**ST. MARY’S BASKETBALL**

(Mr. GARAMENDI asked and was given permission to address the House for 1 minute.)

Mr. GARAMENDI. Mr. Speaker, I rise today in recognition of the St. Mary’s basketball team of Moraga and their trailblazing NCAA tournament run. They have inspired basketball fans across this country with their teamwork and determination.

The St. Mary Gaels earned a berth in the tournament with a remarkable season capped with a west coast championship and their victory in the first round NCAA tournament. They tossed aside a half century of tournament setbacks and showed that they are a force to be reckoned with. In the second round, St. Mary’s went head to head with the number two seed, Villanova, a perennial basketball powerhouse, and with a gutsy performance they prevailed.

And I will add that many of these young men that are on these teams will be able to stay on their parents’ health insurance as a result of the action and the President’s signature on the health care bill, up to the age of 26.

In the meantime, we look forward to Saturday’s game and another victory by these outstanding players.

**HEALTH CARE REFORM**

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, under the new health care reform law, we find the Internal Revenue Service has been appointed as the health insurance police.

The Ways and Means Committee reports the following: IRS agents will have to verify that you have acceptable health care coverage, which has yet to be defined. That used to be your decision. Now, it’s a decision to be made by an appointed Federal official. If they don’t find your coverage acceptable or if you don’t have coverage, the IRS can fine you up to \$2,250, or 2 percent of your income.

One of the rubs is that the fine is much cheaper than buying health care coverage; and when you get sick, you can still buy coverage that will apply.

Now, if you can’t pay the fine the IRS assesses, they have the power to confiscate your tax refund.

This new police force will require about \$1 billion a year and more than 16,000 new Federal employees. But, of course, the new law did not include money to pay for this vast expansion of power for the IRS. It’s just one more example of the Democrats’ deficit spending.

**HEALTH CARE REFORM**

(Mr. MORAN of Kansas asked and was given permission to address the House for 1 minute.)

Mr. MORAN of Kansas. The National Right to Life Committee and Planned Parenthood don’t agree on much, but over the past few days they both agree that the executive order regarding
