

## PERSONAL EXPLANATION

**HON. JOHN FLEMING**

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Mr. FLEMING. Mr. Speaker, I was not present to vote for rollcall 537 and rollcall 538 due to flight delays from storm systems moving through the area. Had I been present I would have voted "no" on S. 679, the Presidential Appointment Efficiency and Streamlining Act of 2011, and "yes" on H.R. 828, the Federal Employee Tax Accountability Act of 2011.

## HONORING GARY WADDELL

**HON. SHELLEY BERKLEY**

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Ms. BERKLEY. Mr. Speaker, I rise to recognize the outstanding achievements of a great Nevadan, Mr. Gary Waddell. I am proud to call Gary my friend, and that makes me just like hundreds of thousands of Southern Nevadans who also have a friend in Gary. All of us know that when we catch a Gary Waddell television newscast, we get the news as it should be presented. No other newscaster has ever delivered news with better judgment and community perspective than Gary has for more than 30 years. No one has ever broadcast with more intelligence, warmth, and integrity than has Gary.

Gary is the "dean" of newscasters, but that term hardly captures what he means to Southern Nevada. In times of crisis in our community over the years, we've always turned to Gary's coverage because he is a consummate news professional, never allowing competitive pressure to compromise accuracy, thoroughness and fairness. Gary's signature on-air style is incisive, sincere, assuring, and warm. Southern Nevadans rightly call him their "Cronkite."

When we see Gary's work on TV, we are also seeing Gary the man—the man who has done so much good for Southern Nevada, above and beyond the ordinary call of his profession. Since the 1970s, Gary has given his time and talent to help people in need. His efforts, both public and private, have aided countless thousands of Southern Nevadans and built a stronger community for all.

Gary is coming to the end of his legendary broadcasting career. To say he will be missed is a major understatement. I understand he'll soon be riding off on his motorcycle, but I look forward to his return, and hope he may pursue a new venture that will again bring him into our living rooms.

Congratulations and best wishes on your new life chapter, my friend.

## NO CO-PAY DAY

**HON. DEBBIE WASSERMAN SCHULTZ**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Ms. WASSERMAN SCHULTZ. Mr. Speaker, I rise today to commemorate No Co-Pay Day.

Today marks a victory for women's health care. Some 47 million women will now be able to get preventative services that couldn't be before this rule went into effect.

Any new insurance policies sold to individuals or employers must cover contraception without a co-pay as part of a larger package of mandatory co-pay-free women's preventative care benefits. Insurance plans that have already been purchased will have to start offering no-co-pay contraception when they renew.

Before the Affordable Care Act, some insurance companies did not cover preventative services for women under their health care plans, and others required deductibles or co-pays for the care they needed.

That changes today—all health insurance policies are required to cover new preventative care without charging women any co-pays or deductibles. Some of the new preventative services now available with no co-pay include annual visits, FDA-approved contraceptives, domestic violence screenings and counseling, breastfeeding support, HPV DNA testing for women 30 or older, HIV and sexually transmitted infections screenings, and gestational diabetes screenings that help protect pregnant women from one of the most serious pregnancy-related diseases.

Too often, women put their families' health care before their own, especially when it comes to preventative care.

Thanks to this new benefit in the Affordable Care Act, women can get the regular check-ups and screenings that are so important to staying healthy without having to worry about how much it will affect the family budget.

Today's announcement is just one more part of the overall implementation plan for improving our nation's health care system.

The Affordable Care Act will provide greater access to affordable health care for millions of women and families who do not have coverage now, while also lowering health care costs, creating jobs, strengthening the middle class, and reducing the deficit.

## PERSONAL EXPLANATION

**HON. BETTY SUTTON**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Ms. SUTTON. Mr. Speaker, due to problems with travel, I was unable to vote. Had I been present, I would have voted "yes" on rollcall No. 537, "yes" on rollcall No. 538, and "no" on rollcall No. 539.

## NATIONAL INFANTRY MUSEUM

**HON. SANFORD D. BISHOP, JR.**

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Mr. BISHOP of Georgia. Mr. Speaker, I am pleased to join my colleagues, LYNN WEST-MORELAND and Senator SAXBY CHAMBLISS, in support of this legislation, which will strengthen for the future one of the crown jewels of southwest Georgia—the National Infantry Museum and Soldier Center at Fort Benning.

The National Infantry Museum sits on a 200-acre site that serves as a tribute to the Infan-

try's legacy of valor and sacrifice. The Museum honors infantry soldiers—from those who crossed the icy Delaware River with George Washington to those serving in Afghanistan today—for their selfless service to our country, while preserving their stories for future generations.

It also serves as a functional area for basic training graduations and other special and community events. Since its opening in 2009, for example, Infantry School classes regularly graduate on the facility's parade field.

In addition, the National Infantry Museum hosted a Congressional Military Family Caucus Summit just over a month ago, which connected military families with Members of Congress, officials from the Department of Defense, personnel from the Department of Veterans Affairs, and various military and veteran support organizations to discuss pressing issues impacting America's service members and their families.

In 2008, the National Infantry Museum and Soldier Center Commemorative Coin Act was enacted to raise funds to complete the facility as well as create an endowment to support its maintenance. No taxpayer funds have been involved and the U.S. Mint even made a profit for the taxpayers from the coin sales.

With the current economic challenges, however, the National Infantry Museum and Soldier Center hopes to direct the coin proceeds to pay down a portion of the \$16 million in bank loans that the Foundation incurred in order to complete the facility as well as reduce interests costs.

Accordingly, this legislation makes a technical change that will allow the coin proceeds to be used "for the retirement of debt associated with building the existing National Infantry Museum and Soldier center and for any future capital improvements." It is within the letter and the spirit of the original measure, and it will go a long way toward keeping our proud Army Infantry past alive so we as great nation never forget the sacrifices of our brave Infantry soldiers.

I urge my colleagues to support this legislation.

RECOGNITION OF THE  
RETIREMENT OF GARY BARRIGER**HON. DAVID P. ROE**

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, August 1, 2012*

Mr. ROE of Tennessee. Mr. Speaker, I rise today to recognize Mr. Gary Barrigar, who is stepping down as president of the Boone Watershed Partnership, which he has served since 2005. Through both his work with the Partnership and as a schoolteacher, Gary has made incredible contributions to his East Tennessee community.

As a science teacher who was in the classroom for 38 years at Elizabethton High School, Gary headed the award-winning Elizabethton High Ecology Club. He has also been an integral part of numerous organizations that protect the environment and outdoor areas that we East Tennesseans hold so close to our hearts.

Gary has made it his life's mission to increase water quality awareness and help preserve local rivers and streams—something
