

the first university in Florida to lead a NASA mission—which is a fitting honor for a university located in the shadow of Kennedy Space Center.

It was President Kennedy's historic call for a manned mission to the moon that prompted the Florida Legislature to authorize the creation of Florida Technological University—the original name of UCF—in 1963. Five years later, NASA awarded UCF its first research grant. And, as evidenced by this most recent one, the partnership continues to this day.

So, I want to congratulate the University of Central Florida for the tremendous progress it has made in its first five decades.

I have no doubt the university will continue to build on its many successes for many decades to come.●
