

Under his stewardship, West Hills College Lemoore moved to its own campus in 2002 and saw student enrollment grow from 700 to more than 4,500 students. Additionally, Mr. Warkentin was responsible for several expansion projects including the new student center and the Golden Eagle Arena.

In 2004, Mr. Warkentin's career culminated with his promotion to President of West Hills College Lemoore, a position which he held until December 2015. Mr. Warkentin's dedication to the field of education was without question and West Hills College Lemoore stands today as a memorial to his strength of character and work ethic.

Mr. Warkentin's commitment to our community was not exclusive to West Hills College Lemoore, but included his active membership in the Lemoore Chamber of Commerce, Kiwanis Club, and the Kings County Economic Development Corporation. With his passing our community has lost a great leader and his dedication to the Central Valley deserves our recognition and gratitude.

Mr. Speaker, I ask my colleagues in the United States House of Representatives to join me in honoring the life and achievements of President Emeritus Don Warkentin. My thoughts and prayers are with his wife Betty and their two children, Brooke and Steven during this difficult time.

Mr. WALBERG. Mr. Speaker, I rise today in recognition of the grand opening of the Consumers Energy Innovation Center.

Located in downtown Jackson, Michigan, the center will be home to Consumers Energy employees, CP Federal Credit Union, the Heat and Warmth Fund and the Anchor Initiative headquarters.

This initiative is an effort to promote Jackson's downtown area as a vibrant place to live, work, and innovate. Consumers Energy and CP Federal Credit Union are among the more than 20 area employers that have committed to the revitalization program.

The building will feature a floor that is dedicated to community growth and will serve as a collaborative space available to the building's tenants. Consumers Energy—headquartered in Jackson—has demonstrated a commitment to its hometown by investing resources into the positive transformation of the city.

On April 15, this innovative hub will open its doors for the first time. The building, which had previously stood vacant for over 10 years, will now serve as a center filled with new ideas and state-of-the-art tools to support economic expansion.

I applaud Consumers Energy for its continued commitment to our community and congratulate them on the opening of the new Innovation Center. I look forward to the solu-
