

tackle diseases and conditions that affect kids—again, especially those that are rare. Thus, H.R. 225 places a special emphasis on pediatric research techniques with the goal of helping to “prime the pump” for a greater number of leading edge pediatric researchers.

Taken together, the components of H.R. 225 make for a package that would allow NIH to build on the strong body of pediatric research that it currently conducts and supports. I would encourage NIH to take full advantage of this opportunity.

I want to commend all those members of the Energy and Commerce Committee who have come together to make H.R. 225 happen. I especially want to note the efforts of Congresswoman CAPPS and Congresswoman MCMORRIS RODGERS—the sponsors of this bill—for their tireless efforts to bring it before us today.

I urge my colleagues to vote “yes” on H.R. 225.

Mr. GENE GREEN of Texas. Mr. Speaker, I support the National Pediatric Research Network Act, H.R. 225. Thank you to Representatives CAPPS and MCMORRIS-RODGERS for their continued leadership on this issue.

This important bill will allow the National Institutes of Health to focus funding on researching rare and genetic pediatric diseases such as spinal muscular atrophy, muscular dystrophy, Down syndrome, and Fragile X. Because there are such a small number of incidences of these terrible diseases, they are extremely difficult to study. This bill takes steps toward giving our research community the tools necessary to increase research of an array of diseases that cause so much pain and suffering to children and their families.

Increasing our nation’s commitment to researching rare pediatric diseases is an area that enjoys bipartisan support. I look forward to voting for this bill and urge my colleagues to do the same.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Pennsylvania (Mr. PITTS) that the House suspend the rules and pass the bill, H.R. 225.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. PITTS. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this motion will be postponed.

CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO THE SITUATION IN OR IN RELATION TO CÔTE D’IVOIRE—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES (H. DOC. NO. 113-8)

The SPEAKER pro tempore laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, referred to the Committee on Foreign Affairs and ordered to be printed:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides

for the automatic termination of a national emergency, unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency declared in Executive Order 13396 of February 7, 2006, with respect to the situation in or in relation to Côte d’Ivoire is to continue in effect beyond February 7, 2013.

The situation in or in relation to Côte d’Ivoire, which has been addressed by the United Nations Security Council in Resolution 1572 of November 15, 2004, and subsequent resolutions, has resulted in the massacre of large numbers of civilians, widespread human rights abuses, significant political violence and unrest, and fatal attacks against international peacekeeping forces. Since the inauguration of President Alassane Ouattara in May 2011, the Government of Côte d’Ivoire has made progress in advancing democratic freedoms and economic development. While the Government of Côte d’Ivoire and its people continue to make progress towards peace and prosperity, the situation in or in relation to Côte d’Ivoire continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For these reasons, I have determined that it is necessary to continue the national emergency and related measures blocking the property of certain persons contributing to the conflict in Côte d’Ivoire.

BARACK OBAMA.

THE WHITE HOUSE, February 4, 2013.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess until 6:30 p.m. today.

Accordingly (at 5 o’clock and 36 minutes p.m.), the House stood in recess.

□ 1830
