

HONORING LONE OAK UNITED
METHODIST CHURCH

HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 19, 2014

Mr. HALL. Mr. Speaker, I rise today to honor Lone Oak United Methodist Church, a congregation that has been an integral part of the Lone Oak community for generations.

The history of Lone Oak United Methodist Church can be traced back to 1854 when eleven charter members gathered in the private home of Ruffus Elliott at the Sabine Forks, west of Lone Oak, forming the Lone Oak Methodist Episcopal Church South. The members met in the home until 1858 when the church was moved to the Hunt School Building in Lone Oak where they continued to worship until 1871, when the congregation merged with the Hall Church.

The Hall Church, originally known as Hefner's School or Chapel, was a building constructed for the education of the children of the community, but was also available to the circuit riders and itinerant Methodist ministers and to the local Masonic lodge. Having been destroyed by fire in 1884, a new site was selected at 218 Main Street in Lone Oak. The Vernacular Gothic Revival church structure was completed in 1889 and continues to serve the congregation today.

In 1939, Lone Oak Methodist Episcopal Church South merged with other Methodist Episcopal and Methodist Protestants meeting in Lone Oak to form the Lone Oak Methodist Church. In 1968, with the merging of the Methodist Church USA and the Evangelical United Brethren Church, the church became Lone Oak United Methodist Church.

Mr. Speaker, it is my privilege to congratulate the congregation of Lone Oak United Methodist Church for 160 years of fellowship and worship, and 125 years in their present building. May God continue to bless this congregation and their ministry.

H.R. 4012 AND H.R. 1422

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 19, 2014

Mr. CONNOLLY. Mr. Speaker, one of the last actions this chamber took before recessing for the Elections wasn't to act on Comprehensive Immigration Reform or pass a funding measure to avoid another Republican Government Shutdown. We didn't exercise Congress's constitutional role in debating issues of war and peace and take up an Authorization for Use of Military Force in response to the threat of ISIS. And we didn't address our nation's crumbling infrastructure by passing a long-term transportation bill.

Sadly, just as they did then, the most anti-environmental House majority is once again engaging in science suppression and denial simply because they disagree with the findings and the responsible actions taken based on those findings to protect public health and preserve the environment.

H.R. 4012, for example, is an attempt to tie the EPA's hands by restricting the information

it can use in drafting safeguards. If passed, this bill would exclude a host of important data, including university research that is protected by privacy and confidentiality laws, as well as proprietary business information.

Not to be outdone, H.R. 1422 would weaken the EPA's advisory process and make it easier for special interests to be appointed to and influence the Science Advisory Board. Do we really want to have the impartial analysis of our nation's leading experts replaced by big corporate interests? What could go wrong with that?

Unfortunately, the public has grown accustomed to the House majority's repeated efforts to gut important environmental safeguards that protect public health. All told, my friends on the other side of the aisle have voted more than 200 times to block action to address climate change, to halt efforts to reduce air and water pollution, and to undermine protections for public lands, coastal areas, and the environment. The bills before us this week are more of the same.

This know-nothing approach fails the public we are sworn to protect and serve. As elected officials, we have to recognize the valuable role science must play in making good public policy. Not anecdotes . . . not false narratives . . . science.

I urge my colleagues to reject these bills, abandon this war on science, so that we can turn our attention to the pressing issues our country demands we address.
