Congressional Record

PROCEEDINGS AND DEBATES OF THE 111th CONGRESS, SECOND SESSION

Vol. 156

WASHINGTON, TUESDAY, DECEMBER 14, 2010

No. 165—Book II

Senate

EXPLANATORY STATEMENT SUBMITTED BY SENATOR DANIEL K. INOUE REGARDING THE PROPOSED AMENDMENT TO THE AMENDMENT OF THE HOUSE OF REPRESENTATIVES TO THE SENATE AMENDMENT TO H.R. 3082—Continued

DIVISION D—ENERGY AND WATER DEVELOPMENT AND RELATED AGENCIES APPROPRIATIONS ACT, 2011

Following is an explanation of the effects of Division D, which makes appropriations for the energy and water development and related agencies for fiscal year 2011. As provided in Section 4 of the consolidated bill, this explanatory statement shall have the same effect with respect to the allocation of funds and the implementation of this divi-

sion as if it were a joint explanatory statement of a committee of conference.

TITLE I

CORPS OF ENGINEERS—CIVIL
DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

The summary tables included in this title set forth the dispositions with respect to the individual appropriations, projects, and activities of the Corps of Engineers. Additional items of the Act are discussed below.

Five-year Plan.—Historically the Administration has been directed to provide five-year investment plans for all the agencies within the Energy and Water jurisdiction, particularly the Corps. The five-year plan should be based on realistic assumptions of project funding needs.

The executive branch has traditionally been unwilling to project five-year horizons

for projects they do not support through the budget process. This leaves a considerable percentage of Corps funding that relies upon congressional direction and a year-to-year horizon for planning purposes. It would be beneficial for Congress, the Administration, and project partners to have a comprehensive plan to outline requirements for all projects that receive an appropriation. The Committees on Appropriations would welcome a dialogue to reach a mutually-agreeable way to comprehensively plan for all ongoing projects.

Inland Waterways Trust Fund.—For guidance on the Inland Waterways Trust Fund, reference Senate Report 111-228.

INVESTIGATIONS

The allocation for projects and activities within the Investigations account is shown in the following table:

NOTICE

If the 111th Congress, 2d Session, adjourns sine die on or before December 23, 2010, a final issue of the *Congressional Record* for the 111th Congress, 2d Session, will be published on Wednesday, December 29, 2010, in order to permit Members to revise and extend their remarks.

All material for insertion must be signed by the Member and delivered to the respective offices of the Official Reporters of Debates (Room HT-59 or S-123 of the Capitol), Monday through Friday, between the hours of 10:00 a.m. and 3:00 p.m. through Wednesday, December 29. The final issue will be dated Wednesday, December 29, 2010, and will be delivered on Thursday, December 30, 2010.

None of the material printed in the final issue of the *Congressional Record* may contain subject matter, or relate to any event that occurred after the sine die date.

Senators' statements should also be submitted electronically, either on a disk to accompany the signed statement, or by e-mail to the Official Reporters of Debates at "Record@Sec.Senate.gov".

Members of the House of Representatives' statements may also be submitted electronically by e-mail, to accompany the signed statement, and formatted according to the instructions for the Extensions of Remarks template at <http://clerk.house.gov/forms>. The Official Reporters will transmit to GPO the template formatted electronic file only after receipt of, and authentication with, the hard copy, and signed manuscript. Deliver statements to the Official Reporters in Room HT-59.

Members of Congress desiring to purchase reprints of material submitted for inclusion in the *Congressional Record* may do so by contacting the Office of Congressional Publishing Services, at the Government Printing Office, on 512-0224, between the hours of 8:00 a.m. and 4:00 p.m. daily.

By order of the Joint Committee on Printing.

CHARLES E. SCHUMER, *Chairman.*

• This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Printed on recycled paper.

Interbasin Control of Great Lakes—Mississippi River Aquatic Nuisance Species, Illinois, Indiana, Ohio, Wisconsin.—Within the funds provided, the Corps is directed to include interim studies providing the costs and benefits of hydrologic separation of the Great Lakes watershed from the Mississippi River watershed.

Great Lakes Remedial Action Plans and Sediment Remediation—Michigan, Illinois, Indiana, Minnesota, New York, Ohio, Pennsylvania, and Wisconsin.—Studies on the Black, Cuyahoga

and Maumee Rivers, Ohio shall be undertaken within the funds provided.

Coastal Field Data Collection.—The Wave Data Study should be continued within the funds provided.

Planning Support Program.—\$744,000 over the budget request is provided for the Planning Support Program. The Corps has a number of Planning Centers of Expertise, however, these Centers do not have the resources necessary to make them truly effective. The additional funds provided should be utilized to ensure the effectiveness of these Centers and the Corps is urged to budget necessary

resources in future budgets to ensure that these Centers of Expertise remain viable assets for the Corps' planning program.

Tribal Partnership Program.—Within the funds provided studies with tribes in New Mexico and with the Lower Brule Sioux Tribe in South Dakota should be undertaken.

Ozark-Jeta Taylor, Arkansas.—This is another case where Administration investments in our infrastructure seem to be penny-wise and pound-foolish. The budget request provided no funds for this on-going continuing contract. Termination costs for this continuing contract are estimated to be \$20,000,000. Energy losses over the past 3 fiscal years exceed \$25,000,000 due to forced outages of the hydropower units. Funds are provided to complete the rehabilitation work on turbine unit 3.

Oakland Harbor, California.—Within the funds provided, \$2,087,000 is for a repayment to the Port of Oakland to settle the port's payments in excess of the local cost share on the 42-foot construction project DACW07-95-003.

Everglades and South Florida Ecosystem Restoration, Florida.—For activities in the Central and South Florida Project \$136,426,000 is provided for Picayune Strand including Faka Union Pump Station; Indian River Lagoon South; C-111 (South Dade); for testing of the Pilot Projects; for West Palm Beach Canal; and E&D for CERP including Adaptive Assessment and Monitoring.

Tampa Harbor, Florida.—\$200,000 is provided above the budget request to complete the

General Reevaluation Report of the federal project.

Olmsted Locks and Dam, Ohio River, Illinois and Kentucky.—Funds are provided to continue construction of this project. None of the funds provided for the Olmsted Locks and Dam Project or any other construction funds are to be used to reimburse the Claims and Judgment Fund.

Muddy River, Boston and Brookline, Massachusetts.—Funding is included to continue project design and construction, including ecosystem restoration features.

Rural Nevada, Nevada.—For guidance on the expenditure of these funds reference Senate Report 111-228.

North Dakota [EI], North Dakota.—Within the funds provided: \$1,600,000 is recommended for the Mandan Raw Water Intake; \$75,000 for the Southeast Water Users District SEWUD; \$1,700,000 for the Grafton Water Treatment Plant Improvements; \$1,375,000 for the North Prairie Rural Water District; \$1,575,000 for the Park River Water Distribution System Improvements; \$900,000 for the Walsh Rural Water District Ground Storage Expansion; \$1,500,000 for the Grand Forks Water Treatment Plant—Pilot Testing and Design; \$275,000 for the Fargo Water Treatment

Plant Facility Study Plan; \$1,825,000 for the McKenzie County Regional Water Service; \$750,000 for the Williams Rural Water Phase I; \$1,500,000 for the Greater Ramsey Water District expansion; \$100,000 for the Williston Waste Water Treatment System Improvements; \$425,000 for the LaMoure Sanitary Sewer Lining Project; and \$700,000 for the Traill Rural Water District Phase III project.

Rural Utah, Utah.—For guidance on the expenditure of these funds reference Senate Report 111-228.

Shore Line Erosion Control Development and Demonstration Program.—\$2,500,000 is provided for construction of a shoreline erosion abatement device at Oil Piers in Ventura County, California, as well as monitoring programs and other appropriate activities under this authority.

Continuing Authorities Program.—For guidance on the Continuing Authorities Program, reference Senate Report 111-228.

Yazoo Basin, Big Sunflower Basin, Mississippi.—Not more than \$2,130,000 should be used for the continued construction of these water quality and sedimentation reduction measures. Water quality funds shall be used for the monitoring and establishment of water quality reference indicators and the development of total maximum daily loads target loads on Yazoo Basin projects.

Yazoo Basin, Delta Headwaters Project, Mississippi.—Funds are provided for the Corps to undertake construction work in the following watersheds: Abiaca Creek, Batupan Bogue, Black Creek, Coldwater River, Cane-Mussacana Creek, Hurricane-Wolfe Creek, Hickahala-Senatobia Creek, Hotophia Creek, Long Creek, Pelucia Creek, Otoucalofa Creek, Toby-Tubby Creek, Yalobusha River,

and Skuna River. The Corps shall design and construct future work, acquire real estate, and monitor results for all watersheds in fiscal year 2011 and for future work as required for completion of the total program.

OPERATION AND MAINTENANCE

The allocation for projects and activities within the Operation and Maintenance account is shown in the following table:

CORPS OF ENGINEERS—OPERATION AND MAINTENANCE
(AMOUNTS IN THOUSANDS)

	BUDGET RE- QUEST	CON- FERENCE AMOUNT
ALABAMA		
ALABAMA-COOSA COMPREHENSIVE WATER STUDY, AL	253	250
ALABAMA RIVER LAKES, AL	15,745	16,885
BLACK WARRIOR AND TOMBIGBEE RIVERS, AL	20,751	20,338
GULF INTRACOASTAL WATERWAY, AL	5,230	5,126
INSPECTION OF COMPLETED WORKS, AL	30	29
MOBILE HARBOR, AL	23,560	23,091
PROJECT CONDITION SURVEYS, AL	100	98
TENNESSEE-TOMBIGBEE WATERWAY WILDLIFE MITIGATION, AL & MS	1,900	2,077
TENNESSEE-TOMBIGBEE WATERWAY, AL & MS	23,767	25,345
WALTER F. GEORGE LOCK AND DAM, AL & GA	8,394	8,227
ALASKA		
ANCHORAGE HARBOR, AK	14,013	13,734
BETHEL HARBOR, AK	234	743
CHENA RIVER LAKES, AK	2,999	2,939
DILLINGHAM HARBOR, AK	955	936
DOUGLAS HARBOR, AK	241	236
HAINES HARBOR, AK	241	236
HOMER HARBOR, AK	513	503
INSPECTION OF COMPLETED WORKS, AK	180	176
KODIAK HARBORS, AK	495	495
NINILCHIK HARBOR, AK	420	412
NOME HARBOR, AK	973	954
PETERSBURG HARBOR, AK	1,500	1,430
PROJECT CONDITION SURVEYS, AK	360	1,333
ARIZONA		
ALAMO LAKE, AZ	3,019	2,959
INSPECTION OF COMPLETED WORKS, AZ	90	88
PAINTED ROCK DAM, AZ	1,522	1,492
SCHEDULING RESERVOIR OPERATIONS, AZ	33	32
WHITLOW RANCH DAM, AZ	607	595
ARKANSAS		
BEAVER LAKE, AR	10,570	10,360
BLAKLEY MT DAM, LAKE OUACHITA, AR	8,452	8,549
BLUE MOUNTAIN LAKE, AR	1,612	1,580
BULL SHOALS LAKE, AR	7,292	7,147
DARDANELLE LOCK & DAM, AR	7,632	7,480
DEGRAY LAKE, AR	6,979	7,093
DEQUEEN LAKE, AR	1,467	1,438
DIERHAM LAKE, AR	1,570	1,539
GILLHAM LAKE, AR	1,340	1,313
GREERS FERRY LAKE, AR	10,230	10,026
HELENA HARBOR, AR	15	485
INSPECTION OF COMPLETED WORKS, AR	311	305
MCCELLAN-KERR ARKANSAS RIVER NAVIGATION SYSTEM, AR	33,553	32,885
MILLWOOD LAKE, AR	4,802	4,706
NARROWS DAM, LAKE GREESON, AR	4,874	4,959
NIMROD LAKE, AR	1,957	1,918
NORFORK LAKE, AR	6,224	6,100
OSCEOLA HARBOR, AR	15	492
OUACHITA AND BLACK RIVERS, AR & LA	7,505	9,305
OZARK-JETA TAYLOR LOCK & DAM, AR	5,485	5,376
PROJECT CONDITION SURVEYS, AR	3	3
WHITE RIVER, AR	30	29
YELLOW BEND PORT, AR	3	111
CALIFORNIA		
BLACK BUTTE LAKE, CA	2,367	2,320
BUCHANAN DAM, HV EASTMAN LAKE, CA	2,119	2,077
CHANNEL ISLANDS HARBOR, CA	4,600	4,508
COYOTE VALLEY DAM, LAKE MENDOCINO, CA	3,652	5,452
DRY CREEK (WARM SPRINGS) LAKE & CHANNEL, CA	5,831	8,425
FARMINGTON DAM, CA	450	441
HIDDEN DAM, HENSLEY LAKE, CA	2,163	2,120
HUMBOLDT HARBOR AND BAY, CA	5,848	5,732
INSPECTION OF COMPLETED WORKS, CA	4,604	4,512
ISABELLA LAKE, CA	1,956	2,633
LOS ANGELES COUNTY DRAINAGE AREA, CA	7,035	6,895

Coyote Valley Dam, Lake Mendocino and Dry Creek (Warm Springs) Lake and Channel.—All funding above the budget request for these items is to be utilized to implement relevant measures, particularly Reasonable and Prudent Alternative 3, described in the National Marine Fisheries Service Biological Opinion for Water Supply, Flood Control and Channel Operations and Maintenance in the Russian River Watershed, dated September 24, 2008.

San Francisco Harbor, California.—Fiscal year 2011 funds may be used to perform required annual maintenance dredging and to finalize planning studies and the environmental requirements for the potential project. The Corps shall proceed to construction of a beach and dune nourishment project as quickly as possible, and that initiation of the construction shall be undertaken no later than fiscal year 2012.

Michigan Great Lakes Harbor Maintenance and Dredging, Michigan.—The Corps shall propose a maintenance program for fiscal year 2011 that would most effectively utilize both the budgeted funds along with the funds provided in this line item for these harbor and waterway projects.

New York Great Lakes Harbor Maintenance and Dredging, New York.—The Corps shall propose a maintenance program for fiscal year 2011 that would most effectively utilize

both the budgeted funds along with the funds provided in this line item for these harbor and waterway projects.

Wilmington Harbor, North Carolina.—\$300,000 is provided for studies and modeling of potential erosion impacts on adjacent shorelines at the southern end of Wilmington Harbor.

Garrison Dam and Lake Sakakawea, North Dakota.—\$100,000 above the budget request is provided for mosquito control in the Williston area due to shallow water habitat created by the impoundment of Lake Sakakawea.

Asset Management/Facilities and Equipment Maintenance.—For guidance on the expenditure of these funds reference Senate Report 111-228.

Coastal Data Information Program.—Additional funding recommended above the budget request along with the budget request is directed toward the maintenance of wave observations and the expansion of the national wave monitoring network. The Corps is requested to report back to the Committees on Appropriations on its plan to address critical data gaps in this system.

Great Lakes Navigation, IN, IL, MI, MN, NY, OH, PA & WI.—The Corps shall propose a maintenance program for fiscal year 2011 that would most effectively utilize these

funds along with the funds provided for harbor and waterway projects bordering the Great Lakes.

EXPENSES

Within the funds provided, \$2,365,000 is for the Mid-Atlantic River Basin Commissions. Inclusion of this funding should not be construed as a commitment by the Congress to providing any funding for these commissions in the future.

TITLE II

DEPARTMENT OF THE INTERIOR

BUREAU OF RECLAMATION

WATER AND RELATED RESOURCES

(INCLUDING TRANSFERS OF FUNDS)

Reprogramming.—To ensure that the expenditure of funds in fiscal year 2011 is consistent with congressional direction, to minimize the movement of funds, and to improve overall budget execution, the bill includes a legislative provision outlining the circumstances under which the Bureau of Reclamation may reprogram funds.

The allocation for projects and activities within the Water and Related Resources account is shown in the following table:

Central Valley Project—Friant Division.—Funds provided for the San Joaquin River Restoration should be used in conjunction with and in advance of those funds available from the San Joaquin River Restoration Fund.

St. Mary Project.—\$1,000,000 has been recommended for the St. Mary Diversion Rehabilitation Project. These funds should be utilized using applicable Reclamation Law and as directed in this Act.

Pick-Sloan Missouri Basin, Garrison Diversion Unit, North Dakota.—Within the funds provided, \$2,000,000 is for the Northwest Area Water Supply; \$7,000,000 is for the South Central Regional Water District; \$7,000,000 is for the Southwest Pipeline; and, \$3,120,000 is for the Standing Rock Sioux Tribe Irrigation Project.

Drought Emergency Assistance.—Within the funds provided, the Bureau of Reclamation is directed to recognize the unique conditions in Hawaii and provide full and fair consideration of the request for drought assistance from the State of Hawaii and fund if meritorious.

POLICY AND ADMINISTRATION

Five-year Plan.—The Administration is directed to provide the Committees on Appropriations with a five-year plan. The five-year plan will include the following: (1) two funding scenarios, one which reflects the Administration's expenditure ceilings and a second which reflects an expenditure level consistent with the fiscal year 2011 appropriation, including inflation for the out-years; (2) a list of active projects, as defined by a project receiving funding in the previous three years, for which funding is not proposed in the plan; (3) a full accounting of all rural water, Tribal water settlement, and Title XVI projects that are currently authorized, the total authorization, the balance to complete, and total appropriations to date; (4) an estimate of the total cost of extraordinary and emergency operation and maintenance to address the backlog of project needs due to the aging of Reclamation infrastructure; and, (5) an explanation of the methodology used in determining the project allocations, together with the direction provided to field offices in the preparation of the five-year plan.

TITLE III

DEPARTMENT OF ENERGY

The summary tables at the end of this title set forth the congressional direction with respect to the individual appropriations, programs, and activities of the Department of Energy. Additional items in the Act are discussed below.

The bill provides funding to continue the three Energy Innovation Hubs established in fiscal year 2010. The initial grants for these hubs were awarded at or near the end of fiscal year 2010, and the level of funding provided in this bill for fiscal year 2011 together with funding provided in fiscal year 2010 are intended to fund the hubs through the end of September 2011. Since funding for the hubs provided under this Act is an acknowledgment of a change in the hubs' five-year timelines to begin late in fiscal year 2010 and is not intended to reduce their overall five-year funding projections, the Department is directed to adjust its funding timeline and plan to reflect this delayed start rather than to change the scope of its research activities.

The Department's Under Secretary of Science and the National Nuclear Security Administration (NNSA) Administrator are directed to prepare, within 120 days of enactment of this Act, a joint, integrated strategy and program plan on how the Office of Science's Advanced Scientific Computing Research and NNSA's Advanced Simulation

and Computing programs will share responsibilities and coordinate research and development activities to reach exascale computing required for national security, energy, environmental, and other science missions and to retain the United States' global leadership and competitiveness in advanced computing.

The Department is prohibited from funding fellowship and scholarship programs in fiscal year 2011 unless they appeared in the fiscal year 2011 congressional budget request documents and are supported in this bill. Any new or ongoing fellowship programs that the Department wishes to fund in fiscal year 2012 must be detailed in the fiscal year 2012 budget request documents.

The Department's efforts to achieve greater transparency in financial and programmatic performance have resulted in substantial improvements in the Department's financial reporting. This has particularly been demonstrated in the execution of the American Recovery and Reinvestment Act. In other more focused efforts, greater transparency has exposed significant financial risks and liabilities facing the Department, such as those liabilities arising from contractor managed defined benefit pension liabilities and other contractor benefits. The Committees on Appropriations direct the Department to apply the same degree of transparency to its base programs and mission support activities by the end of fiscal year 2011.

Cost-Share Requirements.—Section 988 of the Energy Policy Act of 2005 (EPACT) imposes statutory cost-share requirements on Department of Energy grants that vary for basic research and development, applied research and development, and demonstration projects. The Secretary has the authority to waive cost-share requirements on individual projects. While the well-reasoned, judicious use of this authority may be warranted in individual cases, the Department should extend its commitment to transparency to its use of cost-share waivers. The Department is therefore directed to notify the Committees on Appropriations, within three days of awarding funding, of the specific terms of any cost-share waiver or modification granted to the recipient.

CONGRESSIONAL DIRECTION

The Department of Energy is directed to operate in a manner fully consistent with the following reprogramming guidelines. For the first year, reprogramming requirements are included in statute owing to the Department's failure to comply with existing reprogramming guidelines. A reprogramming request must be submitted to the House and Senate Committees on Appropriations for consideration before any implementation of a reorganization proposal which includes moving previous appropriations between appropriation accounts. The Department is directed to inform the Committees promptly and fully when a change in program execution and funding is required during the fiscal year. To assist the Department in this effort, the following guidance is provided for programs and activities funded in the Energy and Water Development and Related Agencies Appropriations Act. The Department is directed to follow this guidance for all programs and activities unless specific reprogramming guidance is provided for a program or activity.

Definition.—A reprogramming includes the reallocation of funds from one activity to another within an appropriation, or any significant departure from a program, project, activity, or organization described in the agency's budget justification as presented to and approved by Congress, except where specific deviations are allowed in the text that fol-

lows. For construction projects, a reprogramming constitutes the reallocation of funds from one construction project identified in the justifications to another project or a significant change in the scope of an approved project.

Any reallocation of new or prior year budget authority or prior year de-obligations must be submitted to the House and Senate Committees on Appropriations in writing and may not be implemented prior to approval by the Committees.

COST ESTIMATING

There continues to be concern with the Department's ability to manage large construction projects within estimated cost and schedule. The Department has several multi-billion dollar facilities underway, and it is critical that improvements be made in project management. For some projects, the Department is making critical decisions for state-of-the-art nuclear facilities prior to 90 percent completion of design. The Department is directed in its project management order to specifically define the required levels of design maturity that are necessary at each critical decision point, and to ensure that these levels are consistent with accepted construction industry best practices. In addition, the Department's policies for gauging the maturity of new technologies being developed or proposed for its projects are inconsistent with best practices used by other federal agencies. The Government Accountability Office has found that the Department's policies allow a project to proceed with construction with insufficient assurance that a new technology is adequately mature. Therefore, the Department is directed to evaluate where its policies, orders, and guidance for gauging the maturity of new technologies is inconsistent with best practices and, as appropriate, revise them to ensure consistency or specifically justify why such differences are necessary or appropriate.

Another concern is the current organization of the Department's cost estimating offices. The newer Office of Cost Analysis (OCA) is separate from the Department's existing office that performs a similar but broader cost review function. Placing the OCA under the office that manages the Department's finances, the Office of the Chief Financial Officer (CFO), may limit the OCA's independence, ability to conduct objective analysis, and access to relevantly skilled staff. This may lead to duplication of efforts and does not reflect best practices. Centralizing a cost estimating team, rather than maintaining separate teams, facilitates sharing resources and using standard processes. This organization is also inconsistent with Congress' recent action to establish an independent cost estimating office at the Department of Defense, whose project management responsibilities are similar to those of the Department of Energy. The Department was directed in fiscal year 2009 and 2010 to move the OCA from the CFO and consolidate the OCA with the existing cost estimating group within the Management Office. The Department did not respond directly to this direction; however, it is currently reviewing its policy. Upon completion of this review, and not later than 90 days after enactment of this Act, the Department is directed to provide the Committees on Appropriations with a report outlining the organizational justification for the future of the cost estimating office(s) at the Department, and to provide a detailed analysis of how this arrangement will better serve the Department's dismal cost estimating record.

ENERGY PROGRAMS

ENERGY EFFICIENCY AND RENEWABLE ENERGY

Reporting Requirements.—In some cases, of the amount directed to each specific program or activity, the Department has redirected a significant fraction to other purposes within the account. Sometimes as high as 11 or 12 percent of each program's appropriated budget, this "tax" on the individual programs includes some justifiable purposes, such as reserving 2.8 percent of funds for Small Business Innovation Research and Small Business Technology Transfer grants. However, the remaining unexplained redirection of funds in many cases appears counter to congressional direction and lacks transparency. The Department is therefore directed to report to the Committees on Appropriations, not later than 90 days after enactment of this Act, for each funding level provided in this Act, the exact quantity of funds allocated by the Department for that purpose, and the specific reasons and redirected funding amounts for any program whose allocation is less than that directed by the bill.

As the nation continues to focus on ways to improve energy efficiency, the Department is requested to update its 1995 report on the Impacts of Landscaping for Energy Efficiency (DOE/GO-10095-046).

Minority Outreach Programs.—In fiscal year 2009, the Department was directed to implement an aggressive program to take advantage of the Historically Black Colleges and Universities and Hispanic Serving Institutions across the country in order to deepen the recruiting pool of diverse scientific and technical staff available to support the growing renewable energy marketplace. The Department is encouraged to continue these programs as a means to tap the nation's full diversity of talent as the Department works with the public and private sectors to meet our nation's energy challenges.

Hydrogen Technology.—Within available funds, the bill includes \$15,000,000 for Technology Validation, at least half of which is focused on vehicle and hydrogen infrastructure applications; \$47,000,000 for hydrogen fuels R&D, with a particular focus on the synergies between hydrogen and renewable energy and deriving hydrogen from renewable resources; and \$15,000,000 for Market Transformation in early markets, particularly for stationary sources (not safety codes and standards).

Biomass and Biorefinery Systems Research and Development.—Within available funds, the bill provides \$59,000,000 for integrated biorefineries; \$10,000,000 for analysis and sustainability; \$85,080,000 for conversion technologies; \$10,710,000 for the sustainable production within the feedstocks activity; and \$10,710,000 for logistics within the feedstocks activity.

The bill provides a total of \$30,000,000 for algae biofuels, to include \$5,000,000 for research and development activities for halophilic algae applications in partnership with a university-led consortia having expertise in this area and ready access to a wide variety of high-salinity algae strains. The bill provides \$10,000,000 for the cellulosic reverse auction; as the Department is considering devoting \$4,500,000 from fiscal year 2008 to a reverse auction, the Department is urged to delay such action and combine previous year funds with fiscal year 2011 funds to make the reverse auction more compelling.

The bill provides \$2,000,000 for coordination with the Fuels Technology subprogram under Vehicle Technologies to continue testing the effects of intermediate fuel blends (15–20 percent ethanol mixed with 80–85 percent gasoline) on Tier 1 vehicles and small

engines. The testing will provide data on how these blends may affect materials, durability, performance and emissions of legacy engines. Work should be done in coordination with the Vehicle Technologies Program. The bill further provides \$2,500,000 for a demonstration of a catalytic process to convert liquid ethanol into gaseous ethylene.

Solar Energy.—Within available funds, the Department is directed to provide \$50,000,000 for concentrating solar power demonstration projects as proposed in the budget request. The Department is encouraged to designate and fund, in fiscal year 2011, a center for solar energy innovation to be located in close proximity to high-quality solar resources and the site chosen by the Department for its Solar Demonstration Zone Project. The center should support the research, development, and deployment of the essential components of the solar energy supply chain to promote the integration of solar technologies and products into utility, building and commercial systems, and to improve their reliability, affordability and rapid deployment across the Southwest region and the United States.

The Department is encouraged to continue its efforts to invest in promising high efficiency, low-cost concentrated photovoltaic solar technology that will accelerate the achievement of grid parity.

Solar films can provide significant cost and efficiency advantages to thin film and crystalline silicon modules, and the Department is encouraged to expand the funding of solar films research and development to support the development of a cross-cutting advanced solar films program to improve the cost-effectiveness of solar technologies.

Geothermal Technology.—The Department is directed to make not less than \$5,000,000 available to continue development and deployment of low-temperature geothermal systems. The Department shall provide the Committees on Appropriations with a copy of its report required by section 621 of Public Law 110-140 evaluating the Department's progress implementing the geothermal provisions of Public Law 110-140 and evaluating additional advanced concepts and technologies to maximize the geothermal resource potential of the United States.

Water Power.—Within the funds provided, \$14,000,000 is for conventional hydropower activities and \$41,000,000 is for marine and hydrokinetic activities. Within available funds, the Department is directed to provide not less than \$6,000,000 for the construction of necessary testing infrastructure for marine and hydrokinetic systems, and \$1,000,000 for research and development of tidal barrage technology.

Vehicle Technologies.—The Department is directed to make \$3,000,000 available to continue efforts on both stationary and in-motion inductive power transfer technology to a national laboratory and university consortium.

Batteries that reach the end of their useful lives in electric vehicles will have remaining capacity for other uses, and the Department is directed to use \$2,000,000 in conjunction with the Office of Electricity Delivery and Energy Reliability to commence work on the secondary use program authorized in section 915 of the Energy Policy Act of 2005. The Department is further directed to establish a program to collect and synthesize data on the use of plug-in electric drive vehicles and provide technical assistance to communities that want to prepare for plug-in electric drive vehicle deployment.

Building Technologies.—Within the funds provided, \$5,000,000 is for the solar decathlon, and \$16,000,000 is for the Energy Efficient Building Systems Design Energy Innovation Hub.

The bill provides \$10,000,000 for the Bright Tomorrow Lighting Prize to fund prizes for competitions specified in section 655 of the Energy Independence and Security Act of 2007 that have been previously announced by the Department.

Further, an additional \$26,809,000 is for solid state lighting research and development. While solid state lighting is still too expensive to compete with existing general lighting products, solid state lighting has the potential to substantially reduce energy consumption while cutting energy bills. To reduce product costs, the Department was encouraged in fiscal year 2010 to fund research and development aiming to lower solid state lighting manufacturing costs, and the Department did so with Recovery Act funds but has yet to devote any regular fiscal year funding. The bill therefore includes \$6,500,000 for new research and development awards, from within the amount provided, of which no less than \$3,200,000 is provided for new awards for manufacturing research and development.

The bill includes \$1,500,000 for research and development activities for advanced sensing and control technologies for task-intuitive lighting systems, and the Department is directed to identify a university-led partnership with experience in this field.

The Energy Policy Conservation Act of 1975 authorized the Department to issue efficiency standards for a list of products, and to date televisions are the only item for which the Department has failed to issue a standard. The Secretary is encouraged to complete a rulemaking process to establish effective efficiency standards for televisions, as expeditiously as possible.

Industrial Technologies.—Within the funds provided, \$30,000,000 is for research, development, demonstration and market transformation of large, medium, and small scale combined heat and power generation systems, to include not less than \$8,000,000 for small scale systems at or below 20 kilowatts generation capacity.

The bill includes not less than \$6,832,000 for Industries of the Future (Specific), to include activities to improve production processes in the glass industry, and to include \$4,205,000 for the steel industry for improvements in production.

District energy and combined heat and power (CHP) systems can significantly reduce primary energy usage by taking advantage of economies of scale and capturing waste energy that would otherwise go unused. District energy systems offer near-term opportunities to increase the energy efficiency and ambit of existing networks through the addition of combined heat and power systems, connection with additional buildings dependent on single-building-based heating and cooling, and conversion from fossil-fuel to renewable fuel sources including biomass. Recent investments made by the Department in these systems are to be commended, and the Department is encouraged to consider avenues for further improving related technologies, addressing their barriers to deployment, and encouraging their widespread use.

Federal Energy Management Program.—The bill includes \$1,000,000 for the Department to conduct an assessment of the most appropriate places to deploy electric vehicles in the federal fleet and to begin a pilot program to deploy electric vehicles based on the assessment.

The FEMP is intended to assist federal agencies—which together spend roughly \$10,000,000,000 annually on energy procurements—in achieving energy savings. In its recent audit report on the FEMP, the Department's Inspector General (OIG) found that the FEMP "had not always maintained

up-to-date energy efficiency specifications; could not demonstrate that it had adequately pursued the development of new energy efficiency specifications; and had not effectively managed relevant contractor efforts essential to the program.” The Department is directed to deliver by March 15, 2011 an action plan to address the problems identified by the OIG.

Facilities and Infrastructure.—The bill provides \$57,500,000 for facilities and infrastruc-

ture, to include \$39,500,000 for construction of the Energy Systems Integration Facility (ESIF) at the National Renewable Energy Laboratory. It is expected that this funding, in conjunction with two prior year appropriations, is the final appropriation required to construct and fully equip ESIF and that the Department will begin construction of the facility without further delay.

Program Support.—Within the funds provided, \$2,000,000 is to continue the United States-Israel energy cooperation agreement.

State Energy Program.—The bill provides \$40,000,000 for formula grants and \$10,000,000 for competitive grants.

Congressionally Directed Projects.—The bill provides \$211,580,000 for the following congressionally directed projects and activities.

CONGRESSIONALLY DIRECTED ENERGY EFFICIENCY AND RENEWABLE ENERGY PROJECTS

PROJECT	AMOUNT
21st Century Renewable Fuels, Energy, and Materials Initiative	\$400,000
Adams State College Solar Project (CO)	\$400,000
Advanced Closed-Cycle Turbine Generator (WA)	\$1,000,000
Advanced Energy Studies (ND)	\$1,500,000
Advanced Solid State Lithium Ion Battery Domestic Manufacturing Initiative (MI)	\$300,000
Alexander Hamilton High School Solar Power Project	\$250,000
Algae Biofuels Research (WA)	\$2,000,000
Algae to Biofuels Fully Integrated System	\$1,000,000
Alternative and Unconventional Energy Research and Development (UT)	\$10,000,000
Alternative Energy Medical Complex (NV)	\$500,000
Bio-Energy Research Center (MT)	\$800,000
Biofuel from Nevada's Municipal Wastes (NV)	\$500,000
Biofuel Micro-Retrefinery for Local Sustainability, Memphis, TN	\$750,000
Biofuels, Biopower and Biomaterials Initiative	\$1,250,000
Biomass Boiler and Steam Absorption Chiller Plant (SD)	\$650,000
Biomass Boiler at Ferrum College (VA)	\$300,000
Blue Ridge Alternative Fuels Training Program	\$200,000
Borough of Rochester Police Headquarters Emergency Power Demonstration Project	\$175,000
Bucknell University Marcellus Shale Research Initiative (PA)	\$280,000
Carolinas Energy Training Center	\$800,000
Center for Biomass Utilization (ND)	\$2,000,000
Center for Ocean Renewable Energy (NH)	\$500,000
Center for Ozark Community Biomass Energy Development (MO)	\$1,500,000
Chicago Public Schools Solar Energy Capital Improvement Program	\$300,000
Chittenden County Natural Gas Refueling Project (VT)	\$1,000,000
CHRISTUS Center for Healthy Living and Energy Efficient LEED Technology (LA)	\$300,000
City of Grand Rapids City Building Solar and Wind Renewable Energy Demonstration Project (MI)	\$400,000
City of Lansing Bioenergy Generation Demonstration Project (MI)	\$400,000
City of Los Angeles LED Street Lighting Project	\$500,000
City of Madison Renewable Energy and Sustainability Center	\$1,000,000
City of San Jose Smart LEED Streetlights, CA (CA)	\$600,000
City of Yreka Biomass Facility, CA (CA)	\$500,000
Clean Energy and Education Fuel Cell Initiative	\$800,000
Clean Energy Infrastructure Educational Initiative (OH)	\$200,000
Co-Gen Electrostatic Precipitator (NY)	\$700,000
Collaboration on Renewable Energy Job Creation Strategies (NV)	\$300,000
Community Transportation Infrastructure Options Now (ACTION) Project	\$1,000,000
Consortium for Plant Biotechnology Research	\$2,000,000
Delaware Energy Efficiency (DE)	\$55,000
Development of High Yield Tropical Feedstocks and Biomass Conversion Technology for Renewable Energy Production (HI)	\$6,000,000
Eastern Gateway Community College Wind Turbine Technology Program	\$300,000
Energy Audit and Weatherization Mobile Field Unit	\$225,000
Energy Conservation, Solar Energy Education and Research (LA)	\$300,000
Energy Recovery at the Water Reclamation Facility (MI)	\$750,000
Englewood Cliffs Solar Array Project	\$300,000
Ethanol from Agriculture for Arkansas and America	\$1,000,000
Farm Solar Share (DE)	\$645,000
Farm-Based Renewable Energy (WA)	\$400,000
Fremont School District Wind Turbine	\$200,000
Fl. Garland Geothermal	\$750,000
Garvy Elementary Solar Panel Construction and Installation	\$120,000
Genetic Improvement of Switchgrass for Biofuels (RI)	\$500,000
Geothermal Conversion Project (IN)	\$1,000,000
Geothermal Heating and Cooling Project	\$900,000
Geothermal Power Generation Plant at Oregon Institute of Technology	\$400,000
Geothermal Renovation of Residences Pilot Project	\$500,000
Going Green Solar Panel Demonstration	\$210,000
Great Basin College—Direct Use Geothermal Demonstration Project (NV)	\$1,000,000
Green Energy Sustainable Loan Program (NY)	\$700,000
Green Impact Zone—Energy & Healthy Homes Nexus Study	\$1,000,000
Green Jobs Education and Training Program	\$700,000
Hampton University Geothermal Heating System	\$1,125,000
Hawaii Energy Sustainability Program	\$6,000,000
Hawaii Renewable Energy Development Venture (HI)	\$6,000,000
High Performance Computing Infrastructure for Modeling Solar Energy	\$950,000
High Speed Wind Turbine Noise Model with Suppression (MS)	\$1,000,000
High-Tech Solid State Lighting Demonstration for Manadas and LCC	\$550,000
Home Energy Efficiency Research and Development Initiative (PA)	\$500,000
Hoahah IPEC Hydroelectric Project (AK)	\$1,500,000

CONGRESSIONALLY DIRECTED ENERGY EFFICIENCY AND RENEWABLE ENERGY PROJECTS—Continued

PROJECT	AMOUNT
Illinois Community College Sustainability Network Green Jobs Centers	\$600,000
Improving Fuel Cell Durability and Reliability	\$2,000,000
Industrial Technologies Program Language (NV)	\$1,000,000
Iowa Central Community College Renewable Fuels Laboratory (IA)	\$500,000
Kaukauna Utilities Hydroelectric Generator Replacement (WI)	\$1,000,000
Large-Scale Wind Training	\$850,000
Lancaster Landfill Solar Facility	\$450,000
Las Vegas Residential Energy Efficiency Program (NV)	\$500,000
Lignocellulosic Biofuels from Bioenergy Crops	\$2,000,000
LIPA Renewable Energy Beta Sites	\$3,900,000
Livingston Campus Geothermal Energy System	\$750,000
Long Island Sound Biofuel Research	\$1,000,000
Long Island Sustainable Schools Network	\$450,000
Maine Tidal Power Initiative	\$1,000,000
Martin County Microfiber Fuel Cell Technology Development (NC)	\$500,000
Maryland Clean Energy Center	\$500,000
Maximizing Electricity Output From Wind Farms	\$500,000
Mega-Turbine Research for Enhanced Wind Power (NE)	\$750,000
Mendocino County for the Strategic Woody-Biomass Initiative (CA)	\$450,000
Mid-Atlantic Regional Institute for Coastal and Ocean Renewable Energy (MARICORE)	\$2,100,000
Mid-South/Southeast BioEnergy Consortium (AR)	\$1,000,000
Mission Verde Center	\$880,000
Montana Algal Biodiesel Initiative (MT)	\$750,000
Morgan State University Life Cycle Assessment of Historic Buildings Research and Training Program	\$725,000
Mt. Hope High School Solar Energy and Curriculum (RI)	\$750,000
Nano-antenna Power Sources for Field Deployable Systems	\$850,000
Manufactured Materials for Improved Photovoltaics (MS)	\$1,000,000
National Center for Deepwater Offshore Wind	\$10,000,000
National Open-Ocean Energy Laboratory	\$1,500,000
National Wind Energy Center, University of Houston, Houston, TX (TX)	\$3,000,000
National Wind Resource Center at Pantex (TX)	\$1,000,000
Natural Resource Research Center (NRCC) (AR)	\$750,000
Neighborhood Energy Outreach Center	\$400,000
Nevada Inter-Tribal Energy Consortium (NV)	\$150,000
Nevada Renewable Energy Consortium (NV)	\$3,500,000
Nevada Renewable Energy Innovation and Deployment Cluster—Technology Commercialization and Site Development (NV)	\$3,000,000
New England Marine Renewable Energy Center	\$2,800,000
New York State Solar Electric Incentive Programs	\$35,000
NMCC Wind Power Technology Program	\$800,000
North Carolina A&T State University Transportation Fuels and Biobased Products from Agricultural Waste	\$1,000,000
North County Community Wood Energy Systems (NH)	\$200,000
Northeast Ohio BioMass Program Initiative	\$1,000,000
Nushagak Area Hydropower Project (AK)	\$500,000
Ocean-Based Energy Generation (WA)	\$600,000
Offshore Wind Energy Research and Education Initiative	\$800,000
Ohio Advanced Energy Manufacturing Center (OAEPMC)	\$500,000
Ohio Low Cost Carbon Fiber Initiative (OH)	\$1,500,000
Old Dominion University, Construction and Operation of a Demonstration Scale Algal Research Center (VA)	\$750,000
Onondaga Community College Sustainability Initiative: Developing Talent for Emerging Jobs in the Energy and Environmental Systems Industry	\$290,000
Optimized Concentrated Solar Power Trough Development Project (PA)	\$750,000
Oregon Institute of Technology Green Technology Center	\$750,000
Oregon MOVES	\$550,000
OSU Wave Energy Test Berth	\$400,000
Phoenix Children's Hospital Water-To-Water Heat Pump Demonstration	\$1,000,000
Photo Voltaic Solar Power Roof Project	\$2,000,000
Photovoltaic System at Closed, Capped Landfill (NY)	\$100,000
Pittsburgh Green House—Training and Outreach	\$150,000
Plant 22 Photovoltaic Generator	\$700,000
PLU Geothermal Heat Plant Project	\$1,200,000
Producing Renewable, Value-Added Products from Waste Feedstocks (LA)	\$1,000,000

Wireless Turbine Blade Sensor System Research (NY)	\$1,000,000
YWCA Carolyn House Geothermal Improvements	\$600,000

ELECTRICITY DELIVERY AND ENERGY
RELIABILITY

Cyber Security for Energy Delivery Systems Research and Development.—It is critical that the Department works to ensure the deployment of smart grid technologies does not jeopardize the reliability or security of the nation's electrical infrastructure. The Department is directed to work with its national laboratories on research to evaluate the potential impacts of new technologies on grid reliability and security. The Department shall report to the Committees on Appropriations not later than 60 days after enactment of this Act, on its efforts to coop-

eratively work with the private sector on grid security standards and implementation.

Smart Grid Research and Development.—Growing constraints and requirements on the nation's electric power delivery system have resulted in various efforts to modernize the grid by realizing energy efficiency improvements in power transmission and distribution. While recent programs focused on transmission, smart metering, and in-home energy management technologies, other important approaches, such as those that increase the efficiency of the distribution grid, have received less public attention. As the Department has recently highlighted the importance of optimizing the entire electric de-

livery supply chain, the Department is encouraged to advance distribution-based technologies that increase energy efficiency by means of reducing energy loss that occurs during electricity distribution, and that optimize the load levels through voltage controls on the distribution system. Such grid-based technologies can greatly enhance energy savings across the electric power delivery system and are essential for the integration of renewable and distributed energy resources, electric vehicles and demand response applications.

Congressionally Directed Projects.—The bill provides \$11,050,000 for the following congressionally directed projects and activities.

CONGRESSIONALLY DIRECTED ELECTRICITY DELIVERABILITY AND ENERGY RELIABILITY PROJECTS

PROJECT	AMOUNT
Advanced Cyber-Controlled Smart Grid with Renewable Energy Sources	\$1,000,000
Dubuque Smarter Energy Project (IA)	\$500,000
Emerging Smart Grid Technology Study	\$200,000
Energy Development and Reliability (ND)	\$300,000
Great Lakes Energy Institute	\$950,000
Heber Light and Power Automated Metering Infrastructure	\$500,000
Legal and Regulatory Implications of a Smart Electric Grid (Phase II)	\$900,000

CONGRESSIONALLY DIRECTED ELECTRICITY DELIVERABILITY AND ENERGY RELIABILITY PROJECTS—Continued

PROJECT	AMOUNT
Navajo Nation Electrification Program (NM)	\$900,000
Northern Westchester Energy Action Consortium Smart Grid	\$400,000
Renewable Energy for South Texas Colonias	\$500,000
Research for Operation of High Voltage Transmission Lines at Overloads	\$850,000
Smart Grid Simulation Technology (ND)	\$800,000
Technology Development (ND)	\$750,000

CONGRESSIONALLY DIRECTED ELECTRICITY DELIVERABILITY AND ENERGY RELIABILITY PROJECTS—Continued

PROJECT	AMOUNT
University of Arizona Compressed Air Energy Storage	\$500,000
University of Toledo, Energy and Innovation Infrastructure, Pilot Project	\$1,000,000
UNR—Energy Storage for Intermittent Renewable Energy Sources (NV)	\$1,000,000

NUCLEAR ENERGY
 NUCLEAR ENERGY RESEARCH AND
 DEVELOPMENT

Nuclear Energy Enabling Technologies.—Within the funds provided, \$16,000,000 is for the Modeling Simulation Energy Innovation Hub, \$31,320,000 is for Cross-cutting Technology Development, and no funds are provided for Transformative Nuclear Concepts.

Integrated University Program.—The bill provides \$5,000,000 for the Integrated University Program.

Reactor Concepts Research, Development, and Demonstration.—The bill provides \$196,830,000, of which \$55,000,000 is for Small Modular Reactors, \$17,500,000 is for Light Water Reactor (LWR) Sustainability, and \$15,870,000 is for Advanced Concepts.

The bill provides \$103,000,000 for the Next Generation Nuclear Plant (NGNP). There continues to be serious questions regarding the participation of industry and its cost-share contribution to the project. This has brought the future of the project, as currently configured, into question. The Department has delayed the Secretarial decision on proceeding to Phase 2 of the NGNP project until August 2011. The justification for the slippage in the Secretarial decision is unclear given the technology readiness analysis

and Nuclear Energy Advisory Committee report will be completed by May. If by the end of June 2011, the Secretary has not decided to advance the NGNP project to Phase 2, the Department is directed to use \$23,000,000 of NGNP funds to advance the Small Modular Reactors program.

Fuel Cycle Research and Development.—Within the funds provided, \$15,000,000 is provided to continue the multi-year effort deep-burn research and development of high-performance ceramic-particle-based fuels for the current nuclear reactor fleet and future light-water and high-temperature gas reactors and demonstrate concept feasibility and initial fuel performance for utilization in commercial reactors within 2 years. Further, \$3,500,000 is provided to issue a competitive solicitation requesting industry teams (fuel suppliers, utilities and advanced ceramic developers) for cost-shared proposals to develop and test advanced LWR fuel with ceramic cladding, with the capability of very high burn up and with the objective of achieving readiness for Lead Test Rod operation in commercial reactors within 5 years.

The bill includes \$45,000,000 for Used Nuclear Fuel Disposition, of which \$26,000,000 is to establish a Center of Excellence for Nuclear Waste Management. The Center's research agenda shall be informed by the rec-

ommendations of the President's Blue Ribbon Commission on America's Nuclear Future and be supportive of and consistent with other nuclear waste management research activities. The Center will be competitively awarded to preserve and build upon the expertise and science formerly within the Office of Civilian Radioactive Waste Management. Within 60 days of the enactment of this Act, the Department is directed to submit a report on (1) how the Center of Excellence for Nuclear Waste Management will support the used nuclear fuel research agenda and (2) plans to retain the federal and contractor expertise on geological waste repositories and archive all scientific documentation relating to the Yucca Mountain project.

RADIOLOGICAL FACILITIES
 MANAGEMENT

Space and Defense Infrastructure.—Within the funds provided, \$15,160,000 is for nuclear infrastructure at Oak Ridge.

CONGRESSIONALLY DIRECTED
 PROJECTS

Congressionally Directed Projects.—The bill provides \$7,800,000 for the following congressionally directed projects and activities.

CONGRESSIONALLY DIRECTED NUCLEAR ENERGY
PROJECTS

PROJECT	AMOUNT
Nuclear Engineering Research Center (UT)	\$500,000
Nuclear Fabrication Consortium (OH)	\$2,000,000
Nuclear Power Operator Simulator	\$800,000
Ohio State Nuclear Reactor Laboratory Facility Research and Education Expansion	\$2,000,000
Oversight of Yucca Mountain Shut Down and Reclamation (NV)	\$2,500,000

FOSSIL ENERGY RESEARCH AND DEVELOPMENT

Fuels and Power Systems.—The bill provides \$10,000,000 in addition to sums allocated for university research, to initiate the National Energy Technology Laboratory (NETL)-Regional University Alliance for Energy Innovation and the Department's support for this initiative is encouraged. Within Innovations at Existing Plants, \$5,000,000 is for the mercury research program. The bill provides \$155,000,000 for Carbon Sequestration activities, including funds for the integrated emission reduction initiative, a Focus Area for Carbon Sequestration Science, and \$12,000,000 for an initiative focused on innovative concepts for the beneficial use of carbon dioxide for non-geological activities.

Natural Gas Technologies.—The bill includes \$15,000,000 for methane hydrates research. The bill has restored the hydrates technology program to this account and does not support funding a gas hydrates research program within the Office of Science. Within available funds, funding is provided to continue research that targets small, independent producers for exploration and production and safety activities, including completion and well control technology, and for

efforts to minimize the environmental impacts of natural gas development, including advancement of water resources treatment technologies. The bill supports initiatives to treat produced water, including for beneficial reuse, and includes funding to support demonstration-scale projects to treat water resources associated with domestic natural gas development. The bill also includes funding for continued support of unconventional natural gas production from basins that contain tight gas sands, shale gas, and coal bed methane resources.

Unconventional Fossil Energy Technologies.—The bill provides \$20,000,000 to continue the implementation of the Department's research, development, and deployment technology strategy for unconventional fossil energy resources. Within this amount, \$15,000,000 is for activities to address technological, economic, and environmental challenges associated with development of unconventional resources in the Western Energy Corridor of which \$8,000,000 is for oil shale and tar sands activities. The bill also provides \$1,200,000 to continue the Risk Based Data Management System. Within available funds, the bill supports the stripper

well program as well as ongoing research being conducted for small producers for enhanced oil recovery, exploration and production, safety, and environmental solutions. The bill does not provide funding for methane hydrates research and development in the Unconventional Fossil Energy Technologies account.

There is deep concern that the Department disregarded Congressional direction and reprogramming guidelines by improperly augmenting the \$17,833,000 provided in the Fiscal Year 2010 conference agreement for methane hydrates research with \$4,000,000 from the Unconventional Fossil Energy Technologies account. It is expected that the Department will avoid the use of such transfers to exceed congressionally established spending limits, and will strictly adhere to those limits in the future.

Program Direction.—Within the funds provided, \$129,400,000 is for program direction at NETL.

Congressionally Directed Projects.—The bill provides \$23,000,000 for congressionally directed projects in the following table.

CONGRESSIONALLY DIRECTED FOSSIL ENERGY PROJECTS

PROJECT	AMOUNT
Advanced Coal Gasification Research and Development	\$500,000
Carbon Dioxide Capture Project	\$250,000
Carbon Management Center	\$1,000,000
Clean Energy Technology (ND)	\$2,000,000
Fossil Fuel Research and Development (ND)	\$3,000,000
Gulf of Mexico Hydrates Research Consortium	\$1,000,000
Hydrogen Fuel Dispensing Station (WV)	\$750,000
Innovative Carbon Dioxide Science and Technology	\$400,000

CONGRESSIONALLY DIRECTED FOSSIL ENERGY PROJECTS—Continued

PROJECT	AMOUNT
Long Term Environmental and Economic Impacts of the Development of a Coal Liquefaction Sector in China (WV)	\$750,000
National Center for Hydrogen Technology (ND)	\$3,000,000
Oklahoma State University Energy Center—Natural Gas Technology Training	\$1,100,000

CONGRESSIONALLY DIRECTED FOSSIL ENERGY PROJECTS—Continued

PROJECT	AMOUNT
Sunbury Generation/Calera Carbon Capture Project (PA)	\$750,000
Ultra-Low CO ₂ Emission Coal Fuel Cell Technology	\$500,000
University of Kentucky Coal-Derived Low Energy Materials for Sustainable Construction Project (KY)	\$1,000,000
Utah Center for Ultra-Clean Coal Utilization and Heavy Oil Research (UT)	\$7,000,000

NON-DEFENSE ENVIRONMENTAL CLEANUP

Reprogramming Authority.—In fiscal year 2011, the Department may transfer funding between operating expense-funded projects within the controls listed below. All capital construction line item projects remain separate controls from the operation projects. The Committees on Appropriations must be formally notified in advance of all reprogrammings, and the Department is to take no financial action in anticipation of a congressional response. The following are the reprogramming control points: Fast Flux Test Reactor Facility, Gaseous Diffusion Plants, Small Sites, West Valley Demonstration Project, and construction line-items.

Internal Reprogramming.—In fiscal year 2011, Environmental Management site managers may transfer up to \$2,000,000, one time, between accounts listed above to reduce health and/or safety risks, gain cost savings, or complete projects as long as a program or project is not increased or decreased by more than \$2,000,000 in total during the year. The reprogramming authority may not be used to initiate new programs or to change funding for programs specifically denied, limited, or increased by Congress in the Act or report. The Committees on Appropriations must be notified within 30 days after the use of the internal reprogramming authority.

Economic Development.—None of the Non-Defense Environmental Management funds, including those provided in the Non-Defense Environmental Cleanup and Uranium Enrichment Decontamination and Decommissioning Fund, are available for economic development activities.

URANIUM ENRICHMENT DECONTAMINATION AND DECOMMISSIONING FUND

The bill provides \$550,000,000 for activities funded from the Uranium Enrichment Decontamination and Decommissioning Fund. The bill includes \$200,000,000 for Oak Ridge, Tennessee; \$85,000,000 for Paducah, Kentucky; and \$265,000,000 for Portsmouth, Ohio.

SCIENCE

Basic Energy Sciences.—\$16,000,000 is provided for the Fuels from Sunlight Energy In-

novation Hub, \$11,000,000 is provided for the proposed Batteries and Energy Storage Energy Innovation Hub, and no funding is provided to establish additional Energy Frontier Research Centers. The bill provides \$17,500,000 for the Experimental Program to Stimulate Competitive Research. The bill provides no funding for a research program in gas hydrates within the Office of Science, but rather provides funding within Fossil Energy for the program. No funding is provided for the proposed new effort in the area of multiscale models for advanced engine design.

Biological and Environmental Research.—Within available funds, the bill provides \$11,000,000 for artificial retina research. The Department is directed to provide to the Committees on Appropriations, not later than 120 days after enactment of this Act, a plan for collaboration with the National Institutes of Health (NIH) to produce an artificial retina meeting the goal of more than 1,000 electrodes, in which the Department of Energy provides its expertise in materials, engineering, and the physical sciences, and the NIH utilizes its expertise in medicine and human biological science. The bill provides no funding for nuclear medicine research in this program, but instead provides funding within the Nuclear Physics program.

Fusion Energy Sciences.—Within available funds, the bill provides \$4,000,000 for ongoing experiments using krypton fluoride lasers to advance inertial fusion energy. The Department is directed to submit a 10-year plan, not later than 12 months after enactment of this Act, on the Department's proposed research and development activities in magnetic fusion under four realistic budget scenarios. The report shall (1) identify specific areas of fusion energy research and enabling technology development in which the United States can and should establish or solidify a lead in the global fusion energy development effort and (2) identify priorities for facility construction and facility decommissioning under each of the four budget scenarios. The Department is encouraged to use a similar approach adopted by the Particle Physics

Project Prioritization Panel that developed a 10-year strategic plan for the Department's high energy physics program.

Nuclear Physics.—Within the funds provided, \$15,400,000 is for nuclear medicine research with human application. The Department is directed to report to the Committees on Appropriations, not later than 120 days after enactment of this Act, a plan to transition this research to the National Institutes of Health (NIH). The plan should include how the Department of Energy can provide its expertise in nuclear science and fundamental research applicable to diagnostic and therapeutic tools to support NIH's applications in human medicine and biological sciences.

Workforce Development for Teachers and Scientists.—Within the funds provided, up to \$6,500,000 is for the graduate fellowship program, and the Department is directed to provide to the Committees on Appropriations, not later than 90 days after enactment of this Act, a plan on the objectives of this program and funding needs over the next 10 years at a level that is sustainable and within realistic budgetary constraints.

The bill provides \$2,000,000 for the Department to contract with the National Academy of Sciences to conduct an independent study of best practices to support implementation of college and career ready standards for math and science. The study will include development and alignment of curriculum, alignment of professional development, alignment to teacher and school leader preparation program curriculum and training, and development of a comprehensive assessment system aligned to such standards. The Department is directed to report on the findings of the study to the Committees on Appropriations and appropriate authorizing committees not later than September 30, 2012.

Science Laboratories Infrastructure.—The bill provides \$115,500,000 for Science Laboratories Infrastructure.

Congressionally Directed Projects.—The bill provides \$61,650,000 for the following congressionally directed projects and activities.

CONGRESSIONALLY DIRECTED OFFICE OF SCIENCE PROJECTS		CONGRESSIONALLY DIRECTED OFFICE OF SCIENCE PROJECTS—Continued		CONGRESSIONALLY DIRECTED OFFICE OF SCIENCE PROJECTS—Continued	
PROJECT	AMOUNT	PROJECT	AMOUNT	PROJECT	AMOUNT
Advanced Computer Simulation Initiative (NV)	\$1,000,000	Functional Nanoparticles for Improved Ultra Capacitor Devices (NS)	\$1,000,000	RNA Research	\$300,000

Eastern Michigan University Biofuels Laboratory	\$500,000	Nanotechnology Initiative	\$600,000	University of Rhode Island Regional Earth Systems Center	\$750,000
Energy and Environmental Engineering and Sustainability Energy Research (MS)	\$250,000	Nevada Water Resources Data, Modeling, and Visualization (DMV) Center (NV)	\$750,000	University of South Dakota Project on Renewable Energy and the Economy (SD)	\$350,000
Environmental Radioactivity Monitoring Laboratory Monitoring/Assessment of the Radioactive Pollutants in the South-West Mississippi (MS)	\$750,000	Oregon Sustainability Center	\$300,000		
Furman Green Science Instrumentation, Research, Teaching and Learning Initiative	\$400,000	Research Program in Transparent, Flexible, and Ultrathin Silicon Solar Cells	\$1,000,000		

TITLE 17 INNOVATIVE TECHNOLOGY LOAN
GUARANTEE PROGRAM

The bill provides \$8,000,000,000 in loan authority for nuclear power facilities and \$4,000,000,000 in loan authority for fossil energy facilities which includes coal and petroleum coke-based power generation and industrial gasification projects that incorporate carbon capture and sequestration (CCS), pipelines, and transportation of CO₂. The bill also provides \$405,982,000 in credit subsidy for renewable projects.

ATOMIC ENERGY DEFENSE ACTIVITIES
NATIONAL NUCLEAR SECURITY
ADMINISTRATION

The NNSA is directed to submit to the Committees on Appropriations both a classified and unclassified report 90 days after the completion of the B61 Phase 6.2/2A study with (1) a description of the safety and security features the NNSA would add to a refurbished B61 and (2) a cost and benefit analysis of installing the proposed features in the warhead. The cost and benefit analysis should include (1) the costs of science, technology, and engineering to install new safety and security features, (2) the costs of assessing the impact the new features may have on the performance of the nuclear explosive package at the national laboratories, (3) the extent to which the proposed safety and security features address specific safety and security concerns, and (4) why current safety and security features would not be sufficient.

Upon completion of the report above, the NNSA is further directed to commission an independent assessment from the JASON Group of scientific advisers that would set forth meaningful criteria for evaluating how much intrinsic nuclear warhead safety and security is enough when measured against the plausible range of deployment scenarios and threats likely to confront the future stockpile, and analyze the specific costs and benefits of installing such feature or features in a warhead. The NNSA is also directed to take actions to improve the management of the life extension program as recommended by the GAO in report GAO-09-385.

The Administrator of the NNSA is directed to review the current surveillance program and report to the Committees on improvements that should be made and an implementation plan for such improvements, along with budgetary requirements, within 120 days of the enactment of this Act.

WEAPONS ACTIVITIES

DIRECTED STOCKPILE WORK

Stockpile Systems.—Within the funds provided, \$26,000,000 is for the new W78 life extension study as described in the budget justification. No budget request was made for a Phase 2/2A study. Within these funds, the bill provides \$165,000,000 to support surveillance activities.

Weapons Dismantlement and Disposition.—Within the funds provided, \$27,500,000 shall be used for weapons dismantlement and disposition work at Pantex. The NNSA is directed to provide the Committees on Appropriations an annual report on the progress on the backlog, including, but not limited to, how many weapons and weapons components are planned for dismantlement, how many were dismantled, the remainder awaiting dismantlement and future year plans.

Stockpile Services.—Within the funds provided, at least \$74,000,000 shall be used to support surveillance activities and \$84,100,000 shall be used for scheduled weapons assembly, disassembly and dismantlement work at Pantex.

CAMPAIGNS

Science Campaign.—Within the funds provided, \$44,501,000 shall be used at the Sandia National Laboratory's Z facility.

Inertial Confinement Fusion Ignition and High Yield Campaign.—Within the funds provided, at least \$62,477,000 and \$48,000,000 shall be used at the Omega facility and the Z facility, respectively.

NNSA did not attempt the first ignition shot at the National Ignition Facility (NIF) at the end of fiscal year 2010, as originally planned, because of scientific and technical challenges and management weaknesses. The first ignition shot has now been delayed to

the end of fiscal year 2011—a delay of 1 year. For this reason, the NNSA, within 120 days of enactment of this Act, is directed to establish an independent federal advisory committee made up of subject-matter experts that will regularly evaluate experiments planned on NIF, identify potential weaknesses to the experimental plan, and recommend, if necessary, alternative and innovative approaches to address scientific and technical challenges to achieve ignition by the end of fiscal year 2011. The federal advisory committee meetings and their results should be open to the scientific community where proposals, component designs, and the ignition shot plan are discussed and debated. Timely access to raw scientific data by outside users will be an essential first step to attracting a user community when NIF becomes a national user facility.

READINESS IN TECHNICAL BASE AND
FACILITIES

NNSA is directed in the budget request to identify funds for the Kansas City Responsive Infrastructure Manufacturing and Sourcing project as a separate line item under the RTBF account with an explanation of how the funds will be used to support the project.

SITE STEWARDSHIP

The NNSA is directed to submit with the fiscal year 2012 budget request the list of projects under the energy modernization and investment program. The list of projects should include the total cost of each project, the expected cost savings and other benefits of each project and when those cost savings will be realized, and the extent to which they contribute to NNSA's energy conservation goals.

CONGRESSIONALLY DIRECTED
PROJECTS

The bill provides \$2,000,000 for the following congressionally directed projects and activities.

CONGRESSIONALLY DIRECTED WEAPONS ACTIVITIES
PROJECTS

PROJECT	AMOUNT
Center for Innovation through Visualization and Simulation, Purdue University-Calumet, IN	\$2,000,000

DEFENSE NUCLEAR NONPROLIFERATION

The NNSA is directed to provide a report by April 1, 2011, with (1) the measures and indicators it will use to assess the progress in meeting the 4 year goal of securing all vulnerable nuclear materials, (2) the progress it has made toward meeting the goals 2 years into the effort, and (3) additional measures it must take and funding requirements for the last 2 years. Such measures should include the fraction of the total number of sites in the world with nuclear weapons or weapons-usable materials where all of those stocks have been eliminated and the fraction that have demonstrated that their security systems are performing effectively and could protect against a broad range of outsider and insider threats.

NONPROLIFERATION AND VERIFICATION RESEARCH AND DEVELOPMENT

The bill includes \$10,000,000 for National Nuclear Security Administration (NNSA) laboratories to use their expertise for space situational awareness and at least \$500,000 for the Global Seismographic Network equipment replacement. The NNSA is directed to submit a report with the fiscal year 2012 budget to the Committees on Appropriations on each project with the baseline cost, scope and schedule, deliverables, the public or private entity performing the research and development, and the proposed user.

INTERNATIONAL NUCLEAR MATERIALS PROTECTION AND COOPERATION

The NNSA is directed to submit a report to the Committees on Appropriations not later than 90 days of enactment on (1) whether Russia has taken steps to implement the Joint Transition Plan, (2) the remaining challenges in sustaining security upgrades and how NNSA plans to address those challenges, and (3) U.S. resources, whether direct or indirect, needed after fiscal year 2012 to support U.S.-funded MPC&A activities.

FISSILE MATERIALS DISPOSITION

The bill provides \$918,213,000 for Fissile Materials Disposition. The bill includes \$248,940,000 for U.S. Surplus Fissile Material Disposition, of which \$82,999,000 is for the Pit

Disassembly and Conversion facility (PDCF). This reduction is due to adjustments in the schedule and scope of the PDCF project that result in the deferment of costs into fiscal year 2012.

The NNSA is directed to submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act on what actions it has taken to inform utilities about the MOX fuel program and related incentives and how it plans to increase the number of customers for MOX fuel.

The bill includes \$30,500,000 for Russian Surplus Fissile Material Disposition. There is strong support for the nonproliferation goal of this program to dispose of 34 metric tons of Russian surplus weapons-usable plutonium. However, this bill does not provide the funding request for this program because of delays in establishing the infrastructure and milestones required for Russia to receive U.S. contributions and the NNSA does not plan on providing any funding to Russia until fiscal year 2012. The NNSA is directed to submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act on how the United States will spend the \$400,000,000 to help Russia dispose of excess plutonium and the milestones in the program that Russia must meet before the United States releases any of these funds.

GLOBAL THREAT REDUCTION INITIATIVE

The bill includes \$568,838,000 for the Global Threat Reduction Initiative. The bill provides the requested funding level for Highly-Enriched Uranium Reactor Conversion.

The bill includes \$355,691,000 for Nuclear and Radiological Material. If by the end of the third quarter of fiscal year 2011 NNSA has not entered into an agreement with South Africa to remove South African highly enriched uranium, the NNSA is directed to use \$27,000,000 of the \$108,000,000 appropriated for gap nuclear material removal activities for domestic material protection activities.

The bill includes \$95,147,000 for Nuclear and Radiological Material Protect of which not less than \$35,147,000 should be used for Do-

mestic Material Protection in the United States.

USE OF PRIOR YEAR FUNDS

Use of prior-year balances.—The Department is directed to use \$20,000,000 of prior year balances associated with the Elimination of Weapons Grade Plutonium Production Program.

NAVAL REACTORS

The NNSA is directed to submit a report within 90 days of enactment of this Act on its facilities recapitalization plan including a project-by-project description; the funding profile for the next five years; the prioritization scheme employed to support the funding profile and schedule; the operations and maintenance cost savings resulting from replacing facilities; the environmental remediation costs associated with recapitalization; and the project management and controls in place to ensure projects are completed on-cost and on-schedule.

OFFICE OF THE ADMINISTRATOR

Support to Minority Colleges and Universities.—The bill provides \$25,000,000 for the Office of the Administrator's support for Historically Black Colleges and Universities (HBCU), Hispanic Serving Institutions (HSI), and minority outreach at other colleges and universities. Of this amount, \$10,000,000 is for HBCUs, fully supporting the Dr. Samuel Massie Chairs of Excellence; up to \$10,000,000 is for HSIs; and \$5,000,000 is for the Educational Advancement Alliance HBCU Graduate program, including a National Conference for Potential Scholars and an endowment. Additionally, the bill includes \$6,000,000 in Weapons Activities, \$3,000,000 in Nonproliferation, and \$1,000,000 in Naval Reactors to engage HBCUs, and further directs the engagement of HSIs and minority outreach at other colleges and universities in research areas directly supporting program activities.

Congressionally Directed Projects.—The bill provides \$13,150,000 for the following congressionally directed projects and activities.

CONGRESSIONALLY DIRECTED OFFICE OF THE
ADMINISTRATOR (NNSA) PROJECTS

PROJECT	AMOUNT
Achieving a College Education Program at Maricopa County Community Colleges	\$1,000,000
GEAR UP Collaborative HBCU Graduate Program	\$1,750,000
Historically Black Colleges and Universities Program	\$10,000,000
Minority Energy Science Research and Education Initiative	\$400,000

ENVIRONMENTAL AND OTHER DEFENSE
ACTIVITIESDEFENSE ENVIRONMENTAL CLEANUP
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$5,620,135,000 for the Defense Environmental Cleanup program, including \$10,000,000 for hazardous worker training.

Reprogramming Authority.—In fiscal year 2011, the Department may transfer funding between operating expense-funded projects within the controls listed below. All capital construction line item projects remain separate controls from the operating projects. The Committees on Appropriations must be formally notified in advance of all reprogrammings, and the Department is to take no financial action in anticipation of a congressional response. The following are the reprogramming control points: Closure Sites; Hanford site; Idaho National Laboratory; NNSA sites; Oak Ridge Reservation; Office of River Protection; Savannah River site; Waste Isolation Pilot Plant; Program Direction; Program Support; Technology Development and Deployment; Safeguards and Security; and all capital construction line items, regardless of site.

Internal Reprogramming.—Consistent with Section 301 of the bill, Environmental Management (EM) site managers may transfer up to \$5,000,000, one time, between accounts listed above to reduce health and/or safety risks, gain cost savings, or complete projects as

long as a program or project is not increased or decreased by more than \$5,000,000 in total during the year. The reprogramming authority may not be used to initiate new programs or to change funding for programs specifically denied, limited, or increased by Congress in the Act or report. The Committee on Appropriations must be notified within 30 days after the use of the internal reprogramming authority.

Prioritization of Cleanup Projects.—The Department is directed to submit, within 120 days of enactment of this Act, a report describing in detail how EM prioritizes its projects, including a list of the factors considered in prioritization and the relative weight assigned to each factor.

Nuclear Waste Treatment.—The Department is directed to report, within 15 days of a decision to modify current policy, any modifications regarding waste loading within EM's waste treatment strategy for high-level waste.

Hanford Site.—The Department is directed to carry out maintenance and public safety efforts at the B Reactor. Funding for the Hazardous Materials Management and Emergency Response facilities are provided for within available funds.

Oak Ridge Reservation.—The amount provided for cleanup activities at ORNL shall include the 2000 Area slabs and soils remediation and the Isotope Area decommissioning and demolition.

Waste Isolation Pilot Plant.—The bill provides funding for educational support and infrastructure improvements.

Technology Development and Deployment.—The Department is directed to continue its partnership with industry to transfer and demonstrate international technologies and approaches to the cleanup program. The Committees on Appropriations also encourage the Department to work with industry to improve the transition of international technology into practice.

OTHER DEFENSE ACTIVITIES
ACQUISITION WORKFORCE
IMPROVEMENT

The Department did not submit a comprehensive plan to justify a new, stand-alone initiative. Therefore, the bill includes no funding for the acquisition workforce improvement initiative under Other Defense Activities. The Committees on Appropriations fully support a robust acquisition and contracting workforce and will work with the Department to ensure that program direction under the various accounts is sufficient to meet the requirements of the agency to ensure proper management and oversight of the acquisition process.

CONGRESSIONALLY DIRECTED
PROJECTS

The bill provides \$2,000,000 for the following congressionally directed projects and activities.

CONGRESSIONALLY DIRECTED OTHER DEFENSE ACTIVITIES
PROJECTS

PROJECT	AMOUNT
Burlington Atomic Energy Commission Plant and Ames Laboratory Former Workers Medical Surveillance Programs (IA)	\$1,000,000
Medical Monitoring at Paducah, KY, Portsmouth, OH, and Oak Ridge, TN (TN)	\$1,000,000

COMPARATIVE STATEMENT OF NEW BUDGET AUTHORITY FY 2011

Research and development support	37,071	38,582	38,582	+ 1,511	
Research and development certification and safety	165,076	209,053	209,053	+ 43,977	
Management, technology, and production	183,223	193,811	193,811	+ 10,588	
Plutonium sustanment	141,909	190,318	170,068	+ 28,159	- 20,250
Subtotal, Stockpile services	828,763	941,525	921,275	+ 92,512	- 20,250
Total, Directed stockpile work	1,505,859	1,898,379	1,888,129	+ 382,270	- 10,250
Campaigns:					
Science campaign:					
Advanced certification	19,400	76,972	61,279	+ 41,879	- 15,693
Primary assessment technologies	83,181	85,723	85,723	+ 2,542	
Dynamic materials properties	86,617	96,984	98,189	+ 11,572	+ 1,205
Advanced radiography	28,535	23,594	23,594	- 4,941	
Secondary assessment technologies	77,913	81,949	81,949	+ 4,036	
Subtotal, Science campaigns	295,646	365,222	350,734	+ 55,088	- 14,488
Engineering campaign:					
Enhanced surety	42,000	42,429	42,429	+ 429	
Weapons system engineering assessment technology	18,000	13,530	18,000		+ 4,470
Nuclear survivability	21,000	19,786	19,786	- 1,214	
Enhanced surveillance	69,000	66,175	66,175	- 2,825	
Subtotal, Engineering campaign	150,000	141,920	146,390	- 3,610	+ 4,470
Inertial confinement fusion ignition and high yield campaign:					
Ignition	106,734	109,506	109,506	+ 2,772	
NIF diagnostics, cryogenics and experimental support	72,252	102,649	102,649	+ 30,397	
Pulsed power inertial confinement fusion	5,000	5,000	5,000		
Joint program in high energy density laboratory plasmas	4,000	4,000	4,000		
Facility operations and target production	269,929	260,393	260,393	- 9,536	
Subtotal, Inertial confinement fusion	457,915	481,548	481,548	+ 23,633	
Advanced simulation and computing	567,625	615,748	612,748	+ 45,123	- 3,000
Readiness campaign:					
Stockpile readiness	5,746	18,941	18,941	+ 13,195	
High explosives and weapon operations	4,608	3,000	3,000	- 1,608	
Nonnuclear readiness	12,701	21,864	21,864	+ 9,163	
Tritium readiness	68,246	50,187	30,229	- 38,017	- 19,958
Advanced design and production technologies	8,699	18,100	18,100	+ 9,401	
Subtotal, Readiness campaign	100,000	112,092	92,134	- 7,866	- 19,958
Total, Campaigns	1,571,186	1,716,530	1,683,554	+ 112,368	- 32,976
Readiness in technical base and facilities (RTBF):					
Operations of facilities:					
Operations of facilities					
Kansas City Plant	156,056	125,791	185,102	+ 29,046	+ 185,102
Lawrence Livermore National Laboratory	86,670		80,106	- 6,564	+ 80,106
Los Alamos National Laboratory	311,776		318,464	+ 6,688	+ 318,464
Nevada Test Site	79,583		82,077	+ 2,494	+ 82,077
Pantex	131,602		142,130	+ 10,528	+ 142,130
Sandia national Laboratory	104,133		117,369	+ 13,236	+ 117,369
Savannah River Site	128,580		92,722	- 35,858	+ 92,722
Y-12 Productions Plant	229,774		239,428	+ 9,654	+ 239,428
Institutional Site Support	120,129		20,970	- 99,159	+ 20,970
Subtotal, Operations of facilities	1,348,303	1,257,991	1,278,368	- 69,935	+ 20,377
Program readiness	73,021	69,309	69,309	- 3,712	
Material recycle and recovery	69,542	70,429	70,429	+ 887	+ 5,000
Containers	23,382	27,992	27,992	+ 4,610	
Storage	24,708	24,233	24,233	- 475	
Subtotal, RTBF	1,538,966	1,449,954	1,475,331	- 63,635	+ 25,377
Construction:					
11-D-801 TA-55 Reinvestment project, LANL		20,000	20,000	+ 20,000	
10-D-501 Nuclear facilities risk reduction Y-12 National security complex, Oakridge, TN	12,500			- 12,500	
09-D-007, LANSCE Reinvestment PED Los Alamos National Lab, Los Alamos, NM	20,000		30,000	+ 10,000	+ 30,000
09-D-404, Test capabilities revitalization II, Sandia National Laboratories, Albuquerque, NM	3,200		1,500	- 1,700	+ 1,500
08-D-801 High pressure fire loop (HPFL) Pantex Plant, Amarillo, TX	31,910			- 31,910	
08-D-802 High explosive pressing facility Pantex Plant, Amarillo, TX		30,000	30,000	+ 30,000	
07-D-140 Project engineering and design (PED), various locations		5,000	5,000	+ 5,000	
06-D-140 Project engineering and design (PED), various locations	12,000	4,000	4,000	- 8,000	
06-D-141 Project engineering and design (PED), Y-12 UPF, Oak Ridge, TN	94,000	115,016	115,016	+ 21,016	
06-D-402 NTS replace fire stations 1 & 2 Nevada Test Site, NV	1,473			- 1,473	
04-D-125 Chemistry and metallurgy facility replacement project, Los Alamos National Laboratory, Los Alamos, NM	97,000	225,000	225,000	+ 128,000	
04-D-128 TA-18 mission relocation project, Los Alamos Laboratory, Los Alamos, NM	1,500			- 1,500	
99-D-141 Pit disassembly and conversion facility, SRS	30,321			- 30,321	
Subtotal, Construction	303,904	399,016	430,516	+ 126,612	+ 31,500

¹ Totals include alternative financing costs, reimbursable agreement funding, and power purchase and wheeling expenditures. Offsetting collection totals reflect funds collected for annual expenses, including power purchase and wheeling.

TITLE IV

INDEPENDENT AGENCIES

Funding levels for appropriations by independent agency within this Act, and comparisons to last year's level and the budget request, can be found in the table at the end of this division. Additional items in the Act are discussed below.

NUCLEAR REGULATORY COMMISSION

SALARIES AND EXPENSES

The bill provides \$1,053,483,000 for the Nuclear Regulatory Commission (NRC) salaries and expenses. The additional \$10,000,000 of funding supplements the \$5,000,000 included in the budget request for NRC participation in an Integrated University Program as directed by section 313 of Public Law 111-8. Further, \$10,000,000 of this amount is to be used to support university education programs relevant to the NRC mission. In addition, not less than \$5,000,000 of this amount will be used for grants to support research projects that do not align with programmatic missions but are critical to maintaining the discipline of nuclear science and engineering. The NRC is encouraged to work with the Department of Energy on Small

Modular Reactors so that technical issues can be resolved as early as possible. The Commission is directed to continue to provide semi-annual reports on the status of its licensing and other regulatory activities.

NUCLEAR WASTE TECHNICAL REVIEW BOARD
SALARIES AND EXPENSES

The Committees on Appropriations expect NWTRB to be involved in the Blue Ribbon Commission on America's Nuclear Future on issues involving nuclear waste disposal. The NWTRB shall support the Department of Energy and Nuclear Regulatory Commission's effort to archive and preserve Yucca Mountain-related documents and physical materials of scientific value.

TENNESSEE VALLEY AUTHORITY

NNSA Tritium Program.—The Tennessee Valley Authority is directed to bill the National Nuclear Security Administration (NNSA) on a quarterly basis for the work supporting the NNSA's tritium program.

Reports.—The Inspector General is directed to forward copies of all audit and inspection reports to the Committees on Appropriations immediately after they are issued, and immediately make the Committees aware of

any review that recommends cancellation of, or modification to, any major acquisition project or grant, or which recommends significant budgetary savings. The Inspector General is also directed to withhold from public distribution for a period of 15 days any final audit or investigation report that was requested by the Committees on Appropriations.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the House or Senate Committee of jurisdiction for each item so identified. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules.

Department of Energy	Energy Efficiency and Renewable Energy	San Francisco Energy Efficient LED Streetlight Project	\$1,000,000	Pelosi	---
Department of Energy	Energy Efficiency and Renewable Energy	Shenandoah Valley as a National Demonstration Project Achieving 25 Percent Renewable Energy by the Year 2025 (VA)	---	---	Warner
Department of Energy	Energy Efficiency and Renewable Energy	Sierra Heights Sustainable Energy Program	\$350,000	---	Levin; Stabenow
Department of Energy	Energy Efficiency and Renewable Energy	Silka Blue Lake Hydroelectric Expansion Project	\$600,000	Schauer	Murkowski; Begich
Department of Energy	Energy Efficiency and Renewable Energy	Small Vertical Wind Turbine Demonstration Project	\$1,000,000	Young (AK)	---
Department of Energy	Energy Efficiency and Renewable Energy	Snohomish County PUD Geothermal Energy Study	\$150,000	Halvorsen	---
Department of Energy	Energy Efficiency and Renewable Energy	Solar Cell Connectivity Research and Development (RI)	\$1,200,000	Instee	Cantwell
Department of Energy	Energy Efficiency and Renewable Energy	Solar Electric System (NY)	\$1,000,000	---	Reed; Whitehouse
Department of Energy	Energy Efficiency and Renewable Energy	Solar Energy Infrastructure Enhancement (NV)	\$200,000	---	Gillibrand
Department of Energy	Energy Efficiency and Renewable Energy	Solar Energy Water Reclamation Demonstration Project	\$500,000	---	Reid
Department of Energy	Energy Efficiency and Renewable Energy	Solar Furnace Research Program, Valparaiso University, IN	\$500,000	Titus	---
Department of Energy	Energy Efficiency and Renewable Energy	Solar Panel Demonstration for the Lodi Municipal Complex	\$600,000	Vislosky	Lugar
Department of Energy	Energy Efficiency and Renewable Energy	Solar Panels for the Municipal Library, East Brunswick, NJ	\$300,000	Rothman (NJ)	---
Department of Energy	Energy Efficiency and Renewable Energy	Solar Parking Canopies and Plug-in Electric Stations Demonstration	\$500,000	Holt	---
Department of Energy	Energy Efficiency and Renewable Energy	Solar Photovoltaic Panels on Ocean County Parking Deck	\$400,000	Moore (KS)	Roberts
Department of Energy	Energy Efficiency and Renewable Energy	Solar Power Demonstration To Create An Energy Efficient Building	\$500,000	Adler (NJ)	---
Department of Energy	Energy Efficiency and Renewable Energy	Solar Power Module Development (VT)	\$500,000	Watson	---
Department of Energy	Energy Efficiency and Renewable Energy	Solar Production of Hydrogen from Water	\$500,000	---	Leahy
Department of Energy	Energy Efficiency and Renewable Energy	Solar Testing and Training (CT)	\$750,000	DeLauro	Lieberman
Department of Energy	Energy Efficiency and Renewable Energy	South Jordan NGV Fleet Implementation Program (UT)	\$400,000	---	Dodd; Lieberman
Department of Energy	Energy Efficiency and Renewable Energy	South Utah Electric District Crab Creek Small Hydropower Facility (UT)	\$300,000	---	Bennett
Department of Energy	Energy Efficiency and Renewable Energy	Southern Arizona Green Energy Training Enhancement Project	\$1,000,000	---	Bennett
Department of Energy	Energy Efficiency and Renewable Energy	Southern Regional Center for Lightweight Innovative Designs (MS)	\$590,000	Giffords	---
Department of Energy	Energy Efficiency and Renewable Energy	Southwest Washington Tidal Energy Project	\$3,500,000	---	Cochran; Wicker
Department of Energy	Energy Efficiency and Renewable Energy	Springfield Fast-Fill CNG Facility (MO)	\$1,000,000	Baird	Murray; Cantwell
Department of Energy	Energy Efficiency and Renewable Energy	Strategic Biomass Initiative (MS)	\$500,000	---	Bond
Department of Energy	Energy Efficiency and Renewable Energy	Sun Grant Initiative, South Dakota State University Regional Biomass Feedstock Research and Development (SD)	\$500,000	---	Cochran; Wicker
Department of Energy	Energy Efficiency and Renewable Energy	Sustainable Biofuel Production - Consolidated Bioprocessing Strategy for Biomass Conversion (MA)	\$2,000,000	Herseeth Sandlin	Johnson; Thune
Department of Energy	Energy Efficiency and Renewable Energy	Sustainable Campus Initiative of Sierra Nevada College at Lake Tahoe (NV)	\$600,000	---	Kerry
Department of Energy	Energy Efficiency and Renewable Energy	Sustainable Energy Homeowner Outreach Program (VT)	\$400,000	---	Reid
Department of Energy	Energy Efficiency and Renewable Energy	Sustainable Energy in Schools (VT)	\$200,000	---	Sanders
Department of Energy	Energy Efficiency and Renewable Energy	Sustainable Energy Institute (IA)	\$500,000	---	Sanders
Department of Energy	Energy Efficiency and Renewable Energy	Sustainable Energy Research Center	\$500,000	---	Harkin; Grassley
Department of Energy	Energy Efficiency and Renewable Energy	Switched Reluctance Motor Technology for Zero Emission Mobility	\$9,000,000	Childers	Cochran; Wicker
Department of Energy	Energy Efficiency and Renewable Energy	TCC Green Workforce	\$500,000	Bocieri	---
Department of Energy	Energy Efficiency and Renewable Energy	Town of North Hempstead Solar Farm	\$400,000	Boyd	---
Department of Energy	Energy Efficiency and Renewable Energy	Training for Employment in the Algae Economy (TEALE)	\$350,000	Ackerman	---
Department of Energy	Energy Efficiency and Renewable Energy	Tri-County Biomass Energy Pilot Project (MT)	\$600,000	Davis (CA)	---
Department of Energy	Energy Efficiency and Renewable Energy	Truckee Meadows Water Reclamation Facility Environmental and Energy Enhancement(NV)	\$800,000	---	Tester; Baucus
Department of Energy	Energy Efficiency and Renewable Energy	Tulahoma City Schools Solar Roof Demonstration	\$1,000,000	---	Reid
Department of Energy	Energy Efficiency and Renewable Energy	UDC Renewable Energy Institute	\$500,000	Davis (TN)	---
Department of Energy	Energy Efficiency and Renewable Energy	Utah Natural Gas Fueling Station (UT)	\$500,000	Norton	---
Department of Energy	Energy Efficiency and Renewable Energy	University of Arkansas at Little Rock Nanostructured Composite Project	\$300,000	---	Bennett
Department of Energy	Energy Efficiency and Renewable Energy	University of Georgia MidSouth/Southeast BioEnergy Consortium	\$1,000,000	Snyder	Pryor; Lincoln
Department of Energy	Energy Efficiency and Renewable Energy	University of Louisville Research and Energy Independence Program (KY)	\$1,100,000	Scott (GA); Barrow	Chambliss
Department of Energy	Energy Efficiency and Renewable Energy	UNLV - Intermountain West Sustainable Development Project (NV)	\$2,000,000	---	McConnell
Department of Energy	Energy Efficiency and Renewable Energy	UNR - Great Basin Center for Geothermal Energy (NV)	\$500,000	---	Reid
Department of Energy	Energy Efficiency and Renewable Energy	Urban Wind Demonstration Project	\$250,000	---	Reid
Department of Energy	Energy Efficiency and Renewable Energy	Utah Center for Energy Innovation and Commercialization (UT)	\$300,000	Crowley	Gillibrand
Department of Energy	Energy Efficiency and Renewable Energy	Vermont Biofuels and Carbon Harvest Initiative (VT)	\$3,400,000	---	Bennett
Department of Energy	Energy Efficiency and Renewable Energy	Vermont Biomass Energy Resource Center (VT)	\$750,000	---	Leahy
Department of Energy	Energy Efficiency and Renewable Energy	Vorononia Sustainable Schools (OR)	\$1,000,000	---	Leahy
Department of Energy	Energy Efficiency and Renewable Energy		\$300,000	---	Wyden; Merkley

Department of Energy	Energy Efficiency and Renewable Energy	Village of Alsip Wind and Solar	\$675,000	Rush	
Department of Energy	Energy Efficiency and Renewable Energy	Warburg College Wind Energy Demonstration Project	\$1,000,000	Braley (IA)	
Department of Energy	Energy Efficiency and Renewable Energy	White Earth Tribal BioMass Bio Fuel Project (MN)	\$700,000		Klobuchar, Franken
Department of Energy	Energy Efficiency and Renewable Energy	Wind Energy Infrastructure (ND)	\$550,000		Dorgan
Department of Energy	Energy Efficiency and Renewable Energy	Wind Energy Materials Development (ND)	\$2,000,000	Pomeroy	Dorgan
Department of Energy	Energy Efficiency and Renewable Energy	Wind Energy Technology Training Program (WA)	\$500,000		Murray
Department of Energy	Energy Efficiency and Renewable Energy	Wind Energy Training and Infrastructure (ND)	\$1,000,000	Pomeroy	Dorgan
Department of Energy	Energy Efficiency and Renewable Energy	Wind Power Exploration (MT)	\$100,000		Tester, Baucus
Department of Energy	Energy Efficiency and Renewable Energy	Wind Resource Monitoring and Training Program (NV)	\$1,000,000		Reid
Department of Energy	Energy Efficiency and Renewable Energy	Winthrop Hospital Solar Array System	\$700,000	(NY)	Meeks (NY); McCarthy
Department of Energy	Energy Efficiency and Renewable Energy	Wireless Turbine Blade Sensor System Research (NY)	\$1,000,000		Schumer
Department of Energy	Energy Efficiency and Renewable Energy	YWCA Carolyn House Geothermal Improvements	\$600,000	Slaughter	
Department of Energy	Electricity Delivery and Energy Reliability	Advanced Cyber-Controlled Smart Grid with Renewable Energy Sources	\$1,000,000	Towns	Gillibrand
Department of Energy	Electricity Delivery and Energy Reliability	Dubuque Smarter Energy Project (IA)	\$500,000		Harkin
Department of Energy	Electricity Delivery and Energy Reliability	Emerging Smart Grid Technology Study	\$200,000	Schiff	
Department of Energy	Electricity Delivery and Energy Reliability	Energy Development and Reliability (ND)	\$300,000		Dorgan
Department of Energy	Electricity Delivery and Energy Reliability	Great Lakes Energy Institute	\$950,000	Fudge; Ryan (OH)	Voinovich; Sherrrod Brown
Department of Energy	Electricity Delivery and Energy Reliability	Heber Light and Power Automated Metering Infrastructure	\$900,000	Welch	
Department of Energy	Electricity Delivery and Energy Reliability	Legal and Regulatory Implications of a Smart Electric Grid (Phase II)	\$900,000		
Department of Energy	Electricity Delivery and Energy Reliability	Navajo Nation Electrification Program (NM)	\$900,000	Welch	
Department of Energy	Electricity Delivery and Energy Reliability	Northern Westchester Energy Action Consortium Smart Grid	\$400,000	Hall (NY); Lowy	Bingaman; Tom Udall
Department of Energy	Electricity Delivery and Energy Reliability	Renewable Energy for South Texas Colonias	\$500,000	Cueellar	
Department of Energy	Electricity Delivery and Energy Reliability	Research for Operation of High Voltage Transmission Lines at Overloads	\$850,000	Gordon (TN)	
Department of Energy	Electricity Delivery and Energy Reliability	Smart Grid Simulation Technology (ND)	\$800,000	Pomeroy	Dorgan
Department of Energy	Electricity Delivery and Energy Reliability	Technology Development (ND)	\$750,000		Dorgan
Department of Energy	Electricity Delivery and Energy Reliability	University of Arizona Compressed Air Energy Storage	\$500,000	Pastor (AZ)	
Department of Energy	Electricity Delivery and Energy Reliability	University of Toledo, Energy and Innovation Infrastructure, Pilot Project	\$1,000,000	Kapur	
Department of Energy	Electricity Delivery and Energy Reliability	UNR - Energy Storage for Intermittent Renewable Energy Sources (NV)	\$1,000,000		Reid
Department of Energy	Nuclear Energy	Nuclear Engineering Research Center (UT)	\$500,000		Bennett
Department of Energy	Nuclear Energy	Nuclear Fabrication Consortium (OH)	\$2,000,000		Voinovich
Department of Energy	Nuclear Energy	Nuclear Power Operator Simulator	\$800,000	Lynch; Tsongas; Delahunt	Kerry
Department of Energy	Nuclear Energy	Ohio State Nuclear Reactor Laboratory Facility Research and Education Expansion	\$2,500,000		Voinovich
Department of Energy	Nuclear Energy	Oversight of Yucca Mountain Shut Down and Reclamation (NV)	\$2,500,000		Reid
Department of Energy	Fossil Energy	Advanced Coal Gasification Research and Development	\$500,000	Chandler	
Department of Energy	Fossil Energy	Carbon Dioxide Capture Project	\$250,000	Larson (CT)	
Department of Energy	Fossil Energy	Carbon Management Center	\$1,000,000	Perlmutter	Mark Udall, Bennet
Department of Energy	Fossil Energy	Clean Energy Technology (ND)	\$2,000,000		Dorgan
Department of Energy	Fossil Energy	Fossil Fuel Research and Development (ND)	\$3,000,000	Pomeroy	Dorgan; Conrad
Department of Energy	Fossil Energy	Gulf of Mexico Hydrates Research Consortium	\$1,000,000	Childers	Cochran; Wicker
Department of Energy	Fossil Energy	Hydrogen Fuel Dispensing Station (WV)	\$750,000		Rockefeller
Department of Energy	Fossil Energy	Innovative Carbon Dioxide Science and Technology	\$400,000	Capuano	
Department of Energy	Fossil Energy	Long Term Environmental and Economic Impacts of the Development of a Coal Liquefaction Sector in China (WV)	\$750,000		Rockefeller
Department of Energy	Fossil Energy	National Center for Hydrogen Technology (ND)	\$3,000,000	Pomeroy	Dorgan; Conrad
Department of Energy	Fossil Energy	Oklahoma State University Energy Center - Natural Gas Technology Training	\$1,100,000	Boren	
Department of Energy	Fossil Energy	Suburby Generation/Calera Carbon Capture Project (PA)	\$750,000		Specter
Department of Energy	Fossil Energy	Ultra-Low CO2 Emission Coal Fuel Cell Technology	\$500,000	Sutton; Ryan (OH)	
Department of Energy	Fossil Energy	University of Kentucky Coal-Derived Low Energy Materials for Sustainable Construction Project (KY)	\$1,000,000		McConnell
Department of Energy	Fossil Energy	Utah Center for Ultra-Clean Coal Utilization and Heavy Oil Research (UT)	\$7,000,000		Bennett
Department of Energy	Office of Science	Advanced Computer Simulation Initiative (NV)	\$1,000,000		Reid
Department of Energy	Office of Science	Alaska Climate Center	\$500,000	Young (AK)	Murkowski; Begich
Department of Energy	Office of Science	Anthodies Research (ND)	\$4,000,000		Dorgan; Conrad
Department of Energy	Office of Science	Brown University Carbon Sequestration	\$1,200,000	Langevin; Kennedy	

Department of Energy Office of Science	Center for Diagnostic Nanosystems (WV)	\$2,000,000	---	Rockefeller
Department of Energy Office of Science	Center for Nanoscale Energy (ND)	\$7,000,000	Pomeroy	Dorgan; Conrad
Department of Energy Office of Science	Center for Sustainable Energy at Broux Community College	\$300,000	Serrano	---
Department of Energy Office of Science	Center for Sustainable Energy Solutions	\$500,000	Meek (FL)	---
Department of Energy Office of Science	Characteristics and Cleanup of the U.S. Nuclear Legacy (MS)	\$3,500,000	---	Cochran; Wicker
Department of Energy Office of Science	Climate Model Evaluation Program (AL)	\$2,000,000	---	Shelby; Sessions
Department of Energy Office of Science	Computing Capability (ND)	\$2,000,000	Pomeroy	Dorgan; Conrad
Department of Energy Office of Science	Development of Nontechnology-enhanced Solar Cells with Low Cost and High Conversion Efficiency (NV)	\$500,000	---	Reid
Department of Energy Office of Science	Eastern Michigan University Biofuels Laboratory	\$500,000	Conyers; Dingell	Levin; Stabenow
Department of Energy Office of Science	Energy and Environmental Engineering and Sustainability	\$500,000	Bordallo	---
Department of Energy Office of Science	Energy Research (MS)	\$250,000	---	Cochran
Department of Energy Office of Science	Environmental Radioactivity Monitoring Laboratory; Monitoring/Assessment of the Radioactive Pollutants in the South-West Mississippi (MS)	\$750,000	---	Cochran; Wicker
Department of Energy Office of Science	Fordham Green Sciences Instrumentation, Research, Teaching and Learning Initiative	\$400,000	Serrano	---
Department of Energy Office of Science	Functional Nanoparticles for Improved Ultra Capacitor Devices (MS)	\$1,000,000	---	Cochran; Wicker
Department of Energy Office of Science	Fusion Energy Spheromak Turbulent Plasma Experiment	\$1,100,000	(FL)	---
Department of Energy Office of Science	Houston Works Urban Energy to Science Education Initiative	\$600,000	Green, Gene; Green, Al	---
Department of Energy Office of Science	Ideaho National Laboratory Center for Advanced Energy Studies (ID)	\$1,000,000	---	Crapo; Risch
Department of Energy Office of Science	Institute for Integrated Sciences	\$2,000,000	Markey (MA)	Kerry
Department of Energy Office of Science	KU Cancer Research Equipment (KS)	\$4,000,000	---	Brownback; Roberts
Department of Energy Office of Science	Lincoln Memorial University/ORNL Partnership on Geothermal Energy (TN)	\$2,000,000	---	Alexander
Department of Energy Office of Science	Material Science Smart Coatings (NE)	\$500,000	---	Ben Nelson
Department of Energy Office of Science	Metal-Enhanced Fluorescence Research and Development	\$750,000	Cummings	Mikulski; Cardin
Department of Energy Office of Science	Missouri University Research Reactor Reflector Shield (MO)	\$1,000,000	---	Bond
Department of Energy Office of Science	Morris College STEM Infrastructure Improvement Project	\$600,000	Spratt	---
Department of Energy Office of Science	MST Minority Graduate Program	\$2,250,000	Fattah	---
Department of Energy Office of Science	Nanotechnology Initiative	\$600,000	Courtney; Larson (CT); DeLauro	Dodd; Lieberman
Department of Energy Office of Science	Nevada Water Resources Data, Modeling, and Visualization (DMV) Center (NV)	\$750,000	Trius; Berkley	Reid
Department of Energy Office of Science	Oregon Sustainability Center	\$300,000	Blumenauer; Schrader; Wu	Wyden; Merkley
Department of Energy Office of Science	Research Program in Transparent, Flexible, and Ultrathin Silicon Solar Cells	\$1,000,000	Schakowsky	---
Department of Energy Office of Science	RNAi Research	\$300,000	McGovern	Kerry
Department of Energy Office of Science	STEM Microscope and Electron-Beam Lithography Tool for Nanotechnology Research	\$2,500,000	Price (NC); Miller (NC); Etheridge	Hagan
Department of Energy Office of Science	Solid State Preparation and Characterization Lab (NV)	\$500,000	---	Reid
Department of Energy Office of Science	Southern Illinois University Research (IL)	\$750,000	---	Durbin
Department of Energy Office of Science	St. Edwards University Science, Technology, Engineering, and Mathematics (STEM) Equipment	\$1,000,000	Doggett	---
Department of Energy Office of Science	Sustainable Bioenergy Development Center	\$500,000	Markey (CO)	---
Department of Energy Office of Science	Technology Transfer & Commercialization of Technologies at DOE (NM)	\$500,000	---	Bingaman; Tom Udall
Department of Energy Office of Science	The Center for Science Education at Emmanuel College	\$1,400,000	Caputo	---
Department of Energy Office of Science	Thurgood Marshall College Fund Minority Science Initiative	\$2,500,000	Towns; Sesiak; Butterfield; Hastings (FL)	---
Department of Energy Office of Science	TU Algae to Green Fuels Energy Project (OK)	\$750,000	---	Inhofe
Department of Energy Office of Science	UMass Lowell Laboratory Science Building Laboratory Outfitting and Equipment	\$2,000,000	Olver	---
Department of Energy Office of Science	University of California, San Diego Seismic Research (CA)	\$1,500,000	---	Feinstein
Department of Energy Office of Science	University of Rhode Island Regional Earth Systems Center	\$750,000	Lauevin	Reed; Whitehouse
Department of Energy Office of Science	University of South Dakota Project on Renewable Energy and the Economy (SD)	\$350,000	Herseth Sandlin	Johnson
Department of Energy NNSA-Weapons Activities	Center for Innovation through Visualization and Simulation, Purdue University-Calumet, IN	\$2,000,000	Vislosky	---
Department of Energy NNSA-Office of the Administrator	Achieving a College Education Program at Maricopa County Community Colleges	\$1,000,000	Pastor (AZ)	---

COMPARATIVE STATEMENT OF NEW BUDGET AUTHORITY FY 2011

(Amounts in thousands)

	FY 2010 En-acted	FY 2011 Re-quest	FY 2011 This Bill	This Bill vs En-acted	This Bill vs Re-quest
TITLE I—DEPARTMENT OF DEFENSE—CIVIL					
DEPARTMENT OF THE ARMY					
Corps of Engineers—Civil					
Investigations	160,000	104,000	150,000	-10,000	+46,000
Emergency appropriations (Public Law 111-212)	5,400			-5,400	
Subtotal, Investigations	165,400	104,000	150,000	-15,400	+46,000
Construction	2,031,000	1,690,000	1,823,625	-207,375	+133,625
Mississippi River and tributaries	340,000	240,000	325,000	-15,000	+85,000
Emergency appropriations (Public Law 111-212)	18,600			-18,600	
Recission		-23,000			+23,000
Recission of emergency funding		-35,000			+35,000
Subtotal, Mississippi River and tributaries	358,600	182,000	325,000	-33,600	+143,000
Operations and maintenance	2,400,000	2,361,000	2,475,000	+75,000	+114,000
Emergency appropriations (Public Law 111-212)	173,000			-173,000	
Subtotal, Operations and maintenance	2,573,000	2,361,000	2,475,000	-98,000	+114,000
Regulatory program	190,000	193,000	193,000	+3,000	
FUSRAP	134,000	130,000	130,000	-4,000	
Flood control and coastal emergencies		30,000	30,000	+30,000	
Emergency appropriations (Public Law 111-212)	20,000			-20,000	
Subtotal, Flood control and coastal emergencies	20,000	30,000	30,000	+10,000	
Expenses	185,000	185,000	187,375	+2,375	+2,375
Office of Assistant Secretary of the Army (Civil Works)	5,000	6,000	6,000	+1,000	
Total, title I, Department of Defense—Civil	5,662,000	4,881,000	5,320,000	-342,000	+439,000
Appropriations	(5,445,000)	(4,939,000)	(5,320,000)	(-125,000)	(+381,000)
Emergency appropriations	(217,000)			(-217,000)	
Recissions		(-23,000)			(+23,000)
Recission of emergency funding		(-35,000)			(+35,000)
TITLE II—DEPARTMENT OF THE INTERIOR					
Central Utah Project Completion Account					
Central Utah project construction	38,800	38,810	38,810	+10	
Fish, wildlife, and recreation mitigation and conservation	1,500	2,500	2,500	+1,000	
Subtotal	40,300	41,310	41,310	+1,010	
Program oversight and administration	1,704	1,694	1,694	-10	
Total, Central Utah project completion account	42,004	43,004	43,004	+1,000	
Bureau of Reclamation					
Water and related resources	951,158	913,582	938,600	-12,558	+25,018
Subtotal, Water and related resources	951,158	913,582	938,600	-12,558	+25,018
Central Valley project restoration fund	35,358	49,915	49,915	+14,557	
California Bay-Delta restoration	40,000	40,000	40,000		
Policy and administration	61,200	61,200	61,200		
Total, Bureau of Reclamation	1,087,716	1,064,697	1,089,715	+1,999	+25,018
General Provisions					
Emergency Dought Relief (emergency appropriations)	10,000			-10,000	
Total, title II, Department of the Interior	1,139,720	1,107,701	1,132,719	-7,001	+25,018
Appropriations	(1,129,720)	(1,107,701)	(1,132,719)	(+2,999)	(+25,018)
Emergency appropriations	(10,000)			(-10,000)	
TITLE III—DEPARTMENT OF ENERGY					
Energy Programs					
Energy efficiency and renewable energy	2,242,500	2,355,473	2,242,500		-112,973
Electricity delivery and energy reliability	171,982	185,930	172,000	+18	-13,930
Nuclear energy	786,637	824,052	775,000	-11,637	-49,052
Fossil energy research and development	672,383	586,583	672,000	-383	+85,417
Naval Petroleum and Oil Shale Reserves	23,627	23,614	23,614		-13
Strategic petroleum reserve	243,823	209,861	209,861	-33,962	+71,000
Recission		-71,000			+71,000
Subtotal, Strategic petroleum reserve	243,823	138,861	209,861	-33,962	+71,000
Northeast home heating oil reserve	11,300	11,300	11,300		
Energy Information Administration	110,595	128,833	111,000	+405	-17,833
Non-defense environmental clean up	244,673	225,163	244,163	-510	+19,000
Uranium enrichment decontamination and decommissioning fund	573,850	730,498	550,000	-23,850	-180,498
Offsetting collections		-200,000			+200,000
Subtotal, UEEDF	573,850	530,498	550,000	-23,850	+19,502
Science	4,903,710	5,121,437	4,904,000	+290	-217,437
Nuclear Waste Disposal	98,400			-98,400	
Advanced Research Projects Agency-Energy		299,966	200,000	+200,000	-99,966
Innovative Technology Loan Guarantee Program	43,000	58,000	58,000	+15,000	
Offsetting collection	-43,000	-58,000	-58,000	-15,000	
Proposed change in subsidy cost		500,000	405,982	+405,982	-94,018
Additional loan volume		360,000	120,000	+120,000	-240,000
Additional subsidy cost		300,000			-300,000
Loan volume (recission)			-180,000	-180,000	-180,000
Subtotal, Innovative Technology Guarantee Pgm		1,160,000	345,982	+345,982	-814,018
Advanced technology vehicles manufacturing loans program	20,000	9,998	9,998	-10,002

DIVISION E—FINANCIAL SERVICES AND GENERAL GOVERNMENT APPROPRIATIONS ACT, 2011

Following is an explanation of the effects of Division E, which makes appropriations for financial services and general government for fiscal year 2011. As provided in Section 4 of the consolidated bill, this explanatory statement shall have the same effect with respect to the allocation of funds and the implementation of this division as if it were a joint explanatory statement of a committee of conference.

REPROGRAMMING GUIDELINES

The Act includes a provision (section 608) establishing the authority of agencies to reprogram funds and the limitations on that authority. The provision specifically requires the advance approval of the Committees on Appropriations of any proposal to reprogram funds that meets specified criteria.

Each agency is required to submit an operating plan to the House and Senate Committees on Appropriations not later than 60 days after the enactment of this Act. This operating plan establishes the baseline for application of reprogramming and transfer authorities provided in this Act. Specifically, each agency should provide a table for each appropriation with columns displaying the budget request; adjustments made by Congress; adjustments for rescissions, if appropriate; and the fiscal year enacted level. The table shall delineate the appropriation both by object class and by program, project, and activity. The report must also identify items of special congressional interest.

Agencies should submit reprogramming requests in a timely manner and provide a thorough explanation of the proposed reallocations, including a detailed justification of increases and reductions and the specific impact the proposed changes will have on the budget request for the following fiscal year. Except in emergency situations, reprogramming requests should be submitted no later than June 30. When an agency submits a reprogramming or transfer request to the Committees on Appropriations and does not receive identical responses from the House and the Senate Committees, it is the responsibility of the agency to reconcile the House and the Senate differences before proceeding, and if reconciliation is not possible, to consider the request to reprogram funds denied.

AGENCY REPORTS

As a measure to reduce costs and conserve paper, agencies funded by this Act that currently provide separate copies of periodic reports (such as Performance and Accountability Reports) to the Chairs of the House and Senate Appropriations Committees and Subcommittees on Financial Services and General Government, and also to the Ranking Members of the Committees and Subcommittees, should send only one copy jointly addressed to the Chairs of the Committee and Subcommittee and one copy jointly addressed to the Ranking Members of the Committee and Subcommittee (separate copies should be sent to the House and the Senate). This will reduce by half (from eight to four) the copies of periodic reports agencies send to the Committees.

COMPARISONS

Funding levels for appropriations by account and comparisons to last year's levels and the budget request can be found in the table at the end of this division.

TITLE I

DEPARTMENT OF THE TREASURY

DEPARTMENTAL OFFICES
SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

Office of Financial Education and Financial Access.—Within the Financial Policies and

Programs budget activity, the Act provides an increase of \$1,000,000 above the amount assumed in the budget request for the Department's Office of Financial Education and Financial Access.

Operating Plan.—The Department is directed to submit to the Committees on Appropriations an operating plan for the fiscal year 2011 resources provided to the Department, including all offices and bureaus, not more than 60 days after enactment. This requirement is further addressed by section 608 of this Act. The plan must include information on program increases and major procurements at the Department and incorporate input from all senior level managers of the Department and, once submitted, be made available to those managers.

Office of Foreign Assets Control and Cuba Sanctions.—The resource allocation decisions of the Office of Foreign Assets Control (OFAC) should be made on the basis of the most pressing national security threats facing the United States. The Government Accountability Office (GAO) had previously reported, in November 2007, that Cuba embargo-related cases constituted 61 percent of OFAC's investigatory caseload, while comprising only three percent of the investigation caseload of the Commerce Department's Bureau of Industry and Security/Office of Export Enforcement and just 0.2 percent of the investigation caseload of the Department of Homeland Security's Bureau of Immigration and Customs Enforcement.

While a 2009 regulatory change ensures that Americans will no longer be subject to OFAC enforcement action for visiting family members in Cuba, Cuba embargo enforcement cases are still a disproportionate focus of OFAC's work, effectively limiting OFAC efforts in other areas more critical to the national security needs of the United States. The November 2007 GAO report recommended that the Secretary of the Treasury direct OFAC to assess its allocation of resources for investigating and penalizing violations of the Cuba embargo with respect to the numerous other sanctions programs OFAC administers. The Department is directed to report to the Appropriations Committees, within 60 days of enactment, as to steps it is taking to realign OFAC's resources toward the most urgent national security needs.

Economic Sanctions and Divestments.—The Department is directed to fully implement the sanctions and divestment measures applicable to North Korea, Burma, Iran, Sudan, and Zimbabwe. The Department is further directed to promptly notify the Appropriations Committees of any resource constraints that adversely impact the implementation of these sanctions programs.

Management of Capital Investments and Information Security.—The Treasury Office of Inspector General (OIG) continues to cite the Department's management of capital investments and information security as top management challenges. The Chief Information Officer is directed to ensure that adequate oversight and resources are devoted both to projects in the capital phase and to proper maintenance and modernization of existing systems and that all projects are tracked properly and described completely in the annual Capital Investment Plan required under section 118 of this Act.

Management of the Financial Crisis.—Treasury's OIG continues to identify the management of the Treasury's new authorities related to distressed financial markets as a major management challenge facing the Department. Under these programs, the Department has an unprecedented role in managing billions in taxpayer dollars. The Department is directed to ensure that these programs are administered soundly and efficiently in order to minimize risks to the taxpayer. The De-

partment's management is directed to maintain focus on the Treasury's other critical missions—including terrorism and financial intelligence and assistance to community development financial institutions—in addition to management of policies and programs related to stabilizing the economy.

Charitable Donors and Blocked Assets.—The Office of Terrorism and Financial Intelligence faces complex challenges in thwarting terrorist activity without obstructing law-abiding organizations that perform legitimate charity work. The Department is directed to report to the Appropriations Committees, within nine months of the date of enactment, with the following information: (1) the total amount of charitable funds that are blocked, (2) the total amount of funds of U.S.-based charities that are blocked, and (3) the total amount of charitable funds that have gone from being blocked to forfeiture since 2000.

Proceeds of Corruption.—Corrupt politicians, terrorists and those involved in organized crime are often able to hide their identity behind a corporate veil, allowing them to enjoy the proceeds of corruption and bribery, including on U.S. soil. The Department is directed to use its rulemaking authority to strengthen customer due diligence requirements for U.S. financial institutions, consistent with applicable statutory authorities and international standards, including by identifying the beneficial owner of corporate vehicles, where appropriate.

The Department is also directed, in consultation with the other members of the United States delegation to the Financial Action Task Force (FATF), to take a leadership role in prioritizing prevention of the illicit flow of corrupt funds, including by strengthening FATF anti-corruption requirements and by conducting an extensive typology exercise on foreign corruption. The typology exercise will inform financial institutions on how to recognize the proceeds of corruption and therefore help prevent the flow of illicit funds into the United States. The U.S. delegation is urged to work with other member states to assess the implementation of the FATF's 40+9 Recommendations in practice, as well as in law, to ensure that the task force's recommendations are being effectively implemented and enforced by all countries.

The Department is further directed to provide a written report to the Appropriations Committees as well as to the House Financial Services Committee and the Senate Committee on Banking, Housing, and Urban Affairs within 180 days of enactment on activities related to preventing the flow of proceeds of corruption into the United States, specifically including activities related to identifying the beneficial ownership of corporate vehicles, where appropriate, and participation in FATF activities and initiatives.

Foreclosure Crisis.—In implementing changes to the Home Affordable Modification Program (HAMP), the Department is directed to focus on mortgage modifications and principal reductions when it is financially beneficial to the borrower and lender. The Department is also directed to ensure that servicers comply with HAMP agreements and to provide outreach to educate servicers about their responsibilities under the program.

Departmental Responsiveness.—Language included in Senate Report 111-238 is reiterated regarding the responsiveness of the Department to questions and requests for information.

Stored Value Cards.—Pursuant to the Credit Card Accountability Responsibility and Disclosure Act of 2009 (Public Law 111-24), the Department was required to issue regulations implementing the Bank Secrecy Act

regarding the sale, issuance, redemption, or international transport of stored value, including stored value cards. The Department is directed to address the issue of international transport of stored value devices, which continues to be a major concern for law enforcement agencies. The Department is directed, in coordination with the Department of Homeland Security, to submit a written report to the Appropriations Committees, not later than 90 days after enactment of this Act, on the status of the regulations on the international transportation of stored value devices.

DEPARTMENT-WIDE SYSTEMS AND CAPITAL INVESTMENT'S PROGRAMS
(INCLUDING TRANSFER OF FUNDS)

The Act provides \$11,000,000 for systems and capital investments. Within the overall amount, \$6,000,000 is provided for the Financial Innovation and Transformation Program instead of \$17,000,000 as included in the budget request. The funding provided for this program will allow the Department to develop a comprehensive plan and begin implementing Government-wide solutions for processing financial transactions. Future funding recommendations will be considered for the program based on its progress and performance in fiscal year 2011 and on detailed spending plans for future years. Within 60 days of enactment, the Department shall provide a detailed budget justification for funding provided in fiscal year 2011, including specific cost estimates for each portion or discrete project within the program.

OFFICE OF INSPECTOR GENERAL
SALARIES AND EXPENSES

The Act provides \$32,269,000 for the Office of Inspector General (OIG). The increase above the budget request is provided to support additional audits and investigations beyond the limited scope supportable within current resources, given the OIG's increased workload resulting from required reviews of certain bank failures. The OIG is directed to place the highest priority for such additional audits on the Bank Secrecy Act Information Technology Modernization project currently being planned and implemented by the Financial Crimes Enforcement Network. The OIG is further directed to submit a written report to the Appropriations Committees regarding this project, including contractor oversight and progress regarding budget and schedule, on March 31, 2011 and semiannually thereafter. In addition, the OIG is directed to perform audits on Treasury's anti-money laundering and counterterrorist financing activities, capital investment spending and planning, the Community Development Financial Institutions Fund, and areas identified by the OIG as presenting a high risk to taxpayer-funded spending.

FINANCIAL CRIMES ENFORCEMENT NETWORK
SALARIES AND EXPENSES

The Act provides \$121,000,000 for salaries and expenses of the Financial Crimes Enforcement Network (FinCEN). Of the amount provided, \$45,835,000 is included to support FinCEN's efforts to modernize the technical environment for implementation of the Bank Secrecy Act (BSA) in accordance with the estimate provided for that project for fiscal year 2011.

The proposal to fund the BSA Information Technology Modernization Project using proceeds of the Treasury Forfeiture Fund is rejected. Of the increase above the request, \$19,750,000 is for the BSA Information Technology Modernization project. FinCEN is also directed to submit a semiannual report to the Appropriations Committees summarizing the agency's progress regarding the project, including milestones planned and

achieved, progress on cost and schedule, management of contractor oversight, strategies to involve stakeholders, and acquisition management efforts.

An increase above the request is included to enhance efforts to fight fraud and illicit financing by expanding FinCEN's analytical support to the network of more than 300 law enforcement and regulatory authorities comprised of Federal, state, and local agencies, United States Attorneys offices, State attorneys general, and local district attorneys.

TREASURY FORFEITURE FUND
(RESCISSION)

The Act includes a rescission of \$370,000,000 of the unobligated balances in the Treasury Forfeiture Fund. The Committees direct the Department to include information in the fiscal year 2012 budget request, as well as updates every 60 days thereafter, on the status of the Treasury Forfeiture Fund balances, including the projected amount of Super Surplus available for obligation in fiscal year 2012.

ALCOHOL AND TOBACCO TAX AND TRADE BUREAU
SALARIES AND EXPENSES

The Department is directed to place a high priority on the bureau's criminal enforcement activities and to include funding in the Department's fiscal year 2012 budget request to annualize the cost of new special agents and related support personnel funded in the fiscal year 2010 Appropriations Act.

COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS FUND PROGRAM ACCOUNT

The Act provides \$277,400,000 for the Community Development Financial Institutions (CDFI) Fund program. Within this amount, up to \$26,000,000 is for Administrative expenses and \$12,000,000 is for technical assistance and other purposes for Native American, Native Hawaiian, and Alaskan Native communities.

In addition, of the funds provided, \$1,000,000 is included for a competitive grants program, aimed at providing financial counseling services to prospective homebuyers, as authorized by Public Law 110-289.

Further, of the funds provided, \$25,000,000 is included for the Healthy Food Financing Initiative, which is to increase the availability of affordable, healthy foods in underserved urban and rural communities, particularly through grants and technical assistance to CDFIs for the development or equipping of grocery stores and other healthy food retailers. The Appropriations Committees require detailed information on how this program is being executed; therefore, the Department of Treasury is directed to provide the Committees with a status report within 60 days of enactment of this Act, including the specific criteria that is used to make grant awards.

Also, \$52,400,000 is provided for a new initiative called "Bank on USA" that will promote access to affordable and appropriate financial services and basic consumer credit products for households without access to such products and services. Of funding recommended for the Bank on USA program, \$2,400,000 is provided for an eligible entity or entities located in Hawaii. The CDFI Fund is directed to submit a detailed spending plan on the Bank on USA program to the Committees within 120 days of enactment.

Within the amount provided, \$5,000,000 is for grants to qualified CDFIs for the purpose of building sufficient capital to support loans of \$2,500 or less pursuant to section 1206 of Public Law 111-203. Such "small dollar loans" will provide consumers access to mainstream financial institutions and alternatives to payday loans and other predatory lending.

The Committees on Appropriations recommend continuing the temporary waiver of

matching fund requirements for CDFI programs so that CDFIs can continue to invest in and assist underserved communities during the economic crisis, but intend to reinstate matching fund requirements when capital markets return to normal function.

The Department is directed to fund the Bank Enterprise Award program at a level not less than \$22,000,000.

Poverty, lack of economic opportunity, and lack of low-cost financial services continue to be problems across much of the Nation, particularly in the Territories, and in many Hispanic-American, African-American, Native American, Asian American, Pacific Islander and other minority communities. The Appropriations Committees appreciate the ongoing efforts of the CDFI Fund to work to remedy the particular problems in these communities and strongly encourage the CDFI Fund to continue to place a heavy emphasis on these efforts.

INTERNAL REVENUE SERVICE
TAXPAYER SERVICES

The Act includes \$2,338,215,000 for Taxpayer Services. Within the overall amount, not less than \$10,500,000 is for low-income taxpayer clinic grants, and not less than \$6,500,000 is for the Tax Counseling for the Elderly program. Not less than \$212,500,000 is provided for operating expenses of the IRS Taxpayer Advocate Service.

In addition, within the overall amount, \$14,000,000, available until September 30, 2012, is included to continue the Community Volunteer Income Tax Assistance matching grants program. In administering this program, the IRS is not permitted to treat any in-kind contributions from the IRS as counting toward the \$14,000,000 appropriation, nor shall the IRS reduce any current contributions toward tax return preparation services.

The funding level also includes an additional \$3,500,000 on top of the Administration's budget request for further improvements in the IRS telephone hotline level of service. The IRS is directed to continue working on efforts to maximize the level of service on the 1-800 line and is further directed to include in the fiscal year 2011 Operating Plan a specific plan for the use of these additional funds, along with the projected level of service.

The IRS is directed that, if it proposes reductions in taxpayer services, such reductions must be consistent with the budget justification, operating plan, and Taxpayer Assistance Blueprint, and the IRS must demonstrate that such reductions will not result in a decline in voluntary compliance. Where such reductions involve a reduction in face-to-face service, the IRS must demonstrate that the proposed reductions do not adversely impact compliance by taxpayers who are dependent on such services.

The IRS, in conjunction with the IRS Oversight Board and the IRS Taxpayer Advocate, is directed to report to the Appropriations Committees with annual updates to the Taxpayer Assistance Blueprint, beginning with the submission of the fiscal year 2012 budget. Such updates should identify any changes to the strategic plan for taxpayer service, including the results of any new research and relevant findings, and any open issues requiring additional research.

The IRS is directed to provide an annual report to the Appropriations Committees on its efforts to protect and increase staffing levels at the Martinsburg and Beckley, West Virginia IRS facilities. Given the remote distance of Alaska and Hawaii from the U.S. mainland and the difficulty experienced by Alaska and Hawaii taxpayers in receiving needed tax assistance by the national toll-free line, the IRS is directed to continue to staff each Taxpayer Advocate Service Center

in each of these States with a Collection Technical Advisor and an Examination Technical Advisor in addition to the current staffing complement.

E-Filing.—The IRS is directed, in consultation with stakeholders, including the National Taxpayer Advocate, to implement a strategy to achieve the 80 percent e-file goal.

Impact on IRS of Healthcare Implementation.—The Administration, the Secretary of the Treasury, and the IRS Commissioner are strongly urged to evaluate the impact of healthcare mandates on the IRS's overall mission and take all appropriate actions to prevent any decline in the quality and effectiveness of service or taxpayer perception. The IRS is directed to specifically identify in its fiscal year 2012 budget submission and operating plan any proposed increases in spending to be designated to implement the healthcare mandates, as well as any proposed changes in spending or prioritization in other mission-critical IRS programs as a result of the healthcare responsibilities.

Taxpayers Facing Economic Distress.—The Committees appreciate the steps the IRS has taken to assist unemployed taxpayers and others facing financial hardship. At the same time, however, the Committees are concerned by the finding of the IRS Taxpayer Advocate that the IRS lacks a strategic, cross-functional approach toward meeting the needs of low-income taxpayers. The IRS is directed to report to the Appropriations Committees, within 90 days of enactment of this Act, as to the steps it is taking to address the recommendations of the Taxpayer Advocate in this area.

Oversight of First-Time Homebuyer Tax Credit.—Congress has enacted a series of legislative provisions that have enabled first-time homebuyers to claim a refundable credit on their 2008, 2009, or 2010 individual Federal tax returns. The Committees acknowledge that the IRS has taken steps, including installing filters to intercept fraud, to improve its oversight of the program, since a TIGTA report issued in September 2009 identified deficiencies. However, a new TIGTA report issued in June 2010 found a significant and disturbing level of fraudulent and erroneous payments in the First-Time Homebuyer Credit Program. The IRS is directed to intensify its scrutiny of questionable claims for this credit to reduce the incidence of fraud and erroneous payments under this beneficial program.

ENFORCEMENT

(INCLUDING TRANSFER OF FUNDS)

The Act provides \$5,709,547,000 for Enforcement. Within the amount provided, \$97,527,000 is for a new initiative, as discussed in the Administration's budget request, to target offshore tax evasion. The IRS is directed to provide the Appropriations Committees with detailed information about the actual costs, revenues, and return on investment after the first and successive years of the implementation of the new enforcement initiatives.

Misclassification of Contractors.—The IRS is directed, prior to making any staffing reductions at the SS-8 processing locations, to provide a report to the Appropriations Committees that details the past five years of staffing levels and employee productivity, SS-8 receipt volumes, and rationale for the proposed workforce changes.

OPERATIONS SUPPORT

The IRS is directed to include, as part of its fiscal year 2011 operating plan, details on any planned reorganization, job reductions or increases to offices or activities within the agency, and modifications to any service or enforcement activity. The IRS is further directed to obtain and include comments of

the IRS Oversight Board as part of its operating plan submission to the Appropriations Committees. The IRS should promptly notify the Appropriations Committees and the IRS Oversight Board of any substantial changes to these plans.

IRS Information Technology Infrastructure.—The Administration and the IRS are directed to include within the fiscal year 2012 budget request a proposed long-term multiyear funding strategy within the Operations Support account to upgrade and modernize the aging legacy IRS information technology infrastructure.

IRS Information Security.—The IRS continues to make progress in working to fix its information security vulnerabilities. At the same time, however, reports from GAO and TIGTA show that further improvements are still needed. For example, GAO reported in March 2010 that, of the previously identified security weaknesses and program deficiencies reported as unresolved at the completion of GAO's prior-year audit, 69 percent remained unresolved or unmitigated. The IRS is directed to report to the Appropriations Committees, within 90 days of enactment of this Act, on the steps being taken to further improve IRS information security, including IRS actions regarding the GAO findings that remained unresolved or unmitigated as of the March 2010 GAO report.

BUSINESS SYSTEMS MODERNIZATION

Business Systems Modernization (BSM) is the IRS's highest management and administrative priority. The BSM program is presently at a critical juncture in its evolution, and funding is provided to permit the IRS to complete the new taxpayer account database for the 2012 filing season. The replacement of the aging, vintage 1969 individual master file with the new customer account database will permit more frequent updating of individual tax accounts. With this relational database as its centerpiece, systems modernization by the IRS promotes enhanced customer service delivery, more expeditious refund processing, and improved administration of the tax system. The Department is directed to notify the Committees, if BSM management funds are reallocated to the capital asset acquisition program, at least seven days prior to such reallocation.

ADMINISTRATIVE PROVISIONS—INTERNAL REVENUE SERVICE

(INCLUDING TRANSFER OF FUNDS)

Long-standing administrative provisions are continued in sections 101 through 105.

ADMINISTRATIVE PROVISIONS—DEPARTMENT OF THE TREASURY

(INCLUDING TRANSFERS OF FUNDS)

Long-standing administrative provisions are continued, with one modification: section 107, allowing for transfer authority among non-IRS bureaus of the Treasury Department, has been modified to include the SIGTARP as well. In addition, the following administrative provisions are included:

—section 117 allowing Treasury law enforcement organizations to utilize funding for the Treasury Forfeiture Fund only upon the advance approval of the Appropriations Committees, and

—section 118 requiring the Secretary to submit a Capital Investment Plan to the Appropriations Committees.

TITLE II

EXECUTIVE OFFICE OF THE PRESIDENT AND FUNDS APPROPRIATED TO THE PRESIDENT

THE WHITE HOUSE

SALARIES AND EXPENSES

The Act provides \$59,859,000 for The White House. This amount includes \$1,400,000 for

the White House Office of National AIDS Policy. The Administration is directed to continue to coordinate a government-wide effort to develop and implement a domestic AIDS strategy, including the development of targets for improved prevention and treatment outcomes.

The Committees on Appropriations expect that officials designated by the President to coordinate policy agendas across executive departments and agencies will keep Congress fully and currently informed of such activities. The Committees direct each official designated by the President to serve in a position not recognized by statute and who is responsible for interagency development or coordination of any rule, regulation, or policy to submit a semiannual report describing the activities of the official and the office of such official, including a detailed explanation of the development or issuance of any rule, regulation, directive or policy on which that official or the office of such official participated or assisted. The first such report shall be submitted not later than March 31, 2011.

OFFICE OF ADMINISTRATION

SALARIES AND EXPENSES

The Act provides \$115,280,000 for the Office of Administration. Included in this amount is \$12,777,000 for continued modernization of information technology infrastructure.

As part of its annual budget submission, the Office of Administration is directed to provide an annual report to the Committees on Appropriations, detailing its progress on information technology modernization, including the amounts obligated and expended (and for what purposes), specific milestones achieved, and requirements and specific plans for further investment.

The Office of Administration is directed to place a top priority on the implementation of comprehensive policies and procedures for the preservation of all records, including electronic records, as required by law, and to work closely with the National Archives and Records Administration in doing so. The Office of Administration is expected to keep the Committees on Appropriations fully apprised of funding needs related to records preservation.

OFFICE OF MANAGEMENT AND BUDGET

SALARIES AND EXPENSES

The Act provides \$92,863,000 for the Office of Management and Budget (OMB). OMB is expected to provide timely and complete responses to the Committees to all requests for information, including requests related to the budget request for OMB and the Executive Office of the President.

In October, 2009, the President issued Executive Order 13514 to require Federal agencies to achieve goals and targets for environmental sustainability and energy efficiency. Agencies are required to report to the Director of OMB and the Chair of the Council on Environmental Quality on their plans to meet these goals by June of each year. To monitor compliance with this Executive Order, GAO is directed to report to the Committees on Appropriations in September of each year from 2011 through 2013.

OMB is directed to submit a written report to the Committees within 120 days of enactment specifying a plan to modernize the Federal Government's core budgeting system.

OMB is directed to summarize, by agency, the results of the Presidential memorandum regarding disposal of unneeded Federal real estate, the real property cost savings and innovation plans in a report due to the Committees not later than 45 days after enactment.

GOVERNMENT-WIDE MANAGEMENT COUNCILS
(INCLUDING TRANSFER OF FUNDS)

The Act provides \$17,000,000 for Government-wide Management Councils. The Executive Office of the President is directed to continue to include a budgetary justification for each council in the annual budget request and to clearly note in the budget justification any items requested in the budget for Government-wide initiatives led or coordinated through the councils.

OFFICE OF NATIONAL DRUG CONTROL POLICY
SALARIES AND EXPENSES

The Act provides \$27,900,000 for Office of National Drug Control Policy (ONDCP) salaries and expenses.

ONDCP submitted a report to the Committees on Appropriations to address recommendations of the study conducted by the National Academy of Public Administration, and while some positive steps have been taken, room for improvement still exists. The Committees direct ONDCP to provide an updated report by May 13, 2011 on further actions and improvements taken.

The Committees on Appropriations remain concerned about the lateness of reports required by the Committees as well as the lengthy clearance process, both of which delay the receipt of information required by the Committees in a timely manner in order to make proper funding decisions.

ONDCP is directed to continue the quarterly staffing reports, including current levels, vacancies, new hires, and plans for new hires.

FEDERAL DRUG CONTROL PROGRAMS
HIGH INTENSITY DRUG TRAFFICKING AREAS
PROGRAM

(INCLUDING TRANSFERS OF FUNDS)

The Act provides \$239,000,000 for the High Intensity Drug Trafficking Areas (HIDTA) Program. ONDCP is directed to provide funding for the existing HIDTAs at no less than the fiscal year 2010 level. Additionally, ONDCP is directed to consult with HIDTAs in advance of deciding programmatic spending allocations for discretionary funding.

ONDCP is directed that HIDTA funds be transferred to the appropriate drug control agencies expeditiously.

OTHER FEDERAL DRUG CONTROL PROGRAMS
(INCLUDING TRANSFERS OF FUNDS)

The Act provides \$150,825,000 for Other Federal Drug Control Programs. The following allocations are made within the amount provided:

National Youth Anti-Drug Media Campaign	\$40,000,000
Drug-Free Communities Program	96,000,000
(National Community Anti-Drug Coalition training	2,000,000)
National Drug Court Institute	1,500,000
United States Anti-Doping Agency	10,000,000
World Anti-Doping Agency (U.S. membership dues) ..	1,900,000
National Alliance for Model State Drug Laws ..	1,187,500
Performance Measures Development	237,500

The Act provides \$40,000,000 for the media campaign, which should include methamphetamine prevention ads. ONDCP is directed that not more than 10 percent of the amount appropriated for the media campaign may be used for administrative costs.

The Act provides \$1,187,500 to the National Alliance for Model State Drug Laws (NAMSDL). ONDCP is directed to provide the entire amount directly to NAMSDL within 30 days of enactment of this Act.

INTEGRATED, EFFICIENT AND EFFECTIVE USES
OF INFORMATION TECHNOLOGY
(INCLUDING TRANSFER OF FUNDS)

The Act provides \$37,500,000 for the Integrated, Efficient and Effective Uses of Information Technology (IEEUIT) program to improve the Federal Government's investments in information technology, as directed by the Director of the Office of Management and Budget.

The Executive Office of the President is expected to regularly apprise the Committees on Appropriations of how Government-wide efforts under the IEEUIT affect agency-specific projects and missions on a case-by-case basis and directs IEEUIT shall not be a substitute for the Committees' routine consideration of agency needs in accordance with the regular budget process. Finally, the Executive Office of the President is directed to notify the Committees immediately upon any change in an agency spending plan pursuant to the IEEUIT or any other effort to modernize, streamline, or improve Federal IT projects.

ADMINISTRATIVE PROVISIONS—EXECUTIVE OFFICE OF THE PRESIDENT AND FUNDS APPROPRIATED TO THE PRESIDENT

(INCLUDING TRANSFERS OF FUNDS)

Long-standing administrative provisions are included unchanged unless otherwise noted below.

Section 204 continues and modifies long-standing language specifying that not to exceed \$1,000,000 of ONDCP appropriations may be reprogrammed upon advance approval of the Committees on Appropriations.

TITLE III
THE JUDICIARY

SUPREME COURT OF THE UNITED STATES
SALARIES AND EXPENSES

The Act includes \$77,758,000 for the salaries and expenses of the Supreme Court, which includes funding to provide twelve new police officers to staff new posts and increase staffing at additional posts.

The Committees on Appropriations continue to include Act language making \$2,000,000 available until expended for the purpose of making information technology investments. The Committees request that the Court include an annual report with its budget justification materials, showing information technology carryover balances and describing in detail each expenditure made in the previous fiscal year and planned expenditures in the budget year.

As noted in Senate Report 111-238, filed on July 29, 2010, during the past year, difficulties have been encountered in securing detailed and specific information in response to questions. Without more information, the ability to assess the project management, and track and document prior spending is hampered. Resources cannot be allocated prudently without receiving detailed justifications for requests and plans for expenditures from any agency or entity requesting resources. As a result, certain fiscal year 2011 funding will be available only upon receipt of a detailed report as required under the "Care of Building and Grounds" account.

CARE OF THE BUILDING AND GROUNDS

The Committees on Appropriations are aware that numerous major capital improvement projects have been ongoing at the Court, but has not been presented with a clear understanding of the details of the projects and their budgets. The Court is directed to provide to the Committees a detailed report not later than 90 days after enactment of this Act, on each major capital project, including descriptions; timelines; milestones; and funding committed, obligated, and expended, as well as any unobli-

gated balances. The report should include the complete modernization project and also address any additional capital enhancement projects planned for the future. The report shall be updated and provided to the Committees on June 15, 2011, and again on September 30, 2011.

COURTS OF APPEALS, DISTRICT COURTS, AND OTHER JUDICIAL SERVICES

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The Act provides \$5,177,568,000 for the salaries and expenses of the Courts of Appeals, District Courts, and Other Judicial Services, which does not include a cost-of-living-adjustment for judges.

The Committees on Appropriations direct the Judiciary to take into account the exigent circumstances of the Fort Lauderdale courthouse as it considers recommendations for future feasibility studies.

The Committees on Appropriations are interested in obtaining data from the Federal Judiciary on contract awards to minority-owned and women-owned businesses, and are dismayed that a procurement module will not be implemented in the courts until 2013. As an interim measure, the Administrative Office of the Courts (AO) is directed to implement a process for fiscal year 2011 for the courts to compile and report on contract awards, including awards to minority-owned and women-owned businesses, and to provide a report to the Committees on Appropriations no later than November 30, 2011 on fiscal year 2011 contracting actions in the Federal courts.

The Committees on Appropriations are concerned about racial and ethnic diversity of court clerks for Federal judges, and believes that the Judiciary could, and should, do more to attract minority candidates. Accordingly, the Committees direct the AO to submit a report within 120 days of enactment of this Act detailing the Federal Judiciary's plans to increase the diversity of law clerks in the Federal courts. The report should include the impact of a student loan repayment program, and a discussion of the recruitment process for law clerks as well as initiatives underway to reach out to, and recruit, minorities for Federal clerkship positions.

DEFENDER SERVICES

The Act provides \$1,050,458,000 for Defender Services. The Act provides an increase in the hourly rate for panel defense attorneys in non-capital cases from \$125 to \$130 per hour, which makes progress toward the full estimated "catch up" adjustment authorized by the Criminal Justice Act of \$141 per hour. Compensation for panel attorneys in capital cases is adjusted for annual inflation.

COURT SECURITY

(INCLUDING TRANSFERS OF FUNDS)

The Judiciary is directed to develop a judiciary-wide implementation plan for review based on the less costly options in the recent Courthouse Perimeter Security Pilot Project report that would provide unity of command, Court Security Officer guards at all current Federal Protective Service posts, and standardized security coverage. Section 306 authorizing the pilot is continued in order to allow the Judiciary to maintain the pilot at the seven existing locations and to allow for possible expansion of the pilot to a limited number of new locations in order to examine the cost-effectiveness of the less costly options.

ADMINISTRATIVE OFFICE OF THE UNITED STATES COURTS

SALARIES AND EXPENSES

The Act provides \$86,968,000 for the salaries and expenses of the Administrative Office of

the United States Courts, which includes funds for inflationary adjustments and four court support positions.

ADMINISTRATIVE PROVISIONS—THE JUDICIARY
(INCLUDING TRANSFER OF FUNDS)

Long-standing administrative provisions are included unchanged unless otherwise noted below.

Section 307 continues language extending temporary judgeships in Ohio, Kansas, and Hawaii.

TITLE IV
DISTRICT OF COLUMBIA
FEDERAL FUNDS

FEDERAL PAYMENT FOR RESIDENT TUITION SUPPORT

The Act includes \$35,100,000 for a Federal payment for tuition support. As part of the annual budget submission, the Mayor of the District of Columbia and the Office of the State Superintendent of Education are directed to provide updates on efforts to enhance retention and graduation rates and the continued use of cost containment measures.

FEDERAL PAYMENT FOR EMERGENCY PLANNING AND SECURITY COSTS IN THE DISTRICT OF COLUMBIA

The Act provides \$15,000,000 for a Federal payment to the District of Columbia for the costs associated with emergency planning and security. The District of Columbia is directed to provide a report to the Committees on Appropriations, within 60 days of the end of the fiscal year, outlining the purposes and amounts expended using the funds, including details on any deviation from the initial justification.

FEDERAL PAYMENT FOR THE DISTRICT OF COLUMBIA COURTS

The Act provides \$258,168,000 as a Federal payment to the District of Columbia Courts. Within this amount, \$12,998,000 is for the District of Columbia Court of Appeals, \$110,149,000 is for the District of Columbia Superior Court, \$65,371,000 is for the District of Columbia Court System and \$69,650,000 is for capital improvements to Court facilities. Increases provided for capital improvements above the budget request should be directed to renovations for the Moultrie Courthouse cell block and completion of the security perimeter.

FEDERAL PAYMENT TO THE PUBLIC DEFENDER SERVICE FOR THE DISTRICT OF COLUMBIA

The Act includes \$40,690,000 for a Federal payment to the District of Columbia Public Defender Service (PDS). The Act provides authority in section 818 for the PDS to obtain professional liability insurance for its attorneys, staff, and board members.

FEDERAL PAYMENT TO THE CRIMINAL JUSTICE COORDINATING COUNCIL

The Act provides \$1,800,000 to the Criminal Justice Coordinating Council (CJCC). As part of its annual budget submission, the CJCC is directed to report on performance measures and progress made on individual initiatives to the Committees on Appropriations.

FEDERAL PAYMENT TO THE OFFICE OF THE CHIEF FINANCIAL OFFICER FOR THE DISTRICT OF COLUMBIA

The Act provides \$1,475,000 for a Federal payment to the Office of the Chief Financial Officer (CFO) for the District of Columbia. The funding is for grants to the following organizations with the requirement that the funds be spent primarily in the District of Columbia to benefit District residents:

<i>Recipient/Purpose</i>	<i>Amount</i>
Bread for the City, Washington, DC, Two-chair dental clinic serving 2,000 low income D.C. residents	\$125,000

<i>Recipient/Purpose</i>	<i>Amount</i>
Children's National Medical Center, Washington, DC, cardiac critical care center renovations Recreation Wish List Committee, Washington, DC, Academic, cultural, fitness programs	1,000,000
The University of the District of Columbia, Washington, DC, Urban Teacher Residency Academy	100,000
	250,000

Each grantee is directed to submit a comprehensive budget and report on the activities carried out with the funds no later than 60 days after enactment of this Act and the District CFO is directed to submit a comprehensive report no later than June 1, 2011 to the Committees on Appropriations.

FEDERAL PAYMENT FOR SCHOOL IMPROVEMENT

The Act includes \$72,400,000 for a Federal payment for school improvement. Within this amount, \$43,000,000 is for public schools, \$20,000,000 is for public charter schools, and \$9,400,000 is to provide opportunity scholarships.

The District is directed to submit, no later than 60 days after enactment of this Act, a comprehensive spending plan to the Committees on Appropriations detailing how the funding provided will be allocated and explaining what performance measures will be used to evaluate the success of the outcomes of the funding.

FEDERAL PAYMENT FOR HOUSING FOR THE HOMELESS

The Act provides \$10,000,000 for a Federal payment for housing for the homeless. The District of Columbia government is directed to continue to submit quarterly reports detailing the number of individuals and families provided housing through this Federal payment.

FEDERAL PAYMENT FOR HOUSING FOR REDEVELOPMENT OF THE ST. ELIZABETHS HOSPITAL CAMPUS

The Act provides \$2,000,000 for a Federal payment for costs associated with planning for the redevelopment of St. Elizabeths Hospital's East Campus. The District of Columbia government is directed to submit a spending plan for these funds within 45 days of enactment of this Act.

FEDERAL PAYMENT FOR HOUSING FOR HIV/AIDS PREVENTION

The Act provides \$5,000,000 for a Federal payment for HIV/AIDS prevention initiatives in the District of Columbia. The District of Columbia government is directed to submit a spending plan for these funds within 45 days of enactment of this Act.

DISTRICT OF COLUMBIA FUNDS

This Act provides Federal funding totaling \$169,650,000 for the District of Columbia. As transmitted to the Mayor by the District of Columbia Council, the District of Columbia's fiscal year 2011 proposed budget and financial plan provides \$10,440,946,000 for operating expenses.

TITLE V

INDEPENDENT AGENCIES

COMMODITY FUTURES TRADING COMMISSION SALARIES AND EXPENSES

The CFTC is directed to submit a detailed spending plan including staffing allocations and IT investments no later than 30 days following enactment.

CONSUMER PRODUCT SAFETY COMMISSION SALARIES AND EXPENSES (INCLUDING RESCISSION)

The Act provides \$120,600,000 for the Consumer Product Safety Commission (CPSC). CPSC is directed to continue providing drywall reports on a quarterly basis, al-

though CPSC should update the Appropriations Committees of notable developments should they occur outside the quarterly reporting schedule.

GAO is directed to conduct a follow-up report, within 270 days of enactment, to its August 2009 report regarding CPSC's oversight of imported products.

Within funds provided, the CPSC is directed to address the needs of Limited English Proficient persons both through additional staffing of the CPSC toll-free hotline and by enhancing the CPSC website.

Within the funds provided, CPSC is directed to expand its import safety activities above the levels assumed in the fiscal year 2011 budget request. The CPSC is directed to include, as part of its operating plan, specific descriptions of its revised plans for using fiscal year 2011 funds to enhance the safety of imported products.

ELECTION ASSISTANCE COMMISSION SALARIES AND EXPENSES (INCLUDING TRANSFER OF FUNDS)

The Act provides \$17,100,000 for salaries and expenses of the Election Assistance Commission (EAC), including \$750,000 for the Help America Vote College Program and \$300,000 for mock election programs. The GAO is directed to evaluate the effects of the Help America Vote Act (HAVA) on the administration of elections to determine whether these changes have improved the accuracy, accessibility, and security of voting; and what challenges the Help America Vote Act did not anticipate or did not address. The GAO should include an assessment of whether the Federal funding provided is sufficient to ensure that States hold open, fair, and accurate elections in the future. The GAO is directed to report its findings to the Committees on Appropriations within 16 months of enactment. The GAO is directed to perform an audit within six months of the passage of this Act of the staffing mix within the EAC to determine if the current staffing structure is appropriate to meet the requirements established under HAVA. The EAC is directed to keep the Committees informed of new hires and significant staffing changes, and any other major developments.

ELECTION REFORM PROGRAMS

The bill includes no funding for Election Reform programs, consistent with the budget request. The Committees on Appropriations note that due to budget constraints, many States are having difficulty meeting the 5 percent matching funds required to receive requirements payments. To ease this burden, in fiscal year 2011, States may use the interest earned on prior State appropriations to the Election Fund required by Section 254(b) towards meeting the 5 percent match requirement.

FEDERAL COMMUNICATIONS COMMISSION SALARIES AND EXPENSES

The Federal Communications Commission (FCC) oversees the Universal Service Fund (USF), which allocates twenty times as much as the FCC's own funding. The FCC's Broadband Plan contemplates using the USF to pursue universal broadband service. The GAO is directed to analyze spending by the USF, how it sets priorities, how well it accomplishes the goals of the USF, and the challenges and advantages in having the USF pursue universal broadband service.

Within six months after the date of enactment, the FCC shall report to the Appropriations Committees on the source and scope of its existing authority to combat child pornography and actions taken in the last two years under that authority.

Because public, educational, and governmental (PEG) stations perform an important

service to American public life, the Committees on Appropriations urge the FCC to resolve as soon as practicable any complaints about difficulty accessing PEG stations.

The FCC should have the goal that all persons living under the American flag, including those living in the United States territories, should have equal access to communications services.

The Committees on Appropriations applaud the Commission's work with the broadcasting industry to develop family-friendly programming and direct the Commission to pursue these efforts. As a result of the Commission's efforts, many cable and satellite television operators are developing family-friendly packages for consumers. The Committees direct the Commission to continue its endeavors with the broadcast industry to empower parents with the resources and tools to effectively navigate the various broadcast channels.

ADMINISTRATIVE PROVISIONS—FEDERAL COMMUNICATIONS COMMISSION

Sections 501 and 502 continue long-standing administrative provisions concerning the FCC.

FEDERAL TRADE COMMISSION SALARIES AND EXPENSES

The Act provides \$316,500,000 for salaries and expenses of the Federal Trade Commission (FTC). The Act also estimates that the amount provided will be partially offset by \$96,000,000 of collections from Hart-Scott-Rodino premerger filing fees and \$21,000,000 of collections from Do-Not-Call list fees. Of this amount, \$19,174,000 is to cover relocation costs associated with the upcoming expiration of the lease on a building occupied by the FTC.

The FTC is directed to make its website more user friendly to consumers. The Committees on Appropriations also encourage the FTC to address the vulnerability of the Hispanic population to fraud by making the amount of material and its presentation on the FTC's Spanish language website as helpful as that found on its English pages and by increasing outreach to the Hispanic community and increasing law enforcement efforts against unfair or deceptive practices that target Spanish speakers.

The FTC is directed to conduct research into real-time bidding, which is the practice of using constantly updated online and offline data sources to facilitate automated auctions through which the winner is able to deliver a highly-targeted advertisement to a consumer.

The Committees on Appropriations continue to be concerned with the potential for market manipulation and anticompetitive behavior in the oil and natural gas industries. The FTC is encouraged to continue its investigations and other activities related to these concerns and is directed to keep the Committees apprised of findings made regarding fuel prices, as well as other planned activities and investigations regarding the oil and gas industries.

In September 2000, the FTC released a report entitled: "Marketing Violent Entertainment to Children: A Review of Self-Regulation and Industry Practices in the Motion Picture, Music Recording & Electronic Game Industries." The FTC should continue with, and expand upon, its efforts in this area. The FTC is directed to continue to engage in consumer research and workshops, underage shopper-retail compliance surveys, and marketing data collection and analysis.

GENERAL SERVICES ADMINISTRATION

The General Services Administration (GSA) is directed to include in future GSA-owned and leased buildings, signage displayed next to all banks of elevators or on

elevator doors in GSA buildings, at the entrance to all nonemergency use public stairwells, and at the base of escalators, indicating the location of and encouraging use of the stairs; and that design of new buildings promote the use of stairs. The Committees on Appropriations recommend that GSA aim to achieve the above-mentioned directive by September 30, 2011. In order to ascertain precisely how much progress has been made and how much remains, GSA is directed to provide quarterly reports on the percentage of Federal buildings with such signage as well as on actions undertaken with regard to the design of new facilities, with a view to increasing the likely use of stairs.

GSA is directed to report within 120 days after enactment of this Act the locations within the greater New Orleans metropolitan area that have space available, either in an existing office building or a site for the location of an office building, that are compliant with the latest Federal Anti-Terrorism/Force Protection standards, applicable hurricane protections and USDA ISC security level guidelines as of September 30, 2010.

The Committees on Appropriations are aware that Executive Order 12072 requires an agency to give first consideration to the centralized community business areas of cities when choosing office location, are troubled by the possible relocation of Federal Government offices outside of the central business district in Rockford, Illinois, and are aware of ample office space in downtown Rockford, including the Stanley J. Roszkowski United States Courthouse. GSA is expected to fully comply with Executive Order 12072 and is directed to work with the city of Rockford to retain Federal Government offices in the central business district.

REAL PROPERTY ACTIVITIES FEDERAL BUILDINGS FUND

LIMITATIONS ON AVAILABILITY OF REVENUE

GSA is directed to expand the use of on-site renewable energy in Federal buildings, in order to reduce greenhouse gas emissions and moderate energy price fluctuations.

CONSTRUCTION AND ACQUISITION

The Act limits funds for construction to \$492,722,000 and provides funds for the following projects:

Lakewood, Colorado, Denver Federal Center Remediation	\$7,957,000
Washington, DC, St. Elizabeths DHS Consolidation and Development	267,675,000
Washington, DC, St. Elizabeths Historic Preservation Mitigation	4,990,000
Washington, DC, St. Elizabeths Highway Interchange	8,350,000
Calais, Maine, Ferry Point Land Port of Entry	1,552,000
White Oak, Maryland, Food and Drug Administration Consolidation	173,773,000
Detroit, Michigan, P.V. McNamara Federal Building FBI Garage	3,658,000
Martinsburg, West Virginia, IRS Annex	24,767,000

GSA is prohibited from using any of the nearly \$400,000,000 in funding which has been appropriated for the courthouse project for the Central District of California, Los Angeles division for any other purpose. Further, should the land purchased for the courthouse project be sold, GSA is prohibited from using the proceeds of the sale of the land to be used for any other purpose than addressing the housing needs of the Los Angeles division of the Central District of California. The Committees on Appropriations are

pleased that the project scope has now been reduced, resulting in a lower cost facility than previously estimated.

The Committees on Appropriations are concerned about the number of years required for construction of land ports of entry, and urges GSA to make every effort to streamline, avoid duplication, and increase efficiency in the completion of these projects, including coordination and cooperation with other appropriate Federal agencies.

Concerns have been brought to the attention of the Committees on Appropriations about a lack of community planning regarding certain GSA work. With respect to the San Ysidro Land Port of Entry, GSA is directed to work with the surrounding community to develop a design plan that incorporates the interests of surrounding commercial and business areas and that incorporates community-supported pedestrian, parking and transit design elements before beginning construction.

REPAIRS AND ALTERATIONS

The Act limits resources for repairs and alterations to \$500,014,000 and provides funding for repairs and alterations for the following projects:

Richmond, California, Frank Hagel Federal Building	\$113,620,000
Van Nuys, California, James C. Corman Federal Building	11,039,000
Washington, DC, West Wing Design Phase II	6,245,000
Indianapolis, Indiana, Major Emmett J. Bean Federal Center	65,813,000
New York, New York, Daniel Patrick Moynihan United States Courthouse	28,000,000
Energy and Water Retrofit Fire Prevention Program ..	15,000,000
Wellness and Fitness Program	3,500,000
Judiciary Capital Security Program	20,000,000
Basic Repairs and Alterations	226,797,000

GSA shall submit a report to the Committees on Appropriations within 90 days of enactment of this Act that outlines its plan to allocate funding for the Judiciary Capital Security Program.

Additional projects for which prospectuses have been fully approved may be funded under this category only if advance approval is obtained from the Committees on Appropriations. The amounts provided in this or any prior Act for "Repairs and Alterations" may be used to fund costs associated with implementing security improvements to buildings necessary to meet the minimum standards for security in accordance with current law and in compliance with the reprogramming guidelines of the Appropriations Committees.

RENTAL OF SPACE

Leased space is now just over half of the Public Buildings Service inventory occupied by agencies. In GSA's annual performance report as part of its fiscal year 2011 budget justification, GSA stated that administering leased space loses revenue each year, operating at a 2.1 percent deficit or \$98 million a year. In order to achieve the original purpose of the Fund, the GSA is encouraged to decrease the amount of space that it leases.

GENERAL ACTIVITIES

GOVERNMENT-WIDE POLICY

The Committees on Appropriations remain supportive of the Office of Federal High-Performance Green Buildings but note its slow

rate of spending. Therefore, GSA is directed to submit to the Committees on Appropriations a detailed expenditure plan for this Office within 30 days of enactment of this Act, which should describe the budget, timeline, objectives, and benefits of the Office. GSA is further directed to provide quarterly reports on the obligation of these funds.

ELECTRONIC GOVERNMENT FUND
(INCLUDING TRANSFER OF FUNDS)

The Committees on Appropriations are supportive of the concepts contemplated in the e-Gov account for fiscal year 2011. However, due to funding constraints as well as lack of detail and clearly defined information regarding spending requests, the Committees are reducing funding for e-Gov programs for fiscal year 2011. GSA is directed to report to the Committees on Appropriations within 120 days after enactment of this Act on the feasibility of consolidating Federal agency data centers into existing Government-owned/Government-operated facilities with multiple Federal tenants and is required to submit a spending plan prior to obligating funds.

FEDERAL ACQUISITION WORKFORCE INITIATIVES
FUND

(INCLUDING TRANSFERS OF FUNDS)

For fiscal year 2011, the Committees recommend \$10,000,000. This is a new initiative that is proposed to be housed in GSA but carried out in coordination with the Office of Federal Procurement Policy of OMB. The Federal Acquisition Workforce Initiative is provided \$6,000,000 to create and maintain the contractor inventory database required by section 743 of Division D of Public Law 111-117, and \$4,000,000 for salaries, curriculum development, competency management, certification management and career management.

ADMINISTRATIVE PROVISIONS—GENERAL
SERVICES ADMINISTRATION

(INCLUDING TRANSFERS OF FUNDS)

Long-standing administrative provisions are included unchanged unless otherwise noted below.

Section 517 clarifies the authorities of the Federal Acquisition Workforce Training Fund, as requested by GSA.

Section 518 authorizes GSA to release GSA interests in real property in Tracy, California at a fair market price.

Section 519 permits GSA to reprogram funds provided in Public Law 111-5 with advance approval of the Committees on Appropriations.

Section 520 rescinds \$1,400,000 in unobligated balances from Policy and Operations for Governor's Island and the Lorton Correctional Facility.

Section 521 requires GSA to submit to Congress a building project survey report on a consolidated headquarters for the Federal Bureau of Investigation within 120 days and to identify a preferred strategy.

NATIONAL ARCHIVES AND RECORDS
ADMINISTRATION

OPERATING EXPENSES

In its fiscal year 2012 budget justification, the National Archives and Records Administration (NARA) is directed to specifically address the resource needs of the Office of Government Information Services.

ELECTRONIC RECORDS ARCHIVES

Because reliable access to electronic government records far into the future, regardless of changes in technology, is of utmost importance, the Appropriations Committees have directed ongoing GAO program oversight and review of annual Electronic Records Archives (ERA) spending plans. Past deficiencies in clearly identifying specific

functions to be delivered has hampered the Committees' ability to assess the extent of progress on ERA that should be expected through particular investments.

NARA is directed to provide quarterly progress reports on ERA beginning 60 days after enactment. The reports should clearly state: (1) the functionality that is currently in place, including the functionality that has recently been added to ERA, (2) new functionality planned to be added in the subsequent quarter, and (3) functionality that had been planned for the most recent quarter but not added, along with the reasons why it was not added, the problems encountered, and the estimated cost increases and schedule delays as a result.

Language included in Senate Report 111-238 is reiterated regarding NARA's lack of a contingency plan for the ERA system in the event of a failure or disruption. NARA is directed to devote resources to establish a robust online backup and restoration service and to ensure that adequate capabilities are in place for managing restricted information.

NARA is directed to promptly report to the Appropriations Committees any delays, cost overruns, or other issues impeding the progress of ERA.

OFFICE OF PERSONNEL MANAGEMENT

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF TRUST FUNDS)

The Act provides a general fund appropriation of \$96,439,000 for salaries and expenses of the Office of Personnel Management (OPM). The amount includes \$6,004,000 for the Enterprise Human Resources Integration project and \$1,416,000 for the Human Resources Line of Business project.

The Act also provides \$121,738,000 for administrative expenses to be transferred from trust funds. This amount includes \$9,495,000 for the cost of implementing the new integrated financial system as well as automating the retirement record-keeping systems. The GAO should continue to monitor and provide recommendations on OPM's efforts toward developing and implementing the retirement modernization program. OPM is directed to work with GAO to develop program goals, performance measures, and project timelines and to submit a report on its progress within 120 days of enactment. OPM is also directed to continue to provide the Committees on Appropriations and GAO with quarterly reports on the implementation of the retirement modernization program, which should reflect a detailed, complete, and accurate assessment of the status of the program.

Additionally, OPM is directed to submit a report to the Committees on Appropriations within 120 days of enactment on ways in which it has streamlined Federal hiring practices, including its efforts to create a central registry of qualified applicants for the most recruited positions in the Federal Government.

Background investigations for Federal civilian, military, contract employment and eligibility for access to classified national security information are performed by Federal and contract investigators working throughout the United States and abroad. Given the national security implications of this work, OPM is directed to provide an updated report to the Committees within 60 days of enactment on the number of fraud cases involving fabricated background investigations, the number of cases prosecuted in Federal court (including case disposition), and what, if any, quality control measures OPM has implemented to prevent further fraud in this program as well as to ensure early detection of fabricated reports.

The Intergovernmental Personnel Act Mobility Program (IPA) provides for the tem-

porary assignment of personnel between the Federal Government and state and local governments, colleges and universities, Indian tribal governments, Federally funded research and development centers, and other eligible organizations. 5 CFR part 334 regulates this program, and it defines "State" as "a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Trust Territory of the Pacific Islands, the Northern Mariana Islands, and a territory or possession of the United States; and an instrumentality or authority of a State or States; and a Federal-State authority or instrumentality." OPM is directed to post this more complete definition on its IPA website so that Federal employees know the full range of opportunities and experiences provided through this program.

In April 2010, OPM provided a report to Congress on nursing faculty and the IPA, along with findings and recommendations on the current nurse and nurse faculty shortage. OPM is expected to provide regular, 6-month updates on next steps as outlined in Senate Report 111-238.

OPM's Federal Human Capital Survey provides important data for independent analyses of Federal employee satisfaction. OPM shall continue to make agencies' survey data publicly available in a consistent and consolidated format, and in a timely manner.

OPM is urged to increase its efforts to encourage Federal agencies to reach out to diverse populations in their recruitment efforts. The recent Federal Equal Opportunity Recruitment Program Report noted that Hispanics and women lag in representation within the Federal workforce, compared to the civilian labor force. OPM is urged to continue to look for ways to diversify the Federal workforce. OPM is directed to continue to provide its current report as an appendix to a more streamlined analysis that provides a straightforward breakdown of the Federal workforce, management, and executives by race, ethnicity, and gender for all Federal employees. The report should also include, for each agency, an agency-specific breakdown that is accompanied with a narrative about that agency's substantive efforts to promote diversity through outreach and recruiting practices. The report should conclude with a discussion of OPM's current strategy for expanding diversity within the Federal government and a projected five-year strategy with performance metrics based on the methods it intends to use to implement this strategy. OPM is also directed to establish a forum so that agencies may share best practices in recruiting and retaining employees.

OPM should spearhead an effort to encourage federal agencies to increase recruitment efforts within the United States Territories, home to many U.S. citizens not fully aware of the job opportunities within the Federal Government. GAO is directed to review the agencies' progress in reaching out to and recruiting from the Territories and to submit a report to the Committees within 120 days of enactment.

The issue of continuous and sustained inappropriate use of temporary hiring authority by Federal agencies remains unresolved. OPM is directed to report to the Committees on Appropriations, no later than 90 days after enactment of this Act, on options and recommendations, as outlined in Senate Report 111-238, to remedy this problem.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF TRUST FUNDS)

The Act provides \$25,885,000 for salaries and expenses of the Office of Inspector General, with \$3,997,000 as a general fund appropriation and \$21,888,000 as a transfer from OPM

trust funds. Additional funding is provided to augment base resources and permit hiring of additional audit and investigative staff.

GOVERNMENT PAYMENT FOR ANNUITANTS,
EMPLOYEES HEALTH BENEFITS

The Act provides such sums as necessary for health benefits payments.

GOVERNMENT PAYMENT FOR ANNUITANTS,
EMPLOYEE LIFE INSURANCE

The Act provides such sums as necessary for life insurance payments.

PAYMENT TO CIVIL SERVICE RETIREMENT AND
DISABILITY FUND

The Act provides such sums as necessary for retirement and disability payments.

POSTAL REGULATORY COMMISSION
SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

As outlined in Senate Report 111-238, the Postal Regulatory Commission is directed to report to the Appropriations Committees, not later than April 1, 2011, on the potential economic impacts if restrictions on the consolidation or closure of small rural and other small post offices were removed. The report should include an assessment of the Postal Service's efforts to enhance customer access, improve revenue and reduce costs through the co-location of postal services in grocery stores and other existing retail outlets.

PRIVACY AND CIVIL LIBERTIES OVERSIGHT
BOARD

SALARIES AND EXPENSES

The Act provides \$1,500,000 for salaries and expenses of the Privacy and Civil Liberties Oversight Board, to remain available for obligation until September 30, 2012. The Board has not yet been reconstituted as required by Public Law 110-53, and, therefore, the new entity's funding requirements have not been firmly established or justified. Once reconstituted, the Board should present the Committees on Appropriations with a detailed budget plan as quickly as possible.

SECURITIES AND EXCHANGE COMMISSION
SALARIES AND EXPENSES

The Securities and Exchange Commission (SEC) Office of Global Security Risk is directed to submit quarterly reports of its activities to the Committees on Appropriations, with a particular focus on corporate disclosures involving conflict minerals, extractive industries, and mining safety matters as well as SEC's efforts to address concerns that American investors may be unwittingly investing in companies with ties to countries that sponsor terrorism or are linked to human rights violations.

To facilitate greater access to companies' disclosures concerning their business activities in or with state sponsors of terrorism, the SEC is directed to promptly issue final rules that require each issuer to disclose activities that may subject it to sanctions under section 5 of the Iran Sanctions Act of 1996.

SMALL BUSINESS ADMINISTRATION
SALARIES AND EXPENSES

The Act provides \$459,125,000 for the salaries and expenses account of the Small Business Administration (SBA). An additional amount for initiatives related to small business development and entrepreneurship is provided under SBA administrative provisions.

The Committees on Appropriations have been frustrated that recent SBA congressional justifications have been unnecessarily complicated. SBA is directed to revise the format of the congressional justification for fiscal year 2012 so that the budget detail provided ties directly to enacted and requested appropriated amounts.

Not less than the following amounts shall be dedicated to the non-credit programs of the SBA:

[In thousands of dollars]

Small Business Development Centers (SBDCs)	\$115,250
Veterans Business Development ..	2,750
SCORE	7,750
Women's Business Centers	14,500
National Women's Business Council	1,900
Drug Free Workplace	1,030
Microloan Technical Assistance ..	22,000
PRIME	8,000
Native American Outreach	1,625
7(j) Technical Assistance	3,700
HUBZone	2,350
Hispanic Business Centers	1,000
Entrepreneurial Development	9,000
Total, non-credit initiatives	190,855

The SBA shall not reduce these non-credit programs from the amounts specified above and the SBA shall not merge any of the non-credit programs without advance written approval from the Committees. Further, the SBA is directed to support not less than the fiscal year 2010 level of funding for the National Ombudsman; the Office of Advocacy, including support for the Advocacy Database; and the international trade programs. SBA is also directed to report to the Committees on Appropriations within 30 days of enactment on the strategies and goals of each initiative, methodologies for assessing the performance of each initiative and each individual project selected under each initiative, and methodologies planned for selection of individual projects and recipients; and to provide an operating plan individually addressing each proposed initiative and detailing funding planned for grants, contracts, and salaries and expenses of both current and new SBA employees, including travel expenses.

The Committees recommend that up to \$9,000,000 shall be available for the Entrepreneurial Development program administered by the SBA, including for the Emerging Leaders Initiative and Clusters initiative proposed in the budget. SBA is directed to allocate such funds to the maximum extent possible to its current partners—namely, SBDCs, Women's Business Centers, the Service Corps of Retired Executives (SCORE), and Veterans Business Outreach Centers—and to notify the Committees not less than 15 days prior to obligation of funds provided. Included in the amount for non-credit initiatives is \$1,000,000 for a Hispanic Business Centers pilot program to provide financial assistance to educational institutions, non-profit organizations, and State and local departments and agencies providing management and technical assistance to Hispanic small businesses. The SBA is directed to consider the Women's Business Centers program as a model for the pilot program.

Of the amounts provided, \$268,270,000 is for operating expenses of the SBA. In addition, a total of \$349,000,000 from other SBA accounts may be transferred to and merged with the salaries and expenses account. Within the amounts recommended for SBA's operating expenses, \$15,347,700 is provided for the agency-wide effort to modernize SBA's loan management and accounting systems. SBA is directed to place a top priority on ensuring a successful modernization of current systems. SBA shall submit a quarterly written report to the Committees on Appropriations summarizing the agency's progress regarding modernization efforts, including milestones planned and achieved and progress on cost and schedule.

SBA is directed to continue to work to ensure that there is equitable distribution of resources to all 8(a) participants. GAO is di-

rected to, within 180 days of enactment of this Act, report on 8(a) program participants, the number and disadvantaged status of the owners of the businesses who have participated in the program in recent years, and such other criteria as may be developed during consultation with the Committees on Appropriations. Further, GAO is directed to provide a report to the Committees on Appropriations on the capability of SBDCs to offer technical assistance in more than one language by May 1, 2011.

SBA is directed to coordinate with the Forest Service and the Bureau of Land Management concerning the small business timber sale set-aside program that serves many small rural communities and small timber mills. SBA is also directed to provide a written report to the Committees on Appropriations within 60 days of enactment detailing SBA's current and planned activities related to communication with timber businesses in small rural communities, including potentially designating an industrial specialist (forestry) position in Portland, Oregon.

The Committees on Appropriations note that there is no Procurement Center Representative located in the regions of Puerto Rico or the U.S. Virgin Islands and directs that a Procurement Center Representative be physically located in Puerto Rico to service both regions.

OFFICE OF INSPECTOR GENERAL

The Inspector General is directed to continue routine analysis and reporting on SBA's modernization of its loan management and accounting systems, including acquisition, contractor oversight, implementation, and progress regarding budget and schedule.

BUSINESS LOANS PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

The Committees direct SBA to continue to conduct outreach to existing financial entities that may be well-suited to participate in the Microloan program so that the program can grow and expand access to microcapital across the country. SBA shall submit a written report to the Committees on Appropriations within 90 days of enactment summarizing the agency's plans for expanding the reach of the Microloan program. Additionally, SBA, in coordination with the Federal Reserve, is directed to submit a written report to the Committees on Appropriations within 90 days of enactment on the feasibility and benefits of enhanced data collection on small business lending, including but not limited to data on loan origination and loan size.

DISASTER LOANS PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

The Committees on Appropriations urge SBA to seek out emergency funding in the event of a disaster requiring loan assistance and direct SBA to continue providing updates on available resources for the disaster loans program on a monthly basis.

ADMINISTRATIVE PROVISIONS—SMALL BUSINESS
ADMINISTRATION

(INCLUDING TRANSFER OF FUNDS)

Long-standing administrative provisions are continued without change unless otherwise noted below.

Section 532 makes a technical correction to Public Law 111-8 and Public Law 111-117.

Section 533 makes technical changes to Public Law 111-240.

Section 534 provides \$47,575,000 for small business development and entrepreneurship initiatives, including programmatic and construction activities, to be awarded as follows:

Project Name	Amount
4 Ag Hawaii, Improved Food Security through Small Business Development, Haleiwa, HI	\$300,000
ACCION USA, Womens Link Program, for training and technical assistance for women-owned microenterprises, New York, NY	125,000

UNITED STATES POSTAL SERVICE

PAYMENT TO THE POSTAL SERVICE FUND

The Postal Service and the Postal Regulatory Commission are directed to take into consideration the accessibility of Federally-regulated financial institutions in surrounding areas before closing a postal facility.

As outlined in Senate Report 111-238, the Postal Service is strongly urged to continue to expand the co-location of postal services and pursue other innovative approaches to serving customers.

In light of the Postal Regulatory Commission's report that the Postal Service has overpaid into the CSRS pension fund, OPM is urged to apply a fair and equitable methodology for calculating the payment allocation and adjust the Postal Service's contributions into the fund accordingly.

UNITED STATES TAX COURT

SALARIES AND EXPENSES

The Act includes \$55,053,000 for salaries and expenses of the United States Tax Court. Of this amount, \$2,852,000 is available until September 30, 2012 for perimeter security improvements to the U.S. Tax Court headquarters.

TITLE VI

GENERAL PROVISIONS—THIS ACT

Sections 601 through 617, Section 619, and Section 621 continue general provisions that were included in title VI of Division D of Public Law 111-117.

Section 618 rescinds \$1,500,000 in unobligated balances from the Privacy and Civil Liberties Oversight Board.

Section 620 allows political subdivisions of States and territories to be eligible for pool safety grants.

Section 622 deems certain Help America Vote Act grants in Fiscal Year 2004 to have been authorized.

Section 623 directs the President to transmit deficiency and supplemental requests from judicial and legislative branches.

Section 624 permits the Abraham Lincoln Bicentennial Foundation to receive matching funds from sale of the Lincoln Bicentennial coin.

Section 625 rescinds prior year unobligated balances from the Federal Communications Commission.

The Act does not include the provision passed by the House Subcommittee on Financial Services and General Government concerning the Stanford Ponzi scheme that the Congressional Budget Office subsequently estimated to have a cost of \$550 million in fiscal year 2011.

TITLE VII

GENERAL PROVISIONS—GOVERNMENT-WIDE

DEPARTMENTS, AGENCIES, AND CORPORATIONS

Sections 701 through 732 and Sections 734 through Section 740 continue general provisions that were included in title VII of Division D of Public Law 111-117.

Section 733 updates long-standing authority to transfer funds between agencies to en-

sure the uninterrupted, continuous operation of the Midway Atoll Airfield.

Section 741 revises Section 743 of Division D of Public Law 111-117 to strengthen the inventory of contractor services.

Section 742 eliminates pay increases in 2011 for many non-career employees in the Executive Branch.

Section 743 continues the provision concerning the non-application of these general provisions to title IV and title VIII.

Section 744 directs the GAO to study federal payment of interchange fees.

TITLE VIII

GENERAL PROVISIONS—DISTRICT OF COLUMBIA

(INCLUDING TRANSFER OF FUNDS)

Sections 801 through 817 continue general provisions that were included in title VIII of Division D of Public Law 111-117.

Section 818 permits the Public Defender Service for the District of Columbia to purchase professional liability insurance for its attorneys, staff, and board members.

Section 819 modifies the frequency of management evaluations by the Government Accountability Office of the District of Columbia's chartering authority for public charter schools.

Section 820 specifies that references to this Act in this title or title IV are treated as referring only to the provisions of this title and title IV.

DIVISION F—DEPARTMENT OF HOMELAND SECURITY APPROPRIATIONS ACT, 2011

The following is an explanation of the effects of Division F, which makes appropriations for the Department of Homeland Security for fiscal year 2011. As provided in section 4 of the consolidated bill, this explanatory statement shall have the same effect with respect to the allocation of funds and implementation of this division as if it were a joint explanatory statement of a committee of conference. The language and allocations contained in Senate Report 111-222 should be complied with, and carry the same emphasis as the language included in the explanatory statement, unless specifically addressed to the contrary in the bill or this explanatory statement. While repeating some report language for emphasis, this explanatory statement does not intend to negate the language referred to above unless expressly provided herein. When this explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House Subcommittee on Homeland Security and the Senate Subcommittee on the Department of Homeland Security. In cases where the explanatory statement directs the submission of a report, such report shall be provided to the Committees on Appropriations by February 9, 2011, unless otherwise directed. In cases where the explanatory statement directs a briefing, such briefing shall be provided to the Committees by February 16, 2011, unless otherwise directed.

This explanatory statement refers to the following laws and organizations as follows: Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110-53, is referenced as the 9/11 Act; Security and Accountability for Every Port Act of 2006, Public Law 109-347, is referenced as the SAFE Port Act; Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288 is referenced as the Stafford Act; the American Recovery and Reinvestment Act of 2009, P.L. 111-5 is referenced as the Recovery Act; the Department of Homeland Security is referenced as DHS; the Government Accountability Office is referenced as GAO; and the Office of Inspector General of the Department of Homeland Security is referenced as the IG. In addition, any reference to “full-time equivalents” shall be referred to as FTE; any reference to “program, project, and activity” shall be referred to as PPA; any reference to a “Homeland Security Presidential Directive” shall be referred to as HSPD; and any reference to the Secretary shall be interpreted to mean the Secretary of Homeland Security.

Classified Programs

Recommended adjustments to classified programs are addressed in a classified annex accompanying this explanatory statement.

TITLE I DEPARTMENTAL MANAGEMENT AND OPERATIONS

OFFICE OF THE SECRETARY AND EXECUTIVE MANAGEMENT

The bill provides \$150,126,000 for the Office of the Secretary and Executive Management. Funding shall be allocated as follows:

Immediate Office of the Secretary	\$5,427,000
Immediate Office of the Deputy Secretary	1,974,000
Office of the Chief of Staff	3,158,000
Office of Counternarcotics Enforcement	3,700,000
Executive Secretary	8,717,000
Office of Policy	46,000,000
Office of Public Affairs	6,200,000
Office of Legislative Affairs	7,150,000

Office of Intergovernmental Affairs	3,519,000
Office of General Counsel ..	24,363,000
Office for Civil Rights and Civil Liberties	24,000,000
Citizenship and Immigration Services Ombudsman	6,800,000
Privacy Officer	9,118,000
Total	\$150,126,000

The Secretary shall provide the Committees semiannual reports, no later than February 16, 2011, and July 1, 2011, which provide a priority list of efficiencies being pursued as a result of the Secretary’s Efficiency Review and an accounting of progress against that list; a list of components and specific procurements where additional oversight personnel are needed and where such personnel are being assigned; and an accounting of how reforms in the headquarters structure and function are providing better support and management for the Department’s operators in the field.

The Deputy Secretary shall work to develop a coordinated and integrated approach for securing chemical facilities, ensuring companies do not misuse regulation to delay Federal safety investigations following chemical accidents, and providing the reports and briefings required in Senate Report 111-222. The Department shall also brief the Committees on the plans to resolve the differences between and standardize risk evaluations for chemical facilities regulated under Chemical Facility Anti-Terrorism Standards and the Maritime Transportation Security Act.

The Deputy Secretary shall examine which entity among the Office of Inspector General (IG), U.S. Customs and Border Protection (CBP), and U.S. Immigration and Customs Enforcement (ICE) should coordinate and take the lead on integrity investigations, establish clear lines of authority for the different types of investigations, and report on these decisions no later than 90 days after the date of enactment of this Act.

The Office of Counternarcotics Enforcement is directed to brief the Committees no later than 90 days after the date of enactment of this Act on its efforts to address the recommendations made in OIG-10-80.

The Office of Policy shall submit an expenditure plan for fiscal year 2011 no later than 60 days after the date of enactment of this Act in the fiscal year 2010 plan format.

Within the \$6,200,000 for the Office of Public Affairs is \$386,000 for the National Joint Information Center, as requested. The Office should develop a plan for operating for the full fiscal year at this level without a re-programming request.

The Office for Civil Rights and Civil Liberties shall submit an expenditure plan as outlined in Senate Report 111-222.

The Citizenship and Immigration Services Ombudsman shall brief the Committees on the Virtual Ombudsman System as outlined in Senate Report 111-222.

The Department shall ensure that enacted FTE numbers included in the budget justification documents for fiscal year 2012 accurately reflect the FTE levels funded in this Act.

The Department shall include a separate appropriation justification for the Working Capital Fund (WCF) in the fiscal year 2012 budget request as outlined in House Report 111-298. Prompt notifications of changes to the WCF are expected, and the WCF is not to be used to fund disapproved activities.

The Department shall continue to report on detailees on a semiannual basis, as outlined in Senate Report 111-222.

The Department shall track its reception and representation expenses and brief the

Committees in detail on those expenses on a semiannual basis. The Department shall review reception and representation allowances for equitable alignment among components at or below the current combined maximum total funding level and propose any suggested changes in the fiscal year 2012 budget request.

The Department shall report semi-annually on the current projects tasked to Federally-Funded Research and Development Centers, the funding obligated by component, including the purposes for the funds, and any projects completed in the prior six-month period, with the first report due February 16, 2011.

The Department shall submit the implementation plan for the small vessel security strategy expeditiously, including resource requirements.

OFFICE OF THE UNDER SECRETARY FOR MANAGEMENT

The bill provides \$242,233,000 for the Office of the Under Secretary for Management. Funding shall be allocated as follows:

Immediate Office of the Under Secretary for Management	\$2,770,000
Office of Security	72,864,000
Office of the Chief Procurement Officer	75,527,000
Office of the Chief Human Capital Officer	42,130,000
Office of the Chief Administrative Officer	48,942,000
Salaries and Expenses	[43,942,000]
Nebraska Avenue Complex	[5,000,000]
Total	\$242,233,000

The Office of Security shall review policies for all DHS components’ controlled information designations, develop a common set of designations for use by all components, and establish a uniform policy on the use of such designations. The Office shall brief the Committees quarterly on its progress beginning March 1, 2011.

The Department shall refrain from placing unreasonable information control burdens on university researchers partnering with DHS components, especially when the partnered research does not require access to controlled information.

The Department is directed to continue the acquisition workforce centralized training program at its current level.

The Office of the Chief Procurement Officer (OCPO) shall brief the Committees on its Department-wide assessment to determine gaps in key acquisition disciplines no later than 60 days after its completion. The briefing shall include the planned distribution of funded positions and FTE by office. Sustained funding for the acquisition workforce initiative is expected in the fiscal year 2012 budget request.

OCPO shall continue reporting on major acquisitions as outlined in Senate Report 111-31, but on a semiannual basis.

The Office of the Chief Human Capital Officer (OCHCO) shall provide quarterly briefings summarizing vacancy data at the Department as outlined in Senate Report 111-222, including the results of the fiscal year 2010 performance metrics established by DHS for OCHCO. OCHCO shall also brief the Committees on the strategic plans for overhauling the hiring process as outlined in Senate Report 111-222.

The Under Secretary for Management and OCHCO shall brief the Committees on all components’ progress on carrying out the Department’s “Balanced Workforce Strategy” as detailed in Senate Report 111-222 no later than February 16, 2011. The Department shall provide an implementation plan, including an overall priority list of conversions, and an accounting of progress against

that list and description of associated savings. All Departmental components are to give priority attention to conducting their workforce reviews and promptly implement any changes.

The Department shall maintain an appropriate funding level for environmental planning, historic preservation, and internal control activities proposed to be cut in the budget request.

The Department shall provide to the Committees its comprehensive management integration strategy and alternatives analysis regarding a nationwide backup for the Global Positioning System as outlined in Senate Report 111-222.

OFFICE OF THE CHIEF FINANCIAL OFFICER

The bill provides \$64,480,000 for the Office of the Chief Financial Officer (CFO). The CFO shall continue to keep the Committees informed on the progress of the Transformation and Systems Consolidation (TASC) initiative through reports as outlined in the explanatory statement accompanying P.L. 111-83, including information on how the recommendations of GAO (GAO-04-536 and GAO-10-76) are being implemented, and provide the approved TASC implementation plan to the Committees no later than 15 days after the date of enactment of this Act. TASC is to be capable of tracking obligations by PPA. The CFO shall brief the Committees on the feasibility of outfitting current financial systems with this capability on an interim basis until TASC is fully operational with the same functionality.

The CFO shall ensure that adequate justification is given to each increase, decrease, transfer, and staffing change proposed in the fiscal year 2012 budget justification, and that each item directed by the Committees to be provided as a part of the fiscal year 2012 budget justification is delivered as mandated.

The CFO shall submit as part of the fiscal year 2012 budget justification the following: detailed information by appropriations account and PPA on all reimbursable agreements and significant uses of the Economy Act for each fiscal year; a detailed table identifying the last year that authorizing legislation was provided by Congress for each PPA; the amount of the authorization and the appropriation in the last year of authorization; and a report on the status of overdue Committee reports, plans and briefings for fiscal years 2010 and 2011. In addition, with the Department's Explanation of Changes to General Provisions, the CFO shall provide the text and citation of all Department appropriations provisions enacted to date that are permanent law.

OFFICE OF THE CHIEF INFORMATION OFFICER

The bill provides \$375,359,000 for the Office of the Chief Information Officer (CIO). Within this total is \$83,948,000 for data center development, \$16,000,000 for e-mail consolidation, \$12,268,000 for single sign-on upgrades, and \$9,609,000 for the Administration's proposed cross-enterprise information-sharing initiative and data quality and coherence initiatives. The CIO shall provide a detailed expenditure plan no later than 60 days after the date of enactment of this Act that includes how the costs for the data quality and information-sharing initiatives are being shared with the CIO's partners. No funding is provided for the Homeland Top Secret/Sensitive Compartmented Information network initiative. Should the CIO wish to pursue this initiative in future years, a more complete justification and cost estimate should be provided to the Committees.

The shift of funding for communications security modernization activities is approved. Funding shall be allocated as follows:

Salaries and Expenses	\$82,727,000
Information Technology Services	53,079,000
Infrastructure and Security Activities	181,644,000
National Security Systems	57,909,000

Total \$375,359,000

The CIO shall provide quarterly briefings on single sign-on and messaging consolidation, as well as OneNet implementation and migration to Network. The CIO shall continue providing quarterly briefings on CIO and department-wide information technology (IT) priorities as outlined in House Report 111-298, and add information on all IT acquisitions financed directly or managed by the CIO to those briefings.

In addition to funding within this account, \$78,463,000 is included in various components for data center consolidation, for a total fiscal year 2011 funding level of \$162,411,000. The following chart displays the funding levels by component:

DHS headquarters	\$83,948,000
U.S. Customs and Border Protection	25,370,000
U.S. Immigration and Customs Enforcement	10,400,000
United States Secret Service	12,600,000
National Protection and Programs Directorate	2,000,000
US-VISIT	15,000,000
Federal Emergency Management Agency	5,900,000
United States Citizenship and Immigration Services	7,193,000

Total \$162,411,000

ANALYSIS AND OPERATIONS

The bill provides \$340,000,000 for Analysis and Operations, which funds both the Directorate for Intelligence and Analysis (I&A) and the Directorate for Operations Coordination. Additional information is provided in the classified annex to this explanatory statement. As in past years, the Under Secretary for Intelligence shall submit an expenditure plan for I&A within 60 days after the date of enactment of this Act. The plan shall meet the requirements listed in Senate Report 111-222. The expenditure plan shall focus the activities of the Office on areas where the Department can provide unique expertise or serve intelligence customers who are not supported by other components of the Intelligence Community, consistent with current statute and executive orders, and in a way that does not impair intelligence support to the senior leadership of the Department of Homeland Security.

State and Local Fusion Centers

Historical appropriations made for the program indicate strong support for State and local fusion centers (SLFCs), but I&A still needs to more fully identify and quantify the Federal benefits and return on investment generated by this spending. Furthermore, although I&A has requested to establish a new program management office bureaucracy to oversee the SLFC program, the Department has submitted little documentation to explain the need for this level of overhead or how, precisely, this new activity will function. A statutory provision in the bill requires I&A to develop and submit, as part of a notification pursuant to section 503 of this Act, such robust programmatic justification prior to establishing any new program management office to oversee SLFCs. I&A is also directed to provide quarterly briefings to the Committees on the fusion center program, as detailed in Senate Report 111-222.

National Immigration Information Sharing Operation

The bill continues to restrict operations of the National Immigration Information Shar-

ing Operation until the Secretary certifies that the program will comply with all statutory privacy and civil liberties requirements and that certification is reviewed by the Government Accountability Office.

Classified Programs

Recommended adjustments to classified programs are addressed in a classified annex accompanying this explanatory statement.

Office of Inspector General

The bill provides a total of \$131,806,000 for the Office of Inspector General (IG), including a direct appropriation of \$115,806,000 and a transfer of \$16,000,000 from the Disaster Relief Fund (DRF). The IG is required to notify the Committees no less than 15 days prior to any transfer from the DRF. Increased resources are provided for integrity investigations. The IG is directed to submit a plan for expenditure of these funds no later than 90 days after the date of enactment of this Act. The plan shall be developed in coordination with CBP and ICE.

The IG is directed to continue to manage audit and investigation reports as directed in House Report 111-298.

The IG is directed to report on disaster housing as discussed under FEMA "Disaster Relief."

TITLE II

SECURITY, ENFORCEMENT, AND INVESTIGATIONS

U.S. CUSTOMS AND BORDER PROTECTION

SALARIES AND EXPENSES

The bill provides \$8,239,377,000 for U.S. Customs and Border Protection (CBP) Salaries and Expenses; makes not less than \$1,700,000 available until September 30, 2012 for the Global Advanced Passenger Information/Passenger Name Record (API/PNR) international program; and requires the Border Patrol to maintain an agent workforce of not less than 20,500 full-time equivalent positions.

Within this total, the bill provides: \$15,000,000 for the intellectual property rights (IPR) initiative, for which CBP is directed to submit to the Committees on Appropriations a detailed implementation plan in conjunction with its fiscal year 2012 budget submission; \$123,497,000, as requested, for the Western Hemisphere Travel Initiative (WHTI); \$10,000,000 above the request for officer integrity activities, including the hiring of additional polygraph personnel in order to eliminate the backlog in testing and to test all new hires; \$3,000,000 to restore funding for the Global API/PNR program; an additional \$5,200,000 to expand the Immigration Advisory Program to three new overseas locations, which CBP shall identify in its fiscal year 2012 budget submission; \$158,100,000 for Inspection and Detection Technology Investments, including \$3,000,000 for competitive awards for operational testing of spreader bar and other innovative systems that could help overcome logistical challenges to scanning cargo for nuclear or radiological materials that exist at major transshipment ports and seaports that depend on on-dock rail transfer; \$62,009,000, \$4,000,000 above the fiscal year 2010 level, to support CBP intelligence programs; \$311,052,000 for Air and Marine Operations, including \$12,000,000 above the request to restore unmanned aircraft system (UAS) operators, pilots, and other positions reduced in the fiscal year 2011 request, and \$900,000 for positions associated with the additional UAS; and \$4,750,000 for textile transshipment enforcement.

The following table specifies funding by budget program, project, and activity:

Headquarters Management and Administration:	
Management and Administration, Border Security Inspections and Trade Facilitation	\$519,182,000
Management and Administration, Border Security and Control Between Ports of Entry ...	492,242,000
Rent	400,573,000
Subtotal, Headquarters Management and Administration	1,411,997,000
Border Security Inspections and Trade Facilitation:	
Inspections, Trade, and Travel Facilitation at Ports of Entry	2,499,572,000
Harbor Maintenance Fee Collection (Trust Fund)	3,274,000
International Cargo Screening	103,438,000
Other International Programs	11,247,000
Customs-Trade Partnership Against Terrorism	50,000,000
Trusted Traveler Programs	11,500,000
Inspection and Detection Technology Investments	158,100,000
Automated Targeting Systems	35,500,000
National Targeting Center	45,785,000
Training	20,800,000
Subtotal, Border Security Inspections and Trade Facilitation	2,939,216,000
Border Security and Control between Ports of Entry:	
Border Security and Control	3,540,833,000
Training	36,279,000
Subtotal, Border Security and Control between POEs	3,577,112,000
Air and Marine Operations	311,052,000
Total	\$8,239,377,000

CBP shall brief the Committees not later than February 16, 2011, on the following:

1. How CBP will use the funds provided for officer integrity in this bill and in P.L. 111-230, the fiscal year 2010 border supplemental, to eliminate the investigation backlog and other efforts as discussed in Senate Report 111-222;
2. The performance and deployment of WHTI systems and technology;
3. CBP plans for the Container Security Initiative program, with associated financial and staffing plans, and how International Cargo Screening efforts enhance CBP's capability to prevent high risk, US-bound cargo from being loaded abroad;
4. The CBP financial plan for Automated Targeting Systems (ATS), to include a status report on implementation of recommendations contained in OIG-10-34 regarding commercial cargo targeting;
5. The status of fiscal year 2011 National Targeting Center (NTC) initiatives, to include a counterterrorism response team, and integrating drug trafficking organization trends into the work of the NTC;
6. Violence experienced by CBP personnel in connection with border enforcement efforts, and strategies and tactics used, in cooperation with Mexican and local community partners, to include sharing of forensic and other information, as well as coordination of operations;

7. The status of planning and funding of tactical communications investments for interoperability on the U.S. borders and remote areas where CBP has limited communications capability;

8. The status of efforts to assist the Mexican government procure and deploy license plate readers (LPR), and sharing of LPR data with Mexico;

9. How additional CBP officers funded in this bill and assigned to air ports of entry will help reduce airport wait times, including at model port of entry airports;

10. The status of solutions for tracking and managing in-bond shipments; and 11. How CBP is implementing the transition to a reduced presence at U.S. Postal Service facilities, and the impact of such reductions on CBP targeting and inspection of mail, and on CBP treatment of express courier and air cargo operators.

CBP is directed to submit a strategic plan for its non-intrusive inspection investment and deployment strategy in conjunction with its fiscal year 2012 budget submission, to include a financial plan for each of fiscal years 2012-2017.

CBP is directed, as part of its fiscal year 2012 budget submission, to identify and itemize consolidated elements of all its targeting and screening programs, by PPA; and to identify funding devoted to enhance information sharing between its ATS and the National Counterterrorism Center and the Terrorist Screening Center, and to identify technological or resource barriers to more expedient information exchange. CBP shall submit its cyber security plan to the Committees in conjunction with its fiscal year 2012 budget, including associated funding and personnel resources devoted to securing CBP systems and cyber infrastructure.

CBP shall submit a report not later than 90 days after the date of enactment of this Act on its five year staffing and deployment plan for the Border Patrol, taking into account the 1,000 additional agents funded in the fiscal year 2010 border supplemental appropriations Act.

CBP is directed to review, in consultation with other appropriate federal agencies, whether there would be benefits from reopening previously operational land border crossings located between the Presidio and Del Rio, Texas ports of entry, and report its findings, to include costs, alternatives, and recommendations, in conjunction with the fiscal year 2012 budget submission.

CBP is also directed to notify the Committees of plans for a study of cruise ship passenger and crew screening, as described in GAO report GAO-10-400, and report to the Committees on its findings.

CBP is directed to ensure that activities of its Textile and Apparel Policies and Programs Office are maintained at the level of prior years, and to submit a report with its fiscal year 2012 budget on the execution of its five-year textile transshipment enforcement strategic plan.

CBP is directed to review how it collects and manages information about individuals arrested and detained in custody for less than 72 hours, the facilities used for short-term custody, the duration of such custody by processing disposition, and to develop a plan to report statistics for agency management and Congressional oversight, including possible inclusion in the DHS statistical yearbook. The review should examine data quality, definitions, development of practical data collection and reporting systems, and emphasize using information collected under existing authority and systems. CBP shall brief the Committees not later than April 4, 2011, on the status of this review and plan. In addition, CBP should report to the Committees not later than April 4, 2011, on

its policies and practices related to conditions of custody facilities, and how CBP monitors the duration and conditions of short-term custody.

CBP shall submit to the Committees the updated resource optimization model required pursuant to section 403 of the SAFE Port Act.

CBP is directed to continue submitting monthly staffing and hiring reports, and to brief the Committees on a quarterly basis on its hiring progress.

CBP shall report quarterly to the Committees on the results of CBP quarterly reviews of obligations in carryover accounts that should be deobligated through its validation and verification process, pursuant to CBP Directive 1220-011C.

CBP, in coordination with the DHS CFO, is directed to carry out semiannual briefings on user fee revenue, and include in those briefings steps to mitigate collection shortfalls.

CBP shall provide semiannual briefings to the Committees, beginning the third quarter of fiscal year 2011, on those sea ports and airports for which passenger wait times have exceeded sixty minutes, which shall include, for each port: actual average and maximum wait times, numbers of passenger arrivals, CBP Officer staffing, and plans to meet increased workload at the ports of entry.

CBP is advised to use, as appropriate, commercial flights to voluntarily repatriate unaccompanied alien children to their countries of origin.

CBP is directed to fund activities associated with control of invasive species, such as Carrizo cane from within the Border Security Fencing, Infrastructure, and Technology account.

CBP should comply with direction in Senate Report 111-222 to work with the U.S. Department of Agriculture and the Hawaii Department of Agriculture to ensure their respective inspection and quarantine activities provide biosecurity protection for the State of Hawaii; and to work with Hawaii State officials to devise a plan for a joint inspection facility.

CBP is directed to work with tribal governments as they seek to develop tribal identification cards.

AUTOMATION MODERNIZATION

The bill includes \$347,575,000 for Automation Modernization. In the required expenditure plan, CBP should continue to report on its progress in implementing the International Trade Data System, including recruitment of participating government agencies. CBP should continue its briefings on the status of the Automated Commercial Environment on a semi-annual basis.

BORDER SECURITY FENCING, INFRASTRUCTURE, AND TECHNOLOGY

The bill includes \$574,173,000 for Border Security Fencing, Infrastructure and Technology (BSFIT), and makes \$75,000,000 unavailable for obligation until the Commissioner submits an expenditure plan, reviewed by GAO, not later than 90 days after the date of enactment of this Act, which meets the statutory conditions set forth under this heading in P.L. 111-83, and includes a detailed environmental mitigation plan and report on mitigation efforts, as described in House Report 111-298. The bill continues requirements for statutory notifications to the Committees on Appropriations to be made by the Commissioner.

The Department shall continue to submit quarterly Secure Border Initiative reports, as directed in Senate Report 111-222. Those reports shall continue to include updates on Northern Border and tactical communication investments. CBP shall brief the Committees semiannually on the status of BSFIT programs and investments.

The bill includes a new provision authorizing the transfer of BSFIT funds for environmental planning and mitigation to the Department of Interior, per interagency agreement, to permit the Secretary of Interior to acquire land or interests in land to mitigate or offset adverse environmental impacts from construction, operation, and maintenance activities related to border security. CBP is expected to continue its coordinated effort with the Department of Interior and other agencies with environmental responsibilities on the border as well as with State and local government and subject matter experts from the scientific and environmental communities.

To the extent the fiscal year 2011 BSFIT expenditure plan includes funding for additional pedestrian or vehicle barriers, the plan shall contain analyses of alternatives as described in House Report 111-157.

CBP is directed to fund any activities associated with control of invasive species and associated mitigation efforts from within the BSFIT account.

AIR AND MARINE INTERDICTION, OPERATIONS, MAINTENANCE, AND PROCUREMENT

The bill provides \$511,751,000 for Air and Marine Interdiction, Operations, Maintenance, and Procurement, including increases of \$5,500,000 for equipment and supplies needed to support two additional unmanned aircraft systems funded in the fiscal year 2010 border supplemental appropriations Act, and \$3,000,000 to support system upgrades for the Air and Marine Operations Center.

CONSTRUCTION AND FACILITIES MANAGEMENT

The bill provides \$282,740,000 for Construction and Facilities Management, including \$4,000,000 for equipping and constructing the Advanced Training Center, and \$3,000,000 for additional forward operating bases. CBP is directed to brief the Committees not later than February 16, 2011, with proposed sites for these new bases and a timetable for their completion. CBP is also directed to devote funding, if available, to increase the number of housing units in remote areas where there is a lack of private housing for Border Patrol agents or CBP Officers. CBP is also directed to ensure that the rescission required pursuant to Section 575 complies with directions in Senate Report 111-222 regarding funding for alteration projects, avoiding any impact on the plans to replace the Oroville, Washington Border Patrol station, and the submission of a revised rescission plan consistent with this direction.

U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT

SALARIES AND EXPENSES

(Including Transfer of Funds)

The bill includes \$5,508,555,000 for U.S. Immigration and Customs Enforcement (ICE) Salaries and Expenses. Within this amount, the bill allocates \$2,000,000,000 to finance ICE's various efforts to identify undocumented individuals with criminal records who are incarcerated or at-large, and to remove those who are judged deportable in immigration court. Of this amount, \$259,825,000 is provided for continued expansion of the Secure Communities program, which is discussed in more detail below. The following table reflects ICE funding by program, project, and activity:

Headquarters Management and Administration:	
Personnel Compensation and Benefits, Services and Other Costs	\$274,360,000
Headquarters Managed Information Technology Investments	209,363,000
Subtotal, Headquarters Management and Administration	483,723,000

Legal Proceedings	221,666,000
Domestic Investigations	1,732,538,000
International Investigations:	
International Operations	113,689,000
Visa Security Program ...	37,986,000
Subtotal, International Investigations	151,675,000
Intelligence	76,107,000
Detention and Removal Operations:	
Custody Operations	1,791,168,000
Fugitive Operations	229,682,000
Criminal Alien Program	192,539,000
Alternatives to Detention	75,000,000
Transportation and Removal Program	294,632,000
Subtotal, Detention and Removal Operations	2,583,021,000
Identification and Removal of Criminal Aliens	259,825,000
Total, ICE Salaries and Expenses	\$5,508,555,000
Identifying and Removing Criminal Aliens	

Each year, over 600,000 illegal aliens convicted of crimes are released from law enforcement custody instead of facing deportation, according to statistics provided by ICE. Furthermore, a GAO study found that over 97 percent of incarcerated criminal aliens have been arrested before—on average eight times. When designing its immigration enforcement efforts, ICE must maintain perspective on which undocumented immigrants represent the most significant threat to the nation's social and economic fabric. Given the corrosive effect crime has on society, the most pragmatic approach is for ICE to continue prioritizing the identification of criminal aliens who are judged removable from the country.

In order to maximize its ability to locate criminal aliens, ICE has initiated the Secure Communities program. Secure Communities allows the review of criminal records and immigration status of individuals who are booked into police custody and to take appropriate action to remove those convicted of the most dangerous crimes. The bill includes \$259,825,000 for the continued implementation of Secure Communities, an additional \$59,825,000 over the request. This funding will allow ICE to sustain investments made to date and strengthen ICE operational efficiency to prepare for the growing volume of criminal aliens who will be removed from the country as Secure Communities is fully deployed. Of this additional amount, \$30,625,000 shall be for investments in ICE information technology systems; \$1,100,000 shall be for Law Enforcement Support Center personnel; \$13,100,000 shall be for additional removal costs associated with increased criminal deportations; \$10,000,000 shall be for the strategic planning, financial management, and outreach efforts of the Secure Communities Program Management Office; and \$5,000,000 shall be for operational planning by staff within ICE Detention and Removal Operations.

As in past years, ICE is required to continue quarterly reporting on the Secure Communities program and to submit those reports within 45 days of the close of the quarter. In particular, ICE must provide a better explanation of the impact Secure Communities will have on ICE detention facilities, the docket for the Executive Office of Immigration Review, and the speed with which ICE is able to remove criminal aliens from the country once they are judged deportable. The agency should report on how the detention of additional criminals will affect ICE's detention policies and standards,

the impact such changes will have on non-criminals detained by ICE, and any changes ICE predicts in detention throughput as a result of a larger criminal population in custody.

ICE must also ensure the appropriate oversight and management of the Secure Communities program. In particular, ICE should develop a robust public complaint review process so that the agency can ensure the program is successful at identifying and removing truly dangerous criminal aliens. It is not the intent or purpose of this program to target certain populations simply to determine immigration status. ICE should update more regularly information provided to the public about the success of the Secure Communities program, including statistics on the number of criminal aliens identified, prosecuted and removed, by crime type and location, both to improve the transparency of ICE operations but also to clarify the program's focus, intent and purpose.

ICE Support to State and Local Law Enforcement

The bill includes \$117,668,000 for ICE State and Local programs, as requested. Within this total, \$68,321,000 is for the 287(g) program; \$14,357,000 is for the Forensics Document Laboratory, which supports all ICE investigatory programs and offers specialized assistance to State and local law enforcement agencies; and \$34,990,000 is for the Law Enforcement Support Center.

The 287(g) program is a voluntary program that allows ICE to train local law enforcement agents to enforce Federal immigration laws. After training, local law enforcement personnel can determine an individual's immigration status and file requests to ICE for the removal of individuals they believe are illegal immigrants. Pursuant to its internal policies, ICE is supposed to provide robust oversight of the local officers enrolled in the 287(g) program to ensure participants comply with all applicable Federal law enforcement policies and procedures. A recent IG review of the 287(g) program noted a number of shortcomings in ICE's 287(g) training and program oversight. The IG made 33 recommendations for ICE to improve the program. To maintain the integrity of the 287(g) program, ICE is to implement the IG recommendations as expeditiously as possible, and is to be commended for having already started this process. This includes appropriate accountability and training standards and instruction on multicultural communication and the avoidance of racial profiling.

The Secure Communities program also requires careful oversight and monitoring, but the approach has several advantages to 287(g): it requires minimal training by ICE for local employees, it is integrated into existing booking procedures at prisons and jails, and it imposes no additional workload on local employees. Further, Secure Communities reduces the risk of potentially bias-driven status checks by local officials since the backgrounds of all individuals in local custody are checked in an identical manner. Most importantly, Secure Communities also clearly delineates the respective roles of Federal and local authorities in immigration enforcement. In light of these advantages, ICE is to be commended for its efforts expanding the Secure Communities program.

ICE Investigations

The bill provides \$1,732,538,000 for ICE domestic investigations, which includes increases above the budget request of \$3,500,000 for investigations of intellectual property rights violations and \$2,000,000 for ICE efforts to combat criminal gang conspiracies. The bill provides \$151,675,000 for ICE international investigations, an increase of

\$7,300,000 above the request to expand the Visa Security Program to three additional locations. Of the total budget for ICE investigations, the bill specifies no less than \$250,000,000 be allocated to efforts focused along the Southwest border. An additional \$80,000,000 in supplemental appropriations was provided to ICE for investigations in the Southwest border region. Given the extreme and on-going violence in and around the Mexican city of Juarez, ICE is directed to continue to build its programs that investigate border violence and organized crime in the El Paso-Juarez corridor. ICE is directed to brief the Committees no later than February 16, 2011, on its efforts to establish or enhance a centralized Southwest border operations command to coordinate the various ICE roles played in cross-border issues.

ICE Intelligence

The bill provides \$76,107,000 for ICE intelligence programs, an increase of \$5,000,000 above the budget request. Additional funds shall be used to expand the Operation Angel Watch program, which helps ICE identify travel patterns of convicted sex offenders who may attempt to exploit children in foreign countries. As required in the Senate report, ICE is directed to provide an updated intelligence staffing briefing no later than 60 days after the date of enactment of this Act.

Alternatives to Detention

The bill provides \$75,000,000 for ICE Alternatives to Detention programs, \$2,925,000 more than requested. ICE is directed to continue to implement the program nationwide. The Fiscal Year 2010 DHS Appropriations Act required ICE to report on the cost and schedule for nationwide deployment, but the agency submitted an analysis that, while meeting the letter of the law, did not include any realistic framework for achieving a national program. As a result, the bill includes a revised statutory provision requiring ICE to resubmit a fuller analysis of nationwide deployment of Alternatives to Detention, and encourages the agency to work with the Committees to ensure that all necessary information is included in the submitted report.

Detention Standards and Detainee Care

ICE is to be commended for its efforts to improve the oversight of conditions and practices at immigration detention facilities; however, many facilities still do not comply with existing detention standards. In addition, ICE has made little observable progress implementing detention center reforms recommended in a comprehensive analysis titled Immigration Detention Overview and Recommendations and submitted to the agency in October, 2009. The budget request did not include any additional funds for implementing recommendations in the report. A recently-completed assessment of ICE medical services was also unaddressed in the budget request. The Committees strongly encourage ICE to continue implementing improvements to its detention standards, and to request adequate funds in the fiscal year 2012 budget to implement recommendations made in various audits of its operations. As in past years, the Committee continues the requirement for the Department to notify the Congress and the DHS IG within 48 hours of any death that occurs in ICE custody.

Textile Transshipment Enforcement

Section 352 of the Trade Act of 2002 authorizes funding for Customs Service textile transshipment enforcement, and specifies how the funds must be spent. The bill includes \$4,750,000, as authorized, to continue these activities. ICE is directed to report on these enforcement activities with its fiscal year 2012 budget request on its actual and

projected obligations of this funding, covering fiscal years 2005 to 2011. The report should include staffing levels by fiscal year since 2005, and a five-year enforcement plan for transshipment violations.

ICE Headquarters Management and Administration

The bill provides \$483,723,000 for ICE Headquarters and Administration. This amount includes \$10,400,000 for data center consolidation, \$5,000,000 for additional workforce integrity activities, and \$40,000,000 for ICE field office collocation.

Security for the Assistant Secretary of Immigration and Customs Enforcement

Like other senior Federal law enforcement officials, the Assistant Secretary for ICE could be targeted by the criminal organizations that are under ICE investigation. Although there is no current evidence of specific threats against the Assistant Secretary for ICE, the Committees have no objection to on-going security evaluations and the provision of any protective security measures determined necessary.

AUTOMATION MODERNIZATION

The bill provides \$84,700,000 for ICE automation modernization. Up to \$30,600,000 may be transferred to this account from "Salaries and Expenses" to pay for information technology investments related to the identification and removal of aliens convicted of a crime and judged deportable.

ICE must make more progress implementing its electronic health records (eHR) program. Given that ICE detainees are often transferred between several detention facilities before their immigration cases are decided, portable medical records are an important part of ensuring the health of all those held in the agency's custody. The ICE Chief Information Officer is directed to update the Committees on the status of the eHR initiative and the anticipated timeline for a fully-implemented system.

TRANSPORTATION SECURITY ADMINISTRATION

AVIATION SECURITY

The bill provides \$5,452,037,000 for Aviation Security. In addition to the amounts appropriated, a mandatory appropriation totaling \$250,000,000 is available through the Aviation Security Capital Fund. Statutory language reflects the collection of \$2,100,000,000 from aviation user fees, as authorized. The following table specifies funding by budget activity:

Screening Operations:	
Screener Workforce:	
Privatized screening	\$142,678,000
Screener personnel, compensation, and benefits	2,953,971,000
Subtotal, screener workforce	3,096,649,000
Screener training and other:	263,000,000
Checkpoint support:	360,026,000
EDS/ETD Systems:	
EDS procurement and installation	320,000,000
Screening technology maintenance and utilities	323,325,000
Subtotal, EDS/ETD systems	643,325,000
Subtotal, Screening Operations	4,363,000,000
Aviation Security Direction and Enforcement:	
Aviation regulation and other enforcement	368,363,000
Airport management and support	574,926,000

Federal flight deck officer and flight crew training	25,694,000
Air cargo	120,054,000

Subtotal, Aviation Security Direction and Enforcement	1,089,037,000
Total, Aviation Security ...	\$5,452,037,000

Privatized Screening

The bill provides \$142,678,000 for Privatized Screening. The Transportation Security Administration (TSA) shall brief the Committees on Appropriations on the re-evaluation of the screening partnership program when it is concluded.

Screener Personnel, Compensation, and Benefits

The bill provides \$2,953,971,000 for Screener Personnel, Compensation, and Benefits. Within this total, \$191,369,000 is approved for the 5,355 positions requested for new advanced imaging technology (AIT) screeners, realigned from the budget proposal to reflect delays in AIT systems deployment. No funding has been provided for new behavior detection officers (BDO). TSA is directed to focus on completing internal changes to the BDO program and address GAO recommendations contained in GAO-10-763. This should include, but not be limited to, a cost-benefit analysis of the BDO program and a risk assessment of deployment options, including the risk if BDOs are not deployed. TSA shall brief the Committees no later than 60 days after the date of enactment of this Act on its progress.

Since fiscal year 2007, the Homeland Security Appropriations Act has carried a statutory requirement that high ranking legislative and executive branch officials shall not be exempt from Federal passenger and baggage screening. For Federal officials traveling with an approved federal law enforcement security detail, TSA follows a specialized screening protocol, which includes identity verification, but not physical screening. Not later than 45 days after the date of enactment of this Act, TSA shall report on the options available to physically screen these individuals.

Checkpoint Support

The bill provides \$360,026,000 for Checkpoint Support, including full funding for 503 additional AITs as requested. TSA shall work closely with local airport authorities to ensure that all space and facility requirements and constraints have been taken into consideration before AIT units are deployed. Within the funding provided for checkpoint support, up to \$65,473,000 is available, as requested, for terminal modifications if it is determined that no other designs to accommodate the installation of AIT equipment are possible. In addition, TSA is developing automated target recognition (ATR) capability to be deployed with its 2011 AIT procurements, potentially eliminating the need for a remote viewing room. The Committees are concerned that the reliability of the ATR technology has not yet been tested in the field even though the request included significant funding for its deployment. Therefore, TSA only should deploy ATR technology when operational field tests demonstrate that it provides a level of security equal to or greater than current AIT screening procedures.

TSA shall regularly brief the Committees on the development of AIT, including information on AIT procurement costs, the schedule to deploy and staff the AIT units, ATR development and associated funding requirements, facility modification costs, details on the latest detection capabilities and limitations, and ongoing efforts to improve the technology.

TSA is preparing to acquire automated wait time collection technology, which will permit the collection and display of real time data for the traveling public at all large airports and a limited number of smaller ones. To address concerns with increased wait times related to the deployment of advanced technology at screening checkpoints and to ensure that the agency maximizes its utilization of screening resources, TSA shall measure and report to the Committees beginning with the third quarter, and quarterly thereafter, passenger screening wait times during periods of peak passenger traffic at all airports collecting automated data. The report is to be provided within 45 days of the end of the quarter.

As discussed in the Senate report, TSA is encouraged to ensure high risk airports have working security cameras in place at checkpoints and secure exits and is directed to report on recommendations to improve airport security at locations where passengers exit the sterile area of an airport.

Explosives Detection Systems

A total of \$570,000,000 is available for Explosives Detection Systems (EDS) procurement and installation. Within this total, the bill provides \$320,000,000 in discretionary funding. An additional \$250,000,000 in mandatory funding is available from the Aviation Security Capital Fund. Not less than 9 percent of the funds provided shall be available for the purchase and installation of certified EDS at medium- and small-sized airports. Consistent with fiscal year 2010, TSA shall include as part of the fiscal year 2012 budget request a report on savings achieved and anticipated (by fiscal year) from the installation of new optimal in-line systems. TSA is encouraged to use funds for dedicated pre-engineered structures related to optimal screening solutions for EDS installations.

Consistent with prior years, TSA shall submit an EDS, checkpoint, and air cargo expenditure plan 60 days after the date of enactment of this Act. As part of the fiscal year 2011 EDS plan, TSA should identify those airports that incurred eligible costs for EDS without being reimbursed and any funding in the plan that may be allocated to them. TSA is encouraged to establish a reimbursement program as authorized by the 9/11 Act. While TSA is no longer required to submit updates to the EDS and checkpoint reports quarterly, the agency shall provide quarterly briefings to the Committees, highlighting any deviations from the plan. These briefings shall also include updates on TSA's competitive process for all three classes of EDS machines, results from certification and operational testing, and efforts to avoid acquisition delays.

Aviation Regulation and Other Enforcement

As discussed in Senate Report 111-222, TSA is to brief the Committees on its progress in implementing the new international program initiatives funded in this Act, no later than 90 days after the date of its enactment.

Air Cargo

The bill provides \$120,054,000 for Air Cargo including \$2,500,000 for a pilot screening program of international inbound cargo using CBP's automated targeting system. TSA shall continue its regular briefings on compliance with the 100-percent air cargo screening mandate, with a specific emphasis on international air cargo. In addition, TSA shall update the Committees regularly on efforts to enhance cargo screening on all-cargo aircraft following the recent bombing attempts. Finally, TSA is to comply with the recommendations contained in OIG-10-119, related to air cargo screening and shall brief the Committees on the execution of these recommendations no later than 120 days after the date of enactment of this Act.

Perimeter Security

TSA shall report to the Committees no later than 90 days after the date of enactment of this Act on actions TSA has taken to secure commercial airport perimeters as discussed in Senate Report 111-222.

SURFACE TRANSPORTATION SECURITY

The bill provides \$137,558,000 for Surface Transportation Security. Within this total, \$39,947,000 is for surface transportation staffing and operations and \$97,611,000 is for surface transportation security inspectors and canines. TSA shall report to the Committees on Appropriations; the House Homeland Security Committee; and the Senate Commerce, Science, and Transportation Committee on the feasibility and merits of establishing a Deputy Assistant Secretary for Surface Transportation to lead the security programs and personnel for non-aviation transportation security no later than 270 days after the date of enactment of this Act.

TRANSPORTATION THREAT ASSESSMENT AND CREDENTIALING

The bill provides a direct appropriation of \$159,124,000 for Transportation Threat Assessment and Credentialing, of which \$84,637,000 is provided for Secure Flight and \$74,487,000 is for crew and other vetting programs. Of the total provided for crew and other vetting, \$43,200,000 is for infrastructure modernization. This funding, coupled with carry-over balances, will provide a total funding of \$69,500,000 for infrastructure modernization for fiscal year 2011, the amount TSA indicates is needed to keep this effort on track. TSA is to brief the Committees quarterly on the development of this system.

Not later than 90 days after the date of enactment of this Act, TSA shall report on performance of the Secure Flight name matching system since becoming operational, including effectiveness of the system in accurately identifying passengers on the terrorist watch list while reducing number of passengers misidentified; a description of how the assessment was conducted; and how TSA has used the results to determine if Secure Flight should be modified to pre-clear misidentified passengers. TSA is also to report on its efforts to address security concerns associated with fraudulent documentation by December 31, 2010.

TRANSPORTATION SECURITY SUPPORT

The bill provides \$1,039,777,000 for Transportation Security Support as follows:

Headquarters administration	\$267,866,000
Information technology	479,284,000
Human capital services	254,839,000
Intelligence	37,788,000

Subtotal, Transportation Security Support

\$1,039,777,000

TSA shall continue semiannual briefings on covert testing activities, including trends on operational errors and equipment failures. As discussed in Senate Report 111-222, TSA shall brief the Committees as part of the fiscal year 2012 budget request, on its compliance with recommendations contained in OIG-10-72 on contractor usage and oversight. This briefing is to include a discussion of TSA's review of inherently governmental functions and efforts to strengthen contracting officer's technical representatives training. Finally, TSA should issue reports on risk-based decision making, as detailed in the Senate Report, to be delivered with the fiscal year 2012 budget request.

FEDERAL AIR MARSHALS

The bill provides \$945,015,000 for the Federal Air Marshals (FAMs), including \$820,200,000 for management and administration and \$124,815,000 for travel and training.

TSA shall continue to provide quarterly reports on FAMs mission coverage, staffing levels, and hiring rates as directed in previous appropriations Acts, and immediately submit the overdue assessment of long-term FAMs staffing levels and include as part of this report a detailed rationale on the need to continue enhanced flight coverage at the same levels as immediately after the December 25, 2009, incident.

COAST GUARD

OPERATING EXPENSES

The bill includes \$6,951,973,000 for Coast Guard Operating Expenses. The funds shall be allocated as follows:

Military pay and allowances:	
Military pay and allowances	\$2,792,210,000
Military health care	415,507,000
Permanent change of station	170,763,000

Subtotal, Military pay and allowances	3,378,480,000
Civilian pay and benefits ...	757,303,000
Training and recruiting:	
Training and education ..	101,535,000
Recruitment	100,558,000

Subtotal, Training and recruiting

202,093,000

Operating funds and unit level maintenance:	
Atlantic Command	177,835,000
Pacific Command	198,090,000
1st District	60,610,000
5th District	21,901,000
7th District	80,499,000
8th District	48,269,000
9th District	31,483,000
11th District	17,749,000
13th District	22,824,000
14th District	19,109,000
17th District	29,647,000
Headquarters directorates	248,324,000
Headquarters managed units	155,532,000
Other activities	871,000

Subtotal, Operating funds and unit level maintenance

1,112,743,000

Centrally managed accounts	346,787,000
Intermediate and depot level maintenance:	
Aeronautical	329,860,000
Electronic	164,678,000
Civil/ocean engineering and shore facilities	180,890,000
Vessel	212,349,000

Subtotal, Intermediate and depot level maintenance

887,777,000

Overseas Contingency Operations (emergency appropriations)	254,000,000
Marine safety and response personnel	12,790,000

Total, Operating Expenses

\$6,951,973,000

The Commandant shall develop and share with the Committees a new workforce action plan that outlines the following: projected staffing levels, both military and civilian, needed to carry out all Coast Guard missions, as well as to bring "in house" government responsibilities being executed by contractors; gaps between those levels and current staffing, organizational structure and funding; a plan for addressing those gaps, including specific strategies for hard-to-fill positions; and an outline of any additional authorities and resources necessary to address the aforementioned requirements.

The bill includes \$12,790,000 for additional inspectors, investigators, engineers and incident management personnel for marine safety and response activities. The Coast Guard shall provide an expenditure plan for these funds no later than February 16, 2011.

The Coast Guard shall brief the Committees by February 16, 2011, on the Coast Guard's near-term and long-term plans for operations in Iraq, including details on efforts to train Iraqi personnel to assume maritime security responsibilities.

Funds are restored for four of the five Maritime Safety and Security Teams (MSST) that were to be decommissioned under the request. The Coast Guard shall conduct a comprehensive analysis of the MSST program as outlined in OIG-10-89 and brief the Committees on it no later than 120 days after the date of enactment of this Act. The Coast Guard shall continue operations of two of the four High Endurance Cutters that were to be decommissioned under the request, as outlined in Senate Report 111-222. The Coast Guard shall comply with the reporting requirements in Senate Report 111-222 on the decommissioning of the National Strike Force Coordinating Center if it chooses to proceed with its decommissioning. Sufficient industrial work shall be assigned to the Coast Guard Yard.

ENVIRONMENTAL COMPLIANCE AND RESTORATION

The bill provides \$13,329,000 for Environmental Compliance and Restoration.

RESERVE TRAINING

The bill provides \$135,675,000 for Reserve Training.

ACQUISITION, CONSTRUCTION, AND IMPROVEMENTS

The bill includes \$1,518,613,000 for Acquisition, Construction, and Improvements. Funding is provided as follows:

Vessels and Critical Infrastructure:	
Response boat-medium	\$52,000,000
140-foot icebreaker fleet refurbishment	21,200,000
Subtotal, Vessels and Critical Infrastructure	73,200,000
Other Equipment:	
National distress and response system modernization (Rescue 21) ..	36,000,000
Subtotal, Other Equipment	36,000,000
Personnel and Related Support:	
Core acquisition costs	510,000
Direct personnel costs	107,051,000
Subtotal, Personnel and Related Support	107,561,000
Integrated Deepwater Systems:	
Aircraft:	
Maritime patrol aircraft	40,000,000
HH-60 conversions	32,000,000
HC-130H conversion/sustainment	25,000,000
HC-130J fleet introduction	4,000,000
Unmanned Aircraft Systems	2,000,000
Subtotal, Aircraft	103,000,000
Surface Ships:	
National Security Cutter	615,002,000
Offshore Patrol Cutter ...	45,000,000
Fast Response Cutter	240,000,000
IDS small boats	3,000,000
Medium Endurance Cutter sustainment	30,000,000
Subtotal, Surface Ships	933,002,000
Technology Obsolescence Prevention	1,000,000

C4ISR	30,500,000
Logistics	50,000,000
Systems engineering and integration	29,000,000
Government program management	45,000,000
Subtotal, Integrated Deepwater Systems	1,191,502,000
Shore Facilities and Aids to Navigation:	
Military Housing	2,000,000

Total, Acquisition, Construction, and Improvements

1,518,613,000
Of the \$615,002,000 provided for the National Security Cutter, \$77,000,000 is for long-lead time materials for NSC #6 and the remainder is for production of NSC #5. Sufficient funding is provided to award long lead-time materials and production contracts for NSC #5, as post-production costs for NSC #4 and NSC #5 are not estimated to be required until fiscal year 2015. Delaying NSC #5 until post-production costs are available will postpone delivery by at least one year, result in increased project costs, and further exacerbate challenges associated with decreased availability and increased maintenance costs of the High Endurance Cutter fleet.

The Commandant shall continue to provide quarterly acquisition and mission emphasis reports consistent with deadlines articulated under section 360 of division I of P.L. 108-7. The Coast Guard shall continue submitting these reports as outlined in Senate Report 111-222, and providing quarterly briefings to the Committees on the status of all major acquisitions.

The Coast Guard shall consider phasing out the Deepwater construct in favor of a less differentiated public accounting for all of the Coast Guard's acquisition programs. The Coast Guard shall report to the Committees within 30 days after the date of enactment of this Act on what would be needed to effect such a change and what its impact would be. Should the Coast Guard choose to phase out the Deepwater construct, all budget materials should include crosswalks to the current PPA structure to ensure transparency.

The Department shall make note in its fiscal year 2012 budget submission of how coordinated acquisition efforts between the Coast Guard and CBP are being carried out to ensure interoperability and realize reduced acquisition and support costs.

The Coast Guard shall continue quarterly briefings on the status of the Rescue 21 program, including any changes to the schedule outlined in the request. It is expected that the Coast Guard will stay on top of the program's need for technology refreshment, and that funding for deployment of Rescue 21 to the Western Rivers will be included in the Coast Guard's fiscal year 2012 budget request.

ALTERATION OF BRIDGES

The bill provides \$4,000,000 for Alteration of Bridges.

RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

The bill includes \$32,534,000 for Research, Development, Test, and Evaluation (RDT&E). Within this funding, \$8,000,000 is for a ship-based unmanned aircraft system advanced concept technology demonstration and \$4,500,000 is for research specifically to improve the Coast Guard's capability to address oil spills from the full range of wellheads, drilling platforms, and vessels in operation. The Administration's budget materials for fiscal year 2012 shall include and justify a unified and coordinated Federal approach for oil spill research that includes the Department of the Interior, the Department

of Energy, the National Oceanographic and Atmospheric Administration, and the Coast Guard.

The Coast Guard shall produce a report that details the RDT&E program's progress against the goals outlined in the fiscal year 2010 request, and what the plan is for conducting fiscal year 2011 research activities within the level appropriated. The report is to include information on how the research plan has evolved since the submission of the fiscal year 2011 budget request, and reflect the program's response to Congressional direction. This report is due no later than three months after the date of enactment of this Act.

RETIRED PAY

The bill provides \$1,400,700,000 for Retired Pay.

UNITED STATES SECRET SERVICE SALARIES AND EXPENSES

The bill provides \$1,574,642,000 for Secret Service Salaries and Expenses. This amount includes \$7,000,000 for the cost to implement a new Secret Service Uniformed Division pay system and \$69,960,000 for recapitalization costs for Secret Service information technology equipment. Within the explanatory charts showing funding levels for the Secret Service there is a new program line for Information Integration and Technology Transformation programs. This discrete funding display was developed in order to increase transparency for the investments necessary to modernize the Secret Service information technology systems and to prevent reallocation of these resources without advance Congressional notification.

The bill also provides \$61,158,000 for the Electronic Crimes Task Force program, including \$4,000,000 for the Secret Service to continue its training program for State and local law enforcement at the National Computer Forensics Institute (NCFI). The Secret Service is to continue to administer NCFI in the same manner as fiscal year 2010. An additional \$4,000,000 is provided for domestic investigations as discussed in Senate Report 111-222.

The following table reflects Secret Service funding by program, project, and activity:

Headquarters Management and Administration	\$201,216,000
Information Integration and Technology Transformation	69,960,000
Protection:	
Protection of persons and facilities	773,042,000
Protective intelligence activities	68,914,000
Presidential candidate nominee protection	17,867,000
National Special Security Event fund	1,000,000
White House mail screening	25,315,000
Subtotal, Protection	886,138,000
Investigations:	
Domestic field operations	261,412,000
International field office administration, operations, and training	31,171,000
Electronic Crimes Special Agent Program and Electronic Crimes Task Forces	61,158,000
Support for missing and exploited children	8,366,000
Subtotal, Investigations	362,107,000
Rowley training center	55,221,000
Total, Salaries and Expenses	\$1,574,642,000

Financial Management

Secret Service spending on campaign-related protection must be subject to adequate financial controls. On April 27, 2010, the GAO informed the Committees that at the end of the 2008 campaign, the Secret Service violated the Antideficiency Act by spending more than had been appropriated for the security of the 2009 presidential inauguration. This follows a similar breakdown in Secret Service financial controls at the end of the 2004 presidential campaign, which was also noted by the Committees in previous appropriations reports.

As required by law, the Secret Service “shall report immediately to the President and Congress all relevant facts and a statement of actions taken” to rectify the violation of the Antideficiency Act. At this point, the Secret Service has not complied with this requirement. Furthermore, since this is not the first case of a significant failure to manage protective costs accurately, the Secret Service, in consultation with the DHS Chief Financial Officer (CFO), is directed to file the appropriate notifications of an Antideficiency Act violation and to submit a strategic plan for implementing strict financial controls for all 2012 campaign costs, including a schedule of monthly deadlines and deliverables required to rectify this problem fully. The Secret Service and the DHS CFO are also directed to provide regular updates on the implementation of such plan to ensure this situation does not recur.

ACQUISITION, CONSTRUCTION, IMPROVEMENTS, AND RELATED EXPENSES

The bill includes \$3,975,000 for Acquisition, Construction, Improvements, and Related Expenses.

TITLE III

PROTECTION, PREPAREDNESS, RESPONSE, AND RECOVERY

NATIONAL PROTECTION AND PROGRAMS DIRECTORATE

MANAGEMENT AND ADMINISTRATION

The bill provides \$45,387,000 for Management and Administration of the National Protection and Programs Directorate

(NPPD). Within this amount, \$2,000,000 is for NPPD data center consolidation. Funding for administrative activities is reduced by \$750,000 due to a high level of position vacancies.

Risk Management and Analysis

Within the total, \$9,790,000 is provided for NPPD’s risk management and analysis (RMA) function. A recent study of RMA by the National Academy of Sciences (NAS) highlights shortcomings in the program. Notably, because the validity and reliability of DHS risk models are untested, NAS finds that the Department’s risk analysis capabilities and methods are inadequate to support DHS decision making. The NPPD Office of the Under Secretary is directed to brief the Committees within 30 days after the date of enactment of this Act on how RMA can be managed in a way that generates demonstrable benefits to DHS—whether through reforms to ensure the organization achieves its full potential as a Department-wide risk analysis capability or through reorganization or dissolution of the office in recognition of distributed risk modeling across DHS agencies.

INFRASTRUCTURE PROTECTION AND INFORMATION SECURITY

The bill provides \$874,923,000 for Infrastructure Protection and Information Security (IPIS). Funding shall be allocated as follows:

Infrastructure Protection:	
Identification and Analysis	\$88,595,000
Coordination and Information Sharing	48,715,000
Mitigation Programs	198,426,000

Subtotal, Infrastructure Protection

National Cyber Security Division (NCS):	
Cyber Security Protection and Response:	
US Computer Emergency Response Team (US-CERT)	80,406,000
Network Security Deployment	175,425,000

Federal Network Security	29,245,000
Subtotal, Cyber Security Protection and Response	285,076,000
Cyber Security Standards, Workforce Development, and Awareness	76,017,000
Cyber Security Coordination	7,500,000
Cyber Security Management and Administration	17,086,000
Subtotal, National Cyber Security Division	385,679,000
Office of Emergency Communications	45,339,000
National Security/Emergency Preparedness Telecommunications:	
Priority Telecommunications Services	57,413,000
Next Generation Networks	22,364,000
Programs to Study and Enhance Telecommunications	14,079,000
Critical Infrastructure Protection Programs	14,313,000

Subtotal, National Security/Emergency Preparedness Telecommunications

Total, Infrastructure Protection and Information Security

\$874,923,000

At the request of NPPD, this new budget display for fiscal year 2011 reflects more appropriate groupings for NPPD programs, projects and activities (PPAs). However, this new budget allocation structure makes historical comparisons to previous appropriations Acts extraordinarily difficult. As a result, the following table reflects the historical appropriations comparisons for each new PPA. NPPD is directed to submit its fiscal year 2012 budget in the exact format and structure as enacted for fiscal year 2011.

	FY 2008	FY 2009	FY 2010	FY 2011
Infrastructure Protection:				
Identification and Analysis	\$76,245,000	\$87,326,000	\$90,610,000	\$88,595,000
Coordination and Information Sharing	62,098,000	55,644,000	59,582,000	48,715,000
Mitigation Programs	134,253,000	170,830,000	197,111,000	198,426,000
National Cyber Security Division				
US-CERT	46,962,000	66,015,000	83,305,000	80,406,000
Network Security Deployment	57,826,000	154,467,000	192,135,000	175,425,000
Federal Network Security	9,324,000	14,959,000	19,541,000	29,245,000
Cyber Security Standards, Workforce Development, and Awareness	46,566,000	64,346,000	79,571,000	76,017,000
Cyber Security Coordination			5,000,000	7,500,000
Cyber Security Management and Administration	49,985,000	13,971,000	18,466,000	17,086,000
Office of Emergency Communications	35,700,000	38,299,000	44,754,000	45,339,000
Nat'l Security/ Emerg. Preparedness Telecom				
Priority Telecom. Services	79,699,000	59,834,000	57,831,000	57,413,000
Next Generation Networks	20,599,000	49,277,000	25,863,000	22,364,000
Programs to Study and Enhance Telecom	15,695,000	14,869,000	14,523,000	14,079,000
Critical Infrastructure Protection Programs	15,946,000	11,112,000	11,124,000	14,313,000
NCCC	3,832,000	5,963,000		
Total, Infrastructure Protection and Information Security	\$654,730,000	\$806,912,000	\$899,416,000	\$874,923,000

Funding for the National Computer Forensics Institute (funded under US-CERT in fiscal year 2010) is provided under United States Secret Service “Salaries and Expenses”.

INFRASTRUCTURE PROTECTION

NPPD is directed to comply with Senate Report 111-222 concerning: on-going work with the University of Southern Mississippi to address the range of potential and actual threats and risks to safety and security at venues with large crowds; effective communications between chemical facility owners and local law enforcement and first responders, as part of Risk Based Performance Standard 9 under the Chemical Facility Antiterrorism Standards; review of products

cleared by the Food and Drug Administration under the SAFETY Act and that are on the Department of Defense list of approved treatments for possible use; and on-going work at the National Infrastructure Simulation and Analysis Center in conjunction with the National Incident Management Systems and Advanced Technologies Institute at the University of Louisiana at Lafayette. The bill includes not less than \$18,000,000 for the National Infrastructure Simulation and Analysis Center.

The National Infrastructure Protection Plan Management and the Critical Infrastructure and Key Resources Partnerships and Information Sharing programs jointly receive \$33,933,000. GAO is directed to review NPPD efforts to implement these programs

and to make recommendations to improve coordination and efficiency, as directed in the Senate report.

Within the total provided, no less than \$26,521,000 is to conduct vulnerability assessments.

CYBER SECURITY

The National Cyber Security Division, which implements DHS responsibilities identified in the Comprehensive National Cyber Security Initiative, receives \$385,679,000. The Cyber Security Standards, Workforce Development, and Awareness program, which includes a variety of specialized analysis activities and training programs, receives \$76,017,000 in the bill, including \$3,000,000 for

State and local cyber security training administered by the University of Texas at San Antonio.

A provision is included which withholds \$100,000,000 of the NCSA budget until NPPD provides a detailed expenditure plan for all DHS NCSA activities.

CONTROL SYSTEMS SECURITY

More and more of our nation's physical infrastructure, such as electric utility grids, water and sewage systems, and transportation infrastructure and networks, is connected to the Internet. While this technology has generated efficiencies in the operation and control of complex systems, many of these network devices are vulnerable to hostile takeover or malicious attacks, as evidenced by the recent "Stuxnet" malware attack on certain types of industrial centrifuges. Integrating agreed-upon industry standards into the development and manufacturing process for future control system products offers a high likelihood of successfully countering automation vulnerabilities. Current DHS-industry efforts are projected to take up to 10 years to promulgate the full range of envisioned industrial standards, a timeframe that is unacceptably long given the rapidly evolving cyber threat. DHS, in conjunction with industry partners, is directed to accelerate the development timeline for control system security standards. NPPD is directed to brief the Committees on the process to expedite standards development no later than 90 days after the date of enactment of this Act.

MULTI-STATE INFORMATION SHARING AND ANALYSIS CENTER

DHS has an on-going program with the Multi-State Information Sharing and Analysis Center (MS-ISAC) for security-related operations designed to protect State and municipally-owned computer networks. MS-ISAC provides world class service to its customers and serves as the premier State and local government cyber security entity. Additional funds will allow the Center to expand its managed security services, situational awareness, incident response, cyber security assessments and cyber research and analysis to other States and localities. In addition to amounts requested by DHS, the bill includes \$3,000,000 for expansion of MS-ISAC activities so that the center can serve as many other States and municipalities as possible.

OFFICE OF EMERGENCY COMMUNICATIONS

The bill includes \$45,339,000 for the Office of Emergency Communications, \$1,000,000 over the requested level based on the reconfigured budget structure. Additional funding is for SEARCH, the National Institute for Emergency Communications Interoperability, to continue training State, regional, and local first responders responsible for managing interoperable communications systems.

NATIONAL SECURITY/EMERGENCY PREPAREDNESS TELECOMMUNICATIONS

The bill provides \$108,169,000 for the National Security/Emergency Preparedness Telecommunications programs, which is the requested level based on the reconfigured budget structure.

As in past years, the bill withholds \$10,000,000 of funding for the Next Generation Networks (NGN) program until NPPD submits an expenditure plan showing how funds provided for NGN will be used to achieve the program's goals.

FEDERAL PROTECTIVE SERVICE

The bill includes \$1,115,000,000 for the Federal Protective Service (FPS), as requested, for fiscal year 2011; this amount is fully offset by collections of security fees.

ADEQUACY OF FEDERAL PROTECTIVE SERVICE RESOURCES

The bill requires the Secretary and the Director of the Office of Management and Budget to adjust FPS security fees to ensure that the agency employs a staff of at least 1,348 personnel by September 1, 2011, of which 1,011 are required to be in-service field staff directly engaged on a daily basis protecting and enforcing laws at Federal buildings. Further, the bill requires FPS to be fully funded during fiscal year 2011, therefore the staff level shall be no less than 1,200 employees, including at least 900 Police Officers, Inspectors, Area Commanders, and Special Agents through September 1, 2011, at which time the additional employees shall be on board. Given recent attacks on Federal employees in Austin, Texas; Las Vegas, Nevada; and the Pentagon, the Administration needs to recognize the growing gap between the security needs for Federal facilities and the limited resources with which FPS is expected to protect these same government installations.

Since FPS is currently authorized as a fee-for-service agency, these activities must continue to be financed by collection of security fees from agencies unless the FPS statutory authorization is changed. It is imperative that the Administration construct a fiscal year 2012 budget that identifies the fee resources necessary to provide adequate security at Federal facilities nationwide, consistent with the FPS workforce analysis. Although NPPD was directed in Senate Report 111-188 to submit this analysis no later than September 12, 2010, to date the Committees have not received it. To ensure this analysis is appropriately accounted for in the budget, FPS is directed to submit it to the Committees on Appropriations and GAO without delay.

In addition, the Committee directs FPS to review its use of contract guard services at Federal facilities, as recommended by GAO, and to provide a briefing on its findings no later than six months after the date of enactment of this Act.

UNITED STATES VISITOR AND IMMIGRANT STATUS INDICATOR TECHNOLOGY

The bill provides \$339,263,000 for United States Visitor and Immigrant Status Indicator Technology (US-VISIT), of which \$50,000,000 is available until September 30, 2012, and \$125,000,000 is unavailable for obligation until the Committees on Appropriations receive an expenditure plan containing the elements specified in Public Law 110-329. The bill includes \$4,650,000 above the request for Identity Management and Screening Services to permit the Biometric Support Centers to meet increased workload and demand for law enforcement and intelligence analyses, and reduce overstay resolution backlog. Bill language is included reserving \$50,000,000 of prior year balances solely for biometric air exit. The rescission of \$28,000,000 in prior year balances contained in section 582 shall not result in a reduction in balances available to meet the requirement in the bill to obligate \$50,000,000 solely for purposes of implementation of a biometric air exit system.

US-VISIT shall brief the Committees not later than February 16, 2011, on plans to eliminate the backlog of "unvetted" overstay records, to include schedule and resource requirements. US-VISIT is directed to sustain critical efforts to: achieve interoperability with other agencies, including the Departments of Justice, State, and Defense; integrate new biometric technology; and support data sharing with international partners. US-VISIT is also directed, in conjunction with other agencies as appropriate, to provide semiannual briefings on inter-agency interoperability; planning for bio-

metric exit solutions, to include data sharing with Canada and Mexico, and in redesign or replacement of ports of entry; and, as described in the Senate report, ongoing efforts to share biometric information with other countries about criminals, immigration violators, and known or suspected terrorists, as well as steps underway to strengthen DHS' leadership position in biometric and identity management.

OFFICE OF HEALTH AFFAIRS

The bill provides \$157,984,000 for the Office of Health Affairs (OHA). Included in the total, \$113,505,000 is for the BioWatch program, including all generations of the technology currently in use or undergoing development, of which no less than \$4,500,000 is for further testing of Generation 3 technology. OHA is directed to use the Bioterrorism Risk Assessment process to examine the costs and benefits of the BioWatch program and revisit its goals. OHA should provide evidence of the capabilities of the Generation 3 technology, as well as a cost benefit analysis, with any request for funding a program expansion. OHA shall notify the Committees 15 days prior to deploying any BioWatch device to new locations. OHA is directed to provide an expenditure plan for the BioWatch program within 60 days after the date of enactment of this Act.

The bill provides \$11,250,000 for the National Biosurveillance Integration System (NBIS), of which \$4,750,000 is for the North Carolina Collaboratory for Bio-Preparedness to continue a demonstration project for the statewide system to analyze public health trends and detect incidents. Within the remaining amount, \$3,500,000 is withheld from obligation until OHA delivers to the Committees a strategic plan for the NBIS, including progress on implementing the recommendations in GAO-10-171.

The bill provides \$3,900,000 for the Rapidly Deployable Chemical Detection System, of which \$1,500,000 provided above the request is to complete at least one additional demonstration project, to be competitively selected. The bill includes \$2,276,000 for planning and coordination. This amount includes sufficient funding to maintain OHA's role in HSPD through the Food, Agricultural and Veterinary Defense Division.

FEDERAL EMERGENCY MANAGEMENT AGENCY MANAGEMENT AND ADMINISTRATION

The bill provides \$764,296,000 for the Federal Emergency Management Agency (FEMA) Management and Administration activities. FEMA is directed to provide an expenditure plan not later than 75 days after the date of enactment of this Act. The expenditure plan shall present information aggregated by directorate and office, showing all sources of funding. Specific information regarding the transfer of funding from the State and Local Programs appropriation should be included, with the same level of detail currently provided to the Committee. FEMA is directed to meet with the Committee within 5 days of the date of enactment of this Act to reach an agreed upon format for this reporting requirement. The Committees shall be notified within 15 days if any office receives or transfers out more than 5 percent of the total amount allocated in the expenditure plan. A provision is included requiring FEMA to submit its fiscal year 2012 budget request by office with the level of detail currently provided in the congressional justification materials.

Included in the total is \$4,000,000 for the Emergency Management Assistance Compact (EMAC), as requested, and \$11,000,000 for the Emergency Management Institute (EMI). FEMA is directed to identify the request for EMI and EMAC in future budget requests.

The bill includes the requested \$23,300,000 for capital upgrades. FEMA shall report any differences from the capital improvement plan outlined in the fiscal year 2011 congressional justification, and provide a justification for such differences.

The bill provides \$18,213,000, as requested, for the Integrated Public Alert and Warning System, of which up to \$2,000,000 is to study the Radio Broadcast Data System technology as directed in the Senate report, to be competitively awarded.

The President requested \$71,076,000 for the Office of the Chief Information Officer, which is provided; however, the amount should be treated in the same manner as all other funds requested and not as a PPA as listed in the Senate report. FEMA is directed to brief the Committees on any variations from the request prior to the changes being implemented. Within this amount, \$5,900,000 is provided for data center migration, as requested.

The bill provides \$38,000,000 for the Urban Search and Rescue Response System, \$10,000,000 above the request. FEMA is directed to provide an expenditure plan not later than 90 days after the date of enactment of this Act. The expenditure plan should include the results of a review of the program to ensure the capacity is meeting the needs as outlined in Senate Report 111-222.

The bill includes \$7,049,000 for the Office of National Capital Region Coordination and a provision requiring the inclusion of the Governors of the State of West Virginia and the Commonwealth of Pennsylvania in the National Capital Region decision-making and planning process for mass evacuation. The Department is directed to include officials from the counties and municipalities that contain the evacuation routes and their tributaries into the planning process.

FEMA is directed to brief the Committees not later than 30 days after the date of enactment of this Act regarding the agency's efforts to delegate certain authorities from headquarters to the offices of the Regional Administrators. The briefing shall include a list of authorities that have been or will be delegated; a timeframe for implementation; and what procedures will be instituted to ensure consistent application of FEMA policies across the Nation.

FEMA is directed to brief the Committees quarterly on its core administrative functions, as directed in the Senate report; however, the briefings shall be provided by the Deputy Administrator.

The Committees appreciate the effort of the Federal, State, Local, and Tribal Preparedness Task Force and the timely report transmitted to the Congress in October, 2010 which included recommendations related to homeland security and emergency management policies, grants, and assessments. FEMA, in cooperation with the Office of Intergovernmental Affairs, is directed to brief the Committees no later than 30 days after the date of enactment of this Act on the findings of the Task Force. The briefing shall include the specific process (including timelines) that will be used to adjudicate the current recommendations and how the accepted recommendations will be implemented; specific topics identified for additional study and how the information will be obtained; and the process by which the Task Force will engage the larger user community to clarify and solidify recommendations and items needing further discussion. The briefing shall include recommendations on any new authorities needed to fulfill the recommendations. Additionally, all briefings required of FEMA in this Explanatory Statement that address a topic for which a recommendation was made shall address that recommendation in the briefing.

The Office of Individual and Community Preparedness is directed to brief the Committees within 60 days after the date of enactment of this Act on actions that will be taken to increase individual and community preparedness and the FEMA resources being devoted to this purpose. FEMA is directed to create an inventory of products that have been developed by the Citizen Corps program to further individual and community preparedness, as directed in Senate Report 111-222.

FEMA, in conjunction with the appropriate research entity, is directed to provide a report on the status of planning, as directed in Senate Report 111-222.

FEMA is directed to report, within 180 days after the date of enactment of this Act, on its comprehensive approach to training and education, identifying any gaps and a plan to address those gaps as specified in the Senate report. This report shall be coordinated with and submitted in conjunction with the report on continuing training as required under the heading State and Local Programs.

Additional efforts are required to clarify leadership and coordination issues within the draft National Disaster Recovery Framework, which was released in February 2010. FEMA is directed to remain focused on this effort and provide the necessary resources to improve, finalize, and implement the framework.

STATE AND LOCAL PROGRAMS
(Including Transfer of Funds)

The bill provides \$3,080,450,000 for State and Local programs. Funding is allocated as follows:

State Homeland Security Grant Program	\$950,000,000
Operation Stonegarden ...	[60,000,000]
Citizen Corps Program ...	[10,000,000]
Urban Area Security Initiative	977,500,000
Nonprofit Security grants	[19,000,000]
Radiological and Nuclear Detection	[20,000,000]
National Special Security Events State and local reimbursement ...	[17,500,000]
Regional Catastrophic Preparedness Grants	35,000,000
Metropolitan Medical Response System	41,000,000
Public Transportation Security Assistance and Railroad Security Assistance	350,000,000
Amtrak	[25,000,000]
Over-the-Road Bus Security Assistance	[12,000,000]
Port Security Grants	350,000,000
Buffer Zone Protection Program Grants	35,000,000
Interoperable Emergency Communications Grant Program	35,000,000
Emergency Operations Centers	50,000,000
National Programs:	
National Domestic Preparedness Consortium	159,500,000
Center for Counterterrorism and Cyber Crime	2,450,000
National Exercise Program	38,000,000
Technical Assistance	13,000,000
Continuing Training Grants	30,000,000
Evaluations and Assessments	14,000,000
Subtotal, National Programs	256,950,000
Total, State and Local Programs	\$3,080,450,000

FEMA is required to brief the Committees five days prior to any announcement of the intention to make a grant award under State and Local Programs. Such briefings shall include detailed information on the risk analysis employed, the process for determining effectiveness, the process or formula used for selecting grantees, and any changes to methodologies used in the previous fiscal year.

FEMA is required to report to the Committees, not later than 90 days after the date of enactment of this Act, following a review of its practices and policies regarding the grant process, including but not limited to, the environmental and historic review process and investment justification reviews. The agency should examine what processes are in place because of law, regulation, and agency policy and suggest changes that would streamline the process to allow grantees to access funds faster while still ensuring accountability. In addition to examining its own processes, FEMA should include recommendations to incentivize grantees to draw down funds in a more prompt manner. As a part of this review FEMA is expected to examine the workload of Grants Programs Directorate staff and evaluate whether that workload provides for appropriate oversight of the grants.

FEMA should ensure that it uses risk models that are validated by external experts and subject to rigorous peer review. FEMA is directed to brief the Committees on the process it will undertake to implement external validation of its risk models for the 2012 grant cycle.

FEMA should continue to consider the needs for mass evacuation planning and positioning of equipment for areas potentially impacted by mass evacuations in allocating first responder funds.

In accordance with section 2006 of the Homeland Security Act of 2002, the Law Enforcement Terrorism Prevention Program (LETPP) is funded through a required set-aside of 25 percent of the State Homeland Security Grant Program and Urban Area Security Initiative (UASI) programs. FEMA shall provide clear guidance to States and urban areas to ensure the intent of the LETPP is fully realized and the program is fully maximized. Further, FEMA is expected to comply with provisions of current authorizing statute regarding policies regarding paying salaries for intelligence analysts, as well as for distribution of UASI grants on the basis of risk.

All awards under Operation Stonegarden shall be made on a competitive basis to areas of the greatest risk and need. All border states shall be eligible to apply for grants under Operation Stonegarden in fiscal year 2011. Operation Stonegarden's eligible costs include, but shall not necessarily be limited to: overtime; vehicle maintenance; vehicle and equipment rental costs; reimbursement for mileage; fuel costs; equipment replacement costs; and travel costs for law enforcement entities assisting other local jurisdictions in law enforcement activities. The Committees direct that only CBP and FEMA make recommendations on award decisions. No administrative costs shall be deducted from Operation Stonegarden award totals by States. In order to continue to monitor the program's efficiency and ensure funding is being allocated to areas of greatest need and risk, FEMA and CBP are required to undertake a thorough analysis using the most current data and brief the Committees on the information it will use to assess which areas are in greatest need of funding.

The Citizen Corps program shall be administered consistent with previous years, and shall retain an all hazards focus.

Within the funding provided for UASI is \$20,000,000 for the purchase of radiological and nuclear detection equipment.

Also within the amount provided for UASI, \$17,500,000 is provided to reimburse actual costs incurred by State and/or local governments affected by National Special Security Events, including use of services, personnel, equipment, and facilities. FEMA shall brief the Committees within 60 days after the date of enactment of this Act regarding the process to distribute this funding, including the application process and eligible costs. Funds shall remain available until expended and are not subject to any legislated timeframes required under "State and Local Programs".

The Committees are aware of press reports of diverted Federal grant money being used for executive transport and serious allegations of fraud in "Project Shield". The Committees are aware that the DHS IG is currently reviewing all UASI expenditures in the Chicago area, including a review of such allegations. The Committees direct the GAO to also review and report on the propriety of UASI expenditures in Cook County, Illinois.

FEMA, and the grant subject matter experts, in the allocation of funds for Buffer Zone Protection Program Grants and Non-profit Security Grants, are directed to consult and incorporate the input of State, local, and private partners in assessing risk and need.

FEMA is urged to ensure coordination between the Metropolitan Medical Response System and other FEMA programs, such as the National Exercise Program. FEMA should fully leverage this program's unique role as a bridge between emergency management and medical response disciplines.

FEMA is directed, in conjunction with the Office of Health Affairs (OHA), to report to the Committees regarding the current state of disaster preparedness capabilities of Emergency Medical Service (EMS) providers. This report is due no later than six months after the date of enactment of this Act and shall include an analysis of the gap between current and target capabilities. Further, in conjunction with OHA, FEMA is directed to review the amount of first responder grant funding emergency medical service providers are receiving and evaluate whether current funding levels are sufficient to meet capability requirements for disaster preparedness. Further, the Department should develop guidance on proposed approaches to utilize grant funding to address those gaps in order to ensure EMS preparedness and the use of EMS services to reduce strains on hospitals during a mass casualty event.

FEMA is directed to fully fund the graduate and executive level homeland security education programs currently supported by the Department. The Department is directed to maintain its strong support for these proven curricula, and to continue to leverage them where appropriate as the Department meets the growing need for education within its own ranks and by States and localities around the Nation. The Committees note the importance of Mobile Education Teams providing homeland security seminars for State and local elected officials and senior staff.

Within the funding provided for Continuing Training Grants, grants for state and local government intelligence awareness training shall not be less than \$1,000,000 above the levels funded in fiscal year 2010. Not later than 180 days after the date of enactment of this Act, FEMA is directed to report on the needs being met by the continuing training grants to date including any gaps in specific evolving needs, as required in Senate Report 111-222. This report shall be coordinated with and submitted in conjunction with the report on training and education as required under the heading Management and Administration.

The Office of the Administrator is directed to brief the Committees on a quarterly basis

on the progress of implementing an outcomes based preparedness assessment. The initial brief shall include a review of how other nations have attempted to complete such an effort. Additionally, the initial brief shall include a discussion on the recommendations related to capabilities and assessments from the report "Perspectives on Preparedness: Taking Stock Since 9/11, September 2010", including how FEMA intends to respond to the recommendations, complete with timeframes.

The Department is encouraged to require State and local governments to include non-governmental field and hospital based emergency medical service providers in their interoperability planning. The Department is encouraged to require State and local governments to address child care services in response and recovery plans, exercises and training. The Department is further encouraged to require State and local governments to include tribal governments, rural water associations, and chief information officers in planning efforts.

FEMA is directed to allow transit agencies to permit States to be subgrantees to facilitate regional planning and programs.

Administration and implementation of the Regional Catastrophic Preparedness Grant Program shall be as outlined in Senate Report 111-222, including treatment of the cost share.

The Committees expect that grantees must certify to FEMA that the necessary investments are being made for an effective interoperable communications process to ensure plans are kept up-to-date and federal funds are not wasted.

FEMA is encouraged to continue to provide training to first responders through the Domestic Preparedness Equipment Technical Assistance Program.

Funding for Emergency Operations Centers shall be allocated for projects as specified in the bill, and the remaining funding shall be competitively awarded.

FIREFIGHTER ASSISTANCE GRANTS

The bill provides \$840,000,000 for Firefighter Assistance Grants, including \$420,000,000 for firefighter assistance grants and \$420,000,000 for firefighter staffing grants. The bill includes a provision to waive certain cost shares and maintenance of effort provisions associated with firefighter staffing grants. FEMA is directed to continue administering the grant programs consistent with previous years as specified in the conference report accompanying P.L. 111-83. FEMA is directed to submit the U.S. Fire Needs Assessment concurrent with the fiscal year 2012 budget submission. FEMA is further directed to brief the Committees on Appropriations no later than 60 days after the date of enactment of this Act on the implementation of recommendations in GAO-10-64 to improve the grant process.

EMERGENCY MANAGEMENT PERFORMANCE GRANTS

The bill provides \$345,000,000 for Emergency Management Performance Grants.

RADIOLOGICAL EMERGENCY PREPAREDNESS PROGRAM

The bill provides for the receipt and expenditure of fees collected, as authorized by P.L. 105-276.

UNITED STATES FIRE ADMINISTRATION

The bill provides \$45,930,000 for the United States Fire Administration. FEMA is directed to identify the funding level for the National Fire Incident Management System in future budget requests.

DISASTER RELIEF

(Including Transfers of Funds)

The bill includes \$1,950,000,000 for the Disaster Relief fund. FEMA is directed to sub-

mit an estimate for obligations which are expected to occur during the 2012 fiscal year and have been excluded from formulation of the underlying President's budget request, including those associated with catastrophic events concurrent with the budget submission. A provision is included in the bill requiring FEMA to submit an expenditure plan to the Committees detailing the use of funds for the disaster readiness and support account not later than 60 days after the date of enactment of this Act. FEMA shall provide quarterly reports detailing obligations against the expenditure plan and a justification for any changes in spending. As required in the bill, FEMA is directed to continue monthly reports detailing allocations, obligations and undistributed amounts related to all disasters in the same level of detail as currently presented to the Committees. Within the amount provided \$16,000,000 shall be transferred to the DHS IG for audits and investigations related to disasters and \$145,600,000 shall be transferred to FEMA "Management and Administration".

FEMA is required to notify the Committees prior to closing or moving logistics distribution centers.

FEMA is directed to maintain the Florida long-term recovery office as long as there is sufficient work to be done following the 2004 and 2005 hurricanes that struck the State. FEMA is directed to notify the Committees 60 days prior to closing the office.

The DHS IG is directed to report, not later than 120 days after the date of enactment of this Act, on the costs associated with the Disaster Housing Assistance Program, the benefits that have been provided, and the percent of funding provided to program management and oversight.

FEMA is instructed to report to the Committees not later than 60 days after the date of enactment of this Act on its implementation of recommendations on the 2009 IG report entitled "Improvements Needed in Disaster Contract Management".

DISASTER ASSISTANCE DIRECT LOAN PROGRAM ACCOUNT

The bill provides \$295,000 for the cost of direct loans. As outlined in Senate Report 111-222, FEMA is directed to continue assistance for Special Community Disaster Loan waiver applications, and for loans which are not cancelled, FEMA is directed to assist with extended repayment deadlines.

FLOOD HAZARD MAPPING AND RISK ANALYSIS

The bill provides \$194,000,000 for flood hazard mapping and risk analysis. FEMA shall continue to focus funds on reviewing, updating, and maintaining maps to accurately reflect flood hazards. The goal shall be to review and, where necessary, to update and maintain data, methodologies, models and maps that have been modernized, and to issue map updates no later than five years past the modernized dates of the maps. FEMA is directed to provide no less than 20 percent of the funds provided under this heading for map updates and maintenance conducted by Cooperating Technical Partners (CTPs) that provide at least a 25 percent cash match and have a strong record of working effectively with FEMA on floodplain mapping activities. When allocating map modernization funds, FEMA is encouraged to prioritize as criteria the number of stream and coastal miles within the State, the Mississippi River Delta region, and the participation of the State in leveraging non-federal contributions. FEMA is strongly encouraged to partner with and leverage all available resources from Federal agencies, State and local governments, academia and CTPs towards acquiring elevation data.

With the 2012 budget request, FEMA shall submit a status report on the progress made

towards the five year Risk Mapping, Assessment, and Planning (RiskMAP) strategy. FEMA is directed to establish a RiskMAP Advisory Committee to include Federal, state and local government representatives, non-governmental organizations, and private sector stakeholders. FEMA is strongly encouraged to include CTPs on the Advisory Committee. FEMA shall submit an annual report with the first one due no later than 180 days after the date of enactment of this Act on the recommendations of the Committee and any actions taken by FEMA.

FEMA is directed to report, not later than 180 days after the date of enactment of this Act, on its efforts to transition to database driven digital maps.

The Committees recognize that, consistent with Senate Report 111-188 related to the Supplemental Appropriations Act, 2010 (Public Law 111-212), FEMA has created an inter-agency task force to resolve concerns regarding flood maps, and GAO has begun its review of this effort. Therefore, the Senate report requirement to begin these efforts is no longer necessary. FEMA and GAO are directed to continue implementing these requirements expeditiously.

NATIONAL FLOOD INSURANCE FUND

The bill provides \$22,145,000 for salaries and expenses and \$146,855,000 for flood plain management and mapping. Based on updated estimates from FEMA, the bill authorizes \$110,000,000 for operating expenses and \$963,339,000 for commission and taxes of agents. Further, the bill authorizes \$40,000,000 for the severe repetitive loss program.

FEMA is directed to review and report on its existing Community Assistance Program grant process and allocation methodology to ensure equitable distribution of funds in relation to existing and anticipated floodplain management and mapping activities. FEMA shall submit a report to the Committees by March 1, 2011, documenting the existing process and allocation methodology and any proposed changes to be implemented in fiscal year 2012.

NATIONAL PREDISASTER MITIGATION FUND

The bill provides \$85,000,000, including funding for the following projects at the following locations. The remaining funding shall be competitively awarded.

Predisaster mitigation projects

	<i>Amount</i>
Borough of Hatboro, PA	\$74,000
Campbell Police Department, CA	180,000
City of Arvada, CO	1,000,000
City of Binghamton, NY	500,000
City of Covina, CA	375,000
City of Hammond, IN	750,000
City of Kannapolis, NC	900,000
City of Minneapolis, MN	1,000,000
City of Paris, KY	70,000
City of Salem, MA	1,000,000
City of San Mateo-Department of Public Works, CA	1,000,000
City of Venus, TX	80,000
County of Los Angeles, CA	520,000
County of Sonoma, CA	1,000,000
Henry County, GA	960,000
Hinds County Board of Supervisors, MS	500,000
Logan County Government, CO ...	140,000
Lucas County Engineer, OH	400,000
Memphis-Shelby County Airport Authority, TN	1,000,000
Monterey County Water Resources Agency, CA	1,000,000
Ohio University, OH	460,000
Orange County Government, FL ..	1,000,000
Town of Cary, NC	750,000
Town of East Hampton, NY	800,000
Town of Fairfield, CT	1,000,000
Town of Harrison, NY	600,000

Predisaster mitigation projects—Continued

	<i>Amount</i>
Town of Livingston, NY	19,000
Town of Niagara, NY	250,000
Town of Winchester, MA	1,000,000
Township of Hopewell, NJ	353,000
Vienna Police Department, VA ...	175,000

EMERGENCY FOOD AND SHELTER

The bill provides \$150,000,000 for the Emergency Food and Shelter program.

TITLE IV

RESEARCH AND DEVELOPMENT, TRAINING, AND SERVICES

UNITED STATES CITIZENSHIP AND IMMIGRATION SERVICES

The bill provides \$297,993,000 in discretionary appropriations for United States Citizenship and Immigration Services (USCIS). This amount includes \$176,400,000 for USCIS to process refugee applications and asylum claims, rather than funding these activities through surcharges on other immigrants' application filing fees. No funding is provided for the cost of military naturalizations, which will be paid by the Department of Defense, as proposed in the budget. Within the total provided, \$7,193,000 is for USCIS data center consolidation. No discretionary funding is provided for the Systematic Alien Verification for Entitlements (SAVE) program or for the salaries and expenses of the immigrant integration program. USCIS is directed to submit a re-programming to the Committees as soon as possible to reflect fee-derived expenditures for SAVE and immigrant integration salaries and expenses.

USER FEE FUNDED PROGRAMS

The budget estimates that USCIS will make \$2,426,557,000 in fee-funded expenditures in fiscal year 2011. Revenues from fees paid by persons applying for immigration benefits constitute the majority of USCIS's resources, and support adjudication of applications for immigration benefits as well as government investigations aimed at preventing fraud within the immigration system.

On November 23, 2010, USCIS increased fees charged to immigration applicants. However, given the variability in the USCIS revenue projections, it is not clear whether such pricing changes will be sufficient to finance the agency's on-going operational activities over the long term. USCIS is directed to brief the Committees on the steps it is taking to ensure that operations are properly sized to match processing goals with cash flow estimates.

Within the total fees collected, USCIS is directed to provide no less than \$29,000,000 to convert immigration records to digital format, as requested. No more than \$10,000 of the fees collected shall be used for official reception and representation expenses.

Refugee Applications and Asylum Claims

The bill provides \$176,400,000 for USCIS to process refugee applications and asylum claims without charge to any immigration applicant, which is \$30,600,000 below the budget request. This reduction reflects the fact that the Administration did not finalize a revised rule for USCIS application fees until November 23, 2010, meaning that USCIS collected surcharges for processing asylum and refugee applications until that date.

Since the processing of refugee and asylum claims in fiscal year 2011 will be paid for by the American taxpayer, USCIS should be prepared to provide more information to Congress about how it manages the processes for administering these adjudications. USCIS is directed to brief the Committees at least quarterly in fiscal year 2011 on the application volumes, processing times, and

country-by-country quotas and actual admissions for refugees and asylum seekers. USCIS is also directed to develop and report program performance measures that illustrate how the agency is ensuring that refugee status or asylum protection cases are adjudicated fairly and in an appropriate length of time. Finally, given concerns about the appropriateness of certain DHS policies that result in detention of asylum claimants, USCIS is also directed to work jointly with ICE, the Department's Office of Policy, and the Department of Justice Executive Office of Immigration Review to develop a Department-wide policy to ensure that people who claim asylum, yet are subject to physical detention, have their cases adjudicated as expeditiously as appropriate and to report to the Committees by March 1, 2011, on progress in implementing this policy.

E-Verify

The bill provides \$103,400,000 for the E-Verify Program, as requested. An updated audit of E-Verify shows that USCIS has made progress improving the accuracy of the system. However, USCIS must also ensure that there are appropriate controls and analytical systems in place to identify inappropriate use of the E-Verify Program by employers who would take advantage of its functionality for exploitative or illegal purposes. As a result, USCIS is directed to provide regular briefings on its progress implementing a robust compliance review program for E-Verify, including any actions taken to address instances of misuse of the system.

Naturalization Ceremonies

The Committee directs USCIS to identify, in the 2012 budget submission, all funds allocated to naturalization and oath of allegiance ceremonies. In addition, the Committee directs USCIS to work with local public and private groups to hold naturalization and oath of allegiance ceremonies as part of community Flag Day, Independence Day, and Constitution Day celebrations.

Special Immigrant Visa Process for Iraqis

Special Immigrant Visas (SIVs) for certain Iraqi nationals were authorized in section 1244 of the National Defense Authorization Act for fiscal year 2008 to provide immigration benefits for Iraqis facing ongoing, serious threats resulting from their employment by or on behalf of the U.S. government. The application process for SIVs has been burdensome and confusing for many applicants. USCIS is encouraged to work with the Department of State to examine and reform SIV application procedures, including revisions to communicate clearly with denied applicants the reasons for their denials and to establish a review process for denied applications.

FEDERAL LAW ENFORCEMENT TRAINING CENTER

SALARIES AND EXPENSES

The bill provides \$234,500,000 for the Federal Law Enforcement Training Center (FLETC) Salaries and Expenses, of which \$30,000,000 is for Management and Administration. The requested transfer of the National Computer Forensics Institute (NCFI) to FLETC is denied. Funding for the NCFI is provided under the Secret Service.

ACCREDITATION

The bill provides \$1,419,000, in a separate account, for accreditation activities to measure and assess the quality and effectiveness of Federal law enforcement training programs, facilities, and instructors. The Committees have created a separate accreditation account to increase the visibility of this activity.

ACQUISITIONS, CONSTRUCTION, IMPROVEMENTS,
AND RELATED EXPENSES

This bill provides \$38,456,000 for Acquisitions, Construction, Improvements, and Related Expenses.

SCIENCE AND TECHNOLOGY
MANAGEMENT AND ADMINISTRATION

The bill provides \$145,959,000 for Science and Technology (S&T) Management and Administration. This reflects no funding for data center migration, and \$3,000,000 for management of research and development transferred from the Domestic Nuclear Detection Office. S&T shall provide semiannual briefings to the Committees on the status of testing and evaluation of all level one acquisitions. S&T is directed to brief the Committees not later than February 16, 2011, on amounts deobligated from projects during fiscal year 2010, and the projects to which such funds were subsequently obligated, and to provide such briefings thereafter in conjunction with submission of its annual budget requests.

S&T shall report to the Committees, in conjunction with the submission of its fiscal year 2012 budget, and annually thereafter in each succeeding budget request, on results of its research and development efforts in the previous fiscal year. This report shall include new technologies or capabilities delivered to front line users, and whether such deliverables were the result of projects reviewed as part of integrated product team processes. S&T shall brief the Committees not later than February 16, 2011, on the quality of test and evaluation capacity in DHS, and S&T efforts to assist test and evaluation efforts by other DHS component agencies.

RESEARCH, DEVELOPMENT, ACQUISITION, AND OPERATIONS

The bill provides \$902,651,000 for Research, Development, Acquisition, and Operations. The following table specifies funding by budget program, project, and activity:

Border and Maritime Security	\$39,936,000
Chemical and Biological	200,800,000
Command, Control, and Interoperability	77,550,000
Explosives	120,800,000
Human Factors	15,400,000
Infrastructure and Geophysical	56,965,000
Innovation	44,000,000
Laboratory Facilities	122,000,000
Radiological and Nuclear ..	109,000,000
Test and Evaluation/Standards	23,100,000
Transition	43,100,000
University Programs	50,000,000

Total, Research, Development, Acquisition, and Operations

\$902,651,000

S&T is directed to brief the Committees not later than February 16, 2011, on: (1) status of its port security testbed for maritime situation awareness; (2) the impact of reductions in funding on research on cyber insider threats, law enforcement data processing intelligent sensors, forensic methodology, and terrorist countermeasures, and how the integrated product team approach can mitigate these impacts; (3) progress on Virtual USA; and (4) the status of new explosives detection technologies research efforts. S&T is encouraged to evaluate the most effective approaches to detecting and interdicting southbound contraband, and make recommendations as addressed in Senate Report 111-222.

For human factors, the bill includes \$2,000,000 above the request to restore reductions in socio-behavioral research and enhance risk analysis and management. S&T shall brief the Committees not later than

February 16, 2011, on status of its human factors research portfolio, including biometric research. S&T shall make efforts to further social science expertise in its Human Factors Division and Centers of Excellence, and work with the DHS Risk Management and Analysis Office to improve risk analysis and management Department wide.

S&T, in coordination with TSA, should convene a National Academy of Sciences panel of behavioral experts to assess the effectiveness of the Screening Passengers by Observation Techniques (SPOT) program, to support GAO recommendations that the S&T validation of SPOT be peer reviewed. S&T shall brief the Committees not later than February 16, 2011, on the status of efforts and plans to carry out this assessment.

For laboratory facilities, \$122,000,000 is provided. Included in this amount is \$20,000,000 for infrastructure upgrades and construction at the Transportation Security Laboratory.

For infrastructure and geophysical, funds for the Southeast Region Research Initiative are as outlined in Senate Report 111-222.

S&T is directed to notify the Committees when the Unified Incident Command and Decision Support architecture is complete.

For innovation, the bill includes \$44,000,000. S&T is to brief the Committees on its planned allocation of these funds no later than 45 days after the date of enactment of this Act. S&T shall brief the Committees not later than February 16, 2011, on its tunnel research.

For university programs, the bill includes \$50,000,000. Within this total, not less than \$39,000,000 is for centers of excellence, and not less than \$3,866,000 is for minority serving institutions.

S&T shall conduct an independent review of all current research projects in the radiological and nuclear detection area, including private sector research, before determining its fiscal year 2011 research priorities. S&T is encouraged to review simultaneous and passive radiation detection of shielded and unshielded nuclear materials, such as muon tomography and advanced electron accelerator for nonintrusive detection of weapons of mass destruction.

S&T shall brief the Committees not later than February 16, 2011, on its expenditure plan for projects requested by the First Responders Integrated Product Team.

DOMESTIC NUCLEAR DETECTION OFFICE
MANAGEMENT AND ADMINISTRATION

The bill provides \$36,400,000 for Domestic Nuclear Detection Office (DNDO) Management and Administration, and includes a proviso requiring DNDO to submit to the Committees on Appropriations not later than May 15, 2011, an investment plan for closing domestic gaps in the global nuclear detection architecture (GNDA), including such vectors as rail, small vessels, and general aviation. Funding is \$592,000 below the request to reflect reduced staffing due to chronic delays in hiring for GNDA efforts.

RESEARCH, DEVELOPMENT, AND OPERATIONS

The bill provides \$191,242,000 for Research, Development, and Operations. The following table specifies funding by budget program, project, and activity:

Systems Engineering and Architecture	\$35,800,000
Systems Development	59,000,000
Assessments	40,000,000
Operations Support	33,900,000
National Technical Nuclear Forensics Center	22,542,000

Total, Research, Development, and Operations

\$191,242,000

DNDO plans for using Systems Engineering and Architecture funds should be spelled out

in the GNDA investment plan required in the bill. DNDO is directed to brief the Committees on Appropriations semi-annually on progress in developing architecture to guide technology research and applications, the details on associated engineering and architectural studies, and the status of associated new technology.

The bill reflects a \$10,033,000 reduction from the request for Cargo Advanced Automated Radiography Systems. DNDO should complete testing to make decisions on technology to deploy for radiation scanning of on-dock rail and transshipment seaports; ensure all technologies under consideration by operating agencies are assessed under operational test conditions, and report on its plans to complete this research to the Committees by February 16, 2011. DNDO is directed to brief the Committees on a semi-annual basis on the status of development of automated radiography systems, its ongoing analysis of non-intrusive inspection technology, human portable radiation detection systems, and development of alternatives to Helium-3; and to notify the Committees when it plans to solicit for prototype development and pilots.

DNDO is directed to brief the Committees on a semi-annual basis on red team exercises and net assessments, to include vulnerabilities identified and recommendations for addressing them.

DNDO is directed to brief the Committees not later than February 16, 2011, on steps planned or underway to address recommendations included in the recently completed study on nuclear forensics by the National Academy of Sciences.

SYSTEMS ACQUISITION

The bill provides \$52,000,000 for Systems Acquisition. This includes \$14,000,000 for radiation portal monitors to address the gap in coverage at U.S. ports of entry and \$38,000,000 for human portable radiation detection systems. DNDO is directed to submit to the Committees its assessment of the Securing the Cities program upon its completion.

TITLE V

GENERAL PROVISIONS

(Including Transfers and Rescissions of Funds)

Major changes from the general provisions contained in the Department of Homeland Security Appropriations Act, 2010 (Public Law 111-83) include:

Section 503: Language is continued and modified that amends certain reprogramming and transfer procedures for the funds provided in this Appropriations Act. A detailed funding table identifying each Congressional control level for reprogramming purposes is included at the end of the accompanying statement. These reprogramming guidelines shall be complied with by all agencies funded by the Department of Homeland Security Appropriations Act, 2011.

The Department shall submit reprogramming requests on a timely basis and provide complete explanations of the reallocations proposed, including detailed justifications of the increases and offsets, and any specific impact the proposed changes will have on the budget request for the following fiscal year and future-year appropriations requirements. Each request submitted to the Committees on Appropriations should include a detailed table showing the proposed revisions at the account, program, project, and activity level to the funding and staffing (full-time equivalent position) levels for the current fiscal year and to the levels requested in the President's budget for the following fiscal year.

The Department shall manage its programs and activities within the levels appropriated. The Department should only submit

reprogramming or transfer requests in the case of an unforeseeable emergency or situation that could not have been predicted when formulating the budget request for the current fiscal year. When the Department submits a reprogramming or transfer request to the Committees on Appropriations and does not receive identical responses from the House and Senate, it is the responsibility of the Department to reconcile the House and Senate differences before proceeding, and if reconciliation is not possible, to consider the reprogramming or transfer request not approved.

The Department is not to submit a reprogramming or transfer of funds after May 31 except in extraordinary circumstances, which imminently threaten the safety of human life or the protection of property. If a reprogramming or transfer is needed after May 31, the notice should contain sufficient documentation as to why it meets this statutory exception.

Section 515: Language is continued and modified on TSA air cargo reporting requirements.

Section 518: Language is continued and modified on the human resource management system.

Section 519: Language is continued and modified to reflect permanency of the Secret Service's investigative operation authority.

Section 521: Language is continued and modified prohibiting use of funds pertaining to the Principal Federal Official with certain exceptions.

Section 524: Language is included prohibiting use of funds to violate Executive Order 13423.

Section 526: Language is continued that prohibits the Department from carrying out section 872 of the Homeland Security Act of 2002. However, this prohibition is not intended to prevent the Department from carrying out routine reallocations within components.

Section 528: Language is continued and modified to reflect permanency of the horse and equine provision.

Section 541: Language is continued and modified pertaining to the sale of Plum Island assets and how proceeds may be used.

Section 542: Language is included pertaining to the construction of the National Bio- and Agro-defense Facility in Manhattan, Kansas.

Section 547: Language is continued and modified to make permanent the definition of a rural area in the Homeland Security Act.

Section 550: Language is continued and modified pertaining to the Registered Traveler Program.

Section 555: Language is included that provides a total of \$270,800,000 for consolidation of the new DHS headquarters at St. Elizabeths and consolidation of mission support activities. Within 60 days after the date of enactment of this Act, the Secretary must submit an expenditure plan to the Committees highlighting how these funds will be allocated. Quarterly briefings on the consolidation plans, including any deviation from the expenditure plan, status of approvals, and project schedule should occur thereafter.

Section 556: Language is included that provides \$10,000,000 for new acquisition workforce staff and permits the Secretary to transfer funds after notification. These funds can only supplement, not supplant, existing acquisition workforce staffing.

Section 557: Language is continued and modified pertaining to the sale of Loran-C sites and the use of any proceeds.

Section 558: Language is included that requires certification that the 100 percent screening of air cargo carried on passenger aircraft mandate has been met and biannual reports on the strategy to meet this mandate if certification does not occur 180 days after the date of enactment of this Act.

Section 559: Language is included that requires the Secretary to ensure screening of passengers and crews for transportation and national security purposes are consistent with applicable laws, regulations, and guidance on privacy and civil liberties.

Section 560: Language is included that authorizes the Secretary to direct GSA to sell ICE Service Processing Centers and detention facilities that no longer meet the mission and use the funds for other ICE real property needs.

DHS shall report to the Committees no later than February 9, 2011, with recommendations for savings from the identification of any DHS excess property as described in the June 10, 2010, Presidential Memorandum entitled "Disposing of Unneeded Federal Real Estate".

Section 561: Language is included that modifies civil and criminal penalty sections of the U.S. Code and requires each airport operator to ensure signs are posted providing notice of penalties. Persons may be fined without regard to signage.

Section 562: Language is included that amends the McKinney-Vento Homeless Assistance Act to update the names of two entities that participate in the Emergency Food and Shelter program.

Section 563: Language is included that permits construction related to hazard mitigation in Findlay, Ohio.

Section 564: Language is included that permits the Secretary to transfer funds for an immigration emergency.

Section 565: Language is included that authorizes the Secretary of Homeland Security to transfer funds from amounts available for fiscal year 2009 or thereafter for CBP "Border Security Fencing, Infrastructure, and Technology" to the Department of Interior to mitigate adverse impacts on endangered species resulting from construction, operation, and maintenance activities related to border security.

Section 566: Language is included that permits the Coast Guard to enter into agreements with the Navy for the disposal of Coast Guard vessels at no additional cost to the Navy.

Section 567: Language is included that permanently authorizes CBP's Advanced Training Center to charge a fee for any service and/or thing of value it provides to Federal government or non-government entities so long as fees charged do not exceed the full costs.

Section 568: Language is included related to the federal share for damages resulting from certain disasters in the State of New Jersey.

Section 569: Language is included that directs FEMA to consider as non-discretionary the decision to award grants for the construction and equipping of any interoperable communications systems for which construction was initiated before June 1, 2009.

Sections 570-590 include rescissions from unobligated balances within components of the Department of Homeland Security.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the House or Senate Committee of jurisdiction for each item so identified. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

FUNDING RECOMMENDATIONS

Detailed funding recommendations for programs are contained in the table listed below.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of

the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who sub-

mitted a request to the House or Senate Committee of jurisdiction for each item so identified. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION G—DEPARTMENT OF THE INTERIOR, ENVIRONMENT, AND RELATED AGENCIES

Following is an explanation of the effects of Division G, which makes appropriations for the Department of the Interior, the Environmental Protection Agency, the Forest Service, the Indian Health Service and related agencies for fiscal year 2011. As provided in Section 4 of the consolidated bill, this explanatory statement shall have the same effect with respect to the allocation of funds and the implementation of this division as if it were a joint explanatory statement of a committee of conference.

This explanatory statement addresses only those agencies and accounts for which there is a need for greater explanation than provided in the Act. Funding levels for appropriations by account, program and activity, with comparisons to Fiscal Year 2010 levels and the Fiscal Year 2011 budget request, can be found in the table at the end of this division. Except as expressly provided otherwise, any reference to "this Act" or "at the end of this statement" shall be treated as referring only to the provisions of this division.

FIXED COSTS—The bill contains \$25,737,000 for fixed costs for the Department of the Interior, which is approximately 25 percent of the total amount the Department expects to incur. The increases for fixed costs are displayed by account in the table in the back of this division. Each bureau should apply the increase proportionately among its budget activities. The Department is directed to report to the Appropriations Committees within 30 days of enactment on the final distribution by budget activity.

CHALLENGE COST SHARE GRANTS—The bill includes \$9,000,000 for Challenge Cost Share Grants distributed to the Bureau of Land Management, the Fish and Wildlife Service and the National Park Service. This is approximately 50% of the funds provided last year and reflects concerns raised by the Inspector General's report. The Secretary is directed to implement all of the IG recommendations and the IG is asked to report to the Committees on Appropriations on the Department's implementation of those recommendations.

REPROGRAMMING GUIDELINES—The reprogramming guidelines included in the Joint Explanatory Statement of the Committee on Conference which accompanied Public Law 111-88 (Department of the Interior, Environment, and Related Agencies Appropriations Act, 2010) are continued for Fiscal Year 2011. Under the heading "General Guidelines for Reprogramming," the following is added: (e) New programs requested in the budget should not be initiated before enactment of the bill without notification to, and the approval of, the Committees on Appropriations. This restriction applies to all such actions regardless of whether a formal reprogramming of funds is required to begin the program.

TITLE I—DEPARTMENT OF THE INTERIOR

BUREAU OF LAND MANAGEMENT
MANAGEMENT OF LANDS AND RESOURCES

The bill provides \$954,633,000 for Management of Lands and Resources. Bill language included in the Title I General Provisions provides for certain oil and gas inspection fees; \$20,000,000 will be collected through this authority, which will help the Bureau increase inspection and compliance activities in the field and implement recommendations of recent GAO reviews.

Land Resources.—The bill provides an increase of \$1,250,000 for climate change impacts instead of the requested \$2,500,000. An increase of \$1,000,000 above the request is

provided for air quality data mapping and a general program increase of \$350,000 for soil, water, and air management is also provided.

Realty and Ownership Management.—The bill provides an increase of \$975,000 for new wilderness areas, which is \$325,000 less than the request, and an increase of \$2,250,000 instead of \$3,000,000 as requested for the renewable energy initiative. The bill also continues the Utah GIS program with \$300,000 in the Cadastral Survey subactivity.

Wild Horse and Burro Management.—The Department's increased emphasis on this program is encouraging but the Bureau has an over-reliance on extensive gathering of excess wild horses and a focus on permanent long-term holding. Instead, the Bureau should: (1) gather and release contracepted mares and do so only at the time of year when the vaccine is most efficacious; (2) increase the development of improved contraception methods with partners and the USGS; (3) enhance demographic sampling and modeling of wild horse populations; (4) hire an animal welfare specialist; and (5) improve range condition evaluation and assessment. All Federal agencies that need and use horses to fulfill their responsibilities are encouraged to first seek to acquire a wild horse from BLM and, prior to seeking another supplier for usable horses, document why the BLM cannot meet the needs of the inquiring Federal agency. Rather than buy land for an expensive horse preserve as was requested, the bill provides language which will facilitate long-term contracts, at less public expense, which would be advantageous to both the captured wild horses and the ranchers maintaining them. The Bureau should retain the goal of managing wild horses and burros in the wild rather than permanently retaining animals in long-term holding. The Secretary is encouraged to enter into cooperative agreements pursuant to Public Law 92-195 (popularly known as the "Wild Free-Roaming Horses and Burros Act"; 16 U.S.C. 1336) with nonprofit corporations and others to care for wild horses and burros. Such cooperative agreements may allow for payment of an annual stipend for each such wild free-roaming horse or burro in the care of such entity.

The Committees on Appropriations expect to be consulted on a regular basis as the Departments of the Interior and Agriculture develop policies related to the permitting of renewable energy projects. The two Secretaries are directed to prepare interim guidelines for siting renewable energy projects, as directed in the report to the fiscal year 2010 appropriation, within 60 days of enactment of this Act.

The Committees request that the Secretary of the Interior thoroughly consider methods proposed by the California Desert and Solar Working Group to improve project screening, eliminate speculative projects, and improve environmental reviews. The Secretary is urged to reject solar development applications from entities that do not complete necessary field studies, plans for water, and plans to connect to the grid within one year of filing an application. The Secretary is directed to complete a report evaluating the possible solar energy study areas in the West Mojave that respect designated off-road vehicle routes and provide the report to the Committees on Appropriations within 60 days of enactment of this Act.

The increased allocation for the National Fish and Wildlife Foundation partnership should be used for various youth-oriented projects and activities. The Bureau should retain its current level of support for the National Conservation Training Center; funds shall be available to NCTC within 60 days of enactment.

CONSTRUCTION

The bill provides \$4,066,000 for construction. In addition to the requested projects, \$250,000 is provided for City of Mesquite, NV multi-purpose trail construction and a total of \$424,000 is provided for architectural and engineering services.

LAND ACQUISITION

The bill provides \$36,550,000 for land acquisition. The bill does not include the requested funds for the National Wild Horse Preserve. The Bureau is directed to use the increase above the request in acquisition management to investigate and pursue options for the care of wild horses and burros and consult with the Appropriations Committees before agreeing to any final course of action. The funds provided by the bill are distributed as follows:

State	Project	Amount
AZ	Grand Canyon-Parashant National Monument	\$1,600,000
CA	Big Morongo Canyon Area of Critical Environmental Concern	1,650,000
CA	California Wilderness	1,800,000
CA	Carrizo Plain National Monument	2,200,000
CA	Santa Rosa and San Jacinto Mountains National Monument	1,000,000
CA	Trinity National Wild and Scenic River	1,800,000
CA	Upper Sacramento River Area of Critical Environmental Concern	2,500,000
CO	Canyons of the Ancients National Monument	2,500,000
ID	SNAKE RIVER RIM RECREATION AREA/ORIGON NATIONAL HISTORIC TRAIL	400,000
ID	Upper Snake/South Fork Snake River Area of Critical Environmental Concern/Special Recreation Management Area	2,500,000
MT	Chain-of-Lakes Recreation Management Area/Lewis and Clark National Historic Trail	1,000,000
MT	Upper Madison River Special Recreation Management Area	1,000,000
NM	Lesser Prairie Chicken Habitat Preservation Area of Critical Environmental Concern	750,000
OR	Cascade-Siskiyou National Monument	6,000,000
OR	Crooked National Wild and Scenic River	1,200,000
OR	Sandy River Area of Critical Environmental Concern/Oregon National Historic Trail	1,500,000
UT	Grand Staircase-Escalante National Monument	700,000
WY	North Platte River Special Recreation Management Area	2,450,000
Subtotal, Line Item Projects		32,550,000
Acquisition Management		2,500,000
Inholdings, Emergencies, and Hardships		1,500,000
Total, BLM Land Acquisition		\$36,550,000

UNITED STATES FISH AND WILDLIFE SERVICE

RESOURCE MANAGEMENT

The bill provides \$1,296,770,000 for Resource Management. Specific changes to the request and direction include:

Endangered Species.—The bill provides \$189,526,000 for endangered species. Changes to the request include: (1) Candidate conservation: \$1,000,000 for sage grouse in western states; (2) Listing: an increase of \$1,000,000 to restore a proposed general program reduction; and (3) Recovery: \$1,500,000 for competitive endangered species grants for salmon to be administered by the National Fish and Wildlife Foundation; \$1,000,000 to continue the wolf livestock demonstration program; \$350,000 for Lahontan cutthroat trout; \$350,000 for Alaska sea eider; \$3,000,000 for monitoring white nose syndrome in bats; \$4,000,000 to respond to rapidly declining bird populations, which is \$1,000,000 above the request, and of which \$2,000,000 is for endangered birds in Hawaii; and \$3,000,000 for declining species, which is \$1,000,000 below the request. The Committees on Appropriations encourage the Landscape Conservation Cooperatives (LCCs) throughout the sage grouse's historic range to leverage funding with State and Tribal Wildlife grants to fill the critical science needs necessary for the goals in the State plans. The

Committees also maintain support for Aplomado falcon and California condor recovery and encourage continued support for these successful recovery efforts.

Habitat Conservation.—The bill provides \$121,922,000 for habitat conservation. Changes to the request include: (1) Partners for fish and wildlife: \$350,000 for the Maine lakes milfoil project; \$350,000 for historic Nevada steelhead and salmon habitat; \$350,000 for the Nevada Biological Resources Research Center; \$350,000 for the Natural Resources Economic Enterprise program at Mississippi State University; and \$100,000 for the Resources First Foundation in Maine; (2) Coastal program: \$625,000 to restore a proposed general program reduction and; (3) National wetlands inventory: \$250,000 to restore a proposed program reduction. The Secretary is directed to designate a renewable energy coordination office and develop permitting policies focused on Endangered Species Act (ESA) compliance of renewable energy projects on private lands. The Secretary is encouraged to publish a rule under section 4(d) of the ESA during Fiscal Year 2011 to address this concern.

National Wildlife Refuge System.—The bill provides \$504,246,000. Changes to the request include: (1) Wildlife and habitat management: \$2,500,000 for challenge cost share partnerships and \$2,700,000 for general operations to restore a proposed program reduction; (2) Refuge visitor services: \$1,000,000 for challenge cost sharing partnerships and \$1,000,000 for the volunteers program to restore a proposed reduction; (3) Conservation planning: \$1,000,000 to restore a proposed reduction for refuge planning; and (4) Refuge maintenance: \$750,000 for the annual maintenance base program and a decrease of \$4,250,000 for deferred maintenance that was for the Midway Atoll project and has been moved to the line item construction account. FWS is urged to request funding for large construction projects in the construction account.

Migratory Birds, Law Enforcement and International Conservation.—The bill provides \$133,281,000. Changes to the request include the following: (1) Migratory bird management: \$1,000,000 for the joint venture program to restore a proposed program reduction; (2) Law enforcement operations: \$2,000,000 to restore a proposed program reduction; (3) International conservation: \$150,000 for the Caddo Lake RAMSAR Center and \$1,000,000 for the Wildlife Without Borders program to restore a proposed program reduction.

Fisheries.—The bill provides \$147,837,000. Changes to the request include the following: (1) National fish hatchery operations: \$500,000 for freshwater mussel recovery and \$500,000 to restore a proposed hatchery program reduction; and (2) Aquatic habitat and species conservation: \$1,800,000 for the West Virginia Fish and Wildlife Conservation Office; \$1,000,000 for Hawaii invasive species; \$1,500,000 for Lake Tahoe region invasive mussel prevention; and \$60,000 to restore a proposed program reduction. Funding for sea otter programs are maintained at the fiscal year 2010 level. FWS is directed to continue managing snakehead fish and determining the cause of cancer in bullhead catfish in the Potomac and South River watersheds. FWS is urged to conclude its California Bay-Delta Study by the National Academy of Sciences in 2011.

General Administration.—The bill provides \$153,179,000. Changes to the request include an increase of \$750,000 to restore a proposed program reduction and an additional increase of \$725,000 for operations and maintenance for the National Conservation Training Center.

General Guidance.—The Committees on Appropriations direct that when the Secre-

taries of the Interior and Agriculture implement wildlife and habitat conservation programs, the departments have a clear roadmap that describes the: 1) roles of these initiatives and programs in delivering conservation; 2) methodologies to be used; 3) conservation goals and objectives; and 4) benchmarks of success, including using key species and specific outcomes. The fiscal year 2012 budget justifications for the Interior and Agriculture Departments should include this information.

Landscape Conservation Cooperatives (LCCs).—The Secretaries of the Interior and Agriculture are encouraged to develop a national steering committee to guide implementation, methodologies and participation in the LCCs. The steering committee should include representatives of Federal, State and Tribal government agencies, non-government organizations, congressionally-chartered conservation foundations, local community planning organizations, and private citizens. The LCCs should have specific, outcome-based benchmarks that link to the National Fish and Wildlife Adaptation Strategy, which Interior is developing and the best available science to identify key species within landscapes to serve as indicators for conservation actions within particular habitats.

CONSTRUCTION

The bill provides \$35,676,000 for construction. From within this amount, the following is provided for line item construction projects:

State	Project Description	Funding Level
	National Wildlife Refuge Projects.	
AK	Kenai NWR-visitor facility	\$2,448,000
AR	Pond Creek NWR-maintenance shop.	1,030,000
CA	Don Edwards San Francisco Bay NWR—Salt Ponds restoration.	2,150,000
CA	Kern NWR-Poso Creek weir.	550,000
CA	San Luis NWR-water monitoring stations.	245,000
CNMI	Mariana Trench Marine National Monument-visitor center planning and design.	500,000

Total, FWS Acquisition ..		\$101,925,000

The Sharkey Restoration Research Site, Delta NF.—The Secretaries of the Interior and Agriculture are directed to study and report back to the Committees on Appropriations within 180 days of enactment, on potential exchange proposals for approximately 1,700 acres currently managed by the U.S. Fish and Wildlife Service in Sharkey County, Mississippi and generally depicted on a map titled “The Sharkey Restoration Research Site, Delta NF” for lands of equal or approximate value managed by the U.S. Forest Service in Mississippi.

COOPERATIVE ENDANGERED SPECIES CONSERVATION FUND

The Committee encourages the Service to continue its efforts to clarify its policy regarding the Section 6 Cooperative Endangered Species Conservation Fund to ensure that local funds and fees may be used to fulfill the requirement for non-federal matching funds for HCP land acquisition grants.

MULTINATIONAL SPECIES CONSERVATION FUND

The bill provides \$12,000,000 for the Multinational Species Conservation Fund. An increase of \$1,000,000 above the request shall be used for tiger conservation.

NATIONAL PARK SERVICE OPERATION OF THE NATIONAL PARK SYSTEM

The bill provides \$2,298,577,000 for the Operation of the National Park System. From within this amount, the bill makes changes to the budget request as follows: \$2,000,000 for Ocean and Coastal Resource Stewardship; \$500,000 for Interpretive Media Transformation; \$1,000,000 for the Expand Land Use Management Program; \$1,000,000 for Challenge Cost Share Grants; \$3,000,000 to consolidate workforce management offices; and \$16,011,000 for Centralized Information Technology Costs. For the program to consolidate workforce management offices, the Appropriations Committees will consider an additional increase next year when progress can be demonstrated. Additional funding above the request for continued financial support of the concerts staged on the Capitol grounds and for operating costs of Ford’s Theater have been provided in the National Recreation and Preservation account.

Cuyahoga Valley National Park.—The Service is encouraged to work with surrounding communities by maximizing its authority to support the local road system and to establish maintenance priorities.

Civil War Sesquicentennial.—The Service is urged to begin preparations with stakeholders and to ensure that any observance of the sesquicentennial of the Civil War is inclusive and appropriately recognizes the experiences and points of view of all people affected by the Civil War.

Petersen House.—The Service is expected to complete the project in fiscal year 2011.

NPS/Flight 93 Memorial.—The Service is strongly encouraged to devote the resources necessary to properly archive, maintain, and preserve the invaluable collections, including some 35,000 personal tributes and over 1,200 hours of audio interviews, associated with this memorial.

North Country National Scenic Trail.—The Service is directed to submit a plan to the Appropriations Committees within 120 days of enactment that outlines plans to move the North Country NST staff to facilities in closer proximity to the trail. The Service should not, however, plan to move the Ice Age Trail NST staff from its current location.

PARK PARTNERSHIP PROJECT GRANTS

The bill does not include funds for the Park Partnership Project Grants. If, however, the Service chooses to use Recreational Fee program funding to implement the Park

Partnership program, it is directed to ensure that projects undertaken are fully consistent with the guidelines of the Fee program.

NATIONAL RECREATION AND PRESERVATION

The bill provides \$67,958,000 for the National Recreation and Preservation account. Specific directives are as follows:

Cultural Programs.—The bill provides \$4,000,000 for the Japanese-American Confinement Site Grants program.

Heritage Partnership Program.—The bill provides \$18,085,000, which is sufficient to provide grants to authorized areas at the fiscal year 2010 level, not to exceed \$700,000 to areas with approved plans, \$150,000 to areas without approved plans and \$300,000 for areas with recently approved plans. The overall funding constraints faced this year make necessary the imposition of a modest spending cap. From this amount, the bill provides \$1,009,000 for administrative support.

The Appropriations Committees are concerned that the Service has completed only one of the National Heritage Area evaluations authorized in Division II of the Omnibus Parks and Public Lands Management Act of 1996. The Service is encouraged to include in these evaluations the impact of these areas on historic preservation, education, economic development and the leveraging of public-private funding according to the authorizing legislation and management plans for the areas. Further, the Appropriations Committees instruct the Service to continue to support these areas whether or not the evaluations have been completed.

Statutory or Contractual Aid.—The bill provides \$3,850,000 for Statutory or Contractual Aid, including increased support of the concerts staged on the Capitol grounds and for operating costs of Ford’s Theater. The funds provided are to be distributed as follows:

State	Project	Amount
CA	Yosemite schools, PL 109-131.	\$400,000
DC	National Building Museum	300,000
DC	Ford’s Theater Operating Costs.	300,000
DC	Capitol Concert Series	350,000
HI	National Tropical Botanical Garden, PL 111-11.	500,000
HI	Native Hawaiian Culture & Arts Program, PL 99-498.	500,000
NH	Lamprey Wild & Scenic River, PL 90-542.	200,000
NJ	Great Falls National Historical Park.	700,000
NY	Lower East Side Tenement Museum.—97 Orchard Street.	300,000
UT	Crossroads of the West Historic District.	300,000
Total, Line Item Projects		\$3,850,000

Civil War Sesquicentennial Grants.—The bill provides an increase of \$3,000,000 above the budgeted amount of \$1,500,000 for grants authorized by Public Law 111-11, Title VII, Subtitle D, Section 7301(b). The additional funds are directed for a competitive grant program to fund programs and projects related to the sesquicentennial of the American Civil War.

HISTORIC PRESERVATION FUND

The bill provides \$78,000,000 for the Historic Preservation Fund. Specific directives are as follows:

Save America’s Treasures.—The bill includes \$20,000,000 for Save America’s Treasures, of which \$10,675,000 is for competitive grants. The balance of the Save America’s Treasures funds are to be distributed according to the project list in the table entitled “Incorporation of Congressionally Requested Projects” at the end of this division.

Historically Black Colleges and Universities.—The bill includes \$2,500,000 for this program. The Service is directed to review, and report

to the Committees on Appropriations on the effect the match requirement has on this program and the ability of the HBCUs to meet the most critical historic preservation needs.

CONSTRUCTION

The bill provides \$197,105,000 for Park Service Construction.

Line Item Construction. The bill allocates funding for line item construction projects and activities as follows:

State	Project Description	Disposition
AK	Lake Clark National Park and Preserve.	\$1,243,000
CA	Golden Gate National Recreation Area (Alcatraz).	5,000,000
DC	National Mall and Memorial Parks (National Mall water drainage system).	10,835,000
FL	Big Cypress National Preserve.	3,559,000
FL	Everglades National Park	8,000,000
MI	Keweenaw National Historical Park (Quincy).	800,000
MN	Mississippi National River and Recreation Area.	3,000,000
MO	Jefferson National Expansion Memorial.	5,460,000
NC	North Shore Road	4,000,000
NY	Gateway National Recreation Area.	6,541,000
NY	Statue of Liberty National Monument.	25,263,000
PA	Flight 93 National Memorial (water and sewer infrastructure).	3,700,000
TN	Great Smoky Mountains National Park (Cosby wastewater).	800,000
TN	Great Smoky Mountains National Park (curatorial facility).	3,500,000
UT	Bryce Canyon National Park.	3,052,000
WA	Olympic National Park	20,000,000
WY	Yellowstone National Park	2,996,000
VA	Battle of New Market Heights Memorial and Visitor’s Center.	1,000,000
Total, Line Item Projects ..		\$108,749,000

Dyke Marsh, George Washington Memorial Parkway, VA.—The Service is directed to install boundary markers delineating the Dyke Marsh in Northern Virginia to discourage hunting and poaching in Federally protected wildlife areas.

Potomac Heritage National Scenic Trail.—The Service is directed to report within 60 days of enactment on a schedule for completion of a management plan for this trail.

Blytheville Aeroplex (AR).—The Service is directed to complete a reconnaissance survey, within 12 months of enactment, of the historic Blytheville Aeroplex site to determine whether or not it is likely to meet established criteria for inclusion as a park unit.

Waco Mammoth National Monument, TX.—The Service is directed to begin work on the Waco Mammoth National Monument General Management Plan, subject to authorization of the site as a unit of the National Park System.

St. Croix National Scenic Riverway.—From within the funds provided for General Management Plans, \$200,000 is directed for a boundary study of the St. Croix National Scenic Riverway in Wisconsin and Minnesota.

LAND ACQUISITION AND STATE ASSISTANCE

The bill provides \$143,423,000 for land acquisition and state assistance, to be distributed as shown in the following table.

State	Project	Amount
AK	Glacier Bay National Park & Preserve	\$1,700,000
AK	Wrangell-St. Elias National Park and Preserve	500,000
AZ	Petrified Forest National Park	5,890,000
CA	Golden Gate National Recreation Area	4,090,000
CA	Mojave National Preserve	1,250,000

State	Project	Amount
CA	Santa Monica Mtns. National Recreation Area	3,000,000
CO	Sand Creek Massacre National Historic Site	259,000
GA	Chattahoochee River National Recreation Area	2,200,000
LA	Jean Lafitte National Historic Park and Preserve	1,500,000
MA	Minute Man National Historical Park	2,170,000
MD	Catoctin Mountain Park	640,000
MD/DE	Captain John Smith National Historic Trail	900,000
ME	Acadia National Park	1,764,000
MI	Sleeping Bear Dunes National Lakeshore	380,000
MN	Voyageurs National Park	367,000
MS	Natchez National Historical Park	500,000
NM	Pecos National Historical Park	810,000
NY	Home of FDR National Historic Site	1,575,000
NY	Saratoga National Historical Park	650,000
OH	Cuyahoga Valley National Park	5,497,000
SC	Congaree National Park	1,400,000
SD	Wind Cave National Park	4,557,000
TN	Big South Fork National Recreation Area	550,000
TX	Palo Alto National Historic Site	2,000,000
TX	San Antonio Missions National Historical Park	1,760,000
VA	Captain John Smith National Historic Trail	1,000,000
VA	Prince William Forest Park ...	6,000,000
VA	Fredericksburg and Spotsylvania National Military Park	1,758,000
VI	Virgin Islands National Park	2,250,000
VT	Appalachian National Scenic Trail	625,000
WA	Ebey's Landing National Historical Reserve	1,000,000
WA	Mount Rainier National Park	1,543,000
WV	New River Gorge National River	4,138,000
WI	Ice Age National Scenic Trail	2,000,000
WI	St. Croix National Scenic Riverway	200,000
Subtotal, Line Item Projects		66,423,000
Acquisition Management		10,000,000
Inholdings and Exchanges		6,000,000
Emergencies, and Hardships ...		5,000,000
American Battlefield Protection Grants		6,000,000
Total, NPS Land Acquisition		93,423,000
Assistance to States		\$50,000,000
Stateside Conservation Grants		47,200,000
"Stateside Grants"		42,200,000
Parks and Greenspace Demonstration Grants		5,000,000
Administrative expenses		2,800,000
Total, NPS Land Acquisition and Assistance to States		\$143,423,000

State Assistance Grants.—The Secretary is directed to provide \$5,000,000 for a new, nationally competitive, demonstration grant program using the authorities found in Sections 3, 5 and 6 of P.L. 88-578. The Secretary is directed to consider grant applications from States for projects which: 1) connect communities to protected public and private lands and natural resource assets through trails, open space, greenways and blueways; 2) increase access for children and youth to nature and the outdoors; and, 3) enhance open space conservation and outdoor recreation resources in metropolitan and urban areas. The Secretary should require at least a 30 percent match from recipients and favor grant applications that engage multiple jurisdictions and multiple partners. The Secretary is directed to report to the Appropriations Committees on the design of the demonstration program prior to issuing a formal "Request for Proposals".

UNITED STATES GEOLOGICAL SURVEY SURVEYS, INVESTIGATIONS, AND RESEARCH

The bill provides \$1,154,179,000 for Surveys, Investigations and Research. Changes to the request include the following:

Geographic Research, Investigations and Remote Sensing.—In agreement with the re-

quest, an increase of \$13,350,000 is provided to support the Landsat Data Continuity Mission. The Survey should work with the National Aeronautics and Space Administration in the formulation of a follow-on to the Landsat Data Continuity Mission to ensure continuity in medium resolution land imagery of proven benefit for a broad range of research and applied purposes.

Geologic Hazards, Resources and Processes.—Increases to the request include \$1,000,000 for LIDAR and high risk seismology activities; \$1,350,000 for the Global Seismographic Network; \$500,000 for the Weston Observatory, MA; \$250,000 for the University of Hawaii, Manoa/Hawaii Volcano Observatory research and monitoring partnership in Hawaii; and \$500,000 to continue the Nye County minerals assessment project, NV.

Water Resources Investigations.—Increases to the request include \$500,000 for Maryland coastal plain groundwater monitoring; \$500,000 for the Shelby County, TN groundwater study, and \$1,500,000 to conduct a hydrology study, in cooperation with the Delaware River Basin Commission and other partners, assessing the potential cumulative environmental impacts of natural gas drilling in the Marcellus Shale; \$500,000 to continue the US-Mexico Transboundary Aquifer Assessment Program; \$400,000 to continue the Survey's participation in the work of the Long Term Estuary Assessment Group, LA; an additional \$346,000 for Lake Champlain Basin streamflow monitoring and toxic studies to provide a total of \$500,000 for those activities; \$500,000 for water resources monitoring, investigations and research in Hawaii; and \$2,000,000 for endocrine disruptor research, equally divided between the national water quality assessment program and the toxic substances hydrology program. An additional \$1,000,000 for endocrine disruptor research is provided in the biological research and monitoring activity, as noted below.

Biological Research.—Increases to the request include \$1,000,000 for San Francisco Bay salt ponds restoration monitoring and research, \$600,000 for tropical ecosystems and watershed research; \$350,000 to continue monitoring of aquatic invasive species in the Columbia River Basin in collaboration with Washington State University and its partners; and \$1,000,000 for endocrine disruptor research. The bill continues the fiscal year 2010 funding levels of support to coordinators of the national network of State conservation data agencies and for the National Biological Information Infrastructure.

Facilities.—The bill provides \$2,500,000 for construction within deferred maintenance and capital improvement, but the Survey should not create a separate activity for construction as proposed in the budget request.

Global Climate Change.—The Survey should clearly delineate activities and funding for the National Climate Change and Wildlife Science Center in future budget requests and accomplishment reports.

BUREAU OF OCEAN ENERGY MANAGEMENT, REGULATION, AND ENFORCEMENT

(FORMERLY THE MINERALS MANAGEMENT SERVICE)

ROYALTY AND OFFSHORE MINERALS MANAGEMENT

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$436,003,000 for Royalty and Offshore Minerals Management, an increase of \$94,056,000 above the fiscal year 2010 enacted level. This funding level is partially offset with \$154,890,000 in receipts and cost recovery fees as requested and \$60,000,000 from inspection fees as provided by General Provision section 112.

In response to the nation's greatest environmental disaster, the BP-Transocean Deepwater Horizon oil disaster in the Gulf of Mexico, this bill supports the Department's efforts to reorganize and reform the former Minerals Management Service. The bill provides significant increases in all aspects of offshore energy development and production, including inspections, leasing, environmental safeguards, internal investigative capacity, and financial audits. However, the bill differs from the Administration's September 2010 amended budget request in three areas:

First, the budget amendment proposed to offset the \$100,000,000 budget increase by increasing OCS inspection fees by \$25,000,000, rescinding \$25,000,000 from unobligated balances intended to complete the OCS-Connect data system, and prohibiting a \$50,000,000 transfer for ultra-deepwater research. The bill increases the OCS inspection fees by \$50,000,000; the \$25,000,000 rescission of balances has already been enacted in the continuing resolution (P.L. 111- 242).

Second, the bill supports the addition of 217 positions which, among other priorities, would double the size of the OCS inspection workforce. However, since it will take time to hire the new employees, the bill includes savings of \$8,254,000 below the request.

Third, funding for studies, contracts, and consultants is reduced from the requested \$16,279,000 to \$9,879,000, since it will take time to implement the new organizations.

The bill also provides all of the requested increases for offshore renewable energy development and the costs associated with the elimination of the royalty-in-kind program. Bill language is also included allowing certain transfers of funds in order to facilitate the Secretary of the Interior's efforts to further reform the Bureau. Included in the amount recommended for Resource Evaluation is \$900,000 for the Center for Marine Resources and Environment in Mississippi.

OIL SPILL RESEARCH

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$11,768,000 for Oil Spill Research, an increase above fiscal year 2010 of \$5,000,000 for research and \$465,000 for staffing. Considering the BP- Transocean Deepwater Horizon oil disaster, the Bureau needs a new strategy and vision for oil spill research, including the promotion of increased oil spill response capabilities, and for oil spill financial responsibility certifications of offshore platforms and pipelines. The Administration's budget materials for fiscal year 2012 shall include and justify a unified and coordinated Federal approach for oil spill research that includes the Department of the Interior, the Environmental Protection Agency, the Department of Energy, the National Oceanographic and Atmospheric Administration and the Coast Guard.

OFFICE OF SURFACE MINING RECLAMATION AND ENFORCEMENT ABANDONED MINE RECLAMATION FUND

Environmental Restoration.—The bill includes \$4,559,000 to be retained and distributed at the sole discretion of the Secretary, either to address declared coal mine emergencies in States without approved abandoned mine reclamation programs, or to provide grants to cover catastrophic situations in States with approved abandoned mine reclamation programs.

BUREAU OF INDIAN AFFAIRS AND BUREAU OF INDIAN EDUCATION OPERATION OF INDIAN PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$2,404,029,000 for the Operation of Indian Programs. Specific changes to the request and direction are the following:

Trust Natural Resources Management.—The bill provides \$170,075,000. Specific increases and direction to the request include: Rights protection implementation: \$2,000,000. The Bureau of Indian Affairs (BIA) is directed to use this increase to maintain the activities and their funding level at fiscal year 2010 funding levels to conserve native fisheries, wetlands and other natural resources. Tribal management development program: \$1,326,000 of which \$500,000 is for the Cheyenne River Sioux Tribe's prairie management program and \$826,000 is a general program increase; Fish Wildlife and Parks: \$660,000 for hatchery operations.

Education.—The bill provides \$808,446,000. Specific increases and direction to the request include: Indian School Equalization Program: \$800,000 to support funding for the students and facilities necessitated by the addition of a new school, as directed in the bill; Post Secondary Programs: \$2,651,000 of which \$1,320,000 is for Haskell and Southwestern Indian Polytechnic Institute, \$886,000 is for United Tribes Technical College and \$445,000 is for Navajo Technical College; Education Program Management: \$500,000. BIA is directed to use this increase to update the students eligible for Johnson-O'Malley Program funding, in coordination with the Department of Education, and in consultation with the Tribes and report the results to the Committees within 180 days of enactment of this Act. The Committees urge BIA to reestablish the full-time permanent Johnson-O'Malley coordinator position.

Public Safety and Justice.—The bill provides \$350,575,000 for public safety and justice. This includes the following direction and changes from the request: Detention centers and correction is provided \$77,328,000; tribal law enforcement is provided \$19,774,000; and tribal courts is provided \$28,861,000. The bill does not provide the requested \$19,000,000 to fund Federal Bureau of Investigation (FBI) personnel. During the public witness hearings, numerous tribal leaders expressed concern about funding FBI agents out of the BIA. The FBI has been provided direction and guidance for funding these positions in another division in this Act. The Department is urged to improve recruitment and retention of BIA officers, correct wage grade inequities for BIA law enforcement personnel and develop procedures to streamline the hiring of officers from other bureaus.

Coordination of Programs Between Agencies.—The Secretaries of the Interior and Health and Human Services, the Administrator for the Environmental Protection Agency and the Chief of the Forest Service are directed to provide the Committees within 90 days of enactment of this Act, a report on: (1) How these agencies can use the consultation process to streamline and coordinate grant programs and funding opportunities for Native American programs under their jurisdiction; and (2) opportunities for each agency and bureau to enter into new contacts with Tribes under the Indian Self Determination and Education Assistance Act.

CONSTRUCTION

(INCLUDING TRANSFER OF FUNDS)

Education.—The bill provides \$62,854,000 of which \$44,567,000 is provided for education facilities improvement and repair.

Detention Centers.—BIA is encouraged to consider establishing regional detention centers at new or existing facilities, such as the Shoshone-Bannock Tribes' Justice Center. The Committees support efforts by the BIA and Department of Justice (DOJ) to improve coordination for constructing, staffing, and maintaining tribal detention centers. The Committees encourage BIA and DOJ to work together, and in consultation with the

Tribes, through BIA's Tribal Budget Advisory Committee to develop methodologies for constructing tribal detention centers, including regional detention centers, based on need and best use of resources. The Department is strongly encouraged to update the Committees, at least quarterly, on their achievements and actions.

DEPARTMENTAL OFFICES OFFICE OF THE SECRETARY

SALARIES AND EXPENSES
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$121,987,000. The Department is directed to work collaboratively with interested parties, including the Congress, States, local communities, Tribal governments and others in making national monument designations.

Additional Guidance.—Equal Access to Justice Act (EAJA) Reporting.—The Department is directed to report annually to the Appropriations Committees detailed information on the amount of program funds being used, and a list of recipients, for EAJA fee payments. The Committees direct that these reports be made publically available.

INSULAR AFFAIRS

ASSISTANCE TO TERRITORIES

The bill provides \$88,507,000 for Assistance to Territories. It includes \$10,699,000, an increase of \$1,619,000, for the Office of Insular Affairs to implement recommendations from the GAO report, "Opportunities Exist to Improve Interior's Grant Oversight and Reduce the Potential for Mismanagement" (GAO-10-347). The Office of Insular Affairs should use the increase to hire qualified grants specialists and evaluators who hold professional certifications in accounting or engineering and also establish a Guam Field Office.

COMPACT OF FREE ASSOCIATION

The bill provides \$5,318,000 and continues authority for obligations related to the Palau compact of free association.

OFFICE OF THE SPECIAL TRUSTEE FOR AMERICAN INDIANS

FEDERAL TRUST PROGRAMS (INCLUDING TRANSFER OF FUNDS)

The bill provides \$168,115,000. From within these funds \$7,900,000 is to reimburse litigation support costs incurred by the Department of Justice due to the approximately 95 tribal trust claims filed against the Department of the Interior.

DEPARTMENT-WIDE PROGRAMS

WILDLAND FIRE MANAGEMENT

(INCLUDING TRANSFERS AND RECISSION OF FUNDS)

The bill provides \$825,452,000 for Department of the Interior Wildland Fire Management, which is partially offset by a rescission of \$145,000,000 in unobligated balances from previous appropriations. Included in this appropriation is \$287,968,000 in new budget authority for wildfire suppression. There is also \$96,000,000 in additional large fire suppression funding in the FLAME Wildfire Suppression Reserve Fund. These amounts for suppression, when added to the \$250,000,000 in balances carried over from fiscal year 2010, provides significantly more funding than has ever been needed by the Department for wildland fire suppression activities in any previous year.

The Forest Service and the Interior Department must use independent panels to examine every individual wildfire incident which results in suppression expenses greater than \$10,000,000 and report these evaluations promptly to the Congress and on agency websites.

The Department is encouraged to train crews in Alaska, particularly existing Native

crews, to reduce the cost of transporting fire crews from the continental U.S. to Alaska.

GENERAL PROVISIONS, DEPARTMENT OF THE INTERIOR

(INCLUDING TRANSFERS OF FUNDS)

Longstanding general provisions are continued unless otherwise noted and several new items are noted:

Section 112 provides authority for the Bureau of Ocean Energy Management, Regulation, and Enforcement to receive offsetting collections for the costs of environmental and safety inspections on off-shore oil and gas production facilities.

Section 114 makes permanent the joint ticketing authority for the Pearl Harbor Naval Complex, HI.

Section 115 establishes onshore inspection fees for oil and gas energy production and authorizes the Bureau of Land Management to collect such fees.

Section 116 authorizes the Bureau of Land Management to establish an oil and gas internet leasing program.

Section 121, as proposed by the Administration, extends the time period that the Department of the Interior has to review an off-shore oil and gas exploration plan. This will provide more time to determine if statutory and regulatory requirements are being met.

Section 122 protects public lands within the Mojave Desert, CA that were previously donated for the purpose of conservation.

Section 123 amends the distribution of geothermal receipts to include counties where such receipts were generated.

Section 124 ratifies a reconfiguration of Bureau of Land Management lands in Nevada.

Section 125 requires the Secretary of the Interior to make recommendations on the recognition of a Native Hawaiian governing entity.

TITLE II—ENVIRONMENTAL PROTECTION AGENCY SCIENCE AND TECHNOLOGY

The bill provides \$852,197,000 for Science and Technology programs and transfers \$24,527,000 from the Hazardous Substance Superfund account to this account. The bill makes changes to the request by providing the following specific funding levels and direction:

Research: Clean Water.—Within the funds provided, \$8,350,000 is for green infrastructure research.

Research: National Priorities.—The bill provides \$6,000,000, of which \$5,000,000 shall be used for extramural research grants to fund high-priority water quality and availability research by not-for-profit organizations who often partner with the Agency. Funds shall be awarded competitively with priority given to partners proposing research of national scope. The bill provides \$1,000,000 for the Southwest Consortium for Environmental Research Program. The Agency is directed to allocate funds to grantees within 180 days of enactment of this Act.

Research: Human Health and Ecosystems.—The bill provides \$257,738,000, of which \$3,000,000 is directed for research activities on the environmental impacts of subsea dispersant use. The Agency is directed to provide a report to the Appropriations Committees that details how funds will be used. Funding for videoconferencing equipment has not been included, and the bill includes the following additional changes to the request:

—A total of \$22,983,000 for Research: Human Health and Ecosystems STAR grants, equal to the enacted level;

—A total of \$8,700,000 for Endocrine Disruptor STAR grants; and,

—An increase of \$3,000,000 for children's environmental health research centers of excellence and for research on the effects of environmental chemicals and toxins on children, for a total of \$9,580,000, to be distributed as in fiscal year 2010.

Computational Toxicology.—The Agency is directed through its National Center for Computational Toxicology to continue its efforts to develop ToxCast and to: (a) evaluate the endocrine-relevant ToxCast assays using in vitro assays and appropriate reference substances for assessing estrogen, androgen, and thyroid systems; and (b) expand its collaborations on proof of concept investigations of toxicological pathways in the ToxCast program.

International Partnership to Eliminate Lead Paint.—The Appropriations Committees encourage the Agency, in conjunction with the U.S. Department of State, to support the establishment of a program to conduct education and outreach in support of the goals of the international partnership and to develop a third-party certification program for non-lead paint for targeted introduction in countries with substantial lead paint production.

ENVIRONMENTAL PROGRAMS AND MANAGEMENT

The bill provides \$2,926,881,000 for Environmental Programs and Management and makes changes to the request by providing the following specific funding levels and direction:

Air Toxics and Quality.—The bill provides \$219,906,000, which reflects a reduction of \$1,000,000 due to an error in the justification for Federal Support for Air Quality Management. Within the amount provided, the Agency is directed to spend not less than \$800,000 for the Sunwise program.

Climate Protection Program.—The bill provides \$120,681,000, which includes a \$1,000,000 increase over the enacted level for the Energy Star program. This increase shall only be directed to instituting corrective actions and increasing controls associated with the Government Accountability Office findings. The bill does not provide the requested increase for videoconferencing equipment.

Compliance.—The bill provides \$109,117,000, which reflects a reduction of \$750,000 due to an unjustified and poorly documented transfer between programs. It does not include the requested resources in this account for Mississippi River Basin activities.

Enforcement.—The bill provides \$264,158,000, which reflects a reduction of \$750,000 due to an unjustified and poorly documented transfer between programs.

Environmental Protection: National Priorities.—The bill provides \$17,000,000 for a competitive grant program to provide rural and urban communities with technical assistance to improve water quality and provide safe drinking water. Grants shall be awarded on a competitive basis, and priority for said grants shall be given to qualified not-for-profit organizations whose activities are national in scope and are supported by a majority of small community water systems or currently provide assistance to private well owners. The Agency is directed to allocate funds to grantees within 180 days of enactment of this Act.

Great Lakes Restoration Initiative.—Consistent with the request, the bill provides \$300,000,000 to be allocated to the five focus areas as follows:

—Toxic Substances and Areas of Concern: \$101,364,000, of which \$50,000,000 is for cleanup projects authorized by the Great Lakes Legacy Act (Public Law 107-303);

—Invasive Species: \$43,303,000;

—Nearshore Health and Nonpoint Source Pollution: \$54,402,000;

—Habitat and Wildlife Protection and Restoration: \$60,377,000; and

—Accountability, Education, Monitoring, Evaluation, Communication and Partnerships: \$40,554,000.

Funding amounts for these focus areas are subject to a reprogramming threshold of \$5,000,000. The Agency is directed to report quarterly to the Committees on Appropriations on changes below the threshold. As the Agency implements the Great Lakes Restoration Initiative (GLRI) in 2011, it is directed to:

1. accelerate the obligations and outlays given lessons learned and protocols established in 2010;

2. report funding decisions once agency allocations are established;

3. report quarterly on changes to agency allocations;

4. minimize non-federal match requirements where practicable;

5. ensure funds transferred through inter-agency agreements will supplement, not supplant, base program resources in partner agencies;

6. establish a process and consult with federal and non-federal stakeholders to fully consider all high-priority restoration projects and before proposing large-scale reallocations of funds;

7. report the findings of the Scientific Advisory Board's review of the restoration plan in Spring 2011;

8. prioritize on-the-ground work that meets Action Plan objectives and results in direct, beneficial ecological outcomes even if doing so will significantly shift the size and scope of projects funded and the distribution of funds;

9. determine whether making larger or more geographically concentrated grant awards will measurably improve ecological outcomes, prior to awarding funds;

10. prioritize funding for Asian Carp management activities;

11. provide an annual report by March 1, 2011 that details program accomplishments and compares funding levels by Agency on an annual basis; and

12. use the Western Lake Erie Basin Partnership to engage the various stakeholders, State, local and nonprofit entities to work cooperatively in this watershed. Project funding decisions in this basin should be made in coordination with entities that maximize coordination with GLRI funded projects.

While the Action Plan assumes annual GLRI program funding at \$475,000,000 in future years, consideration of future requests will depend on the Agency's ability to obligate and outlay funds in a timely manner.

Chesapeake Bay.—The bill provides \$63,000,000 to improve and accelerate the performance of Federal and State programs to protect the Bay, and strengthen the regulatory and accountability programs for controlling pollution from urban, suburban and agricultural lands. From within this amount, the bill provides \$8,000,000 for nutrient and sediment removal grants, \$6,500,000 for Chesapeake Bay Extramural Operations, \$1,214,000 for ChesapeakeStat, and \$4,000,000 for a competitive grant program targeted to small watersheds. From within the \$2,000,000 increase provided for small watershed grants, the Agency is directed to (1) support a \$1,000,000 competitive grant program to fund projects identified in the Highlands Action Plan, which will serve to continue the Agency's commitment to protecting the Potomac Highlands through conservation and ecological restoration initiatives; and (2) allocate \$1,000,000 to conduct a survey of local government policies and programs used to control polluted runoff from urban, suburban and agricultural lands within the Bay's four

largest watersheds. The Agency is directed to make the results of these surveys public to assist local government decision-makers with information on successful Low Impact Development practices already in place, best management practices aimed at improving water quality, better implementation of existing policies, and road maps to help counties and municipalities decide how best to reduce pollution.

Puget Sound.—The bill provides \$50,000,000 to manage and implement Washington State's Puget Sound Action Agenda, an approved Comprehensive Conservation and Management Plan (CCMP) under Section 320 of the Clean Water Act. Consistent with proposals under consideration by the authorizing committees, the Committees direct that an intended use list to guide the activities and project funding to restore Puget Sound be established. Such an intended use priority list, which is similar to the intended use plans for the State revolving funds, shall include, but not be limited to:

(1) a prioritized list of specific activities and projects, including programs, studies, and processes that will meet the goals and priorities of the approved comprehensive conservation and management plan, and a ranking of those priorities;

(2) information on the activities and projects to be supported, including terms of financial assistance, communities served, and the identity of the recipients who will receive financial or other assistance from the Agency to carry out the activities and projects; and

(3) the criteria and methods used to determine the selection of activities, projects and recipients on the priority list, and the ranking of projects on the list.

The annual intended use list shall be created by the Section 320 Agency designated by the State of Washington and shall include an identification and determination of the highest priority activities, projects and recipients necessary to implement the CCMP. This list shall be made available jointly by the Administrator and the Section 320 Agency for public comment prior to approval by the Administrator. After considering public comments, the Administrator shall review and approve the priority list upon a determination that projects listed are consistent with the goals and priorities of the approved comprehensive conservation and management plan. If the Administrator finds that the annual priority list is inconsistent with the CCMP, the Administrator shall recommend alternatives to the Section 320 Agency, which shall then resubmit the annual priority list for approval. Subject to the availability of funds, the Administrator shall fund the projects that rank highest on the priority list.

The Committees direct the Agency to expeditiously obligate funds, in a manner consistent with the authority and responsibilities under Section 320 and the National Estuary Program. Not more than \$2,100,000 shall be used by the Agency for intramural costs. In addition, and as in the prior year, funds are provided for continued funding of the existing competitive grant to manage the Action Agenda and development of the intended use plan.

San Francisco Bay Competitive Watershed Grants.—The bill provides \$7,000,000 to continue a competitive grant program to improve habitat and water quality in the San Francisco Bay. Priority shall be given to projects that restore wetlands and other critical Bay wildlife habitat. The Appropriations Committees believe that funding for other types of water quality improvements, such as green infrastructure and urban runoff, should be principally addressed by other complementary programs such as the Clean

Water State Revolving Fund and categorical grant programs. As in previous years, no less than a 25 percent match shall be required; however, priority shall be given to grantees that can demonstrate additional leverage. The Agency may retain up to 5 percent of the funds for administrative purposes.

Mississippi River Basin.—The bill provides \$10,000,000 to establish a new competitive grant program to target non-point source and nutrient runoff in the Mississippi River basin. The Agency is directed to target a few high priority watersheds within the basin. Once selected, the Agency should report to the Committees how activities focused on those watersheds will improve water quality and reduce nutrient runoff in the Basin. When selecting projects, the Agency is directed to consider and give equal priority to projects located in both the northern and southern Mississippi River basin. The Committees on Appropriations direct the Agency to coordinate with the Mississippi Department of Environmental Quality to evaluate alternatives for developing a comprehensive implementation plan to remedy the Mississippi Delta region's water quality, nutrient loading and water quantity concerns.

Long Island Sound Program.—The bill provides \$9,000,000 for the Long Island Sound environmental protection program. Of the funds provided, \$7,000,000 is to continue environmental restoration activities and \$2,000,000 may be used at the discretion of the Administrator to initiate a supplemental environmental impact statement to identify potential disposal sites for dredged material in the eastern Long Island Sound in conjunction with the U.S. Army Corps of Engineers.

Lake Champlain Basin Program.—The bill provides \$4,000,000 for the Lake Champlain Basin Program to be distributed among its longstanding grantees: the States of Vermont and New York, the New England Water Pollution Control Commission and the ECHO Lake Aquarium Science Center. The Agency is to implement the program using sections 120 and 104(b)(3) of the Clean Water Act.

Information Exchange/Outreach.—The Agency shall follow the statutory criteria when distributing the funds provided for the environmental education program. Funding has not been provided for either the proposed regional Centers of Excellence or the proposed social networking increase.

International Programs.—The Appropriations Committees expect the Agency to use the funds provided to partner with other nations to assess and map flows of global movement of electronic waste from the United States and provide electronic waste best practices through education and demonstration projects in developing countries to strengthen implementation of global programs for addressing electronic waste.

IT/Data Management/Security.—The bill does not provided the increase requested for web capacity improvements.

Operations and Administration.—The bill provides \$516,434,000 for this program, including reductions of \$3,768,000 to reflect efficiencies in rent, utilities and security and a \$1,000,000 program reduction for central planning, budgeting and finance activities. The Agency may reallocate reductions to rent, security or utilities as appropriate.

Pesticide Licensing and RCRA.—The bill has fully funded all pesticide and RCRA activities, but has not included funding for the videoconferencing equipment in either line item.

Water: Ecosystems.—Within the amounts provided, the bill restores funding for the National Estuary Program to \$32,567,000, which provides \$800,000 to each of the grantees authorized by Section 320 of the Clean Water Act.

Water: Human Health Protection.—Funding for videoconferencing equipment has not been included.

Water Quality Protection.—Within the amounts provided, the bill includes \$5,000,000 for the new Community Water Priorities program to address water quality issues in urban areas, including \$2,000,000 for staffing and technical assistance and \$3,000,000 to initiate a demonstration grant program to fund on-the-ground implementation activities in selected communities. The bill does not provide funds for the new Mississippi River water quality program within this program-project as requested.

Lake Tahoe Restoration Act Programs.—Within the amounts provided, the Committees direct the Agency to provide adequate resources and staffing to fulfill its expanding role of implementing environmental oversight and protection programs authorized by the Lake Tahoe Restoration Act (Public Law 106-506), as amended. The Agency is also directed to provide detail on the base resources provided for Lake Tahoe environmental activities as part of the budget request for fiscal year 2012 and subsequent years.

Sustainable Communities.—The bill provides \$11,227,000 for its Sustainable Communities initiative, equal to the requested amount.

Arsenic Reporting. The Committees on Appropriations direct the Agency to do the following not later than 180 days after the date of enactment of this Act: release an overdue report mandated in P.L. 108-447; convene a working group composed of representatives from States, small publicly owned water systems, treatment manufacturers and other stakeholders; and, in consultation with the working group, submit a report to the Committees on: (1) barriers to the use of point-of-use and point-of-entry treatment units, package plants (including water bottled by the public water system) and modular units; and (2) alternative affordability criteria that gives extra weight to small, rural and lower income communities.

Endocrine Disruptors (ED).—The Agency is directed to: (1) establish performance criteria for laboratories including, demonstrations of standard based accuracy of controls, intra-assay viability and intra-laboratory variability in assay results; (2) include endocrinologists in a peer review of the results of the tier 1 assays; (3) take steps to ensure laboratories performing tests pursuant to the Endocrine Disruptor Screening Program minimize the use of animals and use appropriate statistical calculations to justify usage; (4) provide a detailed report to the Committees: (a) describing coordination with the National Institute for Environmental Health Sciences, and in particular how the Agency has been working within the National Research Council's Tox 21 framework in its ED research; (b) describing the status of the eight chemical action plans; and (c) describing how the ED research will provide the supporting science for the Agency's regulatory efforts; and, (5) evaluate the completed Tier 1 test chemicals in endocrine-relevant assays including estrogenic, androgenic and thyroid assays in the ToxCast program as a proof of concept.

BUILDINGS AND FACILITIES

The bill provides \$38,001,000 for the Building and Facilities account. The bill does not provide the requested increase for videoconferencing equipment.

HAZARDOUS SUBSTANCE SUPERFUND

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,293,060,000 for the Hazardous Substance Superfund account, and includes bill language to transfer \$10,156,000 to the Inspector General account and \$24,527,000 to the Science and Technology account as re-

quested. The bill provides the following additional direction:

Lawrence Aviation Industries, Inc. Superfund Site, NY.—The Administrator is urged to continue to collaborate with all interested parties including the Village of Port Jefferson to further advance the remediation strategy at the site.

Leech Lake Superfund Site, MN.—Within 18 months of enactment the Agency shall complete a comprehensive remedial investigation of the St. Regis Paper Company Superfund site in Cass Lake, MN. Within 90 days of completion of that investigation, the Agency shall provide a report to the Committees detailing all necessary actions for site remediation that is fully protective of human health and the environment.

OIL SPILL RESPONSE

The bill provides \$18,468,000 for Oil Spill Response, as requested. The Agency is directed to expeditiously implement exemptions applying to large milk storage containers (1,320 gallons or more) from pending regulatory efforts, and report to the Committees on Appropriations regarding the status of providing such exemptions no later than 30 days after enactment of this Act.

STATE AND TRIBAL ASSISTANCE GRANTS

The bill provides \$4,768,929,000 for the State and Tribal Assistance Grants (STAG) program and makes changes to the request by providing the following specific funding levels and direction:

Infrastructure Assistance.—The bill provides \$3,482,310,000 for infrastructure assistance, including \$1,898,000,000 for the Clean Water State Revolving Fund and \$1,206,000,000 for the Drinking Water State Revolving Fund.

STAG Infrastructure Grants.—The bill provides \$145,056,000 for infrastructure assistance grants. Bill language has been included to incorporate these projects into law by reference and to require a local match of 45 percent of the total project costs. Project designations and technical corrections to prior year project designations have been included as part of the table entitled "Incorporation of Congressionally Requested Projects" at the end of this division.

Targeted Airshed Grants.—The bill provides \$15,000,000 to continue targeted emission reduction grants as in prior years; funds shall be divided equally between the San Joaquin Air Pollution Control District (CA) and South Coast Air Quality Management District (CA) and shall be matched on at least a one-to-one basis.

Section 106 Grants.—The increase provided over the enacted level should be used to supplement and not supplant State investment in clean water programs. As part of the program direction for these funds, the Agency is expected to maintain and expand emphasis on water quality permitting and enforcement as directed in fiscal year 2010 and report annually to the Committees, by State, regarding specific progress made to improve permitting and enforcement activities as a result of this increase.

Technical Corrections to Prior Year STAG Infrastructure Grants.—The bill provides for the following technical corrections to prior year infrastructure grants:

AL—Item number 6 in Senate Report 111-38 for Fayette County for the construction of a drinking water reservoir shall be made available to the City of Cullman for the Duck River Reservoir project;

AR—Of the funds made available for items 49 in P.L. 108-7 and 55 in P.L. 108-199 for the Community Water System Public Water Authority of Arkansas in Lonoke and White Counties for the Green and Greers Ferry drinking water projects, unliquidated balances shall be made available to Lonoke

White Public Water Authority for drinking water projects;

CA—Item number 22 in House Report 109-188 for the Georgetown (CA) Greenwood Lake Water Treatment Facility shall be made available to the Georgetown Divide Public Utility District for water infrastructure improvements;

CO—Item number 103 in House Report 108-401 for the Town of Rico for the construction of a wastewater treatment plant and sewer system shall be made available for drinking water system improvements;

CT—Item number 55 in P.L. 111-8 for the Town of North Haven's Wharton Brook Industrial Park and Todd Drive Area Sewer Project shall be made available to the Town of North Haven for water and wastewater infrastructure improvements;

HI—Item number 77 in House Report 111-316 for Hawaii County for the Hawaii Ocean View Estates drinking water source development project shall be made available to the County of Hawaii Department of Water Supply for the Kapulena drinking water source development project;

MO—Item number 154 in House Report 111-36 for the City of Lee's Summit for a wastewater infrastructure improvements project shall be made available for the City of Lee's Summit for a drinking water and wastewater infrastructure improvements project;

MT—Item number 171 in House Report 111-316 for the Crow Tribe in Crow Agency for wastewater infrastructure improvements shall be made available for water and wastewater infrastructure improvements;

NY—Item number 206 in P.L. 111-8 for the Village of Mamaroneck Drainage Improvement Projects shall be made available to the Village of Mamaroneck for sewer system improvements;

OH—Item number 232 in P.L. 111-88 to the Trumbull County Commissioners for wastewater infrastructure improvements shall be made available for a Revolving Loan Fund;

SC—Item number 233 in P.L. 110-161 for the City of Gaffney Water Treatment Plant upgrade shall be made available to the Gaffney Board of Public Works for sewer system improvements;

TN—Item number 251 in the joint explanatory statement to accompany Public Law 111-8 for Unicoi County for a well water treatment plant improvements project shall be made available to the Town of Erwin for the project;

TX—Item number 245 in P.L. 110-161 for the City of Grandview Elevated Water Storage Tank shall be made available to the City of Godley for Water Storage Expansion;

TX—Item number 458 in the joint explanatory statement to accompany P.L. 108-199 for the Brazos River Authority for the West Fort Bend County regional water treatment facility shall be made available to the Cities of Rosenberg and Richmond for a water supply project in West Fort Bend County;

TX—Item number 388 in the joint explanatory statement to accompany P.L. 108-447 for the Brazos River Authority for the planning and design of the West Fort Bend County Regional surface drinking water treatment plant shall be made available to the Cities of Rosenberg and Richmond for a water supply project in West Fort Bend County;

WA—Item number 297 in House Report 111-316 for the Cowlitz Public Utility District in Cowlitz County for replacement of wastewater infrastructure shall be made available to Beacon Hill Sewer District for drinking water infrastructure improvements;

WA—Item number 489 in House Report 108-401 for the Skagit Public Utility District for sewer improvements for Similk Beach shall be made available for general drinking water infrastructure improvements; and

WY—Item number 301 in the joint explanatory statement to accompany P.L. 111-8 for Lincoln County for the water treatment plant rehabilitation project shall be made available to the Kemmerer/Diamondville Water and Wastewater Joint Powers Board for that project.

Multimedia Tribal Grants.—The Agency is directed to report to the Appropriations Committees on eligible Tribal recipients, the allocation of grant awards, and a description of each project funded, 90 days after the grants are awarded.

Climate Change Initiative Grants for Local Communities.—The bill includes \$10,000,000 to continue this competitive grant program, which provides assistance to local governments to establish and implement climate change initiatives. The Agency is directed to continue to follow the specific guidelines contained in the explanatory statement accompanying the fiscal year 2009 Omnibus Appropriations Act. When evaluating grant applications, the Agency is encouraged to consider applications from local governments and tribal communities that partner with non-profit entities offering innovative solutions to reduce greenhouse gases such as carbon neutral product labeling and certification as part of local and tribal climate change initiatives.

Bill Language.—The bill continues language enacted in 2010 directing the Agency to provide: (1) not less than 30 percent of the SRF funds with additional subsidization; (2) 20 percent of SRF funds for green infrastructure investments, and (3) not less than 25 percent of Alaska Native Village funds for projects in regional hub communities.

Brownfields Technical Assistance Centers.—Within the funds provided for State and Tribal Assistance Grants, \$2,000,000 is included for the Agency's Technical Assistance to Brownfields Communities program.

ADMINISTRATIVE PROVISIONS,
ENVIRONMENTAL PROTECTION AGENCY
(INCLUDING TRANSFER AND RESCISSION OF FUNDS)

The bill continues administrative provisions from previous years for Great Lakes transfers and pesticide fees. In addition, bill language has been included to: (1) continue specific wage requirements for the State Revolving Funds; (2) authorize up to \$2,448,000 for the Community Action for a Renewed Environment program, which provides grants and tools to communities to address local environmental problems; and (3) rescind \$10,000,000 from unobligated State and Tribal Assistance Grant balances, as proposed in the request. The Agency is directed to provide to the Committees a list of the balances it proposes to rescind 15 days prior to the rescission.

TITLE III—RELATED AGENCIES
DEPARTMENT OF AGRICULTURE
FOREST SERVICE

Operating Plan.—Except for as provided below, the Forest Service is directed to provide an operating plan to the Appropriations Committees within 30 days of enactment of this Act that details final regional funding allocations for all Service programs, including comparisons between fiscal years 2010 and 2011. The Service is directed to expedite the allocation of funding for competitive programs to the field and shall provide those allocations to the Committees no later than 180 days after enactment. It is unacceptable for the Service to submit a budget request that lacks regional allocation tables; future budget justifications shall include this basic information.

Longleaf pine restoration.—The Forest Service is urged to continue the longleaf pine restoration initiative through various appro-

priations accounts, and to lead a submission of a multi-agency, Federal cross-cutting funding table on this work in the next budget request.

FOREST AND RANGELAND RESEARCH

The bill provides \$314,254,000 for Forest and Rangeland Research, which includes \$66,939,000 for the Forest Inventory and Analysis program, and increases above the request of \$4,500,000 for global climate change research, \$400,000 for the USFS Center for Bottomlands hardwood research in Mississippi, and \$500,000 for the durability housing coalition, Mississippi State University. The Service shall maintain the aspen free air CO₂ enrichment experiment as fully operational. The Service should also accelerate efforts of the Pine Genome Initiative, and collaborate with other interested USDA agencies and the National Science Foundation and the Department of Energy.

The Appropriations Committees are aware that the Service has proposed a reorganization of the Pacific Southwest Research Station, which will impact regional programs in California, Hawaii and the Pacific Islands. The Service is directed to ensure that this reorganization maintains and strengthens the Institute of Pacific Islands Forestry (IPIF) and fully supports the resources necessary for IPIF to carry out its mission of tropical forestry and conservation research.

STATE AND PRIVATE FORESTRY

The bill provides \$323,142,000 for State and Private Forestry. Funding within Federal lands forest health management includes \$1,034,000 for buffelgrass mitigation in Arizona and \$1,000,000 for work around the Cherokee NF and Great Smoky Mountains NP, TN and NC. Cooperative forest health management funding includes \$2,000,000 to continue pest and disease revolving fund activities as in fiscal year 2010. Within forest stewardship, \$138,000 is designated for land grant forestry equipment, NM. Urban and community forestry funding includes \$1,000,000 to continue the Seattle-Tacoma regional urban forestry initiative and there is an increase of \$2,000,000 above the request for the National competitive urban area grants. The economic action program funding includes: \$1,000,000 to the USFS Region 5 to continue the infrastructure assistance grants for small forest products businesses in California; \$1,000,000 for the Washington Investment Board for economic development activities in Oregon and Washington State, as authorized by P.L. 99-663; \$500,000 to the State of Vermont to continue the forest products development grants and technical assistance; and a \$500,000 increase above the request for the Wood Education and Resource Center in Princeton, WV, for technical assistance and business development activities, for a total of \$1,460,000.

The Forest Service should lead collaborative work on emerald ash borer with the various Federal agencies and use existing authorities to highlight tree replanting activities that maximize employment and reforestation within areas devastated by this pest. Urban forestry funding and technical assistance should be provided to assist Northeastern Area States, especially Minnesota, Wisconsin, Ohio, Illinois and Michigan, in replacing trees and monitoring the spread of emerald ash borer. The Administration and the USDA is directed to use existing emergency authorities to release USDA funds to assist impacted communities to respond to the emerald ash borer emergency just as they have during previous pest and agricultural emergencies.

Forest Legacy.—The bill provides \$89,785,000 for the forest legacy program, of which \$2,500,000 is derived from prior-year unobligated funds. This includes \$6,400,000 for program administration and does not include

the request for “New State Start-Ups”. The funds are to be distributed as follows:

State	Project Description	Amount
AR	Maumelle Water Excellence	\$4,000,000
CA	Chalk Mountain Area	2,000,000
CO	Ben Delatour Scout Ranch	4,000,000
CT	Scantic River Headwaters Project	2,230,000
DE	Chesapeake Headwaters ...	2,250,000
FL	Thomas Creek ...	3,500,000
FSM	Yela Forest Watershed	530,000
GA	Ocmulgee WMA Expansion	4,000,000
IA	Upper Iowa River Watershed	1,500,000
ID	North Idaho Timberland Communities	3,850,000
IN	Discover Woods	850,000
KY	Big Rivers Corridor	3,250,000
MA	Brushy Mountain	5,000,000
ME	West Grand Lake Community Forest ...	6,675,000
MI	Crisp Point	5,000,000
MT	Clearwater	4,000,000
NC	Campbell Creek Watershed	1,375,000
NH	Androscoggin Headwaters ...	4,100,000
NM	Vallecitos High Country	1,925,000
NY	Follensby Pond	2,350,000
PA	Little Bushkill Headwaters Forest Reserve	2,500,000
SD	Blood Run	2,600,000
TN	North Cumberland Conservation Area	4,000,000
TX	Longleaf Ridge Conservation Area	1,600,000
UT	Green Canyon ..	2,000,000
VT	Northern Green Mountains Linkage	3,300,000
WA	Mt. St. Helens Forest	2,000,000
WI	Chippewa Flowage Forest	3,000,000
	Subtotal, Forest Legacy projects	83,385,000
	Administration Use of Prior Year Funds ...	-2,500,000
	Total, Forest Legacy	\$87,285,000

NATIONAL FOREST SYSTEM
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,618,743,000 for the National Forest System. The bill does not provide funding for the integrated resource restoration program as was requested; instead, funding has been provided through the traditional budget structure for forest products, vegetation and watershed management and wildlife and fish habitat management programs. The Service is expected to retain numerical program performance targets, consistent with current programs, and include these targets in the operating plan submitted to the Congress.

The bill includes \$25,000,000 for a new, competitive priority watersheds initiative to fund watershed restoration projects on national forests. These projects should treat landscapes that are at least 10,000 acres, fund restoration needs that are developed and prioritized through a collaborative process, and demonstrably create and maintain forest product or restoration-related jobs. Performance targets shall also be tracked and provided to the Appropriations Committees for these selected projects. The Service may also select a pilot region in which other integrated resource restoration policy changes could be tested using the traditional budget

structure. To provide additional flexibility, the Service may move up to 5% of that pilot region’s forest products, vegetation and watershed, wildlife and fisheries and hazardous fuels funding to do restoration projects without being subject to reprogramming limitation. Pilot efforts may also build on the collaborative forest landscape restoration fund and priority watershed and job stabilization activities and should, if appropriate, include legacy road and trail remediation projects in the same watersheds. If an integrated management initiative is offered again, it should integrate hazardous fuels funding, road maintenance and decommissioning, and national forest system vegetation, watershed and habitat enhancement activities.

The Forest Service is directed to provide the report directed in the fiscal year 2010 Appropriations Act within 30 days of enactment of this Act, which outlines the process the Service will use by region to ensure compliance with travel management regulatory requirements, including those set forth in CFR 212.5 and 212.55.

Inventory and monitoring funding includes \$1,000,000 for the Southern Center for Natural Resource Inventory, Monitoring and Evaluation at Mississippi State University to collaborate with Federal and State agencies on new technologies for gathering information on timber inventory, carbon sequestration and threatened and endangered species. Within the funds provided for vegetation and watershed management, cooperative leafy spurge eradication activities on the Dakota Prairie Grasslands and marijuana site remediation activities shall continue at no less than the fiscal year 2010 enacted level. The Service is expected to continue timber pipeline funding for the Tongass National Forest, AK, at no less than the enacted level. The Service is expected to fund operations at the Land Between the Lakes National Recreation Area, KY and TN, at no less than the enacted level.

The Service is directed to use the increase above the enacted level for law enforcement to expand marijuana eradication operations on national forest lands. Priority for these funds shall be given to defraying support and aviation costs associated with interagency drug operations and expanding cooperative agreements with local law enforcement agencies.

The Forest Service should initiate a planning process for a renewable energy development program to identify specific areas appropriate for renewable energy development and select development proposals. To ensure consistency, the Service should harmonize its renewable energy development policies with those adopted by the Bureau of Land Management, where appropriate.

CAPITAL IMPROVEMENT AND MAINTENANCE

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$544,547,000 for Capital Improvement and Maintenance, offset by a \$13,000,000 scoring credit related to the Roads and Trails fund as in prior years. Facilities maintenance includes an increase of \$205,000 for the Blanchard Springs visitor center, AR and facilities construction includes an increase of \$1,000,000 for phase I of the Green Mountain NF headquarters, VT. Road construction funding includes \$1,500,000 for Tongass NF, AK and \$880,000 for Monongahela NF, WV improvements within the amounts provided. Trails maintenance funding includes \$700,000 for rehabilitation of trails and roads affected by the Station Fire, CA. The road construction funding provides the engineering support required for all Forest Service programs.

The bill provides authority for the legacy road and trail remediation program. The

Service shall use legacy road and trail remediation funding in a strategic effort to decommission and fix roads and trails in environmentally sensitive areas and focus on those areas where Forest Service roads are contributing to water quality problems in streams and water bodies which support threatened, endangered or sensitive species. The legacy road and trail remediation program is a key part of integrated forest restoration activities. The Service should utilize public input to help select legacy road and trail projects, report back to the Appropriations Committees on the selected projects, and display the selection process, implementation activities, and anticipated benefits (including habitat, water quality and jobs created) on the agency’s web site. The Service should accelerate planning of the minimum road system needed on each forest, and focus maintenance on environmentally sensitive areas and areas of substantial use. The legacy road and trail remediation program should integrate watershed, habitat and transportation planning needs and complement other Service activities needed to help restore sensitive watersheds.

The Forest Service is encouraged to support the maintenance and upkeep of existing recreational airstrips through cooperation with interested groups; the Service should consider constructing additional airstrips, where appropriate, to increase access to remote Federal lands.

LAND ACQUISITION

The bill provides \$73,489,000 for land acquisition, to be distributed as follows:

State	Project	Amount
AK	Tongass National Forest—Cube Cove	\$3,500,000
AZ	Coconino National Forest—Packard Ranch Phase III ...	935,000
AZ	Coconino National Forest—Shield Ranch	1,500,000
CA	Humboldt-Toiyabe National Forest—Summers Meadows	1,900,000
CA	Shasta-Trinity National Forest—Stony Creek Consolidation	1,300,000
CA	Six Rivers National Forest ..	1,000,000
CA	Tahoe/El Dorado National Forests	4,500,000
CO	Arapaho National Forest—Little Echo Lake	950,000
CO	Uncompahgre National Forest—Ophir Valley	1,000,000
GA	Chattahoochee-Oconee National Forest—Georgia Mountains	1,200,000
ID	Clearwater National Forest—Upper Lochsa	1,000,000
ID	Salmon—Challis National Forest—Idaho Wilderness Wild & Scenic Rivers—Morgan Ranch	1,000,000
IN	Hoosier National Forest	255,000
ID/MT/WY	Caribou-Targhee National Forest—Greater Yellowstone	2,000,000
MI	Hiawatha and Ottawa National Forests—Great Lakes/Great Lands	2,300,000
MN	Superior/Chippewa National Forest—Minnesota Wilderness	1,400,000
MO	Mark Twain National Forest—Missouri Ozarks Current River Project	1,100,000
MT	Flathead/Lolo National Forest—Montana Legacy Completion	6,000,000
MT	Lewis & Clark National Forest—Tenderfoot	4,000,000
NC	Pisgah National Forest	1,800,000
OR	Wallowa Whitman National Forest—Hells Canyon NRA	3,284,000
OR/WA	Siuslaw/Wallowa Whitman National Forest—Pacific NW Streams	1,500,000
SD	Black Hills National Forest—Lady C Ranch	765,000
TN	Cherokee National Forest—Rocky Fork	6,000,000
UT	Uinta-Wasatch-Cache National Forest—High Uintas ..	500,000
UT	Bonneville Shoreline Trail ...	750,000
WA	Columbia River Gorge National Scenic Area	850,000
WA	Wenatchee National Forest—Washington Cascade Ecosystem—Big Creek	1,500,000

State	Project	Amount
WA	Olympic National Forest	1,200,000
WA	Pacific Crest National Scenic Trail	1,500,000
WI	Chequamegon-Nicolet National Forest	2,000,000
WV	Monongahela National Forest	1,000,000
	59,489,000.	
	Subtotal, Acquisition Management	9,000,000
	Equalization	1,000,000
	Inholdings	4,000,000
	Total, FS Land Acquisition	73,489,000

The Sharkey Restoration Research Site, Delta NF.—The Secretaries of the Interior and Agriculture are directed to study and report back to the Committees on Appropriations within 180 days of enactment, on potential exchange proposals for approximately 1,700 acres currently managed by the U.S. Fish and Wildlife Service in Sharkey County, Mississippi and generally depicted on a map titled "The Sharkey Restoration Research Site, Delta NF" for lands of equal or approximate value managed by the U.S. Forest Service in Mississippi.

WILDLAND FIRE MANAGEMENT (INCLUDING TRANSFERS AND RECISSION OF FUNDS)

The bill provides \$2,127,922,000 for Forest Service Wildland Fire Management, which is partially offset by a rescission of \$155,000,000 in unobligated balances from previous appropriations. The bill accepts the proposal to move \$333,000,000 into preparedness, which in prior years was funded within suppression. The bill also provides within this appropriation \$595,000,000 in new budget authority for wildland fire suppression; there is an additional \$291,000,000 for the FLAME Wildfire Suppression Reserve Fund in that appropriation account. These amounts for suppression, when added to substantial fire suppression balances carried over from fiscal year 2010, provide significantly more funding than has been needed by the Service in any previous year.

The Forest Service shall maintain preparedness resources at no less than the fiscal year 2010 enacted level and, if necessary, adjust preparedness and suppression allocations accordingly to fully fund those activities. The Secretary of Agriculture shall notify the Committees on Appropriations in writing prior to making such a funding shift. This flexibility shall also be utilized if the Secretary determines that an adjustment is necessary to address emergent preparedness needs such as aviation contracts or retention initiatives as detailed below.

The Service has not yet fully addressed firefighting challenges in high-cost, high-risk areas such as Region 5; the Service shall provide a status report within 30 days of enactment of this Act regarding efforts to update and expand a special firefighting pay rate for the region, including associated costs.

The Forest Service is currently reviewing policies related to nighttime aerial firefighting operations and a decision may soon be made about whether to acquire the capability and resources to fly rotary and fixed-wing aircraft at night. The Service is directed to provide a report detailing proposed policy and program changes, along with associated costs, related to night flying within 30 days of enactment of this Act. Night flying activities may be funded within the fire suppression appropriation if necessary.

The Appropriations Committees remain concerned that the Forest Service still does not have a plan to replace its aging fleet of

air tankers and the Committees expect the Service to develop a concrete plan to start fielding replacement aircraft by the fiscal year 2012 fire season. The Forest Service should, in conjunction with the Department of the Interior, collaborate with the Department of Defense to develop a report governing planning for an effective aviation resource base to support wildland fire management programs of the future. A close partnership among the Air Force, the Air National Guard, and the wildland fire management agencies is an essential element to provide for safe and effective fire fighting capacity needed to protect communities and natural resources in a most efficient manner.

The increase provided above the requested level for hazardous fuels reduction shall be targeted to areas in the wildland-urban interface that face a high risk of catastrophic wildfire due to population density and fuel loading. The bill provides no less than the requested level of \$26,200,000 to fund Quincy Library Group (QLG), CA, activities in fiscal year 2011. The Forest Service shall treat 33,000 acres in fiscal year 2011 through mechanical thinning, including approximately 20,000 acres within the Plumas National Forest. If the Service anticipates that it may not achieve these targets, it shall promptly inform the Committees on Appropriations and provide a strategy to make up as much acreage as soon as possible within the QLG area.

The bill provides a total of \$5,000,000 within the State fire assistance activity to the South Tahoe Public Utility District to continue the community fire protection project for the Lake Tahoe Basin. The bill also supports the State fire assistance program request that \$5,000,000 is designated for Fire Safe Councils in California for fire risk reduction activities. The Forest Service and Department of the Interior should work together to develop consistent application and award procedures for grants to the California Fire Safe Councils.

The Forest Service and the Interior Department must use independent panels to examine every individual wildfire incident which results in suppression expenses greater than \$10,000,000 and report these evaluations promptly to the Congress and on agency websites.

ADMINISTRATIVE PROVISIONS, FOREST SERVICE

(INCLUDING TRANSFERS OF FUNDS)

The bill includes administrative provisions similar to previous years. In addition, language has been included limiting the amounts of funds available for internal administrative assessments known as cost pools.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

INDIAN HEALTH SERVICE

INDIAN HEALTH SERVICES

The bill provides \$3,961,187,000 for Indian Health Services. The bill contains the following changes and directions:

Clinical Services.—Within the funds provided for clinical services, a reduction of \$100,000 to the Alcohol and Substance Abuse program provides \$205,670,000 for that activity. The Mental Health activity is provided \$77,176,000, an increase of \$100,000 above the budget request, which the Indian Health Service (IHS) is directed to use to develop a comprehensive strategic plan for the reform and improvement of mental health services throughout Indian Country. IHS is directed to provide the completed plan to the House and Senate Committees on Appropriations by July 31, 2011.

Electronic Dental Record.—IHS is directed to use a portion of its health information

technology funds to expedite deployment of the electronic dental record (EDR) system. Within 90 days of enactment of this Act, IHS is directed to provide a detailed schedule for implementation of EDR within the current funding level.

Indian Health Care Improvement Fund.—IHS is directed to give priority in distributing the Indian Health Care Improvement Fund to those units currently operating with less than 45 percent of their estimated need before it allocates any additional funds to units with more than 45 percent of their need currently funded.

Indian Health Professions.—In agreement with the budget request, the Recruitment and Retention of American Indians into Nursing program, the Indians into Psychology program, and the Indians into Medicine program are to be supported at no less than their current funding levels.

IHS Recruitment and Retention.—Within 90 days of enactment of this Act, IHS should provide a report to the House and Senate Committees on Appropriations that evaluates its current efforts to address the critical shortage of trained health care professionals throughout Indian Country and recommends new strategies for tackling this longstanding problem. Issues of low pay, a cumbersome federal hiring process, and inadequate housing are just a few of the items that should be considered as a part of the report.

INDIAN HEALTH FACILITIES

The bill provides \$445,242,000 for the Indian Health Facilities account. Within 90 days of enactment of this Act, IHS is directed to provide a detailed report to the House and Senate Committees on Appropriations that examines the causes for the high unobligated balances in this account and includes recommendations for using these balances in a more timely manner. In future budget requests, IHS is encouraged to build on successful programs, such as joint venture and small ambulatory grants, and work with tribes to explore other innovative funding alternatives that could be made available to address the backlog of construction projects throughout Indian Country.

AGENCY FOR TOXIC SUBSTANCES AND DISEASE REGISTRY

TOXIC SUBSTANCES AND ENVIRONMENTAL PUBLIC HEALTH

The Appropriations Committees direct ATSDR to report the results of its indirect cost methodology study as soon as the final report is available. Until a new formula is determined, the Committees expect the administrative charges will be no greater than the amount charged in fiscal year 2010.

OTHER RELATED AGENCIES

CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

SALARIES AND EXPENSES

The bill provides \$13,147,000 for the Chemical Safety and Hazard Investigation Board (the Board). Within this amount, the bill provides \$2,000,000 to investigate and provide a thorough report on the root causes of the BP-Transocean Deepwater Horizon disaster. The Board shall use the funds to hire subject matter experts and additional inspectors to term employments in order to build expertise related to offshore drilling practices, and should issue interim reports as appropriate that would serve to articulate findings that may have led to the catastrophic failure of the blowout preventer on April 20, 2010.

SMITHSONIAN INSTITUTION

SALARIES AND EXPENSES

The bill provides a total of \$797,600,000 for all Smithsonian Institution accounts, of which \$660,850,000 is provided for salaries and expenses. The Smithsonian is directed to use

\$250,000 from within that amount to continue activities under the Civil Rights History Project Act of 2009 in cooperation with the Library of Congress.

**JOHN F. KENNEDY CENTER FOR THE
PERFORMING ARTS
OPERATIONS AND MAINTENANCE**

The bill provides \$23,500,000 for the Operations and Maintenance of the Kennedy Center. Bill language has been included to amend P.L. 111-88 to make \$500,000 of that appropriation available for the general purposes of this account until September 30, 2011.

**NATIONAL FOUNDATION ON THE ARTS
AND HUMANITIES**

**NATIONAL ENDOWMENT FOR THE ARTS
GRANTS AND ADMINISTRATION**

The bill provides \$170,000,000 for the National Endowment for the Arts (NEA). Within this amount the Committees direct that the Big Read be funded at no less than \$3,000,000. As has been the case in prior years, Sections 309 and 311 of Public Law 108-447, as amended, are incorporated by reference into this bill. These provisions provide the grant guidelines and program priorities under which NEA is directed to operate, including a requirement to place priority on reaching underserved populations, including urban minorities, and a prohibition on direct grants to individual artists.

**NATIONAL ENDOWMENT FOR THE
HUMANITIES**

GRANTS AND ADMINISTRATION

The bill provides \$170,000,000 for the National Endowment for the Humanities (NEH). The NEH is encouraged to include Native American communities in the Bridging Cultures initiative and work with tribes

in the preservation of Native American languages. The NEH should provide a report to the Committees that examines the feasibility of developing a collaborative student/faculty grant program within existing funds, and provides a plan for its implementation.

**NATIONAL CAPITAL ARTS AND
CULTURAL AFFAIRS**

Title IV General Provisions includes a section which increases the annual authorization to \$12,000,000.

TITLE IV GENERAL PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

Longstanding general provisions are continued unless otherwise noted and several new items are noted:

Section 417 continues, for one more year only, language limiting the ability of the Secretary of Agriculture to increase certain Forest Service recreation residence fees.

Section 418 continues a provision from the fiscal year 2010 Act, with slight modifications, requiring the President to report on climate change expenditures by agency.

Section 419 amends the authorization for the National Capital Arts and Cultural Affairs program by increasing the annual authorization to \$12,000,000.

Section 422 authorizes, within the Environmental Protection Agency, the San Francisco Bay restoration grant program.

Section 424 continues bill language concerning border security and environmental mitigation accountability. Within 180 days of enactment of this Act, the GAO is directed to examine whether and what type of conflicts arise among the Department of the Interior, the U.S. Forest Service, and the Department of Homeland Security while enforcing established laws on the border.

Section 425 clarifies previous "incorporation by reference" language contained in the

fiscal year 2009 and 2010 Interior, Environmental, and Related Agencies Appropriations Acts.

Section 426 rescinds \$160,000,000 in previously appropriated emergency wildland fire suppression funds from the Department of the Interior, Wildland Fire Management account.

Section 427 rescinds \$140,000,000 in previously appropriated emergency wildland fire suppression funds from the Department of Agriculture, Forest Service, Wildland Fire Management account.

**TITLE V—SACRAMENTO—SAN JOAQUIN
DELTA NATIONAL HERITAGE AREA**

Title V of this division authorizes the Sacramento-San Joaquin Delta National Heritage Area in California.

**TITLE VI—NATIONAL WOMEN'S HISTORY
MUSEUM ACT**

Title VI of this division authorizes the Administrator of the General Services Administration to convey a parcel of real property in the District of Columbia to provide for the establishment of the National Women's History Museum. The General Services Administration is directed to include in its agreement for conveyance of the property to the Museum a provision that the Museum will submit siting and building plans to the National Capital Planning Commission for review and approval.

TITLE VII—MONTANA FORESTS

Title VII authorizes certain forest management activities and designations on national forests in Montana.

DISCLOSURE OF EARMARKS AND CON-
GRESSIONALLY DIRECTED SPENDING
ITEMS

Following is a list of Congressional ear-
marks and Congressionally directed spending
items (as defined in clause 9 of rule XXI of

the Rules of the House of Representatives
and rule XLIV of the Standing Rules of the
Senate, respectively) included in the bill or
this explanatory statement, along with the
name of each Senator, House Member, Dele-
gate, or Resident Commissioner who sub-

mitted a request to the House or Senate
Committee of jurisdiction for each item so
identified. Neither the bill nor the explana-
tory statement contains any limited tax ben-
efits or limited tariff benefits as defined in
the applicable House and Senate rules.

	FY 2010 En-acted	FY 2011 Re-quest	FY 2011 This Bill	This Bill vs En-acted	This Bill vs Re-quest
TITLE I—DEPARTMENT OF THE INTERIOR					
BUREAU OF LAND MANAGEMENT					
Management of Lands and Resources					
Land Resources:					
Soil, water and air management	58,571	46,932	46,032	-12,939	-900
Range management	74,193	72,821	73,521	-672	+700
Forestry management	10,543	9,866	10,458	-85	+592
Riparian management	22,718	22,632	22,632	-86	
Cultural resources management	16,131	16,736	16,736	+605	
Wild horse and burro management	63,986	75,721	75,721	+11,735	
Subtotal	246,542	244,708	245,100	-1,442	+392
Wildlife and Fisheries:					
Wildlife management	36,592	35,341	36,592		+1,251
Fisheries management	13,765	13,516	13,765		+249
Subtotal	50,357	48,857	50,357		+1,500
Threatened and endangered species	22,612	22,020	23,020	+408	+1,000
Recreation Management:					
Wilderness management	18,421	19,520	19,195	+774	-325
Recreation resources management	49,971	48,625	49,473	-498	+848
Subtotal	68,392	68,145	68,668	+276	+523
Energy and Minerals:					
Oil and gas	69,336	55,662	55,662	-13,674	
Oil and gas permit processing fund	45,500	45,500	45,500		
(Pilot offices, Sec. 365, permit processing fund)	(21,000)	(21,000)	(21,000)		
Subtotal, Oil and gas/permit processing fund	114,836	101,162	101,162	-13,674	
Oil and gas offsetting permit processing fees	-45,500	-45,500	-45,500		
Inspection fees	10,000	10,000	20,000	+20,000	+10,000
Offsetting collections, inspection fees		-10,000	-20,000	-20,000	-10,000
Coal management	9,739	9,654	9,654	-85	
Other mineral resources	10,614	10,515	10,515	-99	
Subtotal, Energy and minerals	89,689	75,831	75,831	-13,858	
Realty and Ownership Management:					
Alaska conveyance	34,109	20,873	29,373	-4,736	+8,500
Cadastral survey	12,863	12,305	12,705	-158	+400
Land and realty management	50,660	53,085	52,335	+1,675	-750
Subtotal	97,632	86,263	94,413	-3,219	+8,150
Resource Protection and Maintenance:					
Resource management planning	49,961	41,394	49,586	-375	+8,192
Abandoned mine lands		15,851	15,881	+15,881	+30
Resource protection and law enforcement	28,457	27,580	28,457		+877
Hazardous materials management	17,159	16,942	16,942	-217	
Subtotal	95,577	101,767	110,866	+15,289	+9,099
Transportation and Facilities Maintenance:					
Operations	6,067	6,007	6,007	-60	
Annual maintenance	32,003	31,693	32,003		+310
Deferred maintenance	35,085	34,498	34,498	-587	
Subtotal	73,155	72,198	72,508	-647	+310
Land and resources information systems	16,754	16,631	16,631	-123	
Workforce and Organizational Support:					
Information systems operations	15,406	15,322	15,322	-84	
Administrative support	51,377	49,982	49,982	-1,395	
Bureauwide fixed costs	91,277	90,318	90,318	-959	
Subtotal	158,060	155,622	155,622	-2,438	
Challenge cost share	9,500		4,500	-5,000	+4,500
National monuments and conservation areas	31,301	31,517	33,517	+2,216	+2,000
(National landscape conservation system,total program)	(74,635)	(76,075)	(78,075)	(+3,440)	(+2,000)
Fixed cost adjustment			3,600	+3,600	+3,600
Subtotal, Management of lands and resources	959,571	923,559	954,633	-4,938	+31,074
Mining Law Administration:					
Administration	36,696	36,696	36,696		
Offsetting fees	-36,696	-47,696	-47,696	-11,000	
Subtotal, Mining Law Administration		-11,000	-11,000	-11,000	
Rescission of oil shale activities	-1,000			+1,000	
Total, Management of lands and resources	958,571	912,559	943,633	-14,938	+31,074
Construction					
Appropriation	8,626	3,590	4,066	-4,560	+476
Land Acquisition					
Acquisitions	24,650	79,771	32,550	+7,900	-47,221
Emergencies, hardships and inholdings	3,000	1,500	1,500	-1,500	
Acquisition management	2,000	2,379	2,500	+500	+121
Total, Land acquisition	29,650	83,650	36,550	+6,900	-47,100
Oregon and California Grant Lands					
Western Oregon resources management	97,052	91,216	97,052		+5,836
Western Oregon information and resource data systems	2,153	2,116	2,116	-37	
Western Oregon transportation & facilities maintenance	11,202	11,100	11,100	-102	
Western Oregon construction and acquisition	317	313	313	-4	
Western Oregon national monument	833	828	828	-5	
Fixed cost adjustment			350	+350	+350
Total, Oregon and California grant lands	111,557	105,573	111,759	+202	+6,186
Range Improvements					
Improvements to public lands	7,873	7,873	7,873

DIVISION H—DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2011

Following is an explanation of the effects of Division H, which makes appropriations for the Departments of Labor, Health and Human Services, and Education, and Related Agencies for fiscal year 2011. As provided in Section 4 of the consolidated bill, this explanatory statement shall have the same effect with respect to the allocation of funds and the implementation of this division as if it were a joint explanatory statement of a committee of conference.

Funding levels for individual programs and activities within the accounts in this division are displayed in the detailed table at the end of this division of the explanatory statement. Where applicable, additional details regarding funding levels are provided in the text and tables below.

Within this division, references to “the bill” apply only to Division H of the consolidated bill.

With respect to matters other than allocation of funds among programs, projects and activities, Departments and agencies should follow guidance contained in Senate Report 111-243, except to the extent that such guidance is modified or overridden in this explanatory statement. Any intended guidance with respect to allocation of funds is reflected in this statement and the accompanying tables, or in the bill itself.

Where this statement or Senate Report 111-243 directs or requests the submission of

a report, the report should be submitted to the Committees on Appropriations of both the House of Representatives and the Senate.

Section 516 sets forth the reprogramming requirements and limitations for the Departments and agencies funded through this division, including the requirement to make a written request to the Committees on Appropriations 15 days prior to reprogramming, or to the announcement of intent to reprogram, funds in excess of 10 percent, or \$500,000, whichever is less, between programs, projects and activities.

Departments and agencies funded in this division shall submit statements on the effect of this Act to the Committees on Appropriations within 45 days of enactment of this Act, pursuant to section 518. The Committees expect that these statements will provide sufficient detail to show the allocation of funds among programs, projects and activities, particularly in accounts where the final appropriation is different than that of the budget request. Further, these statements shall also include the effect of the appropriation on any new activities or major initiatives discussed in the budget justifications accompanying the fiscal year 2011 budget.

TITLE I
DEPARTMENT OF LABOR

Funding levels for programs within the Department of Labor, along with comparisons to last year’s levels and the budget request, are shown in the table at the end of this division. Any allocations of funding beyond the

level of detail in that table are indicated below.

EMPLOYMENT AND TRAINING ADMINISTRATION

Workforce Innovation Funds.—Within the total for grants to States, the bill includes \$165,000,000 to fund competitive grants for workforce innovation activities. Grant activities should test innovative strategies or replicate proven practices that support reforms of the workforce investment system and substantially improve employment and education outcomes for participants, particularly those who are hardest to serve. With respect to grantee eligibility and priority for selecting grant applicants, the Department should follow guidance contained in Senate Report 111-243.

Migrant and Seasonal Farmworkers.—The Department of Labor is directed to submit annual reports to the Committees on Appropriations of the House of Representatives and the Senate documenting the use of farmworker housing funds. The reports should include information on the amount of funds used for permanent and temporary housing activities, respectively; a list of the communities served; a list of the grantees and the States in which they are located; the total number of individuals or families served; and a list of allowable temporary housing activities.

Pilots, Demonstrations and Research.—The bill includes funding for the following projects in the following amounts:

Project	Amount
A New Leaf, Providence, RI for a program of transitional employment and job placement assistance	\$60,000
A World Fit for Kids, Los Angeles, CA for a job training and internship program for youth	\$300,000
AFL-CIO Working for America Institute, Washington, DC, for employment and training programs	\$1,000,000
Amigos de los Rios, Altadena, CA for a skills training program	\$125,000
Apprentice Training for Electrical Industry, Philadelphia, PA, for a job training program	\$100,000
Arrowhead Economic Opportunity Agency, Virginia, MN, for an educational and transportation assistance program for job seekers	\$100,000
Association of Village Council Presidents, Bethel, AK, for workforce development and training	\$500,000
Baltimore City Mayor's Office of Employment Development, Baltimore, MD, for a summer jobs program	\$150,000
Bowie State University, Bowie, MD for a program to train workers for careers in the health IT sector	\$250,000
Brevard Workforce Development Board, Rockledge, FL, for a job training initiative	\$600,000
Bristol Community College, Fall River, MA for its English as a Second Language program	\$250,000
Bronx Resource Community Center, Inc, Bronx, NY for employment and training services	\$350,000
Bucks County Community College, Newtown, PA for a job training program for employment in the renewable energy sector	\$635,000
Capps Workforce Training Center, Stoneville, MS, for workforce training	\$500,000
Catholic Charities, Baltimore, MD, for a job training and job placement program	\$250,000
Center for Education, Business, and the Arts Interlocal Agency, St. George, UT for job training and apprenticeship programs leading to employment in the green construction sector, including the purchase of equipment	\$608,000
Center for Employment Training, San Jose, CA for a job training program in the energy conservation and renewable energy industry	\$350,000
Central Florida Joint Training Association, Orlando, FL for job training and placement services for veterans, older workers and disconnected youth	\$850,000
Chaldean Community Foundation, Southfield, MI for skills training and employment services for refugees	\$350,000
Chesapeake Bay Trust, Annapolis, MD, for a job training program and development of a training curriculum	\$200,000
City and County of Denver, CO for the Green Energy Youth Workforce Development Program	\$150,000
City of Baltimore Mayor's Office of Employment Development, Baltimore, MD for skills training at Career Connection academies	\$450,000
City of Buffalo, Buffalo, NY, for youth employment readiness programs	\$500,000
City of Jackson, MS, Jackson, MS, for workforce training	\$100,000
City of Lakewood, CA for an on-the-job training program	\$400,000
City of San Diego, CA for the Metro Youth Employment Program	\$250,000
City of San Jose, CA for a workforce training program to promote employment in the clean technology industry	\$250,000
Clackamas Community College, Oregon City, OR for job training and employment services for veterans	\$550,000
College of Southern Idaho, Twin Falls, ID, for job training in green construction	\$150,000

College of Southern Maryland, La Plata, MD for a workforce training program, including the purchase of equipment	\$400,000
Community Action Inc. of Rock and Walworth Counties, Janesville, WI for training services at the Beloit Training and Education Center	\$250,000
Community Foundation of South Wood County, Wisconsin Rapids, WI for a job training program	\$250,000
Community Transportation Association of America, Washington, DC, to continue the Joblinks program	\$450,000
Covenant House Alaska, Anchorage, AK for case management and employment services for at-risk youth	\$200,000
Crossing Educational Center, Elkhart, IN for job training, skills training, and employment services	\$300,000
Cypress Mandela Training Center, Incorporated, Oakland, CA for a pre-apprenticeship program	\$275,000
Des Moines Area Community College, Ankeny, IA for soft-skill instruction and job training for individuals with disabilities	\$550,000
Des Moines Area Community College, Ankeny, IA, for workforce development services at its Perry Career Technical Academy	\$400,000
Dowling College, Oakdale, NY for job training and employment services for veterans	\$200,000
East Bay Spanish Speaking Citizens Foundation, Oakland, CA for job training and employment services	\$250,000
Easter Seals of Southern Nevada, Las Vegas, NV, for a job training program for dislocated workers	\$200,000
Emery Unified School District, Emeryville, CA for a summer internship program for youth	\$235,000
Envirolution, Reno, NV, for workforce development services at a green jobs resources center	\$200,000
Expertise, Inc, Las Vegas, NV, for job readiness and employment training	\$100,000
Fifth Avenue Committee, Inc., Brooklyn, NY for employment training and worker education programs for low-income, unemployed, and economically vulnerable populations	\$450,000
Finishing Trades Institute, Kenner, Louisiana, for job training and workforce development	\$150,000
First African Community Development Corporation, Philadelphia, PA, for training in green and technology related jobs	\$100,000
Fletcher Community College, Houma, Louisiana, for job training and workforce development	\$200,000
Florida Institute of Technology, Melbourne, FL, for training in cyber security	\$250,000
Fordham Bedford Children's Services, Bronx, NY for skills training and employment services for Bronx residents	\$150,000
Foundation for an Independent Tomorrow, Las Vegas, NV, for job search support program	\$125,000
Fox Valley Technical College, Appleton, WI, to expand truck driver training program	\$250,000
Fund for the City of New York, New York, NY, for an academic success and workforce development program	\$200,000
Glendale Community College, Glendale, CA for a workforce training program at the Infrastructure/Water and Power Academy	\$180,000
Goodwill Industries of Greater New York and Northern New Jersey, Astoria, NY for job training and employment services	\$350,000

Goodwill Industries of Southeastern WI, Inc, Milwaukee, WI, for workforce development services at its community job center	\$750,000
Goodwill of Southern Nevada, Las Vegas, NV, for the career connections job training program	\$100,000
Great Basin College, Elko, NV, for job training program	\$200,000
Haven for Hope, San Antonio, TX, for job training and education for the homeless	\$200,000
Hispanic Federation, New York, NY, for a Latino Workforce Training Initiative	\$100,000
Holmes Community College, Goodman, MS, for workforce training	\$225,000
Hopkins House, Alexandria, VA, for workforce development and training in early childhood education	\$150,000
Huntington Hospital Dolan Family Health Center, Huntington, NY for a health care training program for underprivileged youth	\$400,000
International Youth Organization, Newark, NJ for a workforce development program for youth	\$250,000
Iowa Workforce Development, Des Moines, IA, for the IowaWORKS Integration Project	\$1,000,000
Jackson Community College, Jackson, MI for a skills training program	\$600,000
JobPath, Inc., Tucson, AZ for job training and employment services in the healthcare and biotechnology sectors	\$500,000
Jobs for Mississippi Graduates, Inc., Jackson, MS, for career development for at-risk youth	\$125,000
Johnstown Area Regional Industries, Johnstown, PA for job training and workforce development activities	\$250,000
Lakeshore Technical College, Cleveland, WI, to support the training of workers for manufacturing jobs	\$750,000

Parnassa Fund, Inc., New York, NY, for EPI Emergency Employment and Job Creation Network	\$150,000
Partners in Careers, Vancouver, WA, for workforce development for female veterans	\$100,000
Peralta Community College District, Oakland, CA, for the East Bay Green Jobs Project	\$500,000
Philadelphia Opportunities Industrialization Center, Philadelphia, PA, for workforce development and related equipment expenses	\$100,000
Plattsburgh-North Country Chamber of Commerce, Plattsburgh, NY, for an on the job training program	\$500,000
Port Authority of San Antonio, San Antonio, TX for a workforce development program	\$400,000
Preservation Alliance of Minnesota, St. Paul, MN for a job training program	\$100,000
Rapides Parish Police Jury Office of Economic & Workforce Development, Alexandria, LA, to train displaced workers in demand occupations including green jobs	\$200,000
Regional Education & Training Center at Satsop, Elma, WA, for programs focused on rapid certifications, entry-level degrees and advanced certifications	\$900,000
River Valley Resources, Inc., Madison, IN, for workforce training	\$100,000
Safer Foundation, Chicago, IL for workforce development and training services for ex-offenders	\$400,000
San Francisco Conservation Corps, San Francisco, CA for a workforce development program to train individuals for careers in green industries	\$300,000
San Jacinto College, Pasadena, TX for a technical education training program	\$500,000
San Mateo County Community College District, San Mateo, CA, for curriculum development, job placement and job retention services at the Allied Health Career Advancement Academy	\$150,000
Scranton Electricians JATC, Scranton, PA, for training in green technologies	\$100,000
Search to Involve Pilipino Americans, Los Angeles, CA for employment training and related services for at-risk youth	\$350,000
SEIU Healthcare NW Training Partnership, Federal Way, WA, for training of home care aides, including equipment	\$300,000

South Delta Planning and Development District, Greenville, MS, for workforce training	\$400,000
Southwest Alaska Vocational & Education Center, King Salmon, AK, for workforce development programs in rural Alaska	\$100,000
Southwest Mississippi Community College, Summit, MS, for workforce training	\$350,000
Spectrum Resources, Des Moines, IA, to expand the Project Phoenix job training program	\$200,000
St. Bernard Project, Chalmette, LA, for workforce development and related equipment expenses	\$200,000
State of Vermont Department of Public Safety, Waterbury, VT, for workforce development services for firefighting and emergency services workers	\$100,000
Steamfitters Local 449 and Plumbers Local 27, Pittsburgh, PA, for training program for those entering the pipe trades industry	\$500,000
Summit County, Akron, OH for job training and placement services for veterans	\$250,000
Tazewell County, Tazewell, VA for job training in the information technology, clean energy and advanced manufacturing sectors	\$400,000
The Resource Training Center, Inc., Brooklyn, NY for a job training program for low-income individuals with a history of substance abuse or incarceration	\$100,000
Total Action Against Poverty, Roanoke, VA, to provide job training to help individuals obtain and retain employment	\$250,000
Twin Cities RISE!, Minneapolis, MN, to expand job training program, and support program replication in other cities	\$100,000
United 4 Economic Development, Salt Lake City, UT, for workforce development and training	\$250,000
United Mine Workers of America, Washington, PA for the UMWA Career Center's mine worker training and employment programs	\$500,000
University of West Alabama, Livingstone, AL for career and technical skills training	\$650,000
Utah Capital Investment Corporation, Salt Lake City, UT, for workforce development, education and training	\$250,000
Vermont HITEC, Williston, VT, for the Vermont HITEC Job Training Initiative	\$500,000
Vermont Technical College, Randolph Center, VT, for Green Jobs Workforce Development	\$500,000
Vermont Technical College, Randolph Center, VT, for training in paramedicine	\$300,000
Veterans Leadership Program of Western Pennsylvania, Pittsburgh, PA, for a jobs program for veterans	\$150,000
Washington State Workforce Board, Olympia, WA, for its regional workforce development initiative	\$1,000,000
Wayne County Community College District, Detroit, MI for a program to train dislocated workers in advanced manufacturing technologies	\$500,000
West Los Angeles College, Culver City, CA for career pathways programs for veterans, dislocated workers, ex-offenders, and youth	\$700,000
Western New Mexico University, Silver City, NM for job training and placement services in the biofuels industry	\$300,000
Women's Enterprise Development Center, Inc., White Plains, NY for professional development services	\$160,000
Women's Initiative for Self Employment, San Francisco, CA, for equipment and workforce development services to assist low income women in achieving self sufficiency	\$100,000
Workforce Development Council of Seattle-King County, Seattle, WA, to align K-12 and post-secondary education to better meet the workforce skill needs in King County	\$400,000

Workforce Investment Board of Herkimer, Madison and Oneida Counties, Utica, NY for vocational and basic skills training to prepare workers for careers in the health care sector	\$200,000
Year Up Boston, Boston, MA, to support the expansion of curriculum development and career placement services for urban youth	\$100,000
Youth Radio, Oakland, CA for training of at-risk youth for employment in the media industry	\$250,000
Youthcare, Seattle, WA, to provide youth with education and training in the telecommunications industry	\$100,000
YWCA Middle Rio Grande, Albuquerque, NM, for workforce preparation services for at risk women, female veterans, and their children	\$150,000

Job Corps.—The Secretary of Labor is directed to use authority provided in the bill to transfer up to 25 percent of construction funds to meet the operational needs of Job Corps Centers.

Job Corps Centers provide enormous benefits to the communities they serve in the form of employment opportunities associated with the center as well as education and training opportunities for the disadvantaged youth housed there. For this reason, the timely opening of newly constructed centers is of the utmost importance. The Department's process and proposed timelines for opening newly constructed centers for students is too slow. More effort needs to be made to expedite this process to ensure that the promise offered by a new center is delivered to the affected community quickly. To that end, within the total for Job Corps, sufficient funding is included to ensure that any new center constructed but not open for students by July 1, 2011, will have a competitively procured contractor on site on or before that date, open for students by October 2011 and operate at its full capacity by April 2012. In addition, the funding level is sufficient to ensure that any newly constructed centers activated and enrolling students during program year 2010 operate at their full capacity for the duration of program year 2011.

One-Stop Career Centers/Labor Market Information.—Within the total for One-Stop Career Centers and Labor Market Information, the bill includes \$15,000,000 to carry out the language in Senate Report 111-243 regarding disability-related employment planning and activities.

Advances to the Unemployment Trust Fund and Other Funds.—The bill includes such sums as may be necessary for Advances to the Unemployment Trust Fund and Other Funds. The funds may be used to implement an extension of the expanded Trade Adjustment Assistance program, including the provision of additional training, employment, and case management services funds to the States.

Federal Grant Application Review Panels.—The Employment and Training Administration (ETA) is directed to submit a report to the Committees on Appropriations not later than May 31, 2011, regarding its efforts to restructure federal grant application review panels. The report should examine the feasibility of including representatives of community-based organizations, along with national and regional nonprofit associations, on grant review panels. The report should also list ETA's competitive grant competitions in program year 2010; the number of individuals on each grant review panel; the average duration of time a reviewer remains on a grant review panel; the process for hiring grant reviewers; and the general expertise of the reviewers on each panel.

EMPLOYEE BENEFITS SECURITY ADMINISTRATION

Within the total for the Employee Benefits Security Administration (EBSA), the bill includes \$3,000,000 to develop and implement a comprehensive program to enforce the mental health provisions of the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008. The program should become an integrated part of EBSA's permanent operations, and include a national compliance assistance program, a strong public outreach and education component, and enforcement activities.

WAGE AND HOUR DIVISION

Within the total for the Wage and Hour Division, the bill includes \$10,000,000 for an initiative to detect and deter the inappropriate misclassification of employees as independent contractors.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION

Natural Gas Standard.—In response to recent natural gas-related explosions in North Carolina and Connecticut, the Occupational Safety and Health Administration (OSHA) is directed to develop a permanent standard on natural gas. At a minimum, the permanent standard should address the Chemical Safety Board's urgent recommendations to prohibit the following: the use of natural gas for pipe cleaning; the venting or purging of fuel gas indoors; and any work activity where the flammable gas concentration exceeds a fixed, low percentage of the lower explosive limit. OSHA should also draft guidelines for employers on the inclusion of workers and contractors in developing safe procedures and training for handling fuel gas. OSHA shall submit a report to the Committees on Appropriations within 180 days of enactment, and updated reports every 180 days thereafter, detailing the anticipated timeline for issuing a permanent standard on natural gas, and OSHA's progress in meeting that timeline.

Whistleblower Protection.—To ensure the effectiveness of the Whistleblower Protection Program (WPP), the Secretary of Labor is directed to require that all WPP investigators and supervisors have taken both of OSHA's mandatory courses for whistleblower statutes by June 30, 2011. In addition, the Secretary is directed to comply with the language in Senate report 111-243 regarding the WPP. The Secretary is directed to submit a report to the Committees on Appropriations not later than April 30, 2011, that identifies options to establish and operate a stand-alone WPP Division reporting directly to the Deputy Secretary, or to establish and operate the WPP as a separate office within OSHA to be headed by an expert on employment retaliation law who has supervisory responsibility over all whistleblower staff. The report should include cost estimates for each scenario.

Voluntary Protection Program (VPP).—Sufficient funding is provided to maintain the VPP at its fiscal year 2010 level.

MINE SAFETY AND HEALTH ADMINISTRATION

Approval and Certification of Equipment.—The bill authorizes the Mine Safety and Health Administration (MSHA) to retain up to \$1,350,000 from fees collected for the approval and certification of equipment, materials, and explosives for use in mines, and to utilize such sums for such activities.

Mine Rescue Training.—Within the amount provided for Program Administration, the bill provides \$1,500,000 for an award to the United Mine Workers of America to continue a project, initiated with the fiscal year 2008 appropriation, for classroom and simulated rescue training for mine rescue teams at its Beckley, West Virginia, and Washington, Pennsylvania, career centers.

BUREAU OF LABOR STATISTICS

Supplemental Statistical Poverty Measure.—Within the total for the Bureau of Labor Statistics (BLS), the bill includes \$2,500,000 to support the Census Bureau in its development of a supplemental statistical poverty measure, to be based on recommendations of the National Academy of Sciences and subsequent research. However, the new measure shall not affect program eligibility or disbursement of Federal funds to States or localities.

Restructuring of Statistical Programs.—The bill adopts the Administration's proposals to reduce the cost of its programs by implementing an alternative approach to the Locality Pay Survey (LPS) and by restructuring the Current Employment Statistics (CES) program. The Department has indicated that these new approaches will allow

BLS to provide important data at a lower cost without sacrificing quality. In fiscal year 2011, the Secretary is directed to maintain the International Labor Comparisons office at its fiscal year 2010 funding level.

OFFICE OF DISABILITY EMPLOYMENT POLICY

Within the total for the Office of Disability Employment Policy, the bill includes \$15,000,000 to carry out the language in Senate Report 111-243 regarding disability-related employment planning and activities.

DEPARTMENTAL MANAGEMENT

Legal Services.—The bill includes \$9,600,000 above the budget request for mine safety activities and legal services related to the growing backlog of appeals of MSHA citations at the Federal Mine Safety and Health Review Commission (FMSHRC). Of these additional funds, up to \$4,300,000 is available to the Secretary of Labor to be transferred to the Mine Safety and Health Administration for FMSHRC-related activities.

International Labor Affairs Bureau (ILAB).—The bill includes \$40,000,000 for the United States' contribution to the International Labour Organization's (ILO) International Program for the Elimination of Child Labor (IPEC). The designation of funds for ILO-IPEC is not intended to preclude additional funding for other initiatives if the Department determines that ILO-IPEC is the most qualified organization to perform the work. Additional funds provided to ILAB also should be used to meet reporting requirements related to the Trade and Development Act report on the worst forms of child labor.

Sustainability Report.—Not later than July 15, 2011, and annually thereafter, the Department shall submit to the Committees on Appropriations a report on its progress toward achieving each of the sustainability goals and targets applicable to all U.S. Government agencies as outlined in Executive Order 13514.

WORKING CAPITAL FUND

The bill includes funding to support a government-wide initiative to improve Federal procurement activities. The Department is directed to draft a plan with milestones, performance measures, and estimated funding levels - including anticipated transfers within the Department - on the base activities and specific activities supported above the base due to funds provided under this heading. The plan should be submitted to the Committees on Appropriations not later than April 1, 2011.

GENERAL PROVISIONS

Sections 101-105 and 107 are continuations of general provisions included in the fiscal year 2010 version of this Act.

Section 106 prohibits use of funds appropriated for the Employment and Training Administration to pay the salary and bonuses of an individual at a rate in excess of Executive Level II. This represents a technical modification of a provision carried in last year's Act intended to maintain the same substantive effect.

Section 108 is a new provision that rescinds \$3,900,000 from the Working Capital Fund and amends Public Law 85-67 to eliminate authorization for the Investment in Reinvention Fund.

Section 109 is a new provision that allows the Employment and Training Administration to transfer technical assistance funds to its Program Management account when it is determined that those services will be more efficiently performed by Federal staff.

TITLE II

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Funding levels for programs within the Department of Health and Human Services,

along with comparisons to last year's levels and the budget request, are shown in a table at the end of this division. Any allocations of funding beyond the level of detail in that table are indicated below.

HEALTH RESOURCES AND SERVICES ADMINISTRATION

Funding levels for programs within the Health Resources and Services Administration (HRSA), along with comparisons to last year's levels and the budget request, are shown in the table at the end of this division. Any allocations of funding beyond the level of detail in that table are indicated below.

Primary Health Care

Community Health Centers.—The bill includes language designating \$100,000,000 for expenses associated with extending Federal Tort Claims Act protection to practitioners in community health centers. Within the total for Community Health Centers, HRSA is expected to fund Native Hawaiian Health Care at no less than the fiscal year 2010 level and directed to continue the Increased Demand for Services funding.

A significant number of Medically Underserved Areas (MUAs) lack necessary access to community health center services. HRSA is urged to continue support of technical assistance and to review policies to determine if other actions can be taken to improve access in MUAs. HRSA is directed to report to the Committees on Appropriations by May 19, 2011, on any actions to improve access to Community Health Centers in MUAs.

HRSA is expected to administer the State Health Access Grant Program in the same manner as in fiscal year 2010.

Health Professions

HRSA should use National Health Service Corps recruitment funds only to support

multi-year, rather than single-year, commitments.

Increased access to geriatric health professionals is important to ensure quality care for an aging population. HRSA should work to inform National Health Service Corps applicants about opportunities for geriatric health professionals to encourage training and increase participation. HRSA is directed to submit a report to the Committees on Appropriations by March 1, 2011, on the actions taken to encourage geriatric training and improve outreach to geriatric health professionals.

HRSA is urged to improve the level of support provided to minority health professions schools through the Health Careers Opportunity Program. HRSA is directed to report in the fiscal year 2012 budget submission on the actions taken to ensure that those institutions with a historic mission of training minorities in the health professions have the opportunity to compete for grants.

Physician Assistant Training Programs.—Within the funds provided for primary care training and enhancement programs, HRSA is urged to prioritize funds to expand high-quality physician assistant training programs.

Training in Dentistry and Oral Health Innovation Programs.—The bill includes \$53,491,000 for training in dentistry and oral health innovation programs authorized by sections 340G, 340G–1, and 748 of the Public Health Service (PHS) Act. HRSA is directed to provide no less than \$20,000,000 for state oral health workforce grants, no less than \$8,000,000 for pediatric dentistry and no less than fiscal year 2010 levels for other section 748 programs. Within pediatric dentistry, HRSA is directed to support the faculty loan repayment program at no less than last year's level.

Allied Health.—The bill includes \$13,363,000 for mental and behavioral health education and training grants and \$1,945,000 for the chiropractic program. HRSA is directed to provide no less than \$7,000,000 to the graduate psychology program. The need for behavioral and mental health services in an integrated health care system is significant and well documented. An increasing elderly population and significant numbers of returning war veterans are among the factors that have strained the nation's health system as more individuals and their families turn to mental health care professionals in local communities. HRSA is encouraged to expand training sites, reinstate the geropsychology program, initiate a new focus on veterans, and help integrate health service psychology trainees at Federally Qualified Health Centers to provide behavioral and mental health services to underserved populations.

Public Health and Preventive Medicine Programs.—The bill includes \$34,834,000 for public health and preventive medicine training, which includes a transfer of \$20,000,000 from the Prevention and Public Health Fund. HRSA is directed to provide not less than \$7,199,000 for the preventive medicine program. Funds are also included to allow HRSA to begin planning for a loan repayment program.

Nurse Education, Practice, and Retention.—HRSA is directed to use the increase provided for nurse education, practice, and retention to make grants for career ladder programs.

Maternal and Child Health

Within the total provided for Special Projects of Regional and National Significance (SPRANS), the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
SPRANS-Oral Health	\$5,500,000	+641,000	+641,000
SPRANS-Epilepsy	4,000,000	+292,000	+292,000
SPRANS-Sickle Cell	3,774,000	0	0
SPRANS-Fetal Alcohol	486,000	0	0
SPRANS-Doula	1,504,000	0	0
SPRANS-1st time motherhood	4,956,000	0	0

HRSA is urged to continue support of activities within the maternal and child health program that ensure the wellness and healthy development of our children. Programs such as vision screening and the hemophilia treatment grants help provide the early identification and treatment necessary to improve health outcomes.

Autism and Other Developmental Disorders.—Within the funding provided for autism and other developmental disorders, an increase of not less than \$2,000,000 is provided to expand the Leadership Education in Neurodevelopmental and Related Disabilities Program. In addition, an increase of not less than \$2,000,000 is provided for research on evidence-based practices for interventions for individuals with autism and other developmental disabilities, for development of guidelines for those interventions, and for information dissemination.

Ryan White Care Act

The bill includes language providing \$2,010,365,000 for Parts A and B of the Ryan

White HIV/AIDS Treatment Modernization Act, to be available through September 30, 2013.

The bill includes language that limits 2010 program year reductions in Ryan White Part A grants for metropolitan and transitional areas to 9.3 percent by providing \$4,919,000 for supplemental grants.

Within funds provided for the AIDS Drug Assistance Program, HRSA shall ensure that those patients that were provided care as a result of funds provided to States pursuant to sections 311 and 2620 of the PHS Act in fiscal year 2010 continue to receive care.

Rural Health Programs

The bill includes \$34,927,000 for the Delta Health Initiative and associated administrative expenses.

Rural and Community Access to Emergency Devices (AED).—Immediate cardiopulmonary resuscitation and early intervention, using an AED, can more than double a patient's chance of survival. Communities with comprehensive AED programs,

including training of anticipated rescuers, have achieved survival rates of nearly 40 percent. HRSA is encouraged to continue its support of this important program.

Family Planning.—A 2009 Institute of Medicine report found the Title X family planning program to be a success in providing critically needed health services to individuals with the most difficulty accessing family planning care. The report also identified areas in which the program failed to keep pace with changes in overall health care delivery and administration and called for a systematic review and update of the Title X program guidance. HRSA is urged to continue efforts to review and update the Title X program guidance and administrative directives in consultation with Title X providers, administrators and family planning advocates.

The bill includes funding for the following projects in the following amounts:

Project	Amount
Aberdeen Area Tribal Chairmen's Health Board, Rapid City, SD, for facilities and equipment to improve prenatal care	\$450,000
Access Community Health Network, Chicago, IL for facilities and equipment	\$800,000
AHMC Health Foundation, San Gabriel, CA for equipment	\$435,000
Alameda County Medical Center, Oakland, CA, for facilities and equipment	\$775,000
Alaska Medicare Clinic, Anchorage, AK, for facilities and equipment	\$500,000
Alaska Native Tribal Health Consortium, Anchorage, AK, for facilities and equipment	\$1,000,000
Alaska Native Tribal Health Consortium, Anchorage, AK, for the oral health disparities project	\$250,000
Alexian Brothers Hospital Network, Arlington Heights, IL, for facilities and equipment	\$375,000
Alivio Medical Center, Chicago, IL for facilities and equipment	\$500,000
AltaMed Health Services Corporation, Los Angeles, CA for facilities and equipment	\$250,000
American Oncologic Hospital, Fox Chase Cancer Center, Philadelphia, PA for medical research facilities and equipment	\$950,000
Anchorage Neighborhood Health Center, Anchorage, AK, for facilities and equipment	\$500,000
Anchorage Project Access, Anchorage, AK, for outreach, care coordination, and support of oral health care	\$200,000
Anne Arundel Medical Center, Annapolis, MD for facilities and equipment	\$300,000
Apple Tree Dental, Minneapolis, MN, for facilities and equipment related to oral health care	\$150,000
Archbold Medical Center, Thomasville, GA for facilities and equipment	\$350,000
Arkansas Methodist Hospital Corporation, Paragould, AR, for facilities and equipment	\$500,000
Assiniboine and Sioux Tribes of the Fort Peck Reservation, Poplar, MT, for facilities and equipment related to dialysis	\$200,000
Association for Utah Community Health, Salt Lake City, UT, to implement an electronic medical record system	\$106,000
Austen BioInnovation Institute in Akron, Akron, OH for medical research facilities and equipment	\$550,000
Barbara Ann Karmanos Cancer Institute, Detroit, MI, for facilities and equipment	\$250,000
Barnabas Uplift, Waverly, IA, for a health care job training program	\$300,000
Baton Rouge Children's Health Project, Baton Rouge, Louisiana, for the purchase of mobile mental health units	\$200,000
Baxter Regional Medical Center, Mountain Home, AR for facilities and equipment	\$900,000
Bay Area Medical Center, Marinette, WI for facilities and equipment	\$850,000
Baylor Health Care System and City of Dallas, Dallas, TX, for facilities and equipment	\$110,000
Bear Lake Memorial Hospital, Montpelier, ID, for facilities and equipment	\$150,000
Beebe Medical Center, Lewes, DE, for facilities and equipment related to nurse training	\$150,000
Beloved Community Family Wellness Center, Chicago, IL for facilities and equipment	\$600,000
BioOhio, Columbus, OH, for a national vaccine manufacturing and logistics center study	\$100,000
Bi-State Primary Care Association, Montpelier, VT, for education and outreach	\$40,000
Bi-State Primary Care Association, Montpelier, VT, for equipment and support of a dental clinic	\$110,000
Bloomington Hospital of Orange County, Paoli, IN for facilities and equipment	\$175,000
Bon Secures Health System, Richmond, VA for facilities and equipment	\$425,000
Boston University School of Medicine, Boston, MA for medical research facilities and equipment	\$400,000

Bozeman Deaconess Hospital, Bozeman, MT, for facilities and equipment, including electronic health records	\$250,000
Briar Cliff University, Sioux City, IA, for health training equipment and online instruction	\$100,000
Broadlawns Medical Center, Des Moines, IA, for facilities and equipment	\$500,000
Bronx Regional Health Information Organization, Bronx, NY for health information technology and equipment	\$500,000
Bronx-Lebanon Hospital Center, Bronx, NY for facilities and equipment	\$500,000
Brookhaven Memorial Hospital Medical Center, Patchogue, NY, to establish the Brookhaven Breast Cancer Coalition	\$100,000
Brooklyn Hospital Center, Brooklyn, NY for equipment	\$300,000
California Hospital Medical Center, Los Angeles, CA for facilities and equipment	\$1,000,000
Camden-Clark Memorial Hospital, Parkersburg, WV for facilities and equipment	\$200,000
Cancer Center of Santa Barbara, Santa Barbara, CA for facilities and equipment	\$650,000
Cassia Regional Medical Center, Burley, ID, for facilities and equipment	\$150,000
Center for Asbestos Related Disease, Libby, MT, for facilities and equipment, including information technology	\$300,000
Center for Enhanced Diabetic Eye Care, Pikesville, MD, for programs related to diabetic retinopathy, including equipment	\$100,000
Central Arkansas Radiation Therapy Institute, Little Rock, AR, for facilities and equipment	\$500,000
Central Maine Medical Center College of Nursing and Health Professions, Lewiston, ME, for facilities and equipment	\$200,000
Central Maine Medical Center, Lewiston, ME, for health professions training, including equipment	\$225,000
Charlotte Stephenson Manor, Adrian, MI, for facilities and equipment	\$160,000
Chester River Hospital Center, Chestertown, MD for facilities and equipment	\$500,000
Chestnut Health Systems, Bloomington, IL, for facilities and equipment	\$350,000
Children's Medical Center – Dallas, Dallas, TX, for facilities and equipment	\$300,000
Children's Memorial Hermann Hospital, Houston, TX, for facilities and equipment	\$200,000
Children's Aid and Family Services, Paramus, NJ, for facilities and equipment	\$200,000
Children's Hospital Los Angeles, Los Angeles, CA for facilities and equipment	\$300,000
Children's Hospital of the King's Daughters, Norfolk, VA for facilities and equipment	\$500,000
Children's Hospital of Wisconsin and Health System, Milwaukee, WI, for facilities and equipment	\$700,000
Children's Hospital, Aurora, CO, for information technology upgrades	\$150,000
Children's Mercy Hospital, Kansas City, MO, for facilities and equipment	\$500,000
Children's Specialized Hospital, Toms River, NJ for facilities and equipment	\$250,000
Chippewa Valley Free Clinic, Eau Claire, WI, for facilities and equipment	\$500,000
CHRISTUS St. Frances Cabrini, Alexandria, LA, for electronic health record implementation	\$200,000
Chronic Disease Fund, Plano, TX, to expand chronic disease program	\$500,000
City of Henderson, Henderson, NV for medical facilities and equipment	\$400,000
Clarian Health Systems, Indianapolis, IN for health information technology and equipment	\$635,000
Clarian Health, Indianapolis, IN, for outreach and education services for diabetes	\$100,000
Clark Atlanta University, Atlanta, GA for medical research facilities and equipment	\$450,000
Cleveland Clinic Lou Ruvo Center for Brain Health, Las Vegas, NV, for facilities and equipment	\$300,000
Cleveland State University, Cleveland, OH, for facilities and equipment	\$100,000
Coastal Carolina University, Conway, SC, for facilities and equipment	\$200,000

Coastal Family Health Center, Astoria, OR, for facilities and equipment	\$100,000
Columbia Memorial Hospital, Hudson, NY for health information technology and equipment	\$650,000
Columbus Regional Hospital, Columbus, IN for facilities and equipment	\$700,000
Columbus Technical College, Columbus, GA for facilities and equipment for health professions training	\$100,000
Community Dental, Portland, ME, for dental health services, including equipment	\$450,000
Community Foundation of Southwest Kansas, Dodge City, KS, for facilities and equipment	\$150,000
Community Health Access Project, Inc., Mansfield, OH, for facilities and equipment	\$250,000
Community Health Care, Incorporated, Davenport, IA, for health information technology and equipment	\$250,000
Community Health Center of Ft. Dodge, Ft. Dodge, IA, for facilities and equipment	\$200,000
Community Health Center, Inc., Middletown, CT, for a residency training program for nurse practitioners	\$150,000
Community Health Centers of Arkansas, North Little Rock, AR, for facilities and equipment	\$250,000
Community Health Centers of Southeastern Iowa, Burlington, IA, for facilities and equipment	\$100,000
Community Health Centers of Southern Iowa, Leon, IA, for facilities and equipment	\$350,000
Community Health Connections, Inc., Fitchburg, MA for facilities and equipment	\$250,000
Community Health, Chicago, IL, for facilities and equipment	\$150,000
Community Nurse Health Association, La Grange, IL for facilities and equipment	\$250,000
Comprehensive Community Action Inc., Cranston, RI, for health center facilities and equipment	\$500,000
Concordia University School of Pharmacy, Mequon, WI, for facilities and equipment	\$500,000
Connecticut Children's Medical Center, Hartford, CT, for facilities and equipment	\$500,000
Contra Costa ARC, Martinez, CA for the George Miller Centers Capital Improvement Project	\$500,000
Cooper University Hospital, Camden, NJ for facilities and equipment for a medical simulation center	\$500,000
Coos County Family Health Services, Berlin, NH, for facilities and equipment	\$150,000
Copper River Native Association, Copper Center, AK, for facilities and equipment	\$500,000
Cornell Scott-Hill Health Corporation, New Haven, CT for facilities and equipment	\$500,000
County of Harnett, Lillington, NC for facilities and equipment	\$500,000
County of Riverside, Moreno Valley, CA, for facilities and equipment related to trauma care	\$1,000,000
County of San Mateo, Redwood City, CA, for facilities and equipment	\$600,000
County of Santa Clara Health and Hospital System, San Jose, CA for health information technology and equipment	\$1,000,000
County of Schenectady, Schenectady, NY, for facilities and equipment	\$750,000
Crouse Hospital, Syracuse, NY, for facilities and equipment	\$150,000
Cure for the Kids Foundation, Las Vegas, NV, for facilities and equipment	\$500,000
Dakota Wesleyan University, Mitchell, SD, for health training equipment	\$200,000
Dallas County Community College District, Dallas, TX, for a health careers resource center	\$250,000
Dartmouth Hitchcock Medical Center, Lebanon, NH, for facilities and equipment	\$400,000
Daughters of Charity Services of New Orleans, New Orleans, LA for facilities and equipment	\$550,000
Dean McGee Eye Institute, Oklahoma City, OK, for facilities and equipment	\$150,000

Deborah Hospital Foundation, Brown Mills, NJ for facilities and equipment	\$600,000
Delta State University, Cleveland, MS, for facilities and equipment	\$1,300,000
Denver Health and Hospital Authority, Denver, CO for facilities and equipment	\$300,000
Denver Hospice, Denver, CO, for facilities and equipment	\$150,000
Dillard University, New Orleans, LA, for facilities and equipment at the Gentile Center for Health Disparities and Disease Prevention	\$250,000
Doctors' Memorial Hospital, Perry, FL for facilities and equipment	\$245,000
Dorminy Medical Center, Fitzgerald, GA for facilities and equipment	\$330,000
Dr. Albert B. Cleage, Sr., Memorial Health Center, Detroit, MI for facilities and equipment	\$200,000
Drake University, Des Moines, IA for medical research facilities and equipment	\$300,000
Drew Memorial Hospital, Monticello, AR, for facilities and equipment	\$500,000
East Carolina University, Greenville, NC, for facilities and equipment	\$500,000
East Carroll Parish Hospital, Lake Providence, LA, for facilities and equipment	\$600,000
East End Health Alliance, Greenport, NY for health information technology and equipment	\$500,000
East Harlem Council for Human Services, Inc., New York, NY for facilities and equipment	\$450,000
East Orange General Hospital, East Orange, NJ for facilities and equipment	\$450,000
Easter Seals Joliet Region, Inc., Joliet, IL, for facilities and equipment related to autism	\$200,000
Eastern Maine Healthcare System, Brewer, ME, for a hospice and palliative care initiative	\$385,000
Eastern Shore Rural Health System, Inc., Nassawadox, VA, for equipment related to oral health care	\$150,000
Egyptian Public & Mental Health Department, Eldorado, IL, for facilities and equipment at a rural health clinic	\$275,000
El Proyecto del Barrio Inc., Arleta, CA for facilities and equipment	\$330,000
Endless Mountains Health Systems, Montrose, PA for facilities and equipment	\$550,000
Englewood Hospital and Medical Center, Englewood, NJ for facilities and equipment	\$645,000
Ephraim McDowell Health Care Foundation, Danville, KY for facilities and equipment	\$220,000
Family Health Center of Marshfield, Inc., Marshfield, WI, for facilities and equipment	\$5,000,000
Flathead Valley Community College, Kalispell, MT, for health professions training, including equipment	\$100,000
Fletcher Allen Health Care, Burlington, VT, for facilities and equipment	\$320,000
Florida International University, Miami, FL for medical research facilities and equipment	\$550,000
Floyd Medical Center, Rome, GA, for facilities and equipment	\$100,000
Fowler Memorial Free Dental Clinic, Monroe, WI for facilities and equipment	\$190,000
Framingham Community Health Center, Framingham, MA for facilities and equipment	\$300,000
Free Clinics of Iowa, Des Moines, IA, for coordination of care	\$350,000
Gadsen County Health Department, Quincy, FL for facilities and equipment	\$200,000
Garfield Memorial Hospital, Panguitch, UT, for facilities and equipment	\$106,000
Gillette Children's Specialty Healthcare, St. Paul, MN for facilities and equipment	\$600,000
Gillette Children's Specialty Healthcare, St. Paul, MN, for facilities and equipment	\$100,000
Glendale Memorial Hospital and Health Center, Glendale, CA for facilities and equipment	\$350,000
Global to Local Health Initiative, Seattle, WA, for a health disparities program, including equipment	\$400,000
Good Samaritan Health Clinic of Cullman, Inc., Cullman, AL, to implement an electronic medical records system	\$100,000
Good Samaritan Hospital, Cincinnati, OH for facilities and equipment for a school of nursing	\$325,000

Goodall Hospital, Sanford, ME, for facilities and equipment	\$300,000
Goodall-Witcher Healthcare Foundation, Clifton, TX for facilities and equipment	\$400,000
Grady Health System, Atlanta, GA for facilities and equipment	\$550,000
Grays Harbor Community Hospital, Aberdeen, WA, for facilities and equipment	\$750,000
Greater Sioux Community Health Center, Sioux Center, IA, for facilities, equipment, supplies and outreach	\$750,000
Gwynedd-Mercy College, Gwynedd Valley, PA for facilities and equipment for the adult health center	\$400,000
Habersham Medical Center, Demorest, GA, for facilities and equipment	\$100,000
Hamilton Health Center Inc., Harrisburg, PA for facilities and equipment	\$650,000
Harms Memorial Hospital District, American Falls, ID, for facilities and equipment	\$100,000
Harriet Tubman Center East, Minneapolis, MN for facilities and equipment	\$600,000
Harris County Hospital District, Houston, TX, for facilities and equipment	\$250,000
Hawkeye Community College, Waterloo, IA, for health education facilities and equipment	\$400,000
Hays County, San Marcos, TX for facilities and equipment	\$450,000
Health Care Partners of South Carolina, Marion, SC for facilities and equipment	\$800,000
Health Partners, Inc., Waldorf, MD for facilities and equipment	\$150,000
Health Services Agency of Santa Cruz, Santa Cruz, CA for facilities and equipment	\$400,000
Health Work Force Institute, Seattle, WA, for programs to identify and address workforce needs	\$300,000
HealthAlliance of the Hudson Valley, Lake Katrine, NY for facilities and equipment	\$500,000
Henderson County Rural Health Center (d.b.a. Eagle View Community Health System) Dental Expansion, Oquawka, IL for facilities and equipment	\$700,000
Hidalgo Medical Services, Lordsburg, NM, for facilities and equipment in Silver City	\$250,000
Holyoke Medical Center, Holyoke, MA for facilities and equipment	\$500,000
Holzer Medical Center, Gallipolis, OH, for equipment	\$750,000
Hospice El Paso Inc., El Paso, TX for facilities and equipment	\$400,000
Hospice of the Panhandle, Martinsburg, WV, for facilities and equipment	\$3,000,000
Hospital of St. Raphael, New Haven, CT for facilities and equipment	\$500,000
Houston Community College, Houston, TX, for recruitment and nurse training	\$250,000
Howard Community College, Columbia, MD, for health education facilities and equipment	\$250,000
Hudson Perinatal Consortium, Jersey City, NJ, for a program to improve birth outcomes	\$200,000
Idaho State University, Pocatello, ID, for facilities and equipment	\$150,000
Indian Hills Community College, Ottumwa, IA for facilities and equipment for training in dentistry	\$425,000
Innovis Health, Fargo, ND, for facilities and equipment	\$175,000
Integrated Service Solutions, Caribou, ME, to implement an electronic health record system	\$255,000
Iowa CareGivers Association, West Des Moines, IA, for the Direct Care Worker Resource and Outreach Center	\$300,000
Iowa Healthcare Collaborative, Des Moines, IA, to improve healthcare provider efficiency and effectiveness	\$650,000
Iowa Nebraska Primary Care Association, Des Moines, IA, for planning grants	\$600,000
Iowa State University, Ames, IA, for facilities and equipment for the Institute for Novel Vaccines and Anti-Microbial Design	\$1,000,000
Iowa Valley Community College District, Marshalltown, IA, to assist underserved individuals in pursuing a healthcare career	\$100,000

Iowa Western Community College, Council Bluffs, IA, for facilities and equipment for the nursing center	\$250,000
Itawamba Community College, Fulton, MS for facilities and equipment for a college of nursing	\$1,000,000
Ivy Tech Community College, South Bend, IN for facilities and equipment for orthopedic manufacturing training	\$400,000
J.C. Blair Memorial Hospital, Huntingdon, PA, for facilities and equipment	\$100,000
Jackson Laboratory, Bar Harbor, ME, for facilities and equipment	\$100,000
Jackson Park Hospital, Chicago, IL, for facilities and equipment	\$250,000
Jackson State University, Jackson, MS, for facilities and equipment	\$1,000,000
Jacksonville State University, Jacksonville, AL, for a nursing education program including equipment	\$100,000
Jameson Health System, New Castle, PA, for facilities and equipment	\$100,000
Jellico Community Hospital, Jellico, TN for facilities and equipment	\$850,000
Jewish Adoption and Foster Care Options, Inc., Sunrise, FL for facilities and equipment	\$350,000
Johnston Health, Smithfield, NC for health information technology and equipment	\$350,000
Kalihi-Palama Health Center, Honolulu, HI, for a program on renal disease	\$250,000
Kanawha-Charleston Health Department, Charleston, WV, for a chronic disease management program	\$350,000
Kauai Community Health Center, Lihue, HI, for facilities and equipment	\$200,000
Kennesaw State University, Kennesaw, GA, for facilities and equipment	\$200,000
King County Project Access, Seattle, WA, for facilities and equipment	\$40,000
Kosair Children's Hospital Foundation, Louisville, KY for facilities and equipment	\$700,000
La Clinica del Valle Family Health Care Center, Inc., Medford, OR, for facilities and equipment	\$200,000

White River Health System, Batesville, AR for facilities and equipment	\$600,000
Whittemore-Peterson Institute for Neuro-Immune Disease, Sparks, NV, for facilities and equipment	\$1,000,000
Williamsport Hospital, Williamsport, PA, for facilities and equipment	\$100,000
Wills Eye Health System, Philadelphia, PA for health information technology and equipment	\$250,000
Yankton Sioux Tribe, Marty, SD, for facilities and equipment related to dialysis care	\$100,000

Medical Home Demonstration Programs.—The bill includes \$5,000,000 for medical home demonstration programs authorized in section 340H of the PHS Act. HRSA is directed to provide the Committees on Appropriations an operating plan no later than 90 days after enactment of this Act detailing the number and size of awards to be made.

Health Education Assistance Loan Programs

The bill includes language transferring the Health Education Assistance Loan Programs account to the Department of Education as requested in the President's budget.

Covered Countermeasure Process Fund

The bill does not include funding for the Covered Countermeasure Process fund. Pandemic influenza funding included in Public Law 111-32 may be used for this purpose.

CENTERS FOR DISEASE CONTROL AND PREVENTION

Funding levels for programs within the Centers for Disease Control and Prevention (CDC), along with comparisons to last year's levels and the budget request, are shown in the table at the end of this division. Any al-

locations of funding beyond the level of detail in that table are indicated below.

Prevention and Public Health (PPH) Fund allotments in the following tables are from amounts appropriated in the Patient Protection and Affordable Care Act and allocated in this bill.

Immunization and Respiratory Diseases.—Within the program level total for Immunization and Respiratory Diseases, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Section 317 Immunization Program	\$594,350,000	+\$97,577,000	+\$83,288,000
Appropriations in this bill	494,350,000	-2,423,000	-16,712,000
PPH Fund Allotment	100,000,000	+100,000,000	+100,000,000
Program Operations	65,568,000	+2,955,000	-62,000
Influenza	158,920,000	-49,000	-195,000
Pandemic Influenza	156,344,000	+23,000	0
Appropriations in this bill	40,000,000	-116,321,000	+40,000,000
Balances from P.L. 111-32 ¹	116,344,000	+116,344,000	-40,000,000

¹ Amount derived from Pandemic Flu emergency supplemental appropriations provided in P.L. 111-32.

The nation's immunization infrastructure is essential for the delivery of routine immunization services as well as public health preparedness and response to vaccine-preventable disease emergencies. As part of the additional funding provided for immunization programs, CDC is directed to develop a strategy to: (1) modernize immunization information systems; (2) prepare public health departments for changes in the healthcare delivery system, including new billing procedures for insured patients; and, (3) strength-

en the evidence base to inform immunization policy and program monitoring. The strategy also should address how CDC will maintain and expand partnerships with the healthcare sector to provide routine and emergency immunization services.

CDC shall update the Section 317 Immunization Program report and submit it to the Committees on Appropriations not later than February 1, 2011, to reflect fiscal year 2012 cost estimates and an estimate of optimum CDC, State, and local operations fund-

ing needed relative to current levels to conduct and support childhood, adolescent, and adult programs. The report also should include a discussion of specific strategies to improve the overall immunization infrastructure and to reduce barriers and increase adult immunization rates in the United States.

HIV/AIDS, Viral Hepatitis, STD, and TB Prevention.—Within the total for HIV/AIDS, Viral Hepatitis, STD, and TB prevention, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Domestic HIV/AIDS Prevention and Research	\$751,979,000	-\$6,260,000	-\$41,561,000
HIV Prevention by Health Departments	337,273,000	+8,435,000	-5,789,000
HIV Surveillance	108,901,000	-538,000	-5,712,000
National/Regional/Local/Community/Other Organizations	134,791,000	+18,000	-1,461,000
Enhanced HIV Testing	63,554,000	-32,076,000	-4,526,000
Appropriations in this bill	63,554,000	-1,709,000	-4,526,000
PPH Fund Allotment	0	-30,367,000	0
Improving Program Effectiveness	107,460,000	+17,901,000	-24,073,000
Viral Hepatitis	22,107,000	+2,851,000	+1,000,000
Sexually Transmitted Diseases	160,588,000	+6,736,000	0
Tuberculosis	142,772,000	-1,475,000	-279,000

Within the total for Domestic HIV/AIDS Prevention and Research programs, the bill provides funding at no less than the level provided in fiscal year 2010 to support activities that are targeted to address the growing HIV/AIDS epidemic and its disparate impact on communities of color, including African

Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders.

CDC is urged to consider using funds provided above the budget request for Viral Hepatitis to increase support for the Adult Viral Hepatitis Prevention Coordinators program and core prevention services, such as edu-

cational programs for healthcare and social service providers, at-risk populations, and the general public.

Emerging and Zoonotic Infectious Diseases.—Within the total for Emerging and Zoonotic Infectious Diseases, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Emerging Infectious Diseases	\$176,281,000	+\$20,020,000	+\$20,383,000
Appropriations in this bill	136,281,000	+20,000	-19,617,000
PPH Fund Allotment	40,000,000	+20,000,000	+40,000,000
Vector-borne Diseases	26,717,000	+4,000	+26,717,000
Food Safety	30,631,000	+3,693,000	-4,564,000
Lyme Disease	9,438,000	+501,000	+383,000
Prion Disease	5,318,000	-155,000	-72,000
Chronic Fatigue Syndrome	4,535,000	-289,000	-63,000
National Healthcare Safety Network	27,330,000	+12,182,000	-122,000
Quarantine	26,485,000	-29,000	0
Other, including Antimicrobial Resistance	19,236,000	-1,770,000	+6,722,000

Funding reductions in the prion disease program shall be targeted toward CDC intramural staffing and contract and travel costs. Further, CDC is directed to provide a detailed summary of the various activities funded within prion disease for fiscal years 2009-2012 as part of the fiscal year 2012 congressional budget justification.

Through the National Healthcare Safety Network, CDC monitors infections, anti-

microbial resistance, and other adverse events in hospitals in all 50 States, Puerto Rico, and the District of Columbia. Increased funding will be used to develop surveillance in an additional 2,500 hospitals taking the total to 5,000 participating hospitals. Funding will also be used to provide resources and technical expertise to State health departments to achieve healthcare-associated infections (HAI) prevention targets; continue

development and implementation of prevention tools, campaigns, education, and training in healthcare settings; and to increase public health workforce capacity to lead HAI outbreak investigations, surveillance, and prevention activities at the State and local levels.

Chronic Disease Prevention and Health Promotion.—Within the total for Chronic Disease

Prevention and Health Promotion, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Office of Smoking and Health	\$157,044,000	+\$31,856,000	+\$49,830,000
Appropriations in this bill	107,044,000	-3,644,000	-170,000
PPH Fund Allotment	50,000,000	+35,500,000	+50,000,000
Chronic Disease Activities	564,820,000	+321,861,000	+306,957,000
Community Grants	208,901,000	+161,563,000	+153,143,000
Community Transformation Grants	145,000,000	+145,000,000	+145,000,000
Appropriations in this bill	0	0	0
PPH Fund Allotment	145,000,000	+145,000,000	+145,000,000
Racial and Ethnic Approaches to Community Health	63,901,000	+24,263,000	+24,923,000
Appropriations in this bill	38,901,000	-737,000	-77,000
PPH Fund Allotment	25,000,000	+25,000,000	+25,000,000
Other Community Grants	0	-7,700,000	-16,780,000
Chronic Disease Prevention State Grants	250,000,000	+165,369,000	+167,285,000
Appropriations in this bill	110,000,000	+25,369,000	+27,285,000
PPH Fund Allotment	140,000,000	+140,000,000	+140,000,000
National Activities	49,080,000	0	-7,500,000
CDC Activities	56,839,000	-5,071,000	-5,971,000
School Health	56,289,000	-1,347,000	-5,231,000
Healthy Passages Study	3,493,000	+1,000	-5,000
Food Allergies	497,000	0	-1,000
Health Promotion	22,716,000	+179,000	+3,171,000
Community Health Promotion	6,355,000	-112,000	-10,000
Sleep Disorders	844,000	-17,000	-1,000
Mind-Body Institute	1,500,000	0	+1,500,000
Glaucoma	3,167,000	-351,000	-357,000
Visual Screening Education	2,906,000	-322,000	-328,000
Alzheimer's Disease	1,810,000	-36,000	-3,000
Inflammatory Bowel Disease	686,000	0	+686,000
Interstitial Cystitis	660,000	0	+660,000
Excessive Alcohol Use	3,500,000	+1,000,000	+1,026,000
Chronic Kidney Disease	2,132,000	0	-3,000
Prevention Research Centers	43,084,000	+9,414,000	+9,948,000
Appropriations in this bill	33,084,000	-586,000	-52,000
PPH Fund Allotment	10,000,000	+10,000,000	+10,000,000
Cancer Prevention and Control	376,999,000	+6,709,000	+21,847,000
Breast and Cervical Cancer	219,550,000	+4,732,000	+8,615,000
WISEWOMAN	22,787,000	+2,003,000	+2,000,000
Breast Cancer Awareness for Young Women	7,000,000	+2,001,000	+1,994,000
Cancer Registries	51,227,000	-1,000	-76,000
Colorectal Cancer	44,524,000	-1,000	-66,000
Comprehensive Cancer	20,689,000	-1,000	-41,000
Johanna's Law	6,807,000	+1,000	+6,807,000
Ovarian Cancer	5,705,000	-1,000	-9,000
Prostate Cancer	13,614,000	-22,000	-42,000
Skin Cancer	2,190,000	0	-10,000
Geraldine Ferraro Cancer Education Program	4,677,000	+1,000	+4,677,000
Cancer Survivorship Resource Center	1,016,000	0	-2,000
Oral Health	20,607,000	+5,609,000	+6,000,000
Safe Motherhood/Infant Health	43,447,000	-1,328,000	-12,196,000
Pre-term Birth	2,005,000	0	-3,000
Prevention Outreach Activities	2,000,000	+2,000,000	+2,000,000
Appropriations in this bill	0	0	0
PPH Fund Allotment	2,000,000	+2,000,000	+2,000,000
Other Chronic Diseases	13,719,000	-260,000	-21,000
Psoriasis	1,496,000	-4,000	-2,000
Epilepsy	7,805,000	-170,000	-12,000
Lupus	4,418,000	-86,000	-7,000
Primary Immune Deficiency Syndrome	3,107,000	0	-5,000

Of the funds provided for the Office on Smoking and Health, \$10,000,000 shall be for a new demonstration program on providing expanded cessation services to low-income and uninsured individuals.

Also within the total for the Office of Smoking and Health, CDC is expected to transfer no less than the amount it did in fiscal year 2010 to the Environmental Health Laboratory to support its work to analyze tobacco products and cigarette smoke. This transfer is intended to be provided to the lab in a manner that supplements and in no way replaces existing funding for tobacco-related activities.

CDC's current chronic disease prevention funding streams limit opportunities for coordination and integration across related programs. Therefore, the bill creates a new, consolidated Chronic Disease Prevention Grant Program that includes the following categorical programs: heart disease and stroke; diabetes; arthritis; and nutrition, physical activity, and obesity. This funding shall be used at the State level for core chronic disease prevention leadership, community health promotion, and preventive services. Funding shall not be used to directly support State or local capital infrastructure projects.

The core Chronic Disease Prevention Grant Program will include a base award to each State (including the District of Columbia

and Puerto Rico) of not less than \$2,000,000 plus additional formula-based funding to be allocated according to population, State chronic disease rates, and socioeconomic factors. CDC shall award not less than 2 percent of the core grant program funds to tribes and tribal organizations and other U.S. territories. In addition to the core award, the bill includes \$25,000,000 to be available through fiscal year 2012 for a competitive incentive award for States that achieve or clearly demonstrate progress toward meeting a stated prevention goal or goals. CDC is directed to establish a mechanism to measure performance for this program, including the establishment of baselines and methods of assessing progress toward achieving definable goals. These measures should relate to: community health promotion; preventive services; the full and active participation from other relevant State agencies, including the Departments of Education, Human Services, Aging, and Transportation; the inclusion of special populations (people with disabilities, racial and ethnic populations, students, etc.); surveillance; planning; policy change; and the implementation of evidence-based public health interventions. States shall be required to demonstrate maintenance of effort on the activities previously supported by the categorical programs. Further, CDC should continue to reiterate to its grantees the prohibition against using appropriated

funds for lobbying Congress or any State legislature, which is contained in section 503 of this Act.

Grant awards shall be made no later than July 31, 2011. CDC shall adjust current grant cycles to the extent necessary to ensure that States do not experience shortfalls due to the transition.

Also within the total is \$49,080,000 for related national activities that support chronic disease prevention. Within the total, sufficient funding is included to maintain the Paul Coverdell National Acute Stroke Registry and \$5,000,000 is included to expand CDC's background community assessment of health and related social and environmental conditions in the Mississippi Delta region.

Efforts to promote chronic disease prevention at the national level should continue and CDC's in-house expertise should be maintained. Therefore, within the total provided for the Chronic Disease Prevention Grant Program, the bill sets aside \$56,839,000 to maintain CDC's leadership, research, and technical assistance in support of these investments.

Birth Defects, Developmental Disabilities, Disability and Health.—Within the total for Birth Defects, Developmental Disabilities, Disability and Health, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	2011 budget request
Birth Defects and Developmental Disabilities			
Birth Defects	\$67,233,000	+\$2,545,000	+\$1,791,000
Craniofacial Malformation	22,680,000	+1,341,000	+1,861,000
Fetal Alcohol Syndrome	2,028,000	+150,000	+146,000
Folic Acid	9,969,000	-169,000	-21,000
Infant Health	3,126,000	0	+16,000
Autism	7,680,000	-347,000	-16,000
Human Development and Disability	23,778,000	+1,720,000	-49,000
Disability and Health (includes Child Development Studies)	59,185,000	+434,000	+1,331,000
Charcot Marie Tooth Disorders	13,335,000	-274,000	-26,000
Limb Loss	0	-1,000,000	-1,002,000
Tourette Syndrome	2,902,000	-4,000	-6,000
Early Hearing Detection and Intervention	1,745,000	-4,000	-4,000
Muscular Dystrophy	10,667,000	-219,000	-22,000
Special Olympics Healthy Athletes	6,008,000	-282,000	-13,000
Paralysis Resource Center	6,000,000	+467,000	+455,000
Attention Deficit Hyperactivity Disorder	6,872,000	-9,000	-14,000
Fragile X	1,751,000	0	-4,000
Spina Bifida	1,905,000	0	-4,000
Congenital Heart Failure	7,000,000	+759,000	+971,000
Blood Disorders	1,000,000	+1,000,000	+1,000,000
Total	17,203,000	-2,707,000	-3,040,000

Increased funding is included for a craniostosis physician awareness campaign as described in Senate report 111-243.

CDC's plan to consolidate the blood disorders programs inadequately addresses the transition from the current approach to the new structure. Therefore, to the extent possible, CDC is expected to continue the current cooperative agreements for blood disorder surveillance and safety to allow for a smooth transition from the current blood disorders program to a new consolidated program. In designing a new blood disorders program, CDC is directed to work with the hemophilia and thalassemia treatment centers and patient organizations to assure that the needs of patients with these and other blood disorders, such as deep vein thrombosis, pulmonary embolism, and diamond blackfan anemia, are appropriately addressed. Prior to obligating any fiscal year 2011 blood disorders program funds, CDC is directed to provide a detailed written summary and to brief the Committees on Appropriations on the programs and activities that will be supported through the blood disorders program

and how that distribution compares to prior years.

National Center for Health Statistics.—Sufficient funding is provided within the total for the National Center for Health Statistics to ensure that no State match will be required in fiscal year 2011 under the National Vital Statistics System to begin phasing in electronic death records.

Public Health Scientific Services.—Within the total for Public Health Scientific Services, the bill includes the following amounts:

and how that distribution compares to prior years.

National Center for Health Statistics.—Sufficient funding is provided within the total for the National Center for Health Statistics to ensure that no State match will be required in fiscal year 2011 under the National Vital Statistics System to begin phasing in electronic death records.

Public Health Scientific Services.—Within the total for Public Health Scientific Services, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	2011 budget request
Scientific and Support Services	\$146,211,000	-\$8,749,000	+\$1,147,000
Community Prevention Task Force	12,000,000	+5,169,000	+7,000,000
Appropriations in this bill	5,000,000	+3,169,000	0
PPH Fund Allotment	7,000,000	+2,000,000	+7,000,000
Public Health Infrastructure	0	-50,000,000	0
Appropriations in this bill	0	0	0
PPH Fund Allotment	0	-50,000,000	0
Public Health Workforce Development	62,491,000	+17,171,000	+14,552,000
Appropriations in this bill	37,491,000	-329,000	-10,448,000
PPH Fund Allotment	25,000,000	+17,500,000	+25,000,000
Public Health Research	51,170,000	+20,000,000	+20,000,000
Appropriations in this bill	31,170,000	0	0
PPH Fund Allotment	20,000,000	+20,000,000	+20,000,000
Genomics	0	-9,200,000	-8,596,000
Behavioral Risk Factor Surveillance System	7,168,000	-147,000	-11,000

The additional funding provided for Public Health Research through transfer from the PPH Fund is intended to support extramural

grants for research on public health and prevention.

Environmental Health.—Within the total for Environmental Health, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	2011 budget request
Environmental Health Laboratory	\$43,346,000	+\$6,000	+\$1,366,000
Newborn Screening Quality Assurance Program	6,915,000	+1,000	+160,000
Newborn Screening for Severe Combined Immunodeficiency Disease	978,000	-10,000	-4,000
Environmental Health Activities	97,493,000	+25,723,000	+28,721,000
Safe Water	6,975,000	-261,000	-26,000
Environmental and Health Outcome Tracking Network	67,092,000	+33,973,000	+34,544,000
Appropriations in this bill	32,092,000	-1,027,000	-456,000
PPH Fund Allotment	35,000,000	+35,000,000	+35,000,000
Amyotrophic Lateral Sclerosis (ALS) Registry	6,773,000	+760,000	+978,000
Climate Change	7,539,000	0	-28,000
Polycythemia Vera Cluster	0	-2,513,000	0
Built Environment and Health Initiative	0	-2,683,000	-4,000,000
Arctic Health	0	0	-292,000
Volcanic Emissions	300,000	+100,000	+100,000
Asthma	30,622,000	-297,000	-112,000
Healthy Homes/Childhood Lead Poisoning	34,487,000	-313,000	-127,000

The increase provided for the Environmental Public Health Tracking Network is intended to fund additional State and local jurisdictions. CDC is directed to work with all Environmental Public Health Tracking

Network grantees to annually report to the Committees on Appropriations on the activities of the grantees and to identify public health actions that have resulted from this program not later than April 30 of each year.

Injury Prevention and Control.—

Within the total for Injury Prevention and Control, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	2011 budget request
Intentional Injury	\$100,788,000	–\$1,845,000	–\$188,000
Domestic Violence and Sexual Violence	31,322,000	–573,000	–58,000
Child Maltreatment	6,976,000	–127,000	–13,000
Youth Violence Prevention	19,714,000	–359,000	–37,000
Domestic Violence Community Projects	5,424,000	–100,000	–10,000
Rape Prevention	41,850,000	–767,000	–78,000
All Other Intentional Injury	2,478,000	–46,000	–5,000
Unintentional Injury	30,789,000	–910,000	–58,000
Traumatic Brain Injury	5,974,000	–177,000	–11,000
All Other Unintentional Injury	24,815,000	–733,000	–47,000
Elderly Falls	2,000,000	0	–4,000
Injury Control Research Centers	10,719,000	+2,000	–20,000
National Violent Death Reporting System	5,000,000	+1,457,000	–8,000

National Institute for Occupational Safety and Health.—Within the program level total for the National Institute for Occupational Safety and Health (NIOSH), the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	2011 budget request
Education and Research Centers	\$25,370,000	+\$1,004,000	+\$910,000
Personal Protective Technology	16,828,000	–387,000	–64,000
Pan Flu Preparedness for Healthcare Worker	3,031,000	0	–11,000
Healthier Workforce Center	5,036,000	+1,000	–19,000
National Occupational Research Agenda	126,982,000	+9,580,000	+2,454,000
World Trade Center	150,137,000	+79,424,000	0
Mining Research	59,237,000	+5,540,000	+6,501,000
Other Occupational Safety and Health Research	81,920,000	–2,780,000	–314,000
Miners Choice	648,000	0	–2,000
National Mesothelioma Registry and Tissue Bank	1,024,000	0	–4,000

Funding provided above the fiscal year 2010 level for mining research is intended to support research on underground mine refuge chambers and other alternatives. NIOSH shall conduct or support research on the deployability, tolerability, and survivability of the most common refuge chambers currently required in all underground mines and on other alternatives and shall work with the Department of Labor's Mine Safety and Health Administration to develop research

priorities, including both compartmentalized research and full human subjects testing. The NIOSH Director shall submit quarterly progress reports on this research to the Committees on Appropriations and the House and Senate authorizing committees of jurisdiction, with the first report due 90 days after enactment of this Act.

The National Occupational Research Agenda (NORA) is a partnership program to stimulate innovative research and improved

workplace practices to identify the most critical issues in workplace safety and health across eight industry sectors. The increased resources for NORA are intended to be used to strengthen and enhance occupational safety and health research to protect the health and safety of U.S. workers.

Global Health.—Within the funds provided for Global Health, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Global AIDS Program	\$118,023,000	–\$938,000	–\$69,000
Global Immunization Program	153,602,000	–51,000	+1,810,000
Polio Eradication	102,441,000	+656,000	+1,840,000
Other Global/Measles	51,161,000	–707,000	–30,000
Global Disease Detection	37,756,000	+6,000	–49,000
Global Malaria Program	9,167,000	–237,000	–6,000
Internal Emergency and Refugee Health	6,250,000	–11,000	0
Other Global Health	34,380,000	+18,073,000	–702,000

Public Health Preparedness and Response.—Within the funds provided for Public Health Preparedness and Response, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
State and Local Preparedness and Response Capacity	\$757,504,000	–\$3,483,000	+\$184,130,000
Public Health Emergency Preparedness	714,738,000	–105,000	+184,419,000
Cooperative Agreement	30,009,000	0	0
Academic Centers for Public Health Preparedness	5,262,000	0	0
Advanced Practice Centers	7,495,000	–3,378,000	–289,000
All Other State and Local Capacity	156,773,000	–9,193,000	–72,000
CDC Preparedness and Response Capability	0	–2,600,000	0
Anthrax	34,362,000	–37,000	0
BioSense	523,305,000	–72,356,000	–228,000
Strategic National Stockpile	454,790,000	–140,871,000	–228,000
Appropriations in this bill	68,515,000	+68,515,000	0
Balances from P.L. 111–32 ¹			

¹ Amount derived from Pandemic Flu emergency supplemental appropriations provided in P.L. 111–32.

Public Health Leadership and Support.—Within the total for Public Health Leadership and Support, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Leadership and Management	\$142,118,000	–\$7,846,000	–\$351,000
National Prevention Strategy	1,000,000	+858,000	+1,000,000
Appropriations in this bill	0	0	0
PPH Fund Allotment	1,000,000	+858,000	+1,000,000
Director's Discretionary Fund	2,500,000	–500,000	–8,000

Any savings realized in leadership and management may be reallocated to the Director's Discretionary Fund for programs and initiatives that improve the health and safety of Americans upon notification of the Committee on Appropriations. The bill includes funding for the following projects in the following amounts:

Project	Amount
Alameda County Department of Public Health, Office of AIDS Administration, Oakland, CA for an HIV/AIDS prevention, education, and testing initiative	\$500,000
Chicago Public Schools, Chicago, IL, for nutrition and health education programs, including equipment	\$150,000
City of Fort Wayne, Fort Wayne, IN, for outreach, screening and education for Burmese refugees	\$100,000
City of Philadelphia, PA for a city-wide electronic pre-natal care registry	\$400,000
County of Broward, Fort Lauderdale, FL for a pediatric mortality public awareness campaign	\$150,000
County of Marin, San Rafael, CA for research and analysis related to breast cancer incidence and mortality in the county and breast cancer screening	\$400,000
Crim Fitness Foundation, Flint, MI for a youth program to combat obesity in Flint schools	\$800,000
Daniella Maria Arturi Foundation, Laurel, NY for the Diamond Blackfan Anemia public health outreach and surveillance program	\$500,000
East Carolina University, Greenville, NC, for a health disparities behavioral and chronic disease management initiative	\$300,000
Fibrous Dysplasia Foundation, Washington, DC, for the development of a patient network	\$200,000
Fletcher Allen Health Care, Burlington, VT, to expand the Center for Nutrition and Healthy Food Systems	\$100,000
Haitian American Association Against Cancer, Inc., Miami, FL for cancer education, outreach, screening, and related programs	\$300,000
Hawaii Primary Care Association, Honolulu, HI, to continue a program on childhood asthma	\$200,000
Health, Youth & Family Services, Calumet City, IL for pediatric immunizations and parenting classes	\$300,000
International Rett Syndrome Foundation, Cincinnati, OH for education and awareness programs regarding Rett Syndrome	\$180,000
John M. Tedeschi Pediatric Institute at Virtua, Camden, NJ for a pediatric obesity outreach program	\$800,000
Long Island University, Glen Head, NY for asthma education, outreach, and data programs	\$250,000
Lower Brule Sioux Tribe, Lower Brule, SD, for health education and promotion programs	\$100,000
Mary Bird Perkins Cancer Center, Baton Rouge, Louisiana, for cancer outreach initiatives	\$200,000
Meeting Street, Providence, RI for the Healthy Babies/Healthy Providence program	\$300,000
Middle Tennessee State University, Murfreesboro, TN for promotion of physical activity and health in youth	\$350,000
National Council of La Raza, Washington, DC, for the Institute of Hispanic Health	\$1,000,000
PE4life Foundation, Kansas City, MO, for expansion and assessment of PE4life programs across Iowa	\$300,000
San Antonio Metropolitan Health District, San Antonio, TX for a program to assess the health behaviors of the Kelly community and address health issues such as lead poisoning, asthma, and indoor pollutants	\$400,000
Shelburne Farms, Shelburne, VT, to expand Farm-to-School activities	\$250,000

Silent Spring Institute, Newton, MA, for studies of the impact of environmental pollutants on breast cancer and women's health	\$200,000
South Carolina HIV/AIDS Council, Columbia, SC for HIV/AIDS community outreach programs	\$350,000
South Dakota State University, Brookings, SD, for research on health promotion	\$200,000
St. Mary's Medical Center, Long Beach, CA for a women's heart health outreach, education, and screening program	\$225,000
University of Georgia, Athens, GA, for obesity intervention and prevention	\$100,000
University of Hawaii at Hilo, Hilo, HI, for occupational safety and health research	\$100,000
University of Miami, Miami, FL for an education and outreach campaign to raise awareness of genetic disease testing and counseling	\$700,000
University of North Carolina at Chapel Hill, Chapel Hill, NC for a community-based kidney health educational outreach and disease management program	\$500,000
University of Northern Iowa, Cedar Falls, IA, for a health literacy program	\$300,000
University of Texas-Pan American, Edinburg, TX for research and education activities at the South Texas Border Health Disparities Center	\$250,000
Waterloo Fire Rescue, Waterloo, IA, for FirePALS, a school-based injury prevention program	\$150,000
Western North Carolina Health Network, Inc., Asheville, NC for wellness and prevention programs for children	\$550,000

Buildings and Facilities.—Funding provided for CDC buildings and facilities is intended to be used for repairs and improvements to fully restore operations at NIOSH’s Lake Lynn Laboratory and Experimental Mine.

Business Services and Support.—The funds for business services and support are intended for CDC to carry out its business functions, including, but not limited to, administrative services, financial management, security and emergency preparedness, and procurement and grants. Neither these funds nor any other funds provided to CDC are to be enhanced through the mechanism of program assessments or tapping at any level.

NATIONAL INSTITUTES OF HEALTH

Funding levels for programs within the National Institutes of Health (NIH), along with comparisons to last year’s levels and the budget request, are shown in the table at the end of this division. Any allocations of funding beyond the level of detail in that table are indicated below.

National Cancer Institute

The bill provides up to \$8,000,000 for facilities repairs and improvements at the National Cancer Institute (NCI)—Frederick Federally Funded Research and Development Center in Frederick, Maryland.

In each of the last 2 years NCI was encouraged to launch a pancreatic cancer-specific research initiative. Pancreatic cancer remains the only major cancer with a survival rate in the single digits. Absent a targeted research effort, any hope for advances in diagnosis and treatment will remain slim. The NCI is urged to take concrete steps to attack this most deadly form of cancer by: (1) establishing a discrete pancreatic cancer research grant program; (2) re-instituting a policy of “exceptions” funding for grant applications that are focused primarily on pancreatic cancer; and (3) including more experts in pancreatic cancer on scientific review panels. Further, the NCI Consensus Report of the National Cancer Institute Clinical Trials Planning Meeting on Pancreas Cancer Treatment, from two years ago does not include an action plan. The NCI is strongly encouraged to develop and implement action steps within 6 months of enactment of this Act and provide the Committees on Appropriations a copy of this action plan.

Office of the Director (OD)

The bill’s funding anticipates NIH will operate within the policy assumptions set forth in the budget request, except as modified by this statement. The bill assumes NIH will use an average cost of \$401,000 per new and competing awards; the level is corrected for the anomaly NIH identified in its budget request and includes a 1.5 percent increase in fiscal year 2011. The amount provided is expected to support approximately 10,000 new and competing awards. The non-competing awards are provided a 1 percent increase. The bill provides increases of 6 percent for training stipends, 4 percent for Research Management and Support, 2.4 percent for Office of the Director (OD) operations and Programs, Projects, and Activities and 1.5 percent all for other mechanisms. The bill supports \$85,000,000 for the NIH Director’s New Innovator Award program in the Common Fund,

with all other assumptions, other than new initiatives, at the budget request level. The OD level includes \$99,044,000 for radiological, nuclear and chemical countermeasures; \$50,000,000 for the Cures Acceleration Network (CAN), and \$1,500,000 for OD’s Division of Program Coordination, Planning, and Strategic Initiatives (DPCPSI) to administer CAN, and increased support for science education in the OD Office of Science Policy to increase collaboration with the Department of Education on scientific education, expand curriculum development and distribution.

The bill supports the requested level for the Clinical and Translational Research Award (CTSA) program and the Basic Behavioral and Social Science Opportunity Network across the Institutes and Centers (ICs). The bill provides up to \$50,000,000 to expand the number of targets in the Therapeutic Rare and Neglected Disease initiative. The bill assumes support for the Institutional Development Award program and other OD and ICs program activities are funded as identified in the request.

The bill includes longstanding general provisions such as setting the salary of researchers through NIH grants at Executive Level I, providing transfer authority for the Office of AIDS Research and clarifying that the Director may use transfer authority under section 420A(d) of the Public Health Service Act to transfer funds between the ICs of the NIH. The NIH is directed to provide advance notification each time the Director uses any portion of the transfer or re-programming authority. NIH is directed to provide its final mechanism totals for each fiscal year, in table form, by December 30 following the end of that fiscal year to the Committees on Appropriations.

The NCI is commended for its efforts with the Institute of Medicine (IOM) to review its clinical trials process. The IOM identified a number of concerns that seem to have applicability across all NIH ICs to improve NIH-wide clinical trial activity. The NIH is directed to conduct a trans-NIH review of the applicability of the twelve IOM recommendations to all NIH ICs that conduct clinical trials. The review should examine ways to develop and strengthen NIH-wide policies with a focus on opportunities to improve the incorporation of innovative science, increase speed of initiation and completion, improve the means of setting priorities, and develop better incentives for participation in clinical trials. The IOM report found it takes over 900 days to open a clinical trial, but trials supported with Recovery Act funds developed methods to open studies within 90 days. The NIH is directed to consider how it can incorporate the 90-day model into all clinical trial activity. The review should examine the policies of each IC regarding funding for variable accrual costs per case, and ensure that a consistent guideline applies across NIH. Specifically, the review should examine the viability and effect on speed of opening trials of a multi-tier system in which payments for cost-per-accrual vary according to the time required to open the trial, such as a system that provides a certain amount per accrual case if the opening takes more than 360 days and a higher payment if the opening occurs sooner. Further, the review should examine the methods/processes ICs use to

prioritize clinical trials based on peer-review input, funding, and other ways to optimize selection of studies. The NIH is requested to conduct a complete review and submit a report within 1 year of enactment of this Act, discussing the findings, proposed policy changes, implementation timeline, and key measures NIH will use to monitor clinical trial activity.

The bill provides \$50,000,000 to support CAN. The program is intended to improve the speed and coordination among basic research, translational research, medicine, biopharmaceutical and regulatory activities to translate scientific discoveries into usable cures and treatments and is directed by a 24-person board. The NIH and CAN Board are urged to include participation by the Food and Drug Administration, the National Science Foundation, the Veterans Health Administration, the Department of Defense (Health Affairs) and other federal agencies, such as the Patent and Trademark Office. The NIH is requested to provide detailed descriptions of the CAN activity in future budget requests as a new section in the budget justification overview volume, similar to the Common Fund. The new section should identify detailed program activities for each CAN focus element with measurable objectives. The bill supports CAN as a trans-NIH activity that is housed within the OD’s DPCPSI. Due to the lateness of the fiscal year, if in this initial year, the Director cannot fully obligate the CAN resources, he should transfer remaining funds in a proportional manner to the ICs. NIH is requested to establish a high bar on requests to waive the matching fund requirement, and should provide an annual report to the Committees on Appropriations by October 15 of each year with details on all waiver activity.

NIH has a number of grant mechanisms that are either fully or incrementally (annually) funded based on the purpose, scope, and activity of the award. NIH is requested, starting with the fiscal year 2012 budget request, to provide a table that lists all active grant mechanisms with the purpose, funding type (full or incremental), and the number of actual awards in each mechanism during the last full fiscal year.

NIH is requested, in coordination with the Secretary of HHS, to review their joint processes to facilitate more fully and timely responses to congressional inquiries and to improve their responsiveness regarding requested reports, regulations, and other information. The HHS Secretary is requested to provide a report to the Committees on Appropriations by October 1, 2011, on actions HHS and NIH expect to take to improve responsiveness.

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION

Funding levels for appropriations by account, and comparisons to last year’s levels and the budget request, can be found in the table at the end of this division. Allocations below that level of detail are included below.

Center for Mental Health Services (CMHS)

Within the total provided for CMHS Programs of Regional and National Significance, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Capacity:			
Co-occurring State Incentive Grant	3,611,000	+1,443,000	0
Seclusion and Restraint	2,449,000	0	0
Youth Violence Prevention	94,502,000	+169,000	0
National Child Traumatic Stress Initiative	43,750,000	+2,950,000	+2,950,000
Children and Family Programs	9,194,000	0	0
Performance Management and Coordination Activities	3,530,000	+364,000	0
Consumer and Family Network Grants	6,436,000	+200,000	0

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Mental Health Transformation and Health Reform	26,924,000	- 2,182,000	- 4,000,000
Project LAUNCH	25,000,000	0	- 2,000,000
Primary and Behavioral Health Integration	49,000,000	+35,000,000	+35,000,000
Appropriation in this bill	14,000,000	0	0
PPH Fund Allotment*	35,000,000	+15,000,000	+35,000,000
Community Resilience and Recovery Initiative	5,000,000	0	0
Suicide Prevention PPH Fund Allotment*	10,000,000	+10,000,000	+10,000,000
Suicide Lifeline	5,522,000	0	- 2,000,000
Garrett Lee Smith-Youth Suicide Prevention:			
State Grants	29,738,000	0	- 700,000
Campus Grants	4,975,000	0	- 425,000
American Indian/American Native Suicide Prevention	2,944,000	0	- 2,944,000
Homeless Prevention Programs	39,696,000	+7,446,000	0
Older Adult Programs	4,814,000	0	0
Minority AIDS	9,283,000	0	0
Criminal and Juvenile Justice Programs	6,684,000	0	0
Science to Service:			
Garrett Lee Smith-Suicide Resource Center	4,957,000	0	0
Information Dissemination and Training	8,528,000	- 473,000	0
National Registry of Evidence Based Programs and Practices	544,000	0	0
SAMHSA Health Information Network	2,644,000	- 29,000	0
Consumer & Consumer Support Technical Assistance Centers	1,927,000	0	0
Minority Fellowship Program	4,279,000	0	0
Disaster Response	1,054,000	0	0
Homelessness	2,306,000	0	0
HIV/AIDS Education	774,000	- 200,000	0

* Amount allotted in this bill from the Prevention and Public Health (PPH) Fund, which was authorized and appropriated in the Patient Protection and Affordable Care Act.

Within the funding provided for the National Child Traumatic Stress Initiative, \$1,000,000 is included for the National Center for Child Traumatic Stress for data analysis and support.

The bill does not include funding for a combined Mental Health/Substance Abuse

Screening, Brief Intervention, and Referral to Treatment Program.

Asian American and Pacific Islander (AAPI) females between the ages of 15–24 have high rates of depression and suicide ideation and AAPI females over the age of 65 have among the highest rates of suicide of any ethnic group. SAMHSA is urged to en-

sure that they are aware of this disparity as they coordinate suicide prevention activities in the community, in the schools, on college campuses and in facilities treating elder populations.

The bill includes funding for the following projects in the following amounts:

Project	Amount
Alma Family Services, Monterey Park, CA, for increased access to mental health services for underserved minority populations	\$185,000
Catholic Charities, Diocese of Trenton, Trenton, NJ for mental health treatment services for children	\$95,000
Children's Health Fund, New York, NY for mental health treatment services for children and their families	\$200,000
Children's Hospital Boston, Boston, MA, for Expansion of Mental Health Capacity in Massachusetts Schools	\$200,000
City of San Jose, San Jose, CA for mental health services for the homeless	\$450,000
Clifford W. Beers Guidance Clinic, Inc., New Haven CT for mental health services for children and families exposed to trauma and trauma training for mental health professionals	\$200,000
Colorado Coalition for the Homeless, Denver, CO for primary care, mental health, oral health, substance abuse treatment and supportive services for the homeless	\$500,000
Community Counseling Center, Portland, ME for mental health services for veterans and refugees	\$400,000
DryHootch of America, Milwaukee, WI for a veterans outreach and counseling program	\$150,000
Family Service Agency of Marin County, San Rafael, CA, for suicide prevention and mental health services	\$250,000
Help Center - 211, Bozeman, MT, for suicide intervention and outreach services	\$100,000
Lindsey Wilson College, Columbia, KY, for professional development and mental health services for the Appalachia region	\$100,000
Main Street Counseling Center, West Orange, NJ for mental health treatment services for at-risk youths	\$65,000
Maniilaq Association, Kotzebue, AK, for suicide prevention activities in Northwest Alaska	\$200,000
Marion County, Salem, OR for mental health services for participants in the Mental Health Court program	\$150,000
Memorial Hermann TIRR, Houston, TX for rehabilitation and re-integration services for veterans with TBI	\$250,000
Municipality of Vieques, Vieques, PR for mental health and substance abuse services	\$200,000
Oregon Partnership, Portland, OR, to provide suicide prevention services to soldiers and military families	\$200,000
Pacific Clinics, Arcadia, CA for early intervention and mental health services for at-risk middle school youths and their families	\$635,000
Pen Bay Healthcare, Rockport, ME, for mental health services	\$100,000
South Boston Community Health Center, South Boston, MA for substance abuse prevention and treatment services	\$200,000
St. Ann's Corner of Harm Reduction, Bronx, NY for substance abuse prevention and counseling services for individuals at risk for and living with HIV/AIDS and Hepatitis C	\$100,000

Center for Substance Abuse Treatment (CSAT) cance, the bill includes the following

Within the total provided for CSAT Pro- amounts: grams of Regional and National Signifi-

Budget activity	This bill	This bill committee com- pared to—	
		FY 2010	FY 2011 budg- et request
Capacity:		\$0	\$0

National All Schedules Prescription Electronic Reporting (NASPER)	3,000,000	+1,000,000	+1,000,000
Science to Service:			
Addiction Technology Transfer Grants	9,081,000	0	0
Minority Fellowship Program	547,000	0	0
Special Initiatives/Outreach	2,420,000	+20,000	0
Information Dissemination	4,353,000	- 200,000	0
National Registry of Evidence-based Programs and Practices	893,000	0	0
SAMHSA Health Information Network	3,782,000	- 473,000	0
Program Coordination and Evaluation	5,045,000	- 169,000	0

* Amount allotted in this bill from the Prevention and Public Health (PPH) Fund, which was authorized and appropriated in the Patient Protection and Affordable Care Act.

The bill does not include funding for a combined mental health/substance abuse Screening, Brief Intervention, and Referral to Treatment program. Funds provided from the Prevention and Public Health Fund shall be used for the existing evidence-based SBIRT program. The bill includes funding for the following projects in the following amounts:

Project	Amount
A Safe Haven, Chicago, IL for recovery management and substance abuse treatment services	\$450,000
City/County Alcohol Drug Programs, Rapid City, SD, for substance abuse and recovery programs	\$200,000
Community Rehabilitation Center, Jacksonville, FL for substance abuse and mental health treatment programs for those with severe mental illness	\$750,000
Gavin Foundation Inc., South Boston, MA for a transitional care residence that provides substance abuse treatment services to young men and women	\$350,000
Law and Psychiatric Institute of North-Shore, Long Island Jewish Health System, Manhasset, NY for a mental health and substance abuse treatment program for veterans	\$540,000
Luna County Healthy Start, Deming, NM, for drug abuse treatment services for women	\$400,000
Rosebud Sioux Tribe, Rosebud, SD, for a drug and alcohol treatment program	\$150,000
South-Southwest Suburban United Way, Crestwood, IL for substance abuse treatment services for vulnerable populations	\$550,000
Walden Sierra, Charlotte Hall, MD for mental health and substance abuse treatment services for the homeless	\$198,000

Center for Substance Abuse Prevention (CSAP)

Within the total provided for CSAP Programs of Regional and National significance, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Capacity:			
Strategic Prevention Framework	111,608,000	0	+8,097,000
Partnerships for Success	33,829,000	+22,163,000	0
Mandatory Drug Testing	5,206,000	0	0
Minority AIDS	41,385,000	0	0
Performance Management	6,300,000	0	0
Sober Truth on Preventing (STOP) Underage Drinking	10,000,000	+3,000,000	+2,000,000
Project LAUNCH	0	0	-9,683,000
Prevention Prepared Communities	0	0	-22,600,000
Science to Service:			
Fetal Alcohol Spectrum Disorder	9,821,000	0	0
Center for the Application of Prevention Technologies	8,511,000	0	0
Science & Service Program Coordination	4,789,000	0	0
National Registry of Evidence-Based Programs & Practices	650,000	0	0
SAMHSA Health Information Network	2,547,000	-202,000	-1,000
Minority Fellowship Program	71,000	0	0

SAMHSA is encouraged to ensure that States which receive Partnerships for Success grants give current and former drug-free

communities grantees priority status as sub-recipient grantees.

The bill includes funding for the following projects in the following amounts:

Project	Amount
Hamakua Health Center, Honoka'a, HI, for a youth anti-drug program	\$200,000
Waimanalo Community Health Center, Waimanalo, HI, for drug abuse prevention	\$200,000
West Virginia Prevention Resource Center, Charleston, WV, for drug abuse prevention	\$1,000,000
YMCA of the East Bay, Oakland, CA for a program to provide substance abuse prevention services to middle school age youth	\$200,000

Health Surveillance and Support. In recognition of the increasingly strong evidence of a relationship between youth exposure to alcohol marketing and underage drinking, SAMHSA is encouraged to add to its data collection activities the monitoring and reporting of State laws and regulations that address alcohol marketing targeting young people, including but not limited to: sponsorships of family events, marketing on college

campuses, and signage in locales where children are likely to be present.

AGENCY FOR HEALTHCARE RESEARCH AND QUALITY

Funding levels for programs within the Agency for Healthcare Research and Quality (AHRQ), along with comparisons to last year's levels and the budget request, are shown in the table at the end of this divi-

sion. Any allocations of funding beyond the level of detail in that table are indicated below.

The bill funds AHRQ through section 241 of the Public Health Service (PHS) Act. In addition, the bill allocates \$12,000,000 from the Prevention and Public Health Fund. The following table provides a breakout of key programs and levels of support within funds provided to AHRQ:

Budget Activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Patient Centered Health Research (PCHR)	35,000,000	+14,000,000	134,960,000
Prevention/Care Management	15,904,000	0	0
Value Research	3,730,000	0	0
Health IT	30,022,000	+2,377,000	-1,500,000
Patient Safety Research Total			
Healthcare Associated Infections (HAI) Prevention	75,122,000	-15,463,000	+10,500,000
Methicillin-Resistant Staphylococcus Aureus (MRSA)	34,000,000	+9,000,000	+9,000,000
Patient Safety Organizations	9,500,000	+500,000	+500,000
All other	8,000,000	+1,000,000	+1,000,000
Crosscutting Quality, Effectiveness & Efficiency Research Total	23,622,000	-25,963,000	0

Program Management	59,300,000	+500,000	0
Prevention and Public Health Fund	70,248,000	+2,648,000	-2,465,000
Clinical Preventive Services Research	5,000,000	+5,000,000	
U.S. Preventive Services Task Force	7,000,000	+2,000,000	

The bill provides AHRQ with resources to sustain and support key Patient-Centered Outcomes Health Research (PCHR) activity, which includes up to \$5,000,000 within the PCHR total for Centers for Education and Research in Therapeutics (CERTs). The bill does not intend for any PCHR funding included in fiscal year 2011 to be used to mandate coverage, reimbursement, or other policies for any public or private payer. Further, it is recognized that a “one-size-fits-all” approach to patient treatment is not the most medically appropriate solution to treating various conditions. Research conducted should be consistent with departmental policies relating to the inclusion of women and minorities. AHRQ and NIH are requested to submit a joint report within 180 days after enactment of this Act on results and status of PCHR activity undertaken with Recovery Act funds, ongoing efforts (independent and jointly), and planned activity with the Patient Centered Outcomes Research Institute.

The bill restores funding for the CERTs program within the Crosscutting Activity area and provides funding for additional CERTs in other areas of AHRQ's research portfolio.

AHRQ is urged to support investigator-initiated research aimed at identifying new interventions to reduce healthcare-associated infections (HAIs), the most common of which is Methicillin-Resistant Staphylococcus Aureus (MRSA). Although in some cases adequate knowledge about how to reduce HAIs is available and the primary barrier is how to implement and apply that knowledge, in other cases, optimal solutions are not apparent.

AHRQ is requested to develop ways to improve and measure HAI information dissemination and adoption by the health care community and strongly encouraged to partner with CDC, NIH, and other agencies on this endeavor.

AHRQ is requested to provide the Committees on Appropriations a report within 180 days after enactment regarding progress on, and plans for, development of new ways to improve dissemination and measure adoption of techniques to reduce HAIs.

There are concerns about declines in the number of, and funding for, training grants for the next generation of researchers. AHRQ is urged to provide greater support to pre- and post-doctoral training grants and fellow-

ships to ensure America stays competitive in the global research market.

CENTERS FOR MEDICARE AND MEDICAID SERVICES

Funding levels for programs within the Centers for Medicare and Medicaid Services (CMS), along with comparisons to last year's levels and the budget request, are shown in the table at the end of this division. Any allocations of funding beyond the level of detail in that table are indicated below.

Program Management

Funding is included to support medical operations activities that may include required information technology (IT) security and sustainability investments, data encounter, payment system customization, IT infrastructure modernization, and other medical operations workload issues.

CMS may use funds to design a data improvement initiative. Prior to implementation of any data improvement initiative, the Committees on Appropriations must review a 5-year plan for the initiative with cost estimates and timelines. The plan should include measurable objectives divided into 1-year project periods that can be requested and approved through the annual appropriations process. In addition, CMS is directed to provide a comprehensive strategic plan by February 15, 2011, covering all data improvement activity proposed by CMS.

The medical operations level provides up to \$5,000,000 to create a test environment for modeling industry solutions in a secure setting. This environment should allow vendors to work independently and with CMS to seek solutions and execute “proof of concept” tests for CMS issues in a secure environment, using Medicare test data, on CMS technical architecture, in an isolated, stand-alone environment for independent vendor testing of industry solutions. The scope should allow “proof of concept” tests to determine solution effectiveness in addressing Medicare issues such as improper payment, quality measurement, data exchange, and concepts developed by the CMS Center for Innovation. The test environment must ensure data privacy and security, comply with CMS technical architecture standards, provide temporary access and secure connectivity for vendor testing, and make relevant data sets available for product testing. Management support should include

scheduling and resource allocation, ID management and credentialing, provisioning support, and technical support for vendors related to use of the test environment. CMS should provide the Committees on Appropriations with a report and timeline on the development of the test environment within 180 days after enactment of this Act.

The bill includes \$68,000,000 for research activities remaining from the Medicare Improvement for Patients and Providers Act of 2008. The bill includes the requested funding level for all other activities within the Medical Operations account. The bill provides sufficient funding for survey and certification activities to provide surveys of all types of facilities at least once every 6 years. Prior to 2010, some types of facilities were reviewed as infrequently as once every 11.5 years, including ambulatory surgery centers. These types of facilities have been implicated in past outbreaks of healthcare-associated infections (HAIs). Greater frequency of surveys is expected to increase awareness of and reduction in the occurrence of HAIs. CMS is directed to train all State inspectors on CDC's revised HAI interpretative guidelines. With the increased frequency of inspections, surveyors must be equipped to detect evidence of HAIs or faulty procedures that could result in HAIs.

Medicare beneficiaries who are blind or visually impaired are eligible for physician-prescribed rehabilitation services from approved health care professionals on the same basis as beneficiaries with other medical conditions that result in reduced physical functioning. There is concern that the effectiveness of vision rehabilitation services may be compromised by the current exclusion of Medicare coverage of vision assistive equipment. CMS is requested to evaluate the policies relating to vision assistive equipment and devices prescribed: (1) by a Medicare-approved physician in conjunction with Medicare-approved vision rehabilitation services, (2) for purposes other than correcting the refractive state of the eye, (3) to a beneficiary receiving Medicare-approved vision rehabilitation services, or (4) consistent with, and on the same basis, as Medicare coverage provided to beneficiaries receiving durable medical equipment (DME) related to other Medicare-covered rehabilitation services. CMS is requested to provide an update on the progress of the review in the fiscal year 2012 budget request.

The CMS Innovation Center is directed to establish an intra-agency innovation collaboration group with participation from CDC, NIH, AHRQ, HRSA and other appropriate HHS organizations to assist in the identification of promising innovations. These agencies are recognized for their work to improve science and healthcare operations, and their standing in the health care industry can enhance the Center's work. The Center is urged to develop cooperative activities with these agencies.

CMS is urged to ensure its Recovery Audit Contractor Program does not create significant budgetary problems for hospitals that

are operating in good faith and whose appeals are eventually settled in their favor. While the process has been modified so that contractors pay now reflects the number of successful denials, the program may still incentivize the volume of citations over the quality. CMS is encouraged to consider evaluating contractors and reviewers to ensure that they are adequately trained and they are not generating unreasonable numbers of overturned denials. CMS should consider alternative ways to reclaim payments while a dispute is in the appeals process and provide the Committees on Appropriations an update in the fiscal year 2012 budget request.

The bill provides resources to expand efforts on preventing fraud, reducing improper payments and paying claims right the first time. CMS is encouraged to continue its efforts to develop a working group with federal agencies, health care, and health insurance industry that includes sharing best practices, data, and other relevant information to decrease health care fraud. CMS should provide a report to the Committees on Appropriations by March 15, 2011, on the first meeting, charter, and future activity planned of this working group.

The bill includes funding for the following projects in the following amounts:

Project	Amount
Advocate Trinity Hospital, Chicago, IL to demonstrate promotion of stroke management symptoms	\$300,000
AltaMed Health Services Corporation, El Monte, CA for dental services to people living with HIV/AIDS	\$150,000
Bi-State Primary Care Association, Concord, NH for uninsured health care demonstration project	\$400,000
County of Fulton, Atlanta, GA for integrated health care demonstration project	\$700,000
Healthy Howard Health Plan, Inc, Columbia, MD, for outreach, support and care coordination	\$600,000
Iowa Prescription Drug Corporation, Urbandale, IA, for programs to reduce the cost of prescription drugs	\$500,000
Medicare Rights Center, New York, NY for Health Advocacy Workshop demonstration project	\$200,000
Patient Advocate Foundation, Newport News, VA for a patient assistance program for the uninsured	\$300,000
Quincy Medical Center, Quincy, MA for a program to support a geriatric health care demonstration	\$465,000
University of Mississippi, University, MS, for the Medication Use and Outcomes Research Group	\$800,000

ADMINISTRATION FOR CHILDREN AND FAMILIES

Low Income Home Energy Assistance.—Within the amount provided for the Low Income Home Energy Assistance program (LIHEAP), not more than \$27,000,000 shall be used for the Leveraging Incentive program.

Refugee and Entrant Assistance.—The Department shall provide a report within 60 days of enactment of this Act to the Committees on Appropriations on how the Administration for Children and Families (ACF) has implemented the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (TVPRA) as it relates to unaccompanied alien children (UAC). This report should include information on the number of children transferred to ACF's care including their length of the stay, country of origin, and services provided, as well as costs

associated with implementing changes in the TVPRA, with relevant data broken out by fiscal year. Further, within funds for the UAC program, the Office of Refugee Resettlement (ORR) shall use up to \$250,000 for an independent evaluation of the UAC program, which shall be submitted by September 30, 2011, to determine if it is operating consistent with child welfare best practices.

Within funds for the UAC program, \$8,000,000 is provided to continue the pro bono legal services initiative to ensure legal representation for both released and detained children. These funds should be used to train attorneys to detect abuse, mistreatment, labor exploitation, and trafficking of these children. In addition, a portion of these funds should be used to train attorneys in methods that will ensure the appearance of

children at all immigration court hearings. The ORR is expected to use part of these funds to assess the overall impact of the pro bono legal services initiative, including the number and proportion of UACs provided pro bono legal representation.

The bill does not include additional funding requested by the administration to concentrate more shelter space within 250 miles of the border.

Children and Family Services.—Within Child Abuse Discretionary Activities, funding is not included for a new competitive grant program for State implementation of abuse prevention efforts that was proposed in the President's budget.

The bill includes funding for the following projects in the following amounts:

Project	Amount
Addison County Parent Child Center, Middlebury, VT, for childcare and parental education programs	\$100,000
Dakota County, Hastings, MN, for a home visitation program for at-risk infants and toddlers and their families	\$300,000
Douglas County CARES, Roseburg, OR for the Kids in Common program	\$620,000
Georgia State University, Atlanta, GA, for child abuse prevention education services	\$100,000
Nez Perce Tribe, Lapwai, ID, for child abuse prevention	\$100,000
Ohel Children's Home and Family Services, New York, NY for providing services to foster children, which may include equipment and supplies	\$350,000
Queens County Child Advocacy Center, Kew Gardens, NY for the Child Advocacy Center	\$320,000
South Carolina Department of Education, Columbia, SC, for child abuse prevention education services	\$100,000
Southern Nevada Health District, Las Vegas, NV, for a home visitation program for low-income first-time mothers	\$400,000

Within the funds provides for Social Services and Income Maintenance Research, ACF is directed to reserve \$1,300,000 to conduct a national, comprehensive, 2-year child welfare study in conjunction with the National

Academies of Sciences that shall assess the various characteristics of the child welfare workforce and make recommendations regarding the appropriate levels of caseload and overall workload, training, and super-

vision, and make recommendations for linking workforce data to data on child outcomes.

The bill includes funding for the following projects in the following amounts:

Project	Amount
Abilis, Greenwich, CT for outreach and education to assist people with autism	\$125,000
Access to Healthcare Network, Reno, NV, for a helpline to assist residents with healthcare and social services	\$330,000
AltaMed Health Services Corporation, Santa Ana, CA for a teen pregnancy prevention program	\$150,000
American School Health Association, Kent, OH to address non-academic barriers to student learning through better assessment of needs and improved coordination of services	\$470,000
Associated Early Care and Education, Boston, MA for a child and family development center	\$200,000
Autism Project/Gateway, Johnston, RI for the Center for Excellence	\$1,000,000
Beyond Shelter, Los Angeles, CA for a crisis intervention demonstration project	\$400,000
Boys and Girls Homes of North Carolina, Inc., Lake Waccamaw, NC for the support of programs providing therapeutic treatment to high risk youth	\$450,000
Campus Kitchen, Washington, DC, for services to the homeless community in New Jersey	\$100,000
Child Care Coordinating Council, San Mateo, CA for a program encouraging quality and retention in the child care workforce	\$180,000
Children's Health Initiative Napa County, Napa, CA for implementation of a web-based single point of entry eligibility and enrollment system for multiple benefit programs	\$215,000
Children's Hunger Alliance, Columbus, OH for outreach and education targeted to low-income, home-based childcare providers	\$500,000
City of Berkeley, CA for education and other support services to low-income pregnant women and new parents	\$250,000
City of Mount Vernon, Mount Vernon, NY, for the Youth Development Action Plan	\$150,000
City of Seattle Human Services Department, Seattle, WA for a residential recovery program serving prostituted youth	\$350,000
City of Tracy, Tracy, CA, for gang-outreach, intervention, prevention, and educational assistance programs	\$300,000
Covenant House New Jersey, Newark, NJ for outreach and services to homeless youth	\$150,000
Council of Peoples Organization, Brooklyn, NY for social services to low income women and families	\$300,000
County of Alameda, Oakland, CA for support to newly emancipated foster youth	\$500,000
County of Contra Costa, Martinez, CA, for an initiative for children and adolescents exposed to domestic violence	\$475,000
County of Monterey Probation Department, Salinas, CA for gang prevention and intervention services	\$700,000
County of Prince George's, MD for prenatal services	\$440,000
County of Solano, Fairfield, CA for its Baby Coach and Court Appointed Special Advocates programs and related services	\$150,000
Creative Visions, Des Moines, IA, for family reunification and support services	\$200,000
Crisis Shelter of Lawrence County, New Castle, PA for online victim support services	\$450,000

Devereux, Villanova, PA for an early intervention program for children with autism	\$300,000
Doorways for Women and Families, Arlington, VA for shelter and transitional housing for homeless and battered women and families	\$500,000
FAMILY, Inc, Council Bluffs, IA, for a home visitation program for young children and their families	\$400,000
Jewish Social Service Agency, Rockville, MD, for autism outreach, education, and case management services	\$450,000
Lake County Community Foundation, Waukegan, IL, for expanding access to services	\$250,000
LaSalle County Easter Seal Society, Inc., Ottawa, IL for services to special-needs youth	\$150,000
Lifestyles of Maryland, Inc., LaPlata, MD for its Safe Nights Program for homeless and disadvantaged populations	\$69,000
Lifetrack Resources, St. Paul, MN, for outreach efforts in hearing loss early intervention and assessment services	\$400,000
Los Angeles County Department of Children and Family Services, Los Angeles, CA for programs supporting Transition Age Youth	\$250,000
National Energy Assistance Directors' Association, Washington, DC for research and information dissemination related to the Low Income Home Energy Assistance Program	\$200,000
North Ward Center, Inc., Newark, NJ, for comprehensive services for people with autism spectrum disorders	\$600,000
Northern Kentucky Community Action Commission, Covington, KY, for child care program activities	\$100,000
Northern Virginia Urban League, Alexandria VA for a male mentoring program for at-risk students	\$500,000
Ocean Bay Community Development Corporation, Arverne, NY for providing workforce services and financial education	\$150,000
Olive Crest Pacific Northwest, Bellevue, WA, for services for foster children and children in unstable home situations	\$250,000
Partners in Development Foundation, Honolulu, HI for parenting education and other services for families with young children	\$450,000
Pathways PA, Holmes, PA for services to pregnant and parenting teenagers	\$155,000
Refocus, Providence, RI for a program to assist persons with developmental disabilities	\$200,000
Refuge Network, Cambridge, MN, for family violence and sexual assault prevention and intervention services	\$150,000
RI Parent Information Network, Cranston, RI for the Family to Family Health Information Center	\$585,000
Sacred Heart Children's Home, Laredo, TX for equipment and staffing	\$250,000
SafePlace, Austin, TX for support of programs providing services to persons with disabilities	\$300,000
Springfield Area Parent Child Center, North Springfield, VT, for services for teenage and expectant mothers	\$500,000
TLC for Children and Families, Olathe, KS, for youth transitional living programs	\$500,000
United Way Of Capital Area, Jackson, MS, for 2-1-1 Mississippi	\$408,000

United Way of Jackson County, Jackson, MI for 2-1-1 information and referral services in Hillsdale, Branch, Jackson and Lenawee counties	\$285,000
United Ways of California, South Pasadena, CA, for expanding 2-1-1 services	\$750,000
University of Medicine and Dentistry of New Jersey - The Autism Center at NJ Medical School, Newark, NJ, for identifying and treating children with autism spectrum disorders	\$300,000
University of Nevada - Las Vegas, Las Vegas, NV, for expanding access to services for people with autism spectrum disorders	\$500,000
University of Toledo, Toledo, OH for providing services to people with autism and developmental disabilities	\$500,000
Wayne State University School of Social Work, Detroit, MI for a social worker training program	\$300,000
Westchester Jewish Community Services, White Plains, NY for services for pregnant and parenting teens and for pregnancy prevention programs for high school students	\$150,000
Women's Center of San Joaquin County, Stockton, CA for services to assist victims of domestic violence	\$250,000
YWCA of Greater Portland, Portland, OR, for services for victims of human trafficking	\$600,000

With regard to the Community Services Block Grant (CSBG), ACF is directed to allocate \$500,000 of CSBG training and technical assistance funds for a national community economic development training and capacity development initiative.

Within the amount for Economic Development, up to \$20,000,000 shall be used for the Healthy Food Financing Initiative, as proposed in the President's budget.

Within the total for Family Violence Prevention, up to \$2,000,000 is included for a program requested by the Administration targeting children exposed to domestic violence.

Within the total for Program Direction, the bill includes up to \$5,000,000 for additional staff and associated costs to improve

oversight and monitoring of ACF programs. The bill includes a total increase of up to \$25,000,000 for program integrity initiatives within ACF—\$15,000,000 within Head Start, \$5,000,000 within LIHEAP and up to \$5,000,000 within Program Direction. Within 60 days of enactment of this Act, ACF is directed to provide the Committees on Appropriations a strategic plan on how these funds will be used to increase program integrity efforts at ACF.

ADMINISTRATION ON AGING

Funding levels for programs within the Administration on Aging (AoA), along with comparisons to last year's levels and the budget request, are shown in the table at the end of this division. Any allocations of fund-

ing beyond the level of detail in that table are indicated below.

Nutrition Services.—The AoA is directed to continue including in future congressional budget justifications the actual amount obligated by States for Home-Delivered Nutrition Services, Congregate Nutrition Services, and Home and Community-Based Supportive Services, including transfers between programs.

Program Innovations.—Within the total for Program Innovations, AoA is directed to allocate funds for the programs of national significance according to the levels stated in the budget request.

The bill includes funding for the following projects in the following amounts:

Project	Amount
Cathedral Square Corporation, South Burlington, VT, for the Seniors Aging Safely at Home pilot program	\$750,000
Center for Aging in Place Support, Larchmont, NY for an aging in place program	\$100,000
DOROT, New York, NY for a Naturally Occurring Retirement Community project	\$250,000
Harmony House Senior Center, New Orleans, LA for social, educational, and nutritional services for seniors	\$300,000
Jewish Community Services, Baltimore, MD for the Family Caregiver Access Network	\$250,000
Jewish Family Services of Delaware, Wilmington, DE, for an aging-in-place initiative	\$150,000
Jewish Federation of Las Vegas, Las Vegas, NV, for the Las Vegas Senior Lifeline Program	\$100,000
Jewish Federation of St. Louis, St. Louis, MO for the Senior Community Support Services project	\$350,000
Millennium Development Corporation, Brooklyn, NY for active adult programming	\$250,000
Nevada Rural Counties RSVP Program, Carson City, NV, for the RSVP Home Companion Senior Respite Care Program	\$100,000
PACE Greater New Orleans, New Orleans, LA, for the expansion of senior services	\$150,000
Rebuilding Together, Inc., Washington, DC for the Safe at Home falls prevention program	\$350,000
The Associated: Jewish Community Federation of Baltimore, Baltimore, MD, to address safety and community engagement issues among seniors	\$200,000
Vermont Association of Area Agencies on Aging, Barre, VT, to expand nutrition assistance and related programs	\$200,000

Aging Network Support Activities.—Within the Health and Long-Term Care Programs, AoA is directed to prioritize evidence-based disease prevention activities. AoA should continue to evaluate the Health and Long-Term Care programs, measuring their outcomes and impacts and identifying opportunities for improvement.

OFFICE OF THE SECRETARY

General Departmental Management

Funding levels for programs within the Office of the Secretary—General Departmental Management, along with comparisons to last year's levels and the budget request, are shown in the table at the end of this division. Any allocations of funding beyond the level of detail in that table are indicated below.

The Secretary is directed to provide a plan with milestones, performance measures, and estimated funding levels, including any anticipated transfers to other operating divisions and offices of the Department of Health and Human Services (HHS), to the Committees on Appropriations by April 1, 2011, on its base acquisition workforce activities and on specific activities supported above the base due to the increased funding provided for the new acquisition workforce capacity initiative.

The bill includes \$800,000 for the National Academy of Sciences (NAS) to update its 2005 report titled, "Assessment of the Scientific Information for the Radiation Exposure

Screening and Education Program." NAS should review new scientific data to determine whether the current Radiation Exposure Compensation Act (RECA) program should be expanded. More specifically, the study should include recommendations as to whether additional diseases or illnesses, classes of workers, and geographic areas should be compensated through RECA.

Continued funding is provided in the Office of the Secretary to coordinate the Department's efforts to address healthcare-associated infections (HAIs). The Secretary is urged to expand the Department's current focus for reducing HAIs from hospitals to all healthcare settings, including outpatient facilities.

The Hepatitis Interagency Workgroup is directed to develop and publicly release a national strategy to reduce new hepatitis B and C infections and the morbidity and mortality related to chronic viral hepatitis, as well as linkage to care no later than February 1, 2011. In addition, the Hepatitis Interagency Workgroup, in collaboration with the Centers for Disease Control and Prevention, shall submit a report by April 1, 2011, on each of the recommendations made in the Institute of Medicine report, "Hepatitis and Liver Cancer: A National Strategy for Prevention and Control of Hepatitis B and C" and on the steps HHS has taken to adopt them.

The Secretary shall report, not later than March 31, 2011, on up-to-date, State-by-State monthly trends in participation in the Tem-

porary Assistance for Needy Families (TANF) program and related matters. Data shall include caseload and benefit levels, eligibility requirement, diversion and sanctions policies, and term limits. Caseload data shall include percentages of eligible children and families served. Data shall be reported on an annual basis beginning with fiscal year 1991, and on a monthly basis beginning with fiscal year 2007.

Not later than July 15, 2011, and annually thereafter, the Department shall submit to the Committees on Appropriations a report on its progress toward achieving each of the sustainability goals and targets applicable to all U.S. Government agencies as outlined in Executive Order 13514.

Adolescent Family Life (AFL).—Funding provided for care demonstration grants under the AFL program is limited to continuation costs.

Office of Minority Health (OMH).—Within the total for OMH, the bill includes \$4,000,000 for programs focused on the improvement of geographic minority health and the reduction in health disparities for rural disadvantaged minority populations.

Also within the OMH total, the bill includes \$1,000,000 to continue the national health provider education program on lupus.

Office of Women's Health (OWH).—Within the total for OWH, the bill includes \$3,375,000 to continue the violence against women prevention initiative.

The bill includes funding for the following projects in the following amounts:

Project	Amount
Children Services Council of Palm Beach County, Boynton Beach, FL for a program providing pre-natal care to women in small group settings	\$340,000
Community Transportation Association of America, Washington, DC, for technical assistance to human services transportation providers on ADA requirements	\$950,000
Marquette University, Milwaukee, WI, for a comprehensive dental outreach program	\$850,000
Mission Neighborhood Centers, Inc., San Francisco, CA for health outreach and educational programming for a multicultural wellness and healthy aging program	\$250,000
Office of the Mayor, Tinian, MP for health education and outreach	\$75,000
Project Access - New Haven, New Haven, CT for a program to help uninsured patients navigate the health care system and obtain services and follow-up care	\$300,000
St. Francis Hospital Foundation, Wilmington, DE, for outreach and preventive services to underserved populations	\$200,000
Summit Community Care Clinic, Frisco, CO for chronic disease management and reproductive health education and outreach programs aimed at reducing health disparities	\$200,000

Office of Inspector General (OIG)

The funding levels for the OIG, along with comparisons to last year's levels and the budget request, are shown in the table at the end of this division. Any allocations of funding beyond the level of detail in that table are indicated below.

Within the total, no less than \$6,000,000 is intended to support in-depth oversight of Head Start, the Low Income Home Energy Assistance Program, and the Child Care and Development Block Grant. The OIG is expected to provide the Committees on Appropriations a mid-report briefing not later than 6 months after enactment of this Act.

The remaining funds provided above the fiscal year 2011 budget request is intended to allow the OIG to conduct additional investigations and audits of discretionary programs as part of the Department's new program integrity initiative to prevent waste and fraud.

Public Health and Social Services Emergency Fund

Funding levels for programs within the Public Health and Social Services Emergency Fund, along with comparisons to last year's levels and the budget request, are shown in the table at the end of this division.

The Secretary is directed to update the HHS Pandemic Influenza Plan, incorporating lessons learned during the 2009 H1N1 pandemic and response, especially as it pertains to the vaccine development and delivery processes, and to submit this plan to the Committees on Appropriations no later than February 15, 2011. In addition, this report should include the specific steps HHS will take to use unobligated emergency funds to implement these lessons learned.

The bill rescinds emergency funding made available in Public Law 111-32 for pandemic influenza emergency and response activities. While this funding has been available to the Administration since June 2009, the President has not designated the allocation of these resources to any agency or for any purpose.

Prevention and Public Health Fund

The bill transfers the following amounts for the following programs from the Prevention and Public Health Fund:

Budget activity	This bill	This bill compared to— FY 2010
Community-Based Prevention:	\$530,000,000	+\$414,800,000
Chronic Disease:	395,000,000	+310,167,000
Healthy Weight Collaborative (HRSA) ...	0	-5,000,000
Community Transformation Grants (CDC)	145,000,000	+145,000,000
Communities Putting Prevention to Work (CDC)	0	-44,433,000
Chronic Disease Prevention State Grant Program (CDC)	140,000,000	+140,000,000
Office of Smoking and Health (CDC)	50,000,000	+35,500,000
Racial and Ethnic Approaches to Community Health (CDC)	25,000,000	+25,000,000
Primary and Behavioral Health Integration (SAMHSA)	35,000,000	+15,000,000
Tobacco Prevention and Cessation Activities (HHS OS)	0	-900,000
Other Community-Based Prevention:	135,000,000	+104,633,000
Section 317 Immunization Program (CDC)	100,000,000	+100,000,000
Enhanced HIV Testing (CDC)	0	-30,367,000
Screening, Brief Intervention, Referral to Treatment (SAMHSA)	25,000,000	+25,000,000
Suicide Prevention (SAMHSA)	10,000,000	+10,000,000

GENERAL PROVISIONS

Sections 201-205 and 207-216 are continuations of general provisions included in the fiscal year 2010 version of this Act.

Section 206 provides the Secretary of HHS with the authority to transfer up to 1 percent of discretionary funds between appropriations, but no such appropriations shall be increased by more than 3 percent by any such transfer. For HRSA, CDC, and SAMHSA, no transfer may decrease any individual program, project, or activity by more than 1 percent or increase any program, project, or activity by more than 3 percent. This transfer authority shall not be used to create any new program or to fund any project or activity for which no funds are provided in this Act. The Committees on Appropriations are to be notified not less than 15 days in advance of any transfer, with such notification to include an explanation of the effects of the proposed transfer by program, project, and activity.

Section 217 is a new provision that henceforth, no funds appropriated for a fiscal year in this or any subsequent Act shall be allocated by the Secretary for individual offices of minority health.

Section 218 is a new provision that permanently transfers the Health Education Assistance Loan program from the Secretary of HHS to the Secretary of Education.

Section 219 is a new provision that henceforth, no funds appropriated for fiscal year

2011 or in any previous or subsequent Act shall be available for transfer for the United States Public Health Sciences Track.

Section 220 is a new provision approving use by the National Institutes of Health Director of transfer authority provided through the Public Health Service Act, with 15-day advance notice to the Committees on Appropriations.

TITLE III

DEPARTMENT OF EDUCATION

Funding levels for programs within the Department of Education, along with comparisons to last year's levels and the budget request, are shown in a table at the end of this division. Any allocations of funding beyond the level of detail in that table are indicated below.

EDUCATION FOR THE DISADVANTAGED

Title I Grants to Local Educational Agencies.—To meet the educational needs of American Indian students, the Secretary of Education is directed to ensure that Bureau of Indian Education schools receive no less than 0.7 percent of the Elementary and Secondary Education Act of 1965 (ESEA) Title I grants pursuant to regular appropriations and will receive this amount in relevant future emergency funding, consistent with the standard practice prior to the American Recovery and Reinvestment Act of 2009.

School Improvement Grants (SIG).—Many children in schools receiving SIG funds face myriad personal, familial, and community challenges (including exposure to trauma and poverty-related stressors), and these challenges follow students into their schools, often resulting in distracting, disruptive, and ineffective learning environments. Even the best school leaders and teachers cannot achieve optimal results unless poverty-related barriers to teaching, learning, and school organization are addressed and effective conditions for learning are established. These barriers to teaching and learning must be addressed in addition to in-school factors in order to achieve sustained academic success.

The Department is therefore directed to require that States and local educational agencies that receive school improvement funding use it to develop programs, policies, and practices to improve student learning and increase academic achievement. Specifically, in addition to addressing factors such as the usage of time, instructional practices, and professional development and supports, the Department is directed to require that all recipients of school improvement funds have a plan in place for addressing the academic and non-academic needs of individual students, including improving the overall school climate where necessary. At minimum, such plans shall assess and address as appropriate the development of school-based systems to identify and address individual student academic, behavioral or social needs; support a positive and developmentally appropriate school climate; and identify how families and the community will be engaged in the school turnaround process.

The Department also is directed to encourage grantees to utilize external partners, where appropriate, with proven expertise in turning around low-performing schools, particularly in terms of establishing effective conditions for teaching and learning.

The bill intends that the term "low-performing feeder middle school" apply to an elementary or secondary school that contains not less than two or more successive grades beginning with grade 5 and ending with grade 8 and for which a high proportion of the students go on to attend a high school with a graduation rate of less than 60 percent; and more than 50 percent of the students do not perform at a proficient level on

State student academic assessments required under section 111(b)(3) of the ESEA in mathematics or reading or language arts.

Early Learning Challenge Fund.—Within the Early Learning Challenge Fund, funds should be used to improve the quality of early learning programs and services for disadvantaged children from birth through the age of kindergarten entry. In addition, any use of assessments should conform with the recommendations of the National Research Council’s reports on early childhood.

SCHOOL IMPROVEMENT PROGRAMS

Funding is not included within the total provided for State Assessments for a competitive grant program designed to support State efforts to improve their assessment systems.

21st Century Community Learning Centers (CCLC).—The bill includes language to expand program eligibility for subgrants under the 21st CCLC program. An increase of \$135,000,000 is provided above the fiscal year 2010 level so that funding can be provided for both after-school and expanded-learning-time programs without causing students in working families that benefit from currently operating afterschool programs to lose critical afternoon enrichment and supervision while their parents are at work.

State educational agencies shall require that existing subgrantees seeking to substantially change activities implemented

using continuation funds from their multi-year awards demonstrate how the needs of at-risk students most in need of afterschool services who are no longer served under such new activities will continue to have their needs met, such as by phasing in the new services and making referrals to other providers offering comparable services.

Local school districts and community partners are best suited to determine the appropriate use of funds to address the needs of their respective students, school and community. To that end, State educational agencies should award grants to high-quality programs that address individual student learning needs and student well-being. Funded programs should (1) deliver services through a variety of high-quality and effective strategies for boosting learning and enrichment including after-school, before school, summer school, and extended day, week or year opportunities; and (2) align with and complement, rather than replicate, the regular school day, by offering a range of activities that capture student interest and support student engagement to promote higher class attendance, reduce risk for retention or dropping out, and include activities that promote good health.

The Department is directed to provide guidance and technical assistance to States, schools and community partners on how to ensure strong community-school partner-

ships, continuous quality improvement and that programs meet the needs of individual students.

INNOVATION AND IMPROVEMENT

Teacher Incentive Fund.—With respect to 2010 awards under the Teacher Incentive Fund, the Department is directed to report to the Committees on Appropriations the information provided by grantees related to the process and data used to demonstrate the extent of teacher and school leader support and involvement in the performance-based compensation system; the process by which the Department will monitor and assess planning grantee activities related to the support and involvement of teachers and school leaders in the performance-based compensation system; and the actions the Department will take if planning grantees do not achieve adequate involvement and support of teachers and school leaders in such systems. The Committees also expect to be informed of how this information will be used in structuring the fiscal year 2011 grant application and evaluating applications submitted under the competition. This report should be provided not later than 60 days after enactment of this Act.

Fund for the Improvement of Education (FIE).—Within the total for FIE, the bill includes funding for the following activities:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Arts in Education	40,274,000	274,000	40,274,000
Data Quality and Evaluation	3,000,000	1,885,000	—2,000,000
Exchanges with Historic Whaling and Trading Partners	8,754,000	0	8,754,000
Foundations for Learning	1,000,000	0	1,000,000
Full-Service Community Schools	9,500,000	—500,000	9,500,000
National Clearinghouse for Educational Facilities	1,000,000	0	1,000,000
National History Day	500,000	0	500,000
Reading is Fundamental	24,803,000	0	24,803,000
Reach Out and Read	6,000,000	0	6,000,000
Parental Assistance Information Centers	39,254,000	0	39,254,000
Peer Review	250,000	—420,000	0
Communities in Schools	3,774,000	274,000	3,774,000
Women’s Educational Equity	2,278,000	—145,000	0

Within the \$40,274,000 provided for Arts in Education, the funds shall be distributed as follows: \$9,235,000 funding for VSA; \$6,838,000 for the John F. Kennedy Center for the Performing Arts; \$14,616,000 for model arts pro-

grams; \$9,000,000 for model professional development programs for music, drama, dance and visual arts educators; and \$585,000 for evaluation and national dissemination activities.

The bill includes funding for the following projects in the following amounts:

Project	Amount
3-D School, Petal, MS, for a model dyslexia intervention program	\$200,000
Abyssinian Development Corporation, New York, NY for a college readiness program, which may include equipment and technology	\$390,000
Action for Bridgeport Community Development Inc., Bridgeport, CT for a learning program to enhance student academic outcomes	\$625,000
Adams 50 School District, Westminster, CO for providing math teaching coaches	\$200,000
After School Matters, Chicago, IL for after school apprenticeship programs focused on teenagers, which may include equipment	\$300,000
Aim High, San Francisco, CA for summer school programs for low-income middle school students	\$100,000
Aldo Leopold Nature Center, Inc., Winona, WI for educational programming targeting elementary and secondary students, which may include equipment	\$300,000
Alliance of Concerned Men, Washington, DC for a Youth Aftercare Initiative program	\$350,000
Alonzo Mourning Charities, Miami, FL for youth development programs including educational services	\$350,000
Appalachian State University, Boone, NC, for college preparation and access programs for high school students	\$200,000
Appleton Area School District, Appleton, WI for a program to enhance school preparedness among young children	\$140,000
Avant-Garde Learning Foundation, Anchorage, AK, to improve educational outcomes for children in low-performing school districts	\$100,000
Baltimore City Public Schools, Baltimore City, MD, for support of alternative education programs for academically-challenged students, which may include equipment and technology	\$1,000,000
Big Brothers Big Sisters, Anchorage, AK, for youth mentoring programs for underserved, at-risk populations in Alaska	\$100,000
Big Thought, Dallas, TX, for afterschool programs	\$110,000
Boys & Girls Club of Greater Milwaukee, Milwaukee, WI, for support of early literacy and related programming	\$300,000
Boys & Girls Club of Portage County, Stevens Point, WI for support to after school learning programs, which may include equipment	\$200,000
Capital Unity Council, Sacramento, CA for curricula and exhibit development for a classroom on wheels, which may include equipment and technology	\$200,000
Capital Unity Council, Sacramento, CA for curriculum design and the purchase of equipment/technology for a digital arts studio	\$250,000
Catamount Arts, St. Johnsbury, VT, for support of arts education	\$200,000
Chaddock, Quincy, IL, for support of special education activities	\$200,000
Challenger Learning Center, Bangor, ME, for science technology engineering and mathematics programs	\$250,000
Charter School Development Foundation, Las Vegas, NV for classroom technology integration, which may include equipment and supplies	\$375,000
Chicago Public Schools, Chicago, IL, for a youth violence prevention initiative	\$500,000
Chicago School of Professional Psychology, Chicago, IL, for support of afterschool programming	\$300,000

Churchill County School District, Fallon, NV, for STEM Curriculum and technology Improvements	\$25,000
City of Hammond, IN for purchasing equipment and technology for the Hammond Academy of Science and Technology	\$500,000
City University of New York-York College, Jamaica, NY for a STEM academy targeting minority youth, which may include equipment and technology	\$400,000
Clark County School District, Las Vegas, NV, for support of a school for highly gifted students	\$750,000
Clark County School District, Las Vegas, NV, for support of the Family Leadership Initiative	\$300,000
Cleveland Metropolitan School District, Cleveland, OH, for science education programs, including the purchase of equipment	\$150,000
Cleveland Metropolitan School District, Cleveland, OH, to improve math, science, technology and language skills through music education	\$100,000
College Planning Center of RI, Warwick, RI for a program supporting college access in the Latino community	\$150,000
College Success Foundation, Issaquah, WA for mentoring and scholarships	\$575,000
Commonwealth of the Northern Mariana Islands Public Schools System, Saipan, MP for enhancing K-12 educational opportunities, which may include equipment and technology	\$500,000
Communities in Schools of Douglas County, Douglasville, GA for a student mentoring program, which may include equipment and technology	\$70,000
Communities In Schools of Spokane County, Spokane, WA, for support of mentoring programs	\$150,000
Communities in Schools, San Antonio, Inc., San Antonio, TX for a high school dropout prevention program	\$350,000
Connect Arkansas, Little Rock, AR, to purchase and equip mobile broadband labs	\$200,000
Connecticut Technical High School System, Ansonia, CT for a manufacturing technology program at Emmett O'Brien, including equipment and technology	\$325,000
Cook Inlet Tribal Council, Anchorage, AK, to increase literacy and math skills of Alaskan students	\$250,000
Cooperative Educational Service Agency #10, Chippewa Falls, WI for enhancing student achievement through after-school activities	\$380,000
Cooperative Educational Service Agency #11, Turtle Lake, WI for enhancing student achievement through after school activities	\$395,000
Cooperative Educational Service Agency #12, Ashland, WI for enhancing student achievement through after school activities	\$400,000
County of San Joaquin, Stockton, CA for the San Joaquin Reads tutorial program	\$350,000
Cristo Rey, Chicago, IL, for educational programming, which may include evaluation activities	\$250,000
Cupertino Union School District, Cupertino, CA for upgrading classroom technology, including equipment and technology	\$675,000
Cuyahoga County Office of Early Childhood / Invest in Children, Cleveland, OH, for an early childhood education initiative, including scholarships	\$100,000
DeKalb County, GA School System, Decatur, GA for the purchase of a universal screener with data management system which includes technology	\$275,000
Delta Arts Alliance, Inc., Drew, MS, for arts education programs	\$150,000

Delta State University, Cleveland, MS, for a training program for early childhood educators	\$300,000
Delta State University, Cleveland, MS, for science and environmental education and outreach activities	\$300,000
Des Moines Independent Community School District, Des Moines, IA, to increase access to and quality of early childhood education programs	\$750,000
Drueding Center, Philadelphia, PA, to support educational programs, including staff, technology upgrades, and the purchase of equipment	\$100,000
Eastern Maine Development Corporation, Bangor, ME, for youth career pathway programs	\$225,000
Eastmont Community Center, Los Angeles, CA for providing education enrichment activities to low-income children, which may include equipment and technology	\$70,000
Eatontown Public Schools, Eatontown, NJ for a technology-based learning initiative, including equipment and technology	\$350,000
Eden Housing, Hayward, CA, for support of an after school program	\$450,000
Educare Central Maine, Waterville, ME, to support early childhood education activities, including the purchase of equipment	\$250,000
Educating Young Minds, Los Angeles, CA, for educational programming, which may include the acquisition of technology	\$175,000
Education Alliance of Washoe County, Reno, NV, for support of an afterschool tutoring program	\$150,000
Education Through Music, Inc., New York, NY for music education at disadvantaged schools, which may include equipment	\$150,000
El Centro de la Raza, Seattle, WA, for support of counseling, tutoring, and educational programming	\$100,000
Elev8 New Mexico, New Mexico Community Foundation, Albuquerque, NM, for support of extended day learning programs in New Mexico	\$200,000
ENLACE New Mexico, Albuquerque, NM, for support of academic engagement and completion programs in New Mexico	\$150,000
Everybody Wins! USA, Boston, MA, for child literacy programs across the country	\$500,000
Falcon School District 49, Falcon, CO, to support a science, technology, engineering and math education program	\$100,000
Families in Schools, Los Angeles, CA for family literacy programs, which may include equipment and supplies	\$250,000
Friends of E Prep Schools, Cleveland, OH, for technology including the purchase of equipment	\$150,000
George B. Thomas Learning Academy, Bethesda, MD for the Young Scholars Program	\$200,000
Georgetown-Quitman County Unified Government, Georgetown, GA for the school system's library, which may include technology	\$100,000
Girls Incorporated of Alameda County, San Leandro, CA for an after-school academic enrichment program, including equipment and technology	\$250,000
Give Every Child a Chance, Manteca, CA for tutoring and after school programs targeting disadvantaged children, which may include equipment	\$600,000
Glenwood School for Boys and Girls, St. Charles, IL, for training and development costs associated with the Life Stabilization project, which may include software and technology	\$200,000

Harford County Public Schools, Bel Air, MD for enhancing STEM learning for K-12 students, which may include equipment and technology	\$625,000
Hartford Stage Company, Hartford, CT for an arts education program for students	\$400,000
Heartland Foundation, St. Joseph, MO, to support youth empowerment programs, including the purchase of equipment	\$450,000
Helen Keller International, New York, NY for the Child Sight Vision Screening Program, and to provide eyeglasses to children whose educational performance may be hindered because of poor vision	\$1,200,000
History Colorado, Denver, CO, for support of the Student to Citizen Initiative	\$100,000
Hoke County Schools, Raeford, NC for smartboard technology and equipment	\$450,000
Houston Hispanic Forum, Houston, TX for a career and education day for middle and high school students, which may include equipment	\$125,000
Houston Urban League, Houston, TX for the Read and Rise Family Training program, which may include equipment and technology	\$495,000
Humboldt County School District, Winnemucca, NV, for support of technology-based instruction	\$150,000
Indiana State University, Terre Haute, IN, for curriculum development and teacher training	\$100,000
Initiating Change in Our Neighborhoods Community Development Corporation, Pacoima, CA for a financial education program for high school students, which may include equipment	\$300,000
Inner-City Arts, Los Angeles, CA, for the core arts and language project for at-risk youth	\$300,000
Iowa Department of Education, Des Moines, IA, to continue the Harkin Grant program	\$6,000,000
Iowa State Education Association, Des Moines, IA, for professional development for teachers on 21st century skills	\$300,000
Jazz at Lincoln Center, New York, NY, for music education programs	\$400,000
JFY Networks, Inc., Boston, MA for academic support and career awareness which may include equipment and supplies	\$250,000
Jobs for Ohio's Graduates, Inc., Columbus, OH, for dropout prevention programs for at-risk youth	\$150,000
Junior Achievement of Delaware, Inc., Wilmington, DE, for computer-based programming and related science, technology, and engineering education activities	\$50,000
Kauai Economic Development Board, Lihue, HI, for science, technology, engineering and math education	\$700,000
Lake Superior Big Top Chautauqua, Washburn, WI for educational activities, which may include equipment	\$500,000
Lamar School District Re-2, Lamar, CO for an after school program targeting 3rd through 12th grade students, including equipment and technology	\$130,000
Lander County School District, Battle Mountain, NV, for acquisition of technology and equipment	\$150,000
Las Cruces Public Schools, Las Cruces, NM for parent center programs to enhance student achievement, which may include equipment and technology	\$480,000
Lasara Independent School District, Lasara, TX for a middle school math initiative that includes teacher training and support	\$145,000
Lennox School District, Lennox, CA for equipment and technology upgrades	\$330,000

Lincoln County School District, Panaca, NV, for support of afterschool programming	\$50,000
Los Angeles Universal Preschool, Los Angeles, CA for supporting early childhood education activities	\$240,000
Lower Brule Sioux Tribe, Lower Brule, SD, for support of afterschool programming, which may include the acquisition of equipment	\$100,000
Lyon County School District, Yerington, NV, for support of early education services	\$150,000
Madison Metropolitan School District, Madison, WI, for educational programming	\$500,000
Marketplace of Ideas/Marketplace for Kids, Inc., Bismarck, ND, for entrepreneurship education	\$200,000
Maryland Bio Foundation, Rockville, MD, for support of science, technology, engineering and mathematics education through a mobile laboratory outreach program, which may include purchase of equipment	\$800,000
Maui Economic Development Board, Kihei, HI, for engaging girls and historically underrepresented students in science, technology, engineering and math education	\$800,000
Mentoring Partnership of Minnesota, Minneapolis, MN for the support of academic mentoring programs serving at-risk youth, which may include technology	\$200,000
Mentoring Partnership of Southwestern PA, Pittsburgh, PA, for support of mentoring programs, which may include equipment and technology acquisitions	\$100,000
Meskwaki Nation - Sac & Fox Tribe of the Mississippi in Iowa, Tama, IA, for a culturally based education curriculum	\$400,000
Mid-Iowa Community Action, Inc., Marshalltown, IA, for literacy activities for pre-school aged children	\$100,000
Mississippi Band of Choctaw Indians, Choctaw, MS, for academic support, tutoring, mentoring, and afterschool programs	\$100,000
Mississippi Building Blocks, Ridgeland, MS, for a state-wide early childhood education program	\$500,000
Mississippi Council on Economic Education, Jackson, MS, for teacher training for economics, financial literacy and entrepreneurial education	\$500,000
Mississippi Historical Society, Jackson, MS, to develop educational materials for history instruction	\$100,000
Mississippi Museum of Natural Science Foundation, Jackson, MS, for science education exhibits and outreach programs	\$200,000
Mississippi State University, Mississippi State, MS, for a dropout prevention program, including the purchase of equipment	\$850,000
Mississippi State University, Mississippi State, MS, for an early childhood teacher education program, including the purchase of equipment and materials	\$500,000
Mississippi University for Women, Columbus, MS, for development of at-risk youth programs	\$250,000
Mississippi University for Women, Columbus, MS, for science and math programs for K-12 students	\$200,000
Montana Digital Academy, Missoula, MT, for support of online learning activities	\$100,000
Montgomery County Public Schools, Rockville, MD for support of the Middle School Expansion Program, which may include equipment and technology	\$300,000
Montgomery County School Corporation, Troy, NC for providing technology to students	\$175,000

National Center for Parents as Teachers, St. Louis, MO, to support home visitation programs, including the purchase of equipment	\$850,000
NC STEM Community Collaborative, Ft. Bragg Region, Research Triangle Park, NC, for science, technology, engineering and math programs, including the purchase of equipment	\$150,000
Neighborhood Music School, New Haven, CT for providing access to arts education for disadvantaged youth	\$100,000
Nettelhorst Community Group, Chicago, IL for providing upgrades to a science laboratory, which may include equipment	\$100,000
Nevada Department of Education, Carson City, NV, for a demonstration of public school facilities repair and construction, which may include subgrants	\$2,000,000
Nevada Parents Empowering Parents, Las Vegas, NV, to provide educational workshops to parents of students with disabilities	\$125,000
New Britain Academy for Health Professions, New Britain, CT for a program to educate high school students for a career in health care, which may include equipment and technology	\$490,000
New Day for Learning, San Francisco, CA for a summer learning program for children including staffing and professional development	\$300,000
New Rochelle City School District, New Rochelle, NY for supporting engineering programs and afterschool learning centers	\$400,000
North Rockland Central School District, Garnerville, NY for supporting online learning access, including equipment and technology	\$200,000
Nye County School District, Pahrump, NV, to support instructional/intervention specialists and the purchase of instructional materials	\$350,000
Oakland Unified School District, Oakland, CA for supporting the science system and smart center, including equipment	\$355,000
Oakland Unified School District, Oakland, CA, for the Oakland Truancy Intervention and Educational Support Program	\$300,000
Operation Shoestring, Jackson, MS, for afterschool and summer community outreach and education programs	\$100,000
Orchestra Iowa, Cedar Rapids, IA, to support a music education program	\$300,000
Pacific Islands Center for Educational Development, Pago Pago, American Samoa, for program development	\$400,000
Parents for Public Schools of Jackson, Inc., Jackson, MS, for professional development, development of materials, and programs to increase student achievement and graduation rates in low performing schools	\$250,000
Park Forest-Chicago Heights School District 163, Park Forest, IL for an afterschool reading program for grades K-3	\$100,000
Polynesian Voyaging Society, Honolulu, HI, for educational programs	\$300,000
Port Chester Rye Union Free School District, Port Chester, NY for support of educational programs including extended day learning, transition to high school and technology	\$300,000
Prince William County Schools, Manassas, VA for STEM program support for staff and students	\$220,000
Project HOME, Philadelphia, PA, for afterschool programs	\$100,000
Providence Community Library, Providence, RI, for support of the Out-of-School Learning Opportunities program	\$250,000

Public Education Foundation, Las Vegas, NV, for support of a clearinghouse for classroom supplies and materials	\$100,000
Rhode Island Nurses Institute, Providence, RI for a charter high school that prepares students for a career in nursing, which may include equipment and technology	\$400,000
Ricardo Flores Magon Academy, Westminster, CO for supporting programs including kindergarten, extended day and staff development, which may include equipment	\$200,000
River Rouge Community Schools, River Rouge, MI for program support at the New Tech High Schools, including technology	\$765,000
San Francisco Redevelopment Agency, San Francisco, CA, for a college preparatory program, in partnership with College Track	\$250,000
Sarah Heinz House, Pittsburgh, PA for an educational after-school program for at-risk youth, including equipment	\$250,000
Save the Children, Washington, DC, for a rural literacy program in Mississippi	\$100,000
Save the Children, Westport, CT, for support of the Louisiana Early Child Development program	\$200,000
SEED Foundation, Washington, DC, for the SEED School of Louisiana Exploratory project	\$250,000
Seminole County Public Schools, Sanford, FL for a program to promote STEM learning, including technology and equipment	\$750,000
Seton Hall University, South Orange, NJ, for an urban school improvement program	\$350,000
Silicon Valley Education Foundation, San Jose, CA for a middle school algebra program	\$400,000
South Berkshire Educational Collaborative, Great Barrington, MA for teacher professional development, which may include equipment	\$300,000
Southeastern Louisiana University, Hammond, LA, to increase the number of certified teachers and support other activities designed to improve student achievement	\$100,000
Southwest Washington Workforce Development Council, Vancouver, WA, for support of professional development in science and mathematics education	\$100,000
Spark Program, San Francisco, CA for an apprenticeship program targeting disadvantaged youth, which may include technology	\$100,000
St. Clair McKelway School (PS/IS 178), Brooklyn, NY for a technology upgrade project including purchase of equipment and supplies	\$75,000
St. Johns Baptist Church, Hempstead, NY for a youth empowerment program addressing college readiness and digital literacy, which may include equipment	\$100,000
St. Mary's College, Notre Dame, IN, for tutoring and mentoring programs for at-risk youth	\$100,000
State of Hawaii, Department of Education, Honolulu, HI for providing technology to rural public schools	\$300,000
Stewart County School District, Lumpkin, GA for providing academic enrichment for children, which may include equipment and technology	\$100,000
Stone Elementary Scholastic Academy, Chicago, IL for equipping a new science laboratory, which may include technology and equipment	\$50,000
Syracuse University, Syracuse, NY, for support of afterschool programming	\$500,000

Talbot County (GA) Board of Education, Talbotton, GA for the Learning Institute, which may include equipment and technology	\$100,000
Tarrytown Union Free School District, Sleepy Hollow, NY for education programs including literacy and summer school	\$300,000
Technology Assessment for Basic Skills, Inc., Des Moines, IA, for continuation and expansion of the SKILLS Iowa program	\$2,000,000
The Tibetan Community of New York and New Jersey, Inc., New York, NY, for the Tibetan Community Center Youth Education and Empowerment Program	\$100,000
Thrive By Five Washington, Seattle, WA, for support of early childhood education programming	\$300,000
Trumbull County Educational Service Center, Niles, OH for enhancing student opportunities in STEM careers, which may include equipment and technology	\$570,000
Tucson Youth Development, Inc., Tucson, AZ for an educational, dropout prevention, and workforce development program	\$300,000
Uintah School District, Vernal, UT, for academic achievement and credit recovery programs, including the purchase of equipment	\$106,000
United Neighborhood Organization (UNO) Charter School Network, Chicago, IL for academic support and college preparation activities for secondary school students, which may include equipment and technology	\$260,000
University of Akron, Akron, OH for supporting academic pathways into higher education, which may include equipment and supplies	\$500,000
University of Mississippi, University, MS, for teacher training for elementary mathematics education	\$300,000
University of Southern Mississippi, Hattiesburg, MS, for teacher training in the science, technology, engineering, math, language, and creative arts fields	\$400,000
Upper Cumberland Human Resource Agency, TN for art education	\$200,000
Utah State Office of Education, Salt Lake City, UT, for teacher development programs	\$300,000
Utah Symphony, Salt Lake City, UT, for music education programs	\$106,000
Washoe County School District, Reno, NV, for support of educational activities	\$500,000
Waters Today, Chicago, IL for an elementary school program teaching ecology	\$150,000
White Plains City School District, White Plains, NY for supporting programs including summer school and educational equipment	\$400,000
Williamsburg County School District, Kingstree, SC for equipment for a technology education center	\$300,000
World Science Festival, New York, New York, for science and environmental education and outreach activities	\$200,000
Yonkers Public Schools, Yonkers, NY for student and teacher development, which may include equipment	\$400,000
Young Writers Project, Inc., Winooski, VT, for support educational programming and teaching training	\$175,000
Youngstown Symphony Society, Youngstown, OH for the support of arts education targeting at-risk youth	\$350,000
Youth Technology Corps, Chicago, IL for an after school computer program for high school students	\$250,000
YWCA of San Francisco-Marin, San Francisco, CA for support to an elementary student tutorial program, which may include supplies	\$150,000

SAFE SCHOOLS AND CITIZENSHIP EDUCATION

National Activities.—The bill includes funding for the following activities:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Improving School Culture and Climate	\$48,300,000	-\$673,802	\$48,300,000
Building State Capacity for Prevention of Youth Substance Abuse	0	-4,142,429	0
School and College Emergency Preparedness	40,000,000	0	0
Safe Schools/Healthy Students	77,816,000	0	54,566,000
Student Drug Testing	0	-5,823,448	0
Postsecondary Education Drug and Violence Prevention	6,300,000	930,276	0
Sober Truth on Preventing Underage Drinking (STOP Act)	2,500,000	0	2,500,000
Project SERV	0	0	-5,000,000
Other activities	7,477,000	761,403	-2,859,000

Physical Education Program.—For the Carol M. White Physical Education Program, the Department shall provide a report to the Committees on Appropriations on the capacity of the Department to: (1) capture and make available information to potential grantees on best practices in physical education instruction that have been identified by previous grant activities, including specifically those related to physical education programs for students with disabilities; and (2) conduct outreach efforts on the availability of physical education funding for low-income and disadvantaged communities.

School Counseling.—In an effort to better leverage the federal investment in school counselors and to aid in the improvement of school mental health, the Department is directed to require that program applicants for School Counseling grants describe a plan that proposes to address the significant levels of risk and need in high-need schools in an integrated manner. This must include the creation of schoolwide systems to respond to at-risk students' emotional and behavioral issues, the integration of vital community services, and the enhancement of staff skills throughout the building. Grantees should be expected to demonstrate that program funds

will support the coordination of services with local mental health providers; provide training for non-mental health staff on warning signs for at-risk students; enhance schoolwide social and emotional learning; and develop school-based triage teams designed to support student needs. The Department is also directed to provide a briefing to the Committees on Appropriations on the planned use of funds for this purpose not less than 30 days prior to the release of a request for proposals.

Civic Education.—Within the \$46,500,000 provided for the Civic Education program, the bill provides \$19,617,000 for the We the People programs, including \$2,957,000 to continue the cooperative project involving the Center for Civic Education and other organizations related to knowledge, understanding, and support of American democratic institutions; \$2,000,000 for the iCivics initiative, \$13,383,000 for the Cooperative Education Exchange program, and \$11,500,000 for competitive grants.

School Culture and Climate.—Funds available for this initiative may be used for character education as part of integrated activities designed to improve conditions for learning that will help schools improve safe-

ty, school culture and climate; reduce substance use; and enhance student physical and mental well-being.

SPECIAL EDUCATION

Within the amount for Technology and Media Services, \$737,000 is available for the Reading Rockets program, administered by the Greater Washington Educational Television Association. Also within this amount, the bill specifies \$13,250,000 for Recordings for the Blind and Dyslexic, Inc., for continued production and circulation of recorded educational materials, and development and implementation of new technologies.

Within the amount for Parent Information Centers, the additional funds provided should be used to support the work of all centers, balanced by the importance of targeting additional resources to centers that are serving areas with growing populations.

REHABILITATION SERVICES AND DISABILITY RESEARCH

Demonstration and Training Programs.—The bill includes funding for the following projects in the following amounts:

Project	Amount
American Academy of Orthotists and Prosthetists, Washington, DC, to improve the quality of applied orthotic and prosthetic research and to help meet the demand for provider services	\$500,000
ARC of Madison County, Huntsville, AL, for a disability program initiative, which may include equipment	\$100,000
Cornerstone Services, Inc., Joliet, IL for Special Education employment services	\$200,000
Holy Angels Residential Facility, Caddo Parish, LA, for vocational training for developmentally disabled individuals	\$100,000
Special Olympics Rhode Island, Warwick, RI for delivering programs and promoting physical fitness among individuals with disabilities	\$250,000
Spurwink Services, Portland, ME, for education programs for students with autism	\$400,000
Statewide Independent Living Council, Anchorage, AK, to expand independent living programs for rural and remote areas	\$400,000
Utah State Office of Rehabilitation, Salt Lake City, UT, for assistive technology equipment	\$150,000

Workforce Innovation Funds.—The bill includes \$27,000,000 to fund competitive grants for workforce innovation activities. Grant activities should test innovative strategies or replicate proven practices that support reforms of the workforce investment system and substantially improve employment and education outcomes for participants, particularly those who are hardest to serve. With respect to grantee eligibility and priority for selecting grant applicants, the Department should follow guidance contained in Senate Report 111-243.

for workforce innovation activities. Grant activities should test innovative strategies or replicate proven practices that support reforms of the workforce investment system and substantially improve employment and education outcomes for participants, particularly those who are hardest to serve. With respect to grantee eligibility and priority for selecting grant applicants, the Department should follow guidance contained in Senate Report 111-243.

Higher Education Act from the Federal Work-Study Programs appropriation.

STUDENT AID ADMINISTRATION

The Department shall provide a report to the Committees on Appropriations by March 1, 2011, and biannual reports thereafter, detailing Federal Student Aid's obligation plan, by quarter, for spending mandatory and discretionary funding. This plan should be broken out by servicer, activity and funding source.

HIGHER EDUCATION

Fund for the Improvement of Postsecondary Education (FIPSE).—Within the total for FIPSE, the bill includes funding for the following activities:

CAREER, TECHNICAL, AND ADULT EDUCATION
Adult Education.—Within the amount in National Leadership Activities, the bill includes \$25,000,000 to fund competitive grants

Work Study.—The Department shall provide the same funding in fiscal year 2011 as in the prior year for the Work Colleges program authorized under section 448 of the

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 budget request
Centers of Excellence for Veteran Student Success	\$5,500,000	-\$500,000	+\$5,500,000
College Textbook Rental Initiative	9,500,000	-500,000	+9,500,000
Training for Realtime Writers	1,000,000	0	+1,000,000
Off-campus Community Service Program	750,000	0	+750,000
Comprehensive Program	19,947,000	-7,360,000	-750,000
International Program	12,356,000	+2,019,000	0
Contracts	600,000	0	0
Peer Review	569,000	+167,000	0
Total	50,222,000	-6,174,000	16,000,000

The bill includes funding for the following projects in the following amounts:

Project	Amount
Alcorn State University, Alcorn State, MS, for workforce enhancement through graduate technical online curriculum support, including the purchase of equipment	\$500,000
Arkansas Baptist College, Little Rock, AR for providing remedial education in order to enhance college access and opportunity, which may include equipment and technology	\$350,000
Arkansas Baptist College, Little Rock, AR, for the Center for Entrepreneurship	\$150,000
Armstrong Atlantic State University Cyber Security Research Foundation, Savannah, GA, for the Cyber Intelligence and Counter Terrorism Program, including the purchase of equipment	\$200,000
Asnuntuck Community College, Enfield, CT for a Alternative Energy Technologies program, which may include equipment	\$320,000
Austin Peay State University, Clarksville, TN for the purchase of equipment	\$500,000
Bacone College, Muskogee, OK for the purchase of equipment	\$300,000
Baylor University, Waco, TX, for technology upgrades at the Baylor Research and Innovation Collaborative, including the purchase of equipment	\$200,000
Bennett College for Women, Greensboro, NC to establish a Center for Women	\$750,000
Bethune-Cookman University, Daytona Beach, FL for equipment and technology upgrades	\$200,000
Black Hills State University, Spearfish, SD, for equipment to enhance education programs	\$450,000
Boricua College, New York, NY for curriculum development and technology upgrades	\$200,000
Brazosport College, Lake Jackson, TX for a Nursing Simulation Training Center, which may include equipment	\$350,000
California Community Colleges Chancellor's Office, Sacramento, CA, to expand a program providing academic support to veterans	\$500,000
California Polytechnic State University, San Luis Obispo, San Luis Obsipo, CA for their Science Teacher and Researcher Program, which may include stipends	\$250,000
California State University, Bakersfield, Bakersfield, CA, for support of the nursing program	\$150,000
California State University, Long Beach, CA, for staff resources for the Metro Academies Initiative	\$350,000
California State University, Sacramento, Sacramento, CA, for the Veterans Education Transitional Supports program	\$150,000
California State University--Bakersfield, Bakersfield, CA for the CSUB Energy Center, which may include curriculum development and the purchase of equipment	\$700,000
California State University-San Bernardino, San Bernardino, CA for a computer engineering program which may include equipment	\$700,000
Canisius College, Buffalo, NY for the purchase of equipment, technology and telecommunications to improve the college	\$500,000
Castleton State College, Castleton, VT, to expand the Principal Training and School Leadership Program	\$300,000
Cazenovia College, Cazenovia, NY, for curriculum development and job training	\$200,000
Center for Communicating Science at Stony Brook University, Stony Brook, NY to expand the Center for Communicating Science	\$700,000
Central Maine Community College, Auburn, ME, for job training programs for healthcare providers	\$285,000

Central Washington University, Ellensburg, WA, to launch the state's first bachelor's degree program in clean energy	\$1,000,000
Cincinnati State Technical and Community College, Cincinnati, OH for the expansion of energy and weatherization training and certification program which may include equipment and tuition	\$425,000
Cincinnati State Technical and Community College, Cincinnati, OH, for GED and transition to college programs and job placement	\$150,000
Coe College, Cedar Rapids, IA, for the Digital Media Technology Project	\$300,000
College of Idaho, Caldwell, ID, for technology upgrades and the purchase of equipment	\$100,000
College of New Rochelle, New Rochelle, NY for stipends, equipment, and technology for nursing and science programs	\$250,000
College of Notre Dame of Maryland, Baltimore, MD for a nurse education collaborative partnership with Good Samaritan and Franklin Square Hospitals, which may include equipment, tuition, and scholarships	\$425,000
College of Southern Nevada, Las Vegas, NV, for the expansion of online courses	\$400,000
College Opportunity Resources of Education, Philadelphia, PA for scholarship assistance and stipends	\$550,000
College Success Foundation, Washington, DC, for mentoring and scholarships	\$500,000
Commonwealth Medical College, Scranton, PA to improve the education and training of health care professionals, which may include equipment	\$1,000,000
Community College of Allegheny County, Pittsburgh, PA, to support basic education and GED programs	\$100,000
Community College of Rhode Island, Warwick, RI, for the development of a biotech program, including equipment	\$500,000
Connecticut State University System, Hartford, CT, to expand Latin American and Caribbean studies	\$500,000
Cuyahoga Community College, Cleveland, OH to expand the program in advanced manufacturing, alternatives to auto technology, veterans jobs and green jobs, which may include the purchase of equipment	\$700,000
Dakota Wesleyan University, Mitchell, SD, for health care training programs	\$150,000
Deaf West, North Hollywood, CA, for educational programming	\$250,000
Delaware Technical and Community College, Dover, DE, for distance learning technology	\$150,000
Delta College, University Center, MI, for chemical process and lithium battery Lab Equipment	\$250,000
Dickinson State University, Dickinson, ND, for its Theodore Roosevelt Center	\$300,000
Drake University Law School, Des Moines, IA, to create the Drake Institute for Legislation and Agriculture Policy	\$300,000
Eastern Gateway Community College, Steubenville, OH to expand services to economically disadvantaged and first-generation college students, which may include equipment	\$1,000,000
Eastern Washington University, Spokane, WA, to educate, conduct research, and disseminate vital information on regional water issues	\$300,000
Edward M. Kennedy Institute for the United States Senate, Boston, MA, for educational program development, including an endowment	\$500,000

Elms College, Chicopee, MA for laboratory equipment for the fields of biology, chemistry, nursing, autism spectrum disorder, and communications sciences and disorders	\$300,000
Enterprise State Community College, Enterprise, AL for educational equipment	\$650,000
Florida Atlantic University, Boca Raton, FL for curriculum development, which may include the purchase of equipment	\$400,000
Fort Lewis College, Durango, CO, to develop and administer the Tribal Nation Building program to provide internships and social service programs	\$250,000
Francis Marion University, Florence, SC, for early childhood education initiatives	\$150,000
Future Generations, Franklin, WV, to develop a higher education degree in the field of substance abuse prevention	\$1,000,000
Grambling State University, Grambling, LA, for the Project Lifelines program for vocational or higher education training	\$100,000
Grand Rapids Community College, Grand Rapids, MI, for the purchase of equipment and development of education programs in alternative/renewable energy	\$100,000
Hawaii Community College, Hilo, HI, to promote Native Hawaiian and other secondary education programs	\$400,000
Hazard Community and Technical College, Hazard, KY, for science technology engineering and math education programs	\$100,000
Holy Family University, Philadelphia, PA for a computer forensics training center, which may include equipment	\$350,000
Huntingdon College, Montgomery, AL, for purchase of equipment and technology upgrades to support distance learning initiatives	\$100,000
Illinois State University - Normal, Normal, IL, for minority student recruitment and retention	\$400,000
Imperial Valley Community College District, Imperial, CA, for an English Language Immersion program	\$200,000
Indiana University-Purdue University Indianapolis, Indianapolis, IN for a financial literacy program	\$350,000
Iowa Valley Community College District, Iowa Falls, IA, for a training program in agricultural and renewable energy technology, including the purchase of equipment	\$300,000
Ivy Tech Community College, Indianapolis, IN to expand Ivy Tech's advanced manufacturing program at its Central Indiana campus, which may include equipment	\$350,000
Ivy Tech, Indianapolis, IN for the purchase of educational laboratory equipment at Ivy Tech's Northwest campus	\$500,000
Jackson Community College/Bay de Noc College/Lake Michigan College, Jackson, MI, to develop and implement assessment tools and curriculum to serve low skilled adults	\$100,000
Jackson State University, Jackson, MS, for teacher training to improve literacy and mathematics instruction	\$500,000
Johnson State College, Johnson, VT, to expand the teacher preparation program	\$200,000
Junior College District of Newton and McDonald Counties, Missouri, Neosho, MO, for the purchase of equipment to support allied health education	\$500,000
Junior College District of Sedalia, Missouri, Sedalia, MO, for curriculum development and the purchase of equipment related to advanced energy systems	\$500,000
Kansas City Community College, Kansas City, KS for a Hospitality Education and Retail Training program, which may include equipment	\$750,000

Kauai Community College, Lihue, HI, for planning and implementation of a four year degree program	\$200,000
Keene State College, Keene, NH, for curriculum development and educational equipment for the Monadnock Biodiesel Collaborative	\$150,000
Lake Area Technical Institute, Watertown, SD, for educational equipment related to first responder training	\$200,000
Lake Erie College of Osteopathic Medicine, Erie, PA, to training dental students in patient centered care	\$100,000
Leeward Community College, Pearl City, HI, to provide college preparatory education for Filipino students	\$400,000
Long Beach City College, Long Beach, CA for curriculum development, equipment, and technology	\$500,000
Macomb Community College, Warren, MI, to develop assessment and curriculum materials to make displaced workers college ready	\$250,000
Manhattan Area Technical College, Manhattan, KS, for curriculum development and technology upgrades, including the purchase of equipment	\$450,000
Maricopa County Community College District, Tempe, AZ for the Bilingual Nursing Program at South Mountain Community College, which may include stipends, scholarships, and tuition	\$450,000
Maricopa County Community College District, Tempe, AZ for the East Valley Veterans Center to enable veterans to enroll in and complete postsecondary education, which may include equipment and technology	\$275,000
Marquette University, Milwaukee, WI for developing a model freshman year transition program for low income and first generation college students who aspire to earn bachelor's degrees in engineering	\$200,000
Maryland Association of Community Colleges, Annapolis, MD, for the purchase of equipment to develop science and engineering labs	\$1,250,000
McHenry County, Woodstock, IL to expand the capacity of and infrastructure at McHenry County College, which may include equipment	\$400,000
Medaille College, Buffalo, NY, for equipment related to science education	\$150,000
Methodist University, Fayetteville, NC, for curriculum development and education equipment related to first responder training	\$150,000
Metropolitan Community College, Kansas City, MO for the expansion of the Homeland Security Regional Training Institute, which may include equipment and tuition	\$650,000
Metropolitan State College of Denver, Denver, CO, for the purchase of equipment for aviation training program	\$100,000
Middle Tennessee State University, Murfreesboro, TN to establish international biotechnology partnerships, which may include student stipends and tuition	\$400,000
Middle Tennessee State University, Murfreesboro, TN, for science technology engineering and math education, including the purchase of equipment	\$1,500,000
Midway College, Inc., Midway, KY, for education equipment related to nursing and health sciences	\$100,000
Minot State University, Minot, ND, for salaries and operating expense for the Center for Community Research and Service	\$450,000
Mississippi State University, Mississippi State, MS, for technology upgrades and the purchase of equipment to support the Delta Council Papers Project	\$100,000

Mott Community College, Flint, MI, for the purchase of renewable energy equipment and curriculum development for the Institute for Renewable and Sustainable Energy	\$250,000
Nevada State College, Henderson, NV to expand its online course offerings, which may include equipment	\$650,000
New College Institute, Martinsville, VA to develop and implement degree programs, which may include the purchase of equipment	\$1,000,000
New Hampshire Institute of Politics at Saint Anselm College, Manchester, NH, for education programs, technology upgrades and purchase of equipment	\$2,650,000
New School - Institute for Urban Education, New York, NY, for an educational mentoring and outreach program for low-income, at-risk students	\$725,000
Niagara County Community College, Sanborn, NY, for educational equipment	\$100,000
North Arkansas College, Harrison, AR, for the purchase of equipment and IT upgrades	\$100,000
North Iowa Area Community College, Mason City, IA, to make state-of-the-art training, technology, and equipment available for health professionals	\$200,000
Northeast Community College, Norfolk, NE, for the purchase of equipment for a renewable energy program	\$500,000
Northeast Iowa Community College, Calmar, IA, For Dairy Science Technology program	\$300,000
Northeastern State University, Tahlequah, OK, for professional development, including the purchase of equipment	\$100,000
Northern Arizona University, Flagstaff, AZ for a program to increase college retention and graduation rates, which may include the purchase of equipment and technology	\$1,000,000
Northern Arizona University, Phoenix, AZ to expand NAUTeach, which may include equipment, tuition, and stipends	\$115,000
Northern Illinois University, DeKalb, IL, to create a pilot study abroad program	\$200,000
Northern Kentucky University, Highland Heights, KY, for the purchase of equipment and technology	\$2,000,000
Northern Maine Community College, Presque Isle, ME, for equipment related to wind power technology programs	\$200,000
Northwest Arkansas Community College, Bentonville, AR, for the purchase of distance learning equipment	\$300,000
Northwest Indian College, Bellingham, WA, to expand financial literacy education opportunities	\$150,000
Ohio Dominican University, Columbus, OH, for science programs, including the purchase of equipment	\$150,000
Oklahoma State University, Stillwater, OK, to develop a veteran entrepreneurial training program	\$100,000
Orange County Community College, Middletown, NY, for support of the Science, Engineering & Technology Center, which may include equipment and wiring	\$500,000
Pennsylvania Commission for Community Colleges, Harrisburg, PA, to design, create, and implement open source educational materials	\$100,000
Peralta Community College District, Oakland CA for the Maximum Achievement Project, which may include the purchase of equipment	\$250,000
Philadelphia University, Philadelphia, PA for an emerging green economy educational initiative, which may include the purchase of equipment	\$500,000
Pierce College, Lakewood, WA for equipment to support STEM curriculum and education	\$190,000
Pittsburg State University, Pittsburg, KS, to expand education programs	\$400,000

Portland Community College, Portland, OR for education and training programs in renewable energy and emerging industries, which may include equipment and technology	\$450,000
Providence College, Providence, RI for curriculum development, which may include the purchase of supplies, technology, and equipment	\$170,000
Providence College, Providence, RI, for technology improvements related to education	\$300,000
Quinsigamond Community College, Worcester, MA for program expansion, which may include the purchase of equipment and technology	\$400,000
Rancho Santiago Community College District, Santa Ana, CA to expand their existing Advanced Engine Performance Certificate program, which may include equipment	\$450,000
Redlands Community College, El Reno, OK, for nursing education and training including the purchase of equipment	\$100,000
Richland Community College, Decatur, IL, for the purchase of modern human patient simulators	\$150,000
Roger Williams University, Bristol, RI, for college access and school-to-work programs	\$400,000
San Diego State University Research Foundation, San Diego, CA for development and implementation of the Veterans Education Transitional Support program	\$450,000
San Jose State University Foundation, San Jose, CA to develop a center for Culturally Responsive English Language Teaching, which may include tuition	\$480,000
San Juan College, Farmington, NM, for the creation of online and certificate programs to expand the Renewable Energy Program	\$150,000
Santa Clara University, Santa Clara, CA for a Leading Innovation Through New Engineering Solutions program, including curriculum development and educational equipment	\$600,000
Security on Campus, Inc., King of Prussia, PA, to support peer education programs	\$100,000
Simpson College, Indianola, IA, for the John C. Culver Public Policy Center	\$400,000
Sonoma State University, Rohnert Park, CA for the creation of the Sonoma Network for Environmental Technology, which includes equipment	\$350,000
South Arkansas Community College, El Dorado, AR, for the purchase of equipment for the Process Technology Operator Program	\$200,000
Southern Maine Community College, South Portland, ME to establish the Maine Advanced Technology & Engineering Center, which may include equipment	\$425,000
Southern Maine Community College, South Portland, ME, to development a heavy equipment and transportation program, including the purchase of equipment	\$625,000
St. Joseph College, West Hartford, CT, for personnel, equipment and technology at the new Institute for Autism and Behavioral Studies	\$600,000
St. Joseph's College, Brooklyn, NY for equipment and technology for science laboratories, smart classrooms and distance learning	\$300,000
St. Michael's College, Colchester, VT, for curriculum development and academic programming at the Center for Intercultural and Global Learning	\$250,000
SUNY Upstate Medical University, Syracuse, NY, for curriculum development in addition to hiring and training faculty	\$250,000
TELACU Educational Foundation, Los Angeles, CA for a Bridge to Nursing Program to ensure the retention, graduation, and licensing of low-income nursing students	\$400,000
Texas State Technical College, Georgetown, TX, for the purchase of equipment and technology	\$110,000

Texas Wesleyan University, Ft. Worth, TX for an extended studies program, which may include equipment	\$400,000
Three Rivers Community College, Poplar Bluff, MO, for the purchase of equipment	\$250,000
Towson University, Towson, MD, for equipment and program development for the Center for Adults with Autism	\$150,000
Trident Technical College, North Charleston, SC for curriculum and educational development, which may include equipment	\$250,000
Trident Technical College, North Charleston, SC, for curriculum development and education equipment for an aeronautical training program	\$100,000
Truckee Meadows Community College, Reno, NV, to support the Success First program	\$200,000
Turtle Mountain Community College, Belcourt, ND, for education technology equipment	\$200,000
University of Arizona, Tucson, AZ, for the Integrative Medicine in Residency program	\$600,000
University of Cincinnati, Cincinnati, OH, for the Diversity and Access Initiative	\$350,000
University of Colorado at Colorado Springs, Colorado Springs, CO, for the Southern Colorado Higher Education Consortium Veterans Educational Assistance Program	\$100,000
University of Colorado-Denver, Denver, CO to establish a program for the creation, testing and display of visual educational materials in a variety of STEM (Science, Technology, Engineering and Math), Medicine, and Humanities related subject areas, which may include equipment, student stipends and scholarships	\$250,000
University of Connecticut School of Law, Hartford, CT, for a Human Rights and International Law fellowship program	\$250,000
University of Guam, Mangilao, GU to create a School of Engineering, which may include equipment and technology	\$700,000
University of Hawaii School of Law, Honolulu, HI, for the health policy center	\$350,000
University of Iowa, Iowa City, IA, for the National Institute for Twice-Exceptionality	\$275,000
University of Maine at Fort Kent, Fort Kent, ME, for curriculum development for nursing education programs	\$600,000
University of Mississippi, University, MS, to support interdisciplinary research and education related to public policy and economic education	\$250,000
University of New Hampshire, Durham, NH for its National Inclusive Education Initiative for Students with Autism and Related Disabilities	\$500,000
University of New Haven, Waterbury, CT for equipment and technology for the Henry C. Lee Institute of Forensic Science Learning Center	\$250,000
University of Northern Colorado, Greeley, CO, for The Education Innovation Institute	\$100,000
University of Northern Iowa, Cedar Falls, IA, to support the Center for Disability Studies in Literacy, Language and Learning	\$550,000
University of South Dakota, Vermillion, SD, to identify and address the educational needs of veterans with disabilities	\$400,000
University of Southern Maine, Portland, ME, for curriculum development, including the purchase of equipment	\$500,000
University of Southern Mississippi, Hattiesburg, MS, for professional and curriculum development, and distance learning at the Gulf Coast Campuses	\$250,000
University of Texas Medical Branch-Galveston, Galveston, TX for a Telehealth Resource Learning Center, which may include equipment and technology	\$750,000
University of Vermont, Burlington, VT, to modernize the College of Nursing curriculum	\$475,000

University of Wisconsin-Stevens Point, Stevens Point, WI, to support non-traditional and veteran students with disabilities in higher education and career development	\$400,000
Upper Iowa University, Fayette, IA for educational equipment and technology related to the enhancement of the Upper Iowa University e-Center	\$550,000
Urban College of Boston, Boston, MA, to support higher education program serving low-income and minority students	\$500,000
Utah State University, Logan, UT, to develop a land-grant education and research network	\$106,000
Valley City State University, Valley City, ND, for the Great Plains STEM Education Center	\$350,000
Virginia Highlands Community College, Abingdon, VA for the Energy Technology Workforce Training Project, which may include equipment	\$300,000
Wake Technical Community College, Raleigh, NC for the Supporting Education for Returning Veterans through Engagement project, which may include equipment	\$150,000
Waubonese Community College, Sugar Grove, IL for equipment	\$220,000
Westchester Community College Foundation, Valhalla, NY for the development of a veterans education program, which may include equipment	\$150,000
Western Nebraska Community College, Scottsbluff, NE, for the Western Nebraska Wind Energy Training Center	\$500,000
Western Technical College, La Crosse, WI, to establish a veteran's center on campus	\$150,000
Westminster College, Salt Lake City, UT, to purchase equipment to support nursing and health science education	\$150,000
Winthrop University, Rock Hill, SC for its Focusing on Collegiate Undergraduate Success initiative to enhance residential learning and academic support services for students	\$250,000
World Youth Peace Summit, Inc., Hartford, CT to establish a Social Entrepreneurship program to educate undergraduate students on public policy, international relations, peace negotiations and initiatives, and social responsibility	\$500,000
Zapata County, Zapata, TX for purchase of equipment	\$250,000

INSTITUTE OF EDUCATION SCIENCES

Within the amount provided for Research, Development, and Dissemination, the Department is directed to award \$2,200,000 to the National Academy of Sciences for a study of teacher evaluation methods. The study will address issues such as the uses of student test scores, intended and unintended effects of different evaluation methods, and uses of evaluation results to inform personnel decisions. Such research is needed to shed light on the scientific issues related to different teacher evaluation techniques. The results of the study will include findings and recommendations for appropriate methods of evaluation that are consistent with current research. The National Academy of Sciences shall issue a preliminary letter report to Congress no later than 6 months after the start of the study in order to provide guidance related to caveats and cautions that should be considered with respect to immediate policy uses of teacher evaluation techniques that are currently under consideration, an interim report approximately 18 months after the start of the study, and a final report to Congress no later than 30 months after the start of the study.

In addition, as stated in the Senate report, the Institute of Education Sciences is directed to continue work on research regarding teacher preparation and support a National Research Center on the Gifted and Talented and research on gifted and talented education.

DEPARTMENTAL MANAGEMENT

Within 30 days of enactment of this Act, the Secretary shall provide a report to the

Committees on Appropriations detailing the Department and the office of Federal Student Aid's (FSA) work in developing formats and content that synthesize and capture loan level data available in the Department's and FSA's systems: how the data identify measurable trends at loan origination and in loan performance, how FSA is sharing this information with all stakeholders, and how it affects budgetary decisions.

OFFICE FOR CIVIL RIGHTS

Within the amount provided for the Office for Civil Rights, the Department shall use no less than \$200,000 and up to \$750,000 to continue the Educational Opportunity and Equity Commission.

OFFICE OF THE INSPECTOR GENERAL

Funds available in Public Law 111-5 may be used for oversight of the Education Jobs Fund.

GENERAL PROVISIONS

Sections 301-306 are continuations of general provisions included in the fiscal year 2010 version of this Act, except that section 304 has been modified to require the Department to explain the effects of transfers by program, project, and activity.

Section 307 is a new provision establishing an Early Learning Challenge Fund.

Section 308 is a new provision amending the Department of Education Organization Act and the Carl D. Perkins Career and Technical Education Act of 2006.

Section 309 is a new provision regarding Impact Aid.

Section 310 is a new provision regarding highly qualified teachers.

TITLE IV

RELATED AGENCIES

Funding levels for Related Agencies receiving appropriations in this Act, along with comparisons to last year's levels and the budget request, are shown in the table at the end of this division. Further details, as applicable, are discussed below.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Funding levels for programs within the Corporation for National and Community Service (Corporation), along with comparisons to last year's levels and the budget request, are shown in the table at the end of this division. Any allocations of funding beyond the level of detail in that table are indicated below.

Operating Expenses.—The Corporation is directed to undertake a survey of the utilization of the newly transferrable Segal Education Award for participants aged 55 and older and submit a report to the Committees on Appropriations not later than April 1, 2011, on the results.

Sufficient funding is included to increase the hourly stipends for Foster Grandparents and Senior Companion members by 10 cents, for a total of \$2.75 per hour.

Within the total for Learn and Serve America, the bill provides \$2,000,000 for the Summer of Service program to allow an estimated 4,000 students to participate.

Within the total for Innovation, Assistance, and Other Activities, the bill includes the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 Budget Request
Social Innovation Fund	\$60,000,000	+\$10,000,000	0
Volunteer Generation Fund ¹	5,000,000	0	-5,000,000
Non-Profit Capacity Building Program	2,000,000	+1,000,000	+2,000,000
Serve America Fellowships	0	0	-1,000,000
All other innovation, assistance, and other activities	4,000,000	-500,000	-2,000,000

¹ Martin Luther King Day funds provided through the Volunteer Generation Fund, as requested by the President.

Administrative Provisions.—

Sections 401-403 are continuations of general provisions included in the fiscal year 2010 version of this Act.

Section 404 is a new provision requiring that the Summer of Service program be administered as part of Learn and Serve America's Innovative and Community-Based Programs without decreasing the funding provided to States for K-12 student programs.

Section 405 is a new provision specifying that the use of national service education awards to attend certain institutions or

training establishments provided by the Secretary of Veterans Affairs is limited to veterans.

FEDERAL MINE SAFETY AND HEALTH REVIEW COMMISSION

For the Federal Mine Safety and Health Review Commission, the bill provides a \$1,600,000 increase above the budget request to enable the Commission to begin reducing the backlog of cases in the Office of Administrative Law Judges. The Review Commission and the Department of Labor are encouraged

to place an increasing emphasis on contested citations from mine operators with enough penalty citations to qualify under the current pattern of violations sanction.

INSTITUTE OF MUSEUM AND LIBRARY SERVICES

Office of Museum and Library Services: Grants and Administration.—Within the appropriation for the Institute of Museum and Library Services (IMLS), the bill includes funding for the following activities in the following amounts:

Budget activity	This bill	This bill compared to—	
		FY 2010	FY 2011 Budget Request
Library Services Technology Act (LSTA):			
Grants to States	\$172,561,000	\$0	\$0
Native American Library Services	4,025,000	+25,000	+25,000
National Leadership: Libraries	13,975,000	+1,538,000	-25,000
Laura Bush 21st Century Librarian	22,962,000	-1,563,000	0
Museum Services Act:			
Museums for America	19,176,000	0	0
Museum Assessment Program	460,000	0	0
21st Century Museum Professionals	2,270,000	+990,000	-10,000
Conservation Project Support	3,052,000	0	0
Conservation Assessment Program	803,000	0	0
Native American/Hawaiian Museum Services	985,000	+10,000	+10,000
National Leadership: Museums	6,981,000	-1,000,000	0
African American History and Culture Act:			
Museum Grants for African American History and Culture	1,485,000	0	0

The legislative language regarding eligibility of Indian tribes for Library Services and Museum Services grants defines an Indian tribe as any tribe, band or nation, including Alaska native villages and regional

corporations, recognized by the Secretary of Interior. IMLS should permit grant applications from American Indian tribes and Alaska Native villages listed as entities or sub-entities published in the most recent Federal

Register list of federally recognized tribes, pursuant to section 104 of Public Law 103-454.

The bill includes funding for the following projects in the following amounts:

Project	Amount
Bishop Museum, Honolulu, HI, for conservation and other projects, including arts education for youth and the study and preservation of the history of Kalaupapa	\$800,000
City of Cedar Rapids, IA, Cedar Rapids, IA, for automating the circulation system at the Cedar Rapids Library	\$300,000
City of Hagerstown, Hagerstown, MD, for educational programming and displaying the Doleman collection	\$100,000
Delta State University, Cleveland, MS, for library technology upgrades, including the purchase of equipment	\$100,000
Dubuque Historical Society, Dubuque, IA, for exhibits relating to the Mississippi River	\$400,000
Greenville Public Library, Smithfield, RI, for library technology and programs	\$300,000
Mississippi Children's Museum, Jackson, MS, for exhibits and educational programming	\$400,000
Mississippi Gulf Coast Community College, Perkinston, MS, for collecting, cataloging, and archiving of newspaper and digital media	\$100,000
Ohr-O'Keefe Museum of Art, Biloxi, MS, for design and exhibits	\$250,000
Oxford Lafayette County Heritage Foundation, Oxford, MS, for exhibits and design	\$100,000
Science Center of Iowa, Des Moines, IA, for educational exhibits	\$400,000
South Dakota School of Mines and Technology, Rapid City, SD, for preservation activities and storage	\$100,000
Southern Utah University, Cedar City, UT, for exhibits, installations and equipment	\$400,000
Tennessee-Tombigbee Waterway Transportation Museum, Columbus, MS, for exhibit design and digitization of documents	\$100,000
University of Mississippi, University, MS, for documentation, preservation, restoration, and programming related to the American Music Archives	\$150,000
University of Mississippi, University, MS, for museum education and outreach programs	\$150,000
Walter Anderson Museum of Art, Ocean Springs, MS, for archive and digitization of collections	\$150,000
World Food Prize, Des Moines, IA, for exhibits at the Dr. Norman E. Borlaug Hall of Laureates Museum	\$450,000

NATIONAL COUNCIL ON DISABILITY

The National Council on Disability, in consultation with representatives of the limb loss community and the Transportation Security Administration, is directed to review current policies for travelers, determine if it is appropriate to design screening process changes, and report on any proposed changes to the Committees on Appropriations within 180 days of enactment of this Act.

NATIONAL HEALTH CARE WORKFORCE COMMISSION

The bill includes \$3,000,000 for a new National Health Care Workforce Commission.

NATIONAL LABOR RELATIONS BOARD

The National Labor Relations Board (NLRB) is directed to submit a report to the Committees on Appropriations within 90 days of enactment of this Act addressing NLRB's plan and progress towards reconsidering cases decided during the period that NLRB had a two-member board.

NATIONAL MEDIATION BOARD

For the National Mediation Board, the bill provides a \$1,200,000 increase above the budget request to enable the Board to handle the current increase in caseload resulting from the renegotiation of a number of collective bargaining agreements and recent or proposed mergers.

RAILROAD RETIREMENT BOARD

Funds from the Railroad Retirement Trust Fund shall not be spent on any charges over and above the actual cost of administering the trust fund, including commercial rental rates.

SOCIAL SECURITY ADMINISTRATION

Funding levels for programs within the Social Security Administration (SSA), along with comparisons to last year's levels and the budget request, are shown in the table at the end of this division. Any allocations of funding beyond the level of detail in that table are indicated below.

The bill includes \$1,863,000 within Limitation on Administration Expenses (LAE) to improve the SSA's acquisition workforce capacity. SSA is directed to provide a plan with milestones, performance measures, and estimated funding levels to the Committees on Appropriations by April 1, 2011, on its base activities and specific activities supported above the base due to this initiative.

In order to improve transparency and accountability of unobligated balances of prior-year funds that remain available only for IT and telecommunication initiatives, the bill directs creation of a specific no-year Information Technology and Telecommunications Investment Fund (ITTI Fund) within the LAE account. SSA is directed to include information in its annual budget request on the ITTI Fund, including actual and planned balances, transfers, and expenditures, as well as funds remaining unobligated in prior-year expired accounts. The budget request should also include consolidated information on actual and planned IT and telecommunications investments, including actual and planned

uses of these funds and annually appropriated funds used for the same purposes. The bill also rescinds \$455,700,000 from unobligated balances of prior year funds remaining available for investments in IT and telecommunication activities pursuant to special language that has been carried in annual appropriations legislation for a number of years.

As processing time for initial disability claims continues to increase, the Commissioner is requested to develop and implement a plan to reduce processing times to below the fiscal year 2007 level as an initial target, and to use additional resources toward this goal in fiscal year 2011. The Commissioner should report to the Committees on Appropriations not later than 180 days after enactment of this Act on the timeline, plan, and steps taken to move toward this goal. The Commissioner is also urged to expedite as much as possible the plan to reduce the current backlog of disability hearings.

The Committees appreciate the Commissioner's decision to delay the planned reinstatement of the reconsideration stage of disability review in States where it has been eliminated as SSA examines other activities to speed up final determinations. SSA is directed to submit a report to the Committees on Appropriations within 180 days of enactment of this Act evaluating the reinstatement of the reconsideration stage and other options. SSA is also requested to develop a mechanism to track productivity at the program level (for example DDS, ODAR, and SSA's Operations components including field offices, Payment Service Centers, information technology, and teleservice centers) and report this information in the fiscal year 2012 request along with related impact on program costs.

The bill includes up to \$13,360,000 within the SSI program to be used through an inter-agency agreement with the Department of Labor (DOL) to develop an occupational information network by extending DOL's Occupational Information Network (O*NET)/SOC structure and content model framework to meet SSA needs. While not as robust as required by SSA, O*NET could be leveraged to support SSA's requirements and reduce the overall cost of the project by utilizing DOL's occupational information experts and building on a product that is already developed. The inter-agency agreement should build on pre-existing efforts of both agencies, and address measurable goals, roles and responsibilities, and budget. DOL should solicit input and recommendations from SSA and outside experts, including convening an expert advisory panel jointly selected by DOL and SSA. The SSA and DOL are directed to submit a joint report to the Committees on Appropriations, the House Committee on Ways and Means, and the Senate Finance Committee, with a timeline, major milestones, and projected 5-year costs of this project within 180 days of enactment of this Act and annual progress reports thereafter. The initial report should address plans for research and feasibility testing.

The required operating plan and re-programming rules in the bill apply to SSA at the program, project, and activity level for all funds provided. The Committees on Appropriations should be notified in advance of any realignment of funds within the specific activities identified on the Extramural Research & Demonstration budget tables supplied for the fiscal year 2011 House hearing record. The operating plan and any re-programming should include the prior year actual, budget request level, current level (if applicable) and the new operating plan level at this level of detail. In addition, future budget requests and operating plans should include funding levels in at least as much detail.

TITLE V

GENERAL PROVISIONS

Sections 501 through 523 are continuations of provisions carried in substantially identical form in the fiscal year 2010 version of this Act.

As stated in the report of the House Committee on Appropriations on the fiscal year 2010 Labor-HHS-Education Appropriations Act, section 509 (which continues a provision prohibiting use of funds for certain research involving human embryos) should not be construed to limit Federal support for research involving human embryonic stem cells carried out in accordance with the policy outlined by the President.

Section 524 is a new provision, specifying that the policy regarding public access to research results established for the National Institutes of Health by section 217 of division F of Public Law 111-8 shall apply to all Departments funded in the bill having more than \$100,000,000 in annual expenditures for extramural research. This policy requires funded researchers to submit to a designated online depository an electronic version of their final peer-reviewed manuscripts upon acceptance for publication, to be made publicly available no later than 12 months after publication.

Section 525 is a technical correction related to a provision of the Claims Resettlement Act.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules.

Agency	Account	Project	Amount	House Requester(s)	Senate Requester(s)
Department of Education	Elementary & Secondary Education (includes FIE)	3-D School, Petal, MS, for a model dyslexia intervention program	\$200,000		Cochran; Wicker

DIVISION I—LEGISLATIVE BRANCH
APPROPRIATIONS ACT, 2011

Following is an explanation of the effects of Division I, which makes appropriations for the Legislative Branch for fiscal year 2011. As provided in section 4 of the consolidated bill, this explanatory statement shall have the same effect with respect to the allocation of funds and the implementation of this division as if it were a joint explanatory statement of a committee of conference.

TITLE I

LEGISLATIVE BRANCH APPROPRIATIONS
SENATE

The bill provides \$925,986,000 for Senate operations. Inasmuch as these items relate solely to the Senate, and in accordance with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the House has accepted the proposal of the Senate.

The language and allocations related to the Senate contained in Senate Report 111-294 should be complied with unless specifically addressed to the contrary in the explanatory statement.

HOUSE OF REPRESENTATIVES

The bill provides \$1,371,172,000 for the operations and maintenance of the House of Representatives (hereafter, "House"). Inasmuch as these items relate solely to the House, and in accordance with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the Senate has accepted the proposal of the House.

MEMBERS' REPRESENTATIONAL ALLOWANCES

The bill provides \$652,000,000 for the representational allowances of the Members of the House for staff salaries, official expenses, and official mail (MRA). This amount is \$8,000,000 below the fiscal year 2010 level to reflect the current spending patterns of Members, many of whom do not expend their full authorized level. Based on actual spending data, \$652,000,000 is a sufficient level in which to support the current individual authorization levels for Members, established by the Committee on House Administration, which totaled \$671,742,822 at the beginning of the 2010 legislative calendar year. It is the longstanding practice of the House Committee on Appropriations to appropriate less than the authorized level to account for projected savings by Members. Furthermore, the bill continues longstanding language returning excess MRA funds to the Treasury.

SALARIES, OFFICERS AND EMPLOYEES

The bill provides \$193,011,000 for the salaries and expenses of House officers and employees of the various activities funded through this consolidated item, including the House Sergeant at Arms (SAA), Clerk of the House, and Chief Administrative Officer of the House (CAO).

Access to Buildings.—In the fiscal year 2010 House report, the SAA was directed to report on the causes for delay in accessing the House Office Buildings and the Capitol Building through the Rayburn and Cannon tunnels. While the SAA's report contained a proposed strategy to expedite lines, it is either not being followed or the strategy does not work. Complaints continue regarding the wait times for both visitors and staff. Therefore the SAA and the Capitol Police are directed to find a permanent solution to the problem and present a detailed plan to the House Committee on Appropriations by February 4, 2011 for all House side entrances that reduces wait time for visitors to no longer than 10 minutes during peak time.

Services for Members and Staff.—The CAO's office markedly improved its services and

outreach in the past few months which has reduced the number of complaints regarding services that are under the jurisdiction of the CAO. However, challenges remain, specifically with regard to the Office of Payroll and Benefits and Office of Financial Counseling. To underscore the seriousness of providing basic services to the House, and to ensure the CAO's office continues on its path of improvements, the bill withholds \$20,000,000 of the Office of the CAO's appropriation from obligation until the CAO presents a "House Services Action Plan" to the House Committee on Appropriations and the Committee on House Administration. The plan shall certify that: (1) regular meetings are scheduled with major staff organizations, and (2) a user satisfaction survey is implemented for the Office of Payroll and Benefits and the Office of Financial Counseling with plans to conduct the survey annually.

Food Prices.—The recent introduction of budget-friendly meals in the House cafeterias, including the "Heroes on the Hill" concept, has been encouraging. The CAO is directed to continue to work with the food vendor to diversify food choices and offer lower food prices.

U.S. Capitol Historical Society.—The U.S. Capitol Historical Society is chartered by the Congress to educate the public on the history and heritage of the U.S. Capitol building, its institutions and the people who have served therein. Its expertise will be needed as the Capitol undergoes much needed preservation work over the next decade, including work on the iconic Dome. The House Historian and CAO, along with the Architect of the Capitol, are encouraged to work with the Society in its effort to preserve and catalog the history of the Capitol.

Web site security.—Recent cyber attacks on House websites, the latest of which defaced the official Web sites of over 40 Members, highlighted vulnerabilities in the House's ability to prevent cyber attacks. House leadership directed the CAO to examine solutions for strengthening the security features of Web sites, including those hosted by outside vendors. The CAO shall submit the budget impact for any future cyber security plans no later than 6 weeks after enactment of this Act to the House Committee on Appropriations.

Diversity.—The recent House compensation study illustrates ongoing challenges in creating a diverse workforce in the House. Among respondents to the survey, 7.5 percent of Chiefs of Staff identified as black not of Hispanic origin and 2.7 percent of Chiefs of Staff identified as Hispanic. By comparison to the nation at large, based on the 2008 census estimate, 12.8 percent of the U.S. population is black and 15.4 percent is Hispanic. The work to diversify the staff has started in the House with the Speaker's announcement of a new diversity initiative to be led by the Committee on House Administration. The House is commended on starting the process to build a workforce as diverse as the Nation that the Congress serves.

Office of Congressional Ethics.—The bill provides \$2,020,000 for the Office of Congressional Ethics (OCE). The bill does not provide \$268,000 requested by OCE for lease payments, but instead provides the funding in the Architect of the Capitol's House Office Building account to make the lease payments on OCE's behalf. Funding is also provided for OCE to take over its web services payments from the House CAO.

Energy Demonstration Projects.—The bill does not provide funding for Energy Demonstration projects due to the slow pace of implementing the program, but the House Committee on Appropriations supports the program's goal to make the House a leader in promoting cutting-edge energy technologies and practices which save energy.

JOINT ITEMS

JOINT ECONOMIC COMMITTEE

The bill provides \$4,814,000 for the Joint Economic Committee.

JOINT COMMITTEE ON TAXATION

The bill provides \$11,327,000 for the Joint Committee on Taxation.

OFFICE OF THE ATTENDING PHYSICIAN

The bill provides \$3,407,000 for the Office of the Attending Physician.

OFFICE OF CONGRESSIONAL ACCESSIBILITY
SERVICES

SALARIES AND EXPENSES

The bill provides \$1,377,000 for the operation of the Office of Congressional Accessibility Services.

ADMINISTRATIVE PROVISION

The bill includes a new provision regarding the student loan program for the Office of Congressional Accessibility Services.

CAPITOL POLICE

New Posts.—The Capitol Police (USCP) is directed to provide a list of all new posts created in the past year, and further directs USCP to notify the Committees on Appropriations when new posts are created, including the annualized cost of maintaining the new posts and how the costs will be offset (such as elimination of lower priority posts).

Capitol Police Board.—The Government Accountability Office is directed to review the governance practices that the Board has adopted and determine whether improvements or changes are needed in the Board's mission, structure, functions, and processes.

Senate Office Buildings Business Hours.—USCP testified at a March 4th hearing that it conducted a study to identify door closures during non-business hours that would lead to significant savings in overtime. The Senate Committee on Appropriations has yet to receive the results of this study. The Chief of Police is directed to complete this study and present the recommendations to the Senate Committee on Appropriations within 60 days of enactment of this Act.

SALARIES

The bill provides \$279,224,000 for the salaries and benefits for USCP. Using the latest salary estimates from USCP, this level of funding is expected to support a staffing level of 1,800 sworn officers and 393 civilian positions. USCP shall prioritize hiring for the positions of Chief Administrative Officer and Chief Financial Officer. In addition, within the total provided for salaries, \$29,195,000 is available for overtime.

Fiscal Mismanagement.—USCP underestimated its salaries appropriation requirements in fiscal year 2010 and subsequently requested to transfer approximately \$5 million from General Expenses to Salaries to cover the shortfall and ensure no officers were furloughed. The Committees on Appropriations approved the request which effectively increased the police's salaries base by 2 percent in fiscal year 2010. USCP's recent salary miscalculation is the latest indication of an agency with poor financial controls. The Chief of Police is directed to work with USCP's Inspector General (IG) and the GAO to close longstanding open recommendations on correcting these weaknesses in internal controls. Previous IG and GAO reports have issued recommendations to correct deficiencies, including in the financial management systems that could have prevented this recent problem. Most of these recommendations were never implemented. The GAO and IG are working to analyze and group previous open recommendations. Once that analysis is complete, USCP is directed to develop and submit to the Committees on Appropriations for approval, by January 28,

2011, a Corrective Action Plan (CAP) that details how the agency will implement the results of the GAO and IG analysis and identify any other actions the agency plans to take to substantively improve its business practices. The GAO and IG shall review the CAP after it is submitted to the Committees and provide the Committees with an evaluation of the sufficiency of the plan to put USCP on a path to correcting long-standing deficiencies.

The IG is directed to audit the fiscal year 2012 Capitol Police budget submission. The audit shall determine the reasonableness of the budget for salaries and benefits and be submitted to the Committees on Appropriations within 45 days after the USCP budget is transmitted to Congress.

GENERAL EXPENSES

The bill provides \$57,985,000 for all general expenses of USCP. No funding is included for new project requests for fiscal year 2011.

ADMINISTRATIVE PROVISIONS

The bill includes a longstanding administrative provision and a new administrative provision related to the truck interdiction program.

OFFICE OF COMPLIANCE

SALARIES AND EXPENSES

The bill provides \$4,377,000 for the Office of Compliance (OOC).

Payments from the Settlement Fund.—OOC is directed to submit semi-annual reports on disbursements for awards and settlements under subsection (a) of section 415 of the Congressional Accountability Act of 1995. These reports should include, by agency and for the preceding three year period, the annual average number of settlements and the annual average dollar amount disbursed.

CONGRESSIONAL BUDGET OFFICE

SALARIES AND EXPENSES

The bill provides \$46,905,000 for the Congressional Budget Office (CBO). The amount provided supports full-time equivalents hired with 2009 supplemental funds.

Diversity Initiatives.—CBO is uniquely positioned to introduce women and minorities to the field of economics as well as to the legislative branch of government. CBO is encouraged to utilize its unique position to not only recruit a diverse workforce, but to also build a workforce by working with younger students to expose them to the field of economics.

ARCHITECT OF THE CAPITOL

The bill includes \$581,665,000 for the Architect of the Capitol. In addition to the amounts provided in this bill, the Committees on Appropriations have approved AOC's requests to transfer and reprogram \$23,614,625 in prior year balances. AOC has applied these balances to 15 construction projects which it originally requested in its 2011 budget submission.

Capital Construction in Support of Client Agency Missions.—For fiscal year 2012 and beyond, client agencies of the AOC are directed to include detailed justifications of each capital improvement or capital construction project being requested on their behalf by AOC and include proposed cuts within their own agency budget to offset the costs of such projects.

Recycling.—Efforts by AOC and the Capitol Police to implement outdoor recycling programs, while maintaining security of the complex, are encouraging. Expanding these efforts will further reduce solid waste. AOC and the Capitol Police are directed to collaborate on installing additional recycling receptacles next to existing garbage receptacles in high-traffic areas across the Capitol complex.

Recharging Stations.—AOC is directed to study the feasibility and costs of providing

access to recharging stations for electric powered vehicles. The study shall include an examination of a fee for service model and the potential role for private vendors in financing and administering such a program. The report shall be provided to the Committees on Appropriations no later than 3 months after enactment of this Act.

GENERAL ADMINISTRATION

The bill provides \$109,294,000 for personnel services, equipment, communications, additional office lease payments, and other central support activities of AOC. This amount supports an operating budget of \$101,795,000. The following table displays the project budget detail.

Item	Amount Provided
Energy Savings Performance Contracts Management Program	\$3,500,000
Energy Reduction Program Conservation of Fine Architectural Art	3,500,000
	499,000
Total	\$7,499,000

Energy Savings Performance Contracts (ESPCs).—AOC is implementing a variety of procedures and facilities improvements to meet ambitious energy conservation goals, including those mandated by the Energy Independence and Security Act of 2007. ESPCs, a Federal government-wide contract mechanism used to finance energy reduction projects, are a key component of AOC's strategy. In past years, AOC has been directed to use ESPCs to achieve energy efficiency. Since that time, an Inspector General review has found that private financing expenses have increased the cost of one ESPC by 60 percent above the cost of identical work if financed by direct appropriations. Prior to entering into any future ESPCs, AOC is directed to submit a cost comparison to the Committees on Appropriations of alternative financing options, including direct appropriation of all or part of the project cost.

CAPITOL BUILDING

The bill provides \$52,916,000 for the operation, maintenance, and care of the Capitol building. This amount supports an operating budget of \$27,390,000. The following table displays the project budget detail.

Item	Amount Provided
Dome Rehabilitation—Phase 1C of II (Skirt Rehabilitation)	\$19,999,000
Compartment Barriers & Horizontal Exits, Phase I of II	2,027,000
Minor Construction	3,500,000
Total	\$25,526,000

CAPITOL GROUNDS

The bill provides \$9,988,000 for the care and improvement of the grounds surrounding the Capitol, the Senate and House office buildings, and the Capitol Power Plant.

SENATE OFFICE BUILDINGS

The bill provides \$81,112,000 for the maintenance of the Senate office buildings. This amount supports an operating budget of \$61,638,000. The following table displays the project budget detail.

Item	Amount Provided
Replace Modular Furniture, HSOB	\$3,500,000
Infrastructure Improvements, Phase 2 of 3, DSOB (Center Wing)	9,974,000
Minor Construction	6,000,000
Total	\$19,474,000

HOUSE OFFICE BUILDINGS

The bill provides \$115,619,000 for the operation, maintenance, and care of the House

office buildings, including \$40,000,000 for the House Historic Buildings Revitalization Trust Fund.

The bill supports an operating budget of \$50,296,000. The operations level includes \$268,000 for the lease of space occupied by the Office of Congressional Ethics. The following table displays the project budget detail.

Item	Amount Provided
CAO Project Support	\$4,390,000
Garage Concrete Replacement Design, RHOB	1,059,000
Building Automation System Upgrade, HOB	1,096,000
480 V Switchgear & Transformer Replacement, Phase II of IV, RHOB	4,340,000
Fall Protection, FHOB & LHOB	5,209,000
Energy Audit Implementation, HOB	989,000
Minor Construction	8,240,000
Total	\$25,323,000

Cannon Building Renewal.—The Government Accountability Office (GAO) has testified that AOC is taking a reasonable approach to project planning for the renewal of the historic Cannon House Office Building. AOC is urged to incorporate a full review of long-term facilities needs of the House into these early planning phases to avoid costly design changes after construction has begun. In addition, GAO shall continue to monitor the progress and schedule of the project and to inform AOC and the House Committee on Appropriations as issues arise. The Cannon project presents an opportunity to modernize emergency evacuation systems. AOC is directed to consult with the House Sergeant at Arms to incorporate any improvements to emergency evacuation systems during the planning and design phases of Cannon and other House office building capital renewal projects.

CAPITOL POWER PLANT

The bill provides \$109,069,000 for the Capitol Power Plant supplemented by offsetting collections of \$8,000,000. This amount supports an appropriated operating budget of \$93,969,000. The following table displays the project budget detail.

Item	Amount Provided
Tunnel Program	\$6,950,000
Utility Metering	1,200,000
Fall Protection	2,950,000
Minor Construction	4,000,000
Total	\$15,100,000

Power Plant Fuel Mix.—The Power Plant's conversion to using natural gas as a primary fuel source has led to reductions in emissions of criteria pollutants. AOC is directed to continue to use natural gas to the maximum extent feasible without disruptions in operations.

LIBRARY BUILDINGS AND GROUNDS

The bill recommends \$40,796,000 for the care and maintenance of the Library buildings and grounds. This amount supports an operating budget of \$26,939,000. The following table displays the project budget detail.

Item	Amount Provided
North Exit Stair B, TJB	\$5,350,000
Emergency Lighting System Upgrade, JMMB & SSFC	4,794,000
ABA Space Reorganization, Phase II of III, JMMB	1,713,000
Minor Construction	2,000,000
Total	\$13,857,000

CAPITOL POLICE BUILDINGS, GROUNDS AND SECURITY

The bill provides \$26,266,000 for Capitol Police buildings, grounds, and security. This

amount supports an operating budget of \$19,830,000, including funds for grounds maintenance of the 12 acres of land conveyed from the District of Columbia under Public Law 109-396. As Public Law 109-396 did not mandate a specific use for the property, AOC shall consult with the Committees on Appropriations and the relevant authorizing Committees before deciding on the use of the land. The following table displays the project budget detail.

Item	Amount Provided
Fall Protection, CPBG&S ..	\$1,024,000
Energy Audit Implementation	2,912,000
Minor Construction	2,500,000
Total	\$6,436,000

BOTANIC GARDEN

The bill provides \$13,834,000 for salaries and expenses of the Botanic Garden (BG). This amount supports an operating budget of \$12,329,000. The following table displays the project budget detail.

Item	Amount Provided
Bartholdi Park Restoration Phase IV	\$1,209,000
Fall Protection	296,000
Total	\$1,505,000

Education and Outreach.—The BG’s education and outreach programs have leveraged the organization’s unparalleled expertise to provide unique educational opportunities for at-risk and other youth. The BG is urged to continue forming partnerships with national and local organizations to advance these educational goals. In addition, the BG is directed to explore the feasibility of establishing a community garden within the Capitol complex and to report to the Committees on Appropriations within 3 months after enactment of this Act on its findings.

CAPITOL VISITOR CENTER

The bill provides \$22,771,000 for the operation of the Capitol Visitor Center (CVC). This operating budget includes no funding for hiring an interpretive curator or a special assistant to the Chief Executive Officer of visitor services.

Signage in the CVC.—AOC is urged to work expeditiously toward the installation of permanent wayfinding signage and to explore the use of additional maps in all areas of the CVC.

Accessibility Shuttles.—Maintaining access for mobility-impaired visitors is an essential responsibility of the visitor services staff. Therefore, the bill funds the operation of the six shuttles to transport such visitors between the unloading location for buses and accessible CVC entrances. AOC is directed to evaluate the performance of the shuttles during periods of peak use and to submit a report to the Committees on Appropriations within 3 months after enactment of this Act. The report should include data on traffic volume, a summary of any visitor or stakeholder feedback, and an evaluation of the adequacy of current shuttle capacity.

Assisted Listening Devices.—AOC should continue to work aggressively to resolve performance issues with assisted listening devices (ALDs) issued to CVC visitors, which have experienced high rates of failure. AOC shall submit, with the 2012 budget submission, a report on the operational status of the current inventory of ALDs. The report shall provide details on the current performance of the ALDs and the actions AOC has taken, or is pursuing, to address any problems thereof. Furthermore, AOC should inform the Committees on Appropriations of any new technologies it is exploring and shall re-evaluate the practice of routinely issuing ALDs to visitors who are not hearing impaired, which contributes to their heavy use.

LIBRARY OF CONGRESS

SALARIES AND EXPENSES

The bill provides \$436,995,000, plus authority to spend \$6,350,000 in receipts, for salaries and expenses of the Library of Congress (LOC). This amount provides for 2,942 FTEs, which may be shifted among programs, projects, and activities within this appropriation. Within the total provided, no less than last year’s levels are provided for various programs, including \$250,000 for the Civil Rights Oral History Project, \$2,571,000 for the Veterans Oral History program, \$6,677,000 for the National Digital Information, Infrastructure and Preservation Program (NDIIPP), \$2,256,000 for the Global Legal Information Network (GLIN), \$7,315,000 for the digital collections and educational curricula program and \$150,000 to continue the Archie Green fellowship program in the American Folklife Center. LOC is directed to continue its ongoing work to obtain copyright permission to bring the Franklin Collection online in a digital format. The amount includes \$10,000,000 to continue LOC’s information technology upgrades. In addition, as noted on page 38 of Senate Report 111-294, LOC is directed to report to the Committee by June 1, 2011 on progress made on the planning and development of the “America Works” digital oral history project.

Acquisitions Policies and Space Needs.—LOC and the Architect of the Capitol are directed to collaborate on a study to find lower cost alternatives to meeting LOC’s long term collection storage needs and to transmit a report to the Committees on Appropriations within 6 months of enactment of this Act. The study shall consider, in addition to facilities-based solutions, the Library’s acquisition policies which are the driver for its space needs.

COPYRIGHT OFFICE

SALARIES AND EXPENSES

The bill contains \$21,604,000, plus authority to spend \$34,390,000 in receipts, for the Copyright Office.

Copyright Backlog.—A recent LOC Inspector General (IG) report highlighted positive developments pertaining to the claims backlog since September 2009. According to the IG, the number of claims in the backlog has consistently declined, the productivity of registration specialists has significantly increased, and the percentage of claims submitted electronically has increased. The LOC must pursue the goal to eliminate the copyright backlog.

CONGRESSIONAL RESEARCH SERVICE

SALARIES AND EXPENSES

The bill provides \$114,341,000 for salaries and expenses of the Congressional Research Service (CRS).

Telework.—The Legislative Branch Appropriations Act, 2010 conference report directed CRS to adopt and implement a telework system to provide employees a flexible work environment to help them manage the complex balance between work and family obligations. CRS finally adopted a policy in March 2010. To ensure that the policy meets the needs of employees, CRS is directed to conduct a survey of employees to evaluate how the implementation of the program is progressing. CRS is directed to provide the results of the evaluation to the Committees on Appropriations no later than 3 months after enactment of this Act.

BOOKS FOR THE BLIND AND PHYSICALLY HANDICAPPED

SALARIES AND EXPENSES

The bill provides \$70,500,000 for salaries and expenses of the Books for the Blind and Physically Handicapped program.

ADMINISTRATIVE PROVISIONS

The bill includes longstanding administrative provisions for LOC. In addition the bill includes new administrative provisions related to workers compensation, gifts and revolving funds, and surplus and obsolete property.

**GOVERNMENT PRINTING OFFICE
OFFICE OF THE SUPERINTENDENT OF
DOCUMENTS**

SALARIES AND EXPENSES

The bill provides \$42,682,000 for the salaries and expenses of the Superintendent of Documents.

Coordination with Library of Congress (LOC) on Electronic Databases.—Both the Government Printing Office (GPO) and the LOC are pursuing large scale projects to digitize Federal government documents and publications. GPO and LOC are encouraged to collaborate closely and pursue any beneficial formal agreements to avoid duplication of effort.

**GOVERNMENT PRINTING OFFICE
REVOLVING FUND**

The bill provides \$8,127,000 for the Government Printing Office Revolving Fund.

Federal Digital System (FDsys).—In addition to appropriated amounts for FDsys, GPO is directed to complete Release 2 development requirements using up to \$951,000 from prior year balances transferred from the Office of the Superintendent of Documents. GPO shall provide advance notification to the Committees on Appropriations prior to obligating these funds. It is expected that FDsys will have complete core functionality upon the completion of Release 2 and will require no further appropriations for currently planned development.

Equal Employment Opportunity (EEO) Complaints.—GPO has taken steps to address discrimination and harassment through training and outreach, which have correlated with a decrease in EEO complaints in the first three quarters of fiscal year 2010 compared to the same period of fiscal year 2009. GPO shall continue these efforts and explore additional management actions to prevent and address discrimination and harassment at all levels, both supervisory and non-supervisory. GPO is directed to continue to submit quarterly reports on actions taken to reduce the number of complaints. These reports shall include a comparison of the number of complaints outstanding at the time of the report compared to the previous quarter and the same time period of the previous two years, and should explain reasons for any increase or reduction in complaints.

E-Passport Supply Chain Security.—The March 31, 2010, report by GPO Office of the Inspector General noted a number of potential vulnerabilities in supplier review processes and contracting practices, especially with respect to significant subcontractors. GPO management concurred with the report’s recommendations and has implemented or planned corrective actions, including the hiring of a Director of Product Security and initiation of a Vendor Security Audit Program. GPO is directed to report quarterly to the Committees on Appropriations on the status of remedial actions for each recommendation, and to promptly notify the Committees of any other studies, management reforms, and changes in procedures with respect to supply chain security.

GOVERNMENT ACCOUNTABILITY OFFICE

SALARIES AND EXPENSES

The bill provides \$558,430,000 in direct appropriations for the Government Accountability Office (GAO), plus \$19,500,000 in offsetting collections derived from reimbursements for conducting financial audits of government corporations and rental of space in the GAO building.

Technology Assessments.—Within the amount provided, \$2,500,000 is for GAO to continue its work on technology assessment studies. GAO has received funding from Congress for this program for 3 years to aid the Congress's understanding of complex legislative proposals and save taxpayer dollars by preventing spending on ineffective programs. While GAO has produced high quality analysis, it is unclear what impact, if any, the analysis has had on the formulation of policy in Congress. Funding technology assessments at GAO may not be an adequate replacement for the former Office of Technology Assessment (OTA), which was uniquely positioned to analyze technological developments in the public and private sector and harness outside expertise in the form of advisory panels and peer review. Therefore, within the total provided, GAO is directed to contract with the National Academy of Sciences (NAS) for a study on the structural needs and governance of a Congressional technology assessment group that will provide Congress with comprehensive and timely studies on scientific and technical matters which can be widely disseminated to support the legislative process. NAS shall look at all options for how to structure this group as long as it is bicameral and bipartisan in nature. NAS shall work with the Committees on Appropriations, the Committee on Science and Technology of the House and the Committee on Commerce, Science and Transportation of the Senate in conducting its review and provide a final report to these Committees after completion. The review should be complete by August 2011.

**OPEN WORLD LEADERSHIP CENTER
TRUST FUND**

The bill provides \$12,000,000 for payment to the Open World Leadership Center Trust Fund. Open World must find support for its activities beyond annual appropriations

given its unique mission in comparison with other Legislative Branch agencies that serve core legislative branch activities. Therefore, the agency is directed to hire a full-time development officer in order to fulfill its requirement to increase its fundraising goals.

**JOHN C. STENNIS CENTER FOR PUBLIC
SERVICE TRAINING AND DEVELOPMENT**
The bill provides \$430,000 for the John C. Stennis Center.

TITLE II

GENERAL PROVISIONS

The bill includes longstanding provisions for the legislative branch and a new general provision rescinding \$20,000,000 from the Architect of the Capitol.

REPROGRAMMING GUIDELINES

For fiscal year 2011 a reprogramming shall include the reallocation of funds from one program, project, or activity (PPA) to another within any appropriation funded in this Act. A reprogramming shall also consist of any significant departure from the program described in the agency's budget justification and any change to the organization table presented in the budget justification, whether or not it would require a change in funding.

Reprogrammings are required if an agency proposes to reallocate amounts in excess of \$500,000 or 10 percent, whichever is less, between PPAs. In addition, reprogrammings are required for actions below these thresholds, if the action would have the effect of: committing the agency to significant funding requirements in future years; increasing funds or personnel for any PPA for which funds have been previously denied or restricted by Congress; creating new programs, offices, agencies or commissions or substantially augmenting existing programs, offices, agencies or commissions; significantly changing policy; or reorganizing offices, pro-

grams, or activities. Each reprogramming should be transmitted through a formal letter which should be signed by the agency head. It should include a specific justification for each increase as well as for each offsetting reduction being proposed. The Committees on Appropriations are to be notified 15 days prior to any reprogramming. The House and Senate shall submit their reprogrammings to their respective Committee on Appropriations.

Multiple funding reprogramming requests suggest an agency's inability to manage within appropriated funds and indicate the need for change in the execution of the agency's budget. Specific spending levels are detailed in the bill and this accompanying explanatory report and agencies shall not use the reprogramming process as a mechanism for making routine changes to these directions. A reprogramming should be made only when an unforeseen situation arises that could not have been anticipated when formulating the budget request for the current fiscal year. Reprogrammings should be used only in the case of unanticipated needs or significant and unexpected changes in program requirements.

**DISCLOSURE OF EARMARKS AND CON-
GRESSIONALLY DIRECTED SPENDING
ITEMS**

Neither the bill nor the explanatory statement contains any congressional earmarks or congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively). Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION J—MILITARY CONSTRUCTION AND VETERANS AFFAIRS AND RELATED AGENCIES APPROPRIATIONS ACT, 2011

Following is an explanation of the effects of Division J which makes appropriations for Military Construction, the Department of Veterans Affairs, and Related Agencies for fiscal year 2011. As provided in Section 4 of the consolidated bill, this explanatory statement shall have the same effect with respect to the allocation of funds and the implementation of this division as if it were a joint explanatory statement of a committee of conference.

Matters Addressed by Only One Committee.—The language and allocations set forth in House Report 111-559 and Senate Report 111-226 should be complied with unless specifically addressed to the contrary in this explanatory statement. Report language included by the House, which is not changed by the report of the Senate or this explanatory statement, and Senate report language, which is not changed by this explanatory statement, is approved by the Committees on Appropriations of both Houses of Congress. This explanatory statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate has directed the submission of a report, such report is to be submitted to both Houses of Congress.

TITLE I

DEPARTMENT OF DEFENSE
MILITARY CONSTRUCTION, ARMY

The bill appropriates \$3,891,395,000 for Military Construction, Army. Within this amount, the bill provides \$190,000,000 for Army trainee barracks. The bill also provides \$103,000,000 to construct an urgently needed new water treatment and distribution system at Fort Irwin, California. The cost of this project is offset by funds available from bid savings on previously appropriated projects.

The bill does not include \$19,000,000 requested for a commissary to serve the United States Southern Command headquarters. An administrative provision is included in this title ensuring that non-appropriated funds may be used for construction of this project.

The bill includes a general reduction of \$263,000,000 to account for the carryover of unobligated balances resulting from bid savings on projects appropriated in prior years.

The bill includes language prohibiting the obligation or expenditure of funds on projects supporting new initiatives in Germany until the Department of Defense completes an evaluation of the North Atlantic Treaty Organization Strategic Concept Review and an accompanying review of the United States defense posture in Europe, a "Front End Assessment" of the Department's global posture for fiscal years 2012 to 2016, and the Secretary of Defense certifies to the requirement for each Army military construction project in Germany funded in this Act. In addition, the Department of Defense is directed to provide to the congressional defense committees, no later than March 15, 2011, a comprehensive Army basing strategy for Europe based on the assessments identified above, including a project-based cost estimate and timeline to fully implement the strategy.

Of the funds provided for planning and design in this account, not less than the specified amounts are to be made available for the design of the following projects:

Alaska—Fort Richardson, Physical Fitness Center, \$2,700,000.

Georgia—Fort Benning, Chapel, Sand Hill, \$550,000.

Hawaii—Pohakuloa Training Area, Defense Access Road, \$1,200,000.

Texas—Fort Bliss, Alternative Energy Projects, \$1,166,000.

Texas—Fort Bliss, Rail Yard Improvements, \$2,070,000.

Virginia—Fort Belvoir, Growth Support Infrastructure, \$3,060,000.

Of the funds provided for minor construction in this account, not less than the specified amounts are to be made available for construction of the following projects:

Alabama—Fort Rucker, Emergency Medical Services Facility, \$1,700,000.

Maryland—Fort Meade, Infrastructure—Mapes Road and Cooper Avenue, \$1,750,000.

MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

The bill appropriates \$3,506,557,000 for Military Construction, Navy and Marine Corps. The bill includes a general reduction of \$34,000,000 to account for the carryover of unobligated balances resulting from bid savings on projects appropriated in prior years.

Of the funds provided for planning and design in this account, the Committee directs that not less than the specified amounts be made available for the design of the following projects:

Connecticut—New London NSB, Submarine Group Two Headquarters, \$550,000.

Indiana—Crane NSWC, Platform Protection Engineering Complex, \$760,000.

Of the funds provided for minor construction in this account, not less than the specified amount is to be made available for construction of the following project:

Nevada—NAS Fallon, Security Upgrades, \$1,480,000.

Camp Lemonnier, Djibouti.—The Committees are concerned that the limited amount of land available to the U.S. military at Camp Lemonnier could negatively impact the ability to accommodate the full mission and the projected military population at the installation. The Committees are further concerned that the Navy's current military construction program for Camp Lemonnier amounts to an ad hoc approach that does not adequately reflect priority requirements for the optimal siting of facilities. The Secretary of the Navy is therefore directed to provide to the congressional defense committees, with the fiscal year 2012 budget submission, a comprehensive master plan for Camp Lemonnier that provides a validated land requirement for the installation sufficient to accommodate the facilities and anticipated steady-state personnel requirements to accomplish the missions of Africa Command (AFRICOM) and Joint Task Force-Horn of Africa. The master plan shall incorporate an integrated vulnerability assessment to ensure that necessary anti-terrorism and force protection measures are being implemented. The plan shall also include a list of projected military construction projects, by fiscal year, for fiscal years 2012-2016, with a focus on meeting the urgent requirements of the installation, including utilities and troop housing, in the near term. Further, AFRICOM and Navy are urged to work closely with the Department of Defense, the Department of State, and the Government of Djibouti to expand the footprint of the installation to meet the requirements noted above and to develop a long term access agreement.

MILITARY CONSTRUCTION, AIR FORCE

The bill appropriates \$1,296,967,000 for Military Construction, Air Force. The bill includes a general reduction of \$14,000,000 to account for the carryover of unobligated balances resulting from bid savings on projects appropriated in prior years.

Of the funds provided for planning and design in this account, not less than the speci-

fied amounts are to be made available for the design of the following projects:

Alabama—Maxwell AFB, Air Traffic Control Tower, \$810,000.

California—Travis AFB, BCE Maintenance Shops and Supply Warehouse, \$387,000.

Florida—MacDill AFB, Infrastructure Improvements, \$249,000.

Idaho—Mountain Home AFB, Civil Engineer Complex, \$2,000,000.

Illinois—Scott AFB, New Fitness Facility, Phase 1, \$396,000.

North Dakota—Grand Forks AFB, Central Deployment Center, \$495,000.

Oklahoma—Altus AFB, Fire Station, \$2,000,000.

Tennessee—Arnold AFB, Air Engineering Development Center Power Distribution Modernization, \$378,000.

Texas—Lackland AFB, Consolidated Security Forces Operations Center, Phase 1, \$900,000.

Of the funds provided for minor construction in this account, not less than the specified amount is to be made available for the following project:

Virginia—Langley AFB, Clear Zone Land Acquisition, Phase 1, \$3,000,000.

MILITARY CONSTRUCTION, DEFENSE-WIDE
(INCLUDING TRANSFER AND RESCISSIONS OF FUNDS)

The bill appropriates \$3,145,614,000 for Military Construction, Defense-Wide, and rescinds \$148,500,000 from prior year appropriations as follows: \$8,000,000 from fiscal year 2009 National Security Agency funds, \$15,000,000 from fiscal year 2009 Tricare Management Activity funds, \$37,500,000 from fiscal year 2010 National Security Agency funds, \$51,000,000 from fiscal year 2010 Tricare Management Activity funds, \$7,000,000 from fiscal year 2010 Defense Logistics Agency funds, and \$30,000,000 from fiscal year 2010 Special Operations Command funds. All such rescissions are from unobligated balances associated with bid savings on previously appropriated projects.

Within the amount appropriated, the bill provides \$253,450,000 for the Energy Conservation Investment Program, including \$10,000,000 for planning and design. This amount is \$133,450,000 above the budget request, reflecting the priority the Committees place on promoting energy security, efficiency, and sustainability on military installations. The Secretary of Defense is directed to provide an expenditure plan to the Committees for the additional ECIP funds included in this bill, in accordance with the guidance provided in Senate Report 111-226 and House Report 111-559, not later than 45 days after the enactment of this Act.

Of the funds provided for planning and design in this account, not less than the specified amounts are to be made available for the design of the following projects:

Mississippi—Gulfport, Health Clinic Replacement, \$2,700,000.

Oklahoma—Tulsa IAP, Fuels Storage Complex, \$1,036,000.

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

The bill appropriates \$1,125,628,000 for Military Construction, Army National Guard. Within this amount, the bill provides \$60,000,000 for critical unfunded requirements.

Of the funds provided for planning and design in this account, not less than the specified amounts are to be made available for the design of the following projects:

Arkansas—Camp Robinson, Regional Training Institute, Phase 2, \$2,334,000.

Iowa—Camp Dodge, Regional Training Institute, Phase 1, \$800,000.

Kentucky—Frankfort, Joint Forces Headquarters, Phase 1, \$281,000.

Maryland—Easton, Readiness Center Addition/Alteration, \$347,000.

Michigan—Fort Custer (Augusta), Troop Service Support Center, \$446,000.

Minnesota—Mankato, Field Maintenance Shop, \$947,000.

Nebraska—Omaha, Road Infrastructure, Joint Forces Headquarters, \$450,000.

North Carolina—Camp Butner, Barracks (AT), Phase 1, \$1,484,000.

North Carolina—Murphy, Fire Fighting Team Support Facility, \$223,000.

Oregon—Salem, Armed Forces Reserve Center Addition/Alteration (JFHQ), \$1,243,000.

Pennsylvania—Hermitage, Readiness Center, \$671,000.

Pennsylvania—Tobyhanna, Armed Forces Reserve Center, \$1,513,000.

Pennsylvania—Williamsport, Field Maintenance Shop, \$1,508,000.

Rhode Island—Middletown, Armory Addition, \$302,000.

Rhode Island—Quonset Point, Readiness Center, \$3,729,000.

South Dakota—Sioux Falls, Firing Range and Support Facilities, \$151,000.

Texas—Laredo, Receiving, Staging, and Onward Integration Facility/Hangar, \$475,000.

Texas—McLennan County, Operational Reserve Headquarters, \$5,000,000.

Texas—South Texas Training Center, Cantonment and Support Infrastructure, \$5,000,000.

West Virginia—Bridgeport, Fixed Wing Army Aviation Training Site (FWAATS) Expansion, \$2,000,000.

West Virginia—Buckhannon, Field Maintenance Shop, \$1,500,000.

West Virginia—Morgantown, Parachute Rigging Facility, \$1,000,000.

Guam—Barrigada, Joint Forces Headquarters Readiness Center Addition/Alteration, \$778,000.

Of the funds provided for minor construction in this account, not less than the specified amounts are to be made available for construction of the following projects:

California—Banning RC, Photovoltaic Solar Power System, \$1,466,000.

California—Los Alamitos AFRC, Photovoltaic Solar Power System, \$1,466,000.

California—Mather AASF, Photovoltaic Solar Power System, \$1,466,000.

California—Sacramento, Field Maintenance Shop Paving, \$891,000.

California—Ventura, Photovoltaic Solar Power System, \$1,466,000.

Iowa—Iowa City, Simulation Center/MVSB/Helipad/Parking, \$1,999,000.

Massachusetts—Chicopee Armory, Renovation and Alteration, \$1,554,000.

Minnesota—Bloomington, Add/Alter Armory, \$1,986,000.

Nevada—Nellis Air Force Base, Range Modernization, \$2,000,000.

Ohio—Ravenna Training Site, Unit Training Equipment Site Addition/Alteration, \$2,000,000.

Washington—Fort Lewis, Modification of Army Aviation Support Facility, \$473,000.

West Virginia—Bridgeport, Fixed Wing Army Aviation Training Site (FWAATS) Apron Expansion, \$2,000,000.

West Virginia—Camp Dawson, JITEC Emergency Power Generator and Supporting Facilities, \$1,999,000.

West Virginia—Camp Dawson, Mail/ID Center, \$1,999,000.

West Virginia—Camp Dawson, Utility Upgrade, \$1,980,000.

West Virginia—Eleanor ARNG Complex, Emergency Generator and Supporting Facilities, \$2,000,000.

West Virginia—Glen Jean, Emergency Power Generator, \$1,500,000.

Within this amount, the bill provides \$50,000,000 for critical unfunded requirements.

Of the funds provided for planning and design in this account, not less than the specified amounts are to be made available for the design of the following projects:

Kentucky—Standiford Field, Contingency Response Group Facility, \$534,000.

Louisiana—New Orleans NAS/JRB, ASA Replace Alert Complex, \$2,000,000.

Pennsylvania—Fort Indiantown Gap, Multipurpose Air National Guard Training Facility, \$675,000.

South Dakota—Joe Foss Field, Aircraft Maintenance Shops, \$3,600,000.

Of the funds provided for minor construction in this account, not less than the specified amounts are to be made available for construction of the following projects:

California—Moffett Field, Relocate Main Gate, \$2,000,000.

Iowa—Bud Day Field, Sioux City, Add/Alter Security Police Facility, \$1,950,000.

Minnesota—Minneapolis-St. Paul IAP, Simulation Facility Expansion, \$1,900,000.

Ohio—Blue Ash ANG, Renovations for Building 2, \$2,000,000.

MILITARY CONSTRUCTION, ARMY RESERVE

The bill appropriates \$388,064,000 for Military Construction, Army Reserve. Within this amount, the bill provides \$30,000,000 for critical unfunded requirements.

MILITARY CONSTRUCTION, NAVY RESERVE

The bill appropriates \$91,557,000 for Military Construction, Navy Reserve. Within this amount, the bill provides \$15,000,000 for the Navy Reserve and \$15,000,000 for the Marine Corps Reserve for critical unfunded requirements.

MILITARY CONSTRUCTION, AIR FORCE RESERVE

The bill appropriates \$48,182,000 for Military Construction, Air Force Reserve. Within this amount, the bill provides \$30,000,000 for critical unfunded requirements.

NORTH ATLANTIC TREATY ORGANIZATION SECURITY INVESTMENT PROGRAM

The bill appropriates \$258,884,000 for the North Atlantic Treaty Organization Security Investment Program.

FAMILY HOUSING

The bill appropriates funds for family housing accounts, including the Homeowners Assistance Program, in amounts equal to the President's request for all accounts. The specific amounts for each account are contained in the tables accompanying this statement.

CHEMICAL DEMILITARIZATION CONSTRUCTION, DEFENSE-WIDE

The bill appropriates \$124,971,000 for Chemical Demilitarization Construction, Defense-Wide.

DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 1990

The bill appropriates \$450,474,000 for the Department of Defense Base Closure Account 1990. Of the \$90,000,000 provided above the President's request, \$30,000,000 shall be available to the Army and \$60,000,000 to the Navy. The Army and Navy are directed to submit expenditure plans for the amounts provided above the President's request no later than 30 days following the enactment of this Act.

DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 2005

(INCLUDING RESCISSION OF FUNDS)

The bill appropriates \$2,354,285,000 for the Department of Defense Base Closure Account 2005, and rescinds \$200,000,000 from prior year unobligated balances due to bid savings on military construction projects funded by the account.

ADMINISTRATIVE PROVISIONS

The bill includes section 101 prohibiting the use of funds for payments under a cost-

plus-a-fixed-fee contract for construction where cost estimates exceed \$25,000. An exception for Alaska is provided.

The bill includes section 102 permitting the use of construction funds for the hire of passenger motor vehicles.

The bill includes section 103 permitting funds to be expended on the construction of defense access roads under certain circumstances.

The bill includes section 104 prohibiting construction of new bases in the United States without a specific appropriation.

The bill includes section 105 limiting the use of funds for the purchase of land or land easements that exceed 100 percent of value except under certain conditions.

The bill includes section 106 prohibiting the use of funds to acquire land, prepare sites, or install utilities for family housing except housing for which funds have been appropriated.

The bill includes section 107 limiting the use of minor construction funds to relocate any activity from one installation to another without prior notification.

The bill includes section 108 prohibiting the procurement of steel unless American producers, fabricators, and manufacturers have been allowed to compete.

The bill includes section 109 prohibiting the use of funds to pay real property taxes in foreign nations.

The bill includes section 110 prohibiting the use of funds to initiate a new installation overseas without prior notification.

The bill includes section 111 establishing a preference for United States architectural and engineering services where the services are in Japan, NATO member countries, or countries bordering the Arabian Sea.

The bill includes section 112 establishing a preference for United States contractors for military construction in the United States territories and possessions in the Pacific and on Kwajalein Atoll, or countries bordering the Arabian Sea, except bids by Marshallese contractors for military construction on Kwajalein Atoll.

The bill includes section 113 requiring the Secretary of Defense to give prior notice to Congress of military exercises where construction costs exceed \$100,000.

The bill includes section 114 limiting obligations of funds made available for one fiscal year to no more than 20 percent during the last two months of the fiscal year.

The bill includes section 115 allowing funds appropriated in prior years to be used for new projects authorized during the current session of Congress.

The bill includes section 116 allowing the use of expired or lapsed funds to pay the cost of supervision for any project being completed with lapsed funds.

The bill includes section 117 providing that funds for military construction projects are available until the end of the fourth fiscal year following the fiscal year in which funds are appropriated, subject to certain conditions.

(INCLUDING TRANSFER OF FUNDS)

The bill includes section 118 allowing for the transfer of proceeds from "Base Realignment and Closure Account, Part I" to the continuing Base Realignment and Closure accounts.

(INCLUDING TRANSFER OF FUNDS)

The bill includes section 119 allowing for the transfer of funds from Family Housing Construction accounts to the Department of Defense Family Housing Improvement Fund and funds from Military Construction accounts to the Department of Defense Military Unaccompanied Housing Improvement Fund.

(INCLUDING TRANSFER OF FUNDS)

The bill includes section 120 requiring the secretaries of the military departments to

notify Congressional Committees sixty days prior to issuing a solicitation for a contract with the private sector for military family housing.

(INCLUDING TRANSFER OF FUNDS)

The bill includes section 121 providing transfer authority to the Homeowners Assistance Program.

The bill includes section 122 requiring that funds in this title be the sole source of all operation and maintenance for flag and general officer quarter houses, and limits the repair on these quarters to \$35,000 per year without notification.

The bill includes section 123 making funds in the Ford Island Improvement Fund available until expended.

The bill includes section 124 prohibiting the use of funds for military construction, family housing, or land acquisition projects at installations closed or realigned under BRAC, except under certain conditions.

(INCLUDING TRANSFER OF FUNDS)

The bill includes section 125 allowing the transfer of expired funds to the "Foreign Currency Fluctuations, Construction, Defense" account.

The bill includes section 126 prohibiting the use of funds for any action related to the expansion of the Pinon Canyon Maneuver Site, Colorado.

The bill includes section 127 providing that funds from the Commissary Surcharge Fund may be used to construct a commissary at U.S. Southern Command Headquarters, Miami-Dade County, Florida, in lieu of appropriated funds.

The bill includes section 128 allowing for the reprogramming of construction funds among projects and activities subject to certain guidelines.

The bill includes section 129 limiting the use of funds for certain accounts to the projects and activities identified in this statement and accompanying tables.

The bill includes section 130 authorizing the use of previously appropriated funds for the construction of an Aegis Ashore Test Facility at the Pacific Missile Range Facility, Hawaii.

The bill includes section 131 limiting the number of parking spaces that may be occupied at the BRAC office complex in Alexandria, Virginia, until certain conditions are met.

The bill includes section 132 authorizing the obligation and expenditure of funds provided in this title for military construction projects and activities not otherwise authorized by law.

TITLE II

DEPARTMENT OF VETERANS AFFAIRS

VETERANS BENEFITS ADMINISTRATION

COMPENSATION AND PENSIONS

(INCLUDING TRANSFER OF FUNDS)

The bill appropriates \$53,978,000,000 for Compensation and Pensions. Of the amount provided, not more than \$30,423,000 is to be transferred to General Operating Expenses, Veterans Benefits Administration (VBA); Medical Support and Compliance; and Information Technology Systems for reimbursement of necessary expenses in implementing provisions of title 38.

READJUSTMENT BENEFITS

The bill appropriates \$10,396,106,000 for Readjustment Benefits.

VETERANS INSURANCE AND INDEMNITIES

The bill appropriates \$77,589,000 for Veterans Insurance and Indemnities.

VETERANS HOUSING BENEFIT PROGRAM FUND

The bill appropriates such sums as may be necessary for costs associated with direct and guaranteed loans for the Veterans Hous-

ing Benefit Program Fund. The bill limits obligations for direct loans to not more than \$500,000 and provides that \$163,646,000 shall be available for administrative expenses.

VOCATIONAL REHABILITATION LOANS PROGRAM ACCOUNT

The bill appropriates \$48,000 for the cost of direct loans from the Vocational Rehabilitation Loans Program Account, plus \$337,000, which may be paid to General Operating Expenses, VBA. The bill provides for a direct loan limitation of \$3,042,000.

NATIVE AMERICAN VETERAN HOUSING LOAN PROGRAM ACCOUNT

The bill appropriates \$707,000 for administrative expenses of the Native American Veteran Housing Loan Program Account.

VETERANS HEALTH ADMINISTRATION

Advance Appropriations.—The bill includes an advance appropriation for the Medical Services, Medical Support and Compliance, and Medical Facilities accounts. The Department is directed to include in future budget submissions the budget plan for the advance appropriation provided in the previous year, including the amount of funding that will be allocated in accordance with the Veterans Equitable Resource Allocation (VERA) model. The Department is expected to make the advance appropriation available to the Veterans Integrated Service Networks on October 1, 2011. The Department is expected to identify the current services level for the advance appropriation request for the Medical Services, Medical Support and Compliance, and Medical Facilities accounts in future budget submissions.

Electronic Health Record Systems Modernization.—The Department of Veterans Affairs, in coordination with the Department of Defense, is directed to follow the electronic health record system modernization requirement in Senate Report 111-295.

MEDICAL SERVICES

(INCLUDING TRANSFER OF FUNDS)

The bill appropriates \$39,649,985,000 for Medical Services for fiscal year 2012, to become available on October 1, 2011, and remain available until September 30, 2012. In administrative provision section 232, the bill also appropriates \$74,776,000 for Medical Services for fiscal year 2011.

Caregiver support.—The bill includes \$64,776,000 in fiscal year 2011 funding, in addition to \$35,424,000 included in the base estimate, for activities authorized in the Caregivers and Veterans Omnibus Health Services Act of 2010. Within this total, \$46,500,000 is provided for caregiver support; \$17,700,000 is provided for provisions relating to women veteran healthcare; \$15,000,000 is provided for a program on readjustment and mental health services for veterans who have served in Operation Enduring Freedom or Operation Iraqi Freedom; \$3,000,000 for grants to Veteran Service Organizations to transport veterans in highly rural areas to VA medical centers; and \$18,000,000 for specialized residential care and rehabilitation for certain veterans with a traumatic brain injury. Funding provided for readjustment and mental health services should be focused particularly on suicide prevention outreach and counseling for veterans in the National Guard and the Reserves. With the traumatic brain injury residential care and rehabilitation funding, the Department should consider developing programs such as those at the Tampa, Florida, Polytrauma Center. The Department is directed to include the budget resources necessary for caregiver support programs in fiscal year 2012 in that fiscal year budget request.

Vet centers.—As directed in the Senate report, the bill includes an increase of

\$10,000,000 to establish new vet centers across the country. Within these funds, the Department is directed to work with American Indian, Alaska Native, and Native Hawaiian organizations to open additional vet centers in Native communities.

Guide and service dogs.—The Department is directed to fully and rapidly implement section 1714 of title 38, United States Code, regarding the provision of guide dogs and service dogs to qualified veterans, as well as to continue assisting those veterans with mental illnesses who would benefit from having a service dog. The Department is directed to report to the Committees on Appropriations of both Houses of Congress ("Committees") by February 25, 2011 on the status of implementing section 1714 of title 38.

PTSD national center.—The Department is directed to submit a report to the Committees detailing the resources provided to the National Center for Post Traumatic Stress Disorder.

MEDICAL SUPPORT AND COMPLIANCE

The bill appropriates \$5,535,000,000 for Medical Support and Compliance for fiscal year 2012, to become available on October 1, 2011, and remain available until September 30, 2012.

MEDICAL FACILITIES

The bill appropriates \$5,426,000,000 for Medical Facilities for fiscal year 2012, to become available on October 1, 2011, and remain available until September 30, 2012. The bill specifies that \$130,000,000 for non-recurring maintenance shall be allocated in a manner not subject to the VERA model.

In administrative provision section 233, the bill also appropriates \$35,000,000 for Medical Facilities for fiscal year 2011. Within this amount, the bill includes an additional \$20,000,000 for the Department to open new community-based outpatient clinics (CBOCs), including \$10,000,000 for CBOCs in rural areas. The Department is directed to provide to the Committees a detailed expenditure plan for this funding no later than March 1, 2011. The plan should also include a list of all current CBOCs, regardless of size or contractual arrangements. The remaining \$15,000,000 of additional fiscal year 2011 funding is to be used for planning and developing leased health care center facilities.

MEDICAL AND PROSTHETIC RESEARCH

The bill appropriates \$590,000,000 for Medical and Prosthetic Research, to remain available until September 30, 2012.

Vietnam veterans studies.—The Department is directed to proceed as quickly as possible with the long-delayed Vietnam veterans longitudinal study, as directed in the House and Senate reports. In addition, the Secretary is urged to conduct epidemiological studies from existing VA medical data, as directed in the House report, and submit those studies to peer reviewed scientific publications.

Research facility infrastructure report.—The Department is directed to submit the research infrastructure review originally requested by the Committees in 2005 by January 1, 2011.

Burn pits.—There is an increase in respiratory conditions such as atypical pneumonias, asthma and bronchiolitis among military personnel who were exposed to burn pits, increased particulate matter and other potential hazards while serving in Iraq, Kuwait, and Afghanistan. The Department is encouraged to develop a national registry of all exposed personnel, to establish a joint research program with the Department of Defense to fund research to better describe and understand these lung conditions, and to develop effective prevention, detection and treatment strategies for them.

NATIONAL CEMETERY ADMINISTRATION

The bill appropriates \$259,004,000 for the National Cemetery Administration. Of the

amount provided, \$24,200,000 is available until September 30, 2012.

The bill includes an increase for the National Shrine Commitment Program and to correct gravesite deficiencies to include gravesite renovation projects to replace turf, repair sunken graves, and raise, realign and clean headstones.

GENERAL OPERATING EXPENSES

The Administration's budget request proposes that funding for the administrative expenses associated with the VBA and all Department-wide offices be included within one single appropriation account. The bill has included funding for these functions in two separate accounts: General Operating Expenses, VBA and General Administration. The differences in the mission and purpose of the Department's executive offices and the VBA justify providing funding in two separate accounts. Further, separating these two broad categories will provide the Congress with greater visibility of budgetary resources and oversight of expenditures for these two vital missions.

DEPARTMENTAL ADMINISTRATION

GENERAL ADMINISTRATION

(INCLUDING TRANSFER OF FUNDS)

The bill appropriates \$466,497,000 for General Administration, of which not to exceed \$22,000,000 is available until September 30, 2012, and of which \$23,584,000 is set aside to increase the VA acquisition workforce capacity. Acquisition funds are available only to supplement, not supplant, existing acquisition workforce activities. Funding is available for training, recruiting, retaining, and hiring additional members of the acquisition workforce as defined by the Office of Federal Procurement Policy Act.

The bill also provides transfer authority from General Administration to General Operating Expenses, VBA.

Of the \$466,497,000 provided for General Administration, \$11,808,000 is for the Office of the Secretary; \$75,198,000 is for the Board of Veterans Appeals; \$91,049,000 is for the Office of the General Counsel; \$50,357,000 is for the Office of Management; \$76,177,000 is for the Office of Human Resources; \$28,783,000 is for the Office of Policy and Planning; \$22,091,000 is for the Office of Operations Security and Preparedness; \$24,205,000 is for the Office of Public and Intergovernmental Affairs; \$7,247,000 is for the Office of Congressional and Legislative Affairs; and, \$79,582,000 is for the Office of Acquisition, Logistics and Construction.

The Department is directed to submit the planned and actual expenditures of each General Administration office, as well as the FTE levels for each, in the quarterly report submitted to the Committees.

The Department is directed to provide \$10,000,000 for the adaptive sports grant program under section 521A of title 38, United States Code and section 322 of title 38, United States Code.

The Department is directed within 30 days of enactment of this Act to provide to the Committees a detailed listing of activities that the VA does not plan to fund through the general purpose VERA allocation. In addition, the Department is directed to include in the quarterly status reports required by Section 219 of this Act both quarterly and cumulative information on the funding allocated from the National Reserve Fund for emerging program requirements and innovations, detailing the specific programmatic activities supported.

The Department is instructed to include in future congressional budget justifications the additional material requested in the House report, with the modification of listing only those programs that are unauthorized, not those with current authorizations.

The bill includes an additional \$1,800,000 for the Office of Management to establish a second fee care audit team, modeled on the VA's existing team of permanent VA employees, in order to increase the number of comprehensive audits of fee care offices.

The bill includes an additional \$1,000,000 for the Department to award a contract or grant to a Congressionally-chartered, non-partisan organization to conduct a study on improvements to management structures within VHA's Fee Care Program. The study should include the following: the feasibility and advisability of consolidating fee offices; the administrative cost savings, if any, that would be realized if such a consolidation occurred; and whether such consolidation would allow for more stringent management controls in order to reduce improper payments within the Fee Care Program.

GENERAL OPERATING EXPENSES, VETERANS BENEFITS ADMINISTRATION

The bill appropriates \$2,162,776,000 for General Operating Expenses, VBA. Of the amount provided, \$108,000,000 is available for obligation until September 30, 2012. The bill fully funds the budget request for VBA to address increasing disability claims and the workload associated with Agent Orange presumptive claims. The bill provides an additional \$12,000,000 for vocational rehabilitation and employment (VR and E) counselors. The Department is directed to use the \$12,000,000 saved from terminating the "printer on every desk" initiative to hire the additional VR and E counselors. The bill also provides an additional \$14,000,000 to support direct FTEs in the Education program for workload increases associated with the post-9/11 GI bill program.

INFORMATION TECHNOLOGY SYSTEMS

The bill appropriates \$3,162,501,000 for Information Technology (IT) Systems. Within this total, \$966,000,000 is provided for staff salaries and expenses, \$1,453,685,000 for the operation and maintenance of existing programs, and \$742,816,000 for new program development.

The bill includes language that requires the Secretary to submit a reprogramming base letter within 30 days of enactment of this Act identifying by IT project its development and operations cost. Thereafter, the Department is directed to provide on a monthly basis an IT expenditure plan with the specific information items mentioned in the House and Senate reports.

The bill also includes language restricting the obligation of \$742,816,000 in IT development funds until the Department submits a certification letter to the Committees identifying the projects or programs that are ready to receive funding in fiscal year 2011 and in what amounts. The Department is directed to submit the total life cycle development costs of projects and programs receiving development funds in fiscal year 2011, and to include these estimated costs in future budget submissions.

OFFICE OF INSPECTOR GENERAL

The bill appropriates \$115,367,000 for the Office of Inspector General. Of the amount provided, \$6,000,000 is available for obligation until September 30, 2012.

CONSTRUCTION, MAJOR PROJECTS

The bill appropriates \$1,151,036,000 for Construction, Major Projects. The bill designates \$940,932,000 for the projects and activities and in the amounts specified below:

(In thousands of dollars)

Location and description	This bill
Veterans Health Administration (VHA):	
New Orleans, LA—New Medical Facility	310,000
Denver, CO—New Medical Facility	450,700
Palo Alto, CA—Polytrauma/Ambulatory Care Replacement	30,000

(In thousands of dollars)

Location and description	This bill
Alameda Point, CA—Outpatient Clinic and Columbarium (Design)	17,332
Omaha, NE—Hospital Replacement Facility (Design)	56,000
Advanced Planning Fund—Various Locations	89,750
Facility Security Projects—Various Locations	41,390
Judgment Fund—Various Locations	6,000
BRAC Land Acquisition—Various Locations	13,000
Resident Engineers for Major Construction—Various Locations	23,964
Total VHA	1,038,136
National Cemetery Administration (NCA):	
Indiantown Gap, PA—Gravesite Expansion and Cemetery Improvements—Phase 4	23,500
Los Angeles, CA—Columbarium Expansion	27,600
Tahoma, WA—Gravesite Expansion and Cemetery Improvements—Phase 2	25,800
Advanced Planning Fund—Various Locations	20,000
NCA Land Acquisition Fund—Various Locations	10,000
Total NCA	106,900
General Administration: Staff Offices Department Advance Planning Fund	6,000
Total Construction, major projects	1,151,036

Funding for leasing health care center facilities (HCCFs) is provided in the Medical Facilities account.

The Department is directed to submit with all future budget requests the findings associated with the Strategic Capital Investment Planning review, which is designed to address the problems of aging infrastructure and underutilized properties.

The Department is directed to report obligations for each Major Construction project on a quarterly basis, with the first report to the Committees to be submitted no later than January 15, 2011, to reflect obligations incurred through December 31, 2010. The Department is directed to provide a 5-year capital plan for Major Construction projects, and include the total cost of each project and an obligation plan by fiscal year.

CONSTRUCTION, MINOR PROJECTS

The bill appropriates \$517,700,000 for Construction, Minor Projects. Of this amount, \$428,712,000 is designated for the VHA, \$43,573,000 is for the National Cemetery Administration, \$22,625,000 is for General Administration—Staff Offices, and \$22,790,000 is for the VBA.

The bill includes an additional \$40,000,000 for high priority minor construction projects, of which \$8,265,000 is designated for the construction and renovation needs associated with the hiring of new disability claims processors.

The bill includes an additional \$10,000,000 for the renovation of unused buildings on Department of Veterans Affairs campuses for the purpose of providing housing with supportive services for homeless veterans. This funding will allow the Department to make the renovations and pursue public/private partnerships for operation. The Department is directed to provide an expenditure plan for this funding to the Committees by April 9, 2011.

GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

The bill appropriates \$85,000,000 for Grants for Construction of State Extended Care Facilities.

GRANTS FOR CONSTRUCTION OF STATE VETERANS CEMETERIES

The bill appropriates \$46,000,000 for Grants for Construction of State Veterans Cemeteries.

ADMINISTRATIVE PROVISIONS (INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

The bill includes section 201 allowing for transfers among various mandatory accounts.

The bill includes section 202 allowing for the transfer of funds among the three medical accounts.

The bill includes section 203 allowing for the use of salaries and expenses funds to be used for other authorized purposes.

The bill includes section 204 restricting the use of funds for the acquisition of land.

The bill includes section 205 limiting the use of funds in the Medical Services account to only entitled beneficiaries unless reimbursement is made to the Department.

The bill includes section 206 allowing for the use of certain mandatory appropriations accounts for payment of prior year accrued obligations for those accounts.

The bill includes section 207 allowing for the use of appropriations available in this title to pay prior year obligations.

The bill includes section 208 allowing funds for the administration of the National Service Life Insurance Fund, the Veterans' Special Life Insurance Fund, and the United States Government Life Insurance Fund.

The bill includes section 209 allowing for the proceeds from enhanced-use leases to be obligated in the year in which the proceeds are received.

The bill includes section 210 allowing for the use of \$38,783,000 in this title for salaries and other administrative expenses to be used to reimburse the Office of Resolution Management and \$3,354,000 to reimburse the Office of Employment Discrimination Complaint Adjudication.

The bill includes section 211 limiting the use of funds for any lease with an estimated annual rental cost of more than \$1,000,000 unless approved by the Committees.

The bill includes section 212 requiring the Secretary of the Department of Veterans Affairs to collect third-party payer information for persons treated for non-service connected disability.

The bill includes section 213 allowing for the use of enhanced-use leasing revenues for Construction, Major Projects and Construction, Minor Projects.

The bill includes section 214 allowing for the use of Medical Services funds to be used for recreational facilities and funeral expenses.

The bill includes section 215 allowing for funds deposited into the Medical Care Collections Fund to be transferred to the Medical Services account.

The bill includes section 216 which allows Alaskan veterans to use medical facilities of the Indian Health Service or tribal organizations at no additional cost to the Department of Veterans Affairs or the Indian Health Service.

The bill includes section 217 providing for the transfer of funds from the Department of Veterans Affairs Capital Asset Fund to the Construction, Major Projects and Construction, Minor Projects accounts and makes those funds available until expended.

The bill includes section 218 prohibiting the use of funds for any policy prohibiting the use of outreach or marketing to enroll new veterans.

The bill includes section 219 requiring the Secretary to submit quarterly reports on the financial status and service level status of the VHA.

The bill includes section 220 allowing for the transfer of funds from various accounts to the Information Technology Systems account.

The bill includes section 221 providing for transfer of funds among projects within the Information Technology Systems account.

The bill includes section 222 authorizing the transfer of not more than \$5,000,000 to the Secretary of Health and Human Services for a Graduate Psychology Education Program which directly benefits veterans.

The bill includes section 223 prohibiting any funds to be used to contract out any function performed by more than ten employees without a fair competition process.

The bill includes section 224 limiting the obligation of non-recurring maintenance

funds during the last two months of the fiscal year.

The bill includes section 225 allowing for the transfer of up to \$235,360,000 from certain accounts to the Joint Department of Defense/Department of Veterans Affairs Medical Facility Demonstration Fund.

The bill includes section 226 allowing for the transfer of certain funds deposited in the Medical Care Collections Fund to the Joint Department of Defense/Department of Veterans Affairs Medical Facility Demonstration Fund.

The bill includes section 227 allowing a minimum of \$15,000,000 to be transferred from Medical Services, Medical Support and Compliance, and Medical Facilities to the Department of Defense/Department of Veterans Affairs Health Care Sharing Incentive Fund.

The bill includes section 228 rescinding fiscal year 2011 funds from the three medical accounts (\$1,015,000,000 for Medical Services, \$145,000,000 for Medical Support and Compliance, and \$145,000,000 for Medical Facilities) and then appropriating those amounts for fiscal year 2011 with two-year authority.

The bill includes section 229 requiring the Department to notify the Committees of all bid savings in Major Construction projects that total at least \$5,000,000 or five percent of the programmed amount of the project, whichever is less. The Department is also directed to notify the Committees 14 days prior to obligating such bid savings and to describe the anticipated use of such savings.

The bill includes section 230 prohibiting the Department from increasing the scope of work of Major Construction projects beyond the original scope identified in budget justification documents. The Committees have been frustrated trying to track the status and scope of projects that are requested over multiple budget years. Important elements such as size and cost change with little explanation. Since the original information provided about the project in the budget request includes little detail, it is hard to judge when the scope of the project changes. To address this problem, the Department is directed to include in the fiscal year 2012 budget request and thereafter a document comparable to the Department of Defense Form 1391 indicating key baseline data for each project to identify its original scope. If the scope of a project changes, the Department is required to notify immediately the Committees. The Department is encouraged to request funding for Major Construction projects only when the planning for the project is sufficiently advanced so that it can be executed in the budget year. Such a timeline should make scope changes less likely. These procedures will align VA construction directives with those for the military construction projects funded in this Act.

The bill includes section 231 providing that \$162,734,000 of fiscal year 2011 funding for Medical Facilities shall be available for renewable energy projects.

The bill includes section 232 providing additional fiscal year 2011 funding of \$74,776,000 for Medical Services.

The bill includes section 233 providing additional fiscal year 2011 funding of \$35,000,000 for Medical Facilities.

The bill includes section 234 regarding the designation of supplemental funds.

TITLE III

RELATED AGENCIES

AMERICAN BATTLE MONUMENTS COMMISSION SALARIES AND EXPENSES

The bill appropriates \$67,200,000 for Salaries and Expenses. The bill provides \$3,000,000 more than the budget request. The addi-

tional funds are to be used for improvements and rehabilitation of the Bataan Memorial at Cabanatuan in the Philippines, as well as expansion of the Commission's interpretive program.

FOREIGN CURRENCY FLUCTUATIONS ACCOUNT

The bill appropriates such sums as necessary for the Foreign Currency Fluctuation Account.

UNITED STATES COURT OF APPEALS FOR VETERANS CLAIMS SALARIES AND EXPENSES

The bill appropriates \$28,297,000 for Salaries and Expenses. The amount provided includes \$2,515,229 for the pro bono program. The bill does not provide any funding for transfer to the General Services Administration for the construction of a courthouse to house the United States Court of Appeals for Veterans Claims due to the uncertain total cost of the project and concerns with the adequacy of the proposed site.

DEPARTMENT OF DEFENSE—CIVIL CEMETERIAL EXPENSES, ARMY SALARIES AND EXPENSES

The bill appropriates \$50,340,000 for Salaries and Expenses. The bill provides \$8,240,000 more than the budget request for the following activities identified by Arlington Cemetery management: additional personnel (\$4,481,000), an operations center (\$1,000,000), additional office space and equipment (\$300,000), information technology upgrades (\$1,000,000), records reconciliation (\$500,000), call center upgrades (\$300,000), security assessments and corrective actions (\$159,000), and global information system integration (\$500,000). In addition, the bill includes \$4,000,000 for the development of a detailed master plan for Arlington National Cemetery, as directed by the Secretary of the Army on June 10, 2010, and for initial planning for an expansion of the current visitors center to enhance the visitor experience.

ARMED FORCES RETIREMENT HOME TRUST FUND

The bill appropriates \$71,200,000 for the Armed Forces Retirement Home.

TITLE IV

OVERSEAS CONTINGENCY OPERATIONS DEPARTMENT OF DEFENSE MILITARY CONSTRUCTION, ARMY (INCLUDING TRANSFER OF FUNDS)

The bill provides an additional \$918,845,000 for Military Construction, Army. The bill includes a general reduction of \$176,000,000 against the total projects appropriated to account for the carryover of unobligated balances resulting from cancellations and bid savings among projects appropriated in prior years. The bill also includes a provision providing for the transfer of \$7,000,000 from the account to the Department of Defense Inspector General for the purpose of carrying out audits of military construction projects in Afghanistan.

MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

The bill provides an additional \$160,430,000 for Military Construction, Navy and Marine Corps.

MILITARY CONSTRUCTION, AIR FORCE

The bill provides an additional \$129,266,000 for Military Construction, Air Force. The bill includes a general reduction of \$216,000,000 against the total projects appropriated to account for the carryover of unobligated balances resulting from cancellations and bid savings among projects appropriated in prior years.

MILITARY CONSTRUCTION, DEFENSE-WIDE

The bill provides an additional \$48,461,000 for Military Construction, Defense-Wide.

ADMINISTRATIVE PROVISIONS

The bill includes section 401 providing a designation of funds appropriated in this title.

(INCLUDING TRANSFER OF FUNDS)

The bill includes section 402 providing for the transfer of up to \$250,000,000 of funds provided to Military Construction, Army, and Military Construction, Air Force, in title IV of division E of Public Law 111-117 among projects and activities within those accounts to accommodate cost and scope changes, changes of location, or projects not otherwise authorized that are necessary to support urgent military operational requirements in Afghanistan, subject to notification.

(INCLUDING TRANSFER OF FUNDS)

The bill includes section 403 providing for the transfer of up to \$250,000,000 of funds provided to Military Construction, Army, and Military Construction, Air Force, in chapter 9 of title I of Public Law 111-212 among projects and activities within those accounts to accommodate cost and scope changes, changes of location, or projects not otherwise authorized that are necessary to support urgent military operational requirements in Afghanistan, subject to notification.

The bill includes section 404 authorizing the obligation and expenditure of funds provided in this title for military construction projects and activities not otherwise authorized by law.

TITLE V

GENERAL PROVISIONS

(INCLUDING RESCISSIONS OF FUNDS)

The bill includes section 501 prohibiting the use of funds in the Act beyond the fiscal year unless expressly so provided.

The bill includes section 502 requiring pay raises to be absorbed within the levels appropriated in this Act.

The bill includes section 503 prohibiting the use of funds in this Act for programs, projects or activities not in compliance with Federal law relating to risk assessment, the protection of private property rights, or unfunded mandates.

The bill includes section 504 prohibiting the use of funds in this Act to support to defeat legislation pending before Congress.

The bill includes section 505 encouraging all Departments to expand their use of "E-Commerce" technologies.

The bill includes section 506 prohibiting the transfer of funds made available in this Act to any instrumentality of the United States Government without authority from an appropriations Act.

The bill includes section 507 specifying the congressional committees that are to receive all reports and notifications.

The bill includes section 508 prohibiting the use of funds in this Act for a project or program named for an individual serving as a Member, Delegate, or Resident Commissioner of the House of Representatives.

The bill includes section 509 requiring all reports submitted to be posted on official websites.

The bill includes section 510 prohibiting the use of funds in this Act for the processing of new enhanced-use leases at the National Homes for Disabled Volunteer Soldiers located in Milwaukee, Wisconsin.

The bill includes section 511 authorizing and providing \$46,550,000 for construction of a nursing care home care unit at the Beckley, West Virginia, Veterans Affairs Medical Center.

The bill includes section 512 authorizing a major medical facility project at the Depart-

ment of Veterans Affairs Medical Center in West Los Angeles, California in an amount not to exceed \$35,500,000. The Department is authorized to obligate funds derived from bid savings from major medical facility projects to carry out this project.

The bill includes section 513 rescinding \$200,000,000, in unobligated balances from prior appropriations Acts from "Military Construction, Army."

The bill includes section 514 rescinding \$128,000,000, in unobligated balances from title X of Public Law 111-5 from "Military Construction, Army", "Military Construction, Navy and Marine Corps", "Military Construction, Air Force", "Military Construction, Defense-Wide", "Military Construction, Army National Guard", "Military Construction, Air National Guard".

This bill includes section 515 rescinding \$117,505,000, in unobligated balances from title II of division E of Public Law 111-117, under the heading "Departmental Administration, Information Technology Systems" for staffing and administrative payroll.

DISCLOSURE OF EARMARKS AND
CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the House or Senate Committee of jurisdiction for each item so identified. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DISCLOSURE OF EARMARKS AND CON-
GRESSIONALLY DIRECTED SPENDING
ITEMS

Following is a list of congressional ear-
marks and congressionally directed spending
items (as defined in clause 9 of rule XXI of

the Rules of the House of Representatives
and rule XLIV of the Standing Rules of the
Senate, respectively) included in the bill or
this explanatory statement, along with the
name of each Senator, House Member, Dele-
gate, or Resident Commissioner who sub-

mitted a request to the House or Senate
Committee of jurisdiction for each item so
identified. Neither the bill nor the explana-
tory statement contains any limited tax ben-
efits or limited tariff benefits as defined in
the applicable House and Senate rules.

DIVISION K—DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2011

Following is an explanation of the effects of Division K, which makes appropriations for the Department of State, foreign operations, and related programs for fiscal year 2011. As provided in Section 4 of the consolidated bill, this explanatory statement shall have the same effect with respect to the allocation of funds and the implementation of this division as if it were a joint explanatory statement of a committee of conference.

This statement includes explanatory language, directives and tables for many, but not all of the accounts included in this division. Language is not included for the following accounts: Department of State—Capital Investment Fund; Emergencies in the Diplomatic and Consular Service; Repatriation Loans Program Account; Payment to the American Institute in Taiwan; Payment to the Foreign Service Retirement and Disability Fund; International Boundary and Water Commissions, United States and Mexico; The Asia Foundation; Center for Middle Eastern-Western Dialogue Trust Fund; Eisenhower Exchange Fellowship Program; Israeli Arab Scholarship Program; Commission for the Preservation of America's Heritage Abroad; United States Commission on International Religious Freedom; Commission on Security and Cooperation in Europe; Congressional-Executive Commission on the People's Republic of China; Capital Investment Fund—United States Agency for International Development (USAID); International Disaster Assistance; Transition Initiatives; Complex Crises Fund; Development Credit Authority; Inter-American Foundation; Department of the Treasury, International Affairs Technical Assistance; Debt Restructuring; Global Environment Facility; Contribution to the International Development Association; Contribution to the Inter-American Development Bank; Contribution to the Enterprise for the Americas Multilateral Investment Fund; Contribution to the Asian Development Fund; Contribution to the African Development Fund; Contribution to the International Fund for Agricultural Development; and Trade and Development Agency. However, the table at the end of this division includes funding levels for appropriations by account, and comparisons to last year's levels and the budget request for all accounts included in division K of this Act.

TITLE I

DEPARTMENT OF STATE AND RELATED AGENCY

DEPARTMENT OF STATE

ADMINISTRATION OF FOREIGN AFFAIRS
DIPLOMATIC AND CONSULAR PROGRAMS
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$9,553,200,000 for Diplomatic and Consular Affairs (D&CP), of which \$1,560,700,000 is for Worldwide Security Protection.

The Secretary of State is directed to continue in fiscal year 2011 the semi-annual reporting requirement on the hiring, training, and deploying of new staff described under this heading in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117).

Within the amount provided, funds may be used to address urgent renovation requirements for the Blair House, following consultation with the Committees on Appropriations.

The bill does not include the budget request for the Foreign Affairs Security Training Center. The Secretary of State is directed

to submit a report to the Committees on Appropriations not later than 60 days after selection of the location site for the Center including the estimated completion cost of the project; prioritization, cost, timeline, and description of the phases; and a cost-benefit analysis comparing the 10-year costs for the training from leased facilities with the 10-year costs for training at the Center, including the cost of constructing the new facility.

The bill provides \$2,000,000 for training, equipment and other support for the Bureau for Democracy, Human Rights, and Labor (DRL) and at United States missions to conduct vetting of units and individuals of foreign security forces, consistent with section 620M of the Foreign Assistance Act of 1961, as amended by this Act. The Committees on Appropriations direct the Department of State to ensure that Human Rights Officers at United States missions shall be individuals with appropriate specialized training and experience to effectively carry out the responsibilities of the position, and that DRL be consulted on such appointments.

The bill includes the budget request for cyber-security. In addition, the Secretary of State is directed, in coordination with the USAID Administrator, to consult with the Committees on Appropriations not later than 60 days after enactment of this Act on the cost-benefit and performance implications of further consolidation of the information technology platforms of the two agencies at the country level.

The Secretary of State should expand support of the Special Coordinator for Tibetan Issues and fill existing staff positions to enable the Special Coordinator to carry out the broad responsibilities detailed in section 621(d) of Public Law 107-228, as well as for convening coordinating meetings for appropriate United States Government agencies, nongovernmental organizations (NGOs), and representatives of the Tibetan leadership.

Section 7034(u) directs the Secretary of State to conduct a pilot program to recruit, hire, and train up to 25 mid-career professionals for the Foreign Service to help address the projected future shortfall of mid-career Foreign Service Officers, which shall be carried out after consultation with the Committees on Appropriations.

The bill provides \$1,760,900,000 to support the transition from a military to civilian United States presence in Iraq, including \$25,000,000 of the \$50,000,000 that was requested by the Department of State for transfer from the International Narcotics Control and Law Enforcement (INCLE) account. The bill does not include the requested transfer authority from INCLE to D&CP.

The bill provides \$334,000,000 to offset the loss of assumed revenue from expanded consular fee retention authority.

The bill includes funds for the requested new positions related to Department of State operations and programs in Afghanistan, Pakistan and Iraq.

The Secretary of State is urged to continue support for the educational partnerships developed between the Department of State and community colleges and universities that focus on recruiting and preparing students from institutions with large minority populations for positions in the Foreign Service and for the Office of Science and Technology Advisor's science fellowship programs. In addition, the Secretary should ensure that United States small, minority-owned, and disadvantaged business enterprises are able to fully participate in the provision of goods and services for the Department of State.

The Office of Public Diplomacy and Public Affairs is encouraged to continue funding for

new media programming for targeted Arabic language television programs, as specified in Senate Report 111-237.

The Secretary is directed to submit a report on implementation and progress toward achieving each of the sustainability goals and targets applicable to all United States Government agencies, as specified in Executive Order 13514.

The efforts undertaken by the Office of Global Women's Issues to integrate gender considerations into all programs should continue with full consultation with, and support of, the Office of the Director of Foreign Assistance and USAID.

The Department of State is expected to work to increase consultations between the United Nations (UN) and New York City officials, to ensure local codes, regulations and security requirements are taken into account in any renovation or construction of facilities.

The Department of State shall follow the directive related to property inventory in Senate Report 111-237.

Not later than 180 days after enactment of this Act, the Secretary of State, in consultation with the USAID Administrator, shall submit a report to the Committees on Appropriations on the number of private security contractors serving at United States missions in Iraq and Afghanistan, including: the cost and duties of such contractors; existing oversight mechanisms and the number of Department of State and USAID personnel, as appropriate, conducting such oversight; and a cost-benefit analysis of replacing such contractors with United States Government personnel.

The bill provides \$43,000,000 for costs related to the Asia Pacific Economic Cooperation (APEC) Forum in fiscal year 2011, which with the \$41,500,000 allocated in fiscal year 2010 provides \$84,500,000 for APEC Forum costs, including appropriate costs for providing security for visiting foreign officials and their delegations attending APEC meetings.

The bill provides \$8,356,000 under this heading to support the establishment of new American Centers. In addition, \$6,000,000 is provided under the Embassy Security, Construction, and Maintenance (ESCM) heading for related construction and renovation costs. Additional funds may be needed under ESCM for this purpose, and the Department of State is directed to consult with the Committees on Appropriations prior to the transfer of up to \$8,356,000 to ESCM for this purpose.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

Diplomatic and Consular Programs

(Budget authority in thousands of dollars)

Activities	Budget Authority
Human Resources	2,754,289

Office of Global Women's Issues	2,761
Office to Monitor and Combat Trafficking in Persons	6,410

CIVILIAN STABILIZATION INITIATIVE

The bill provides \$35,000,000 for Civilian Stabilization Initiative (CSI) in this title. In addition, \$15,000,000 is provided under the same heading in title II of the bill, for a total of \$50,000,000 for the CSI in fiscal year 2011.

The Committees on Appropriations believe the CSI has potential as a mechanism for responding to international crises, but it remains a work in progress and has yet to demonstrate that it is effective. Given that the Quadrennial Diplomacy and Development Review (QDDR) has not been finalized and submitted to the Congress, the Secretary of State is directed to pursue a minimal stand up and implementation plan for CSI in fiscal year 2011 and support no more than a total of 170 Civilian Response Corps active personnel. The fiscal year 2011 plan to increase the number of stand-by corps from 1,030 to 2,000 is unsustainable. The Secretary of State is directed to consult with the Committees on Appropriations prior to implementing any reforms of CSI that may be proposed in the QDDR, including the establishment of a new office or bureau, which is subject to the limitations of section 7015(a) of this Act.

Not later than 6 months after enactment of this Act, and after a comprehensive review of the activities of the Office of the Coordinator for Reconstruction and Stabilization, the Secretary of State shall submit a report to the Committees on Appropriations detailing a refined and more focused mission for this office, including clarification of its role in international crisis response; changes in staffing levels required to meet its mission; budget modifications, as appropriate; lessons learned since its inception; and the mechanisms that have been established to ensure coordination with other crisis response capabilities of the United States Government, particularly USAID and the Department of Defense. Until the report is submitted, the Secretary is directed to freeze hiring of new active and standby Civilian Response Corps personnel.

OFFICE OF INSPECTOR GENERAL

The bill provides \$115,000,000 for Office of Inspector General (OIG) under this heading, of which \$22,000,000 is for the Special Inspector General for Iraq Reconstruction (SIGIR) and \$30,287,000 is for the Special Inspector General for Afghanistan Reconstruction (SIGAR). In addition, the Supplemental Appropriations Act, 2010 (Public Law 111-212) included \$7,200,000 for SIGAR for fiscal year 2011 and section 7071(a)(4)(B) of this bill provides \$1,500,000 by transfer to both the SIGAR and the OIG for enhanced oversight of assistance for Afghanistan, making a total of \$38,987,000 available for the SIGAR and \$64,213,000 for the OIG in fiscal year 2011.

The Committees on Appropriations recognize the valuable presence of the OIG's Middle East Regional Office, and direct that it remain an independent office, report directly to the Inspector General, and continue conducting evaluations in the Middle East region. In addition, the activities undertaken by the OIG are distinct from SIGAR and SIGIR and should continue in Iraq and Afghanistan.

EDUCATIONAL AND CULTURAL EXCHANGE PROGRAMS

The bill provides \$654,200,000 for Educational and Cultural Exchange Programs, of which \$13,500,000 is for expanded exchange and English language programs requested under the Economic Support Fund (ESF) heading for the Global Engagement initiative. The Department of State shall follow the directive in Senate Report 111-237 regarding proposed reallocations to Pakistan and other Muslim-majority countries.

Any proposal for the programmatic and geographic distribution of available resources (including unobligated balances and recoveries) shall be submitted through the normal reprogramming process not later than 60 days after enactment of this Act. The overall funding distribution shall conform to the programmatic guidance included in this statement. Such plan should detail, by country, the amount allocated for Global Engagement initiative activities.

The bill provides funding to continue each of the programs referenced in the first paragraph following the table under this heading in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117).

The bill provides \$8,500,000 to continue the One-time Competitive Grants Program. This program shall be only for the actual exchange of people, should follow the criteria established under this heading in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2008 (division J of Public Law 110-161), and should benefit a population that is not being addressed through existing exchange programs.

The Department of State should consider proposals from the following organizations, in addition to those listed under the One-time International Exchange Grant Program heading in Senate Report 111-237, which shall be considered in full and open competition, and in accordance with all applicable rules and regulations: Santa Clara University; South Africa Washington Internship Program; Spelman College; Washington Ireland Program; and World Youth Peace Summit. The Department is also encouraged to continue funding the exchange programs listed in the fourth and fifth paragraphs under the heading in House Report 111-187, continue to support exchange programs and activities in the visual and performing arts, and consider funding for the OneWorld 2011 conference bringing together representatives from the United States and several Muslim-majority countries.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

EDUCATIONAL AND CULTURAL EXCHANGE PROGRAMS

(Budget authority in thousands of dollars)

Total, Educational and Cultural Exchange Programs	654,200

REPRESENTATION ALLOWANCES

The bill provides \$8,175,000 for Representation Allowances.

The Department of State is directed to continue to provide the semi-annual report to the Committees on Appropriations containing detailed information on the uses of funds appropriated under this heading.

PROTECTION OF FOREIGN MISSIONS AND OFFICIALS

The bill provides \$30,000,000 for Protection of Foreign Missions and Officials, of which \$27,600,000 is for the program in New York and \$2,400,000 is for the program elsewhere in the United States.

The Secretary of State is to continue to submit the report required under this heading in House Report 111-187 regarding the amount of claims submitted by eligible jurisdictions and the funds available to pay such claims. The Secretary of State should also consider the guidance included under this heading in Senate Report 111-237 regarding the financial benefits to jurisdictions from visits of foreign delegations.

EMBASSY SECURITY, CONSTRUCTION, AND MAINTENANCE

The bill provides \$1,838,300,000 for Embassy Security, Construction, and Maintenance, of which \$925,000,000 is for worldwide security upgrades and \$913,300,000 is for other construction, operations and maintenance. The amount provided includes \$174,000,000 above the request to offset the loss of assumed revenue from expanded consular fee retention authority.

The Secretary of State is directed to provide a spend plan to the Committees on Appropriations not later than 60 days after enactment of this Act, which shall be consistent with the directives under this heading in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117).

The bill provides the amount requested for security enhancements of soft targets.

The bill provides \$6,000,000 for construction and renovation costs for American Centers. The Department of State shall consult with the Committees on Appropriations regarding a possible transfer from D&CP of up to \$8,356,000 to establish new American Centers at locations worldwide.

The bill provides \$833,000,000 for the Department of State's Capital Security Cost-Sharing program contribution. The Committees on Appropriations are concerned about the sustainability of the rising cost of constructing, maintaining, and operating new, state-of-the-art embassy compounds and direct the Secretary of State to review the cost assumptions and construction process to ensure that new embassy compounds are constructed, transferred to the Department of State, and operated in a cost-effective and sustainable manner.

INTERNATIONAL ORGANIZATIONS

CONTRIBUTIONS TO INTERNATIONAL ORGANIZATIONS

The bill provides \$1,545,430,000 for Contributions to International Organizations. The

Secretary of State is directed to conduct a review of all international organizations that the United States participates in; align United States participation in and funding for such organizations with United States national interests; promptly initiate steps to withdraw from any which do not merit United States participation; and refrain from entering into new commitments without adequate resources.

The Department of State is directed to update the reporting requirement related to the voting practices of UN member states as specified under this heading in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117) for the current calendar year.

The bill includes a new provision under this heading directing that credits to United States-assessed contributions to the UN Tax Equalization Fund should be used to offset other assessed contributions to the UN, subject to the regular notification procedures of the Committees on Appropriations.

In an effort to control costs and ensure security at the new North American Treaty Organization Headquarters building, the Department of State is directed to complete an agreement with the Department of Defense on the allocation of costs for the "fit-out" of the United States Mission space within the new building.

CONTRIBUTIONS FOR INTERNATIONAL PEACEKEEPING ACTIVITIES

The bill provides \$2,096,382,000 for Contributions for International Peacekeeping Activities.

The Department of State shall follow the directive related to the UN Office of Internal Oversight Services as specified under this heading in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117).

The Committees on Appropriations are concerned with continuing reports of abuses of civilians by UN peacekeeping troops, including those who have been credibly alleged to have committed such abuses in their home countries. The bill requires the Secretary of State to work with the UN and governments that contribute peacekeeping troops to develop effective vetting procedures.

The bill includes a new provision under this heading directing that credits to United States-assessed contributions to the UN Tax Equalization Fund should be used to offset other assessed contributions to the UN, subject to the regular notification procedures of the Committees on Appropriations.

INTERNATIONAL COMMISSIONS

AMERICAN SECTIONS, INTERNATIONAL COMMISSIONS

The bill provides \$12,655,000 for American Sections, International Commissions, of which \$2,422,000 is for the International Boundary Commission, \$7,931,000 is for the International Joint Commission (including \$300,000 to expand the Upper Great Lakes study as described under this heading in Senate Report 111-237), and \$2,302,000 is for the Border Environment Cooperation Commission.

American Sections, International Commissions shall follow the directive, as specified under this heading in Senate Report 111-237 related to the International Boundary Commission and the International Joint Commission.

INTERNATIONAL FISHERIES COMMISSIONS

The bill provides \$51,000,000 for International Fisheries Commissions, of which

\$3,000,000 is for lamprey control and water quality improvements in the Lake Champlain Basin, and \$3,900,000 is for sea lamprey control and fishery research for the Great Lakes Basin.

The bill provides \$500,000 above the request for the International Pacific Halibut Commission to initiate the relocation and fit-out of its offices. These funds are available through fiscal year 2012 in order to facilitate the orderly transition into new space.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

INTERNATIONAL FISHERIES COMMISSIONS

(Budget authority in thousands of dollars)

Commission/Program	Budget Authority
Great Lakes Fishery Commission	24,700
Water Quality Improvements and Lamprey Control (non-add)	(3,000)
Inter-American Tropical Tuna Commission	1,800
Pacific Salmon Commission	3,190
Pacific Salmon Treaty Commitment	15,000
International Pacific Halibut Commission	3,750
Relocation and fit-out (non-add)	(500)
Other Marine Conservation Organizations:	
International Whaling Commission	195
North Pacific Anadromous Fish Commission	187
International Commission for the Conservation of Atlantic Tunas	295
Northwest Atlantic Fisheries Organization	202
Commission for the Conservation of Antarctic Marine Living Resources	115
North Atlantic Salmon Conservation Organization	50
International Council for the Exploration of the Sea	260
North Pacific Marine Science Organization	206
International Sea Turtle Conservation	170
Antarctic Treaty	65
Western and Central Pacific Fisheries Commission	655
Expenses of the United States Commissioners	160
Subtotal, Other Marine Conservation Organizations	2,560
Total, International Fisheries Commissions	51,000

RELATED AGENCY

BROADCASTING BOARD OF GOVERNORS

INTERNATIONAL BROADCASTING OPERATIONS

The bill provides \$744,500,000 for International Broadcasting Operations of the Broadcasting Board of Governors (BBG) for the operating and engineering costs of Voice of America (VOA); the Office of Cuba Broadcasting; Radio Free Europe/Radio Liberty; Radio Free Asia (RFA); Middle East Broadcasting Networks; and the BBG. The bill does not provide funding requested for program enhancements, with the exception of the upgrade of the Network Control Center.

The bill provides not less than the \$8,000,000 requested for broadcasting to North Korea. Funds also are included to continue at present levels RFA and VOA Tibetan language services.

The Committees on Appropriations do not support closing the Greenville Transmitting Station and direct that none of the funds available in this Act be used for such purposes. The bill provides funding to continue VOA broadcasts in Greek. The Committees on Appropriations understand that the BBG has, over the past several years, internally funded surge broadcasts in Burmese, Swahili, and Spanish and is not planning to continue these broadcasts in fiscal year 2011. The BBG is directed to include justification for the discontinuation of these broadcasts in the spend plan and to continue these broadcasts at current levels until the BBG receives Congressional approval for any change in broadcast hours. The bill includes a new provision requiring that the Committees on Appropriation be notified prior to reducing or increasing BBG broadcast hours or implementing changes to transmission platforms.

The BBG is directed to conduct an evaluation of the effectiveness of Persian News Network (PNN) and Radio Farda programming to Iran and report to the Committees on Appropriations not later than March 31, 2011, on its findings and proposals for BBG

programming to Iran. The bill provides adequate funding to continue the radio rebroadcasts of PNN television programming and the one hour original VOA Persian radio broadcast during this evaluation period.

The bill provides funding requested for BBG Pashto and Dari broadcasts to Afghanistan and BBG broadcasts to Iraq. The bill also provides \$750,000 to support expanded Internet anti-censorship efforts, in addition to funds made available for such purposes.

The BBG shall follow the directive specified in Senate Report 111-237 related to Cuba.

The BBG is directed to undertake a strategic review of Alhurra and the effectiveness of its programming in the region and to report to the Committees on Appropriations on its findings and recommendations for improving program and journalistic quality, viewership, efficiency in operations, and sustainability of Alhurra's cost of operations.

The BBG is directed to provide the report requested under this heading in Senate Report 111-237 regarding revenue from privatization and commercial efforts.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

INTERNATIONAL BROADCASTING OPERATIONS

(Budget authority in thousands of dollars)

Program	Budget Authority
International Broadcasting Bureau (IBB):	
Voice of America	206,877
Broadcasting to Cuba	28,789
Engineering and Technical Services	188,249
Agency Direction	28,290
IBB Management and Support	47,172
Subtotal, IBB	499,377
Independent Grantee Organizations:	
Radio Free Europe/Radio Liberty	94,488
Radio Free Asia	37,679
Middle East Broadcasting Networks	112,956
Subtotal, Grantees	245,123
Total, International Broadcasting Operations	744,500

BROADCASTING CAPITAL IMPROVEMENTS

The bill provides \$6,875,000 for Broadcasting Capital Improvements. Funds should be programmed consistent with the directives under this heading in Senate Report 111-237.

RELATED PROGRAMS

UNITED STATES INSTITUTE OF PEACE

The bill provides \$44,050,000 for the United States Institute of Peace (USIP). The \$2,500,000 requested for building security equipment, construction, and costs associated with the planning and rehabilitation of United States Navy Potomac Annex Buildings 6 and 7 is not provided. The planning and rehabilitation of these buildings should be paid for with funds from other sources, including private or Federal funding from organizations and agencies that will utilize the proposed training facility. USIP may reprogram funds as necessary to address the security requirements of the headquarters facility, subject to consultation with, and the regular notification procedures of, the Committees on Appropriations.

EAST-WEST CENTER

The bill provides \$23,100,000 for East-West Center.

The bill provides funding to support the initiatives described in Senate Report 111-237.

NATIONAL ENDOWMENT FOR DEMOCRACY

The bill provides \$118,000,000 for National Endowment for Democracy (NED). An additional \$10,500,000 is provided to the NED for democracy programs in Egypt, Pakistan, Cuba, North Korea, and the Democratic Republic of the Congo (DRC), which shall support new small grants and not be used to

fund current, on-going programs. These countries present challenging programmatic and complex political environments well suited to NED's mission. In some cases, NED is more appropriate and cost effective for the promotion of democracy abroad than the Department of State or USAID. NED shall consult with the Committees on Appropriations on the uses of these funds prior to the obligation of funds and program implementation, and shall provide the financial spend plan in accordance with the directives in Senate Report 111-237.

USAID and the Department of State are to coordinate democracy programs with NED to avoid duplication of activities.

NED and the Department of State shall follow the directive related to the pass-through nature of the NED grant, as specified in Senate Report 111-237.

NED is directed to use \$250,000 for the training and education of Tibetans in democracy activities and for monitoring the human rights situation in Tibet.

Within the total provided, funding is included for activities to support democracy promotion, human rights, labor rights, and the rule of law, as well as funding for the International Forum for Democratic Studies, Reagan-Fascell Fellows program, the World Movement for Democracy, and the Center for International Media Assistance.

OTHER COMMISSIONS

UNITED STATES-CHINA ECONOMIC AND SECURITY REVIEW COMMISSION

The bill provides \$3,625,000 for United States-China Economic and Security Review Commission.

Funds are provided for the Commission to undertake a study on China's use of country of origin labeling as a method of avoiding anti-dumping and countervailing duties on products, including with respect to components of Chinese steel.

TITLE II

UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT

FUNDS APPROPRIATED TO THE PRESIDENT OPERATING EXPENSES (INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,392,000,000 for Operating Expenses, of which \$18,091,000 is to support the USAID Forward procurement reform initiatives. Funds should be used to increase the number of procurement and oversight staff to ensure proper use of USAID assistance funds.

USAID is directed to provide regular updates on actions taken and recommended by the Procurement Reform Task Force and to notify the Committees on Appropriations prior to implementing new procurement reform proposals.

The Department of State and USAID shall follow the directives related to disability programs, as specified in Senate Report 111-237.

USAID shall follow the reporting requirement related to small minority-owned and disadvantaged business enterprises in House Report 111-187.

The bill provides \$264,324,000 for the Development Leadership Initiative (DLI), including to support the hiring of not more than 100 additional DLI Foreign Service Officers. This amount is lower than the budget request due to the reduced costs assumed per new hire and the reduced number of new hires in fiscal year 2011. USAID is directed to provide quarterly updates on the status and costs of the hiring, training, and deploying of personnel.

The USAID Administrator is directed to provide a report on implementation and progress toward achieving each of the sus-

tainability goals and targets applicable to all United States Government agencies, as specified in Executive Order 13514.

USAID and the Department of State are directed to provide updates to the Committees on Appropriations on decisions made and actions taken related to the inclusion of USAID program implementers in the Synchronized Pre-Deployment and Operational Tracker database.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

USAID OPERATING EXPENSES

(Budget authority in thousands of dollars)

Program	Budget Authority
Development Leadership Initiative	264,324
Overseas Facilities	37,457
USAID Forward Procurement Reform	18,091
Overseas Operations	655,881
Locally Employed Staff Special Compensation (non-add)	(1,000)
Washington Operations	273,241
Central Support	231,132
Subtotal, USAID Operating Expenses	1,480,126
Less other sources	(88,126)
TOTAL, USAID Operating Expenses	1,392,000

CIVILIAN STABILIZATION INITIATIVE

The bill provides \$15,000,000 for Civilian Stabilization Initiative in this title, which includes \$5,000,000 for deployments. The bill also provides \$35,000,000 under the same heading in title I of the bill, for a total of \$50,000,000 for the CSI in fiscal year 2011.

OFFICE OF INSPECTOR GENERAL

The bill provides \$46,500,000 for Office of Inspector General.

The OIG is directed to provide a spend plan and summary of oversight work in fiscal year 2011. The activities undertaken by the USAID Inspector General in Iraq and Afghanistan are distinct from SIGIR and SIGAR and should continue.

TITLE III

BILATERAL ECONOMIC ASSISTANCE

Funds in this Act are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

Sectors

(Budget authority in thousands of dollars)

Program	Budget Authority
Food Security and Agricultural Development	1,400,000
Dairy and livestock programs (non-add)	(30,000)
Plant biotechnology and research (non-add)	(35,000)
Collaborative Research Support Programs (non-add)	(33,000)
Global Crop Diversity Trust (non-add)	(12,000)
Water	315,000
Basic Education	925,000
Higher Education	225,000
Higher education programs in Africa (non-add)	(25,000)
of which for United States-African partnerships (non-add)	(15,000)
Microenterprise/Microfinance	265,000
Climate Change and Environment	1,476,550
American Schools and Hospitals Abroad	24,000
Victims of Torture	13,000
USAID's Cooperative Development Program	12,000
Women's Leadership Training programs	22,500

FUNDS APPROPRIATED TO THE PRESIDENT

GLOBAL HEALTH AND CHILD SURVIVAL

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$8,222,000,000 for Global Health and Child Survival. Of the total, \$2,722,000,000 is for USAID global health programs, and \$5,500,000,000 is apportioned directly to the Office of the United States Global AIDS Coordinator (OGAC) at the Department of State for global HIV/AIDS programs.

USAID is directed to consult with the Committees on Appropriations prior to the finalization of Global Health Initiative-plus

country plans and prior to the obligation of funding from the Strategic Reserve Fund.

The Committees on Appropriations note that the Secretary of State has not provided the report requested in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117) on global health program effectiveness. The Secretary is directed to provide this report not later than 90 days after enactment of this Act, which shall include a brief description of key global health challenges; the interventions that have been found to have the greatest impact in addressing these challenges; and further steps the United States could take to help significantly reduce mortality and morbidity. The report should pay special attention to those challenges that have not received adequate support in the past.

OGAC is directed to consult with the Committees on Appropriations on how the integration of health and development programs is impacting the effectiveness and outcomes of HIV/AIDS programs; the implementation of a strategy to train 140,000 new health workers; OGAC's strategy to implement an effective monitoring and evaluation program; and how administrative costs, including overhead, are calculated for participating agencies.

OGAC and the Global Fund to Fight AIDS, Tuberculosis and Malaria (Global Fund) have announced their intention to work together to begin to harmonize bilateral and multilateral assistance programs to reduce duplication and leverage investments, including treatment. OGAC and the Global Fund are directed to jointly report to the Committees on Appropriations on these discussions not later than 120 days after enactment of this Act and to provide early estimates of countries where OGAC funding will decrease and Global Fund support will increase based upon this division of program priorities.

USAID is directed to continue to support the GAVI Alliance and is further directed to undertake a modeling effort with the GAVI Alliance to establish budget projections and programmatic implications of the roll-out of new vaccines in the next three years.

USAID should continue and expand support for an integrated response to neglected tropical diseases, including schistosomiasis, lymphatic filariasis, onchocerciasis, soil transmitted helminthes, and trachoma; and explore opportunities to address buruli ulcer, chagas, and leprosy.

The USAID Special Advisor for Orphans and Vulnerable Children and the Department of State's Special Advisor to the Office of Children's Issues are directed to jointly provide a report to the Committees on Appropriations not later than 90 days after enactment of this Act detailing how USAID and the Department of State are assisting developing countries to provide family-based care to orphans, including helping such countries develop data on the number of children living outside of parental care; and identify and replicate best practices in providing family-based care.

OGAC is directed to provide the report to the Committees on Appropriations related to the Global Fund as specified in House Report 111-187.

OGAC is directed to ensure that family planning services are available to individuals served by OGAC programs.

OGAC is directed to provide \$6,000,000 to USAID to support microbicides research, including next generation anti-retroviral based microbicides. OGAC shall consider support for microbicides trials for young and adolescent women at the Kenya Medical Research Institute's Centers for Disease Control and Prevention HIV research branch. USAID and

OGAC are directed to consult with the Committees on Appropriations on this program.

OGAC and the Department of State shall follow the regular notification procedures for current and prior year funding for all OGAC-funded programs, including all reprogramming requirements contained in sections 7015 and 7019 of this Act.

OGAC is directed to work with relevant host governments and donors to make information available regarding educational, vocational and microfinance opportunities at global health clinics, especially those that target most at-risk populations.

Of the funds made available for global health and HIV/AIDS programs, funding should be made available for technical assistance within the relevant host country ministries for procurement system strengthening. The Global Fund should designate additional funding for capacity building for host country fiscal management, audits, reporting, and procurement systems strengthening.

USAID shall follow the directive related to anti-malaria assistance through international and indigenous nongovernmental organizations (NGOs) in Burma, as specified in Senate Report 111-237.

USAID voluntary family planning programs should offer a broad range of family planning methods and services, including fertility awareness programs.

USAID is directed to provide the annual report on its research and development program and to develop a multi-year strategy for global health research and development initiatives and programs.

USAID shall follow the directives in Senate Report 111-237 regarding the development of safe, effective and affordable drugs to combat tuberculosis, including multidrug resistant tuberculosis and extremely drug resistant tuberculosis.

OGAC and USAID shall follow the directive regarding the recruitment of healthcare workers, as specified in Senate Report 111-237.

The Department of State and USAID should consider proposals from the following organizations, in addition to those listed under the Proposals heading in Senate Report 111-237, which shall be considered in full and open competition, and in accordance with all applicable rules and regulations: Emory University's Global Health Leadership Development Program; International Association of Multicultural Women; Institute for Global Health at the University of Massachusetts; Project C.U.R.E.; Einstein College of Medicine's Global Diabetes Initiative; Afya Foundation; Tel Aviv University; Physicians for Peace; International Obstetric Fistula Working Group; Global Campaign to End Fistula; Helen Keller International; Local Voices; Safe Blood for Africa; TREAT Asia; McCord Research Foundation; the International Partnership for Microbicides; and International AIDS Vaccine Initiative.

USAID should expand support for volunteers who work with orphans and vulnerable children in Africa, and funding should be provided for programs that strengthen child welfare and child protection systems, including training of professionals for these purposes. USAID and OGAC should continue to support HIV-related media prevention programs in Africa and Asia, including India.

USAID is directed to consider establishing a pilot demographic program that would award competitive fellowships to United States-trained demographers from developing countries.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

Global Health And Child Survival Programs

(Budget authority in thousands of dollars)

Program/Activity	Budget Authority
Child Survival and Maternal Health (USAID):	761,000
Polio (non-add)	(33,000)
The GAVI Alliance (non-add)	(105,000)
Nutrition (non-add)	(100,000)
Micronutrients (non-add)	(33,000)
Vitamin A (non-add)	(23,000)
Iodine Deficiency Disorder (non-add)	(2,000)
Vulnerable Children (USAID):	15,000
Blind Children (non-add)	(2,000)
HIV/AIDS (USAID): 350,000.	
Microbicides (non-add)	(45,000)
HIV/AIDS (Department of State):	5,500,000
Global Fund (non-add)	(825,000)
UNAIDS (non-add)	(45,000)
Microbicides (non-add)	(6,000)
Family Planning/Reproductive Health (USAID)	585,000

Global TB Drug Facility (non-add)	(15,000)
Neglected Tropical Diseases (non-add)	(90,000)
Total, Global Health and Child Survival	8,222,000
Strategic Reserve Fund, OGAC	(50,000)
Strategic Reserve Fund, USAID	(50,000)

DEVELOPMENT ASSISTANCE

The bill provides \$2,767,700,000 for Development Assistance (DA).

USAID is directed to implement agricultural development and food security programs, including the Feed the Future initiative, as specified in Senate Report 111-237. USAID is further directed to ensure that monitoring and evaluation are critical components of Feed the Future and baseline data is collected in order to measure the impact of United States-funded programs. USAID is further directed to consult with the Committees on Appropriations prior to making a determination to transfer funds to any other United States Government agency, and shall present the rationale for such funding transfer.

USAID is directed to expand its support for wheat stem rust research.

The bill provides a total of \$1,476,550,000 for climate change and environment programs, including \$792,800,000 for bilateral programs administered by USAID and the Department of State, and \$683,750,000 for contributions to multilateral mechanisms, including the Global Environment Facility, the Clean Technology Fund and the Strategic Climate Fund. The Committees intend these funds to be used to support and promote non-fossil renewable energy technologies, end-use energy efficiency technologies, carbon sequestration, and carbon accounting; to support adaptation programs in countries threatened by climate change; and to protect sustainable landscapes and biodiversity, including tropical forests, marine ecosystems, and wildlife. The Committees intend sustainable landscapes and biodiversity programs to be used to strengthen the capacity of local governments to protect and sustainably manage natural resources; substantially increase and effectively manage protected areas and contiguous buffer zones; include meaningful participation by, and respect for the rights of, indigenous peoples and local communities and increase their land use and tenure security; and strengthen law enforcement, including the role of civil society in monitoring and oversight, to prevent illegal logging and other causes of deforestation and forest degradation. The bill provides \$20,000,000 for conservation programs in the Brazilian Amazon and \$15,000,000 for such programs in the Andean Amazon, of which \$10,000,000 is for strengthening the capacity of indigenous organizations to protect the biodiversity of their territories. The bill provides \$21,000,000 for the Congo Basin Forest Partnership, of which USAID is directed to provide not less than \$9,000,000 to the United

States Fish and Wildlife Service (USFWS) for its programs in central Africa, including to protect great apes.

Climate Change and Environment

(Budget authority in thousands of dollars)

Program/Activity	Budget Authority
USAID Biodiversity programs	215,000
Brazilian Amazon (non-add)	(20,000)
Andean Amazon (non-add)	(15,000)
Indigenous capacity building (non-add)	(10,000)
Congo Basin Forest Partnership (non-add) of which for USFWS programs in central Africa (non-add)	(21,000)
USAID Climate Change programs	390,000
Adaptation	145,000
Clean Energy	120,000
Sustainable Landscapes	125,000
Department of State Climate Change programs	129,300
Least Developed Countries Fund (non-add)	(45,000)
Special Climate Change Fund (non-add)	(25,000)
Western Hemisphere climate change	(10,000)
Global Environment Facility	143,750
Clean Technology Fund	315,000
Strategic Climate Fund	205,000
United Nations climate change programs	58,500
Tropical Forest Conservation Act	20,000
TOTAL, Climate Change and Environment	1,476,550
Subtotal, State/USAID	792,800
Subtotal, Treasury	683,750

USAID is directed to provide \$10,000,000 for microfinance solar energy programs and to continue to consult with the Committees on Appropriations on implementation of these programs.

USAID is directed to implement microfinance and microenterprise programs, as specified in Senate Report 111-237. USAID is directed to develop a strategy to ensure that implementing organizations are providing fair interest rates to borrowers.

USAID is directed to expand programs that address property rights, and land tenure issues, taking into special consideration gender issues.

USAID is directed to implement the American Schools and Hospitals Abroad program, as specified in Senate Report 111-237.

USAID is directed to integrate schools and educational programs, as appropriate, in health and development programs in order to continue to implement the "Communities of Learning" model and to consult with the Committees on Appropriations on a regular basis on these efforts. USAID is directed to increase its attention to the quality of education provided through United States-funded efforts and to prioritize measurement of early grades reading skills, including evidence-based instructional approaches, support for ministries in developing countries, high quality curricula, teaching and learning programs, and the systematic measurement of reading gains made by children in USAID-supported schools. Results of these assessments should be used to direct changes to existing programs, expand access to these tools in countries that are currently not measuring quality, and to begin development of math measurement tools. Section 7062 of the bill provides that funding under the DA and ESF headings can be used to support transitional education programs in humanitarian and other emergency situations.

Progress has been made in the past year to strengthen and streamline the World Bank's Education for All Fast Track Initiative (FTI). The bill provides not less than \$25,000,000 for the FTI in fiscal year 2011. USAID should continue its leadership role on the Executive Board and continue to provide assistance in the area of monitoring and evaluation. Basic education funding should be used to support implementation of reforms to develop a performance-based financing system based on mutual accountability between donors and recipients for achieving measurable results in access and quality; further expand civil society participation in governance; and build the FTI's capacity to

act as a supervising entity to independently manage, disburse, and monitor the FTI's fund, with the World Bank moving to a financial intermediary role.

USAID shall follow the funding directives related to higher education programs, as specified in Senate Report 111-237.

USAID shall follow the directive related to child marriage programs, as specified in Senate Report 111-237.

USAID is directed to provide the report to the Committees on Appropriations on women's economic opportunities, as specified in House Report 111-187.

USAID and the Department of State are directed to continue to support programs that protect the rights of workers from inhumane working conditions and unfair wages. Such programs should be supported centrally through funding for labor programs under the Democracy Fund, and they should be made a priority in country programs in Mexico, Haiti, Sri Lanka, Bangladesh, Indonesia, the Philippines, Vietnam, Pakistan and Iraq.

USAID is directed to implement the victims of torture program, as specified in Senate Report 111-237.

USAID and the Department of State are directed to provide the report on the prevention and response to gender-based violence, as specified in Senate Report 111-237.

USAID is directed to implement the safe water and sanitation program, as specified in Senate Report 111-237. USAID is directed to collaborate with United States small businesses specializing in developing country water purification, desalination and pumping stations powered with renewable energy technologies to ascertain critical countries, market sectors, financing/grant leveraging from the private sector and other Federal financing and export assistance programs, including those of multinational lending institutions, philanthropic and service organizations serving developing countries. In addition, USAID should make funding available for developing countries hit hardest by natural and human-caused disasters, and these funds should be directed toward projects using renewable energy powered water applications.

USAID is directed to implement university programs, as specified in Senate Report 111-237 and in House Report 111-187, and provide the requested report.

USAID is encouraged to implement Volunteers for Prosperity in a timely manner.

The bill provides \$22,500,000 for women's leadership capacity building, of which \$5,000,000 shall be implemented jointly by the Office of Global Women's Issues at the Department of State and overseas mission personnel. These funds should support projects that promote women's political, economic and social advancement in developing countries. Project proposals should not exceed \$200,000 and should support activities such as education, political empowerment, food security, climate change, gender-based violence, economic opportunity and entrepreneurship, property rights, and legal reform.

USAID and the Department of State shall follow the directive related to natural resource transparency in the allocation of extraction licenses and contracts, and the use of revenues; and to include benchmarks for effective natural resource management, transparency and accountability, as specified in Senate Report 111-237. USAID should ensure that funds are available for such programs in Liberia, Sierra Leone, Ghana, Angola, Nigeria, Cte d'Ivoire, and for the countries participating in the Congo Basin Forest Partnership.

USAID shall follow the directives related to Angola, South Africa, and Zimbabwe in Senate Report 111-237.

USAID is directed to support programs in Ethiopia, above the requested funding level,

that strengthen rule of law and governance, including programs that promote political expression and association, media freedom, and human rights, especially through civil society strengthening.

USAID is directed to support programs in Ghana, above the requested funding level, that strengthen rule of law and increase government accountability as it relates to oil and other natural resources.

USAID is directed to support programs in Rwanda, above the requested funding level, that support political expression and association, media freedom, and human rights, including through civil society strengthening.

USAID is directed to provide \$1,500,000 to the Department of the Interior for biodiversity and archeological conservation, governance and law enforcement programs in Guatemala, as specified in Senate Report 111-237. In addition, the Secretary of State is directed to report not later than 120 days after enactment of this Act on the role that United States assistance plays in addressing the needs of Guatemalan women and girls who have been the victims of violence.

USAID and the Department of State are directed to continue to prioritize programs in northern Uganda related to transitional justice and reconciliation. In addition, the Department of State is directed to provide election monitoring reports, as specified in Senate Report 111-237.

USAID shall follow the directive related to funding for rainwater collection or other access to potable water for rural Ecuadorians affected by oil contamination, as specified in Senate Report 111-237. USAID is further directed to assist the Government of Ecuador regarding best practices for remediation and to work with the Ministry of Health in providing diagnosis and treatment for illnesses resulting from oil contamination.

The Department of State and USAID should consider proposals from the following organizations, in addition to those listed under the Proposals heading in Senate Report 111-237, which shall be considered in full and open competition, and in accordance with all applicable rules and regulations: Texas A&M University; Borlaug Global Rust Initiative; Esperanza; Florida Association for Volunteer Action in the Caribbean and Americas; Sanctuary of Moses Villages; Alfalit; OneWorld 2011; Population Media Center; Scholarships for Education and Economic Development; Empower Peace Foundation; Raphael Lemkin Center; University of Massachusetts-Boston Forum for Cities in Transition from Conflict; Millennium Water Alliance; Center for Victims of Torture; Women's Campaign International; and Leitner Center for International Law and Justice at Fordham Law School.

The Department of State and USAID should consider proposals from the following institutions, among others, including those listed under the University Programs heading in Senate Report 111-237, which shall be considered in full and open competition, and in accordance with all applicable rules and regulations: Marquette University; University of Kentucky; Monterrey Institute for International Studies; Daystar University; and Monmouth University.

USAID should consider proposals from the following institutions, among others, including those listed under the American Schools and Hospitals Abroad Program heading in Senate Report 111-237, which shall be considered in full and open competition, and in accordance with all applicable rules and regulations: American University of Armenia and Ashdod Emergency Medical Center.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

DEVELOPMENT ASSISTANCE	
(Budget authority in thousands of dollars)	
Country/Program	Budget Authority
Africa:	
Kenya	86,191
Senegal	75,150
Tribunal (non-add)	(2,000)
South Africa	20,000
Teacher training (non-add)	(5,000)
Uganda	75,000
Programs in northern Uganda (non-add)	(10,000)
East Asia and the Pacific:	
China	15,000
Indonesia	142,886
Human rights programs (non-add)	(500)

Trade Capacity Building—Central America	10,000

ECONOMIC SUPPORT FUND
(INCLUDING TRANSFER OF FUNDS)

The bill provides \$6,787,589,000 for Economic Support Fund.

The Department of State and USAID shall follow the directives related to assistance for the demilitarization of the mining sector in the DRC, as specified in Senate Report 111-237, including the report on the Administration's efforts to work with the UN Security Council DRC Sanctions Committee. In addition, the Department of State and USAID are directed to consult with the Committees on Appropriations not later than 45 days after enactment of this Act on implementation of a strategy on mineral exploitation and gender-based violence.

The Committees on Appropriations direct the Secretary of State, in consultation with the Secretary of Defense, to begin initiation of programs outlined in the comprehensive strategy required under the Lord's Resistance Army and Northern Uganda Recovery Act of 2009 (Public Law 111-172).

The Department of State and USAID shall follow the directives related to governance and transparency in the management of natural resources in Liberia, including the participation of civil society, as specified in Senate Report 111-237. In addition, USAID should support efforts to increase access to electricity and to strengthen other key transportation infrastructure.

USAID should support programs that seek to consolidate and build upon areas of relative stability in Somalia, including in Somaliland and Puntland through programs that support economic growth; address youth idleness and underemployment; and foster community-based peace-building and conflict mitigation.

USAID and the Department of State are directed to continue programs in Sudan that implement the Comprehensive Peace Agreement, support the January 2011 referendum, and continue efforts to assist civilians in Darfur. All United States Government efforts, including those of CSI and the Special Envoy to Sudan, should be coordinated and should be complementary to efforts undertaken by multilateral organizations. The Secretary of State and the Special Envoy shall provide a joint summary report on the

steps that the League of Arab States (Arab League) and its member nations, and the Government of the People's Republic of China (PRC) have taken to help bring an end to the conflict and restore stability and peace to southern Sudan, including a description of the Administration's efforts to engage the Arab League and the PRC to help resolve the conflict in Darfur.

The Department of State and USAID are directed to consult with the Committees on Appropriations prior to expanding programs in Zimbabwe, as provided for in section 7067(h).

Assistance for Cyprus shall support measures aimed at the reunification of the island. The Department of State shall provide a report to the Committees on Appropriations on the uses of funds for programs in Cyprus not later than 90 days after enactment of this Act. The Department of State and USAID shall follow the directives related to Cyprus in Senate Report 111-237.

USAID and the Department of State are directed to work with the Government of Egypt to identify and support programs which foster greater economic and educational opportunities for Egyptians, enhance political participation, and strengthen regional cooperation between Egypt and its neighbors. The bill does not include language related to cash transfer assistance due to the expiration of the memorandum of understanding on assistance. However, assistance should be provided in a manner that supports the efforts of the Government of Egypt to undertake significant economic and democratic reforms that are in addition to those which were undertaken in previous fiscal years, including making efforts to respect due process and the rights of its citizens to peaceful expression and association. In addition, USAID shall ensure that funding for scholarships is for Egyptian students with high financial need at educational institutions in Egypt that meet standards similar to those required for American accreditation.

Of the funding made available under this heading for Iraq, the Department of State should support programs for ethno-religious minorities, including through assistance for displaced and refugee populations and for such populations in the Nineveh Plains region. Further, the Department of State is directed to report in writing, not later than 45 days after enactment of this Act, on the planned use of these funds. Of the assistance provided for Iraq and the Middle East Partnership Initiative (MEPI), USAID is directed to provide up to \$10,000,000 to support Iraqi women's democracy initiatives. The Department of State and USAID shall follow directives related to Iraq in Senate Report 111-237.

USAID shall ensure that funding for scholarships is used for students in Lebanon with high financial need at educational institutions in Lebanon that meet standards similar to those required for American accreditation.

The Department of State shall follow the directives in Senate Report 111-237 related to scholarship programs managed by MEPI. The Department of State is directed to consult with the Committees on Appropriations regarding the strategy to promote tolerance and combat incitement as required in section 7041(c), including the programs that will be established to support the goals of such strategy.

Of the funds provided for West Bank and Gaza, not more than \$200,000,000 is for cash transfer assistance. The Secretary of State, in consultation with the USAID Administrator, is directed to report on measures undertaken to ensure appropriate oversight of United States assistance programs in Gaza

as well as the delivery of humanitarian and reconstruction assistance. Such report should identify parties and activities that impede the provision of such assistance, to include any organization designated as a foreign terrorist organization under section 219 of the Immigration and Nationality Act. The Secretary of State is further directed to facilitate a meeting between the relevant Israeli authorities and interested parties to discuss the matter surrounding the injury sustained by Tristan Anderson, an American citizen from Oakland, California, on March 13, 2009, in the West Bank village of Nilin. The Department of State is also directed to conduct thorough and transparent investigations of each case involving the death or serious injury of an American citizen in the West Bank and Gaza since 2001 and provide the reports detailing actions taken to investigate American citizen casualties in the West Bank and Gaza, as specified in Senate Report 111-237. The Department of State is directed to update the report required in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117) on international participation in the economic development of the West Bank and the Palestinian Authority.

The Secretary of State is directed to provide a comprehensive spend plan on assistance for Yemen prior to obligation of funds and should condition assistance for the Government of Yemen in order to obtain its full support on shared objectives, to ensure program effectiveness and reduce corruption.

The Department of State and USAID, in consultation with the Department of State's Ambassador-at-Large for Global Women's Issues, are directed to provide not less than \$175,000,000 to address the needs and protect the rights of Afghan women and girls, including for the Afghan Independent Human Rights Commission and the Afghan Ministry of Women's Affairs. Such assistance should be tied to measurable target indicators of progress in line with the United States Government's Afghan Women and Girls assistance strategy and the National Action Plan for Women of Afghanistan, and shall include a focus on multi-sectoral small grants and capacity building of Afghan women-led NGOs. Assistance provided should be tracked and monitored using gender equality indicators and, to the extent practicable, emphasize capacity building and sustainability. In addition, USAID shall ensure that funds are provided for literacy programs for women and girls.

The Department of State is directed to provide the report related to ammonium nitrate proliferation in Afghanistan, as specified in Senate Report 111-237.

The Department of State and USAID are directed to provide not less than \$225,000,000 for the National Solidarity Program in Afghanistan. The Administration has indicated that additional government-to-government assistance will be provided for Afghanistan and the Department of State is directed to ensure that all appropriate precautions are taken to protect United States taxpayer funds. The National Solidarity Program may be a recipient of such funds if appropriate audit and financial controls are in place.

USAID is directed to use the Office of Transition Initiatives to the maximum extent practicable in areas impacted by conflict or prone to conflict in Pakistan and should expand programs that support the development of independent media and promote democracy and human rights. In addition, USAID is directed to consult with the Committees on Appropriations prior to the obligation of funds for the Pakistan Civilian Assistance Program, which shall be used to

assist civilians who have suffered losses as a result of military operations. The Department of State is directed to continue efforts to work with the Government of Pakistan to expand the licit tax base in Pakistan in order to ensure sustainability of its programs.

The Department of State is encouraged to provide support for the implementation of the United States-Colombia Action Plan on Racial and Ethnic Equality and the United States-Brazil Joint Action Plan on Racial and Ethnic Equality.

Funding transferred to the Migration and Refugee Assistance account shall be for emergency relief through international and indigenous NGOs for Colombian refugees in neighboring countries. USAID shall ensure that funds provided for Afro-Colombian and indigenous communities are programmed in consultation with these communities.

The Department of State and USAID shall follow the directives related to Haiti, as specified in Senate Report 111-237, and provide \$25,000,000 for bilateral basic education programs that support the Government of Haiti's basic education plan, which is being coordinated through the Inter-American Development Bank. Funds to support Haiti's education sector should only be made available to the extent that the Secretary of State reports to the Committees on Appropriations that such funds are matched by other donor contributions. In addition, USAID should consider supporting a center for victims of trauma in Haiti.

The Department of State shall follow the directive related to funding for the Salvadoran National Police Inspector General's Office, as specified in Senate Report 111-237.

The Secretary of State is directed to provide a report not later than 90 days after enactment of this Act on how programs funded under this heading and the DA heading related to the Merida Initiative are achieving judicial and law enforcement reforms in Mexico.

The Department of State and USAID shall follow the directives related to Burma, as specified in Senate Report 111-237. USAID and the Department of State are directed to fulfill the programming requirements on the Thai-Burma border and consider expansion of such programs to the Burma-India, Burma-China, and Burma-Bangladesh borders.

The Department of State and USAID shall follow the directives related to Cambodia, Nepal, Thailand, and the Philippines, as specified in Senate Report 111-237.

USAID should support capacity-building programs in Cambodia, above the requested funding level, that promote good governance and accountability in the management of timber and other natural resources, and should include a credible and comprehensive review of existing natural resource concessions and technical assistance to establish procedures to ensure transparency in the allocation and ownership of future concessions, as specified in Senate Report 111-237.

The Department of State and USAID shall follow the directives related to Tibet, as specified in Senate Report 111-237. The Special Coordinator for Tibetan Issues should play an active role in the allocation of funds for programs and activities in Tibet, as authorized by Public Law 107-223. USAID should consider expanding its Tibetan program by assisting in long-term earthquake recovery in the Yushu region.

The Department of State and USAID shall follow the directives related to environmental remediation of dioxin-contaminated sites and related health/disability activities in Vietnam, as specified in Senate Report 111-237.

The Department of State is directed to continue the Civilian Science Research Initiative through programs that engage scientists in the establishment of new international cooperative research and development partnerships that provide former weapons scientists with the opportunity to participate in scientific research with their civilian counterparts and to develop skills relevant for sustained civilian employment.

The Department of State and USAID are directed to expand programs that promote transparency, accountability, and civil society participation related to the allocation of licenses and contracts for natural resources. USAID and the Department of State shall follow the directive related to natural resources transparency and the Kimberley Process, as specified in Senate Report 111-237.

The Department of State and USAID shall follow the directives related to the Global Engagement initiative, as specified in Senate Report 111-237. Total funding for the initiative is detailed in the following table:

GLOBAL ENGAGEMENT INITIATIVE

(Budget authority in thousands of dollars)

Account	Budget Authority
Diplomatic and Consular Programs	3,500
Educational and Cultural Exchange Programs	13,500
Economic Support Fund	33,000
TOTAL, Global Engagement initiative	50,000

The Department of State is directed to ensure that polio vaccination efforts are incorporated into programs in Pakistan and Afghanistan.

The Department of State, through the Office of Oceans and International Environment and Scientific Affairs (OES), is directed to explore the possibility of the Global Environment Facility (GEF) providing developing countries with the option of nominating a national entity which meets agreed fiduciary standards to receive funding directly from the GEF and to undertake reforms to ensure the timely endorsement of National Adaptation Programme of Action projects. OES is also directed to work with the Forest Carbon Partnership Facility management team to ensure implementation of the World Bank's safeguard policies at all stages of the strategy process, including prior to the disbursement of grants.

The Secretary of State is directed to consult with other United States Government agencies and refugee assistance organizations, as appropriate, to develop strategies to respond to projected increases in short and long-term displacement of people by climate change-related hazards, such as floods, droughts and desertification causing decreases in agricultural productivity and the availability of water, and rising sea levels, and provide a report to the Committees on Appropriations detailing such strategies not later than 180 days after enactment of this Act.

The Department of State and USAID shall follow the directives related to Reconciliation Programs, as specified in Senate Report 111-237. USAID is directed to fund as many people-to-people activities as possible and to provide an annual report on the status of applications and funding for programs to the Committees on Appropriations not later than May 1, 2011.

USAID and the Department of State should ensure that trafficking programs include technical assistance to help countries meet minimum standards to prevent trafficking, prosecute perpetrators, protect victims (including at long-term residential rehabilitation facilities, where appropriate), and support research initiatives. The De-

partment of State and USAID should ensure that assistance programs do not increase vulnerability to, or prevalence of, trafficking and slavery. Increased funding is provided for anti-trafficking activities in sub-Saharan Africa. The Department of State and USAID are directed to ensure that programs in India and Cambodia will continue to assist victims of trafficking, rape and other sexual violence, to improve the capacity of government institutions, including the judiciary, law enforcement (as appropriate), and civil society organizations, and to combat human trafficking and violence against women and children. Programs should be put in place to assist Haitian children living in bondage, known as "restaveks". Total funding for trafficking in persons programs is detailed in the following table:

TRAFFICKING IN PERSONS

(Budget authority in thousands of dollars)

Account	Budget Authority
Diplomatic and Consular Programs—Operations	6,410
Development Assistance—Country Programs	6,250
Economic Support Fund	14,700
Office to Combat Trafficking in Persons (non-add)	12,000
Country Programs (non-add)	2,700
Assistance for Europe, Eurasia and Central Asia	6,282
International Narcotics Control and Law Enforcement for the Office to Combat Trafficking in Persons	9,400
Total, Trafficking in Persons	43,042

The Department of State and USAID shall follow the directives related to wheelchair and disability programs; forensic assistance programs; and the Near East Regional Democracy programs, as specified in Senate Report 111-237.

The Committees on Appropriations note that continued funding for the International Fund for Ireland is provided under this heading, and intend that this will be the final United States contribution to the Fund.

The Department of State and USAID should consider proposals from the following organizations, in addition to those listed under the Proposals heading in Senate Report 111-237, which shall be considered in full and open competition, and in accordance with all applicable rules and regulations: University of Massachusetts, Boston; Street Law; Education for Employment Foundation; Hebrew University; Florida Association of Volunteer Action in the Caribbean; The Bridge Fund; CURE International Hospital and Family Health Center in Kabul; Alliance for Middle East Peace (including Seeds of Peace); American Bar Association Rule of Law Initiative; National Center for State Courts; and Cross International.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

ECONOMIC SUPPORT FUND

(Budget authority in thousands of dollars)

Country/program	Budget Authority
Africa:	
DRC	69,000
Mining sector programs (non-add)	(10,000)
Liberia	140,000

DEMOCRACY FUND

The bill provides \$115,000,000 for Democracy Fund.

As part of its human rights programming, the Department of State is directed to consider programs that support international religious freedom and promote human rights of vulnerable populations, including in countries where the annual Department of State Human Rights Report has documented human rights violations.

The Department of State should consider the proposal listed under the Proposal heading in Senate Report 111-237, which shall be considered in full and open competition, and in accordance with all applicable rules and regulations.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

DEMOCRACY FUND

(Budget Authority in thousands of dollars)

Program/activity	Budget Authority
China, Hong Kong, Taiwan	20,000
Internet access and freedom	7,500
Unallocated	41,000

DEMOCRACY FUND—Continued
[Budget Authority in thousands of dollars]

Program/activity	Budget authority
Human Rights and Democracy Fund	68,500
Elections and Political Process Fund	30,000
International Labor Programs	9,000
Support for Human Rights, Media and Rule of Law	7,500
USAID, DCHA/DG	46,500
Total, Democracy Fund	115,000

ASSISTANCE FOR EUROPE, EURASIA AND
CENTRAL ASIA

The bill provides \$709,000,000 for Assistance for Europe, Eurasia and Central Asia.

The Department of State should provide up to \$8,000,000 to address ongoing humanitarian needs and the plight of victims of the Nagorno-Karabakh conflict, in a manner consistent with prior years.

The Department of State is directed to provide \$8,500,000 for the North Caucasus for immediate and long-term needs of conflict-affected populations, as specified in Senate Report 111-237, subject to prior consultation with the Committees on Appropriations.

Of the funds made available for Organization for Security and Cooperation in Europe (OSCE), the Department of State is directed to provide not less than \$210,000 to support OSCE's education and police initiatives to combat anti-Semitism in Europe and Eurasia.

The Department of State and USAID should make assistance available for Roma communities who are experiencing discrimination and violence in some European countries through organizations working to protect Roma and their culture.

The Department of State shall follow the directives related to the USFS in Russia and Ukraine, as specified in Senate Report 111-237.

The Committees on Appropriations support negotiations toward a peaceful settlement of the ongoing dispute between Armenia and Azerbaijan over the status of Nagorno-Karabakh and continue to encourage all parties to refrain from threats of violence, the use of inflammatory rhetoric or incitement to the use of force. The Committees on Appropriations note that section 907 of Public Law 102-511 is still in effect and the Secretary of State is directed to provide a report not later than 90 days after enactment of this Act, analyzing the effectiveness of section 907 in furthering a resolution to the conflict that includes recommendations for increasing opportunities for reconciliation between parties.

The Department of State is directed to provide a report to the Committees on Appropriations related to the extent to which the Government of Serbia is taking steps to end Serbian support of Republika Srpska institutions, as specified in Senate Report 111-237.

The Department of State and USAID should consider proposals from the following organizations, in addition to those listed under the Proposals heading in Senate Report 111-237, which shall be considered in full and open competition, and in accordance with all applicable rules and regulations: Civilian Research and Development Foundation; American Jewish Joint Distribution Committee; Miramed; and the School of Public Service at the American University in Kosovo.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

Assistance for Europe, Eurasia and Central Asia
[BUDGET AUTHORITY IN THOUSANDS OF DOLLARS]

Country	Budget authority
Central Asia:	
Kazakhstan	10,400
Kyrgyz Republic	40,000
Tajikistan	40,000
Turkmenistan	10,000
Uzbekistan	8,250
Regional—Central Asia	6,700
Subtotal, Central Asia	115,350
Europe and Eurasia:	
Albania	20,000
Armenia	40,000
Azerbaijan	22,120
Belarus	14,000
Bosnia and Herzegovina	42,000
Office of the High Representative (non-add)	(3,700)
Georgia	68,000
Kosovo	79,000
Macedonia	22,000
Moldova	20,000
Montenegro	8,000
Russia	58,000
North Caucasus (non-add)	(8,500)
Serbia	48,000
Ukraine	85,000
Regional—Europe and Eurasia	67,530
Subtotal, Europe and Eurasia	593,650
Total, Assistance for Europe, Eurasia and Central Asia	709,000

DEPARTMENT OF STATE

MIGRATION AND REFUGEE ASSISTANCE

The bill provides \$1,685,000,000 for Migration and Refugee Assistance, of which \$35,000,000 is provided to respond to small-scale emergency humanitarian requirements of international and NGO partners and not less than \$25,000,000 is for refugees resettling in Israel.

The Secretary of State should consider the guidance included under this heading in Senate Report 111-237 concerning refugees from countries in Africa (Somalia, Uganda and Eritrea), the Near East (Iraq), the Western Hemisphere (Colombia) and South Asia (Burma and Laos) as allocation and policy decisions are made for fiscal year 2011. The Secretary of State also should work with the Office of the UN High Commissioner for Refugees to develop durable solutions for Zimbabwean refugees.

Funds are provided to continue assistance for Tibetan refugees in India and Nepal. The Secretary of State should work with the Government of Nepal to address the problem of safe passage for Tibetan refugees, as noted in Senate Report 111-237.

Section 7041(e) continues the accountability report concerning assistance for the UN Relief and Works Agency.

UNITED STATES EMERGENCY REFUGEE AND
MIGRATION ASSISTANCE FUND

The bill provides \$45,000,000 for United States Emergency Refugee and Migration Assistance Fund (ERMA) and amends the Migration and Refugee Assistance Act of 1962 to authorize the Secretary of State to make the required determination for the release of ERMA funds and to raise the cumulative cap to \$200,000,000.

INDEPENDENT AGENCIES

PEACE CORPS

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$425,000,000 for Peace Corps.

The Peace Corps is directed to provide a report to the Committees on Appropriations not later than 90 days after enactment of this Act on the implementation of the Peace Corps' comprehensive agency assessment, including the rationale for the geographic and sectoral distribution of volunteers and efforts to pilot new, technical programs through an expanded Peace Corps Response Corps, or similar short-term missions.

The Peace Corps is directed to provide a report to the Committees on Appropriations on

the implementation of the Peace Corps Office of Inspector General's recommendations in the Report on Volunteer Safety and Security (IG-10-08-A) not later than 90 days after enactment of this Act.

MILLENNIUM CHALLENGE CORPORATION

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,105,000,000 for Millennium Challenge Corporation (MCC).

The MCC is directed to continue to provide the spending plan as specified in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117).

The MCC is directed to submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act, which includes an assessment of the current practices, procedures and recommendations related to efforts to monitor and address patterns of corruption in MCC compact countries; and specific actions that the MCC will take to improve these efforts and the processes in place to determine whether the level of corruption warrants suspension or termination of the MCC compact.

In February 2008, the United States recognized Kosovo as a sovereign and independent state and as such Kosovo should be eligible for consideration of MCC assistance, in accordance with the MCC's regular procedures and operations.

The Chief Executive Officer of the MCC shall continue to implement funding restrictions for military assistance and training, and reimburse USAID for all expenses incurred, as directed in prior years.

Section 7085 of this Act provides authority permitting the MCC to support concurrent and subsequent compacts, subject to conditions, and to preserve income classification for certain countries.

AFRICAN DEVELOPMENT FOUNDATION

The bill provides \$30,500,000 for African Development Foundation (ADF).

The ADF has made progress in the past two years in reducing overhead expenses and prioritizing program spending. ADF should consider further organizational restructuring, consolidation of administrative services with similar organizations, purchase of services within the United States Government, and, where appropriate, selective outsourcing. The President of ADF shall report to the Committees on Appropriations not later than 90 days after enactment of this Act on the actions ADF will take in fiscal year 2011 to further reduce administrative costs, as specified in Senate Report 111-237.

DEPARTMENT OF THE TREASURY

DEBT RESTRUCTURING

The bill provides \$56,000,000 for Debt Restructuring, of which up to \$36,000,000 may be used for debt relief for Haiti, and not less than \$20,000,000 is to support implementation of the Tropical Forest Conservation Act.

TITLE IV

INTERNATIONAL SECURITY ASSISTANCE

DEPARTMENT OF STATE

INTERNATIONAL NARCOTICS CONTROL AND LAW ENFORCEMENT

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,590,000,000 for International Narcotics Control and Law Enforcement. The Secretary of State is directed to notify in writing and provide justification to the Committees on Appropriations within 5 days of exercising "notwithstanding" authority under this heading.

The Department of State is directed to ensure that all training of foreign security forces funded under this heading shall include a comprehensive human rights component and that all United States laws regarding human rights, including section 620M of

the Foreign Assistance Act of 1961, as amended by this Act, are consistently applied to assistance funded under this heading.

The Department of State shall follow the directive related to funding and a multi-year plan for the continued operation of the International Law Enforcement Academy (ILEA) at Roswell, New Mexico, as specified in Senate Report 111-237. The ILEAs shall incorporate gender-based violence training into its programs, as appropriate.

The Secretary of State is directed to submit a report not later than 180 days after enactment of this Act, briefly describing, on a country-by-country basis, justice reform, rule of law, and police training programs to be funded by the Department of State and other Federal agencies abroad in fiscal year 2011, including the objectives and intended results of such programs; the extent to which such programs are coordinated with country strategies established by USAID and the Department of State, and those of multilateral donors, as appropriate; the mechanisms for monitoring such funds; and the metrics for measuring progress in achieving results.

The Department of State is directed to report to the Committees on Appropriations not later than 45 days after enactment of this Act on the proposed uses of funding for Colombia's judicial agencies, including activities to be supported, how the assistance program is designed and the benchmarks that have been established to meet the stated goals.

The Department of State shall follow the directive related to the Office of the Ombudsman Delegate for the Rights of Children, Youth, and Women in Colombia, as specified in Senate Report 111-237.

The Department of State is directed to provide forensic equipment and training to states and localities in Mexico that have the highest rate of homicide and other violent crime to ensure local law enforcement agencies have the necessary tools to solve and prosecute these cases. Additionally, the Department of State shall follow the directives related to the interoperability of law enforcement communications equipment and technology, as specified in Senate Report 111-237.

The Department of State is directed that unless otherwise noted, funding for global programs under this heading shall be presumed to be at the request level.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

INTERNATIONAL NARCOTICS CONTROL AND LAW ENFORCEMENT	
(Budget authority in thousands of dollars)	
Country/Program	Budget Authority
Afghanistan	375,000
Bolivia	14,000
Colombia	196,500
Guatemala	4,000
CICIG (non-add)	(4,000)
Haiti	15,249
Indonesia	11,570
Iraq	162,000

Combating Copyright Piracy	5,000
International Law Enforcement Academies	37,200
Roswell, New Mexico (non-add)	(5,000)
Office to Monitor and Combat Trafficking in Persons	9,400

INTERNATIONAL NARCOTICS CONTROL AND LAW ENFORCEMENT—Continued	
(Budget authority in thousands of dollars)	
Country/Program	Budget Authority
Unallocated	328,525
Total, International Narcotics Control and Law Enforcement	1,590,000

NONPROLIFERATION, ANTI-TERRORISM, DEMINING AND RELATED PROGRAMS

The bill provides \$740,000,000 for Nonproliferation, Anti-terrorism, Demining and Related Programs. The Secretary of State is directed to notify in writing and provide justification to the Committees on Appropriations within 5 days of exercising "notwithstanding" authority under this heading.

The bill does not include requested authorization language and funding regarding a new "Countering Violent Extremism" program/account. The Committees on Appropriations provide funding for these programs under ESF.

The bill provides not less than \$7,000,000 for the removal of cluster munitions and other unexploded ordnance in Laos and not less than \$3,500,000 for humanitarian demining activities in Vietnam. The Department of State shall follow the directive related to international demining in Senate Report 111-237.

The Department of State is directed to provide a report, as specified in Senate Report 111-237, describing the circumstances known to the Secretary that led to the release of convicted Lockerbie bomber Abdelbaset Ali Mohmend al-Megrahi from a Scottish prison.

Funds in this account are allocated according to the following table, and are subject to the provisions of section 7019 of this Act:

NONPROLIFERATION, ANTI-TERRORISM, DEMINING AND RELATED PROGRAMS	
(Budget authority in thousands of dollars)	
Programs	Budget Authority
Nonproliferation Programs	
1Nonproliferation and Disarmament Fund	57,000

Total, Nonproliferation, Anti-terrorism, Demining, and Related Programs	740,000

PEACEKEEPING OPERATIONS

The bill provides \$305,000,000 for Peacekeeping Operations.

The Committees on Appropriations support the efforts of the Multinational Force and Observers mission in the Sinai, and endorse continued funding for force protection efforts.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

PEACEKEEPING OPERATIONS	
(Budget authority in thousands of dollars)	
Country/Program	Budget Authority
Africa

FUNDS APPROPRIATED TO THE PRESIDENT
INTERNATIONAL MILITARY EDUCATION AND TRAINING

The bill provides \$107,000,000 for International Military Education and Training (IMET), of which \$3,500,000 is available until expended. The bill includes a general provision (section 7067(a)(1)) that provides that assistance for Angola, Cameroon, Central African Republic, Chad, Côte d'Ivoire, Guinea and Zimbabwe may be made available only for training related to international peacekeeping operations and expanded international military education and training (E-IMET). The bill prohibits funding for Equatorial Guinea and Somalia, and funding for the Kyrgyz Republic is restricted to E-IMET only.

The Department of State is directed that unless otherwise indicated in the table, funding for countries under this heading shall be presumed to be at the request level.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

INTERNATIONAL MILITARY EDUCATION AND TRAINING	
(Budget authority in thousands of dollars)	
Country/Program	Budget Authority
Armenia	450
Azerbaijan	450
Colombia	1,695
East Asia and Pacific Regional	230
Egypt	1,400
Equatorial Guinea	0
Guatemala	825
Haiti	220
Kyrgyz Republic (E-IMET only)	500
Mexico	1,100
Pakistan	4,100
Somalia	0
Sudan	225
Tunisia	1,325
Turkey	4,500
Vietnam	450
IMET Administrative Costs	5,120

FOREIGN MILITARY FINANCING PROGRAM

The bill provides \$5,440,000,000 for Foreign Military Financing Program (FMF).

The Committees on Appropriations recognize the challenges facing Guatemala from narcotics trafficking, organized crime, and clandestine groups that target social and political activists, provide \$1,000,000 for FMF programs for the Guatemalan Navy and Air Force, and permit assistance for the Army Corps of Engineers for limited purposes, while continuing to restrict funding for the Guatemalan Army in a general provision (section 7044(d)(2)) and subject to the conditions specified in Senate Report 111-237.

Prior to the obligation of funds under this heading for Honduras, the Secretary of State

is directed to report to the Committees on Appropriations that the Armed Forces of Honduras have withdrawn from internal policing and other civilian activities.

The Department of State shall provide the report, as specified in Senate Report 111-237, regarding Morocco.

The Department of State shall provide the report regarding Sri Lanka, as specified in Senate Report 111-237, to include crimes against humanity, war crimes, and violations of international humanitarian law.

Section 7068(d)(1) requires the Secretary of State to report to the Committees on Appropriations on Indonesia as specified in Senate Report 111-237, including on the steps taken to guarantee freedom of expression in Papua and the southern Moluccan Islands. Additionally, the Department of State is directed to consult with the Committees on Appropriations prior to any decision to provide training or other assistance to Unit 81 of the Indonesian Special Forces (Kopassus).

Section 7068(g) withholds from obligation \$3,000,000 of funds under this heading for the Philippines, until the Secretary of State provides the report to the Committees on Appropriations, as specified in Senate Report 111-237.

The Secretary of State is directed to report to the Committees on Appropriations on the events leading up to and surrounding the violent ethnic clashes in Osh, Kyrgyz Republic in June, 2010. The report should include whether there were any attempts to destabilize the government, the parties implicated in such efforts, and the involvement of any factions or units of Kyrgyz Republic Armed Forces. In addition, the Committees on Appropriations direct that pursuant to section 620M of the Foreign Assistance Act of 1961, as amended by this Act, assistance may not be provided for any unit of the Kyrgyz Republic Armed Forces if the Secretary of State has credible information that such unit has committed a gross violation of internationally recognized human rights.

The Committees on Appropriations are concerned with reports of the use of torture by units of the Bahraini Ministry of Interior's Criminal Investigations Directorate and the Bahrain National Security Agency, and the Department of State is directed to consult with the Committees if it intends to provide assistance to such units.

Funds in this account are allocated, unless otherwise noted, according to the following table, subject to the provisions of section 7019 of this Act:

FOREIGN MILITARY FINANCING PROGRAMS

(Budget authority in thousands of dollars)

Country/Program	Budget Authority
Armenia	3,500
Azerbaijan	3,500
Bahrain	19,500
Cambodia	500
Colombia	44,500
Maritime Interdiction and Riverine Operations (non-add)	(12,500)
Egypt	1,300,000
Ethiopia	843
Georgia	16,000

FMF Admin Cost	56,583
Unallocated	104,974
Total	5,440,000

PAKISTAN COUNTERINSURGENCY CAPABILITY

FUND

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,000,000,000 for Pakistan Counterinsurgency Capability Fund and continues the provisions contained in the Supplemental Appropriations Act, 2009 (Public Law 111-32), which established the account to address the extraordinary security situation in Pakistan and ensure such assistance aligns with United States foreign policy objectives in Pakistan and the broader region. Funding is intended for training and equipping of Pakistan's security forces with a focus on the Army, the Special Services Group, Army Aviation, and the paramilitary Frontier Scouts and supports a long-term partnership with Pakistan to address issues of international terrorism, poverty and development. The Committees on Appropriations are concerned with reports that Pakistani security forces have denied access to humanitarian organizations to internally displaced persons (IDPs) and other vulnerable populations and detainees. Accordingly, the bill includes explicit authority to support training in civil-military humanitarian assistance. The Committees on Appropriations direct that section 620M of the Foreign Assistance Act of 1961, as amended by this Act, shall be applied to assistance for Pakistan in this Act to ensure that it is not misused and that individuals responsible for abuses are appropriately punished.

TITLE V

MULTILATERAL ASSISTANCE

FUNDS APPROPRIATED TO THE PRESIDENT

INTERNATIONAL ORGANIZATIONS AND PROGRAMS

The bill provides \$395,500,000 for International Organizations and Programs.

The Department of State is directed to consider support to international science facilities in order to foster new scientific discoveries through voluntary contributions to appropriate organizations.

The Department of State is directed to provide the report related to the Organization of American States, as specified in Senate Report 111-237.

The Department of State should actively work within the UN system to ensure that countries with records on women's human rights that are consistent with international standards are elected to leadership positions at UN Women—the UN Entity on Gender Equality and the Empowerment of Women.

Funds in this account are allocated, unless otherwise noted, according to the following table, and are subject to the provisions of section 7019 of this Act:

INTERNATIONAL ORGANIZATIONS AND PROGRAMS

(Budget authority in thousands of dollars)

Programs	Budget Authority
Center for Human Settlements	2,100
International Civil Aviation Organization	950
International Conservation Programs	8,000
International Contributions for Scientific, Educational & Cultural Activities	1,000

International Chemicals and Toxin Programs	0
Total, International Organizations and Programs	395,500

INTERNATIONAL FINANCIAL INSTITUTIONS

The Department of the Treasury is directed to review all general capital increase requirements to ensure that only those with the highest priority and relevance are submitted as part of the fiscal year 2012 budget request. At a time of tight fiscal estimates, it is critical that the United States only make commitments that are necessary to further United States interests.

The Department of the Treasury is directed to work with the international financial institutions to ensure that programs address pandemic preparedness among other global health priorities.

The Department of the Treasury is directed to provide a report to the Committees on Appropriations not later than 60 days after enactment of this Act on the steps being taken to require that each of the international financial institutions, including the World Bank and the International Monetary Fund, initiate a full review of their respective compensation systems to ensure that they do not outpace the cost of living and are consistent with the austerity measures that are being undertaken by member states.

The Department of the Treasury is directed to seek to ensure that the United States share of funding in international funds, including the Clean Technology Fund, the Global Food Security Fund, and the Strategic Climate Fund, does not exceed 33 percent of the total amount of funds contributed to any such Fund from all sources in the coming years.

The Secretary of the Treasury is directed to seek to ensure that all international financial institutions provide financing to the Government of Haiti on a grant-only basis.

The Secretary of the Treasury is directed to seek to ensure that all loans from international financial institutions are in compliance with the Department's Guidance to Multilateral Development Banks for Engaging with Developing Countries on Coal-Fired Power Generation. In addition, as the Department of the Treasury and the Department of State continue negotiations for the possible establishment of a Green Fund, actions should be taken to ensure that this new entity reflects this policy guidance.

The Secretary of the Treasury shall provide a report to the Committees on Appropriations not later than 180 days after enactment of this Act that describes for each international financial institution the amount and type of assistance provided, by country, for the extraction and export of oil, gas, coal, timber, or other natural resources in the preceding 12 months; and the consideration given by each institution, when providing such assistance, to whether the country has in place functioning systems to account for revenues from such extraction and exports.

The Department of the Treasury is directed to request that the World Bank commission an independent evaluation of the impact of the Bank's current forest policy on poverty alleviation, deforestation, and forest degradation at the local and national levels, and the expected carbon emissions that will result from the implementation of such policy, and post the findings on the Bank's Web site not later than one year after enactment of this Act.

CONTRIBUTION TO THE CLEAN TECHNOLOGY FUND

The bill provides \$315,000,000 for Contribution to the Clean Technology Fund.

The Department of the Treasury is directed to provide a report to the Committees on Appropriations, the Senate Foreign Relations Committee, and the House Financial Services Committee not later than 180 days after enactment of this Act that describes the purpose and progress of each project supported by the Fund, including the extent to which assistance made available by the Fund has reduced or will reduce greenhouse gas emissions in recipient countries; and how each project furthers the Fund's investment plan for the country or countries in which the project is implemented.

CONTRIBUTION TO THE STRATEGIC CLIMATE FUND

The bill provides \$205,000,000 for Contribution to the Strategic Climate Fund.

The Department of the Treasury is directed to consult with the Committees on Appropriations on the allocation of funds between the Pilot Program for Climate Resilience, the Forest Investment Program and the Program for Scaling-Up Renewable Energy in Low-Income Countries prior to the obligation of funds. Programs funded should complement bilateral investments in adaptation, sustainable landscapes protection, and clean energy.

GLOBAL FOOD SECURITY FUND

The bill provides \$215,000,000 for Global Food Security Fund. The Committees on Appropriations direct that these funds be provided to the Global Agriculture and Food Security Program Trust Fund at the World Bank. Programs funded should complement bilateral investments in agricultural development and food security.

The Department of the Treasury is directed to continue its efforts to ensure accountability and transparency of programs funded through the Fund, including fair representation on the Board for all members of the private sector, including private businesses, foundations and NGOs.

CONTRIBUTION TO THE ASIAN DEVELOPMENT BANK

The bill provides \$106,586,000 for Contribution to the Asian Development Bank (ADB) for the first of five scheduled United States paid-in capital contributions to the ADB's Fifth General Capital Increase (GCI-V).

LIMITATION ON CALLABLE CAPITAL SUBSCRIPTIONS

The bill includes a limitation on the amount that the United States Governor of the ADB may subscribe to the callable portion of the United States share of the GCI-V in an amount not to exceed \$2,558,048,769 in fiscal year 2011.

TITLE VI

EXPORT AND INVESTMENT ASSISTANCE EXPORT-IMPORT BANK OF THE UNITED STATES ADMINISTRATIVE EXPENSES

The bill provides \$99,000,000 for Administrative Expenses for the Export-Import Bank.

The Board of the Export-Import Bank is directed to prioritize within its administrative expenses budget, funding for the Bank's small business initiative to establish up to 15 new regional offices, and limit, to the degree possible, increased funding for additional permanent headquarters staff. The Export-Import Bank is directed to provide a spending plan to the Committees on Appropriations for the uses of funds under this heading not later than 60 days after enactment of this Act.

The Export-Import Bank is directed to continue the reporting requirement regard-

ing renewable energy or end-use energy efficiency technologies, specified in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117). The Bank shall provide the report contained in Senate Report 111-237 addressing steps taken to implement the Government Accountability Office's recommendations regarding the Bank's failure to allocate 10 percent of its annual financing to renewable energy or energy efficiency technologies, as directed by Congress.

OVERSEAS PRIVATE INVESTMENT CORPORATION

PROGRAM ACCOUNT

The bill provides \$29,000,000 for Program Account of the Overseas Private Investment Corporation (OPIC).

OPIC is directed to provide the reports and continue the consultations required in the explanatory statement accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117).

TITLE VII

GENERAL PROVISIONS

The following general provisions from the Department of State, Foreign Operations and Related Programs Appropriations Act, 2010 (division F of Public Law 111-117) were dropped: 7068, 7074, 7080 and 7091. All other longstanding general provisions were retained, modified, or incorporated into this Act.

Sec. 7002. Unobligated Balances Report.

This provision directs departments and agencies that receive funds provided by this Act to provide a quarterly accounting of funds that remain unobligated and unexpended, which should disaggregate the funds by fiscal year to the extent it can be supported by the agency's or department's financial management systems and processes. The Secretary of State is directed to report unobligated and unexpended balances for future supplemental appropriations disaggregated by fiscal year.

Sec. 7008. Coups d'Etat.

The modifications to this provision shall apply to prospective coups d'etat and shall not apply to retrospective assessments.

Sec. 7034. Special Provisions.

The World Food Program is directed to continue to work collaboratively with USAID and the Department of State in providing assistance for high risk countries.

The Secretary of State, Secretary of the Treasury, USAID Administrator, and the heads of the MCC, BBG, OPIC, and the Export-Import Bank of the United States, are directed to report, in writing, to the Committees on Appropriations that they have instituted a policy to eliminate unnecessary idling of motor vehicles owned or leased by the United States Government. Such a policy may include exceptions to accommodate essential security, health, or safety concerns, and if necessary to perform a job function, ensure safe operating conditions, or to operate a motor vehicle in accordance with manufacturer specifications.

Sec. 7045. Colombia.

The bill includes language by reference similar to prior years, except that it modifies the requirements of 7046(b)(1)(B), (b)(2), (c), and (d)(1) from the Department of State, Foreign Operations and Related Programs Appropriations Act, 2009 (division H of Public Law 111-8, as amended).

Funds made available in this Act for Colombia are to be allocated according to the following table, and are subject to the provisions of section 7019 of this Act:

COLOMBIA ALL SPIGOTS CHART

(Budget authority in thousands of dollars)

Programs/Accounts	Budget Authority
Foreign Military Financing Program	44,500
International Military Education and Training	1,695
Nonproliferation, Anti-terrorism, Demining and Related Programs	4,750

International Law Enforcement Academy	300
Interregional Aviation Support	11,250
Subtotal—Regional INCLE	11,550
Total—INCLE	208,050
Total—Colombia	453,995

Sec. 7080. Transparency, Accountability and Anti-Kleptocracy.

The Department of the Treasury is directed to continue to provide the report to the Committees on Appropriations related to the International Monetary Fund's (IMF) New Arrangements to Borrow as outlined in section 7090(d) of the Department of State, Foreign Operations and Related Programs Appropriations Act, 2010 (Public Law 111-117).

The Secretary of the Treasury is directed to provide a report to the Committees on Appropriations within 30 days after the Board of Executive Directors of the IMF approves a loan for a country where the amount of the net public debt of the country exceeds 60 percent of the gross domestic product and the country is not eligible for assistance from the International Development Association, outlining the likelihood that the loan will be repaid. The report should also describe the borrowing country's current debt status, including to the extent possible, its maturity structure, whether it has fixed or floating rates, whether it is indexed, and by whom it

is held; the borrowing country's external and internal vulnerabilities that could potentially affect its ability to repay; and the borrowing country's debt management strategy.

The bill limits assistance to the central government of countries that do not fully disclose their national budget and government contracts and licenses for natural resource exploitation. If the Secretary of State waives this requirement, the Department of State is required to provide a report to the Committees on Appropriations that includes current data on the country's budget transparency; identifies any steps taken by such government to publicly disclose its national budget which are additional to those which were undertaken in previous fiscal years; includes recommendations of short- and long-term steps that the government can take to improve budget transparency; and identifies benchmarks for measuring progress in countries that receive a waiver.

Sec. 7082. Buying Power Maintenance, International Organizations.

This provision establishes a Buying Power Maintenance account under the Contributions to International Organizations heading to enable the Department of State to offset adverse fluctuations in foreign currency exchange rates related to United States assessed contributions to international organizations. While the Committees on Appropriations recognize the budgeting challenges related to exchange rate fluctuations, the Secretary of State is directed to continue to utilize funding that remains available after paying the annual assessed contributions to continue to synchronize contributions in the fiscal year in which they are due. The Secretary is also directed to report to the Committees on Appropriations by October 30, 2011, on the total amount transferred into the Buying Power Maintenance account in

fiscal year 2011 and the sources of this funding.

Sec. 7088. Inspectors General Personnel.

The Inspectors General of the Department of State and USAID should not exercise the waiver authority in this section for annuitants who have been retired for seven years or more, except in exceptional circumstances.

DISCLOSURE OF EARMARKS AND
CONGRESSIONALLY DIRECTED SPENDING ITEMS

Pursuant to clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, neither this division nor its accompanying explanatory statement contains any congressional earmarks, congressionally directed spending items, limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules.

DIVISION L—TRANSPORTATION, HOUSING AND URBAN DEVELOPMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2011

Following is an explanation of the effects of Division L, which makes appropriations for the Departments of Transportation and Housing and Urban Development and Related Agencies for fiscal year 2011. As provided in Section 4 of the consolidated bill, this explanatory statement shall have the same effect with respect to the allocation of funds and the implementation of this division as if it were a joint explanatory statement of a committee of conference.

CONGRESSIONAL DIRECTIVES

The language and allocations set forth in the House report (House Report 111-564) and Senate report (Senate Report 111-230) should be complied with unless specifically addressed to the contrary in this explanatory statement. The explanatory statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate has directed the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations. The Department of Transportation and the Department of Housing and Urban Development are directed to notify the House and Senate Committees on Appropriations seven days prior to the announcement of a new program or authority.

TITLE I—DEPARTMENT OF TRANSPORTATION

OFFICE OF THE SECRETARY SALARIES AND EXPENSES

The bill provides \$115,509,000 for the salaries and expenses of the Office of the Secretary of Transportation. The bill includes funding by office as specified below:

Immediate office of the secretary	\$2,667,000
Office of the deputy secretary	1,000,000
Office of the executive secretariat	1,683,000
Office of the under secretary of transportation for policy	16,568,000
Official of small and disadvantaged business utilization	1,563,000
Office of the chief information officer	19,663,000
Office of the assistant secretary for governmental affairs	2,500,000
Office of the general counsel	19,960,000
Office of the assistant secretary for budget and programs	11,156,000
Office of the assistant secretary for administration	25,695,000
Office of public affairs	2,055,000
Office of intelligence, security and emergency response	10,999,000

Office of the under secretary of transportation for policy.—The bill includes \$804,000 and 6 full time equivalent (FTE) to support the ongoing workload requirements of the Office of the Under Secretary of Transportation for Policy. In addition, the bill provides \$1,500,000 to staff the U.S. Embassies in Kabul and Baghdad. The bill also includes \$3,000,000 and 5 FTE in the Office of the Under Secretary of Transportation for Policy to further the Department's livability initiative and develop the benchmarks and performance measures necessary to study the impact of transportation investments on sustainability.

DOT is reminded of the importance of submitting a comprehensive list of federal barriers to local coordination of housing and transportation by May 15, 2011 as outlined in Senate report 111-230.

Office of the chief information officer.—The bill provides funding for an additional position for a chief information security officer, an additional position for a chief information officer of OST, and an additional 11 positions for a single group to build a strategy for the Department's investments in all kinds of information technology, including the information technology that promotes collaboration and networked activities. The bill also provides \$5,000,000 for the Next Generation IT Infrastructure initiative.

The DOT OIG is directed to submit a report to the Committees on Appropriations on the Cyber Security Initiative and the Next Generation IT Infrastructure initiative by May 15, 2011. This report should provide an evaluation of the Department's plan to improve cyber security and upgrade the overall IT environment, identify areas of risk in these initiatives and the Department's plan to mitigate this risk, and assess the Department's plans to staff these initiatives.

Office of the assistant secretary for governmental affairs.—The principal role of the office of Governmental Affairs is to serve as a liaison between the Secretary and the United States Congress. The communication between the office of Governmental Affairs and the Appropriations Committee has been lacking and must improve to ensure that announcements on grants, programs, reports and regulations are relayed in a timely and equitable manner.

Office of the assistant secretary for budget and programs.—The bill includes \$275,000 for 3 FTE to improve oversight and \$183,000 for 2 FTE for the OST budget office. It does not include \$1,000,000 requested by the Department to establish a new office for program evaluation in the Office of the Assistant Secretary for Budget and Programs.

Office of the general counsel.—The bill includes an additional \$250,000 for the Office of the General Counsel and continues to encourage the office to use its resources for activities that will most effectively increase the protection of air travel consumers.

The Department is directed to submit a letter report to the Committees on Appropriations on the status of reaching a resolution on level boarding within 6 months of enactment of this Act.

The Government Accountability Office (GAO) is directed to analyze the Department's acquisition workforce and report its findings to the Committees on Appropriations no later than December 31, 2011. The evaluation should include an assessment of the acquisition workforce of each agency, an evaluation of the current role of the Office of the Secretary in supporting and overseeing acquisitions, and a presentation of the best practices used in the Federal government.

NATIONAL INFRASTRUCTURE INVESTMENTS

The bill provides \$500,000,000 for capital investments in surface transportation infrastructure.

The GAO is directed to evaluate how DOT used its discretion to select fiscal year 2010 Transportation Investment Generating Economic Recovery (TIGER) awards.

FINANCIAL MANAGEMENT CAPITAL

The bill provides \$20,000,000 for the financial management capital program. The bill does not include any funding for FTE in this account. GAO is directed to review the cost, schedule and performance of this project and submit a report to the Committees on Appropriations by May 30, 2011. This assessment should include information on the status of the project's schedule, budget, and expendi-

tures as well as a prioritization of project risks and their mitigation efforts. The report should also include an assessment of the extent to which the investments being made today will offer to the Department the flexibility to use its new financial management tools to address a variety of future needs, many of which the Department may not be able to anticipate at this time.

CYBER SECURITY INITIATIVES

The bill provides \$30,000,000 for the cyber security initiatives. This funding includes resources to cover the cost of FTE.

OFFICE OF CIVIL RIGHTS

The bill provides \$9,767,000 for the office of civil rights.

TRANSPORTATION PLANNING, RESEARCH AND DEVELOPMENT

The bill provides \$16,769,000 for transportation planning, research and development. The bill includes \$1,000,000 to support the Bureau of Transportation Statistics' Commodity Flow Study. Additionally, the bill directs funding to be allocated to the following projects:

<i>Project name</i>	<i>Amount</i>
Aviation Futures Alliance Employment, Export and Industry Growth Analysis, WA	\$500,000
Chicago Aviation Education Initiative, IL	\$250,000
Great Lakes Maritime Research Institute, MN	\$1,000,000
I-81 Corridor Coalition, PA International Mobility and Trade Corridor Project, Whatcom County, WA	\$700,000
PSRC Sustainable Transportation and Growth Modeling Demonstration Project, King County, WA	\$750,000

WORKING CAPITAL FUND

The bill includes a limitation of \$148,096,000 for working capital fund activities.

MINORITY BUSINESS RESOURCE CENTER PROGRAM

The bill provides a total appropriation of \$913,000. Within the funds provided, \$329,000 is for the costs of guaranteed loans for short-term working capital and \$584,000 is provided for administrative expenses. The bill limits loans made under this program to \$18,367,000.

MINORITY BUSINESS OUTREACH

The bill provides \$3,553,000 for minority business outreach and allows funds to be used for business opportunities related to any mode of transportation.

PAYMENTS TO AIR CARRIERS (AIRPORT AND AIRWAY TRUST FUND) (INCLUDING TRANSFER OF FUNDS)

The bill provides \$146,000,000 for payments to air carriers. In addition to these funds, the program will receive \$50,000,000 in mandatory spending pursuant to the Federal Aviation Authorization Act of 1996. The funding provided in the bill is necessary to support air service in all eligible communities.

ADMINISTRATIVE PROVISIONS—OFFICE OF THE SECRETARY OF TRANSPORTATION

Section 101 prohibits funds in this Act available to the Department of Transportation from being obligated for the Office of the Secretary of Transportation to approve assessments or reimbursable agreements pertaining to funds appropriated to the modal administrations in this Act, except for activities underway on the date of enactment of this Act, unless such assessments or agreements have completed the normal reprogramming process for Congressional notification.

Section 102 prohibits funds from being obligated or expended to establish or implement a program where essential air service communities are required to assume subsidy costs commonly referred to as local participation.

Section 103 allows the Secretary of Transportation or his designee to engage with states to consider proposals related to the reduction of motorcycle fatalities.

FEDERAL AVIATION ADMINISTRATION
OPERATIONS

(AIRPORT AND AIRWAY TRUST FUND)
(INCLUDING TRANSFER OF FUNDS)

The bill includes \$9,817,739,000 for operations of the Federal Aviation Administration, of which \$4,559,000,000 is to be derived from the airport and airway trust fund.

Air traffic organization.—The bill includes \$7,653,128,000 for the air traffic organization,

including \$47,300,000 for RNAV/RNP procedures; \$2,500,000 for additional acquisition workforce personnel and training; and \$20,000,000 for operational support for the en route automation modernization (ERAM) program.

Controller placement study.—The bill requires FAA to conduct a study on testing alternatives for the placement of air traffic controllers after their completion of training at the FAA Academy.

Aviation safety (AVS).—The bill provides \$1,304,486,000 for aviation safety, of which no less than \$18,000,000 shall be for staff increases in flight standards and aircraft certification. The DOT Office of Inspector General (OIG) is directed to evaluate the FAA's use of its model for safety inspector staffing in identifying needs for fiscal year 2012. This evaluation should address both safety inspector staffing levels and the placement of the

inspectors. The OIG is instructed to report to the House and Senate Committees on Appropriations no later than May 31, 2011.

Staff offices.—The bill includes \$208,644,000 for FAA's staff offices. Specifically, the bill includes \$4,011,000 in half-year funding for 110 additional hazardous materials safety inspectors and emergency operations positions and \$400,000 for the office of civil rights to conduct a barrier analysis on the ethnic diversity of FAA's air traffic controller and inspector workforces.

FACILITIES AND EQUIPMENT

(AIRPORT AND AIRWAY TRUST FUND)

The bill includes \$2,990,000,000 for FAA facilities and equipment. The following table compares the fiscal year 2011 budget request and the bill by program:

FACILITIES AND EQUIPMENT		
	FY 2011 estimate	Recommendation
Activity 1, Engineering, Development, Test and Evaluation:		
Advanced Technology Development and Prototyping	25,500,000	25,500,000
NAS Improvement of System Support Laboratory	1,000,000	1,000,000
William J. Hughes Technical Center Facilities	13,000,000	13,000,000
William J. Hughes Technical Center Infrastructure Sustainment	7,500,000	7,500,000
Next Generation Network Enabled Weather (NNEW)	28,250,000	22,250,000
Data Communications in support of Next Generation Air Transportation System	153,300,000	153,300,000
Next Generation Transportation System Demonstration and Infrastructure Development	27,000,000	22,000,000
Next Generation Transportation System - System Development	95,000,000	80,000,000
Next Generation Transportation System - Trajectory Based Operations	58,600,000	46,600,000

Weather Camera Program	3,200,000	4,200,000
Subtotal Flight Service Programs	31,300,000	17,200,000
Landing and Navigational Aids Program		
VHF Omnidirectional Radio Range (VOR) with Distance Measuring Equipment (DME)	5,000,000	5,000,000
Instrument Landing System (ILS) - Establish	7,800,000	7,800,000
Wide Area Augmentation System (WAAS) for GPS	95,000,000	94,000,000
Ground-Based Augmentation System (GBAS)	---	10,100,000
Runway Visual Range (RVR)	5,000,000	5,000,000
Approach Lighting System Improvement Program (ALSIP)	5,000,000	5,000,000
Distance Measuring Equipment (DME)	4,100,000	4,100,000
Visual NAVAIDS - Establish/Expand	3,800,000	4,150,000
Instrument Flight Procedures Automation (IFPA)	600,000	600,000
Navigation and Landing Aids - Service Life Extension Program (SLEP)	6,000,000	8,500,000
VASI Replacement - Replace with Precision Approach Path Indicator	4,000,000	5,000,000
GPS Civil Requirements	58,500,000	58,500,000
Runway Safety Areas - Navigational Mitigation	20,000,000	20,000,000
Subtotal Landing and Navigational Aids Programs	214,800,000	227,750,000
Other ATC Facilities Programs		
Fuel Storage Tank Replacement and Monitoring	6,300,000	6,300,000
Unstaffed Infrastructure Sustainment	14,100,000	14,100,000
Aircraft Related Equipment Program	9,000,000	9,000,000
Airport Cable Loop Systems - Sustained Support	7,000,000	7,000,000
Alaskan NAS Interfacility Communications System (ANICS)	12,100,000	12,100,000
Facilities Decommissioning	6,400,000	6,400,000
Electrical Power Systems - Sustain/Support	95,000,000	95,000,000
Subtotal Other ATC Facilities Programs	149,900,000	149,900,000
Total, Activity 2	1,377,892,000	1,468,942,000
Activity 3, Non-Air Traffic Control Facilities and Equipment:		
Support Equipment		
Hazardous Materials Management	20,000,000	20,000,000
Aviation Safety Analysis System (ASAS)	14,600,000	14,600,000
Logistics Support System and Facilities (LSSF)	11,500,000	11,500,000
National Airspace System Recovery Communications (RCOM)	15,000,000	15,000,000
Facility Security Risk Management	17,000,000	17,000,000
Information Security	15,200,000	15,200,000
System Approach for Safety Oversight	23,400,000	23,400,000
Aviation Safety Knowledge Management Environment (ASKME)	14,800,000	13,500,000
Data Center Operations	1,956,000	1,956,000
Subtotal Support Equipment	133,456,000	132,156,000
Training, Equipment and Facilities		
Aeronautical Center Infrastructure Modernization	15,000,000	15,000,000
Distance Learning	2,000,000	2,000,000
Subtotal Training, Equipment and Facilities	17,000,000	17,000,000
Total, Activity 3	150,456,000	149,156,000
Activity 4, Facilities and Equipment Mission Support:		
System Support and Services		
System Engineering and Development Support	32,300,000	31,700,000
Program Support Leases	38,600,000	38,600,000
Logistics Support Services (LSS)	11,000,000	11,000,000
Mike Monroney Aeronautical Center Leases	16,600,000	16,600,000
Transition Engineering Support	15,000,000	14,300,000
Frequency and Spectrum Engineering	2,600,000	2,600,000
Technical Support Services Contract (TSSC)	22,000,000	22,000,000
Resource Tracking Program (RTP)	4,000,000	4,000,000
Center for Advanced Aviation System Development (CAASD)	80,700,000	85,000,000
Aeronautical Information Management Program	18,300,000	18,000,000
Total, Activity 4	241,100,000	243,800,000
Activity 5, Personnel and Related Expenses:		
Personnel and Related Expenses	492,000,000	482,000,000

FACILITIES AND EQUIPMENT		
	FY 2011 estimate	Recommendation
Total, All Activities	2,970,000,000	2,990,000,000

Automatic dependent surveillance-broadcast (ADS-B).—The bill includes \$176,100,000 for the ADS-B program. In addition, \$10,000,000 is included to expedite the development of ADS-B “in” capabilities, and \$14,200,000 is included to provide additional ADS-B coverage for general aviation.

Terminal air traffic control facilities replacement.—The terminal air traffic control facilities replacement program is funded at \$121,600,000 and includes \$1,500,000 for Lihue Airport, Hawaii and \$250,000 for Greenwood-Leflore Airport, Mississippi.

Runway status lights.—The runway status lights program is funded at \$56,000,000, of

which \$1,000,000 is provided to implement runway status lights at Honolulu International Airport, Hawaii.

Weather camera program.—The weather camera program is funded at \$4,200,000, of which \$1,000,000 is provided to install weather cameras in the State of Hawaii.

Instrument landing system establishment.—The instrument landing system program is funded at \$7,800,000, including \$500,000 for runway 5 at Kinston Regional Jetport, North Carolina.

Seattle TRACON.—The FAA is directed to take all measures necessary to improve the security at its facilities, including the Se-

attle terminal radar approach control facility.

NextGen demonstration.—The bill includes \$25,000,000 to allow the FAA to make competitive grants for avionics equipage improvements that will demonstrate the benefits of NextGen. The Federal share shall not exceed 80 percent.

RESEARCH, ENGINEERING AND DEVELOPMENT

(AIRPORT AND AIRWAY TRUST FUND)

The bill provides \$198,000,000 for the FAA's research, engineering, and development activities as noted in the following table:

RESEARCH, ENGINEERING AND DEVELOPMENT		
Program	Fiscal year 2011 Estimate	Recommendation
Improve Aviation Safety	93,702,000	95,952,000
Fire research and safety	7,231,000	7,231,000
Propulsion and fuel systems	2,332,000	2,332,000
Advanced materials/structural safety	2,566,000	4,316,000
Atmospheric hazards/digital system safety	6,635,000	6,635,000
Aging aircraft	10,801,000	10,801,000
Aircraft catastrophic failure prevention	1,165,000	1,165,000
Flightdeck safety/systems integration	7,174,000	7,174,000
Aviation safety risk analysis	11,907,000	12,907,000
ATC/AF human factors	10,475,000	10,475,000
Aeromedical research	11,217,000	10,717,000
Weather research	16,505,000	16,505,000
Unmanned aircraft system	3,694,000	3,694,000
NextGen Alternative Fuels for General Aviation	2,000,000	2,000,000
Improve Efficiency of the ATC System	54,874,000	54,624,000
Joint program and development office	14,292,000	14,042,000
Wake turbulence	10,685,000	10,685,000
NextGen --Air Ground Integration	10,614,000	10,614,000
NextGen --Self Separation	9,971,000	9,971,000
NextGen--Weather Technology in the Cockpit	9,312,000	9,312,000
Reduce Environmental Impacts	35,974,000	41,974,000
Environment and energy	15,374,000	15,374,000
NextGen Environmental Research - Aircraft Technologies, Fuels and Metrics	20,600,000	26,600,000
Mission Support	5,450,000	5,450,000
System planning and resource management	1,733,000	1,733,000
Technical laboratory facilities	3,717,000	3,717,000
Total	190,000,000	198,000,000

Within the funds provided for FAA's advanced materials research activities, \$750,000 is provided for the Advanced Material in Transport Aircraft Structures Center in Seattle, Washington; \$500,000 is provided for the National Institute for Aviation Research at Wichita State University for new equipment, additional personnel and to conduct research in advanced materials; and, \$500,000 is also provided for the National Institute for Aviation Research at Wichita State University for education and training for composite airframe maintenance and airworthiness. With-

in the funds for aviation safety risk analysis, \$1,000,000 is provided for the Alaska Aviation Safety project for research involving simulation training, in-cockpit navigational aids, two-way wireless data tethers and other flight safety enhancements.

GRANTS-IN-AID FOR AIRPORTS
(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(AIRPORT AND AIRWAY TRUST FUND)

The bill includes a liquidating cash appropriation of \$3,550,000,000; an obligation limi-

tation of \$3,515,000,000; a limitation on administrative expenses of not more than \$99,622,000; no less than \$15,000,000 for the airport cooperative research program; and no less than \$27,217,000 for airport technology research.

Of the funds covered by the obligation limitation in this bill, FAA is directed to provide funding for the following projects and activities as listed in the following table:

Project name	Amount
Air Cargo Apron Expansion, International Intermodal Center, Huntsville-Madison County Airport, AL	\$500,000
Airport Runway Extension at Middle Georgia Regional Airport, Macon, GA	\$1,400,000
Auburn-Lewiston Municipal Airport Phase 1 Runway 4/22 Safety Area Improvements/Extension, ME	\$1,000,000
Augusta Airport Runway Reconstruction and Safety Area Improvements, Augusta, ME	\$1,000,000
Charlotte Monroe Executive Airport Ramp, Taxiway and Related Improvements, NC	\$1,000,000
Charlottesville-Albemarle Airport (CHO) Extension of Runway 21, VA	\$500,000
Denver International Airport F7 Taxiway Construction, CO	\$700,000
Devils Lake Regional Airport Authority Runway Improvements, ND	\$1,000,000
Expansion of Tunica Airport Commercial Terminal, MS	\$1,750,000
Grand Forks International Airport Terminal Replacement, ND	\$2,875,000
Gulfport-Biloxi Regional Airport, Taxiway 'J' North, MS	\$2,000,000
Jackson-Evers International Airport Essential Airfield Improvements, MS	\$2,000,000
Lanett Municipal Airport Runway Construction, Lanett, AL	\$1,500,000
Lawrence Smith Memorial Airport, MO	\$2,000,000
Macon-Fowler Memorial Airport, MO	\$1,600,000
Memphis Airport Runway Seismic Retrofit, TN	\$1,000,000
Metropolitan Topeka Airport Authority Hangar Restoration, KS	\$400,000
Montrose Regional Airport Taxiway Bravo Extension, CO	\$500,000
New Richmond Regional Airport, WI	\$1,000,000
Outagamie County Regional Airport Taxiway, Apron, and Signage Improvements, WI	\$750,000
Phoenix Sky Harbor International Airport Taxiway Alpha, AZ	\$1,125,000
Phoenix-Mesa Gateway Airport Papa (P) and Related Improvements, AZ	\$1,000,000
Provo Municipal Airport Development, Provo City, UT	\$2,000,000
Quincy Airport, IL	\$600,000
Rapid City Regional Airport Terminal Expansion, SD	\$500,000
Reno Stead Emergency Operations Center, NV	\$500,000
Sawyer County Airport Land Acquisition and Landing System Improvements, WI	\$1,750,000
Southwest Georgia Regional Airport Apron and Various Improvements, GA	\$1,000,000
Stinson Municipal Airport Taxilane Extension, TX	\$1,000,000

Tuscaloosa Regional Airport, Extension of Taxiway B and the Environmental Assessment for Runway 4-22, Tuscaloosa, AL	\$500,000
Virginia Highlands Airport Design and Land Acquisition , VA	\$1,000,000
Warsaw Municipal Airport, MO	\$1,500,000
West Virginia Statewide Airport Activities, WV	\$1,000,000
Wittman Regional Airport, WI	\$800,000

ADMINISTRATIVE PROVISIONS—FEDERAL
AVIATION ADMINISTRATION

Section 110 retains a provision that limits the number of technical workers at the Center for Advanced Aviation Systems Development to 600 in fiscal year 2011.

Section 111 retains a provision that prohibits the FAA from requiring airport sponsors to provide the agency “without cost” building construction, maintenance, utilities and expenses, or space in sponsor-owned buildings, except in the case of certain specified exceptions.

Section 112 retains a provision that allows reimbursement for fees collected and credited under 49 U.S.C. 45303.

Section 113 retains a provision that allows reimbursement of funds for providing technical assistance to foreign aviation authorities to be credited to the operations account.

Section 114 retains a provision that prohibits funds to change the weight restrictions or prior permission rules at Teterboro Airport, NJ.

Section 115 retains a provision that prohibits funds limited in this Act for the Airport Improvement Program to be provided to an airport that has denied a request from the Secretary of Transportation to use public space at the airport for the purpose of conducting outreach on air passenger rights.

Section 116 retains a provision that prohibits the FAA from paying Sunday premium pay except in those cases in which an individual actually worked on a Sunday.

Section 117 retains a provision that prohibits the FAA from using funds to purchase store gift cards or gift certificates through a government-issued credit card.

Section 118 retains a provision that allows all airports experiencing the required level

of boardings through charter and scheduled air service to be eligible for funds under 49 U.S.C. 47114(c).

Section 119 prohibits funds from being obligated or expended for retention bonuses for FAA employees without prior written approval of the DOT Deputy Assistant Secretary for Administration.

FEDERAL HIGHWAY ADMINISTRATION
LIMITATION ON ADMINISTRATIVE EXPENSES
(INCLUDING TRANSFER OF FUNDS)

The bill limits obligations for administrative expenses of the Federal Highway Administration (FHWA) to \$420,843,000 and makes \$3,300,000 in contract authority above the limitation available for the administrative expenses of the Appalachian Regional Commission in accordance with section 104 of title 23, United States Code.

Fiscal management information system.—Within this limitation, \$1,000,000 is provided for the FHWA to conduct a review, in consultation with the Department’s chief information officer, of the agency’s fiscal management information system to define known and future grant management system requirements, including Federal Funding Accountability and Transparency Act and Recovery Act information needs; stakeholder data analysis objectives; and expanded query, reporting, and interface requirements. The findings of this review are to be reported to the Committees on Appropriations by no later than April 1, 2011. The report should identify a range of at least three cost-effective options—basic, moderate, and comprehensive—and should describe the pros and cons of each of the options, as well as the time, funding, and other resources necessitated by each option.

Travel budget.—The bill funds the FHWA’s travel expenses at \$9,272,000, which is \$1,000,000 below the budget request.

FEDERAL-AID HIGHWAYS
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The bill limits obligations for the federal-aid highways program to \$41,776,000,000 in fiscal year 2011 and, within the limitation, limits obligations for transportation research to \$429,800,000. The bill also allows the Secretary to charge and collect fees from the applicant for a direct loan, guaranteed loan, or line of credit to cover the cost of the financial and legal analyses performed on behalf of the Department as authorized under section 605(b) of title 23, United States Code. The fees so collected are not subject to any obligation limitation or the limitation on administrative expenses set for the infrastructure finance program under section 608 of title 23, United States Code.

Bridge oversight.—The Department’s Office of Inspector General is directed to provide a second evaluation of FHWA’s progress in fulfilling each of the recommendations given in its report on the national bridge inspection program (Report Number MH-2009-013) and to submit a report to the Committees on Appropriations with its findings no later than August 1, 2011.

FERRY BOATS AND FERRY TERMINAL FACILITIES

Within the funds available for ferry boats and ferry terminal facilities, funds are to be available for the following projects and activities as listed in the following table:

Project name	Amount
Berkeley Ferry Service, CA	\$500,000
Commuter Ferry, MA	\$1,000,000
Ferry Landing in Pt. Mackenzie, AK	\$1,000,000
Statue of Liberty/Ellis Island, NY	\$600,000
Terminal Pedestrian Access and Safety	\$230,000
Sausalito Ferry Facility Ramps and Gangways, Replacement Project, Lincoln and Ferry	\$500,000
Ferry Terminal Design, Engineering, and Project	\$2,000,000
Ferry Terminal Replacement, AK	\$1,000,000
Passenger Only Ferry, WA	\$2,000,000
and Improving the Safety of the North and Salem Wharf Pier Project, MA	\$1,000,000
Maintenance Facility, Vallejo, CA	\$750,000
Sewage Pump-out Systems Installation, Ferries System	\$1,000,000
Investments, WA	\$2,000,000

TRANSPORTATION, COMMUNITY, AND SYSTEM
PRESERVATION PROGRAM

Within the funds made available for the
transportation, community and system pres-

ervation program, funds are to be distributed
to the following projects and activities as
listed in the following table:

Project name	Amount
705 Connector, Morgantown, WV	\$450,000
7th (a) Road Project, IN	\$650,000
Alabama 210/Ross Clark Circle Safety Lighting Project, AL	\$450,000
Alice's Road/105th Street Interchange and Connecting Roads, Waukee, IA	\$900,000
Bayamon Circulation Arteries, PR	\$450,000
Bellingham Waterfront Transportation Improvements, Bellingham, WA	\$700,000
Berry Hill Road Connector Road Engineering and Right of Way Acquisitions, Pittsylvania County, VA	\$400,000
Boulder Bikes to Business Project, Boulder, CO	\$250,000
Branford Street and Laurel Canyon Boulevard Flood Improvements, CA	\$250,000
Broad/Main/Front/Hellertown Transportation Enhancements, Phase II, Quakertown, PA	\$450,000
Brooklyn Waterfront Transportation Study, Brooklyn, NY	\$450,000
Brookstown Redevelopment Project, Winston-Salem, NC	\$1,000,000
Byberry Road and Bustleton Avenue Intersection Improvements, Philadelphia, PA	\$700,000
Capitol Expressway Pedestrian Improvements, CA	\$240,000
Carbon County Covered Bridge Repair Project, PA	\$250,000
Centennial Trail Expansion, Snohomish County, WA	\$375,000
Center Point Greenway and Pedestrian Walkway Project, AL	\$500,000
Columbus Bicentennial Bikeways-West Side Improvement, Columbus, OH	\$450,000
Conway Village Main Street Streetscape and Pedestrian Improvements, NH	\$450,000
Cooley Landing/San Francisco Bay Trail Construction, CA	\$600,000
Cregg Lane/Wyoming Street Connector, MT	\$1,825,000

Cushman Trail Project, Pierce County, WA	\$525,000
Denver Bike Sharing, Denver, CO	\$500,000
Downtown Streetscape Improvements, City of Pine Bluff, AR	\$1,100,000
Downtown Tacoma Streetscapes Improvement Project, WA	\$1,250,000
East Baton Rouge Parish, Louisiana Downtown Greenway, LA	\$250,000
Eastern Gateway, MA	\$900,000
Environmental Improvement and Cost Savings Pavement Study, SC	\$350,000
Essex County Riverfront Park, Newark, NJ	\$1,000,000
First Avenue Bridge Replacement, NJ	\$360,000
Fountain Avenue Rehabilitation and Veteran's Bridget Connectivity, Springfield, OH	\$600,000
Glenwood Road Pedestrian Safety Improvements, GA	\$450,000
Harbor Brook Flood Control, CT	\$650,000
Hays-Travis Trail System, TX	\$650,000
Highway 212 Expansion Carver County, MN	\$400,000
Holbrook - Traffic Safety Signalization - Kings Road and S. Franklin , MA	\$300,000
I-49 North, LA	\$1,000,000
I-55 Business Loop to Memorial Hospital, City of Lincoln, IL	\$2,000,000
I-75 Walking Bridge, St. Ignace, MI	\$450,000
Improvements to U.S. Route 15, State Route 45, and St. Mary's Street in E. Buffalo Township, PA	\$450,000
Intersection Improvements around State Center, Baltimore, MD	\$650,000
John N. Hardee Expressway, SC	\$1,000,000
Lake Champlain Bridge, NY	\$400,000

Leesburg North Bypass, GA	\$450,000
Loop 82 Railroad Overpass, San Marcos, TX	\$2,000,000
Los Banos Bypass Segment One, Los Banos, Merced County, CA	\$400,000
Lowry Avenue Bridge Replacement Phase II, Minneapolis, MN	\$900,000
Lyons Road Improvements Section IV, Coconut Creek, FL	\$650,000
Medford Safe Sidewalks, Medford, OR	\$300,000
Metro Gold Line Foothill Extension Phase 2B, CA	\$650,000
Midtown Revitalization Transportation Infrastructure, Rochester, NY	\$2,000,000
Nelson Hill Bridge Replacement, NY	\$100,000
Nogales Highway Railroad Bridge Overpass , AZ	\$1,000,000
North Rhett Extension Project, SC	\$500,000
Norwood Drive Reconstruction, PA	\$700,000
NW 66th Avenue Reconstruction and Kempton Bridge Replacement, Polk County, IA	\$450,000
Piedmont Triad Research Park Transportation Improvements, NC	\$500,000
Pratt Trail in Salt Lake City, UT	\$650,000
Qwuloolt Access Trail Project, Marysville, WA	\$500,000
Rand Avenue Reconstruction, IL	\$600,000
Reconstruction of the Hudson River Waterfront Walkway, Hoboken, NJ	\$1,000,000
Rivers Edge Roadway Infrastructure and Streetscape Initiative, MI	\$1,300,000
Roadway Improvements-Route 70, Medford, NJ	\$450,000
Rosemead Boulevard Underpass Repair Project, Pico Rivera , CA	\$450,000
Route 1 Corridor Improvements Capital Project, MD	\$650,000

Route 35/202 at Pine Grove Court and Stony Street, NY	\$250,000
Route 6 and Silver Cross Boulevard Intersection Widening and Roadway Improvement, New Lenox, IL	\$750,000
Route 82 Reconstruction and Widening, North Royalton, OH	\$650,000
Rutland Creek Path, VT	\$675,000
SE Main Avenue, 20th, 21st Street Underpass and Ancillary Improvements, City of Moorhead, MN	\$450,000
Shoulder Widening and Paving of SC Highway 22, SC	\$1,000,000
Sidewalk Construction in Ashland, Cherryland and Castro Valley Communities in Alameda County, CA	\$200,000
SR 510 Yelm Loop Project, WA	\$250,000
SR 54, McDonough Road to U.S. 19/41 in Clayton County, GA	\$650,000
Stansbury Transportation Improvements, KY	\$650,000
State Road 133 from Albany to Valdosta, GA	\$1,000,000
Structural Bridge Repairs, Fort Lauderdale, FL	\$250,000
SW 27th Street - Strander Connection Project, Renton, WA	\$1,000,000
Telegraph Road Realignment, CA	\$450,000
U.S. 281/FM 493 Overpass, Hidalgo County, TX	\$450,000
U.S. 401 in Cumberland, Harnett and Wake Counties, NC	\$650,000
U.S. 50/Watt Avenue Interchange Modification, CA	\$400,000
U.S. Highway 101 High Occupancy Vehicle Widening Project, Carpinteria Creek Bridge, Carpinteria, Santa Barbara County, CA	\$650,000
US Highway 97 & J Street Project, Madres, OR	\$750,000
Vesta Street Overpass, San Diego, CA	\$450,000
Village of Barrington Route 14 Underpass, IL	\$550,000
West Ninth Avenue Extension and Overpass Construction, Belton, TX	\$750,000

Westchase District Intermodal Transit and Pedestrian Access Improvements, TX	\$450,000
Widening of Route 50 in Chillicothe, Ross County, OH	\$450,000

FEDERAL LANDS

the following projects and activities as listed
in the following table:

Within the funds available for the federal
lands program, funds are to be available for

Project name	Amount
BIA 25, Spirit Lake Nation, ND	\$1,000,000
Blackstone River Bikeway, RI	\$1,000,000
Boulder City Bypass Improvement, NV	\$1,000,000
BRAC-related improvements in Anne Arundel County, MD	\$2,200,000
BRAC-related improvements in Montgomery County, MD	\$2,200,000
BRAC-related improvements in Prince Georges County, MD	\$2,200,000
BRAC-related improvements, Harford County, MD	\$2,200,000
Columbia Pike Realignment, Arlington, VA	\$400,000
Diaz Ordaz International Border Crossing, TX	\$500,000
Elwha Valley Road Improvements, WA	\$1,300,000
Federal Lands Improvement Project, HI	\$4,000,000
FH-24, Banks to Lowman, ID	\$1,500,000
Frederick Douglass Memorial Bridge Engineering, Design and	\$3,725,000
Ghost Hawk Road Improvements (BIA Route 7 to SD Hwy 18), SD	\$150,000
Gila County Control Road Improvements, AZ	\$1,000,000
Golden Gate National Parks-Park Access, Transit and Trails, CA	\$1,000,000
Great Highway Long-Term Solution Planning, CA	\$500,000
Hoover Dam Bypass Bridge- Repayment of Debt Service	\$1,000,000
I-15 Corridors of the Future, NV	\$800,000
Improvements and 4 R Work to SD 73 in Jackson County, SD	\$1,000,000
Low Divide and Rowdy Creek Road Improvement Project,	\$750,000

Miccosukee Road Resurfacing Project, FL	\$1,100,000
NM 4 Jemez Pueblo Bypass, NM	\$1,473,982
Onville Road Upgrades, VA	\$400,000
Pedestrian Access Bridge Over Dulles Airport Access and Toll	\$1,000,000
Pikes Peak-America's Mountain, Colorado Springs, CO	\$500,000
Pyramid Highway Corridor, Sparks, NV	\$2,000,000
Road Improvements, Wrangell Borough, AK	\$250,000
Saddle Road Improvements, HI	\$2,000,000
SH 125: Michigan River Bridge, Jackson, CO	\$750,000
Southern Nevada Beltway Interchanges, NV	\$1,000,000
SR 160 from I-15 to Pahrump, NV	\$1,000,000

Kapolei Interchange Complex Phase 2, HI	\$1,500,000
French Camp Interchange/Arch Sperry Road Extension, Stockton, CA	\$1,000,000

Reconstruction, Raton, Colfax County, NM	\$750,000
Rehabilitate I-84 Bridges over Delaware and Neversink Rivers, NY	\$1,000,000
Starr Road Interchange, NV	\$2,000,000
US 84, El Camino East/West Corridor, AL	\$1,000,000
Widening of I-35, Waco, TX	\$2,000,000

DELTA REGION TRANSPORTATION DEVELOPMENT
PROGRAM

funds are to be available for the following
projects and activities as listed in the fol-
lowing table:

Within the funds available for the Delta re-
gion transportation development program,

Project name	Amount
Interchange of Business 67 and Oakgrove, MO	\$2,000,000
Interstate-55 Interchange, MO	\$1,000,000
US-412 Bypass Center Turn Lane, MO	\$1,000,000
Highway 82 Improvements, MS	\$2,000,000
Lake Harbour Drive Extension, MS	\$1,000,000
Capitol Street Renaissance Project Transportation Improvements, MS	\$230,260
Interstate 55 Interchange Lighting, MS	\$120,136
Jonestown Bypass, MS	\$250,283
Statesman Boulevard and Trail, MS	\$300,339
South Three Notch Street Improvement Project, AL	\$750,000
Washington Street Bridge, MS	\$2,250,000

I-80 Exit at Stoney Hollow Road, PA.—The statement of managers accompanying the fiscal year 2002 appropriations Act includes \$3,000,000 in Interstate maintenance discretionary funding for “I-80 Exit at Stoney Hollow Road, Pennsylvania.” These funds shall be made available for “I-80 Exits 298/299 Improvements, Monroe County, Pennsylvania.”

Highway 53 Chetek, WI.—The statement of managers accompanying the fiscal year 2004 appropriations Act includes \$2,000,000 in section 115 funding for “WI Highway 53 Chetek, Wisconsin.” These funds shall be made available for “Chetek-area Transportation System Improvements, Chetek, Wisconsin.”

Marin Parklands/Muir Woods Visitor Access, CA.—The statement of managers accompanying the fiscal year 2004 appropriations Act includes \$1,100,000 in federal lands funding for “Marin Parklands/Muir Woods Visitor Access, California.” Of these funds, \$220,000 shall be made available for “Pacific Way Bridge, County of Marin, CA” and \$180,000 of these funds shall be made available for “Signal at Flamingo/Highway 1, County of Marin, CA.”

Feasibility Study for Routes 495/195 interchange, Wareham, MA.—The statement of managers accompanying the fiscal year 2004 appropriations Act includes \$500,000 in section 115 funding for “Feasibility study for Routes 495/195 Interchange, Wareham, Massachusetts.” These funds shall be made available for “Design and construction of improvements to Route 28 corridor adjacent to the I-495/Route 28 interchange in Wareham, MA.”

Trenton Channel Bridge Replacement, Wayne County, MI.—The statement of managers accompanying the fiscal year 2004 appropriations Act includes \$400,000 in national corridor planning and border development program funding for “Trenton Channel Bridge Replacement, Wayne County, Michigan.” These funds shall be made available for “Trenton Channel Bridge Improvements, Wayne County, Michigan.”

Waterfront Parking Garage, Camden, NJ.—The statement of managers accompanying the fiscal year 2006 appropriations Act includes \$800,000 in section 112 funding for “Waterfront Parking Garage, Camden, NJ.” These funds shall be made available for “Pedestrian flow improvements and associated environmental remediation, Camden, NJ.”

(LIQUIDATION OF CONTRACT AUTHORIZATION)
(HIGHWAY TRUST FUND)

The bill provides a liquidating cash appropriation of \$42,515,000,000, which is available until expended, to pay the outstanding obligations of the various highway programs at the levels provided in this Act and prior appropriations Acts.

(RESCISSION OF UNOBLIGATED BALANCES)
(HIGHWAY TRUST FUND)

The bill rescinds unobligated balances of funds made available for specific projects in previous authorization Acts.

PLANNING CAPACITY GRANTS

The bill appropriates \$100,000,000, available until September 30, 2012, for grants to metropolitan planning organizations; State, local, and tribal governments; and public agencies,

such as transit authorities that conduct surface transportation planning, in order to improve the capacity of those organizations to conduct their transportation planning. Of the funds provided, the bill sets aside \$25,000,000 for grants that will improve planning for rural areas and \$12,000,000 for grants that will lead to greater public involvement in transportation planning. The bill also allows the Secretary to retain up to one percent of the funds provided under this heading to fund the award and oversight of these planning capacity grants and directs this funding to be split equally between the Federal Highway Administration and the Federal Transit Administration. The bill also specifies that the Federal share payable on each program, project, or activity funded under this heading shall be 80 percent and no grant shall be greater than \$5,000,000.

ADMINISTRATIVE PROVISIONS—FEDERAL
HIGHWAY ADMINISTRATION
(INCLUDING RESCISSIONS)

Section 120 distributes the federal-aid highways program obligation limitation.

Section 121 allows funds received by the Bureau of Transportation Statistics from the sale of data products to be credited to the federal-aid highways account.

Section 122 provides requirements for any waiver of Buy American requirements.

Section 123 prohibits tolling in Texas, with exceptions.

Section 124 appropriates funds for the projects, programs, and activities specified in the following table:

Project	Amount
2nd Avenue Bridge Reconstruction, City of Cambridge, MN	\$750,000
7th Street Gateway Enhancement Project, NJ	\$500,000
9th Street Safety Improvements Project, Pierce County, WA	\$700,000
A1A/State Road 200, FL	\$750,000
Access Road for Hospital in St. Bernard Parish, LA	\$2,500,000
Airport Road Repair and Resurface and Construction of Western Entrance to Bryan Field, Starksville, MS	\$800,000
Ann Arbor Detroit Regional Rail Project, MI	\$2,000,000
Ansonia Riverwalk, CT	\$400,000
Appalachian Development Highway System Corridor H, WV	\$2,000,000
Arkansas River Trail, AR	\$500,000
Ash Avenue Extension, Macon County, IL	\$400,000
Assembly Square Station, MA	\$860,000
Autumn Street Parkway, San Jose, CA	\$800,000
Barre Commons Road Reconstruction and Drainage Improvements, MA	\$1,050,000
Bench Boulevard Improvements, Billings, MT	\$1,000,000
Bench Boulevard, Helena, MT	\$750,000
Bethany Road Reconstruction and Improvements, Sycamore, IL	\$750,000
Bloomfield Six Points Intersection Streetscape, Bloomfield, NJ	\$500,000
Blytheville Overpass, AR	\$1,000,000
Brady/Harrison Sustainability Corridor, Davenport, IA	\$600,000
Bronx Zoo Transportation Facility to alleviate traffic congestion and improve access, Bronx, NY	\$500,000

Buffalo Niagara Medical Campus Streetscape and Infrastructure Improvements, NY	\$1,000,000
Burlington Waterfront North Improvemets, VT	\$500,000
Carlton Avenue Bridge, Brooklyn, NY	\$1,000,000

West Virginia Route 10, Logan County, WV	\$1,500,000
Wilmington to Newark Commuter Rail Improvement Program, DE	\$1,300,000

The bill specifies that the Federal share payable on each program, project, or activity funded under this section shall be 100 percent and allows funds to be transferred to another Federal agency if so requested by a State.

Section 125 rescinds unobligated balances associated with demonstration or high priority projects which were funded in previous appropriations Acts.

Section 126 rescinds unobligated balances made available for highway related safety grants in prior appropriations Acts.

Section 127 provides additional funding to the Delta region transportation development program.

FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION

MOTOR CARRIER SAFETY OPERATIONS AND PROGRAMS (LIQUIDATION OF CONTRACT AUTHORIZATION) (LIMITATION ON OBLIGATIONS) (HIGHWAY TRUST FUND)

The bill includes a liquidation of contract authorization and a limitation on obligations of \$252,553,000 for the operating expenses of and motor carrier safety research by the Federal Motor Carrier Safety Administration (FMCSA). Of this limitation, \$8,586,000 is to remain available for obligation until September 30, 2013. The bill also includes \$7,325,000 in budget authority from the highway trust fund for information management operations and programs. The bill provides funding in the following manner:

Operating expenses	\$195,669,000
Research and technology ...	8,586,000
Information management	41,943,000
Regulatory development ...	9,777,000
Outreach and education	2,903,000
Commercial motor vehicle operators grants	1,000,000

MOTOR CARRIER SAFETY GRANTS (LIQUIDATION OF CONTRACT AUTHORIZATION) (LIMITATION ON OBLIGATIONS) (HIGHWAY TRUST FUND) (INCLUDING RESCISSION)

The bill provides a liquidating cash appropriation and a limitation on obligations of \$310,070,000 for motor carrier safety grants. The bill provides funding for motor carrier safety grants as follows:

Motor carrier safety assistance program (MCSAP) ..	\$165,070,000
High priority grants (MCSAP)	15,000,000
New entrant motor carrier audits (MCSAP)	32,000,000
Commercial driver's license (CDL) program improvement grants	25,000,000
Border enforcement grants	32,000,000
Performance and registration information system management grant	5,000,000
Commercial vehicle information systems and networks deployment	25,000,000
Safety data improvement grants	3,000,000
CDL information system modernization (CDLIS) ..	8,000,000

Of the funds provided for CDLIS the bill includes language that requires FMCSA to use \$3,000,000 for new entrant motor carrier audits and \$5,000,000 for CDL program improvement grants. The bill also permanently rescinds \$30,569,000 in unobligated balances.

Reincarnated carriers.—GAO is directed to evaluate the effectiveness of the new-entry safety audit, conduct a programmatic evaluation of the New Applicant Screening Program, and the Passenger Carrier Vetting Process and submit a report to the Committees on Appropriations by June 1, 2011. In addition, GAO should evaluate the degree to

which the complexities of the application of State laws on corporate successorship may in certain circumstances affect the FMCSA's ability to deny operating authority and pursue enforcement actions against unsafe reincarnated carriers. Finally, the DOT IG is instructed to audit FMCSA's implementation of the new entrant safety assurance process and its response to the NTSB's recommendations H-09-33 through H-09-41 and submit a report to the Committees on Appropriations by June 1, 2011 with the results of that review.

MOTOR CARRIER SAFETY (HIGHWAY TRUST FUND) (RESCISSION)

The bill permanently rescinds \$7,330,000 in unobligated balances from the motor carrier safety program.

NATIONAL MOTOR CARRIER SAFETY PROGRAM (HIGHWAY TRUST FUND) (RESCISSION)

The bill permanently rescinds \$15,076,000 in unobligated balances from the national motor carrier safety program.

ADMINISTRATIVE PROVISION—FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION

Section 135 retains the provision that subjects funds appropriated in this Act to the terms and conditions of section 350 of Public Law 107-87 and section 6901 of Public Law 110-28, including that the Secretary submit a report on Mexico-domiciled motor carriers.

The Secretary of Transportation, in coordination with the Ambassador of the United States Trade Representative, no later than January 14, 2011, is directed to establish and report on a proposal to implement a cross border trucking program that maintains the safety of our roads and highways, enhances the efficient movement of commerce, and eliminates harmful and retaliatory tariffs on agricultural products. This report should also include what actions the Department or other executive agencies are taking to ensure Mexico provides reciprocal access and fair treatment to United States owned bus companies.

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

OPERATIONS AND RESEARCH

The bill provides \$163,177,000 from the general fund for highway and traffic safety activities. Of this amount, a total of \$44,945,000 shall remain available until September 30, 2012. The bill also continues language prohibiting funds from being used to amend tire grading standards.

OPERATIONS AND RESEARCH

(LIQUIDATION OF CONTRACT AUTHORIZATION) (LIMITATION ON OBLIGATIONS) (HIGHWAY TRUST FUND)

The bill provides an appropriation for liquidating cash of contract authorization of \$110,073,000 from the highway trust fund for payment of obligations incurred in carrying out the provisions of the highway safety research and development program as authorized by section 403 of title 23, United States Code. The bill also specifies that the funds are available until expended.

The bill limits obligations from the highway trust fund to \$110,073,000 for authorized activities associated with the highway safety research and development program. Of this limitation, a total of \$29,737,000 shall remain available until September 30, 2012, and shall be in addition to any limitation imposed on obligations in future fiscal years.

The following table summarizes the total funding level provided in the bill for operations and research (general fund and highway trust fund combined) by budget activity.

Salaries and benefits	\$80,525,000
Travel	1,028,000
Operating expenses	25,567,000
Contract programs:	
Safety performance (rulemaking)	23,338,000
Safety assurance (enforcement)	21,125,000
Highway safety programs	46,785,000
Research and analysis	74,682,000
Total	\$273,050,000

ADMINISTRATIVE EXPENSES

The bill provides \$107,120,000 for NHTSA's salaries and benefits, travel, and other operating expenses. This funding level includes \$2,400,000 to fund 16 additional full-time equivalent staff years.

SAFETY PERFORMANCE (RULEMAKING)

The bill provides \$23,338,000 for NHTSA's safety performance standards (rulemaking) programs to fund the following activities:

Safety standards support ..	\$2,300,000
New car assessment program	13,043,000
Fuel economy program	7,900,000
Climate control	20,000
Theft control and other programs	75,000
Total	\$23,338,000

SAFETY ASSURANCE (ENFORCEMENT)

The bill provides \$21,125,000 for the agency's safety assurance (enforcement) programs to fund the following activities:

Vehicle safety compliance	\$8,096,000
Safety defects investigations	12,829,000
Odometer fraud investigations	200,000
Total	\$21,125,000

Sudden unintended acceleration (SUA).—The bill provides an additional \$3,000,000 to support SUA related research such as: a human factors study that will evaluate driver usability versus pedal designs, and assess if a vehicle's pedal design and placement affect susceptibility to pedal misapplication leading to unintended acceleration incidents; further research into electronic throttle control systems; and the evaluation of electronic data recorder testing.

HIGHWAY SAFETY PROGRAMS

The bill provides the following amounts for highway safety programs:

Impaired driving	\$11,456,000
Drug impaired driving	1,488,000
Safety countermeasures	4,345,000
National occupant protection	10,358,000
Enforcement and justice services	3,501,000
Emergency medical services	2,174,000
Enhance 9—1—1 activities ..	1,250,000
NEMESIS implementation ..	2,500,000
Driver licensing	1,016,000
Highway safety research ...	8,597,000
International activities in behavioral traffic safety	100,000
Total	\$46,785,000

Ignition interlock program.—NHTSA is directed to use \$200,000 of the amount provided for highway safety research to fund the development of a model ignition interlock program to examine best practices and draft guidelines to assist the states in implementing such programs to combat impaired driving.

Impaired driving.—Within the funding provided for highway safety research, the bill includes \$2,250,000 to support NHTSA's partnership with leading automobile manufacturers in the Automotive Coalition for Traffic Safety to develop alcohol detection technologies that could be installed in a vehicle to prevent drunk driving.

RESEARCH AND ANALYSIS

The bill provides the following amounts for research and analysis:

Safety systems	\$8,226,000
Biomechanics	11,000,000
Heavy vehicles	2,115,000
Crash avoidance and human-vehicle performance	8,104,000
Hydrogen fuel cell and alternative fuel vehicle system	2,500,000
National Center for Statistics and Analysis:	
Traffic records	1,650,000
Fatality analysis reporting system	8,725,000
National automotive sampling system	25,906,000
State data systems	2,490,000
Special crash investigations	1,800,000
Data analysis program	2,166,000

Total, Research and Analysis

Alternative fuels research.—The bill provides an additional \$1,500,000 for research into the safety of vehicles that use alternative fuels. NHTSA is directed to use this funding to continue research on the safety of emerging battery technologies, particularly lithium ion batteries used in hybridized fuel cells, and to continue the development of pack and vehicle level test procedures for charging, discharging, damage tolerance, fire impingement, as well as the development of full-scale vehicle crash test procedures.

National automotive sampling system (NASS).—The bill provides \$13,000,000 above the request to fund the modernization of the NASS data collection system that provides crash data on a nationally representative sample of police-reported motor vehicle crashes and related injuries. In addition, NHTSA is directed to submit a report to the Committees on Appropriations, by not later than August 1, 2011, that assesses the deficiencies of the NASS data collection program, evaluates the data elements that should be collected from each crash, provides details on the NASS modernization efforts and related expenditures, and makes recommendations on how to improve data quality, timeliness, and accessibility.

NATIONAL DRIVER REGISTER

(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The bill provides a liquidating cash appropriation of \$4,170,000 for the national driver register and specifies that the funds are available until expended. The bill also limits obligations from the highway trust fund for the national driver register to \$4,170,000.

NATIONAL DRIVER REGISTER MODERNIZATION

The bill provides \$2,530,000 for the modernization of the national driver register and specifies that these funds are to remain available until September 30, 2012.

HIGHWAY TRAFFIC SAFETY GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The bill provides \$611,828,000 to liquidate contract authorizations for highway traffic safety grants and specifies that these funds are to remain available until expended. The bill limits obligations for highway traffic safety grants to \$611,828,000 and includes separate obligation limitations for each of the agency's safety grant programs. The bill also specifies that the limitation provided for safety belt performance grants shall remain

available until September 30, 2012, and shall be in addition to any limitation imposed on obligations in future fiscal years.

The bill maintains language that prohibits the use of funds for construction, rehabilitation, and remodeling costs or for office furnishings or fixtures for state, local, or private buildings or structures. Language is also continued that limits the amount available for technical assistance to \$500,000 under section 410 of title 23, U.S.C., and limits the amount that can be used to conduct the evaluation of the high visibility enforcement program to \$750,000 in fiscal year 2011.

Distracted driving prevention.—The bill reallocates \$50,000,000 from the seat belt performance grants program to fund a new distracted driving grant program for states that enact and enforce laws to prevent distracted driving with a focus on texting bans. Within this funding level, up to \$5,000,000 may be used for broadcast and print media advertising to support enforcement of state laws to prevent distracted driving, focused on reaching those segments of the population most likely to engage in distracted driving behavior. The bill requires NHTSA to give three days advance notice to Congress before any grant is awarded and specifies that no State shall receive greater than \$3,000,000 in any fiscal year.

ADMINISTRATIVE PROVISIONS—NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION (INCLUDING RESCISSIONS)

Section 140 provides funding for travel and related expenses for state management reviews and highway safety core competency development training.

Section 141 exempts obligation authority that was made available in previous public laws for multiple years from limitations on obligations for the current year.

Section 142 rescinds unobligated balances from the Consumer Assistance to Recycle and Save Program.

Section 143 rescinds unobligated contract authority authorized from the highway trust fund for NHTSA's national driver register program.

Section 144 rescinds unobligated contract authority authorized from the highway trust fund for NHTSA's highway traffic safety grant programs.

FEDERAL RAILROAD ADMINISTRATION SAFETY AND OPERATIONS

The bill provides \$203,348,000 for safety and operations of the Federal Railroad Administration (FRA). Of the funds provided, \$3,380,000 is available until September 30, 2012 in order to accommodate inspection related travel and the close call system and \$24,913,000 is available until September 30, 2015 in order to accommodate the Automatic Track Inspection Program, the Railroad Safety Information System, the Southeastern Transportation Study, research and development activities, contract support, Alaska Railroad liabilities, PRISM-Delphi Integration and acquisition as well as build-out of headquarters space. The bill does not provide any additional positions beyond the budget request.

Next Generation Corridor Equipment Pool Committee.—Within the funds provided \$1,000,000 is for grants to Amtrak and States for participation in the Next Generation Corridor Equipment Pool Committee.

RAILROAD RESEARCH AND DEVELOPMENT

The bill provides \$40,000,000 for railroad research and development. The FRA Administrator is given the flexibility to fund the activities included in its budget request within the resources provided. In addition, within the funds made available for this program, funds are to be distributed to the projects and activities as listed in the following table:

<i>Project name</i>	<i>Amount</i>
High-Speed Rail from Orlando to Miami, FL	\$500,000
Metrolink—Positive Train Control, CA	\$1,000,000
Northern Lights Express Intercity Passenger Rail Study, MN PEERS Rail-Grade Crossing Safety, Statewide, IL	\$500,000
San Diego—Positive Train Control, CA	\$1,000,000
Whistle Free Zone Project, MN ...	\$400,000

Rail-highway crossing hazard eliminations.—The following funding allocations for rail-highway grade crossing projects and activities authorized under section 1103(f) of Public Law 109–59 are recommended:

<i>Project name</i>	<i>Amount</i>
Empire Corridor West High Speed Rail Improvements, Cayuga County, NY	\$360,000
Empire Corridor West High Speed Rail Improvements, Oneida County, NY	\$625,000
Improvement to Safety Devices at Highway/Railway Grade Crossings, WI	\$750,000
Traffic Separation Studies in Durham and Wake County, NC	\$500,000

RAILROAD SAFETY TECHNOLOGY PROGRAM

The bill provides \$75,000,000 to implement the railroad safety technology program authorized in the Rail Safety Improvement Act of 2008.

The high cost of implementing positive train control technology is widely recognized, including the impact of these costs on small grantees. For this reason, FRA is directed to continue providing assistance for railroad safety technology to provide the greatest benefit across the rail and transit industries.

CAPITAL ASSISTANCE FOR HIGH SPEED RAIL CORRIDORS AND INTERCITY PASSENGER RAIL SERVICE

The bill provides \$1,000,000,000 for grants to support intercity rail service and high speed rail corridors. The Department is directed to begin the Advance Notice of Proposed Rule Making process within 180 days of enactment of this Act. In addition, FRA is directed to incorporate in the national rail plan an estimate of the cost to complete the system of high speed rail envisioned in the plan and a complete map of that system and resubmit the plan by March 1, 2011. GAO is directed to evaluate how FRA used its discretion to select high speed rail and intercity passenger rail fiscal year 2010 awards.

NATIONAL RAILROAD PASSENGER CORPORATION (AMTRAK)

The bill provides a total of \$1,901,484,000 for the operations, capital improvements and debt service to the National Railroad Passenger Corporation (Amtrak).

OPERATING GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The bill provides \$563,000,000 in operating grants to Amtrak. Such funds are available until expended.

Amtrak is reminded of its obligation to provide the Committees on Appropriations with the annual budget, business plan, and five-year financial plan no later than 60 days after enactment of the bill. Amtrak is directed to notify the Committees if it expects to miss any of its reporting deadlines. Amtrak is also directed to provide five day notice to the Committees on Appropriations before making any changes to Amtrak's budget, business plan, five-year financial plan, grant and legislative request and all subsequent supplemental plans, including any applications to incur debt.

CAPITAL AND DEBT SERVICE GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The bill provides \$1,338,484,000 for capital and debt service payment grants to Amtrak.

Such funds are available until expended. Within the funds provided, the bill includes \$277,000,000 for Amtrak's debt service payment. The bill requires that grants made after the first \$200,000,000 be provided only on a reimbursable basis. The bill continues to support the Amtrak Fleet Plan, but does not include a specific set aside for this purpose.

Americans with Disabilities Act.—The bill includes \$190,000,000 for compliance with the Americans with Disabilities Act (ADA). Amtrak is expected to set aside the funding included and continue to give ADA compliance priority for the use of these funds.

ADMINISTRATIVE PROVISIONS—FEDERAL
RAILROAD ADMINISTRATION

Section 150 retains a provision that ceases the availability of Amtrak funds if the railroad contracts for services outside the United States for any service performed by a

full-time or part-time Amtrak employee as of July 1, 2006.

Section 151 retains a provision that allows FRA to receive and use cash or spare parts to repair, and replace damaged track inspection cars.

FEDERAL TRANSIT ADMINISTRATION
ADMINISTRATIVE EXPENSES

The bill provides \$106,700,000 for the administrative expenses of the Federal Transit Administration (FTA). The bill specifies that no more than \$2,050,000 shall be provided for travel.

The bill includes \$5,000,000 for public transportation fixed guideway safety oversight activities if authorizing legislation is enacted before September 30, 2011. It is important to establish an office for safety oversight and this appropriation will start that effort.

FORMULA AND BUS GRANTS

(LIQUIDATION OF CONTRACT AUTHORITY)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The bill limits obligations from the Mass Transit Account for the formula and bus grant program to \$8,360,565,000. The specific programmatic distribution of formula and bus grant funds will be determined through legislation extending or reauthorizing the surface transportation programs. The bill includes a liquidating cash appropriation of \$9,200,000,000.

Bus and bus facilities.—Within the funds provided for bus and bus facilities, the FTA is directed to allocate funds to the following priorities:

Project name	Amount
1st Congressional District Buses and Bus Facilities, MI	\$1,000,000
Aberdeen Intermodal Transit Center, MD	\$750,000
ACE Boulder Highway Rapid Transit Project, NV	\$2,000,000
Bay Town Trolley Multi-Modal Facility, FL	\$500,000
Ben Franklin Transit Vehicle Replacements, Benton and Franklin Counties, WA	\$1,000,000
Bergen Intermodal Improvements, NJ	\$2,000,000
Berkshire Regional Transit Authority, MA	\$1,000,000
Bloomington Hybrid Buses, IN	\$250,000
Brookings Area Transit Authority Bus Storage and Transit Operations Facility, SD	\$1,000,000
Brownsville Multi-Modal Terminal Facility, TX	\$500,000
Bus and Bus Facilities, Santa Fe, NM	\$500,000
Bus and Bus Facilities, UT	\$8,000,000
Bus and Bus Facilities, VI	\$1,000,000
Bus Maintenance Facility, Sacramento, CA	\$1,800,000
Bus Purchases, DE	\$1,000,000
Bus Replacement, Kansas City, MO	\$1,000,000
Bus Replacement, Westchester County, NY	\$2,000,000
Bus Turnouts for Downtown Las Vegas, NV	\$750,000
Capital Area Transit Bus and Bus Facilities, PA	\$700,000
Cedar Avenue Bus Rapid Transitway, MN	\$500,000
Chatham Area Transit Bus Replacement, GA	\$1,000,000
Chicago Ridge Metra Station Improvements, IL	\$190,000
Chicago Union Station Improvements, IL	\$500,000
City of Janesville Transit Services Center, WI	\$3,065,000
City of Rialto Metrolink Parking Lot Improvement, CA	\$700,000
City of San Bernardino Intermodal Transit Center, CA	\$500,000
Clallam Transit Maintenance Facility Improvements, Clallam County, WA	\$200,000
Coach Bus for Commuter Campus, Campbell County, KY	\$690,000
Colorado Transit Coalition Statewide Bus & Bus Facilities, CO	\$5,250,000
Community Transit Vehicle Replacements, Snohomish County, WA	\$1,000,000
Coralville Intermodal Center, IA	\$700,000
Corpus Christi Regional Transportation Authority, TX	\$500,000
COTA Electronic Fare Payment System, Columbus, OH	\$1,300,000
C-TRAN 4th Plain BRT, Clark County, WA	\$1,500,000

Cypress Park Transit Bus and Bus Facilities, Los Angeles, CA	\$400,000
Dallas Area Rapid Transit Bus CNG Procurement, TX	\$800,000
DAV Vehicles, Northport, NY	\$500,000
Deerfield Valley Transit Association Facilities, Buses, and Equipment, VT	\$2,500,000
Dubuque Intermodal Facility, IA	\$400,000
Dutchess County Mass Transit Facility Project, NY	\$500,000
El Paso New Operations/Maintenance Facility, TX	\$1,500,000
Everett Transit Vehicle Replacements, Snohomish County, WA	\$1,000,000
Fair Lawn Community Shuttle Bus Program, NJ	\$315,000
Falls Church Bus and Bus Facilities, VA	\$725,000
Flint MTA Conversion of Paratransit Facilities to CNG, MI	\$750,000
Glassboro/Rowan Local Transit System, NJ	\$500,000
Goldsboro Union Station, NC	\$625,000
Grant County Transit Vehicle Replacement and Facilities Construction, Grant County, WA	\$1,000,000
Greater Cleveland Regional Transit Authority Clifton Boulevard Transit Enhancements, OH	\$750,000
Greater Cleveland Warrensville/Van Aken Multi-Modal Facility, OH	\$550,000
Greater Southeast Transit Terminal, Houston, TX	\$500,000
GRTC Downtown Multimodal Center, Richmond, VA	\$500,000
Harrison County Multimodal Project, MS	\$2,250,000
Idaho Transit Coalition Bus and Bus Facilities, ID	\$1,500,000
Illinois Bus and Bus Facilities, IL	\$4,000,000
IndyGo Transit Bus Replacement Project, IN	\$1,250,000
Innovation Station, East Lansing, MI	\$4,375,000
Intercity Transit Vehicle Replacements, Thurston County, WA	\$1,000,000
JATRAN Fleet Replacement and Bus Shelters, MS	\$600,000
Jefferson Transit Vehicle Replacements, Jefferson County, WA	\$400,000
Joliet Multimodal Transportation Center, IL	\$550,000
JTA Regional Transit Authority Multi-Modal Facility, FL	\$500,000
Kitsap County Vehicle Replacements, WA	\$500,000

LexTran Vehicle Maintenance Facility Improvements, KY	\$600,000
Link Transit Vehicle Replacements, Chelan and Douglas Counties, WA	\$1,000,000
Littleton Intermodal Parking Facility, MA	\$1,200,000
Longview Transit Vehicle Replacements, Clark County, WA	\$650,000
Los Angeles Boyle Heights DASH Bus, CA	\$420,000
Los Angeles Florence-Firestone/Walnut Park Transit Vehicles, CA	\$300,000
Los Angeles Midtown DASH Community Circulator Bus Expansion Project, CA	\$1,000,000
Los Lunas Intermodal Transportation Center, NM	\$1,000,000
Maine Statewide Bus Replacement, ME	\$1,000,000
MARTA Bus, Bus Facilities and Security Improvements, GA	\$4,000,000
Metro Area Transit - Bus and Bus Facilities, Omaha, NE	\$1,500,000
METRO Bus and Bus Facilities, Houston, TX	\$1,000,000
Milwaukee County Buses, WI	\$1,000,000
Montebello Bus Lines and Norwalk Transit Agency Bus Replacement Project, CA	\$500,000
Monterey-Salinas Transit Intelligent Transportation Systems (ITS) Security Systems Upgrade, CA	\$800,000
Moultrie Intermodal Facility, City of Moultrie, GA	\$400,000
Municipal Transit Operators Coalition Clean Fuel Bus Purchase, CA	\$2,000,000
Mustang Park and Ride Structure, Scottsdale, AZ	\$500,000
Naugatuck Transportation Facility, CT	\$500,000
New Center Intermodal Transportation Facility, Wayne, MI	\$1,350,000
Newburyport Intermodal Parking Facility, MA	\$750,000
North Central Regional Transit District Pueblo Buses, NM	\$800,000
North Dakota Statewide Capital Transit, ND	\$1,500,000
Oxford-University Transit System Bus Purchase, MS	\$400,000
Pace Paratransit Vehicles, IL	\$1,400,000
Pierce Transit Clean-Fuel Bus Replacements, Pierce County, WA	\$1,000,000
Port Authority Allegheny County Hybrid Buses, PA	\$600,000
Port of Galveston Transit Terminal Parking, TX	\$1,250,000

Potomac Yard-Crystal City Transit way, VA	\$1,250,000
PVTA Regional Transit Traveler Information Systems Project, MA	\$1,000,000
Reconstruction of the Mayfield Road Rapid Transit Station and Bridge, OH	\$2,000,000
Replacement Buses at Transit Authority of Northern Kentucky (TANK), Kenton County, KY	\$1,000,000
Replacement Buses for Urban Transit Systems in the Triangle , NC	\$2,500,000
Replacement of the Fixed Route Fleet, Springfield, MO	\$1,000,000
Riverview Corridor Bus Acquisition and Facilities, MN	\$750,000
Rochester Intermodal Transportation Center, NY	\$3,000,000
Rural Bus Program for Hawaii, Maui, and Kauai, HI	\$3,500,000
Senior Transportation Program, AL	\$500,000
SEPTA 69th Street Terminal, PA	\$500,000
SEPTA Levittown Station Intermodal Improvements, PA	\$600,000
Skagit Transit Vehicle Replacements, Skagit County, WA	\$500,000
South Burlington Transit Center, VT	\$1,000,000
South Hampton Roads Satellite Transit Operating Facility, VA	\$1,500,000
Southeast Missouri Transportation Service Facility, MO	\$800,000
Southern Maryland Commuter Bus Initiative, MD	\$1,500,000
Spokane Transit Paratransit Vehicles, Spokane County, WA	\$1,000,000
Stark Area Buses Regional Transit Authority, OH	\$800,000
Statewide Bus and Bus Facilities Fund, IA	\$2,500,000
Statewide Bus and Bus Facilities, MO	\$4,000,000
Statewide Bus and Bus Facilities, NM	\$1,000,000
Statler Intermodal Facility, Buffalo, Erie County, NY	\$3,000,000
Suffolk County Bus and Bus Facilities, NY	\$750,000
Tacoma Intermodal Transit Center, Tacoma, WA	\$1,000,000
Tennessee Statewide Bus Program, TN	\$12,500,000
Transit Center, California State University, Northridge, CA	\$500,000
TRANSPO Paratransit Replacement Vehicles, IN	\$352,000

Twin Transit Vehicle Replacements, Lewis County, WA	\$500,000
Unified Government Transit Buses and Bus Facilities, KS	\$800,000
Union Passenger Terminal , LA	\$1,250,000
Union Station Intermodal Center , DC	\$500,000
Vacaville Intermodal Station-Phase 2, Vacaville, CA	\$750,000
VIA Bus Fleet Modernization, TX	\$2,400,000
VIA Fredericksburg Road Bus Rapid Transit Corridor, TX	\$1,000,000
Washoe County Bus Facilities, NV	\$500,000
Watts DASH Community Circulator Bus Project, CA	\$200,000
White Earth Tribal Transit Service Bus Garage Facility, MN	\$500,000

Alternatives analysis.—The FTA is directed to allocate funds to the following alternatives analysis projects:

Project name	Amount
Glassboro Camden Line EIS Project, NJ	\$750,000
Interstate 94 Transit Corridor, Ramsey and Washington Counties , MN	\$750,000
JTA Commuter Rail Alternative Analysis, Jacksonville, FL	\$1,200,000
Las Cruces to El Paso Transportation Corridor, NM	\$1,000,000
LYNX Bus Rapid Transit Alternative Analysis, FL	\$500,000
Mountain View Corridor Transit, UT	\$1,000,000
Naval Station Norfolk Light Rail Study, VA	\$250,000
CTA Red Line, IL	\$500,000
OCTA Santa Ana-Garden Grove Fixed Guideway Construction, Santa Ana, CA	\$600,000
Orange Line Extension, IL	\$475,000
Phoenix West (Formerly I-10 West) Light Rail Extension, Phoenix, AZ	\$1,000,000
Red Line Extension, IL	\$1,500,000
South Central Avenue Light Rail Feasibility Study, Phoenix, AZ	\$750,000
Tier 2 Environmental Impact Statement, Atlanta, GA	\$1,350,000

(HIGHWAY TRUST FUND)
(RESCISSION)

The bill rescinds \$17,394,000 in excess fiscal year 2010 contract authority.

RESEARCH AND UNIVERSITY RESEARCH CENTERS

The bill provides \$65,376,000 from the General Fund for FTA's research activities. Of the amounts provided, \$4,300,000 is for the National Transit Institute, \$10,000,000 is for transit cooperative research programs and \$7,000,000 is for the university centers program.

Of the remaining funds provided for national research programs, FTA is directed to allocate funds to the following activities:

<i>Project name</i>	<i>Amount</i>
City of College Station Public Transportation Initiative, TX ..	\$150,000
CTAA Job links, DC	\$2,400,000
Innovation in Public Transportation Infrastructure Systems Planning, College of Staten Island, Staten Island, NY	\$450,000
Project Transit, Philadelphia, PA	\$1,000,000

<i>Project name</i>	<i>Amount</i>
Queens College Barriers to Public Transportation Survey, NY	\$250,000

CAPITAL INVESTMENT GRANTS

The bill provides \$1,850,000,000 from the General Fund for capital investment grants.

New starts and small starts.—Within the funds provided, FTA is directed to allocate funds to the following projects:

Project name	Amount
Assembly Square Station - Orange Line, MA	\$1,000,000
Austin, MetroRapid BRT, TX	\$24,229,796
Baltimore Red Line, MD	\$1,500,000
BART Silicon Valley Project, CA	\$2,000,000
Central Corridor Light Rail Transit Project, MN	\$45,172,500
Charlotte CATS Blue Line Extension-Northeast Corridor Project, NC	\$11,000,000
CTA Green Line, IL	\$1,850,000
Crenshaw/LAX Transit Project, CA	\$1,250,000
Dallas, Northwest/Southeast LRT MOS, TX	\$99,699,717
Downtown Connector/Westside Subway Extension PE, CA	\$6,500,000
Downtown Transit Corridor Program, Downtown Circulator -- The Wave, FL	\$1,750,000
Draper Light Rail, UT	\$2,100,000
Dulles Corridor Rail Project, VA	\$96,000,000
Fort Collins, Mason Corridor BRT, CO	\$5,289,781
Green Line Extension to Rt. 16 from Tufts, MA	\$1,000,000
Honolulu High Capacity Corridor Transit Project, HI	\$55,000,000
Houston Commuter Rail Service in Harris and Fort Bend County (US 90A), TX	\$1,000,000
Houston, North Corridor LRT, TX	\$75,000,000
Houston, Southeast Corridor LRT, TX	\$75,000,000
I-5, Columbia River Crossing Project, WA	\$29,000,000
King County, West Seattle BRT, WA	\$21,274,000

New Britain-Hartford Busway, CT	\$43,672,500
New York City, Nostrand Ave BRT, NY	\$27,560,796
New York, Long Island Rail Road East Side Access, NY	\$208,657,500
New York, Second Avenue Subway Phase I, NY	\$195,416,775
Oakland, East Bay BRT, CA	\$15,000,000
Orlando, Central Florida Commuter Rail Transit - Initial Operating Segment, FL	\$37,000,000
Perris Valley Line, Riverside, CA	\$23,490,000
Purple Line, MD	\$1,500,000
RTD FasTracks East Corridor, Denver, CO	\$40,000,000
RTD FasTracks Gold Corridor, Denver, CO	\$40,000,000
RTD FasTracks West Corridor, Denver, CO	\$38,993,720
Salt Lake City, Mid Jordan LRT, UT	\$100,000,000
Salt Lake City, Weber County to Salt Lake City Commuter Rail, UT	\$80,000,000
San Bernardino, E Street Corridor sbX BRT, CA	\$42,372,415
San Francisco Muni Third St. Light Rail, Central Subway Project, CA	\$20,000,000
San Francisco, Van Ness Avenue BRT, CA	\$14,557,500
Seattle, University Link LRT Extension, WA	\$110,000,000
Sonoma-Marin Area Rail Transit (SMART), CA	\$1,000,000
South Shore Commuter Rail Capital Reinvestment Plan, NICTD, IN	\$1,000,000
Stamford Urban Transitway, CT	\$1,000,000
Tampa Light Rail, Preliminary Engineering, FL	\$1,000,000
VelociRFTA Bus Rapid Transit Project, CO	\$24,163,000

VRE Locomotive Acquisition, VA	\$1,000,000
West Eugene EmX- Alternative Analysis Study, OR	\$1,000,000

(RESCISSION)

The bill rescinds \$25,830,000 of unobligated balances from Capital Investment Grant funds appropriated in Public Law 111–117.

GRANTS FOR ENERGY EFFICIENCY AND GREENHOUSE GAS REDUCTIONS

The bill provides \$65,000,000 for energy efficiency and greenhouse gas reduction grants.

WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY

The bill provides \$150,000,000 to carry out section 601 of division B of Public Law 110–432 to remain available until expended.

WMATA is directed to provide quarterly reports beginning January 1, 2011 to the Committees on Appropriations measuring safety improvements of FTA’s Tri-State Audit.

ADMINISTRATIVE PROVISIONS—FEDERAL TRANSIT ADMINISTRATION

Longstanding administrative provisions are continued.

SAINT LAWRENCE SEAWAY DEVELOPMENT CORPORATION

OPERATIONS AND MAINTENANCE (HARBOR MAINTENANCE TRUST FUND)

The bill provides \$33,868,000 for the operations, maintenance, and capital asset renewal of the Saint Lawrence Seaway Development Corporation (SLSDC). The bill directs the SLSDC to use the additional funds for capital investments as planned for in the Asset Renewal Plan. The SLSDC is directed to provide an annual report by April 30 of each year consistent with the requirements stated in the Explanatory Statement of the Department of Transportation Appropriations Act of 2009.

MARITIME ADMINISTRATION MARITIME SECURITY PROGRAM

The bill includes \$174,000,000 for the maritime security program.

OPERATIONS AND TRAINING

The bill includes \$172,262,000 for the Maritime Administration’s operations and training account. The bill allocates the funds for operations and training as follows:

U.S. Merchant Marine Academy	
Salaries and Benefits	\$33,177,000
Midshipman Program	8,402,000
Instructional Program ...	4,184,000
Program, Direction and Admin.	8,545,000
Maintenance, Repair and Operations	9,112,000
Capital Improvements	30,900,000
Midshipman Fee Refunds	6,000,000
Subtotal, U.S. Merchant Marine Academy	100,320,000
State Maritime Academies (SMA)	
SMA Direct Payments	2,275,000
Student Incentive Payments	2,400,000
Schoolship Maintenance and Repair	11,240,000
Subtotal, State Maritime Academies	15,915,000
MARAD Operations	
Salaries and Benefits	29,047,000
Non-Discretionary Operations	11,179,000
Information Technology	8,865,000
Discretionary Operations and Travel	1,686,000
Maritime Program Expenses	5,250,000
Subtotal, MARAD Operations	56,027,000
Total, Operations and Training	\$172,262,000

MARAD is directed to provide a quarterly report to the Committees on Appropriations

on the number of vacancies and the duties associated with each vacant position. These reports should also break out the number of FTE currently on board and the estimated number of FTE on board by the end of the year. The Secretary is also directed to provide the Committees on Appropriations with a plan to assist MARAD in addressing the Office of Personnel Management’s human resource audit recommendations within 90 days. The plan should establish policies, procedures and timelines to restore the hiring authority of the Maritime Administration.

Environment and Compliance.—The bill includes \$4,500,000 to continue the independent testing of ballast water technologies to meet domestic and international regulatory requirements, as well as assist in the testing, validation or certification of air emissions reduction technology with the Environmental Protection Agency.

Information Technology.—The bill includes additional resources to implement the data collection, analysis and reporting requirements of the Cruise Vessel Security and Safety Act of 2010.

SHIP DISPOSAL

The bill includes \$10,000,000 for the disposal of obsolete vessels of the National Defense Reserve Fleet.

MARITIME GUARANTEED LOAN (TITLE XI) PROGRAM ACCOUNT

The bill includes \$4,000,000 for the administrative expenses of the maritime guaranteed loan program (title XI).

ASSISTANCE TO SMALL SHIPYARDS

The bill includes \$15,000,000 for assistance to small shipyards.

ADMINISTRATIVE PROVISION—MARITIME ADMINISTRATION

Section 175 authorizes MARAD to furnish utilities and services and make necessary repairs in connection with any lease, contract, or occupancy involving Government property under control of MARAD, and allow payments received to be credited to the Treasury.

PIPELINE AND HAZARDOUS MATERIALS SAFETY ADMINISTRATION

OPERATIONAL EXPENSES (PIPELINE SAFETY FUND)

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$23,383,000 for the necessary operational expenses of the Pipeline and Hazardous Materials Safety Administration (PHMSA), of which \$639,000 is to be derived from the Pipeline Safety Fund. The bill also requires that of the available funds, \$1,000,000 shall be transferred to Pipeline Safety to fund pipeline safety information grants to communities.

Pipeline integrity management.—During the past year, there have been multiple incidents—such as the crude oil pipeline failure in Salt Lake City, UT, in June; the oil spill near Marshall, MI, in July; and the crude oil pipeline failure in Romeville, IL, in September—that have served as stark reminders of the importance of maintaining the safety of our nation’s pipeline system that is essential to delivering vital energy products to U.S. households and businesses. In-line pipeline pigging devices, when appropriately deployed, are widely regarded to be the most reliable and cost-effective means of assessing the integrity of pipeline infrastructure. However, not all portions of this energy delivery system are capable of being “pigged”, that is, assessed using instrumented in-line inspection (ILI) devices. Roughly 13,000 miles of natural gas transmission pipelines in high consequence areas, such as those involved in the San Bruno incident, are unpiggable and thereby unable to be inspected by ILI devices

under the integrity management program. These lines are currently assessed either using pressure testing techniques or a range of direct assessment methodologies. The bill includes \$1,000,000 for PHMSA to advance research to ensure that more effective integrity assessment technology, at least as effective as pigging, is made available to better assess pipeline integrity risks.

HAZARDOUS MATERIALS SAFETY

The bill provides \$49,434,000 to continue PHMSA’s hazardous materials safety functions, of which \$6,497,000 shall be available until September 30, 2013. The bill also directs PHMSA to include a proposal to establish a reasonable user fee with its fiscal year 2012 budget to assist in covering a portion of the cost of expenses incurred to process applications and ensure compliance with the terms of special permits and approvals issued under 49 U.S.C. 5117. Within the funds provided, \$4,210,000 is for 44 new positions to enable PHMSA to improve its oversight, management, and processing of special permits and approvals and \$4,790,000 is for improvements to the PHMSA’s data management and information technology modernization effort and is available until September 30, 2013.

PIPELINE SAFETY

(PIPELINE SAFETY FUND)

(OIL SPILL LIABILITY TRUST FUND)

The bill provides a total of \$111,111,000 for the office of pipeline safety. Of this amount, \$18,905,000 shall be derived from the Oil Spill Liability Trust Fund and shall be available until September 30, 2013. The remaining \$92,206,000 shall be derived from the Pipeline Safety Fund, of which \$51,206,000 shall remain available until September 30, 2013. The bill also directs that no less than \$1,053,000 of the funds provided shall be used for the state one-call grant program.

EMERGENCY PREPAREDNESS GRANTS

(EMERGENCY PREPAREDNESS FUND)

The bill provides \$28,318,000 for emergency preparedness grants, of which \$188,000 shall be for activities related to emergency response training curriculum development and updates.

RESEARCH AND INNOVATIVE TECHNOLOGY ADMINISTRATION

RESEARCH AND DEVELOPMENT

The bill provides \$16,790,000 to continue research and development activities. Of the funds provided, \$9,655,000 shall remain available until September 30, 2013.

Activity	Conference level
Salaries and Administrative Expenses	\$7,135,000
Alternative Fuels Safety Research and Development (R&D)	500,000
Research, Development, and Technology Coordination (RD&T)	900,000
Nationwide Differential Global Positioning System (NDGPS) ...	7,400,000
Positioning, Navigation, and Timing (PN&T)	855,000
NDGPS.—The bill fully funds the equipment recapitalization request at \$2,000,000 and funds Operations and Maintenance (O&M) at \$5,400,000.	

BUREAU OF TRANSPORTATION STATISTICS (LIMITATION ON OBLIGATIONS)

Under the appropriation of the Federal Highway Administration, the bill provides \$27,000,000 for the Bureau of Transportation Statistics (BTS). Additionally, the bill provides \$1,000,000 for BTS within the Transportation Planning, Research, and Development (TPR&D) account.

OFFICE OF INSPECTOR GENERAL SALARIES AND EXPENSES

The bill provides \$86,406,000 for the activities of the Office of Inspector General (OIG).

The bill also maintains language which authorizes the OIG to investigate allegations of fraud and unfair or deceptive practices and unfair methods of competition by air carriers and ticket agents.

**SURFACE TRANSPORTATION BOARD
SALARIES AND EXPENSES**

The bill provides \$30,874,000 for salaries and expenses of the surface transportation board. The bill permits the collection of up to \$1,250,000 in user fees to be credited to this appropriation. The bill provides that the general fund appropriation be reduced on a dollar-for-dollar basis by the actual amount collected in user fees to result in a final appropriation from the general fund estimated at no more than \$29,624,000. Within the total funding level, \$625,000 is provided for upgrades to the Uniform Railroad Costing System.

**GENERAL PROVISIONS—DEPARTMENT OF
TRANSPORTATION**

Longstanding general provisions from fiscal year 2010 are continued unless otherwise noted below.

Section 188 prohibits funds from being used to make a grant unless the Secretary of Transportation notifies the House and the Senate Committees on Appropriations no less than three days in advance of any discretionary grant award, letter of intent, full funding grant agreement or any project competitively selected to receive a discretionary grant award totaling \$1,000,000 or more, and directs the Secretary give concurrent notification for any "quick release" of funds from the Federal Highway Administration's emergency relief program. Three day notice is also required for programs that total in excess of \$40,000,000.

Section 192 modifies a provision that caps the amount of fees that the Surface Transportation Board can charge/collect for rate or practice complaints.

Section 194 clarifies or extends funding for various projects that were included in previous appropriations Acts.

Section 195 clarifies funding for projects that were included in SAFETEA-LU and TEA-21.

Section 196 requires the Department of Transportation to continue a study related to the Missouri River.

Section 197 extends pilot programs related to truck weight in the States of Maine and Vermont.

**TITLE II—DEPARTMENT OF HOUSING
AND URBAN DEVELOPMENT**

MANAGEMENT AND ADMINISTRATION

HUD is directed to provide quarterly updates on its efforts to improve the Department's hiring, performance appraisal, and succession planning processes, and the budgeting of S&E resources. These reports should include updates on the number of FTE projected for each office in the Department compared to last year's actual level and the authorized level for the current fiscal year. Additionally, these reports should track the obligation of funds provided for each office and specifically detail any transfer of funds between accounts.

Budget justifications.—HUD is directed to provide more detailed information on its salaries and expenses request for each office within the Department in its fiscal year 2012 budget request and all future budget requests. The budget request must include a detailed justification for the incremental funding increases, decreases and FTE fluctuations being requested by program, activity or program element. The budget request must also include an organizational chart for each operating area within the Department detailing the number of FTE per office and changes in these numbers for the upcoming

fiscal year. Additionally, the budget request must include detailed information on non-personnel related expenses, including travel, by program office. This should include information on prior-year travel and travel planned for fiscal year 2012. For international travel the Department should include the location and purpose of any proposed trips.

The Department is reminded that its authority to reprogram funds between the programs, projects, and activities within each account without prior approval from the Committees on Appropriations is limited. In addition, HUD must provide one month prior notice to the Committees on Appropriations of any office, program or activity reorganizations.

EXECUTIVE DIRECTION

The bill provides \$28,310,000 for Executive Direction. Funds are provided as follows:

Immediate Office of the Secretary and Deputy Secretary	\$7,464,000
Office of Hearings and Appeals	1,706,000
Office of Small and Disadvantaged Business Utilization	719,000
Immediate Office of the Chief Financial Officer	839,000
Immediate Office of the General Counsel	1,395,500
Office of the Assistant Secretary for Congressional and Intergovernmental Relations	2,709,000
Office of the Assistant Secretary for Public Affairs	4,691,000
Office of the Assistant Secretary for Public and Indian Affairs	1,843,000
Office of the Assistant Secretary for Community and Planning Development	1,487,500
Office of the Assistant Secretary for Housing, Federal Housing Commissioner	3,015,000
Office of the Assistant Secretary for Policy Development and Research	992,000
Office of the Assistant Secretary for Fair Housing and Equal Opportunity	700,000
Office of the Chief Operating Officer	749,000

**ADMINISTRATION, OPERATIONS AND
MANAGEMENT**

The bill provides \$525,040,000 for the administrative functions of the Department. Funds are provided as follows:

Office of Chief Human Capital Officer—Personnel Compensation and Benefits	\$65,449,000
Office of Departmental Operations and Coordination—Personnel Compensation and Benefits ...	9,122,000
Office of Field Policy and Management—Personnel Compensation and Benefits	48,465,000
Office of the Chief Procurement Officer—Personnel Compensation and Benefits	15,932,000
Office of the Chief Financial Officer—Personnel Compensation and Benefits	33,597,000
Office of the General Counsel—Personnel Compensation and Benefits ...	86,482,000
Office of the Departmental Equal Employment Opportunity—Personnel Compensation and Benefits	3,115,000
Office of Faith-Based and Community Initiatives—Personnel Compensation and Benefits	1,171,000

Office of Sustainability—Personnel Compensation and Benefits	2,237,000
Office of Strategic Planning and Management—Personnel Compensation and Benefits	3,695,000
Office of Disaster and Emergency Management—Personnel Compensation and Benefits ...	4,375,000
Non-personnel expenses	251,400,000

HUD is directed to maintain the responsibilities of the appropriations attorneys under the Office of the Chief Financial Officer.

The bill provides funding requested for the Acquisition Workforce Initiative directly to the Office of the Chief Procurement Officer with the expectation that this funding will be used primarily to hire additional acquisition staff.

The bill does not include any funding for the design phase of the modernization of the Robert C. Weaver HUD headquarters building.

The bill reduces the Department's request for travel-related expenses by 10 percent with the expectation the reduction will be absorbed through reductions in conference and other non-oversight related travel.

PERSONNEL COMPENSATION AND BENEFITS

PUBLIC AND INDIAN HOUSING

The bill provides \$194,889,000 for the personnel compensation and benefits for this account.

The Secretary is directed to submit a comprehensive report to the House and Senate Committees on Appropriations by May 15, 2011 on the administrative, regulatory and statutory barriers to the efficient operation of public housing agencies' (PHA) voucher and public housing programs. The report should include a list of the reporting and data systems required of PHAs, and how this information is used.

The Secretary is directed to submit a staffing plan for the Office of Public and Indian Housing to the House and Senate Committees on Appropriations within 120 days of enactment of this Act. This plan should include detailed information on the allocation of staff among programs, as well as between field offices and headquarters. In addition, the plan should address the hiring process to ensure that PIH is bringing on staff with the appropriate expertise.

COMMUNITY PLANNING AND DEVELOPMENT

The bill provides \$104,656,000 for the personnel compensation and benefits for this account.

HOUSING

The bill provides \$390,885,000 for the personnel compensation and benefits for this account.

HUD is directed to submit a report within 6 months of the enactment of this Act detailing how LEAN processing in the Office of Insured Healthcare Facilities is being implemented. This report should include policies put in place that protect the program against losses, as well as the staffing necessary to ensure effective program management. Additionally, the report should determine whether LEAN processing would be effective for the Office of Multifamily Housing.

**OFFICE OF THE GOVERNMENT NATIONAL
MORTGAGE ASSOCIATION**

The bill provides \$14,000,000 for the personnel compensation and benefits for this account to be derived from the GNMA guarantees of mortgage-backed securities guaranteed loan receipt account.

POLICY DEVELOPMENT AND RESEARCH

The bill provides \$21,138,000 for the personnel compensation and benefits for this account.

FAIR HOUSING AND EQUAL OPPORTUNITY

The bill provides \$70,363,000 for the personnel compensation and benefits for this account.

OFFICE OF HEALTHY HOMES AND LEAD HAZARD CONTROL

The bill provides \$7,151,000 for the personnel compensation and benefits for this account.

PUBLIC AND INDIAN HOUSING TENANT-BASED RENTAL ASSISTANCE (INCLUDING TRANSFER OF FUNDS)

The bill provides \$19,298,997,653 for all tenant-based Section 8 activities under the Tenant-Based Rental Assistance Account. Funding is allocated as follows:

Table with 2 columns: Activity, Conference level. Rows include Voucher Renewals, Tenant Protection Vouchers, Administrative Fees, Family Self-Sufficiency Coordinators, Family Unification Incremental Vouchers, HUD-VASH Incremental Vouchers, Mainstream vouchers, Disaster vouchers, Homeless Demonstration.

The bill includes new language requiring HUD to track all special purpose vouchers.

The bill includes \$150,000,000 to protect tenants, including those low-income residents most at-risk due to mortgage maturation or expiring use agreements.

HUD is directed to report on VASH utilization rates, challenges encountered by the program, and increases in the self-sufficiency and stability of participating veterans within 90 days of enactment of this Act, instead of January 15, 2011.

HOUSING CERTIFICATE FUND (RESCISSION)

The bill does not include a rescission from this account. Unobligated balances, includ-

ing recaptures and carryover, may be used for renewal of or amendments to section 8 project-based contracts and for performance-based contract administrators.

PUBLIC HOUSING CAPITAL FUND

The bill provides \$2,500,000,000 for the Public Housing Capital Fund.

HUD is directed to report quarterly to the Committees on Appropriations on the status of all PHAs that are designated as troubled or are in receivership.

PUBLIC HOUSING OPERATING FUND (INCLUDING TRANSFER OF FUNDS)

The bill provides \$4,775,000,000 for the Public Housing Operating Fund.

REVITALIZATION OF SEVERELY DISTRESSED PUBLIC HOUSING (HOPE VI)

The bill provides \$200,000,000 for the Revitalization of Severely Distressed Public Housing program (HOPE VI). The bill also includes \$90,000,000 to continue the demonstration of the Choice Neighborhoods Initiative that was first funded in fiscal year 2010. As with HOPE VI, the funding under the demonstration will continue to focus on addressing housing needs.

NATIVE AMERICAN HOUSING BLOCK GRANTS

The bill provides \$700,000,000 for the Native American Housing Block Grants.

NATIVE HAWAIIAN HOUSING BLOCK GRANT

The bill provides \$13,000,000 for the Native Hawaiian Housing Block Grant, of which \$300,000 shall be for training and technical assistance, including up to \$100,000 for related travel.

INDIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT

The bill provides \$9,000,000, to subsidize a loan limitation of up to \$994,000,000.

NATIVE HAWAIIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT

The bill provides \$1,044,000 for guaranteed loans for Native Hawaiian housing to subsidize a total guaranteed loan principal of up to \$41,504,255.

HUD is directed to submit a single report to the House and Senate Committees on Appropriations on the progress of obligating current and prior year Native Hawaiian Housing Block Grant and Native Hawaiian Housing Loan Guarantee funds within 90 days of enactment of this Act and quarterly thereafter.

COMMUNITY PLANNING AND DEVELOPMENT HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS

The bill provides \$345,000,000 for Housing Opportunities for Persons with AIDS (HOPWA) program.

COMMUNITY DEVELOPMENT FUND

The bill provides \$4,450,000,000 for the Community Development Fund. The bill provides the following:

Table with 2 columns: Item, Amount. Rows include Formula distribution of funds, Indian Economic Block Grants, Economic Development Initiative Grants, Neighborhood Initiatives Program, Sustainable Communities Initiative, Rural Innovation Fund, University Community Fund-Section 107 Grants.

The bill provides funding for section 107 grants. Consistent with prior years, these grants will be awarded competitively to academic institutions as follows:

Table with 2 columns: Item, Amount. Rows include Native Alaskan and Hawaiian Serving Institutions, Tribal colleges and Universities, HBCUs, Hispanic Serving Institutions.

The Department is directed to implement the Economic Development Initiatives program as follows:

Grantee	Purpose	Amount
Allegheny County, PA	For infrastructure improvements around the Allegheny Ludlum site in order to spur economic growth and create jobs	\$800,000
Allen Place Center, Tacoma, WA	For facility improvements at a community center in a low income neighborhood	\$1,000,000
American Legion Post 139, CA	Rehabilitation and Renovation of an American Legion Hall	\$95,000
American Red Cross, Cincinnati Area Chapter, OH	Construction and Build Out of a Regional Red Cross Hub	\$950,000
Appalachia Service Project, TN	Home Repair Program for Low-Income Families	\$350,000
Appalachia Service Project, TN	For free home repair to low-income families in Southern West Virginia	\$400,000
ARC Community Services, MA	Renovate a Building that Provides Services for Individuals with Developmental Disabilities	\$300,000
Arkansas State University-Mountain Home, MH, AR	For construction of the Vada Sheid Community Development Center	\$500,000
Ashunti Residential Management Systems Inc., IL	Transitional and Residential Housing for Low-Income Persons	\$600,000
Associated Early Care and Education, MA	For the construction of a child and family development center	\$500,000
Atlanta Center for Civil and Human Rights, GA	Construction of a Civil Rights Museum and Visitor Center in Downtown Atlanta	\$500,000
Big Brothers Big Sisters of Northern Ohio, Columbus, OH	For renovations of the facilities at Camp Oty'Okwa	\$300,000
Big Sky Economic Development Authority, Billings, MT	For infrastructure and land acquisition in East Billings	\$500,000
Black Economic Union of Greater Kansas City, MO	Planning, Design, Renovation and Revitalization of Historic Building	\$1,000,000
Blue Springs Hoke County CDC (BSHC-CDC), NC	Acquisition of Land for an Affordable Housing Initiative	\$500,000
Board of Directors of St. Louis Municipal Library, MO	To renovate the historic St. Louis Central Library including compliance with ADA requirements in MO	\$1,000,000
Bolivar County, MS	For the restoration of the historic Bolivar County First Judicial District Courthouse	\$350,000
Bonnie Brae, Liberty Corner, NJ	For the renovation of cottages that service New Jersey's at risk children and youth	\$200,000
Booneville, MS	For the Booneville Hardware Building Restoration Project	\$425,000

Boys & Girls Club of Carbon County, Red Lodge, MT	For renovations and expansion	\$350,000
Boys and Girls Club of Wagner, SD	For repairs and upgrades to the Boys and Girls Club facility	\$200,000
Boys and Girls Club, Bellevue, WA	For facilities improvements and expansion at community centers for youth	\$500,000
Boys and Girls Club, Spokane, WA	For facilities acquisition, improvements and expansion for a community center for youth	\$775,000
Boys Town of Chicago, IL	Construction of Housing for Low-Income Youth	\$500,000
Bristol Boys and Girls Club Association, CT	Planning, Design and Construction of a Boys and Girls Club	\$1,000,000
Brooke County Commission, WV	Development and Construction of a Park and Memorial	\$400,000
Brooklyn Legal Services, NY	Construction and Renovations of a Facility	\$250,000
Brooklyn Navy Yard Development Corporation, NY	Design and Construction of a Facility	\$500,000
Bucks County Housing Development Corporation, PA	Construction of Affordable Housing for Disabled Veterans	\$500,000
Builders Development Corporation, KS	For the Central Baptist Redevelopment Project in Kansas City, Kansas	\$800,000
CAMBA, Inc., NY	Construction of Supportive Housing	\$1,000,000
Center for Veterans Issues, Ltd., Milwaukee, WI	For the construction of supportive housing for veterans	\$400,000
Chabad of the Valley, CA	Renovation of a Facility	\$250,000
Charles City County, VA	Construction of a Library Facility	\$500,000
Charles County, Department of Community Services, MD	Renovation of Low-Income Housing	\$300,000
Chicanos Por La Causa, Inc., AZ	Building Rehabilitation for a Workforce Readiness Center	\$400,000
Children's Museum of Tampa, FL	Construction of a Facility	\$750,000
Chippewa Cree Tribe, Box Elder, MT	For renovations and safety upgrades of a tribal TANF building	\$200,000
City of Albany, NY	Construction and Renovation of a Facility	\$825,000
City of Alexandria, VA	Mount Vernon Avenue Pedestrian Solar Lighting Project, VA	\$300,000
City of Anderson, IN	For the Flagship Enterprise Center Certified Technology Park Buildings Project for infrastructure and laboratory equipment for hybrid electric vehicle technologies and related technologies	\$650,000
City of Astoria , OR	Construction of a Park	\$800,000

City of Bangor, ME	For event and meeting space infrastructure at the Bangor Regional Arena and Meeting Complex	\$1,000,000
City of Bend, OR	For design and construction of new research and development facility	\$200,000
City of Brewer, ME	For the development of a riverfront trail system as part of the West Bayside Neighborhood Development Project	\$700,000
City of Bristol, CT	To acquire blighted property and renovate facilities to create an industrial park	\$500,000

YWCA of Silicon Valley, CA	Renovation of a Domestic Violence Shelter	\$350,000
YWCA Southeastern Massachusetts, MA	Building Expansion and Construction	\$475,000
Zavala County, TX	Construction and Renovation of Facilities for Senior Citizens	\$300,000

The Department is directed to implement the Neighborhood Initiatives program as follows:

Grantee	Purpose	Amount
Corporation, New York, NY	For the development and rehabilitation of new and existing low- and moderate-income housing units in the central Harlem area	\$300,000
Center for Planning Excellence, LA	To build capacity in land use planning and community preservation throughout Louisiana	\$750,000
Francisco, Mayor's Office of Housing, CA	For Critical Infrastructure and Housing Development Work	\$1,250,000
City of Boise, ID	For a Petroleum Terminal Relocation Feasibility Study	\$350,000
City of Cranston, RI	For community planning and development	\$200,000
City of Jackson, MI	Demolition of Buildings and Neighborhood Redevelopment	\$1,500,000
City of Longview, WA	For revitalization and renewal of the city's downtown region	\$1,000,000
City of Philadelphia, PA	For mixed-use transit oriented development in the area around the 9th and Berks rail station	\$350,000
City of Ranson, WV	mixed-used center, including retail and affordable workforce housing using smart growth design and green infrastructure	\$400,000
City of Spokane, WA	For the restoration and redevelopment of a blighted area	\$2,000,000
Community Development Area, WI	Acquisition and Remediation of Blighted Properties	\$2,000,000
Community Legal Services of Mid-Florida, FL	Housing Counseling and Foreclosure Modification	\$500,000
Community Voice Mail, Seattle, WA	To improve and expand employment services for homeless veterans	\$350,000
Counseling Services, Las Vegas, NV	For foreclosure-related assistance services	\$500,000
Economic Development Initiative, Sebring, FL	To create a research park	\$400,000
Greenfield Community College, MA	Renovation of Buildings	\$1,000,000
Hire America's Heroes, Redmond, WA	To expand employment services for veterans	\$250,000
Neighborhood Housing Services, Inc., CA	Counsel and Assist Homeowners Facing Foreclosures	\$500,000
University, Mississippi State, MS	For the Development of the Civic Capacity Development Initiative Project at Mississippi State University	\$750,000
National Council of La Raza, DC	Capitalization of a Revolving Loan Fund to be Used for Nationwide Community Development Activities	\$1,000,000
New Hampshire Food Bank, Manchester, NH	To expand the food assistance program for the New Hampshire Food Bank	\$1,250,000

Northern Comm. Investment Corp., St. Johnsbury, VT	To continue to expand high-speed, high-technology broadband connectivity as part of the North Country Community Broadband Initiative	\$1,000,000
Ocean Springs, MS	For the construction of the Walter Anderson Education Center	\$650,000
Scott County Housing Council, IA	For loans and grants to local nonprofit housing service providers and developers to create affordable housing	\$300,000
Shelter Network of San Mateo County, CA	Shelter Network's Maple Street Project	\$200,000
Southwest Organizing Project, Chicago, IL	campaign, a foreclosure prevention initiative in Chicago neighborhoods	\$250,000
TechRanch, Bozeman, MT	For entrepreneurship programs and support for a business incubator	\$200,000
Southeastern Michigan, MI	Foreclosure Prevention Program	\$1,650,000
Conservation Board, Montpelier, VT	For expansion and improvement of low-income housing	\$300,000
Vermont Sustainable Jobs Fund, Montpelier, VT	For capitalizing a revolving loan fund	\$500,000
Farmworker Housing Trust, Seattle, WA	For capacity building to support the expansion of affordable housing for farmworkers	\$200,000
Wisconsin Indianhead Technical College, WI	Construction of a Training Center	\$1,750,000

The bill includes \$150,000,000 for the Sustainable Communities Initiative.

The bill stipulates that grants may only be made to metropolitan planning organizations, rural planning organizations, States, other units of general local government, housing- and transportation-related non-profit organizations, as well as tribal governments and economic development organizations.

HUD is required to submit a report outlining the use of the Sustainable Communities Initiative funding, identifying any changes to the grant criteria or performance metrics that were established in fiscal year 2010.

HUD is directed to work with the Department of Transportation to produce a comprehensive list of provisions in federal regulation and law that act as a barrier to local efforts to coordinate housing and transportation investments.

COMMUNITY DEVELOPMENT LOAN GUARANTEES PROGRAM ACCOUNT

The bill provides \$8,000,000 for costs associated with section 108 loan guarantees, including administrative costs, to subsidize a total loan principal of up to \$341,880,000.

BROWNFIELDS REDEVELOPMENT

The bill provides \$10,000,000 for the Brownfields Redevelopment program.

HOME INVESTMENT PARTNERSHIPS PROGRAM

The bill provides a total of \$1,825,000,000 for this account.

SELF-HELP AND ASSISTED HOMEOWNERSHIP OPPORTUNITY PROGRAM

The bill provides \$82,000,000 for this account.

HOMELESS ASSISTANCE GRANTS

The bill provides \$2,200,000,000 for Homeless Assistance Grants. Of the amounts provided, at least \$345,000,000 is for the new Emergency Solutions Grant program established under the HEARTH Act. This program adds prevention and rapid re-housing to existing activities that have proven to be effective at reducing the amount of homelessness in communities, particularly for families with children.^μ The bill allows HUD to provide a greater share of resources for this program to more closely meet the intent of the HEARTH Act.

HUD is directed to continue to include 5-year projections, on an annual basis, for the cost of renewing the permanent housing component of the Supportive Housing program and the Shelter Plus Care program in its fiscal year 2012 budget justifications.

HOUSING PROGRAMS

PROJECT-BASED RENTAL ASSISTANCE

The bill provides \$8,882,328,000 for project-based rental assistance activities. The bill also provides an advance appropriation of \$400,000,000 for fiscal year 2012. This amount includes \$8,950,000,000 for contract renewals and up to \$326,000,000 for contract administrators.

HOUSING FOR THE ELDERLY

The bill provides \$825,000,000 for the section 202 program. Within the funds provided, up to \$40,000,000 may be used for the conversion of 202 units to assisted living facilities.

HUD is directed to submit to the Committees on Appropriations within 120 days of enactment of this Act a comprehensive list of both non-legislative "regulatory" changes and legislative changes that would improve the effectiveness of the program as well as a schedule for making these changes.

HOUSING FOR PERSONS WITH DISABILITIES

The bill provides \$235,000,000 for the Section 811 program.

HUD is directed to identify and submit to the Committees on Appropriations within 150

days of enactment of this Act a list of all regulatory issues for this program that will improve implementation, as well as administrative reforms the Department can complete without legislative action and a proposed schedule for issuing such reforms.

HOUSING COUNSELING ASSISTANCE

The bill provides \$88,000,000 for Housing Counseling Assistance.

OTHER ASSISTED HOUSING PROGRAMS

RENTAL HOUSING ASSISTANCE

The bill provides \$40,600,000 for Section 236 payments to State-aided, non-insured projects.

RENT SUPPLEMENT

(RESCISSION)

The bill rescinds \$40,600,000 from the Rent Supplement account.

PAYMENT TO MANUFACTURED HOUSING FEES TRUST FUND

The bill provides \$14,000,000 for authorized activities, of which \$7,000,000 is to be derived from the Manufactured Housing Fees Trust Fund.

FEDERAL HOUSING ADMINISTRATION

MUTUAL MORTGAGE INSURANCE PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

The bill establishes a limitation of \$400,000,000,000 on commitments to guarantee single-family loans during fiscal year 2011. The bill includes \$221,125,000 for contract expenses, of which up to \$71,500,000 may be transferred to the working capital fund.

GENERAL AND SPECIAL RISK PROGRAM ACCOUNT

The bill establishes a \$20,000,000,000 limitation on multifamily and specialized loan guarantees during fiscal year 2011.

HUD is directed to present a plan to the House and Senate Committees on Appropriations within 90 days of the enactment of this Act detailing how the Department will address the backlog of applications for the Offices of Multifamily Housing and Insured Healthcare Facilities.

GOVERNMENT NATIONAL MORTGAGE ASSOCIATION

GUARANTEES OF MORTGAGE-BACKED SECURITIES LOAN GUARANTEE PROGRAM ACCOUNT

The bill includes up to \$500,000,000,000 for new commitments.

POLICY DEVELOPMENT AND RESEARCH

RESEARCH AND TECHNOLOGY

The bill provides \$54,000,000 for research and technology.

FAIR HOUSING AND EQUAL OPPORTUNITY

FAIR HOUSING ACTIVITIES

OFFICE OF HEALTHY HOMES AND LEAD HAZARD CONTROL

LEAD HAZARD REDUCTION

The bill provides \$140,000,000 for the Lead Hazard Reduction program. Of this amount, the bill includes \$68,000,000 for the lead-based paint hazard control grant program, \$4,000,000 for technical assistance, \$20,000,000 for Healthy Homes Initiative and \$48,000,000 for the Lead Hazard Reduction Demonstration Program. In addition, HUD is directed to use \$250,000 of the funds provided for the Lead Hazard Reduction Demonstration Program for technical assistance in conducting communications and outreach activities to potential applicants of the demonstration program.

MANAGEMENT AND ADMINISTRATION

WORKING CAPITAL FUND

The bill includes \$228,500,000 for the Working Capital Fund.

OFFICE OF INSPECTOR GENERAL

The bill provides \$125,000,000 for the Office of the Inspector General (OIG).

The OIG is directed to submit a staffing plan for the OIG to the Appropriations Committees within 120 days of enactment of this Act. This plan should include detailed information on the allocation of staff among issue areas as well as between field offices and headquarters. In addition, the plan should address the hiring process to ensure that OIG is bringing on staff with the appropriate expertise to conduct necessary oversight.

TRANSFORMATION INITIATIVE

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$20,000,000 for combating mortgage fraud through the Transformation Initiative (TI), as well as the authority to transfer up to 1 percent of funds from specified accounts within the Department. The bill language provides that not less than \$100,000,000 and not more than \$116,000,000 shall be for Information Technology and not more than \$45,000,000 shall be for technical assistance.^μ The bill continues to require reporting requirements on all funding provided under this heading, as well as a spend plan and GAO oversight of HUD's IT investments.

Of the amounts provided for research and demonstrations, the Department shall use necessary funds to complete an assessment of the effectiveness of HUD-funded service coordinators and an evaluation of the worst or obsolete public housing.^μ Any remaining funding should be used to complete research and demonstrations begun in fiscal year 2010 that were not fully funded.

GENERAL PROVISIONS—DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Longstanding administrative provisions are continued unless otherwise noted below.

Section 212 amends an existing provision to allow HUD to transfer debt and use agreements from an obsolete project to a viable project, provided that no additional costs are incurred, and other conditions are met.

Section 217 modifies a provision instructing HUD on managing and disposing of any multifamily property that is owned by HUD.

Section 229 modifies a provision allowing refinancing of certain section 202 loans.

Section 231 authorizes the Secretary to transfer up to 5 percent of funds among all personnel and non-personnel accounts, but requires written approval for any transfers greater than 5 percent or \$5,000,000, whichever is less.

Section 233 allows the Secretary to transfer funding from salaries and expenses accounts to the Working Capital Fund or the Transformation Initiative for technology improvements.

Section 234 eliminates an unnecessary transfer from the Rental Housing Assistance Fund to the Flexible Subsidy Fund.

TITLE III

RELATED AGENCIES

ACCESS BOARD

SALARIES AND EXPENSES

The bill provides \$7,367,000 for the salaries and expenses of the Access Board. The funds provided over the budget request are to support the additional rulemaking requirements mandated by the Patient Protection and Affordable Care Act (PPACA).

FEDERAL MARITIME COMMISSION

SALARIES AND EXPENSES

The bill provides \$25,300,000 for the salaries and benefits of the Federal Maritime Commission.

NATIONAL RAILROAD PASSENGER CORPORATION

OFFICE OF INSPECTOR GENERAL SALARIES AND EXPENSES

The bill provides \$20,000,000 for Amtrak's Office of Inspector General.

NATIONAL TRANSPORTATION SAFETY BOARD

SALARIES AND EXPENSES

The bill provides \$104,300,000 for the salaries and expenses of the National Transportation Safety Board (NTSB), of which no more than \$2,000 may be used for official reception and representation expenses. Language is included in the bill to ensure that the NTSB can satisfy its contractual obligations and use its fiscal year 2011 appropriation to make the lease payments for the Academy.

NEIGHBORHOOD REINVESTMENT CORPORATION

PAYMENT TO THE NEIGHBORHOOD REINVESTMENT CORPORATION

The bill provides \$300,000,000 for the Neighborhood Reinvestment Corporation. This amount includes \$125,000,000 to continue the National Foreclosure Mitigation Counseling

program and \$35,000,000 to rehabilitate or finance the rehabilitation of affordable housing.

UNITED STATES INTERAGENCY COUNCIL ON HOMELESSNESS

OPERATING EXPENSES

The bill provides \$3,930,000 for the Interagency Council on Homelessness. FTEs previously detailed from HUD to ICH have been moved to this account, including all associated funding, in order to accurately reflect the use of staff and resources.

TITLE IV

GENERAL PROVISIONS—THIS ACT

Longstanding general provisions from fiscal year 2010 are continued unless otherwise noted below.

Section 416 requires DOT and HUD to publish information on grant programs with an annual budget of \$100,000,000 or more, including criteria for awarding grants, and justifications for specific awards. Information must be provided when applications are solicited, received and awarded. This provision also applies to projects funded under FTA's "Energy Efficiency and Greenhouse Gas Reduction Grants" program.

TITLE V—EXTENSION OF CURRENT SURFACE TRANSPORTATION PROGRAMS

Title 5 extends surface transportation programs through fiscal year 2011.

TITLE VI—EXTENSION OF AVIATION PROGRAMS

Title 6 extends programs of the Federal Aviation Administration through fiscal year 2011.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the House or Senate Committee of jurisdiction for each item so identified. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules.

TRIBUTES TO RETIRING
SENATORS

JUDD GREGG

Mr. DURBIN. I want to join my colleagues in wishing our friend, Senator JUDD GREGG, the best of luck as he prepares for his new life beyond the U.S. Senate.

I don't think it is any exaggeration to say that, without the leadership and dogged insistence of JUDD GREGG and KENT CONRAD, there would have been no Presidential Deficit Commission.

As a member of that commission, I want to say to Senator GREGG: I will get you back for that one.

In all seriousness, serving on the Deficit Commission was not an easy assignment. But I believe the commission's work, and the way we went about our work, shows that Democrats and Republicans can still reason together and act together for the good of our nation. I thank Senator GREGG for helping to remind us of that important truth.

You might remember a few years back when Senator GREGG won about \$850,000 in a Powerball payoff. A bunch of us on our side of the aisle tried to convince him that he ought to do what all big lottery winners do: quit his job. He said no—there was more he wanted to do in the Senate.

JUDD and I served together in the House and the Senate and, as I said, on the Deficit Commission. We're one of the Odd Couples of Capitol Hill. He's Felix and I'm Oscar.

We haven't agreed on a whole lot. But we have been allies on some big, important fights. JUDD was an indispensable leader in the effort to finally give the FDA the authority to regulate tobacco. His work on that bill will save thousands and thousands of lives in America and around the world and I am proud to have been his partner on it.

I understand that JUDD GREGG is the only person in New Hampshire history ever elected Senator, Congressman, Governor and Councilor. Little-known fact: I think he was also the model for the Old Man in the Mountain.

When JUDD claimed his Powerball winnings, he told reporters, "Even Sen-

ators get lucky sometime." I am lucky to have worked with JUDD GREGG in both the House and the Senate for almost 15 years. We have had some spirited differences—always will. But I respect him as an independent-minded conservative, a tough negotiator and a man who believes in public service.

I wish JUDD, Kathy and their family the very best in the next chapters of their lives.

JUDD GREGG

Mr. LEVIN. Mr. President, through three terms in this chamber, Senator JUDD GREGG has been a consistent, principled voice for responsible stewardship of the taxpayers' hard-earned money. Though he and I have not always agreed on the roles and responsibilities of government, that has not diminished my admiration for his principled stand on fiscal responsibility, a stand that has at times brought him into conflict with members from both parties.

Senator GREGG has been willing to cross party lines on important issues throughout his tenure in the Senate. At times that has been the result of his belief in limiting deficits, as when he opposed the creation of the Medicare drug benefit in 2003 without identifying ways to pay for it. But he also supported last year the nomination of Sonia Sotomayor to the Supreme Court. He has voted to allow Food and Drug Administration regulation of tobacco. And he has voted to give U.S. workers a higher minimum wage.

Still, Senator GREGG will rightly be remembered primarily for his advocacy of prudent spending. He consistently has pressed for a detailed, bipartisan effort to address the Nation's troubling fiscal situation. The bill he worked on with Senator CONRAD ultimately became the model for the National Commission on Fiscal Responsibility and Reform. While the success of the commission is still unclear, it already is clear that Senator GREGG's efforts have helped move the discussion forward.

I congratulate Senator GREGG on his distinguished service, and I wish him the best of luck in wherever his new endeavors take him.

GEORGE VOINOVICH

Mr. President, aside from a few college football Saturdays each fall, Michigan and Ohio share much. Both States are known for our manufacturing strength. And both are known for the central role the Great Lakes play in the daily lives of our citizens. And over his 12 years in this chamber, Senator GEORGE VOINOVICH has demonstrated that these shared interests are far more important than party labels.

I have had the pleasure of working alongside Senator VOINOVICH on these and other important issues. Since 2007, he has been my co-chair on the Great Lakes Task Force, and he has brought just as much dedication and commitment to that work as you would expect from an Ohioan, lover of our Lakes, and expert angler. Recently, the great-

est issue facing the Lakes has been the threat of invasive species, and especially Asian carp, which could devastate Great Lakes ecosystems if they make their way up the Mississippi River valley. His strong advocacy for protecting the Lakes helped yield an important victory just last month with passage of the Asian Carp Prevention and Control Act, which added the big-head carp to the list of species prohibited from import into the United States.

Senator VOINOVICH was instrumental in helping ensure passage of the Great Lakes Compact, which protects the waters of the Great Lakes from diversion. He helped secure more than \$200 million in funding for cleanup of contaminated sediments under the Great Lakes Legacy Act. And he has been my valued partner in introducing the Great Lakes Ecosystem Protection Act, which would provide important tools and funding to address a wide range of environmental concerns on the Lakes. Senator VOINOVICH also recognizes the integral role the Lakes play in our States' economies, and so has been at the forefront of efforts to promote shipping and commerce on the Lakes.

In addition to his impressive legacy on Great Lakes issues, Senator VOINOVICH has been a thoughtful and effective advocate for our States' manufacturers. He and I co-chair the Senate Auto Caucus, and in this role, he has done much to ensure that the domestic auto industry, the backbone of American manufacturing, remains strong. He has been a powerful voice in the Senate for ensuring that U.S. manufacturers, including our auto industry, are able to fully participate in overseas markets, just as foreign companies are given access to our markets; his opposition to unfair aspects of a proposed free trade agreement with South Korea is just one recent example of that advocacy.

It is no surprise that in his work on these issues, Senator VOINOVICH has been motivated by the interests of his State and our nation, and not the desire to score partisan points. He has throughout his time in the Senate—and before, when serving as a mayor and governor—demonstrated the ability to find areas of bipartisan agreement, even when he faced political pressure to walk the party line. To cite just a recent example: He was one of a handful of Republicans to cross party lines and vote for the Small Business Jobs and Credit Act, which provided important new tools to help small businesses grow and provide the jobs we need to get our economy going.

On these and other issues, I have had the opportunity to work closely with Senator VOINOVICH. I will miss him when we return in January. He has been a powerful and principled advocate for his State. The people of my State have benefitted greatly from his work on issues of common interest between Michigan and Ohio. And I have benefitted greatly from his wisdom, friendship and teamwork.

SAM BROWNBACK

Mr. CONRAD. Mr. President, I rise today to honor my colleague, Senator SAM BROWNBACK, who will be leaving the Senate at the end of this term. Senator BROWNBACK has served the people of Kansas for 16 years in the Congress, serving one term in the House of Representatives before being elected to the Senate in 1996. SAM is leaving the Senate to serve the people of Kansas as their Governor.

As rural, Midwestern States, Kansas and North Dakota have a lot in common, sharing many of the same challenges and opportunities. Agriculture is a key component of both States' economies. In fact, North Dakota and Kansas often vie for the position of top wheat producer. Senator BROWNBACK knows agriculture well, having been raised on a farm near Parker, KS, and serving as a State leader of Future Farmers of America in high school. Early in his career, SAM served as Kansas Secretary of Agriculture. These experiences prepared him for his work in the Senate, where he championed producing more energy from biofuels and opening overseas markets to American beef—two issues that are just as important to farmers and ranchers in North Dakota as they are to those in Kansas.

I worked closely with SAM on a program that helps ensure that individuals who live in rural areas have access to doctors. The Conrad State 30 program allows foreign doctors educated in the United States on J-1 visas to obtain a waiver of the requirement to return to their home country for 2 years if they agree to practice for 3 years in a medically underserved area of the country. This program has been vital for individuals in rural States like Kansas and North Dakota. Without it, residents of rural areas would have to travel long distances to visit physicians. I am proud to have Senator BROWNBACK's support of legislation to expand this program and make it permanent.

Senator BROWNBACK's concern for his fellowman does not stop at America's borders. Although he does not serve on the Senate Foreign Relations Committee, SAM has been very involved in international affairs, and has dedicated himself to causes that protect the most vulnerable. He was instrumental in passing the Trafficking Victims Protection Act, worked to bring peace to Darfur, and, most recently, fought to end the trade in conflict minerals from the Congo.

SAM is one of the most genuine Members of the Senate. He is willing to listen to opposing views and engage in respectful debate. This great body will miss Senator BROWNBACK's collegiality.

I thank Senator BROWNBACK for his service in the Senate and wish him the best as he continues to represent the people of Kansas as their Governor.

GEORGE VOINOVICH

Mrs. BOXER. Mr. President, I would like to ask my colleagues to join me today in recognizing the service of a

fellow Senator, and friend, Senator GEORGE VOINOVICH. He has spent over four decades as a public servant and has been a tireless advocate for the State of Ohio.

Senator VOINOVICH started his career in public service in 1967 when he served as a Member of the Ohio House of Representatives. He then went on to serve as a county commissioner, the mayor of Cleveland, and as the Governor of Ohio. In 1998, he was elected to the U.S. Senate.

Having worked extensively in local government, Senator VOINOVICH understood first-hand the importance of Federal investment in infrastructure before he ever arrived in Washington.

Senator VOINOVICH has served with me on the Environment and Public Works Committee since the 106th Congress, 1999. Throughout his career, he has been a great advocate for transportation. As the ranking member of the Transportation and Infrastructure Subcommittee during the 111th Congress, he helped us ensure ongoing investment in Federal highway, transit and highway safety programs and the jobs that those investments create.

In hearings, Senator VOINOVICH has frequently highlighted the importance of investing in infrastructure at all levels of government and often called on his colleagues to support passage of a new long-term surface transportation authorization at increased funding levels.

He and his staff have contributed to the efforts of our committee to draft a new surface transportation authorization. Senator VOINOVICH's passion for these issues was influential among his colleagues on the Environment and Public Works Committee, and will help guide us as we move forward on new transportation legislation.

During his service on the Environment and Public Works Committee, Senator VOINOVICH has also been an advocate for investing in America's water resources and protecting water quality. I was also pleased to join him as a co-sponsor of the Clean Coastal Health and Public Health Act, which helps to ensure our Nation's beaches are safe for swimming and recreation.

I am also grateful for his partnership in supporting investment in America's ports, which are important economic drivers in both Ohio and California, and are vital to the national economy.

Senator VOINOVICH's service on the Environment and Public Works Committee will have a lasting impact both in the State of Ohio, and across the Nation. I want to extend my best wishes to Senator VOINOVICH and his family in his retirement, and express my gratitude for his many years of hard work and dedication to public service.

HONORING OUR ARMED FORCES

SERGEANT FIRST CLASS JAMES E. THODE

Mr. HATCH. Mr. President, I rise today to recognize and pay tribute to SFC James E. Thode, who gave the ul-

timat sacrifice for his country. On December 2, 2010, he died of wounds suffered after an improvised explosive device detonated on a roadside in Sabari District, Khowst Province, Afghanistan. He was 45 years old.

Sergeant First Class Thode served with the Utah National Guard, 118th Engineer (Sapper) Company, 1457th Engineer Battalion, 204th Maneuver Enhancement Brigade, in Salt Lake City. His unit's mission was vitally important, as it provided route-clearance support to coalition forces. Identifying and clearing IEDs was part of their dangerous job.

Sergeant First Class Thode called Farmington, NM, his home and grew up in Tucson, AZ. However, boundaries are blurred in the Four Corners area and soldiers are drawn from the neighboring states. I am proud, and, indeed, Utah is proud to call Sergeant Thode one of our own. He was one of our finest.

This was to be Sergeant First Class Thode's third deployment overseas. In 1991, he served during the first gulf war, although he did not see combat. He never shied away from duty.

Like so many of the fine men and women serving in the Armed Forces today, Thode felt it was his duty to serve. He exemplified this attitude by not only serving his country abroad, but by serving on the Farmington Police Department for the last 14 years. In that time he worked as a training officer, a member of the SWAT team. He was well-respected. He was a great friend. He was a great leader. He had the qualities we would want in a police officer and protector of a community.

His decision to serve our country came at an early age. He was inspired by his uncle who served in the military. As a young boy, he learned how to shoot a BB gun and later his father took him to the shooting range and taught him how to handle a rifle. He joined the military in 1984 and had served long enough to retire from military service by the time he went on his third deployment, this time to Afghanistan. His father told him he could have retired, but he insisted that the young men and women he served with needed someone to take them to war and help keep things together.

He was a father figure to many of his fellow soldiers. He was the glue that held people together. A warrior that led by example.

My thoughts and prayers go to his loving family. He leaves behind his devoted wife Carlotta; their 18-year-old daughter Ashley; their 8-year-old son Tommy; his mother Evelyn; father Ernest; and other family and friends. With his ultimate sacrifice, they are sacrificing, too. God bless them.

Mr. UDALL of New Mexico. Mr. President, in the more than 9 years that our military has been fighting in Afghanistan, thousands of brave men and women have volunteered their service to our country. They have sacrificed time with their families, travelled to foreign lands, and put their

lives in jeopardy, all in the defense of the ideals we hold dear.

This month, New Mexico lost one of those brave soldiers. His name was James Thode. He was a 45-year-old married father of two who had served for 14 years as a police sergeant for the city of Farmington. He was in Afghanistan as a member of the Utah National Guard as a sergeant first class in the 118th Sapper Company.

Sergeant Thode was killed by a roadside bomb on December 2 when insurgents attacked his unit in Afghanistan's Khost province.

Too often, when we are faced with the loss of one of our brave men or women in uniform, the first thing that is talked about is how they died. A roadside bomb. A firefight with the enemy. Protecting a fellow soldier from harm.

That is important. But it is equally important that we remember how they lived.

That is what I would like to do today. I want to remember how Sergeant James Thode lived.

Those who served with Sergeant Thode saw him as a father figure to the younger soldiers. "The glue that held people together," said one.

He was "a humble person, soft spoken and had a way of connecting with everybody he met," said another.

A third soldier recalled that Thode had an opportunity for a command position with a different unit—but he, quote, "chose to stay with his men, knowing the risk."

When he deployed to Afghanistan in July, Sergeant Thode left behind his wife Carlotta and their two children, 18-year-old daughter Ashley and 8-year-old son Tommy. It was his second deployment. His first was to Iraq in 2003.

Back at home, Thode had served as a member of the Farmington Police Department since 1996 as a field training officer, member of the SWAT Team, and eventually a member of the detective unit.

Sergeant Thode was well-known and well-respected within the close-knit Farmington community. As Farmington Police Chief Kyle Westall said upon learning of Thode's death, "The community lost a truly great man who will be missed by many."

Sergeant Thode lived a life to which we all should aspire—a life of service to family, community and country.

To Sergeant Thode's wife, children, parents, sister, and extended family and friends, my wife Jill and I offer our deepest sympathies for your loss, and our deepest thanks for your loved one's service to our country. You are forever in our hearts, and we are forever in your debt.

PORTEOUS IMPEACHMENT

Mr. LEVIN. Mr President, today we are involved in one of the most important functions of the U.S. Senate, and one of the most rare. Only 11 impeachment trials have been completed over the 221-year history of the Senate.

Article II of the U.S. Constitution gives the "sole Power to try all Impeachments" to the Senate, and we take this role very seriously. Judges may be impeached and, if convicted, removed for "Treason, Bribery, or other high Crimes and Misdemeanors." Neither the Constitution nor statute define "other high Crimes and Misdemeanors." So it is up to each one of us to determine what actions reach the level of impeachable offenses egregious enough to remove a Federal officer such as a district court judge.

It is important that the judges that we confirm to lifetime appointments have the utmost integrity. Anything less would undermine public confidence in the judicial system which has such a major impact on the lives of Americans. These votes are among the most important and difficult that we cast.

Today I will vote to convict Judge Porteous on the basis of articles I through III. Those articles allege that Judge Porteous engaged in corrupt behavior with a law firm, had significant financial ties to that firm, but failed to recuse himself in a case where that same law firm represented one of the parties, improperly and unethically solicited and received a financial gift from a lawyer while he had that lawyer's case under advisement, and solicited favors from a bail bondsman and the bail bondsman's sister while using the power and prestige of his office to provide assistance to them and their business and made material false statements in conjunction with his personal bankruptcy filing.

I believe that Judge Porteous is guilty of the actions outlined in those three articles which prove and that he is unfit to serve as a U.S. district court judge.

I cannot, however, vote to convict Judge Porteous on the basis of article IV. Unlike the previous three articles that allege objective behavior to prove impeachable offenses, article IV is subjective: It requires us to determine Judge Porteous' state of mind—what he was thinking and how he felt about his past behavior. Article IV alleges that Judge Porteous "knowingly made material false statements about his past to both the United States Senate and to the Federal Bureau of Investigation in order to obtain the office of United States District Court Judge."

Specifically, article IV states that Judge Porteous was asked if there was anything in his personal life that could be used by someone to coerce or blackmail him, or if there was anything in his life that could cause an embarrassment to Judge Porteous or the President if publicly known. Judge Porteous answered "no" to those questions. During his background check, Judge Porteous told the Federal Bureau of Investigation on two separate occasions that he was not concealing any activity or conduct that could be used to influence, pressure, coerce, or compromise him in any way or that would impact negatively on his character,

reputation, judgment, or discretion. Finally, Judge Porteous was asked whether any unfavorable information existed that could affect his nomination. Judge Porteous answered "no," to the best of his knowledge.

Did Judge Porteous believe those answers were true when he made them? I do not believe that we should impeach and convict a person based on his or her beliefs or his or her state of mind. If we did, we would be removing someone from office without evidence he was intentionally lying, not about an objective fact but about what he believed at the time of his statement. Beyond that, it is a statement about a subjective issue. Judge Porteous may have believed that none of his conduct, if known, would be embarrassing to the President, or that nothing in his past could be used to improperly influence him, even if the Senate disagrees with that belief. We should remove someone from office based on his conduct or on his objectively false material statements of fact, not on subjective statements about subjective judgments.

Assume that a candidate for the Federal bench in an answer to a question of the Judiciary Committee or Department of Justice said that nothing in his past would embarrass the President if known. After he is confirmed as a judge, he is involved in a messy divorce and it is discovered that the judge had had a series of extramarital affairs in the few years before he answered the questionnaire that he knew of nothing in his past that would embarrass the President. Assume further that in the judgment of the House, that behavior does embarrass the President. Under the theory of article IV, the judge's answer would constitute an impeachable offense. Article IV creates a precedent that is too potentially dangerous for me to support.

To quote from page 60 of the Report of the Impeachment Trial Committee, "Professor Mackenzie also testified that while the compromise-or-coercion question is asked 'routinely' of 'virtually everybody who is interviewed,' he could not recall any candidate who had ever responded affirmatively to this question. Nor was he aware of any individual who has ever responded affirmatively to a question that asks the candidate to 'advise the Committee of any unfavorable information that may affect your nomination' or any nominee who had ever been prosecuted or removed from office for falsely answering such a question."

It is our solemn responsibility to protect the integrity of the Federal judiciary and the public trust in our judicial system. Today we will fulfill that role.

Mr. BINGAMAN. Mr. President, the Senate has found G. Thomas Porteous, Jr. guilty of the charges contained in four articles of impeachment and removed him from office as a Federal district judge. In addition, it has adopted a motion disqualifying Mr. Porteous from ever holding any office of honor, trust, or profit under the United

States. Although I voted guilty on all four articles of impeachment, I voted against the motion to disqualify Mr. Porteous from future office. Although the Constitution clearly gives the Senate the power to disqualify a person from holding future federal office upon impeachment, I do not believe that sanction was justified in this case, viewed in light of previous judicial impeachments.

Under our Constitution, impeachment is a remedial measure, not a penal one. Its purpose is to not to punish wrongdoers, but to protect our government against official misconduct by removing corrupt officials from office. As Justice Story put it, impeachment “is not so much designed to punish an offender, as to secure the state against gross official misdemeanors.”

The Framers of our Constitution borrowed the idea of impeachment from Great Britain. But in Britain, in the centuries before the adoption of our Constitution, impeachments were used to punish as well as to remove from office. Impeachment by the British Parliament could result in fines, imprisonment, and even death. The Framers of our Constitution wanted none of that. They wove safeguards against legislative punishments throughout the Constitution, in the prohibitions against bills of attainder and *ex post facto* laws, in an independent judiciary, and in the due process clause of the fifth amendment. Most clearly, they spelled out their design in the impeachment clause itself, which states that “Judgment in Cases of Impeachment shall not extend further than to removal from Office, and disqualification to hold and enjoy any Office of honor, Trust or Profit under the United States.”

Although united in a single sentence, “removal from Office” and “disqualification to hold . . . Office” are separate and distinct remedies. They are treated as separate and distinct in our rules and in our precedents. Removal from office follows automatically upon conviction. It does not require a separate motion or vote. Disqualification from holding office in the future is discretionary. A separate motion and a vote on the motion are required.

Like removal, disqualification is remedial. It protects the integrity of our government by declaring persons found guilty of corrupt behavior unfit for Federal office. It is not unique to impeachment, but can be found in a number of federal statutes that disqualify persons convicted of certain crimes, typically involving official misconduct. As the Supreme Court has said, it is “a familiar legislative device,” and “Federal law has frequently and of old utilized” it. This is from *De Veau v. Braisted*, 363 U.S. 144, 158–159, 1960.

But disqualification also has a punitive dimension to it. In the same paragraph of his Commentaries on the Constitution in which Justice Story said that impeachment is not “designed to punish an offender,” he referred to

“the punishment of disqualification.” The Supreme Court also said that “Disqualification from office may be punishment, as in cases of conviction upon impeachment.” This is from *Cummings v. Missouri*, 77 U.S. 277, 320, 1867—stating that disqualifications in Missouri’s Constitution “must be regarded as penalties—they constitute punishment”.

Because of the punitive aspect of disqualification and because the Senate’s decision to disqualify a person is not subject to judicial review, see *Nixon v. United States*, 506 U.S. 224, 1993, the Senate’s decision to impose disqualification is an especially grave one. The Senate has historically treated it as such. Out of the seven previous impeachment cases that resulted in a conviction since the Nation’s founding, the Senate has imposed disqualification in only two cases, one involving West Humphreys in 1862 and the other involving Robert Archbald in 1913. A motion was also made to disqualify Halted Ritter following his conviction in 1936, but the Senate voted unanimously not to disqualify him. Thus, the Senate has not imposed the grave sanction of disqualification for nearly a century, between the impeachment of Mr. Archbald in 1913 and that of Mr. Porteous this week. None of the three judges convicted and removed from office in recent times—Harry Claiborne in 1986, Alcee Hastings in 1989, or Walter Nixon, also in 1989—have been disqualified.

As Judge Sporkin said in connection with the impeachment of Judge Hastings, “impeachment must be invoked and carried out with solemn respect and scrupulous attention to fairness. Fairness and due process must be the watchword whenever a branch of the United States government conducts a trial, whether it be a criminal case, a civil case or a case of impeachment.” This is from *Hastings v. United States*, 802 F. Supp. 490, 492, D. D.C. 1992, vacated on other grounds, 988 F.2d 1280, D.C. Cir. 1993.

Fairness, I believe, requires proportionality. As the Supreme Court has often said, “it is a precept of justice that punishment for crime should be graduated and proportioned to offense.” This is from *Weems v. United States*, 217 U.S. 349, 367, 1910. There are two dimensions to proportionality. The first, rooted in *Magna Carta*, is that the punishment should fit the crime, and the harshness of the penalty should be proportionate to the gravity of the offense. Unquestionably, the impeachment charges upon which the Senate convicted Mr. Porteous are serious and, measured by the gravity of the offense alone, conviction on these charges might well warrant the sanction of disqualification.

But proportionality ought also to be measured against the punishments imposed on others impeached and convicted of comparable offenses. See *Graham v. Florida*, 130 S.Ct. 2011, 2040–2041, 2010, Chief Justice Roberts, concurring. Here, I think it is hard to jus-

tify disqualifying Mr. Porteous from holding future office when the Senate imposed no such disqualification on any of the other judges impeached and convicted for misconduct over the past 97 years. If there were considerations in this case that justify disproportionate punishment that were not present in the previous impeachments, they were not made clear at the trial.

As Chief Justice Roberts recently wrote, “the whole enterprise of proportionality review is premised on the ‘justified’ assumption that ‘courts are competent to judge the gravity of an offense, at least on a relative scale.’” This is from *Graham v. Florida*, 130 S. Ct. 2011, 2042, 2010, Chief Justice Roberts, concurring. Although the Senate sits as a “court of impeachment” to “try” impeachment cases, we are not sentencing judges and are not bound by judicial principles of proportionality. We possess what Alexander Hamilton described in *Federalist No. 65* as the “awful discretion . . . to doom” people “to infamy.” Our judgments are not subject to judicial review. But for this very reason, I believe that we should only impose the punishment of disqualification with what Judge Sporkin called “scrupulous attention to fairness,” and some reasonable sense of proportion relative to previous, comparable impeachments. I do not believe that disqualification was a proportionate punishment in this case, and for that reason, I voted against the motion to disqualify Mr. Porteous.

Mr. WHITEHOUSE. Mr. President, while serving on the impeachment trial committee, I heard evidence that convinced me that Judge Thomas Porteous had a long history of corrupt behavior, deceived this body during the pendency of his nomination to serve on the federal bench, failed to meet the ethical standards we expect of Federal judges, and should be removed from the bench. The Senate was right to convict him and to bar him from future Federal office.

In light of the precedents this body inevitably sets in deciding to remove a Federal judge from office, the Senate must be thoughtful about the implications of our decisions on future impeachments. In this case, I believe that is particularly true with respect to the issue of aggregation of the Articles of Impeachment. Although the outcome of this trial may not turn on that question, it is fairly raised here, and calls to mind the prospect that in the future, House impeachment managers might be tempted to package a disparate bill of complaints against a President or Supreme Court Justice into a single article—hoping that added together, the charges will attract the votes of enough Senators to convict. I believe we should mark in this proceeding our view that the House of Representatives must be scrupulous about properly crafting Articles of Impeachment in all future cases.

Senators who have served as prosecutors will know that, under the “duplication” doctrine, a prosecutor cannot join

together two or more distinct offenses into a single count of a criminal indictment. Thus, a single count cannot charge a criminal with kidnapping and murder. Instead, each charge must be placed in a different count so that the jury can vote separately on each count of the indictment.

This prohibition against aggregated or duplicative counts in an indictment protects a defendant's constitutional due process rights, including rights to fair notice and to a unanimous jury verdict. The First Circuit Court of Appeals has explained that this prohibition "arises primarily out of a concern that the jury may find a defendant guilty on a count without having reached a unanimous verdict on the commission of any particular offense." The Third Circuit explained, in *United States v. Starks*: "there is no way of knowing with a general verdict on two separate offenses joined in a single count whether the jury was unanimous with respect to either."

An impeachment trial is not a criminal proceeding. The charges against Judge Porteous are described in Articles of Impeachment, not counts in an indictment. The constitutional rules of criminal procedure do not bind this body sitting in an impeachment trial. Rather, the Senate works with the constitutional standard of "Treason, Bribery, or other high Crimes and Misdemeanors," the latter language of which does not define the specific elements of a removable offense. Because of numerous important differences between an article I Senate impeachment trial and an article III criminal trial, I think Articles of Impeachment need not be divided into distinctive counts to the full extent that a criminal indictment must.

Nonetheless, there are principles of fairness at the heart of the doctrine of duplicity that should be honored. Article I, section 3 of the Constitution requires a two-thirds vote of the present Members of this body to convict a defendant during an impeachment trial. This suggests that there should be in the Senate a minimum level of agreement on the offense—67 votes, to be exact of which the defendant is convicted.

It would strike me as suspect, for example, to convict a defendant of a single article that alleged that the defendant had committed treason and, 10 years later, had committed bribery. In that case, 30 Senators might believe he was guilty of bribery, and 40 Senators might believe he was guilty of treason. That would add up to 70 votes to convict even though 70 Senators believed he had not committed bribery, and 60 believed he had not committed treason. Surely that was not the Founders' intent.

Under another scenario, however, an article of impeachment might allege that a defendant, on one tax return, failed to disclose income from an investment, failed to disclose another investment entirely, and took a false de-

duction on yet a third investment, and then lied to IRS investigators during the following audit. I believe the Senate should be able to convict such a defendant for a single high crime or misdemeanor of willful tax evasion.

I understand the school of thought that the only procedural protection an impeachment defendant enjoys is the supermajority requirement of 67 votes, and that it acts as a catch-all: Whatever procedural concerns there might be are swept away if a two-thirds supermajority agrees. Under this view, the duplicity concern, or any other, simply doesn't matter. Sixty-seven votes solves that—and every other procedural problem. I am not comfortable with that view.

Instead, it is clear to me that there should come a point where an Article of Impeachment must be rejected for inappropriate aggregation of multiple offenses. That line falls in a different place in the impeachment context than it does in the criminal justice context, but exactly where it falls and how to define it is no easy question.

Each Senator must arrive at his own standard for what conduct may be aggregated within a single article. However, as a general rule, I would suggest that the distinction between an unacceptably aggregated Article of Impeachment and an imperfectly drafted, yet ultimately acceptable, article turns on whether, at bottom, the article is alleging a single core offense. And I believe the appropriate remedy when a Senator concludes that an article is improperly aggregated is for the Senator to vote "not guilty" on that article.

I voted against the defense's motion to dismiss the articles on the basis that they improperly aggregated multiple factual charges that belong in separate articles, and its incorporated request that the Senate carve up the Articles of Impeachment brought by the House into small pieces for the purposes of voting. I don't think that is our role. The House chose to draft the articles as it did, and the Senate—in the role of adjudicator—should not be in the business of rewriting the prosecutor's charging sheet. The House was entitled to an up-or-down vote on each article, not on only portions of each article. It sets a bad precedent to put the Senate in the position of drafting or altering the charging document on which it must vote.

In contrast, I voted against the second Article of Impeachment. It alleges multiple separate and distinct offenses, united by a common thread: the judge's "corrupt relationship" with the Marcottes, which spanned over 20 years. The aggregation of multiple distinct offenses within the article, tied by only a "relationship," creates significant uncertainty about what the Senate is voting on. Some Senators might find Judge Porteous guilty on allegations of corrupt bond-setting. Others might believe that the Judge did not set bonds improperly, but acted

corruptly in expunging the sentences of employees of the Marcottes. Still other Senators might believe that this pre-Federal conduct was not proven, but that the Judge should be convicted based on a series of lunches he participated in as a federal judge, or setting the Marcottes up with a successor judge. Put simply, this body could conceivably find Judge Porteous guilty of article II without agreeing which of multiple separate offenses linked by a long-term relationship was the ground for the conviction. The aggregation of charges in this article falls too close to the line for me, and so I voted "not guilty" on article II.

The remaining articles raised no comparable concerns, so I have voted to convict on each.

The first article of impeachment alleges that Judge Porteous improperly denied the recusal motion in the Lifemark case; in the course of doing so, failed to disclose his relationships with attorneys practicing before him; failed to disclose that he had improperly solicited and accepted thousands of dollars from those attorneys while the case was under advisement; and ultimately resolved the case in a manner suggesting that his decision was affected by his financial and personal relationship with the attorneys. Fundamentally, these allegations can be considered together to constitute a single impeachable offense of corruptly handling a single case; indeed, at its heart, a single motion to recuse. I believe that the House proved these allegations, and so voted to find Judge Porteous guilty on this article.

Article III makes several allegations related to Judge Porteous's bankruptcy. But these can be grouped together under the single rubric of bankruptcy fraud related to a single filing: the false name, failure to disclose assets, and assumption of unlawful debt were all part of a single scheme to defraud the creditors in his own bankruptcy proceeding. I am comfortable that the House proved these claims, and so voted to convict Judge Porteous on article III.

Similarly, although article IV alleges that the Judge failed to disclose various types of conduct at various stages of the confirmation process, this conduct is fairly characterized as establishing a single high crime or misdemeanor of knowingly making material false statements in order to secure Senate confirmation. All of these allegations relate to a single confirmation, and the preparation of a single confirmation package for Senate review. Again, I believe that evidence supports these allegations and that Judge Porteous should be convicted of article IV.

Having voted to convict on these three Articles of Impeachment, I voted to bar Judge Porteous from future federal office.

ADDITIONAL STATEMENTS

TRIBUTE TO CLARION FELCHLE

• Mr. JOHNSON. Mr. President, today I recognize the public service career of Clarion "Clem" Felchle, who will retire from the U.S. Postal Service on January 3, 2011, after 36 years of Federal service.

Clem's career with the U.S. Postal Service began as a distribution clerk in Grand Forks, ND, followed by tour supervisor of mails in Bismarck, ND; superintendent of postal operations in St. Cloud, MN; director of city operations, director of mail processing and manager of processing & distribution, Fargo, ND; postmaster, processing & distribution manager in Sioux Falls, SD; bulk main center manager, Kansas City, KS, with his final assignment as Dakotas district manager in Sioux Falls. He received PCES Superior Achievement awards in 2006 and 2007, as well as the "Above and Beyond" award given by the National Employer Support for the Guard and Reserve for his strong support of our Nation's military.

Clem has witnessed numerous changes within the Postal Service during his career. He provided dedicated and tireless service and contributed greatly to the betterment of the organization. Throughout his service, he has always been committed to those tried and true missions and mottos of the Postal Service: "To provide postal services to bind the nation together through the personal, educational, literary and business correspondence of the people. It shall provide prompt, reliable and efficient services to patrons and render services to all communities" and "Neither snow nor rain nor heat nor gloom of night stays these couriers from the swift completion of their appointed rounds." As Dakotas district manager, Clem has helped guide postal customers and postal employees through various challenges. Technological advances have put the emphasis of some postal duties on machines rather than manpower and many small community post offices have been forced to close or reduce services.

Clem has approached these challenges and changing times with the utmost level of professionalism, dedication and a sense of humor. I have appreciated the level of response from Clem and his staff over the years and I commend him for his great public service career. I wish Clem all the best in his retirement and again thank him for his dedicated service to the U.S. Postal Service. •

TRIBUTE TO GREG HARMON

• Mr. JOHNSON. Mr. President, today I recognize a public servant from my home State of South Dakota. Greg Harmon is retiring from the National Weather Service, NWS, after 37 years of Federal service, including the last 20

years as the meteorologist in charge of the National Weather Service in Sioux Falls, SD.

During his many years at the National Weather Service, Greg always displayed a steadfast awareness of the effect the weather has on everyone. Greg began his career as a summer intern with the NWS in Eugene, OR, before becoming the fire weather program manager for the western region in Salt Lake, UT.

During his many years at the National Weather Service, Greg always displayed a steadfast awareness of the impact of weather on the citizens of South Dakota. Greg and his staff have utilized their collective expertise to educate and inform South Dakotans on the general aspects of the weather but have also provided expert guidance in times of extreme weather events, from tornadoes and hail to floods and blizzards.

As an example of Greg's work and leadership, I recall the events of May 30, 1998, when a violent tornado struck the small town of Spencer, SD. The event killed six residents and almost destroyed the entire community. Just before the tornado hit Spencer, the warning siren was silenced when electrical power to the community was cut off. Following the tornado, I initiated efforts at the Federal level to fund a weather radio network to cover much of South Dakota's population and geography. The NOAA weather radio can be the most effective warning system, but at the time of the Spencer event only a few larger communities had the system. Greg became my partner in helping to educate the general public on the importance of the weather radio and in helping to expand the communications system so that most of the State could receive the weather radio signal.

During his years of public service, Greg has witnessed many changes in the development of weather observation and climate forecasts. His skills, professional attitude and dedication to his work has been a shining example to our community and our state. It is my hope that Greg leaves the National Weather Service post knowing he greatly impacted the lives of many people by the protection of life and property during adverse weather conditions.

I wish Greg all the best in his retirement. •

PRESERVING FOREIGN CRIMINAL ASSETS FOR FORFEITURE ACT OF 2010

Mr. BROWN of Ohio. Mr. President, I ask unanimous consent that the Judiciary Committee be discharged from further consideration of S. 4005, and the Senate proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the bill by title. The bill clerk read as follows:

A bill (S. 4005) to amend title 28, United States Code, to prevent the proceeds or instrumentalities of foreign crime located in the United States from being shielded from foreign forfeiture proceedings.

There being no objection, the Senate proceeded to consider the bill.

Mr. BROWN of Ohio. Mr. President, I ask unanimous consent that the bill be read the third time and passed, the motion to reconsider be laid upon the table, with no intervening action or debate, and that any statements relating to the measure be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (S. 4005) was ordered to be engrossed for a third reading, was read the third time, and passed, as follows:

S. 4005

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Preserving Foreign Criminal Assets for Forfeiture Act of 2010".

SEC. 2. PRESERVATION OF PROPERTY SUBJECT TO FORFEITURE UNDER FOREIGN LAW.

Section 2467(d)(3)(A) of title 28, United States Code, is amended to read as follows:

"(A) RESTRAINING ORDERS.—

"(i) IN GENERAL.—To preserve the availability of property subject to civil or criminal forfeiture under foreign law, the Government may apply for, and the court may issue, a restraining order at any time before or after the initiation of forfeiture proceedings by a foreign nation.

"(ii) PROCEDURES.—

"(I) IN GENERAL.—A restraining order under this subparagraph shall be issued in a manner consistent with subparagraphs (A), (C), and (E) of paragraph (1) and the procedural due process protections for a restraining order under section 983(j) of title 18.

"(II) APPLICATION.—For purposes of applying such section 983(j)—

"(aa) references in such section 983(j) to civil forfeiture or the filing of a complaint shall be deemed to refer to the applicable foreign criminal or forfeiture proceedings; and

"(bb) the reference in paragraph (1)(B)(i) of such section 983(j) to the United States shall be deemed to refer to the foreign nation.".

ORDERS FOR WEDNESDAY,
DECEMBER 15, 2010

Mr. BROWN of Ohio. Mr. President, I ask unanimous consent that when the Senate completes its business today, it adjourn until 9:30 a.m. tomorrow, Wednesday, December 15; that following the prayer and the pledge, the Journal of proceedings be approved to date; that the morning hour be deemed to have expired; that the time for the two leaders be reserved for their use later in the day; that following any leader remarks there be a period of morning business until 11 a.m., with Senators permitted to speak therein for up to 10 minutes each; that following morning business, the Senate resume consideration of the motion to concur with respect to H.R. 4853, the vehicle for the tax compromise, as provided under the previous order.

The PRESIDING OFFICER. Without objection, it is so ordered.

PROGRAM

Mr. BROWN of Ohio. Mr. President, Senators should expect a series of up to four rollcall votes at approximately noon tomorrow. At 2:15, the Senate will proceed to vote on the motion to pro-

ceed to executive session to consider START.

As a reminder, under a previous order, there will be several farewell speeches tomorrow: Senator BAYH at 10 a.m., Senator VOINOVICH at 10:30 a.m., and Senator LINCOLN following the 2:15 vote.

ADJOURNMENT UNTIL 9:30 A.M. TOMORROW

Mr. BROWN of Ohio. Mr. President, if there is no further business before the Senate, I ask unanimous consent that it adjourn under the previous order.

There being no objection, the Senate, at 9:24 p.m., adjourned until Wednesday, December 15, at 9:30 a.m.

Daily Digest

Senate

Chamber Action

Routine Proceedings, pages S8963–S10233

Measures Introduced: Two bills and one resolution were introduced, as follows: S. 4025–4026, and S. Res. 701. **Page S9022**

Measures Reported:

S. 674, to amend chapter 41 of title 5, United States Code, to provide for the establishment and authorization of funding for certain training programs for supervisors of Federal employees, with an amendment in the nature of a substitute. (S. Rept. No. 111–364)

S. 3335, to require Congress to establish a unified and searchable database on a public website for congressional earmarks as called for by the President in his 2010 State of the Union Address to Congress, with an amendment in the nature of a substitute. (S. Rept. No. 111–365)

H.R. 4973, to amend the Fish and Wildlife Act of 1956 to reauthorize volunteer programs and community partnerships for national wildlife refuges. (S. Rept. No. 111–366)

H.R. 5282, to provide funds to the Army Corps of Engineers to hire veterans and members of the Armed Forces to assist the Corps with curation and historic preservation activities. (S. Rept. No. 111–367)

S. 1078, to authorize a comprehensive national cooperative geospatial imagery mapping program through the United States Geological Survey, to promote use of the program for education, workforce training and development, and applied research, and to support Federal, State, tribal, and local government programs, with an amendment in the nature of a substitute.

S. 1481, to amend section 811 of the Cranston-Gonzalez National Affordable Housing Act to improve the program under such section for supportive housing for persons with disabilities, with amendments.

S. 3490, to clarify the rights and responsibilities of Federal entities in the spectrum relocation process, with an amendment in the nature of a substitute.

S. 3614, to authorize the establishment of a Maritime Center of Expertise for Maritime Oil Spill and Hazardous Substance Release Response, with an amendment in the nature of a substitute. **Page S9021**

Measures Passed:

Preserving Foreign Criminal Assets for Forfeiture Act: Committee on the Judiciary was discharged from further consideration of S. 4005, to amend title 28, United States Code, to prevent the proceeds or instrumentalities of foreign crime located in the United States from being shielded from foreign forfeiture proceedings, and the bill was then passed. **Page S10232**

House Message:

Airport and Airway Extension Act—Agreement: Senate continued consideration of the amendment of the House of Representatives to the amendment of the Senate to H.R. 4853, to amend the Internal Revenue Code of 1986 to extend the funding and expenditure authority of the Airport and Airway Trust Fund, to amend title 49, United States Code, to extend authorizations for the airport improvement program, taking action on the following motions and amendments proposed thereto: **Pages S8964–S9021**

Pending:

Reid motion to concur in the amendment of the House to the amendment of the Senate to the bill, with Reid/McConnell Modified Amendment No. 4753 (to the House amendment to the Senate amendment), in the nature of a substitute. **Page S8964**

Reid Amendment No. 4754 (to Amendment No. 4753), to change the enactment date. **Page S8964**

A unanimous-consent-time agreement was reached providing that all post-cloture time be considered expired when the Senate resumes consideration of the House message with respect to H.R. 4853, at 11 a.m., on Wednesday, December 15, 2010, except for the time provided under this agreement, and there be 1 hour remaining for debate, divided as follows: 10 minutes each under the control of the two Leaders, or their designees; Senators DeMint, Coburn, Landrieu, and Sanders; that the following be the only motions to suspend the rules in order during

the duration of this agreement: Coburn motion to suspend with respect to amendment no. 4765; DeMint motion to suspend with respect to amendment no. 4804; Sanders motion to suspend with respect to amendment no. 4809; further, that upon the use or yielding back of all time, Senate vote on disposition of the motions in the order listed; that upon disposition of the listed motions, no further motions or amendments be in order; further, that if any motion is successful, then the second-degree amendment be withdrawn and Senate vote immediately on the amendment covered under any successful motion; that if no motion is successful, the second-degree amendment be withdrawn, and without further intervening action or debate, Senate vote on the Reid motion to concur in the amendment of the House to the amendment of the Senate to the bill, with Reid/McConnell Modified Amendment No. 4753 (to the House amendment to the Senate amendment), (listed above); that upon disposition of the House message, Senate proceed to a period of morning business until 2:15 p.m., with Senators permitted to speak for up to 10 minutes each. **Page S9015**

A unanimous-consent-time agreement was reached providing that Senator Voinovich be recognized at 10:30 a.m., on Wednesday, December 15, 2010, to bid farewell to the Senate for up to 20 minutes; further, that at 2:15 p.m., on Tuesday, December 21, 2010, Senator Specter be recognized to deliver his farewell to the Senate; provided further, that on Wednesday, December 15, 2010, upon the conclusion of the vote on proceeding to Executive Session, Senate return to Legislative Session in order for Senator Lincoln to say farewell to the Senate; that at the conclusion of her remarks and any of her colleagues, Senate then resume executive session at the same status prior to Senator Lincoln's recognition in legislative session. **Page S9021**
