

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Montana?

There was no objection.

Mr. DAINES. Mr. Speaker, I yield myself such time as I may consume.

H.R. 4562, sponsored by the gentleman from Nebraska (Mr. SMITH), allows farmers to repay accelerated or lump sums of capital debt owed to the Bureau of Reclamation.

□ 1645

In many cases throughout the West, current Federal law does not allow landowners to make such early repayments on Federal irrigation projects. These outdated Federal hurdles are similar to a bank prohibiting a homeowner from paying his or her mortgage early.

Congressman SMITH's bill removes the Federal Bureau of Reclamation repayment prohibition for individual landowners within the Northport Irrigation District. In return for such payments, these farmers will no longer be subject to the acreage limitations and the paperwork requirements in the Reclamation Reform Act.

According to the Congressional Budget Office, this bill could generate up to \$440,000 in Federal revenue. The bill is based on two recent precedents that passed in both Republican- and Democrat-controlled houses, and today, we should continue those efforts by adopting this bill.

I reserve the balance of my time.

Mr. HOLT. Mr. Speaker, I yield myself such time as I may consume.

(Mr. HOLT asked and was given permission to revise and extend his remarks.)

Mr. HOLT. H.R. 4562 would authorize landowners served by the Northport Irrigation District to prepay the remaining portion of construction costs allocated to them for the North Platte Project.

In exchange, the landowners who pay will no longer be subject to Federal acreage limitations and other requirements associated with the Reclamation Reform Act.

I believe no one from the minority intends to oppose this legislation.

With that, I reserve the balance of my time.

Mr. DAINES. Mr. Speaker, I yield 3 minutes to the gentleman from Nebraska (Mr. SMITH), also a former member of the Natural Resources Committee.

Mr. SMITH of Nebraska. Mr. Speaker, I thank the Natural Resources Committee for moving this bill and also to the gentleman from Montana for his remarks.

Under Federal reclamation law, irrigation districts which receive water from a Bureau of Reclamation facility must repay their portion of the capital costs of the water project, typically under long-term contracts.

I introduced this bill to provide members of the Northport Irrigation District early repayment authority

under their dated reclamation contract. The contract in question is more than 60 years old and continues to subject landowners to burdensome reporting requirements and acreage limitations without generating revenue to the Federal Government.

Allowing producers within the district to pay off their portion of the contract means the government will receive funds perhaps otherwise uncollected and the landowners will be relieved of costly constraints which threaten family-owned operations.

For example, at a Natural Resources Water and Power Subcommittee hearing earlier this year, one member of the irrigation district testified the acreage limitation will prohibit parents who own land in the district from passing down or selling farmland to sons and daughters who also own land in the same district.

As Mr. DAINES mentioned, similar legislation has passed under bipartisan majorities and, according to the CBO, could generate as much as \$440,000 in Federal revenue.

This is a straightforward bill which would make a big difference to some family farmers in Nebraska.

Mr. HOLT. Mr. Speaker, if the gentleman is ready to close, I yield back the balance of my time.

Mr. DAINES. Mr. Speaker, I have no further speakers. I urge approval of this bill, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Montana (Mr. DAINES) that the House suspend the rules and pass the bill, H.R. 4562.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Montana (Mr. DAINES) and the gentleman from New Jersey (Mr. HOLT) each will control 20 minutes.

The Chair recognizes the gentleman from Montana.

GENERAL LEAVE

Mr. DAINES. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and to include extraneous materials on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Montana?

There was no objection.

Mr. DAINES. Mr. Speaker, I yield myself such time as I may consume.

H.R. 3716 is a bipartisan bill sponsored by Congressman AMODEI of Nevada. The legislation ratifies a water rights agreement between the Pyramid Lake Paiute Tribe and the Fish Springs Ranch.

Although the bill does not authorize the expenditure of American taxpayer dollars, it is necessary due to the Federal trust responsibility for the tribe and because it decreases the Federal Government's potential liabilities related to those trust duties.

H.R. 3716 allows a water pipeline project to go forward while codifying an agreement that allows non-Federal payments to mitigate for water supply damages associated with the pipeline. This is a win for the American taxpayer, this is a win for the tribe, and this is a win for water users.

I commend Congressman AMODEI for his leadership and urge adoption of the legislation.

I reserve the balance of my time.

Mr. HOLT. Mr. Speaker, I yield myself such time as I may consume.

H.R. 3716 would ratify a water settlement agreement between the Pyramid Lake Paiute Tribe and a subsidiary of the Vidler Water Company. The agreement allows the Vidler Water Company to continue operating a water project that provides water to the northern Reno area and fairly compensates the Pyramid Lake Paiute Tribe for any actual or potential water losses.

As I understand the situation, the legislation is supported by all affected parties, and it will settle potential claims by the Pyramid Lake Paiute Tribe against the United States at no cost to American taxpayers.

Consequently, I support this legislation. I am happy to see it come to the floor. I believe my colleagues on the minority of the Committee on Natural Resources concur.

I reserve the balance of my time.

Mr. DAINES. Mr. Speaker, I yield 3 minutes to the gentleman from Nevada (Mr. AMODEI), who I served on the Natural Resources Committee with recently.

Mr. AMODEI. Mr. Speaker, I thank the chairman, my colleague from Big Sky Country.

This legislation would authorize the Pyramid Lake Paiute Tribe to grant waivers against both Fish Springs Ranch and the United States Government. The provisions would take effect after the tribe signs the waivers and Fish Springs pays the tribe. The amount in payment—for those of you keeping track—is about \$3.6 million.

The tribe would also dismiss pending litigation against BLM for violations in NEPA and potential trust responsibilities related to the groundwater project. At that point, any potential Federal liability would be eliminated.

This is a settlement reached at arm's length between the two parties as a result of a lawsuit filed in 2005. Settlement was reached in 2007. The damage amount of \$3.6 million would also have added to it interest from 2007.

The approach is simple and straightforward, with no Federal dollars involved.

I recommend passage of the bill.

Mr. HOLT. If the gentleman from Montana is ready to close, I yield back the balance of my time.

Mr. DAINES. I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Montana (Mr. DAINES) that the House suspend the rules and pass the bill, H.R. 3716.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.
