its headquarters in Monroe for at least the next decade.

The recent decision by CenturyLink to stay and grow in the Monroe area is a testament to the strong and skilled workforce found in Northeast Louisiana. During this time of economic uncertainty, CenturyLink is actively working to create new jobs in our communities. I am confident the remarkable progression of CenturyLink will continue to provide great opportunities for the residents of our area.

I ask my colleagues to join me in saluting CenturyLink and its commitment to building a stronger Louisiana.

RECOGNIZING THE SIGNIFICANT

HON. JO BONNER

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 19, 2009

Mr. BONNER. Madam Speaker, I am very proud to bring to the attention of the House the outstanding achievement of the University of South Alabama Jaguar football team. The University of South Alabama is located in my Congressional district.

During 2009, the NCAA Division III Jaguars, under head coach Joey Jones, delivered a perfect 7-0 season.

The undefeated Jaguars made history not only for their unblemished record on the gridiron this year, but also for the fact that until this year, the Jaguars never had a football team. What's more, they didn't even have a marching band until this year.

The Jaguars' 2009 inaugural season was nothing short of a Cinderella performance, capped by an impressive 35-0 final game victory over the Huntingdon College Hawks on November 12. The average inaugural season game attendance was an impressive 18,000.

Speaking at USA's Media Day on November 16, Jaguars Head Coach Joey Jones put their victory into context: "Number one, it makes a statement that South Alabama is here to build a Division I football program."

This summer the Jaguars took on a daunting task and they defied the odds by building on the basics and truly working together as a team. With this winning combination, they will surely succeed in reaching Division I.

I would like to congratulate the USA coaching staff and the team: Head coach Joey Jones and coaches Bill Clark, Kurt Crain, Greg Gregory, Mitch Rodrigue, John Turner, Jeff Bailey, Barrett Parker, Dameyune Craig, Chuck Dunn, Tommy Perry, Brian Turner, Duwan Walker, Brendt Bedsole, and Justin Schwind.

The Jaguars' story is inspiring to us all, and I know that I speak for the entire community when I wish them congratulations on a job well done.

Can't wait for 2010. Go Jags!
