

buy this whole big list of insurance the President says they need when it is not what their family needs. It is not what they need for their kids, for their families, for their spouses, not what they want, not what they can afford, because the President essentially thinks he knows better than American families about their own personal situation. Republicans have offered ideas that would give people the care they need from a doctor they choose at lower costs—not lower costs as a subsidy for some people, but lower costs for everybody. That is what we are working on, lower cost of care.

Republicans are going to keep coming to the floor. We are going to keep offering real solutions for better health care without all of these terrible side effects, because we know the list is there, one side effect after another. They are costly, harmful, some are irreversible, and nothing that the American people wanted.

On the front-page headline today is "Large Health Plans Set to Raise Rates." Insurance rates in 10 States that have completed their filings, stretching from Rhode Island to Washington State, all but one of them, the largest health insurer in the State is proposing to increase premiums between 8.5 and 22 percent for next year. The American people will once again realize that the Democrats and the President who voted for this health care law have broken their trust, broken their promises to the American people, and the American people deserve better.

Thank you, Mr. President. I yield the floor and suggest the absence of a quorum.

The legislative clerk proceed to call the roll.

Mr. REID. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.
