IN RECOGNITION OF NATIONAL
POLICE WEEK

HON. ROD BLUM

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 18, 2016

Mr. BLUM. Mr. Speaker, I rise today in recognition of National Police Week to honor the brave men and women in uniform who serve the First District of Iowa.

Every day, our Nation's law enforcement officers selflessly put their lives in danger to protect our communities. Having recently participated in a police ride along in Dubuque and Waterloo, I had the chance to experience their duties first hand—and my respect for these individuals only increased after seeing their dedication.

Today, the Cedar Falls Police Department hosts a memorial event for the Black Hawk County Peace Officers fallen in the line of duty. I am proud of my district for honoring these brave men and women. On behalf of the 194 law enforcement officers in Iowa who gave their lives last year, I offer my gratitude for their service and my prayers for their families, friends, and colleagues.

I respectfully urge my colleagues in the House of Representatives to continue to support the officers who lay their lives on the line for our safety. I am proud to stand before you today to personally thank every law enforcement officer in the First District of Iowa—and around the country—who put themselves in harm's way in order to keep us safe.

HONORING THE U.S. ARMY CORPS
OF ENGINEERS' PHILADELPHIA
DISTRICT

HON. ROBERT A. BRADY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 18, 2016

Mr. BRADY of Pennsylvania. Mr. Speaker, I rise today to honor the U.S. Army Corps of

Engineers' Philadelphia District, which this year is marking its 150th anniversary.

Since Lieutenant Colonel C. S. Stewart was assigned as Superintending Engineer of the Harbor Improvements of the Delaware in July 1866, the men and women of the District have been meeting the Nation's challenges with engineering solutions both in war and in peace, to include building up Frankford Arsenal, the Philadelphia Quartermaster Depot, Fort Monmouth, Fort Dix, McGuire Air Force Base, and Dover Air Force Base; designing and constructing the Army's dredges, survey boats, work boats and barges, and other vessels; keeping the Delaware River, Chesapeake and Delaware Canal, and other waterways open and vital to maritime commerce; completing the Nation's first comprehensive basin-wide study, leading to a system of dams and levees that reduced flood damages within the Delaware River Basin; cleaning up contaminants from around and under abandoned industrial sites; and using dunes and beach nourishment to reduce storm damages along the New Jersey and Delaware coasts.

Through it all, this organization has developed a solid and well-earned reputation for integrity, innovation, responsiveness, customer service, and quality excellence.

Mr. Speaker, I ask that you and my other distinguished colleagues join me in celebrating the Philadelphia District's century and a half of outstanding service to the Nation.

RECOGNIZING THE CITY OF HAY-
WARD'S WATER POLLUTION CON-
TROL FACILITY ON ITS RECENT
AWARDS

HON. ERIC SWALWELL

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 18, 2016

Mr. SWALWELL of California. Mr. Speaker, I rise to recognize the City of Hayward's Water Pollution Control Facility ("Facility") on its pioneering accomplishments in green energy and waste management.

In 2010, the Facility was costing Hayward approximately \$578,000, which was about 20 percent of its total energy cost and 10 percent of the Facility's budget. It also produced approximately 20 percent of Hayward's greenhouse gas emissions.

The year before, the City had adopted its Climate Action Plan with a goal of reducing its greenhouse gas emissions by 20 percent by 2020. Part of this effort was to improve the Facility, allowing it to generate all of its own power with clean or renewable energy sources, but without tapping into Hayward's general fund.

Using outside funding, including multiple incentive programs from the California Public
