VFA's members are especially grateful for the Committees recent actions to: Reauthorize the program and include a greater emphasis on adoption rate increases; Establish a greater incentive for states who increase permanency for older youth in foster care; Establish, for the first time, an incentive for increased guardianship placements; Require HHS and states to calculate savings resulting from the title IV-E adoption assistance "de-link", resulting from the Fostering Connections Act of 2008; Require not less than 20 percent of states adoption assistance "de-link" savings be invested into post-adoption services; Extension of the Family Connections Grants.

We would also like to thank you for the process that the Committee took over the past several months to hear about ways that this program could be improved, both through holding oversight hearings and soliciting public feedback on the draft proposal that was shared in August 2013. We applaud your work to incorporate improvements suggested by stakeholders and we look forward to working with you going forward.

Sincerely,

NICOLE DOBBINS,
