

Death investigation, investigations of violent crime, and investigations of drug activity which directly contribute to violent crime, currently consume the majority of Investigative Division resources. GBI agents are constantly exploring and developing more effective investigative techniques to address violent crime.

The Dekalb County Police Department understands and strongly embraces the philosophy and strategy of Community Oriented Policing in their daily operations and functions. Proactive strategies that promote lasting crime reduction and problem-solving will be developed and implemented. This will be accomplished through a working partnership based on mutual trust, understanding and a shared responsibility in all branches of government, the police department, the private sector, each citizen and within all of our communities. I would have to agree with President Obama when he said, "We are going to do everything in our power as long as I'm in the White House and as long as I'm the father of two girls to make sure that we're providing the states the support that they need"; these words were Obama's commitment to continue to fight crime, and provide law enforcement with the necessary tools. During my time as a Dekalb County commissioner I worked in conjunction with local police departments to combat crime and keep my community safe. As a former commissioner, judge, and a father of two children myself, I understand the detrimental impact that crime can have on a community and the importance of increasing awareness of protecting the rights of victims and survivors of crime.

Please join me and support this resolution to bring awareness to the rights, needs, and concerns of victims and survivors of crime in the United States.
