

statute. While it appears likely that the Zika virus disproportionately affects poor and marginalized populations, it also appears that there is a significant market for the Zika virus medical products in developed nations, which would render the Zika virus ineligible for addition to the PRV list under the statute at this time.

FDA agrees that we need to do all that we can to facilitate the development of and access to medical products as quickly as possible to respond to the Zika virus outbreak. We fully believe that the incentives currently available for the Zika product development—such as funding for research and development, and clinical trial costs from government and non-governmental organizations—as well as extensive HHS technical assistance for product developers, are sufficient to help bring Zika products to market. FDA is fully prepared to use its authorities to the fullest extent appropriate—including proven mechanisms to speed the availability of medical products for serious diseases—to help facilitate the development and availability of products with the potential to mitigate this outbreak as quickly as the science will allow. However, expanding the PRV program by adding diseases or conditions that do not meet the criteria for inclusion is unnecessary, weakens the effectiveness of the PRV program, and creates an undue burden on FDA that can ultimately harm public health.

As you are aware, the Administration has asked Congress for approximately \$1.9 billion in emergency funding to enhance our ongoing efforts to prepare for and respond to the Zika virus, both domestically and internationally. Approving this funding request, which includes support for medical product development and procurement, is essential for sustaining HHS's effort to effectively incentivize the development and availability of medical products for the Zika virus.

Thank you, again, for contacting us concerning this matter. If you have any questions or concerns, please do not hesitate to contact me. The same letter has been sent to your cosigners.

Sincerely,

DAYLE CRISTINZIO,
*Acting Associate Commissioner for
Legislation.*

NO RATE REGULATION OF
BROADBAND INTERNET ACCESS
ACT

SPEECH OF

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, April 15, 2016

The House in Committee of the Whole House on the state of the Union had under consideration of the bill (H.R. 2666) to prohibit the Federal Communications Commission from regulating the rates charged for broadband Internet access service:

Ms. CASTOR of Florida. Mr. Chair, I rise today in opposition to H.R. 2666, the No Rate Regulation Act. Many small businesses and many of my neighbors in the Tampa Bay area have experienced loss of internet, TV and phone services. I want to ensure that my neighbors and businesses are protected—I am fighting for them to receive the services they paid for. The No Rate Regulation Act aims to dismantle the open internet and take the “cop off the beat” by hamstringing the FCC's ability to protect the consumer. Because of these

concerns on behalf of my neighbors and small businesses, today I will vote against this bill.

This is timely legislation for all the wrong reasons. On April 1 of this year, Frontier Communications assumed Verizon's TV, internet and land-line phone services in the Tampa Bay area. Since the transition, small businesses and individual consumers in Florida have experienced loss of internet, TV and phone services. Consumers are paying for services they are not receiving. Even now, customers are reporting waiting for Frontier's technicians that are “no shows”. Frontier appears to be unable to provide the necessary services to my neighbors, at the present time.

I am here today to ensure all customers are protected. I have been fighting to protect the consumer and for robust public interest reviews. On February 2nd I stated in my letter to the FCC regarding the proposed Bright House Networks/Time Warner Cable/Charter merger that it is appropriate for the FCC to investigate that “best practices” are present on behalf consumers.

The awesome power of the internet should be used to build up our community and grow opportunity for our children. I am proud that last year Tampa was selected as one of only 27 communities nationwide to participate in ConnectHOME, which promotes locally tailored solutions to help bridge the gap in digital access for working-class households by addressing the barriers they have to high-speed broadband.

We should be dedicated to significant community boosts in access to digital opportunities for our students. We should be working with all agencies to develop the types of skills needed to secure today's higher paying jobs for all our kids. Instead of inviting a promising tomorrow, Republicans have chosen to focus on a bad bill with no future today.

On the House floor Republicans have offered the No Rate Regulation Act. If passed it could undermine key provisions in the FCC's Open Internet order and harm the Commission's ability to protect consumers. This bill simply fails to define a clear definition and experts assert that the bill could result in unintended consequences. The No Rate Regulation Act is overly broad and extends far beyond the goals of codifying the FCC's forbearance from applying provisions of the Communications Act related to tariffs, rate approval, or other forms of utility regulation. The FCC should not be stymied in their participation of mergers and acquisitions like the Bright House/TWC/Charter proposal. For example, I have said that BHN's Connect2Compete Program should be maintained, but as written, this legislation could undermine the FCC's ability to encourage customer service agreements that protect the most vulnerable.

We have seen the Comcast Universal merger approval include the supply of an affordable internet program called the Internet Essentials. These stipulations are important and should be maintained in other deals moving forward.

Mr. Chair, today I will vote against this Republican bill that could undermine key provisions in the FCC's Open Internet Order and harm the FCC's ability to protect consumers. We should not be undermining the FCC. This legislation could exacerbate already negative consequences for my neighbors in the Tampa Bay area. I will continue work to protect consumers and neighbors in my community and vote no on the No Rate Regulation Act.

COMMENDING BETSY FLEMING
FOR HER SERVICE AS PRESIDENT
OF CONVERSE COLLEGE

HON. TREY GOWDY

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 18, 2016

Mr. GOWDY. Mr. Speaker, today I commend President Betsy Fleming of Converse College for her service to higher education and her remarkable impact on South Carolina.

After growing up in Spartanburg, President Fleming left in 1984 to embark on her journey to become a renowned art-historian. Throughout her career, she held curatorial positions at several prominent museums across the United States as well as overseas in London. Prior to being named President of Converse College in 2005, Fleming served as the executive director of the Gibbes Museum of Art in Charleston, South Carolina.

Under President Fleming's eleven years of leadership, Converse College experienced incredible transformation. During her tenure, Converse reduced its tuition by 43 percent and celebrated its largest undergraduate enrollment in over 25 years, becoming a national leader in affordability and value. Furthermore, Converse gained full NCAA Division II membership in eleven sports programs and raised more than \$76 million in support.

In addition to her impact on the Converse College community, President Fleming's service extends above and beyond her commitment in Spartanburg. An Aspen Institute Liberty Fellow, President Fleming serves on the Council of Presidents for the Association of Governing Boards (AGB), the Council of Independent Colleges (CIC) Steering Committee in the Future of Higher Education, and on the Board of Directors for both the Federal Reserve Bank of Richmond, Charlotte Branch and Blue Cross Blue Shield of South Carolina.

President Fleming's impact on students, staff, and faculty will always be remembered, and her legacy will transform the future of Converse College. I thank President Fleming for her extraordinary service and congratulate her on her retirement. We look forward to the next chapter of her remarkable life as she continues to serve our community, state and country.

IN MEMORY OF RACHEL HOUSTON

HON. SCOTT GARRETT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Monday, April 18, 2016

Mr. GARRETT. Mr. Speaker, I stand today to remember and honor the life, faith, and service of Rachel Margaret Houston. A former legislative assistant in my office, Rachel passed away on April 10, 2016, at the far-too-young age of 32.

Those of us who had the honor to know Rachel knew her kind heart, deep faith, and compassion for others. Friends and former co-workers remembered her as a “wonderful” and “lovely person,” and a “soft, sweet spirit,” with a “bright smile, kind words, and warm heart.” Rachel was that rare person who could reach out to someone new and make him or her feel welcomed, supported, and encouraged. Her kindness left a mark on all who

knew and worked with her—whether for a short time, or over the course of years.

In her professional life, Rachel exemplified qualities worth emulating. In her work for the people of New Jersey's 5th Congressional District, she demonstrated a commitment to excellence and always strove to give her best. Her colleagues and friends alike, both on and off Capitol Hill, recognized her for her sharp mind, loving spirit, and inner strength.

Rachel was devoted to causes greater than herself and impacted many lives beyond her work in Congress. In 2006, she participated in the Family Research Council's Witherspoon Fellowship program to prepare for leadership and service in the public arena. She was an accomplished writer, and she also shared her faith, time, and talent through various mission trips as well as through her church family.

Rachel was a blessing in the lives of all who knew her. She loved her God, her country, and her fellow man—and she will be missed. My prayer is that God will comfort her family and friends during this time, and that they will know that Rachel's life will be remembered.

THE 37TH ANNIVERSARY OF THE
TAIWAN RELATIONS ACT

HON. MIKE COFFMAN

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Monday, April 18, 2016

Mr. COFFMAN. Mr. Speaker, April 10th marked the 37th anniversary of the enactment of the Taiwan Relations Act. This landmark legislation, one of Congress' great achievements, has guaranteed and continues to guarantee ongoing relations with our friend and partner, Taiwan.

Taiwan's President Ma made a speech at the American Chamber of Commerce in Taipei (AmCham) Hsie Nian Fan celebration on March 30th, 2016. In the speech, President Ma pointed out that in the US-based Global Finance magazine's ratings of the world's richest countries from November of last year, Taiwan ranked 19th out of 185 countries worldwide. That put Taiwan right behind Germany, and far ahead of countries like France, Great Britain, Japan, and South Korea. Additionally, in the 2015 global competitiveness ratings published by the Institute of Management Development (IMD), in Lausanne, Switzerland, Taiwan ranked No. 11 in the world and No. 3 in the Asia-Pacific Region. Taiwan has created an enviable and thriving innovative economy. I give praise to President Ma's leadership. The United States and Taiwan enjoy a long-standing relationship that stems from our shared values: democracy, the rule of law, and free enterprise. Taiwan is a strong economic partner—in fact they are now our 9th-largest trading partner. In 2014, Colorado's exports to Taiwan reached \$191.5 million. Taiwan is Colorado's 7th largest export market in the world. Colorado companies have substantial opportunities to expand their business and cooperation with Taiwan. Equally important are the Taiwanese-Americans living in Colorado and the wealth of knowledge and entrepreneurial energy they bring.

I offer my warmest and best wishes to the people of Taiwan on this 37th anniversary of the Taiwan Relations Act. I also extend my

congratulations to Dr. Tsai Ing-wen on her victory in the Taiwanese Presidential election. I look forward to the continued and growing friendship and partnership between the United States and Taiwan.

TRIBUTE TO JOSH CALHOON

HON. DAVID YOUNG

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 18, 2016

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to recognize and congratulate Mr. Josh Calhoon of Minden, Iowa, on his selection to the Tri-Center High School Basketball Hall of Fame. Josh, a 2010 graduate of Tri-Center High School, in Avoca, Iowa, is known for being an outstanding athlete.

The Tri-Center High School Hall of Fame was created in 1991 to honor those students who excelled in high school basketball. In his career, Josh led the Tri-Center Trojans to many victories as a two-year starting varsity team member, a three-year letter winner, first All-Western Iowa Conference selection and was named to the Southwest Iowa All-Star Game, Josh epitomizes the word, "leadership." He scored 818 points during his basketball career and is remembered for his work ethic, especially his willingness to go above and beyond for his beloved Tri-Center Trojans.

Mr. Speaker, I applaud and congratulate Josh for his induction into the Tri-Center High School Basketball Hall of Fame. I am proud to represent him in the United States Congress. I ask that my colleagues in the United States House of Representatives join me in congratulating Josh and wishing him nothing but continued success.

RECOGNIZING THE HONORABLE
SERVICE OF COLONEL ROCKY
MCPHERSON, UNITED STATES
MARINE CORPS (RET)

HON. JEFF MILLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 18, 2016

Mr. MILLER of Florida. Mr. Speaker, I rise to recognize and honor Colonel Rocky McPherson, United States Marine Corps (Ret), for his more than fifty years of dedicated service to the State of Florida and our great Nation.

A 1966 graduate of the United States Naval Academy, Rocky received his commission in the United States Marine Corps. For more than 30 years, his military career took him around the globe, which began upon commission with the first of two combat tours and included a myriad of command and leadership roles. In his first combat assignment, Rocky deployed to Vietnam and served as an Infantry Officer with A Company, 1st Battalion, 7th Marines. When he returned home, he attended the Air Force flight school at Reese Air Force Base in Lubbock, Texas. Having earned his wings, he moved on to his next assignment, mission qualification in the all-weather attack aircraft A6 Intruder. As a newly minted pilot, Rocky returned to Vietnam aboard the USS *Coral Sea* (CVA-43) as a Squadron

Landing Signal Officer. During this second combat tour, he recorded numerous sorties over Vietnam and had over 160 carrier landings. His two combat tours earned him the distinction as the only Marine officer with both ground and aviation combat tours during the Vietnam war.

For the next several tours, Rocky remained stateside. He served as the Marine Corps Representative at the United States Air Force Academy and at Marine Headquarters in Washington, D.C. He then commanded the Marine All Weather Attack Squadron 121 aboard the USS *Ranger* (CV-61); took on the responsibility of training and operations for more than 400 tactical aircraft as Deputy Wings Operations Officer in El Toro, California; and commanded the Marine Air Training Support Group at Whidbey Island, Washington, before returning abroad as Chief of Staff to III Marine Expeditionary Force (MEF) in Okinawa, Japan. Rocky made his final stop at Marine Corps Headquarters as Manpower Division Deputy Director before retiring as Colonel in 1995.

Colonel McPherson's commitment to public service did not end there, however. From 1999 to 2007, he continued to serve in support of our Nation's heroes and in particular the more than 1.5 million veterans and their families in Florida, as the Executive Director of Florida Department of Veterans Affairs. During his tenure, he oversaw the most significant expansion of state veterans' nursing homes and was a driving force behind the Florida World War II Memorial and monument and the expansion of Bushnell National Cemetery. Additionally, he helped to ensure that wounded service members returning home from the Global War on Terror received the support and care they had earned.

Florida is proud of being home to our Nation's servicemembers and veterans, and Rocky understands the critical importance that the military missions based in the state play in providing for our strong national defense. To that end, he has spent the last decade of his career in support of Florida's military installations as part of Enterprise Florida, Inc. He played an integral role in standing up the Florida Defense Support Task Force, created by Florida Statute, to preserve, protect, and enhance Florida's military missions and installations and currently serves as its Vice President of Military and Defense Programs, Strategic Partnerships. Rocky also assisted in creating and publishing the Florida Military Friendly Guide, a summary of all laws and programs in Florida benefitting active duty, Reserve and National Guard personnel and their families, as well as production of the Florida Defense Industry Economic Impact Analysis. Furthermore, he played an integral role in establishing the first-ever program for applying state resources to non-conservation lands transactions in Florida Statute to protect military missions from non-compatible development and other encroachment threats to the military value of Florida installations. He has been an active and valued voice on the State Advisory Council for the Association of Defense Communities.

Without question, Colonel Rocky McPherson can hang his hat up on a career he can be proud of. He has proven to be an accomplished leader who has dedicated his life to serving the State of Florida and the United States of America, and his unwavering commitment to men and women in the Armed
