Mr. Speaker, I yield back the balance of my time.

HOUR OF MEETING ON TOMORROW, AND ADJOURNMENT FROM FRIDAY, OCTOBER 6, 2017, TO TUESDAY, OCTOBER 10, 2017

Mr. MCCARTHY. Mr. Speaker, I ask unanimous consent that when the House adjourns today, it adjourn to meet at 10:30 a.m. tomorrow; and further, when the House adjourns on that day, it adjourns to meet on Tuesday next, when it shall convene at noon for morning-hour debate and 2 p.m. for legislative business.

The SPEAKER pro tempore (Mr. HOLLINGSWORTH). Is there objection to the request of the gentleman from California?

There was no objection.

BREAST CANCER AWARENESS MONTH

(Mr. GAETZ asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GAETZ. Mr. Speaker, it is Breast Cancer Awareness Month. Every day, nearly 1,000 women in this country receive a life-changing diagnosis that they will be affected by breast cancer. Nearly 200,000 of these diagnoses occur each year. One in eight women in our country will face breast cancer.

Breast cancer has a devastating effect on our families, taking away wives, mothers, aunts, uncles, sisters, and daughters.

I wish I was a brilliant scientist and could develop a cure. I wish I was a magician and could wave a magic wand and cure breast cancer, but I am just a Member of Congress. Actually, there are things this Congress could do to make breast cancer less likely, less deadly, and less painful.

Cannabis has shown promise in cancer research for over 2 decades. This research finally came to fruition in 2007, when Dr. Sean McAllister showed that cannabis-related compounds helped fight malignant forms of breast cancer. In the decade since, other research has confirmed and built on Dr. McAllister’s findings, and there is now conclusive evidence that cannabis-related compounds have antitumor properties.

Yet, despite these findings, scientists are going too slow. It is time for cannabis research to begin, and we should declassify it as a schedule I drug.

LOCKING PEOPLE UP WITHOUT DUE PROCESS IS UN-AMERICAN

(Ms. JAYAPAL asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JAYAPAL. Mr. Speaker, this week, Congressman ADAM SMITH and I introduced the Dignity for Detained Immigrants Act. This legislation is critical to dismantle President Trump’s mass deportation machine, to protect families, and to restore justice and due process to our broken immigration system.

Our detention system brings huge profits for large private corporations. About 38,000 people are detained every single day at a cost to taxpayers of over $2 billion a year.

Mr. Speaker, this bill is about two things: dignity and justice for families, pregnant women, people with serious illnesses, survivors of torture and violence. It is unconscionable that we are detaining these people sometimes for months or even years.

Congress can’t afford to sit on the sidelines anymore. It is time to make clear that locking people up without due process is not only unconstitutional, it is un-American.

At a time when net migration is zero, when DREAMers are at risk of losing their DACA status, and the world reels from unprecedented numbers of refugees fleeing for their lives, we must act with compassion.

I urge my colleagues to pass the Dignity for Detained Immigrants Act, and I thank the over 55 cosponsors who have already come on to this piece of legislation.

GUN CONTROL DOESN’T WORK

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Mr. Speaker, within minutes of the tragic shooting in Las Vegas, Democrats and the liberal media called for more gun control measures.

A recent Washington Post op-ed describes how one gun control advocate researched restrictive gun laws in Great Britain and in Australia, only to discover that gun buybacks and gun bans do not reduce mass shootings or gun-related crimes.

She said: “The case for the—gun control—“policies I had lobbied for crumbled when I examined the evidence. . . . But I can’t endorse policies whose only selling point is that gun owners hate them. Policies that often seem as if they were drafted by people who have encountered guns only as a figure in a briefing book or an image on the news.”

This researcher concluded that more lives would be saved by focusing on individuals instead of guns.

We should ensure that background checks work as intended and prevent those with mental health issues from acquiring guns. This actually will do some good, as opposed to meaningless gun regulations.

CONGRESS MUST REAUTHORIZE THE CHILDREN’S HEALTH INSURANCE PROGRAM

(Mr. PANETTA asked and was given permission to address the House for 1 minute.)

Mr. PANETTA. Mr. Speaker, I rise today to urge the swift reauthorization of the Children’s Health Insurance Program.

CHIP helps families provide care for their children. Throughout our Nation, it covers 9 million children and pregnant women. In California, it covers 2 million children. And in my district, half of the kids in our area depend on their healthcare from Medicaid or CHIP.

Now, CHIP was implemented over 20 years ago, championed by two Senators on opposite sides of the political spectrum, Orrin Hatch and Ted Kennedy, and it has continued to receive strong bipartisan support. But because of inaction by the House of Representatives, because of the distractions by this administration, millions of our children may be denied coverage.

They may not get to see their doctors for routine checkups. With the upcoming flu season, kids may not be able to get the necessary care when they are sick, and children with allergies may not have access to lifesaving medications and health services.

If this Congress does not step up to fix this mistake before it is too late, children will pay the price of our inaction.

Congress must take action to come together to pass CHIP for the millions of kids who continue to depend on us for this healthcare.

HELP IS ON THE WAY TO PUERTO RICO AND THE VIRGIN ISLANDS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, I sit as the chairman of the Subcommittee on Indian, Insular and Alaska Native Affairs that deals directly with the jurisdiction of Puerto Rico, Virgin Islands, and other territories of the U.S.

We had a very good briefing this week led by JENNIFER GONZALEZ-COLÓN from Puerto Rico, as well as STACEY FLASKETT of the Virgin Islands. It was very important information. As we all know of the difficult situation, especially we are seeing so much in Puerto Rico as well as the Virgin Islands; President Trump visiting Puerto Rico this week.

Help is on the way. Indeed, it has been on the way, and we need to just keep pushing to rebuild that infrastructure and push out into the islands where the need is still felt.

So we know, we see, we are aware, and we will keep working to achieve the results in the short term as well, as we look at the situation with Puerto Rico and the difficulty with PREPA, the power company, and other
