

## RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess until approximately 4:30 today.

Accordingly (at 2 o'clock and 15 minutes p.m.), the House stood in recess.

□ 1634

## AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. SIMPSON) at 4 o'clock and 34 minutes p.m.

ANNOUNCEMENT BY THE SPEAKER  
PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote incurs objection under clause 6 of rule XX.

Record votes on postponed questions will be taken after 6:30 p.m. today.

COROLLA WILD HORSES  
PROTECTION ACT

Mr. HASTINGS of Washington. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 306) to direct the Secretary of the Interior to enter into an agreement to provide for management of the free-roaming wild horses in and around the Currituck National Wildlife Refuge, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

## H.R. 306

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

**SECTION 1. SHORT TITLE.**

*This Act may be cited as the "Corolla Wild Horses Protection Act".*

**SEC. 2. WILD HORSES IN AND AROUND THE CURRITUCK NATIONAL WILDLIFE REFUGE.***(a) AGREEMENT REQUIRED.—*

*(1) IN GENERAL.—The Secretary of the Interior shall enter into an agreement with the Corolla Wild Horse Fund (a nonprofit corporation established under the laws of the State of North Carolina), the County of Currituck, North Carolina, and the State of North Carolina within 180 days after the date of enactment of this Act to provide for management of free-roaming wild horses in and around the Currituck National Wildlife Refuge.*

*(2) TERMS.—The agreement shall—*

*(A) allow a herd of not less than 110 and not more than 130 free-roaming wild horses in and around such refuge, with a target population of between 120 and 130 free-roaming wild horses;*

*(B) provide for cost-effective management of the horses while ensuring that natural resources within the refuge are not adversely impacted;*

*(C) provide for introduction of a small number of free-roaming wild horses from the herd at Cape Lookout National Seashore as is necessary to maintain the genetic viability of the herd in and around the Currituck National Wildlife Refuge; and*

*(D) specify that the Corolla Wild Horse Fund shall pay the costs associated with—*

*(i) coordinating a periodic census and inspecting the health of the horses;*

*(ii) maintaining records of the horses living in the wild and in confinement;*

*(iii) coordinating the removal and placement of horses and monitoring of any horses removed from the Currituck County Outer Banks; and*

*(iv) administering a viable population control plan for the horses including auctions, adoptions, contraceptive fertility methods, and other viable options.*

*(b) CONDITIONS FOR EXCLUDING WILD HORSES FROM REFUGE.—The Secretary shall not exclude free-roaming wild horses from any portion of the Currituck National Wildlife Refuge unless—*

*(1) the Secretary finds that the presence of free-roaming wild horses on a portion of the Refuge threatens the survival of an endangered species for which such land is designated as critical habitat under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.);*

*(2) such finding is based on a credible peer-reviewed scientific assessment; and*

*(3) the Secretary provides a period of public notice and comment on that finding.*

*(c) REQUIREMENTS FOR INTRODUCTION OF HORSES FROM CAPE LOOKOUT NATIONAL SEASHORE.—During the effective period of the memorandum of understanding between the National Park Service and the Foundation for Shackleford Horses, Inc. (a non-profit corporation organized under the laws of and doing business in the State of North Carolina) signed in 2007, no horse may be removed from Cape Lookout National Seashore for introduction at Currituck National Wildlife Refuge except—*

*(1) with the approval of the Foundation; and*

*(2) consistent with the terms of such memorandum (or any successor agreement) and the Management Plan for the Shackleford Banks Horse Herd signed in January 2006 (or any successor management plan).*

*(d) NO LIABILITY CREATED.—Nothing in this section shall be construed as creating liability for the United States for any damages caused by the free-roaming wild horses to any person or property located inside or outside the boundaries of the refuge.*

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Washington (Mr. HASTINGS) and the gentleman from the Northern Mariana Islands (Mr. SABLAN) each will control 20 minutes.

The Chair recognizes the gentleman from Washington.

## GENERAL LEAVE

Mr. HASTINGS of Washington. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Washington?

There was no objection.

Mr. HASTINGS of Washington. I yield myself as much time as I may consume.

Mr. Speaker, in 2007, the State of North Carolina, the U.S. Fish and Wildlife Service, the County of Currituck, and the Corolla Wild Horse Fund completed a Wild Horse Management Plan for the colonial Spanish Mustangs that live on the 7,544 acres of public and private lands in coastal North Carolina. This plan expires in April, and the Fish and Wildlife Service has indicated that they will not sign the 2012 plan.

H.R. 306, authored by my friend and classmate Congressman WALTER JONES

from North Carolina, requires the Secretary of the Interior to enter into a new agreement within 180 days of enactment.

It will also stabilize the number of horses to no more than 130, allow the introduction of a small number of Shackleford Banks horses to improve genetic diversity, and will ensure that the Corolla Wild Horse Fund will continue to pay for the costs of caring for and managing these horses.

Mr. Speaker, these horses are living symbols of our colonial history. H.R. 306 ensures that they will survive in the future at no cost to our taxpayers.

I want to thank my friend from North Carolina for his leadership on this matter, and I reserve the balance of my time.

Mr. SABLAN. Mr. Speaker, I yield myself as much time as I may consume.

(Mr. SABLAN asked and was given permission to revise and extend his remarks.)

Mr. SABLAN. Mr. Speaker, I rise in support of H.R. 306. H.R. 306, as amended, directs the Secretary of the Interior to enter into an agreement with the Corolla Wild Horse Fund, as well as local and State authorities, to provide for the management of the free-roaming wild horses in and around Currituck National Wildlife Refuge. The agreement will increase the cap on the herd size in and around the refuge to 130 horses and specifies that the privately funded Corolla Wild Horse Fund will cover the costs of managing the herd.

Catching a glimpse of these horses on the beach is an integral part of what draws thousands of visitors to the North Carolina coast each year. However, the Currituck refuge was established in 1984 to preserve and protect the native coastal barrier island ecosystem. The refuge provides essential habitat for migrating waterfowl and endangered species, such as piping plover and sea turtles, which also draws visitors to these beaches.

It is unusual to protect a nonnative species in a wildlife refuge. Extra effort and resources are needed to ensure that the wild herd does not impair the ecosystem for the native animals and plants. The Fish and Wildlife Service needs additional funds to accomplish the conservation purposes of the Currituck National Wildlife Refuge. Additional resources would support staff salaries, since no staff is currently stationed at Currituck National Wildlife Refuge; corrals to keep the horses from trampling critical habitat; and research to study the potential impacts of these horses on the island's habitat.

As we move forward to consider the Fish and Wildlife Service budget later this month, we should examine the operations and maintenance backlog of the National Wildlife Refuge System, which has been chronically underfunded. We must provide the Fish and Wildlife Service adequate funding to
