

landscaping alterations with the hope of increased tourism activity. Without Mrs. Locke-Daniel's vision and stewardship of funds, many communities would not have had the ability to further their own economic growth projects which is critical to the success of our region.

One of the remarkable achievements of Visit YPSI was its receipt of the Destination Marketing Accreditation Program designation. This international accreditation recognizes entities for their high level performance in destination marketing and management. To date, only one percent of convention and visitors bureaus within Michigan, and seven percent nationally, have earned this prestigious recognition.

Mrs. Locke-Daniel was largely responsible for forming a team which was able to create a body of work that met such stringent international standards. Described as the ultimate team player, the success of Visit YPSI has been attributed to her ability to empower staff to seek creative solutions and grow within their positions.

Mr. Speaker, I ask my colleagues to join me today to honor and congratulate Mrs. Debbie Locke-Daniel on her retirement and years of service to her community. Although she will be missed, her achievements will continue to have a positive impact on our community for years to come.

HONORING THE LIFE AND DEDICATED SERVICE OF NORTHWEST FLORIDA'S JAMES RANDELL "RANDY" STOKES, SR.

HON. JEFF MILLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 16, 2015

Mr. MILLER of Florida. Mr. Speaker, it is with profound sadness that I rise to honor the life and dedicated service of James Randell "Randy" Stokes, Sr. of Fort Walton Beach, Florida, who died on December 8, 2015.

Mr. Stokes was born in Andalusia, Alabama in the fall of 1932. During the Korean War, he left high school to join the United States Army and became an intelligence sergeant. Although only 18 years old, he graduated in the top eight from the Light Artillery Battalion Leadership School. In 1952, Mr. Stokes was honorably discharged and returned home to Andalusia to finish high school, where he lettered in football, basketball, baseball, and track. Following graduation, he attended Troy State University to play football and study engineering. Then, in 1954, he transferred to Auburn University where he received his Bachelor's degree in Architecture.

In 1959, Mr. Stokes moved to Fort Walton Beach, the city he would call home until his passing. Upon arriving in Florida, he began working at Ricks and Kendrick Architect, Inc. and became partner after 10 years. In 1988, he started his own firm—Stokes Architectural, Inc.

Mr. Stokes has been honored by the Florida Association of the American Institute of Architects for his leadership and community service benefitting the profession of architecture. His architectural work is on display in many Northwest Florida landmarks, including Saint Mary's School and Church in Fort Walton Beach,

Niceville High School, Choctawhatchee High School, Fort Walton Beach High School, Northwest Florida State College, the Greater Fort Walton Beach Chamber of Commerce building, the Walton County Chamber of Commerce building, White Wilson Medical Center, and Westwood Retirement Center, among others.

In addition to his architectural contributions, Mr. Stokes was a leader in Northwest Florida's civic society, serving as president of the Greater Fort Walton Beach Chamber of Commerce, twice as president of the local YMCA, councilmember and Mayor of the City of Mary Esther, president of the Fort Walton Beach Rotary Club, and a member of the Krewe of Bowlegs.

Mr. Speaker, on behalf of the U.S. House of Representatives, I am proud to honor the dedicated service of Randy Stokes. Vicki and I will keep his entire family, especially his son, James Jr. and daughter-in-law, Andrea; daughter, Judy and son-in-law, Ken; daughter, Jennifer; daughter, Janet and son-in-law, Don; as well as his grandchildren Ross, Annie, Ryan, Christina, Drew, Conner, LylaKae, Bryna, Rand, and Champ; his nieces Terri and Mellie; and his siblings Betty, Tommy, Kevin, Jerry, and Silvia in our thoughts and prayers.

SUCCESS ON AND OFF THE FIELD

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 16, 2015

Mr. OLSON. Mr. Speaker, I rise today to congratulate Paddy Fisher of Katy High School for winning the Greater Houston High School Rotary Lombardi Award.

Each year the Rotary Lombardi Award is awarded to a player who displays talent, leadership, and respect on and off the football field. The award honors Vince Lombardi's legacy and recognizes talented Houston athletes. Paddy, a senior at Katy High School, was selected as this year's recipient for his outstanding talents on the defensive side of the ball and for being a leader on the team. Paddy's parents and coaches are no doubt proud of his talent and character.

On behalf of the Twenty-Second Congressional District of Texas, congratulations again to Paddy for winning this prestigious award. We wish him continued success at Northwestern on and off the field.

RECOGNIZING ROBERT DICK DOUGLAS, JR. THE LONGEST SERVING EAGLE SCOUT IN BOY SCOUT HISTORY—90 YEARS AN EAGLE

HON. PETE SESSIONS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 16, 2015

Mr. SESSIONS. Mr. Speaker, as a member of the Congressional Scouting Caucus, I rise today to honor Robert Dick Douglas, Jr., the longest serving Eagle Scout in Boy Scout History, who on December 8, 2015, celebrated 90 Years as an Eagle.

Mr. Douglas joined the Boy Scouts July 23, 1923, on his 11th Birthday in Greensboro, NC,

and earned his Eagle Award 2 years, 4 months and 15 days later, on December 8, 1925, at the age of 13 and has been active in Scouting ever since.

He was recently an honored guest at the History of Scouting Trail (HOST) Annual Congressional Gala and quoted from memory what he called "His Guiding Star" almost 90 years after his Father, Judge Robert Dick Douglas, Sr., Chairman of the Greensboro Council Court of Honor, penned it as the winning essay for a local Community Chest Contest in 1926, to describe Scouting's goals in 50 words or less.

"Scouting safeguards your boy by proper companionship, guides him by adult leadership and develops him with a well-considered program of activities for the purpose of making him more reverent to God, more loyal to his country, more helpful to his fellow man and more useful to himself."

Following these words, Robert Dick Douglas, Jr. has enjoyed unparalleled Scouting success and adventure traveling to the far reaches of Africa and Alaska in the late 1920's and early 1930's, writing three bestselling accounts, which helped pave the way for an exemplary life as an Attorney & Community Servant.

As such, he recently received The Distinguished Eagle Scout Award (September 24, 2015) and 16 of my fellow Representatives who are Eagle Scouts joined together and signed a Special Letter of Congratulation to Mr. Douglas.

I know they would wholeheartedly join me again today in recognizing this Historic Achievement—90 Years an Eagle Scout and the Longest Serving Eagle Scout in Boy Scout History.

TRIBUTE TO STACIE EUKEN

HON. DAVID YOUNG

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 16, 2015

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to recognize and congratulate Stacie Euken, of Wiota, Iowa, for being selected as the 2015 Bob Joslin Award winner at the Iowa Farm Bureau annual meeting in December.

Stacie grew up on a hog farm in Cass County and studied Agriculture Education and Communications at Iowa State University. She now farms with her husband near Wiota and serves as the Cass County Farm Bureau president. Stacie takes every opportunity given to her to volunteer and promote agriculture, whether that's helping the local Pork Producers at a grill out, teaching kids about agriculture at community events, or going to Washington, D.C. to speak to legislators. She is a true Iowan, through and through.

Mr. Speaker, Stacie's dedication to advancing the agriculture community not only in Iowa but across the nation is truly commendable. Her efforts embody the Iowa spirit and I am honored to represent her and Iowans like her in the United States Congress. I ask that my colleagues in the United States House of Representatives join me in congratulating Stacie for her achievements and wishing her nothing but continued success.

RECOGNIZING CHIEF WILLIAM
"TONY" FARRAR

HON. NORMA J. TORRES

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 16, 2015

Mrs. TORRES. Mr. Speaker, I rise today to honor Chief William "Tony" Farrar of the Rialto Police Department for his outstanding service to the community.

For 34 years, Chief Farrar has actively served in various capacities to lead officers in the Rialto Police Department. His work has been described as exemplary by colleagues on account of his extreme professionalism and compassionate nature. Among Chief Farrar's many accomplishments include his induction into the Evidence-Based Policing Hall of Fame for his scientific evaluation of policing practices. Throughout his tenure, he has received widespread commendation for his leadership and extensive knowledge of tactical operations.

As Chief of Police, Chief Farrar has been a major proponent of integrating new technologies into everyday police activities. In doing so, he is an advocate for "evidence-based policing," which consists of implementing tactics that have demonstrated proven effectiveness. He understands the complexities of modern-day policing, and insists on officers continuing their education throughout their careers in order to gain a continual understanding of the field. Chief Farrar's outlook has been essential for maintaining an active police force that provides public safety to people in the region.

Most recently, Chief Farrar has been involved in researching Body Worn Video devices that are being implemented in police departments throughout the United States. His work is contributing to the growing field of literature on the subject and is developing future police tactics. Last year, the *Journal of Quantitative Criminology* published an article written by him analyzing the effects of these devices on the use of force and citizens' complaints against police. His knowledge in this field is bolstered by the master's degree that he received from the University of Cambridge in 2013 along with the many fellowships that he has participated in throughout the years.

Chief Farrar is retiring from the Rialto Police Department, and on December 21, many members of the community will be participating in a walk of honor to celebrate his legacy. This momentous event will be a demonstration of the lasting impact that he has made on residents in the area. While he will surely be missed, I am excited to see how he will continue to be a part of the community.

For his heroic contributions to the Rialto Police Department, and for his many other achievements, I would like to recognize Chief Tony Farrar.

DRUG RESISTANT TB: THE NEXT
GLOBAL HEALTH CRISIS?

HON. CHRISTOPHER H. SMITH

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 16, 2015

Mr. SMITH of New Jersey. Mr. Speaker, last week, I convened a hearing on an extremely

urgent issue, focused on addressing what may very well be the next global health crisis: drug resistant tuberculosis.

Just as Ebola surprised many at the ferocity with which it spread, all of us must be concerned that the world is not fully prepared to meet the threat from this highly contagious airborne disease which killed 1.5 million people last year alone. That translates to over 4,000 people a day—4,000 lives that ended prematurely, including young children.

The World Health Organization released its Global Tuberculosis report just over a month ago and appealed to the world to beef up efforts to combat TB, and yesterday, in Cape Town South Africa, the International Union Against Tuberculosis and Lung Disease concluded its annual meeting, having gathered experts in fighting TB from all over the world. These are positive signs, showing that the global health community continues to surge toward ending TB by 2035—or sooner.

While most TB is curable if diagnosed and patients strictly adhere to a treatment regimen, some 6 million new cases of TB were reported to WHO in 2014. However it is likely that the number of people who contracted TB far exceeds this number—and may be as high as 9.6 million people. These people need to be diagnosed with a diagnostic that is fast and reliable and able to detect drug resistances, and treated, so they can lead healthy productive lives.

On a myriad of fronts there is reason for hope. For example the Expert MTB/RIF can diagnose TB and resistance to rifampicin within two hours, an amazing breakthrough. As CDC's Tom Friedman testified, this new diagnostic holds great promise. This new diagnostic holds great promise in enabling rapid detection of drug resistance, and the U.S. Government has led the global effort to scale up access to this test. The increase in the proportion of drug-resistant TB cases diagnosed and started on treatment over the past several years is largely attributable to the scale-up of this test.

Yet the tragic fact remains that some 480,000 new cases of hard-to-treat cases of multidrug resistant TB—a disease which often hits the poorest of the poor—are estimated to have occurred in 2014, yet only about 25 percent of these, or 123,000 cases were detected and reported, leaving a whopping 75 percent undetected and untreated.

Given the ease at which TB can spread through the air—especially through coughing—and the fact that people with weakened immune systems are more susceptible, one can see how left untreated MDR TB and its even more pernicious cousin, XDR or Extensively Drug Resistant TB can be catastrophic to individuals and wreak havoc on public health and public health systems.

To illustrate how fragile health systems can be overwhelmed, a course of treatment for normal, drug susceptible TB costs roughly between \$100 and \$500, depending on the country. For MDR TB, the cost is roughly between \$5,000 and \$10,000 per patient.

To respond fully to the TB crisis, the WHO estimates that some \$8 billion per year is needed. Unfortunately, there is a global budget shortfall of about \$1.4 billion. We need to lead not only in terms of providing funding, but also in terms of encouraging others—other countries, but also the private sector and foundations—in meeting this need by closing this gap.

Now is the time for a significantly enhanced response. A sustained focus on tuberculosis prevention today will save lives and money tomorrow, helping people the world over as well as protecting the homeland from what otherwise could become a global pandemic.

Our 3 witnesses from the hearing are extraordinary leaders in the health field and experts on TB. They—like many on subcommittee—believe we can at least mitigate TB in the short term and eliminate this deadly infectious disease by 2035, just as we have successfully fought polio. It takes political will, however, and an investment of resources that will pay dividends for healthier people in the long run.

The subcommittee will continue to work hard on combatting TB, along with members of the House Tuberculosis Elimination Caucus, whose co-chair is my good friend from New York, Ranking Member ELIOT ENGEL, who joined the hearing last week. We also had some very outstanding leaders in the global fight against TB who briefed us and gave testimony at the hearing.

TRIBUTE TO HONOR JAMES BELT,
JR.

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 16, 2015

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, it is with great sadness that I recognize the life and passing of James Belt, Jr. Mr. Belt, Jr. was a very prominent and well-respected leader in the community. As an activist, he also served our community by offering his words of wisdom and years of knowledge and experience.

For close to 40 years, he has served the community as a civil and criminal lawyer. He received his Bachelor of Business Administration Degree from Pan American University, Edinburg, in 1968. And went on to earn a Juris Doctorate from Thurgood Marshall School of Law at Texas Southern University in Houston in 1977. He opened his private practice in the heart of South Dallas, where he served those who needed him most. Mr. Belt, Jr. was also a Dallas Examiner co-publisher, sat on the board of the National Newspaper Publisher Association, the official Black Press of America and the NNPA Foundation Board.

During the early 2000s, he co-hosted Dallas Examiner Live on KNON Radio. He previously sat on the Texas Southern University Board of Regents in Houston, Dallas Area Rapid Transit Board and the Texas Rural Foundation Board.

He was the founder of the Dallas Black Criminal Bar Association—an organization of Black lawyers in the private practice of law in Dallas County. He was a member of the National Bar Association, Texas Bar Association, J.L. Turner Legal Association and the Inns of Court. He was also a lifetime member of the NAACP.

Mr. Speaker, it is in earnest respect that I recognize the memory of James Belt, Jr. before this body of Congress and this nation for the irreplaceable contributions he made to the community of Dallas and the State of Texas. My sincere condolences go out to his wife of 45 years, Mollie F. Belt; his children, James C.
