

American population have taken notice of the seemingly endless routes that pieces of legislature take once they enter the hands of congressmen. Although the Constitution and other foundational texts and practices emphasize the democratic ways of government that sets America apart from the other nations of the world, what America gains in democracy, America lacks in efficiency. The polarization of Congressmen that results from different morals, political parties, and religions is a major factor that makes the political process in Congress so challenging.

A piece of legislature is voted on a number of times throughout the process of becoming official. Legislature is passed through the houses of Congress sometimes several times, as well as the through the President and his peers. Each member of Congress and member of the President's cabinet come from a different and unique background. These backgrounds include ethnicity, geographical regions, religions, political beliefs, a sense of what is right and what is wrong, and several other distinguishing factors. Each different member of Congress/the Executive team votes on legislature on the basis of two different things: 1) what his/her constituency wants and 2) what he/she wants. Balancing these two things along with all of the previously mentioned personal factors, those who vote on legislature in Congress have an incredible amount of information to consider prior to making decisions. The natural and environmental differences between humans that lead to each balancing factor results in a competitive, argumentative, passive Congress.

Just like in any relationship between/among individuals, reaching agreements when faced with a challenge or suggestion can be difficult. When you extend hundreds of individuals, who are in charge of thousands of individuals each, into one single political relationship, reaching an agreement almost seems impossible. Therefore, congressional struggles that exist and prevent some pieces of legislature from being efficiently passed, are consequences of inevitability and must either be dealt with or Congress must be reorganized.

POEM BY ALBERT CASWELL IN  
HONOR OF ROBIN WILLIAMS

**HON. JOSEPH CROWLEY**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, April 19, 2016*

Mr. CROWLEY. Mr. Speaker, I rise today in memory of the remarkably talented Robin Williams, a man who gave the world one of the greatest gifts of all—laughter. The following poem was written in his honor by Albert Caswell:

LAUGH UNTIL YOU DIE IN MEMORY OF ROBIN WILLIAMS  
(By: Albert Carey Caswell)

Laugh  
Laugh until you die  
Wipe those tears from your eyes  
Laugh, laugh until you die  
Because life is far too short to ever ask why  
Robin Williams, was a shooting star so way  
up high  
So out of this world and in his mind,  
as to new heights he would climb  
So brilliant and so bright,  
soaring ever higher with his mind as he took  
flight  
Was he really from another planet in time?  
This comet that we called his life  
Laugh until you dies  
As he brought so many smiles

While, living with his own pain the while  
A man of style and such grace  
With that smile upon his face  
Laugh until you die,  
Cherish every moment we're alive  
As his was a special place,  
As none will take his place or reside  
With his laughter bringing us to tears in our  
eyes  
Robin Williams was such a genius none will  
deny  
As everywhere he went,  
His life was filled with the kindness so spent  
With his warm heart as he to tried  
Laugh, yea laugh until you die  
Live life like it's your last night  
And smile with delight so all inside  
For Robin's gift was to bring joy and laugh-  
ter into peoples lives  
And the "DEAD POETS SOCIETY" wasn't  
really just an act,  
it was the closest thing to real Robin Wil-  
liams you will find  
Yea, let's laugh until we die  
Yes, he was one heck of a shusbud,  
so Morked out all in time  
So out of this world with his special comedic  
mind  
So brilliant we can't deny  
Reaching higher than most of us will ever at-  
tempt to fly  
So fast and so far and so high  
A natural born comic reacting with his gut  
in time  
And there wasn't any DOUBTFIRE about  
Robin being a charming guy  
For he traveled at light speeds  
all in his need to entertain us in time  
And if you ever thought you could catch up  
to him,  
You were out of your mind  
Because his mind was always in a race,  
Towards laughter at such a pace  
So interstellar,  
so extraterrestrial as time he did not waste  
So out of this world,  
as he added new meaning to Area 51 with his  
design  
All in the days of our lives,  
When things seemed filled with sadness and  
strife  
Robin gave the world what she so needed in  
time  
LAUGHTER, is the best medicine you will  
find  
Making us forget about our worries and our  
cares,  
as we laughed until we cried with him there  
And laughter,  
HE MADE IT RAIN  
Coming down in buckets so insane  
Giving back everywhere he went  
Was what his life's work so meant  
"GOODWILL HUNTING" was how his time  
was spent  
Making us smile with laughter wherever he  
commenced  
So laugh until you die  
And one Robin's special loves so all inside  
Were our men and women of The Armed  
Forces,  
as half was around the world to them he  
would fly  
Traveling overseas,  
For their families there was nothing he'd  
deny  
But his greatest loves of all,  
were his children and his wife we saw  
"THE WORLD'S GREATEST DAD",  
His children knew they had  
Now, whenever we say his name,  
our hearts fill with love and such pain miss-  
ing him so bad.  
Please laugh until you die  
And anyone who's ever done standup will not  
deny  
Robin was The Clown Prince of Comedy all  
at speed was this guy.

For he had the "HOOK",  
as "BACK TO NEVER LAND" all of us took  
And he could act, as his life was a work of  
poetry so profound  
And this is why he belongs in The Hall of  
Fame,  
with all those DEAD POETS SOCIETY he  
could claim now  
For Robin was a Man For All Seasons,  
and for so many reasons as he made us say  
"WOW"  
Whether, on the sidelines with his beloved  
Niner's,  
he was everywhere so all in time here and  
how  
Laugh until you die  
Sadly, he must of been one hell of a magi-  
cian,  
how he kept all his tears of a clown so all  
hidden  
But Robin's very core,  
was the heart of a child of which will live on  
forevermore  
Like Peter Pan, this wonderful man  
refused to grow up and that's for sure  
And that is why we should all laugh until we  
die  
"GOOD MORNING, VIETNAM",  
when we hear him say those words we thing  
of Robin and his smile  
As we watched him perform,  
it was like a NIGHT AT THE MUSEUM as  
history was being born.  
As he was always so strong to the finish,  
cause like "POPEYE" he too ate his spinach  
As "THE FISHER KING" he caught our  
hearts with his smile  
Bringing us to new "AWAKENINGS" all the  
while  
And that's why we should all laugh until we  
die  
As he was one of "THE ARISTOCRATS",  
Kings of Comedy and that's a fact  
Equipped with such "ARTIFICIAL INTEL-  
LIGENCE",  
oh how he could rap  
And upon the stage, Robin would "SIEZE  
THE DAY"  
Watching him, was always "THE BEST OF  
TIMES" we can say  
As not the question we all must ask,  
from his craft "WHAT DREAMS MAY  
COME?"  
While, riding in his "RV" or on the stage of  
life he brought such glee  
As now it's all very clear,  
because of his heart he was always the "MAN  
OF THE YEAR".  
But "THE FINAL CUT",  
Was so what we all felt when we heard he had  
died  
As came the tears down upon our face as we  
asked why?  
Knowing, that no longer on this earth Robin  
would reside  
And on that day our world got a little bit  
sadder as we realized  
But he's not really gone  
For he lives on and on,  
in everyone's heart who has seen him per-  
form  
As into future generations they will admire  
this sensation,  
named Robin Williams living on as out his  
name they cry  
And if we could all "PATCH ADAMS" up our  
hearts  
And from his memory in all our tears try to  
start  
TO LAUGH  
By remembering what came from his heart  
All in that laughter which was his TRUE  
WORK OF ART  
In our hearts  
And laugh until we die  
Because, we all live short lives

AFB has a long and established legacy of protecting our national security.

MacDill has continued to evolve and thrive over its 75 year lifespan. MacDill went from training crews to fly B-17 Flying Fortresses and B-26 Marauder bombers in World War II to B-29 Superfortresses, B-47 Stratojets and F-84, F-4 and F-16 fighters. It now is home to two wings that fly KC-135 Stratotanker aerial refueling jets. The base has played a key role in U.S. military actions from World War II, the Korean War, the Cuban missile crisis, the Vietnam War, the Gulf War and the ongoing fight against terrorism in the Middle East and elsewhere. From its first day in service to our nation to now, MacDill has consistently played a vital role in U.S. military achievement.

Currently, MacDill houses the 6th Air Mobility Wing and 39 Mission Teammates, including U.S. Central Command and U.S. Special Operations Command, Marine Corps Forces Central Command, the Joint Communications Support Element and dozens of other mission partners, including, until July, the aircraft operations center of the National Oceanic and Atmospheric Administration.

As integral as it is to our national security operations, MacDill is also a critical partner in our nation's humanitarian response efforts. Its strategic location was used to respond and aid the millions devastated by the 2010 earthquake that ravaged the capital city of Haiti, Port-a-Prince.

MacDill is home to more than 13,000 military and civilian personnel. Nearly 170,000 retirees live in the Tampa area and depend on the base for many necessary services. MacDill remains a vital economic driver and a source of good paying jobs for Southwest Florida residents. The base pumps about \$5 billion a year into the regional economy. MacDill is part of fabric of Southwest Florida; the relationship between the base and community is among the strongest in the military.

Many of my constituents work and serve at MacDill and I am proud to represent these brave Floridians in an area that is so integral to our national defense. I know that MacDill will continue to play a crucial role in protecting Florida's families as our nation faces ongoing and future security challenges. I am proud to support MacDill Air Force Base every day and especially today on its 75-year anniversary.
