

1. Immediately take such actions as are necessary to address the disruption and resume inspection and weighing services; and

2. Not later than 24 hours after receiving notice or otherwise learning of the impending disruption of such inspection or weighing, or after the start of such disruption in official service, whichever is earlier, submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition and Forestry of the Senate a report that describes the disruptions and any actions necessary to address the concerns of the Secretary relating to the disruption so that inspections or weighings may resume.

On a positive note, another critical element of the House bill was retained wherein the Secretary will be obligated to waive official weighing and inspection requirements in both cases of emergency as well as other circumstances as long as the waiver does not impair the underlying objectives of the statute and the buyers and sellers agree and provide documentation of the agreement to the Secretary. This waiver requirement is intended to provide certainty to trading partners as well as U.S. suppliers.

Since its charter in 1993, the National Forest Foundation provides the ability to leverage private and federal dollars to support our Nation's great forests in a variety of ways. In recent years, the Foundation has leveraged funds at over a 4 to 1 ratio and plans to continue on this success to raise at least \$125 million for forest restoration activities. Simply put, the National Forest Foundation works, and this is a common-sense reauthorization.

While I recognize that concessions were made resulting in less than ideal bill text, at the end of the day, H.R. 2051 provides certainty to American agriculture, and I would urge my colleagues to support it.

I reserve the balance of my time.

Mr. PETERSON. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of H.R. 2051. This bipartisan legislation reauthorizes the Mandatory Price Reporting Act, the National Forest Foundation Act, and the U.S. Grain Standards Act. This bill continues the tradition of bipartisan, bicameral work done by the Agriculture Committees.

Important livestock price reporting programs will be continued under the bill's mandatory price reporting provisions. Producers rely on access to transparent, accurate, and timely market information, and H.R. 2051 will provide that certainty.

The National Forest Foundation Act is the type of public-private collaboration we should all be able to support, giving private groups and stakeholders a chance to help in the stewardship and management of our national forests and grasslands. H.R. 2051 will ensure that this partnership can continue.

Finally, the U.S. Grain Standards Reauthorization Act will allow the Federal Grain Inspection Service to continue official weighing and inspection services. Both grain buyers and sellers rely on a gold standard quality assurance, backed by the Federal Government, when conducting business.

Again, this is good, commonsense legislation, a bipartisan bill. I urge my colleagues to vote "yes."

I yield back the balance of my time.

Mr. CONAWAY. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I also want to thank my colleague, my ranking member, COLLIN PETERSON. Throughout this work, he and all the Members on both sides of the aisle of the committee worked well together. It is a tribute to the way bipartisan work ought to be done in the House, and I am proud of the work the Agriculture Committee has done.

I urge Members to join me in support of this bill.

I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Mr. CONAWAY) that the House suspend the rules and concur in the Senate amendment to the bill, H.R. 2051.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the Senate amendment was concurred in.

A motion to reconsider was laid on the table.
