

repeats around the country every day, will no longer be able to occur:

PABSS staff represented a 57-year-old female and SSDI beneficiary, diagnosed with bilateral blindness and orthopedic disabilities. She had not been employed since losing her eyesight several years ago. She sought to return to work, and applied for services from the Division of Vocational Rehabilitation (DVR). DVR took her application, disregarded her statutory presumptive eligibility, and sent her a letter stating that she was ineligible for DVR services because of "transferable job skills." As a direct result of PABSS advocacy, DVR reopened this woman's case, found her presumptively eligible, conducted an appropriate Comprehensive Assessment of Rehabilitation Needs, and negotiated with her former employer to allow her to return to her previous job. As a result, this woman has returned to the workforce.

Examples, such as the above story, demonstrate that losing the PABSS program will hurt efforts to encourage people with disabilities to return to work, which in turn leads to further depletion of the Social Security Disability trust fund.

Again, thank you for introducing the "WIPA and PABSS Continuation of Services Act of 2012." We look forward to working with you and your colleagues to enact this important legislation into law.

Sincerely,

CURT DECKER,
Executive Director.

CONSORTIUM FOR CITIZENS
WITH DISABILITIES,
June 28, 2012.

Hon. XAVIER BECERRA,
Ranking Member, Subcommittee on Social Security of the Committee on Ways and Means, Washington, DC.

DEAR RANKING MEMBER BECERRA: The undersigned Co-Chairs of the Consortium for Citizens with Disabilities (CCD) Employment and Training and Social Security Task Forces are writing to thank you and express our strong support for the bill you are introducing to ensure the continuation of services under the Work Incentives Planning and Assistance (WIPA) program and the Protection and Advocacy for Beneficiaries of Social Security (PABSS) program. These two critically important programs help beneficiaries of the Social Security disability programs navigate the complex program rules and work incentives and attain economic self-sufficiency. The PABSS program was created in 1999 to protect the rights of beneficiaries as they attempt to go to work. The WIPA program funds Community Work Incentive Coordinators who help beneficiaries understand their options if they choose to return to work. Without congressional action, these programs will run out of funding soon causing many Social Security disability beneficiaries to go without services to help them return to work.

As you know, both WIPA and PABSS are vital to help Social Security Disability Insurance and Supplemental Security Income beneficiaries who wish to return to the workforce. WIPA grants go to local non-profits and other agencies to support outreach, education and benefits planning. WIPA grantees inform beneficiaries on the impact that employment will have on their disability income and medical coverage, and address many of the real fears that individuals have about going to work at the risk of losing health coverage.

PABSS provides a wide range of services to Social Security beneficiaries. This includes information and advice about obtaining vocational rehabilitation and employment services, information and referral services on

work incentives, and advocacy or other legal services that a beneficiary needs to secure, maintain, or regain gainful employment. Advocates funded by PABSS can investigate and advocate to remedy complaints of employment discrimination and other civil and legal rights violations, and to address deficiencies in entities providing employment supports and services to beneficiaries.

Thank you for your leadership in continuing the WIPA and PABSS programs. We thoroughly support the continuation of these vital programs for people with disabilities.

Sincerely,

EASTER SEALS,
Washington, DC, June 27, 2012.

Hon. XAVIER BECERRA,
Ranking Member, Social Security Subcommittee, Committee on Ways and Means, Washington, DC.

DEAR RANKING MEMBER BECERRA: I am writing in support of your legislative efforts to continue the Work Incentives Planning and Assistance (WIPA) and Protection and Advocacy for Beneficiaries of Social Security (PABSS) programs at the Social Security Administration (SSA).

WIPA and PABSS provide Social Security beneficiaries with disabilities with access to reliable work incentive and benefits information that can help lead to increased employment and decreased reliability on public benefits. Four Easter Seals affiliates provide work and benefits counseling through WIPA to veterans, transition-to-work aged youth, and other Social Security beneficiaries who are interested in entering or returning to the workforce. Through the WIPA program, Easter Seals affiliates have helped thousands of individuals across the country, including many who are now working, paying taxes and improving their futures.

SSA has taken steps to wind down these programs by informing current WIPA and PABSS grantees to stop taking new clients and to finish their work with existing clients. Service disruption will further discourage beneficiaries from working—the very problem these programs were designed by Congress to address. In addition, gaps in service will result in the loss of experienced work incentive staff members that are specially trained on the complexities of the current work incentive system and rules. Shutting down and reopening WIPA services will cost far more in terms of dollars and lost ex-

pertise than a simple continuation. While Easter Seals believes SSA has the authority and funding to continue WIPA and PABSS through the end of fiscal year 2012, we strongly support your legislative fix to make it absolutely clear and to avoid future shutdowns of these programs.

Easter Seals applauds your efforts to continue these important programs for people with disabilities. We look forward to working with you to move the bill through the legislative process.

Sincerely,

KATY BEH NEAS,
Senior Vice President, Government Relations.
