

Health Degree, Medical Doctor Degree, and his Doctorate of Public Health Degree. Like his father, he also served honorably in the United States Navy, rising to the rank of Captain before pursuing a full-time career in medicine at home in Mobile.

A long-time physician, Bert touched many lives with his caring approach to health care. But like his father before him, he didn't limit his contributions to the confines of his medical practice. In 1990, he stepped forward to take on the role as health care advocate for the entire county. As the Health Officer for Mobile County, he is responsible for safeguarding the health and the environment for over 400 thousand people.

After nearly a quarter century of his proactive leadership, the Mobile County Health Department has effectively doubled the number of patients to over 140,000 a year. His dedication to the health education and prevention also helped to place him as Area Health Officer for Public Health Area XI for the State of Alabama Department of Public Health.

Also like his father, Bert took on highly respected teaching roles at the University of South Alabama. He is Adjunct Professor in the Department of Medicine where he has served as the Co-Course Director of Public Health and Epidemiology. He is also science advisor to the NASA DEVELOP National Program which extends NASA Earth Science research to the community through the volunteer work of local college students. In 2012, he was presented NASA's Exceptional Public Achievement Medal for this work in support of NASA DEVELOP in South Alabama since 2003.

His dedication to public health and education is matched by his involvement in the local community. He is currently serving as Chairman of the Board of the Community Foundation of South Alabama. He is an active member of the Alabama Public Health Association, Mobile United, and the Mobile Area Chamber of Commerce. His philanthropy and volunteer efforts have also touched more than 50 organizations in South Alabama.

And finally, Bert carries on the proud tradition of his father who was named the 1989 Mobilian of the Year.

On behalf of the Cottage Hill Civitan Club and the people of Mobile, I would like to extend congratulations to Dr. Bert Eichold on being named the 2012 Mobilian of the Year.

IN HONOR OF WOMEN'S HISTORY
MONTH

HON. SAM FARR

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 21, 2013

Mr. FARR. Mr. Speaker, I rise today to celebrate Women's History Month. Recently, we have witnessed history being made for women in the armed forces. In a long overdue decision, former Secretary of Defense Leon Panetta lifted the ban on women serving in combat roles. This decision opens up every position for advancement within the military to women.

Dating back to the American Revolutionary War, women have proudly served in the Armed Forces. Their roles may have varied throughout history but they have always answered the call to action for their country. During the Civil War, Clara Barton became a household name because of her service as a nurse and later as the founder of the Amer-

ican Red Cross. In the World War II era, the iconic image of Rosie the Riveter represents the women who stepped up to help their country in a time of need. Under the Obama Administration, Michale Flournoy was the Under Secretary of Defense for Policy, the third-highest-ranking woman in the Pentagon's history.

For more than a decade now, America has been engaging in a new method of warfare. With the ever-increasing use of technology, our military is now at a place where gender differences are less important. As the recent wars in Iraq and Afghanistan have shown, the ban on women in combat roles was mostly theoretical because women served and continue to serve in de facto combat roles every day.

Women have had the opportunity to serve in combat roles in other countries for years. It is long past time that the U.S. gives this opportunity to their female soldiers.

Mr. Speaker, as we celebrate Women's History Month, I am extremely pleased that our military made history by looking at this outdated policy and made the long overdue decision to reverse the ban on women in combat.

IN RECOGNITION OF DIVINA
GROSSMAN

HON. WILLIAM R. KEATING

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 21, 2013

Mr. KEATING. Mr. Speaker, I rise today to congratulate Dr. Divina Grossman on her appointment as the Chancellor of the University of Massachusetts Dartmouth.

Dr. Grossman grew up in a family of teachers and has proudly carried that legacy to the pinnacle of her profession. Her dual career in nursing and education provides a window into her character: compassionate, dedicated, and eager to apply her skills to the benefit of others. After earning her degree in Nursing from the University of Santo Tomas, Dr. Grossman departed her home country of the Philippines to continue to hone her academic prowess. She would go on to earn her Masters in Nursing at the University of Miami and a Doctorate at the University of Pennsylvania.

An outstanding tenure at Florida International University led to her appointment as Director of the School of Nursing, followed by promotion to Dean. She subsequently served as Dean for the University's College of Nursing and Health Sciences. As Dean, Dr. Grossman further developed the nursing program, strengthened partnerships with public and private institutions, raised funds for scholarships and lab facilities, and greatly expanded the College's endowment. She also oversaw the opening of Florida International's College of Medicine and pioneered a program to deploy medical students into local neighborhoods. As the founding Vice President of Engagement at Florida International, Dr. Grossman worked tirelessly to better connect the University to local communities and global issues. She is an ideal fit for UMass Dartmouth, and I am certain that the University's many years of academic excellence will only continue under her guidance and leadership.

Mr. Speaker, it brings me great pride to recognize Dr. Divina Grossman as the seventh Chancellor of the University of Massachusetts at Dartmouth. I have no doubt that her decades of experience and robust record of leadership will make a positive, lasting impact on

the UMass Dartmouth community. I ask that my colleagues join me in congratulating Dr. Grossman and thank her for her outstanding contributions to both medicine and academia.

MICHAEL RILEY—A PATRIOT WHO
NEVER TOOK "NO" FOR AN ANSWER

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 21, 2013

Mr. POE of Texas. Mr. Speaker, Michael Riley, an American patriot, exemplifies that through dedication and determination, one can achieve great things in our country. Faced with adversity from a young age, Michael was no stranger to obstacles. He wasn't brought up by the most encouraging family. Instead of being surrounded by love and support, he was laughed at and ridiculed by his family members for wanting to serve and represent his country.

Michael was always small in stature, in comparison to others his age, and he was told he would fail at his dream for that very reason. Despite these hardships, he was determined to succeed. Michael had his eyes set on his goal, and there was no turning back for him. On his own, he enlisted himself in the Marines just one week after turning 18. He chose the Marines, the toughest branch, because he wanted to prove wrong everybody that tried to tell him he couldn't do it. Before long, Michael surpassed everyone's expectations, or lack thereof. It didn't take much time for Michael to impress his superiors with his work ethic and determination, eventually earning the rank of Chief Warrant Officer 4, a remarkable achievement.

Every day, Michael was out there serving his country in full force. He recalled the days that he experienced conflicts many others hadn't at his age. One day, his squad was ambushed and surrounded by their enemy. Adrenaline was pumping, but you could still smell some fear in the air. In the attack, his squad leader became wounded, and his lieutenant was killed. It wasn't the outcome they had hoped for, but the fight had to go on. When he was only 19, Michael led a squad of Marines in combat, a task that not many would be able to accomplish at such a young age.

Throughout his service, Michael served in several conflicts, including Vietnam, Cuba, and Iraq. But despite his service overseas, he says he is most proud of his service securing our nation's borders. When his service in the Marines was over, Michael joined the United States Coast Guard. During the devastating aftermath of September 11, 2001, he was appointed Task Force Leader to design and implement the Sea Marshal Program, a security measure that, to this day, has provided safety and security for the Port of Houston. The program, which Michael oversaw from start until finished, was launched to prevent terrorism in a given port. Michael and his armed protection teams boarded ships and guarded them for their voyage through the Houston Ship Channel.

For his involvement in the Sea Marshal Program, Michael Riley was awarded the 9/11 medal by the United States Department of Transportation. This is a very highly regarded honor that recognizes civilians or military men and women who made significant and heroic accomplishments after the September 11, 2011, terrorist attacks on our country. Overall, Michael has received 20 medals and ribbons throughout his illustrious career, the highest one being the 9/11 medal.

Michael exemplifies a true American patriot who never let anyone or anything stand in his way. I've met Michael several times. He's never been someone to boast about his prestigious accomplishments being the humble person he is. However, today, I would like to thank him and recognize him for his dedication to keeping America the "land of the free and the home of the brave." Despite the hardships, he faced when he was young, and everyone that told him he couldn't do it, he served our country and he served it well. It takes a very special kind of person to accomplish everything that Michael did throughout his service to America.

And that's just the way it is.

HONORING THE NORTHWEST INDIANA BUSINESS AND INDUSTRY HALL OF FAME'S CLASS OF 2013

HON. PETER J. VISCLOSKY

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 21, 2013

Mr. VISCLOSKY. Mr. Speaker, it is with deep respect and admiration that I rise to commend five exceptional leaders from Indiana who were recently honored as the Northwest Indiana Business and Industry Hall of Fame's Class of 2013. Created by The Times and BusiNess magazine, induction into the Indiana Business and Industry Hall of Fame is determined by a panel of local civic and business leaders. While there were many deserving nominees, the individuals selected as the 2013 Indiana Business and Industry Hall of Fame inductees include: former Senator Richard Lugar, Tom Collins Sr., Danita Johnson Hughes, Tom Sourlis, and Steve Teibel. For their many contributions to the enhancement of Northwest Indiana, these honorees will be recognized at a ceremony at the Radisson Hotel at Star Plaza in Merrillville, Indiana, on Friday, March 22, 2013.

Former Senator Richard Lugar, from Indianapolis, is the Lifetime Achievement Award recipient for 2013. Richard Lugar's first elected office was on the Indianapolis Public Schools Board of Commissioners, where he served from 1964 until 1967. He was then elected mayor of Indianapolis in 1967, and under his leadership the city and Marion County governments merged through Unigov. After serving two terms as mayor, Richard Lugar was elected to the United States Senate in 1976. During his 36 years in office, Senator Lugar proved to be a noteworthy leader, extending a positive influence upon urban policy, American agricultural policy, and foreign policy. He is an activist for American energy independence, strong national security, U.S. leadership in the world, and economic growth. Senator Richard Lugar and Senator Sam Nunn were nominated for the Nobel Peace Prize in 2000 for the

Nunn-Lugar Cooperative Threat Reduction Program, which reduced the nuclear threat created by the breakup of the former Soviet Union. Currently, Richard Lugar is working with Indiana University as a distinguished scholar and professor of practice in the university's new School of Global and International Studies. He also co-chairs the new Indiana University International Advisory Committee with former U.S. Representative Lee Hamilton. Senator Lugar is worthy of the honors bestowed upon him and we are truly blessed as a nation for his extraordinary career in American government.

Tom Collins Sr., of Valparaiso, is the chief executive officer of Luke Oil, a family owned and operated business that was founded in 1967 by Tom's father-in-law, Ralph Luke, in Hobart, Indiana. Currently, the company distributes more than 300 million gallons of fuel annually in the Midwest. Luke Oil's sales reached the \$1 billion mark last year and their volume has grown 20 percent each year for the past five years. In 2005, the company bought County Line Orchard, in Hobart, where they have held numerous fundraisers to benefit charities including the Food Bank of Northwest Indiana and various veterans' organizations. For his exemplary leadership skills, and his dedication to supporting charitable organizations, Tom Collins is to be commended.

Danita Johnson Hughes is the president and chief executive officer of Edgewater Systems for Balanced Living in Gary. Edgewater is an organization that provides behavioral healthcare services to individuals and families in the community of Gary and throughout the region. Under Danita's remarkable leadership, the organization has become a respected resource for those in need, and through its services, Edgewater touches the lives of more than 100,000 people each year. Danita continues to give back to the community and dedicates much of her time to the One Region, One Vision initiative and the Northwest Indiana Forum.

Tom Sourlis is the founder and chairman of Mortar Net Solutions, in Burns Harbor. Mortar Net, a product invented by Tom, prevents mortar droppings from clogging weepholes designed to allow water to exit a building wall. Mortar Net is a hugely successful product and is currently used on cavity wall construction throughout North America. In addition to his successful business, Tom devotes much of his time, efforts, and support to charitable organizations throughout Northwest Indiana, including Tradewinds, the Crisis Center, Parents as Teachers, and the Porter County Community Foundation. For his passionate devotion to such causes, Tom is worthy of the highest praise.

Steven Teibel is the third generation of his family to own and operate Teibel's Family Restaurant, in Schererville, which originally opened in 1929. Due to Steven's tremendous leadership skills and excellent customer service, Teibel's continues to succeed and remains a staple in Northwest Indiana. Steven also dedicates much of his time and efforts to serving those in need and is very active in numerous community organizations, including Meals on Wheels, the Hammond YMCA, the American Heart Association, and the Shrine of Christ's Passion. For his commitment to community service, Steven is to be commended.

Mr. Speaker, the lives of every citizen living in Northwest Indiana has been enriched be-

cause of the selfless good work of these five extraordinary individuals. I ask you and my distinguished colleagues to join me in commending these outstanding leaders on their induction into the Northwest Indiana Business and Industry Hall of Fame. These individuals are most deserving of this honor, and for their leadership and commitment to the Northwest Indiana community, each of them is worthy of our respect and admiration.

AMENDMENT TO THE SENATE AMENDMENT TO H.R. 933

HON. ADAM KINZINGER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 21, 2013

Mr. KINZINGER of Illinois. Mr. Speaker, if I had been able to offer an amendment to the Continuing Resolution, H.R. 933 I was prepared to offer the following:

AMENDMENT TO SENATE AMENDMENT TO H.R. 933 OFFERED BY MR. KINZINGER OF ILLINOIS

At the appropriate place, insert the following:

PROHIBITION ON FUNDING:

SEC.—None of the funds made available in 3 this Act may be used—(1) to carry out any provision of the Patient Protection and Affordable Care Act (Public Law 111-148) or title I or subtitle B of title II of the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152), or the amendments made by such Act, title, or subtitle; or (2) for rulemaking under such Act, title, or subtitle.

HONORING STEVEN FIRESTEIN AND THE 20TH ANNIVERSARY OF THE AMERICAN CANCER FUND FOR CHILDREN AND KIDS CANCER CONNECTION

HON. JULIA BROWNLEY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 21, 2013

Ms. BROWNLEY of California. Mr. Speaker, I rise today to congratulate the American Cancer Fund for Children and Kids Cancer Connection on the occasion of their 20th anniversary, and to recognize them for their invaluable contributions to the cancer community.

The City of Thousand Oaks, in my Congressional district of Ventura County, has proclaimed April 13-20 as "Childhood Cancer Awareness Week." I am pleased to join Mayor Claudia Bill-de-La Pena in thanking Steven Firestein, the founder of American Cancer Fund for Children and its sister organization, Kids Cancer Connection, for his dedication and compassion, which has helped thousands of children living with this terrible disease.

The American Cancer Fund for Children and the Kids Cancer Connection provide vital psychosocial services for children undergoing cancer treatment at Children's Hospital Los Angeles, Los Angeles County; University of Southern California Medical Center; Mattel Children's Hospital at Ronald Reagan—University of California Los Angeles Medical Center, and other hospitals across the United States.

Over the past twenty years, the American Cancer Fund for Children has given over 40,000 handmade, decorated hats and caps to
