

Mr. Speaker, I yield back the balance of my time.

Mrs. BROOKS of Indiana. Mr. Speaker, this is a bipartisan bill, and I too want to thank my colleague from California for picking up the torch that Congressman Lungren started that will permit this very important security coordination between our first responders, who work day in and day out on our behalf, and the national labs.

As the Congressman from California has so eloquently stated, they have such incredible scientific expertise that needs to be shared with our first responders, and there is much good that can come from the passage of this bill.

While FEMA is very careful in the manner in which it administers its grant dollars, we believe that this is one of those commonsense pieces of legislation that will make it much more efficient to allow those first responders to gain the incredible knowledge from our national labs, and so I urge its passage.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Indiana (Mrs. BROOKS) that the House suspend the rules and pass the bill, H.R. 3438.
